# WHY CHOOSE DEAKIN?

Deakin University provides a world-class education recognised around the world.

Deakin offers you the chance to gain the knowledge, skills and experience to make an impact in the global workplace.

Let us help you realise your ambitions.

## High rankings and satisfied students

Deakin is among the Top 2% of universities worldwide, according to the prestigious international rankings organisations *Times Higher Education* and QS World University Rankings.

We are one of the best young universities in the world. Both QS and *Times Higher Education* have placed Deakin among the Top 50 universities under 50 years of age – an acknowledgement of the University's rapidly growing reputation and research capabilities.

For six consecutive years, Deakin has achieved the highest level of overall student satisfaction among universities in the Australian State of Victoria. These great results are based on 2010–2015 Australian Graduate Survey responses to 'Overall Satisfaction' among bachelor's degree graduates.

#### World-class degree programs

Deakin is a global leader in a number of areas of study. Deakin is:

- 22nd in the world for Nursing (2016 QS Discipline Rankings)
- 31st in the world for Education we are training the teachers of tomorrow (2016 QS Discipline Rankings)
- Ranked in the world's top 10 for postgraduate Sport Management (Sports Business International)
- In the Top 1% of all universities worldwide (2016 QS Discipline Rankings) for:
  - > Accounting and Finance
  - > Business and Management Studies
  - > Communication and Media
- In the Top 2% of all universities worldwide (2016 QS Discipline Rankings) for:
  - > Law
  - > Psychology
  - > Sociology

#### WE'RE A GLOBAL COMMUNITY

Through our international students, academics and research, Deakin supports a global outlook. Our many international partnerships link Deakin researchers with industry, government, research institutions, NGOs and like-minded universities around the world. This is why Deakin was recently ranked by *Times Higher Education* among the top 200 universities in the world for internationalisation.

#### WE'RE HIGH-TECH

For two years in a row, Deakin's digital innovations in student learning and student services have taken home prizes at the Reimagine Education Awards – a major global competition focused on innovation in higher education. This success reflects Deakin's innovation in digital technology, creating dynamic platforms for students and researchers.

#### Preparing you for your career

There is more to Deakin than getting a world-class education – we are committed to starting you off on a world-class career.

Deakin's courses have a focus on practical learning and work experience to make sure you have the skills that employers want and need. At Deakin you won't just be learning out of a textbook: Our education students teach in classrooms; our nursing students provide assistance in clinics; our engineering students develop real world solutions. Through Deakin you will graduate ready to start your career.

#### **Close links with Industry**

Deakin maintains close links with industry, government, professional associations and other educational

providers to ensure our courses are developed and reviewed with industry and professional input. Because of Deakin's industry connections, professional accreditation is available through many Deakin degrees.

You will be taught by staff who have industry experience as leaders and innovators in their fields. This means you can be confident that what you learn will be relevant to your working life.

#### **Research excellence at Deakin**

Deakin is committed to high-quality research and provides outstanding facilities and a supportive environment for our students and academics.

Through a research degree at Deakin, you will develop the skills and qualifications to thrive in a rewarding and meaningful career in research and industry.

With our strong international focus, Deakin has established partnerships with some of the world's leading research organisations. These partnerships have allowed us to make a global impact in many research fields.

Deakin's research portfolio extends across many different areas including, but not limited to, biotechnology; ageing and chronic illness; citizenship and globalisation; intelligent systems; nanotechnology and future materials; natural resource management; physical activity and nutrition; education; and social and mental health.

Our facilities are second to none. Deakin's Geelong Technology Precinct (GTP), for example, was developed to support advanced research for local industry by combining high-level research capabilities with specialised research equipment. The precinct contains a number of advanced research facilities including the Institute for Frontier Materials.

For further information on higher degrees by research, see page 109 of this Guide.

deakin.edu.au/post-research

# MELBOURNE

Melbourne is the multicultural heart of Australia – an international city that is home to people from all around the world.

Melbourne is a city built for exploring: Coffee shops and galleries, music, and amazing food can be found down every lane and alley in the city centre. There is always something happening in Melbourne, from cultural festivals and world-class arts performances to international sporting events like the Australian Open tennis tournament.

#### MOST LIVEABLE CITY

Melbourne is a safe, smart and sociable city – it continues to earn its title as the most liveable city in the world (Economist Intelligence Unit, 2011–2015).

#### MELBOURNE BURWOOD CAMPUS

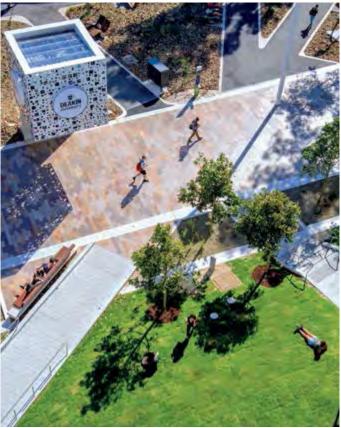

The Melbourne Burwood Campus is Deakin's largest and has a lively and diverse on-campus culture.

Distinguished by its striking modern architecture, the campus has open and inviting spaces for studying and socialising. In addition to excellent student service facilities and an exhaustive library, the campus features a professional motion capture lab; dance, drama and television studios; food nutrition lab; and IT gaming facilities.

The campus is a short trip to the centre of Melbourne. Its location gives students access to the best of city living as well as the sense of community and relaxed feel of a suburban setting.

Some of the most popular postgraduate courses offered at the Melbourne Burwood Campus are in the areas of business and accounting, information technology, teaching and education, and media and communications.

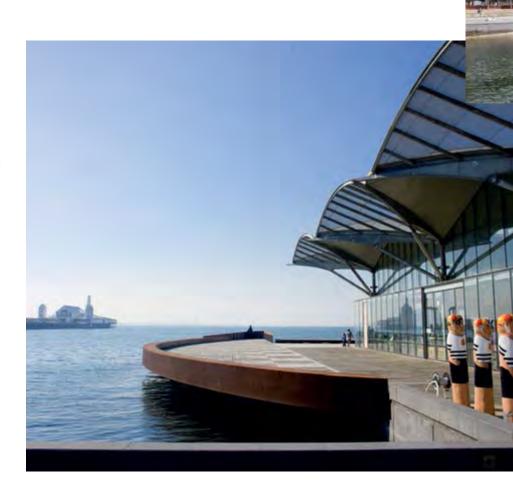

# GEELONG

#### Geelong combines the best of city living with a more relaxed atmosphere.

Just an hour away from Melbourne, Geelong has the shopping, dining and nightlife one expects of a dynamic city, but its beautiful waterfront and gardens are perfect for strolling and relaxing. And with some of the world's best surf beaches close by, the city of Geelong is the perfect balance between the bustle of Melbourne and the beauty of seaside Victoria.

Enjoy cultural festivals and a receptive community that gladly welcomes Deakin students. You might even become a new fan of Victoria's sports obsession – Australian rules football – by attending a game of the Geelong Cats professional football club. The team is a partner of Deakin University.

