SCHOLARSHIPS GUIDE

Deakin's Scholarship Program

Access to higher education can have a profound impact on your future potential. We believe education is the key to social, cultural and economic prosperity.

A Deakin scholarship can cover all or part of your student contribution fee; some provide cash payments to assist with the costs associated with studying; some incorporate Work-Integrated Learning opportunities and some offer a mentoring component. We also have scholarships that cover the costs of living on campus at one of the Deakin residences at Warrnambool or Geelong.

The University recognises and rewards high-achieving students through its wide range of academic excellence scholarships.

Access and equity is one of Deakin's core commitments and this is reflected in the growing number and range of access and equity, accommodation and Indigenous scholarships available at the University. These scholarships are developed specifically for people who might not otherwise have the opportunity to access higher education – students from disadvantaged financial backgrounds; students from regional and rural backgrounds; students with a disability; mature-age students; and Aboriginal and Torres Strait Islander students.

Deakin's Scholarship Program is supported by a number of valued partners, in addition to the University, who see the importance of helping future Deakin graduates to achieve their best.

We encourage you to take the time to read about the range of scholarships available through the Deakin Scholarship Program.

Deakin: Your university experience

Study where you want

- » Deakin has four campuses – in Melbourne at Burwood, Warrnambool on Victoria's southwest coast and two in Geelong, allowing you to choose the study environment that suits you. You can also study where you live and earn while you learn by taking advantage of our off-campus study options.
- » Study around the world for up to 12 months through our overseas study programs.
- » Combine your degree with real workplace experience through Deakin's industry placements and internships.

Study how you want

- » At Deakin you can study professional awards such as Law, Accounting or Engineering from day one, instead of completing a general degree first.
- » Deakin offers flexible delivery through our off-campus study options and a choice of full-time or part-time study, or a combination of both.
- » Deakin uses a range of technologies to deliver courses (including online resources) and depending on the course you choose, you may have opportunities to undertake an industry experience so you can put theory into practice.
- » Deakin's trimester system allows you to graduate sooner and get a head start on your career. You can commence your degree early, fast-track your degree or complete a three-year bachelors degree in two calendar years. Alternatively, you have the option of studying a part-time load over three trimesters and still graduate with your peers (subject to unit availability).

Study what you want

- » We have more than 550 undergraduate and 150 postgraduate courses to choose from in a diverse range of fields. We offer traditional courses, such as Arts, Science and Commerce. We have specialist disciplines such as Sport, Environment, and Nutrition; and professional fields such as Architecture, Medicine, Law, Engineering, Information Technology, Nursing, Teaching, Psychology, Business and Management.

Study when you want

- » You can structure your study to suit your life – choose between full-time, part-time, on or off-campus study.
- » If you are thinking about deferring your university place, Deakin offers up to 24 months deferral. Our Gap Year Program allows you to network with fellow Deakin students and access student support services. You can also study one or two subjects (on or off campus), allowing you to gain credit and get a head start on your degree.

How do I apply for a Deakin scholarship?

Scholarships can help offset study costs allowing you to focus on your studies. In addition, depending on the course, eligible Commonwealth Supported Place (CSP) students may obtain a loan via the Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP), while fee-paying students can apply for the Fee-Higher Education Loan Program (FEE-HELP) to assist with tuition fees.

 'The Deakin Accommodation Scholarship has been very significant for me. It has really taken the pressure off my family to know that I am housed in a safe and comfortable environment. I would not have been able to afford this accommodation without the scholarship.

In addition, The George Alexander Foundation Scholarship has made my time at Deakin so much more enjoyable. Moving from a small country town to a large coastal city was tough, but the assistance from the scholarship has made it a fun experience. It has enabled me to buy a car to travel between my hometown and university and also allowed me to take part in new hobbies.

Thanks to the scholarships I have received, I am now both enjoying my time at university and living in Geelong.'

Studying: Bachelor of Medicine Bachelor of Surgery at Geelong Waurn Ponds Campus
Awarded 2011 George Golding Memorial Award scholarship.

'Being awarded the George Golding Memorial Scholarship has allowed me to gain insight into the wonderful work that the GP Association does in Geelong, plus allowed me to learn more about the founding member, Dr. George Golding. The scholarship is a great way of promoting future careers in general practice in the Geelong region.'