#### GEELONG WAURN PONDS CAMPUS

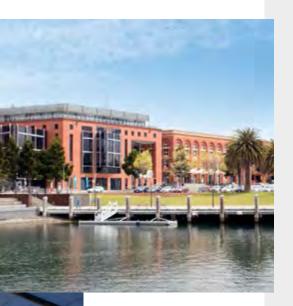

Set on expansive, landscaped grounds, Geelong Waurn Ponds is Deakin's second largest campus. Waurn Ponds is home to the Deakin Medical School, the brand new CADET<sup>\*</sup> engineering centre, the REACH regional health hub and Deakin's innovative Geelong Technology Precinct – all featuring the latest tech and tools.

The brand new Elite Sports Precinct has extensive facilities for sport students and community athletics. Waurn Ponds is connected to all of the best Victoria has to offer. Students have easy, free access to central Geelong and the ability to quickly head to Melbourne. You will also be just a short trip from the amazing surf beaches of Australia's southern coast.

Flagship programs at Waurn Ponds include medicine and optometry, engineering, and science.

\* CADET is a partnership between Deakin and the Australian Government.

#### GEELONG WATERFRONT CAMPUS

Located on the shores of the beautiful Corio Bay, the Geelong Waterfront Campus is positioned in the centre of Geelong's business district. The campus provides a unique look at Australian heritage: Historic buildings are combined with modern design and convenience to produce a unique and cutting-edge campus space.

So perhaps it is not surprising that the Geelong Waterfront Campus is home to Deakin's architecture and creative arts studios. Alongside a full range of accessible student services, the campus is also home to teaching facilities for postgraduate clinical psychology.

Waterfront students love the central location, as well as the creative, modern areas to meet with friends or study. A free shuttle bus connects students with the Waurn Ponds Campus.

#### WANT MORE CAMPUS INFO?

Campus maps and more information can be found at deakin.edu.au/post-campus-life.

If you would like to book a tour at one of Deakin's campuses, please email future-students@deakin.edu.au.

8

# WARRNAMBOOL

Warrnambool presents a different side of Australia. Set along one of the country's most scenic coastlines, Warrnambool is the place to be for exploring Australia's famously unique plant and animal habitats. Warrnambool is also a prosperous country town that offers comfortable living and a cultural scene hosted by a great regional gallery and arts centre. Cruise up the Hopkins River or sit down to some excellent Southeast Asian cuisine on Liebig Street. Warrnambool has plenty of options for an active student, and the small town feel creates a sense of community that would be harder to find in a big city.

For students (and parents) concerned about expenses, Warrnambool offers a lower cost of living than Melbourne and Geelong, without sacrificing quality.

Deakin's Warrnambool Campus is set on the banks of the picturesque Hopkins River, close to surf beaches and popular tourist attractions. The Warrnambool Campus is a close-knit community, a place where students and lecturers really have the opportunity to get to know each other and work closely together.

That sense of community extends to the whole of Warrnambool, providing support to new students in a relaxed, friendly atmosphere. But for those looking for an occasional jolt of big city excitement, trains run three times daily to Melbourne.

Being located near a number of unique aquatic environments makes the Warrnambool Campus an ideal location for marine biology studies.

# **CLOUD CAMPUS**

The Cloud Campus is Deakin's fastest growing campus and is ideal for students who choose to study wholly online. Your classroom in the cloud is where you will take classes, submit assessments and participate in discussions. Deakin's Cloud Campus allows you to study in your own time and in any location. Everything is available online whenever and from wherever you need it. Take classes while you're on-the-go, login and ask questions and contribute to discussion forums – cloud learning adapts to your lifestyle.

As a Cloud Campus student you:

- are taught by the same lecturers and tutors as campus students
- get remote access to all of Deakin's student support services and activities such as an online orientation when you first start
- connect to specialist careers advisers and language and learning advisers who can help you with course direction and study skills.

#### A FULL UNIVERSITY EXPERIENCE

Courses and units on the Cloud Campus are taught by the same teachers as on the other campuses. Classes are recorded and posted online and you will work in real time with other students and staff using innovative digital tools.

Please note that some cloud units and courses do have compulsory on-campus components, which may include examinations and practicals.

# LIFE AT DEAKIN

At Deakin we want our students to have a meaningful learning experience while enjoying all that university life has to offer. University studies are important, but it should also be a time to make friends and have great experiences outside the classroom.

deakin.edu.au/post-deakin-life

Deakin offers international students a complete range of services and programs, from accommodation assistance to academic development and social activities.

Our staff are available to support you through every step in your Deakin experience.

#### **GET STARTED**

We make it our priority to ensure that all new international students – many of whom have arrived in Australia for the first time – make a smooth transition to university. Deakin's welcome program includes orientation, workshops, social events, study groups and opportunities to get you involved in campus life. Participating in these activities ensures you make a successful start to your studies at Deakin.

#### deakin.edu.au/post-start

#### UniStart

UniStart is a self-access resource for all students. Learn about Deakin's online tools, assignments and referencing and connect with students and Deakin support services.

#### DEDICATED SUPPORT STAFF

International Student Advisers (ISAs) are dedicated Deakin staff committed to the needs of international students. ISAs can serve as your first point of contact if you have any questions or problems, including help with student visa matters. ISAs can be found on every Deakin campus. By advising you personally or referring you to specialist services, ISAs are there to contribute to your success at Deakin and beyond.

deakin.edu.au/post-ISA

#### STUDENTS HELPING STUDENTS

Deakin offers a range of Students Helping Students services where experienced students are available to assist academic, practical or social support. Trained students help newly-arrived students adjust to being on campus and can help familiarise you with the Australian way of life.

Many of these students are international students, and know what it means to be new to Deakin. They are happy to share their experiences to help you adjust to the University.

"When arriving [at Deakin] I was welcomed by an extremely friendly international student adviser who had arranged a meeting to get me started and settled in Australia. As I just came from the other side of the world, this one-on-one talk really helped me get on track so I could be mentally ready when university starts."

#### Rogier Tjong a Hung

Master of Marketing graduate & Australia Awards Scholarship recipient

#### STUDY

At Deakin we want to help you get the most out of your learning experience. We have a team of staff and students dedicated to providing study support services to help you achieve this.

#### Library

Each campus library provides spaces for you to study, meet with friends, borrow items and connect to Deakin's wireless network. The library's collection contains more than 1.5 million items, from books and e-books, to journals, streaming videos, DVDs and library databases.

Many of the library's resources are also available online. You can access them anywhere, anytime via your computer, phone or other devices.

Liaison librarians – your faculty information specialists – are available to help you navigate and discover the latest global information resources and tools. Our liaison librarians can also help you develop your digital literacy skills in order to enhance your learning and research. You are also supported by our student rovers, who can help you with general library and IT queries. **deakin.edu.au/library** 

#### DeakinSync

DeakinSync is your personal online hub with everything you need to succeed. Access your units, manage your email and calendar, and collaborate with others anywhere, anytime to stay connected and in control of your studies.

#### IT support

Deakin students are provided with IT support 24/7 via an online knowledge base of hundreds of IT self-help articles and videos. IT help is also available over the phone and on campus.

#### Software support

Deakin students get unlimited storage on Microsoft OneDrive, plus full access to Office 365. Deakin students can also install Office for free on up to five PCs or Macs and on mobile devices, including Android, iPhone, iPad and Windows tablet.

#### Watson

IBM Watson is revolutionary technology that thinks and learns the way a human does. It is a question/answer tool that learns with each interaction. You can access Watson while logged into DeakinSync, ask as many questions as you like and receive instant online answers to a broad range of questions related to student life and studies at university. Watson can be accessed 24 hours a day, 7 days a week.

Deakin is the first university in the world to partner with IBM and utilise Watson technology to help students find the information they want quickly and more easily. Deakin was recognised at the 2015 Wharton-QS Reimagine Education Awards – a global competition for innovation in higher education – where the Watson Student Adviser won the gold medal for digital support and services.

#### Study support

Get study advice in time management, note-taking, developing your academic English, avoiding plagiarism, critical thinking, writing essays and reports, class presentations and exam preparation. **deakin.edu.au/study-support** 

LIFE AT DEAKIN

#### WORK

Deakin's Graduate Employment and Career Service can help you with strategies to find a part-time job (on campus or off campus), volunteer positions, course-related experience or graduate positions. We are here to help you develop the skills you need to manage your career.

Our expert services are free throughout your studies and even up to one year after you graduate. We will help you:

- put together a winning job application with online and face-to-face help
- plan what you will do after you graduate – use online resources to see where courses may lead you or make an appointment with one of our qualified career counsellors
- polish up your interview skills using the interviewing section of 'Career Guru' on DeakinSync or by booking in for a mock interview through UniHub.

Career consultants are available to help you develop and manage your career on all campuses, including the Cloud Campus. Keep an eye out for workshops and webinars, available appointments, employer events and the jobs board at **unihub.deakin.edu.au**.

#### Industry experience

With Deakin you can gain real industry experience before you graduate. Many Deakin degree programs provide opportunities to gain discipline-specific work experience through workintegrated learning (WIL) programs. This plays a critical role in developing the employability and job readiness of our graduates. This can be particularly important for students with limited work experience or those that are looking to transition into a new career path.

Industry placements and communitybased volunteering prepare graduates for employment by:

- consolidating your course knowledge
- developing professional competencies
- experiencing workplace culture
- exploring career options relevant to your discipline and developing professional networks
- providing credit towards your study.

#### PLAY

Getting involved in university life is a great way to meet new people, take on new challenges, look after your health and fitness and make the most of every opportunity while you study.

As a Deakin student you can join more than 150 clubs and societies across all campuses. We have a diverse range of clubs including sporting, academic, personal development, health, course and discipline-specific, religious and many more. There is sure to be a club or society to suit you.

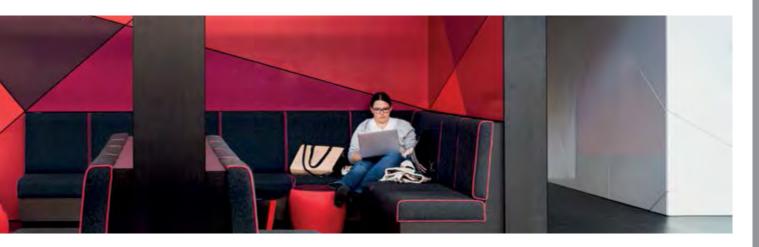

Plus, there are a wide range of sport and recreation activities available on all campuses, ranging from fitness centres, team sporting competitions, as well as opportunities to participate in annual university, state and national sporting competitions.

Events such as Orientation, Plus4, Essence week, camps and day trips all ensure your time at Deakin is filled with opportunities to get involved and get active.

#### **DEAKIN NAVIGATOR**

Want to know what it's like to study at Deakin and live in Australia? The *Deakin Navigator* hosts hundreds of international student stories, each providing an individual insight into the Australian lifestyle, Deakin degrees, life on campus, and much more. We invite you to discover why other students love Deakin. <u>Visit deakin.edu.au/navigator.</u>

#### HEALTH, SAFETY AND WELLBEING

Deakin offers a range of services to help students stay healthy, safe and promote personal wellbeing – physically, mentally and spiritually. Services include medical centres, multi-faith chaplains, counselling, disability support, safer community, physiotherapy, sport and recreation, and student advocacy.

#### **Deakin Medical Centre**

Deakin Medical Centre provides professional medical and nursing health care and advice to students. Medical centres are located on all campuses.

Services include vaccinations, tests and screenings, referrals to specialist doctors, diet and exercise advice, and mental and wellbeing information.

Campus nurse consultations are free and strictly confidential. Campus doctors bill directly through your Overseas Student Health Cover (OSHC). Health information is available in multiple languages at each Medical Centre.

deakin.edu.au/post-medicalcentre

#### Counselling and personal support

Professional and experienced counsellors provide free, confidential psychological counselling at times when personal concerns or stresses may be affecting your studies.

deakin.edu.au/post-counselling

#### Child care

On-campus child care centres are situated at the Melbourne Burwood, Geelong Waurn Ponds and Warrnambool campuses.

#### Multifaith chaplaincy

Our chaplaincy service offers spiritual counselling and faith support services to students regardless of their religious backgrounds. Multifaith prayer spaces are available at all campuses. **deakin.edu.au/post-chaplains** 

#### Safety

Our campuses are increasingly open to the University community and the general public on a 24/7 basis. Security officers are on duty 24 hours a day, 7 days a week and are based at all campuses.

Safer Community is a Deakin-wide service which aims to keep all campuses safe. The service is available for support, advice or information if you are worried about someone or something just doesn't feel quite right.

In addition, SafeZone is a free phone app for all Deakin students and staff, that connects you directly to the Security team if you need help on campus.

#### Food@Deakin

Food@Deakin offers a range of food options to cater to all food tastes, providing fresh food and great service in vibrant spaces.

### Supportive and inclusive environment

Deakin promotes a diverse, inclusive and supportive environment through a number of services and initiatives.

The Disability Resource Centre (DRC) provides individual support to students with a disability or health condition to successfully participate in their studies and university life. The centre promotes inclusive practices across the University and can arrange adjustments to suit your needs. These can include:

- alternative assessments/exam arrangements, such as extra writing time or rest breaks
- academic support workers, such as note-takers and sign interpreters.

The ALLY Network creates a more diverse and inclusive culture by promoting greater visibility and awareness of lesbian, gay, bisexual, transsexual, intersex, queer or questioning (LGBTIQ) students and staff.

#### DEAKIN UNIVERSITY STUDENT ASSOCIATION (DUSA)

Looking for a friendly face? You'll always find one at DUSA. From social events to support, with free legal, advocacy and welfare services, the student association has you covered. **dusa.org.au** 

"People at Deakin are extremely helpful and would always give you their time whether a teacher, an admin staff member or a student. Everybody seems to want to help and make your life easier."

Iman Azrai Master of Architecture student

# ACCOMMODATION

For many students, moving away from home is all part of the university experience. This is particularly true for international students, many of whom are living overseas for the first time. This can be a big adjustment, and Deakin has a variety of accommodation options to make you feel at home.

#### **On-campus accommodation**

Living on campus offers a unique opportunity to immerse yourself in the Deakin experience. Accommodation is available at the Melbourne Burwood Campus, the Geelong Waurn Ponds Campus and the Warrnambool Campus. Residences provide an affordable and secure living and learning community ideal for personal growth and academic success.

Each residential community offers modern, single-room housing in a landscaped setting. All rooms are furnished, carpeted, heated and equipped with a bed, desk, Wi-Fi and data point linked to the University network.

All Deakin residents have access to a range of support services in the form of residential leaders living within the community, support staff, the management and administration team and 24-hour Deakin security staff. The residences team provides a program of social, personal, academic and sporting activities, ensuring a smooth transition to university life and a rewarding and enjoyable experience. Residences at all campuses are self-catered, with food outlets available at all four campuses.

Visit deakin.edu.au/post-residences

#### Off-campus accommodation

Students can search for off-campus accommodation using Deakin's Houseme database. You will find a variety of accommodation, including long-term, short-term and casual options available to rent.

You can also access a range of free self-help resources to assist with understanding:

- when to start your accommodation search and how to go about it
- the cost associated with finding accommodation
- things to consider at property inspections
- locations around each campus
- rights and responsibilities when renting in the State of Victoria.

#### Visit deakin.edu.au/post-houseme

#### Homestay

Students at the Deakin University English Language Institute (DUELI) have the option of staying in a host family home. This provides a great opportunity for students to improve their English in everyday situations and to learn more about living in Australia.

Visit deakin.edu.au/post-homestay

#### **FIND OUT MORE**

For more information about oncampus accommodation, including costs and how to apply, visit deakin.edu.au/post-residences.

For more information about offcampus accommodation, visit deakin.edu.au/post-houseme.

#### Melbourne Burwood Campus

The Melbourne Burwood Campus has campus-based accommodation available for more than 1000 students all year round, with 24-hour/ 7-day-a-week staff and security support.

The new multi-storey apartment complex and the existing multi-storey building has accommodation for 965 students. Selfcontained studio apartments are available as well as private bedrooms within two, four, five or six-bedroom apartments, with shared bathrooms, kitchens and lounge areas.

Our units offer private bedrooms within 10 bedroom units, with shared bathrooms, kitchens and lounge areas. Units and large apartments are mixed gender and multicultural.

The residences also incorporate landscaped courtyards, BBQ areas, study rooms on each floor, two large ground floor recreational spaces, multiple common areas for social activities, a games area, central laundries, secure bike storage, a movie room and a computer lab. There are also rental cars available at an hourly or daily rate.

Indicative weekly rates: A\$275-\$350

#### **Geelong Waurn Ponds Campus**

The Geelong Waurn Ponds Campus has on-campus accommodation available for 800 students. Units feature communal kitchens, bathrooms and lounge areas. Central laundry facilities are available. Units are mixed gender and multicultural.

#### Medical Accommodation Precinct

The Geelong residences provides 10 fully self-contained individual modular units/ pods, each housing three people, as well as seven townhouses comprising two bedrooms each with ensuite bathrooms.

#### Geelong Waterfront Campus

New in 2016, 33 new architect-designed studio apartments are available in the iconic T&G Building, a short walk from the Geelong Waterfront Campus.

Indicative weekly rates: A\$217-A\$280

#### Warrnambool Campus

The Warrnambool Campus has on-campus accommodation available for 342 students. There is accommodation for 240 students in a mixed gender and multicultural environment, with unit sizes ranging from 4 to 21 bedrooms. All units have communal kitchens, bathrooms, lounge areas and laundries.

All residences feature communal indoor and outdoor patio areas, a large kitchen and lounge and a central laundry facility.

Indicative weekly rates: A\$198–A\$226

## ACADEMIC ADMISSION REQUIREMENTS

Deakin's degree programs have eligibility requirements that you must meet in order to gain entry into your course of choice.

deakin.edu.au/post-requirements

Each course at Deakin has its own academic entry requirements that applicants are expected to meet in order to gain entry.

Information about entry requirements is listed on the Deakin University website and you can also consult with Deakin's international admissions team throughout the application process. All academic admission requirements must be fulfilled prior to admission.

Below are the broad academic admissions requirement by level of study. Some courses have additional entry requirements specific to that course.

### Graduate Certificate and Graduate Diploma

Applicants applying for entry into a Graduate Certificate or Graduate Diploma program must have:

- an approved three-year undergraduate degree, or comparable, from an approved university or other educational institution; or
- comparable qualifications gained by examination or relevant professional or industrial experience.

#### Master's degree by coursework

Students applying for entry into a master's by coursework degree program are required to have completed at least a three-year bachelor's degree, or comparable, of an acceptable standard from an approved university or other educational institution.

#### Master's degree by research

Applicants must hold a bachelor's degree with honours (lower second class and above), or equivalent, from a recognised tertiary institution in an appropriate discipline. You must also have demonstrated capacity to undertake significant research in the proposed field for which Deakin can provide the required supervisory expertise.

Applicants are encouraged to contact Deakin University faculty staff to discuss research areas of interest before submitting your application.

#### **Doctoral programs**

Applicants must hold a bachelor's degree with honours (upper second class and above) or a master's degree by research from a recognised tertiary institution in an appropriate discipline as well as demonstrated capacity to undertake significant research in the proposed field for which Deakin can provide the required supervisory expertise.

Applicants are encouraged to contact Deakin University faculty staff to discuss research areas of interest before submitting an application.

Please note that additional work experience requirements apply for entry into certain programs. For further information on specific courses, visit **deakin.edu.au/post-requirements**.

## POSTGRADUATE QUALIFYING PROGRAM

Some overseas study programs do not meet our academic standards for postgraduate study. But we know that great students can come from many backgrounds.

This is why Deakin College has teamed with the Deakin University English Language Institute (DUELI) to provide the Postgraduate Qualifying Program (PQP). The PQP is an alternative pathway for entry into postgraduate business degrees at Deakin University. The Postgraduate Qualifying Program is designed to help you succeed in your postgraduate business studies. The PQP combines postgraduate academic skills development with communication and English language training.

The PQP is a non-award course that is taken over one trimester at the Melbourne Burwood Campus. Students complete two discipline-based units, as well as two units of English language and academic skills instruction. Successful completion of the PQP program will enable students to meet the academic and English language requirements for entry into their specified postgraduate program at Deakin University.

### Deakin University postgraduate courses

The PQP can prepare you for the following Deakin University postgraduate courses:

#### Master's courses (2 years):

- Accounting and International Finance
- Business (Sport Management)
- Business Administration (International)
- Commerce
- Information Systems
- International Finance

#### Master's courses (1.5 years):

- Business Administration (MBA)
- International Business
- Marketing
- Professional Accounting

#### Graduate diploma courses (1 year):

- Business Administration
- Business Administration (International)
- Commerce
- Information Systems
- International Finance
- Professional Accounting

#### English language entry requirements for PQP program

An overall band score of 6 or higher in the International English Language Testing System (IELTS) test, with no individual band score less than 6 or equivalent. For equivalent scores in other English tests, see **Band A** in the table on page 20 of this Guide.

## Academic admission requirements for PQP program

For a detailed listing of the minimum admission requirements for the PQP, visit **deakin.edu.au/post-pqp**.

### Admission requirements for students from China

Three-year diploma (full-time, selfstudy or adult education) from a degree granting institution recognised by the Chinese Ministry of Education (completion certificate must be provided), where:

- an overall weighted average mark of 70 percent has been obtained over three years of study
- the curriculum of the diploma has been developed by the degree granting institution and is delivered by the institution or its affiliates, or
- four-year bachelor's degree from a degree granting institution recognised by the Chinese Ministry of Education without degree parchment (completion certificate must be provided).

## ENGLISH LANGUAGE REQUIREMENTS

English is the language of instruction and assessment at Deakin.

As an international student you will need to demonstrate your English language ability to be eligible to enter the Deakin degree program of your choice.

deakin.edu.au/post-english

## English language requirements for postgraduate students

In order to gain entry to an postgraduate degree program at Deakin you will have to demonstrate that you have the appropriate level of English language skills.

There are two options available for international students to meet the English language requirements for their degree program:

Option 1 – You have completed previous studies in English (conditions apply)\*

Option 2 – You received a high enough score on an approved English language test.\*

#### OPTION 1 – Previous studies in English

For some students, Deakin will recognise your previous studies in English as being enough to meet your course's English language requirements.

If you have previously studied in an institution where English was the language of instruction and assessment, you might meet Deakin's English language requirements. For example, students who complete the whole of their undergraduate studies in select English-speaking countries may meet the requirements.

For a complete list of previous studies and assessment results that meet Deakin's English language requirements visit **deakin.edu.au/post-english**.

 Applicants previous studies or English language test results must have been within the last two years to meet Deakin's English language requirements.

#### OPTION 2 – Approved English language tests

Deakin accepts results from many international English language tests. If you earn a sufficient score on one of these tests you can meet the English requirements for your course of choice.

The table on the opposite page shows the approved English language tests and the scores for BAND A through BAND E.

#### Most postgraduate courses at Deakin require English language test scores equal to or better than the scores in BAND B.

However, some postgraduate degree programs require higher levels of English proficiency. The tables of course descriptions in this Guide will provide you with the minimum IELTS scores for entry into each course. Check your course to see what the English language requirement is.

If you have taken an English test other than the IELTS exam, use the table on the opposite page to find out the score that is the equivalent of the minimum IELTS score for your course.

#### DO YOU HAVE THE GRADES, BUT NOT THE ENGLISH?

If you meet the academic requirements to study at Deakin, you can still apply even if your English does not meet our requirements.

Qualified students who need help with their English will receive a conditional offer that allows you to study at the Deakin University English Language Institute (DUELI). If you successfully complete the necessary English language programs at DUELI, you will gain direct entry to your course at Deakin.

You can learn more about DUELI on the next page of this Guide.

## **DEAKIN ENGLISH** DEAKIN UNIVERSITY ENGLISH LANGUAGE INSTITUTE (DUELI)

Do you need help meeting Deakin's English language requirements? Or do you want to improve your English and study skills before starting your degree?

DUELI can help you improve your English and prepare you for study at Deakin.

## Meet Deakin's English requirements

DUELI can help you meet the English language requirements for your Deakin degree. DUELI's high-quality language programs will improve your English. You can meet the English language requirement of your Deakin course by successfully completing select DUELI programs. See pages 22–24 for details.

#### DUELI is part of Deakin University

DUELI is more than an English language centre; it is part of Deakin University. As a DUELI student you will have full access to all of Deakin's facilities and services. This includes libraries, health and counselling services, and Deakin's sport facilities.

DUELI is accredited by the National ELICOS Accreditation Scheme (NEAS) and is a member of University English Centres Australia (UECA) and English Australia (EA).

#### The DUELI advantage

DUELI is recognised as one of the best English language centres in Australia. As part of Deakin, DUELI will do more than improve your English. DUELI will give you the chance to improve your study skills and become familiar with studying at an Australian university.

Courses start every five weeks.

At DUELI you will find:

- dedicated, experienced and highly qualified teachers
- modern, well-equipped classrooms and library
- excellent student support, including advisers and counsellors.

For more information about DUELI, visit **deakin.edu.au/post-dueli**.

Deakin has an active and positive atmosphere. Students can easily connect with the teachers. DUELI does a lot to meet student expectations."
Taraneh Afsari Deakin Master of Teaching student

and DUELI graduate

#### WHAT CAN I STUDY?

#### English for Academic Purposes (EAP) 🖪 🚾

EAP programs prepare students for university studies in Australia. You can meet Deakin's English language requirements for most postgraduate courses by successfully completing the EAP 4 program.

#### General English (GE) 🖪 💵

GE programs offer students at all levels the chance to use English confidently and correctly. GE programs can prepare beginner English speakers for the EAP program.

#### English for Teaching 🗉

English requirements are generally higher for Teaching programs at Deakin. The five-week English for Teaching program is an intensive English program for advanced students. You can meet the English language requirements for Master of Teaching programs by successfully completing the English for Teaching program.

#### **Entry requirements:**

- IELTS score of 7 (no band lower than 7), or
- Completion of EAP 4 with an overall score of 70 per cent.

#### **IELTS Preparation**

This is a special five-week IELTS preparation program at Deakin's official IELTS Test Centre. The program has been designed to equip students with the knowledge and skills to succeed in an IELTS exam.

#### **Entry requirements:**

• Minimum IELTS score of 5.5 or equivalent.

#### Intensive Academic Preparation (IAP)

The IAP program is a five-week program for high-level students with IELTS scores of 6.5 or above. The IAP program is designed develop the writing, reading, listening and speaking skills needed to achieve success at university. This is a high-level course for students who wish to excel in their degree program and for Australia Award scholarship students.

## FROM DUELI TO DEAKIN UNIVERSITY

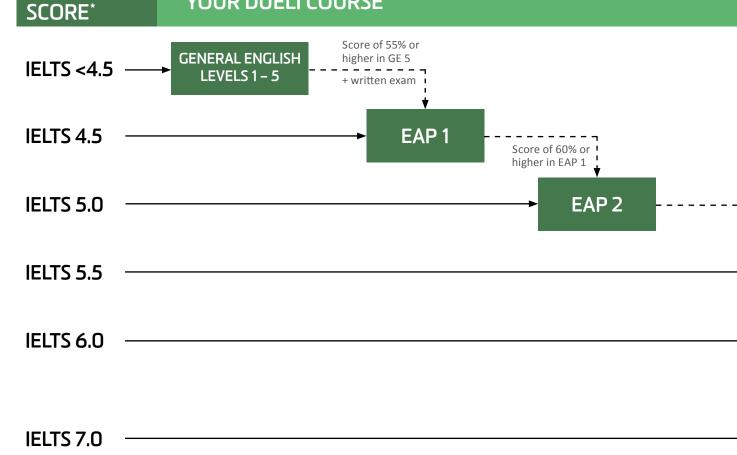

You must meet English language requirements in order to study at Deakin University. You can meet these requirements by studying at DUELI. Successful completion of DUELI's **English for Academic Purposes (EAP)** pathway programs can provide you with entry into most degree programs at Deakin University.

DUELI also has a specialised English program for students interested in pursuing teaching degrees.

Successful completion of DUELI's English for Teaching program provides entry into postgraduate teaching study at Deakin University.

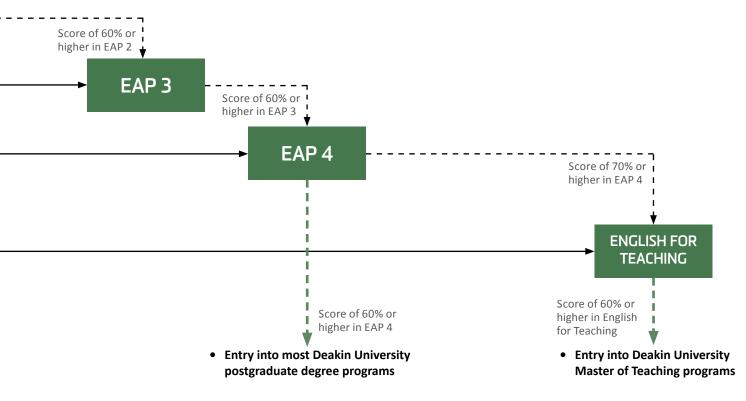

The chart below will show you how DUELI's pathway programs can help you meet the English language requirements for your degree.

#### YOUR IELTS SCORE\* YOUR DUELI COURSE

\* Entry level IELTS score based on your lowest IELTS band score.

## HOW TO APPLY

#### APPLICATION INFORMATION FOR INTERNATIONAL STUDENTS

Visit deakin.edu.au/post-apply

Once you have chosen a degree and checked all entry requirements, applying to study at Deakin is easy. To start a postgraduate program, you can apply using a number of methods.

#### When can I apply?

International students are able to apply to study at Deakin any time throughout the year, and Deakin's international admissions team is always on hand to quickly process applications. There are three trimester intakes throughout the year – March, July and November – depending on the course.

#### How do I apply?

Once you have prepared all the necessary documentation, you can submit your application using one of the following methods:

#### Applying online

Using Deakin's online application process is quick and easy. After submitting your application, you will be provided with unique login details so that you can track the progress of your application.

#### Applying by mail or email

After completing the relevant application forms, depending on the degree you have chosen, you can either mail or email your application to Deakin. The postal address and email address can be found on the application form.

See page 119 of this Guide for application forms.

#### Applying through a representative

Deakin has a network of experienced representatives around the world who can assist you in submitting your application. You can find a Deakin representative in your country by visiting deakin.edu.au/post-reps.

#### Entry requirements

When you are applying for a degree at Deakin, make sure you check all the entry requirements carefully to ensure you are eligible to start your studies. The admission requirements for each degree program may differ. For further information about academic admission requirements, see page 17 of this Guide.

You will also need to check the English language requirements as Deakin degree programs require different levels of English language proficiency. The Deakin University English Language Institute (DUELI) is a excellent resource for international students who need to improve their English language skills. For further information about English language requirements and DUELI, see pages 19–24 of this Guide.

#### Offers

International applications for postgraduate courses can take approximately three weeks to process. Students who meet the entry requirements for their course will be given an offer by the University. The Letter of Offer is delivered via email and provides information about your degree, fees, important dates, Overseas Student Health Cover (OSHC) and much more. It is important for students to read this document very carefully. If you have any questions, Deakin is always willing to help.

# FEES AND SCHOLARSHIPS

A university education is an invaluable investment in your future and it is important to understand the costs involved.

There are also scholarship opportunities for highachieving students to help you pay for your Deakin education.

#### **Tuition costs**

Tuition costs for studying at Deakin vary depending on the course you select to study. For example, courses in the sciences tend to have higher tuition costs than courses in the humanities. Please refer to the discipline pages in this Guide to find the 2017 annual course fee for your course. The annual course fee indicates the cost for two trimesters of study unless otherwise indicated.

The fee for one trimester as listed on your Offer Letter must be paid before a Confirmation of Enrolment (COE) can be issued. You will need a COE to apply for a student visa.

For more information on fees, please visit **deakin.edu.au/post-fees**.

#### **Overseas Student Health Cover**

In addition to tuition fees, all on-campus international students are required to pay Overseas Student Health Cover (OSHC).

OSHC service providers offer reduced rates for OSHC paid at the offer acceptance stage for health coverage for the length of your visa. The amount payable will be included in your Offer Letter.

#### **Other costs**

Other costs you will need to pay are living costs (food, accommodation, etc.) and course-related expenses such as computer equipment, books, field trips and special equipment or clothing (if applicable to your course).

#### Scholarships

At Deakin, we believe everyone should have the option of going to university. And there are an array of scholarships available to international students through Deakin and through other parties, including the Australian Government.

Deakin has recently introduced two new scholarships for international students:

- Deakin Vice-Chancellor's International Scholarship offers a 100% or 50% partial tuition scholarship, bookshop voucher, acceptance into Deakin's signature leadership program, and priority place in on-campus accommodation (at own cost and subject to availability).
- Deakin International Scholarship offers 25% fee reduction for each year of study.

Both scholarships recognise highachieving students with consistently high academic performance who have the potential to make a leading contribution to the University and its communities.

#### Australia Awards

The Australia Awards are prestigious international scholarships funded by the Australian Government that provide highachieving individuals from the Asia-Pacific region with the opportunity to undertake study, research and professional development in Australia.

Australia Awards Scholarships are for full-time university studies in Australia, and cover full tuition and all other compulsory fees; basic health insurance; a return airfare to Australia; establishment allowance; and a living allowance.

For a full list of scholarship opportunities open to international students, and information on how to apply, please visit **deakin.edu.au/post-scholarships**.

## ARCHITECTURE AND BUILT ENVIRONMENT

Deakin's degrees in architecture and built environment incorporate technology, innovation and design to develop the knowledge and skills required to further your career.

Our postgraduate programs reflect industry trends and focus on creating excellent professional working relationships between students and peak bodies in planning, architecture, construction and landscape architecture.

#### World-class facilities

Deakin's School of Architecture and Built Environment has a wide range of facilities that mirror those used in the workforce. These include cutting-edge digital and Geographical Information Systems laboratories and software that accommodates woodwork, metal work, 3D printing, CN routers and 2D laser cutting, as well as a new, well-equipped workshop and a large modern studio.

#### Professional accreditation

All of our postgraduate courses are regularly examined by key professional groups, including (within Australia) the Australian Institute of Architects, Architects Accreditation Council of Australia (AACA), Architects Registration Board of Victoria (ARBV), Royal Institution of Chartered Surveyors (RICS), the Australian Institute of Quantity Surveyors (AIQS), Australian Institute of Landscape Architects (AILA), the Planning Institute of Australia (PIA), as well as by the University itself.

#### STATE-OF-THE-ART DESIGN STUDIO

Deakin's Geelong Waterfront Campus offers a contemporary design studio, fully equipped workshop with 3D printers, and laser cutters. We recognise the importance of Building Information Modeling (BIM) in industry, with BIM increasingly being implemented into our projects across all courses.

#### WHAT CAN I STUDY?

#### Master of Architecture, **Master of Architecture** (Design Management)

Deakin's postgraduate architecture programs provide students with the highly developed skills and knowledge expected in modern professional practice. You will develop the capabilities to design public and private buildings, integrate a range of technologies and services in design, as well as enquire into sustainable and interdisciplinary practice. The above is combined with a knowledge of architectural design research and resolution, urban ecologies and contexts, integrated project evaluation and performance-measured sustainable design.

#### Master of Construction Management, **Master of Construction** Management (Professional)

Deakin's postgraduate construction management degree programs provide you with understanding, knowledge and skills suited to a variety of roles in construction management, project management and quantity surveying. As a construction management student, you can undertake exciting industryrelevant, case-based learning in cloud (online) and on-campus learning modes. The Master of Construction Management is professionally accredited by the Royal Institution of Chartered Surveyors (RICS) and the Australian Institute of Quantity Surveyors (AIQS).

#### Master of Landscape Architecture

Deakin's landscape architecture program meets the challenges of an ever-changing urban, regional and rural environment. Focused upon sustainability, the program addresses the creation of quality places in response to current and future environmental and lifestyle challenges. Distinguishing characteristics of the program include its engagement with ecology, spirit of place, people, Indigenous knowledge and urban design to inform and craft places of renewal, stimulation, healing and respect.

#### Master of Planning (Professional)

Deakin's planning program addresses and responds to the emerging issues confronting our cities and regions globally, such as climate change, a low-carbon future and demographic shift. The program has a strong emphasis on practical implementation, using an understanding of urban dynamics and delivery mechanisms to influence quality outcomes, and provides graduates with the necessary skills to work across diverse sectors of the built environment industry.

#### **AWARD-WINNING DESIGN**

An inspiring environment, the Geelong Waterfront Campus has won three Australian Institute of Architects awards for design excellence. The centrally located campus is well serviced by public transport, connecting students with Melbourne and surrounding areas of interest.

Course	Course code	Years full-time	Campus	Trimester intake	2017 annual course fee*	IELTS score required^

## BUSINESS

Backed by leading contemporary research and accredited by industry associations, Deakin business courses provide you with the skills you need to get the job you want.

Whether you are seeking executive development or expanding your knowledge in a chosen career, our programs are designed to extend the creative, analytical, interpersonal and technical skills that underpin business careers and professional success.

#### World-class rankings and recognition

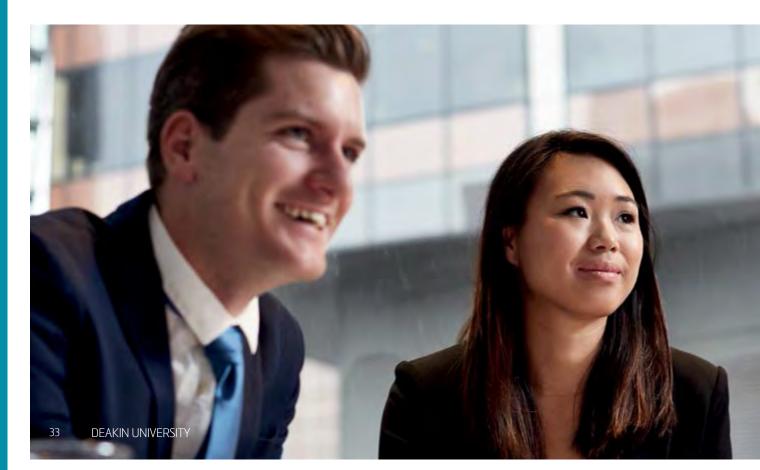

Deakin Business School holds a 5-star ranking by the prestigious international university rankings organisation QS for its facilities, internationalisation, teaching and student quality. The Deakin MBA is also a QS 5-star rated program with EPAS accreditation by the European Foundation for Management Development. You can be confident that your Deakin degree will be respected by employers worldwide.

#### Work Integrated Learning

Postgraduate Work Integrated Learning (WIL) units are designed to encourage students to explore employability and career options in the context of their studies. The hands-on, practical experience allows you to use the knowledge and skills you have acquired, bringing context to your classroom learning. The units provide a personalised learning experience, and are differentiated to recognise the individual professional experiences and working history of postgraduate students.

#### Student mentoring

Our mentor program supports new business and law students through their social and academic transition to life at Deakin. Our postgraduate mentors are current students looking to help you make the most of your time at Deakin. The mentor program is particularly popular with international students. Many international students go on to become mentors themselves.

#### WHAT CAN I STUDY?

### Master of Accounting and International Finance

Offering specialisations in two sought-after business areas – accounting and finance – this course is designed to meet the needs of employers and professional bodies that seek graduates with a broad knowledge and skill set. With a blend of relevant and up-to-date accounting and finance content, the course will provide you with an opportunity to complete a combined master's and achieve a recognised professional accounting and/or finance qualification.

#### Master of Arts and Cultural Management

Arts and cultural management is a fast-growing area and the opportunities to work in this sector have never been more exciting. This postgraduate program is for people seeking to expand their knowledge and skills to work in the arts and in tourism, Indigenous arts, local government, community arts, arts education and the non-for-profit sector. We have a track record for producing graduates who go on to work in a variety of key organisations, as well as a strong and active advisory board, meaning you will be well-connected within the industry.

#### See also ...

### Graduate Diploma of Arts and Cultural Management,

Graduate Certificate of Arts and Cultural Management.

#### Master of Business Administration

Deakin's distinctive MBA is one of Australia's premier business education programs. For 30 years, the Deakin MBA has been offering relevant skills, contemporary knowledge and real experience, while developing the business leaders of tomorrow. The Deakin MBA is internationally recognised and EPAS accredited by the European Foundation for Management Development (EFMD) and also holds a prestigious QS 5-Star rating for program strength. QS has ranked the online Deakin MBA as the best in Australia and No. 16 in the world.

#### See also ...

Master of Business Administration (International), Graduate Diploma of Business Administration, Graduate Certificate of Business Administration, Graduate Certificate of Corporate Management.

#### Master of Business Administration/ Master of Leadership

This course is a two-year double degree which combines the highly acclaimed Deakin MBA with the Master of Leadership. Our MBA focuses on themes of teamwork, globalisation and social and regulatory responsibility. The MBA is supported by the Master of Leadership, which provides you with an understanding of what it really means to be a leader within an organisational context.

#### Master of Business Administration (International)

Deakin's Master of Business Administration (International) has been designed to give high-performing students an opportunity to gain industry experience as part of a world-class MBA. The MBA (International) is available to applicants who may not have had experience as a business manager. It includes a capstone unit which is designed to provide you with business experience through either an internship, project, or business simulation. High-achieving students are able to move directly from their undergraduate degree to postgraduate MBA studies, saving time and money.

#### **Master of Business Analytics**

Deakin's Master of Business Analytics is a collaborative education program with industry. The program develops business analytics professionals with a broad skill set that enables them to develop analytics-based solutions for business. The degree will introduce you to a range of internationally recognised business intelligence and analytics tools and has a very strong practice focus. You will also have access to analytics certification programs by market leaders IBM, SAS and Microsoft. This course is unique, as it teaches the three areas of business analytics: data capture, analytics and decision making.

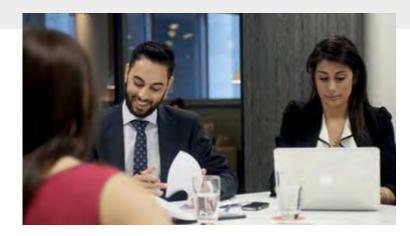

See also Graduate Diploma of Business Analytics.

Continued on next page...

#### DEAKIN UNIVERSITY'S MBA IS INTERNATIONALLY RECOGNISED

Deakin's MBA has been awarded EPAS accreditation by the European Foundation for Management Development. This international quality benchmark for business programs worldwide sets you up for a global career.

deakin.edu.au/post-business

#### Master of Business (Sport Management)

Australia has one of the strongest sporting sectors in the world. Deakin's Master of Business (Sport Management) develops a comprehensive understanding of the integration of business disciplines in the effective management of sport and the leadership to provide effective management and direction to sporting organisations. Deakin's Master of Business (Sport Management) remains Australia's best sport management program. We're currently ranked in the world's top 10 by Sport Business International<sup>\*</sup>, and we're the only Australian program in the top 25.

### See also Graduate Certificate of Business (Sport Management).

\* Sport Business International 2015 Postgraduate Sports Course Rankings.

#### Master of Commerce

Deakin's Master of Commerce gives professionals from non-business backgrounds the opportunity to move into a business career. It utilises sophisticated computer-mediated conferencing for classes, conferences, group work and debates among students, as well as for assessment. One of the great benefits of this is that it will prepare you for the use of information technology, which is a core competency for employees in today's commerce and related industries.

#### See also ...

Graduate Diploma of Commerce, Graduate Certificate of Commerce.

#### Master of Financial Planning

Deakin's Master of Financial Planning has been assessed as an approved degree by the Financial Planning Education Council. Graduates are eligible for entry into the CERTIFIED FINANCIAL PLANNER® (CFP) Certification Program which is offered by the Financial Planning Association of Australia. Successful completion of the Master of Financial Planning also provides advanced standing for three of the five CFP® Certification subjects, namely CFP 2, CFP 3 and CFP 4.

#### Master of Human Resource Management

The Master of Human Resource Management is a specialised program designed to provide a qualification for graduates in business, government and industry. In addition, the program aims to meet the needs of senior management whose duties require them to take on responsibilities in human resources development and management. Deakin's Master of Human Resource Management is accredited by the Australian Human Resources Institute (AHRI).

#### See also Graduate Certificate of Human Resource Management.

#### Master of Information Systems

This degree integrates the use of technology within a broader policy and strategic framework, equipping you for higher level policy and management opportunities, beyond the constraints of narrow technical boundaries. Interdisciplinary specialisations open up opportunities in one of the most important areas of demand in the professional labour market. The program offers career opportunities to students desiring IS knowledge, and to those who want to combine IS skills and knowledge with other disciplines, such as marketing, commercial law and international business.

#### See also ....

Graduate Diploma of Information Systems, Graduate Certificate of Information Systems.

### Master of International Accounting

Deakin's Master of International Accounting provides graduates of any discipline with the opportunity to undertake studies towards gaining membership of the Association of Chartered Certified Accountants (ACCA). The ACCA accounting qualification is highly regarded by employers in many countries. As part of the course, you will study contemporary topics including introductory accounting, financial reporting, management accounting, commercial and taxation law, corporate auditing, accounting theory, information systems for business, governance, finance, and business economics. On successful completion of this degree you will gain exemption from all the 'fundamental' level ACCA papers, and will have the necessary knowledge to undertake ACCA's six 'professional' level examinations. Along with additional face-to-face contact hours, entry into this course allows you attend one-week intensive master classes for each of the six units. These master classes are taught by ACCA-accredited education providers and are designed to help you succeed in your ACCA exams.

#### **Master of International Business**

Deakin's Master of International Business is relevant across the spectrum of business and government, and is especially designed for executives directly engaged with international markets or seeking to maximise their overseas potential. The course will extend your understanding of trade development, policy making and planning, and provides a framework to develop a successful international business strategy. You will develop technical knowledge and skills, political and cultural awareness and an international perspective to qualify you to take up a wide range of career opportunities.

#### QUALITY COURSES IN THE CLOUD

QS World University Rankings has ranked Deakin's online MBA as the best in Australia and No. 16 in the entire world. Deakin is a leader in cloud learning, offering you access to the same high quality courses taught on campus, but with the flexibility to enable you to study when and where you want.

#### **Master of International Finance**

Deakin's Master of International Finance is a specialist program that develops professional capability in finance. The course is designed with a particular emphasis on international finance while exposing graduates to other important finance areas such as corporate finance and investment. Regardless of your background, you will gain advanced knowledge and skills that prepare you for a career in finance in an increasingly competitive labour market. You have an opportunity to specialise in Advanced Finance, Finance Research Project, Financial Planning or Risk Management.

#### See also ...

#### Graduate Diploma of International Finance. Graduate Certificate of International Finance.

#### Master of Marketing

This degree develops knowledge and skills in areas such as marketing research and integrated marketing communication, enabling graduates to analyse, plan, implement and control marketing activities in a variety of organisations. It provides an understanding of the theoretical, practical and research frameworks that underpin marketing, and develops the research, strategy and communication skills that are crucial in each of the key areas of marketing.

See also Graduate Certificate of Marketing.

## **Master of Professional** Accounting

The Master of Professional Accounting provides graduates from non-accounting backgrounds the opportunity to obtain a professional accounting qualification. As part of the course you will study areas such as corporate and management accounting, commercial law, corporate auditing, corporations law, accounting theory, information systems for business, economics and finance.

#### See also ...

DEAKIN CODE	TRIMESTER INTAKE	2017 ANNUAL COURSE FEE
M794	T1, T2, T3	\$34 296

#### Course structure

The course comprises a total of 16 credit points.

#### Core units

MAA703 Accounting for Management<sup>1, 2, 4</sup> MAA716 Financial Accounting<sup>1, 2</sup> MAA725 Advanced Accounting Principles and Practice<sup>1, 2, 4</sup> MAF702 Financial Markets MAF707 Investments and Portfolio Management MAF759 Quantitative Methods for Finance MFT760/MAF760 International Finance<sup>\*</sup> MPA701 Accounting<sup>1, 2</sup> MPT753/MPF753 Finance<sup>1, 2, 4, \*</sup> MPT781/MPE781 Economics for Managers<sup>1, 2, \*</sup>

#### Elective units

These units may be selected to form a Master of International Finance specialisation – see M750 Master of International Finance course entry for details of specialisation.

## Select 6 credit points of units from:

MAA705 Corporate Auditing<sup>2, 3, 4</sup> MAA753 Professional Research and Analysis for Accountants MAA754 Enterprise Risk Management MAA763 Governance and Fraud MAF703 Applied Corporate Finance MAF704 Treasury and Risk Management MAF708 Superannuation and Retirement Planning MAF709 Financial Planning Development MAF711 Modelling Techniques for Finance MAF713 Futures, Options and other Derivatives MAF723 Business and Financial Econometrics MAF761 Advanced Investments MAF762 Advanced Derivative Securities MAF764 Advanced Corporate Finance MAF767 Treasury Dealing MAR725 Research Methods MLC703 Principles of Income Tax Law<sup>2, 3, 4</sup> MLC707 Commercial and Corporations Law<sup>1, 2</sup> MPM701/MPM701A Business Process Management<sup>1, 2</sup> MPM703 Business Strategy and Analysis **MPE707** International Banking and Finance MPE711 Global Trade and Markets MPP701 Research Project 1A MPP702 Research Project 1B MPP703 Research Project 2 **MIS771** Descriptive Analytics and Visualisation Or units from the Master of International Finance and the Master of Financial Plannina. Other postgraduate units may be taken subject to the approval of the Course Team Chair. MFT/MPT code denotes study tour version of the unit.

MFT/MPT code denotes study tour version of the unit MPM701A is a Start Anytime unit.

#### Notes

 Required by CPA Australia for Associate (foundation level) Membership.
 Required by Chartered Accountants Australia and New Zealand for entry to the CA Program. <sup>3.</sup> For candidates who have completed an accredited degree in Australia, this unit may be taken as part of the CPA program. Other students must complete the unit before becoming an Associate Member of CPA Australia. <sup>4.</sup> For candidates who would like to obtain exemptions to the ACCA program.

Students who wish to enter the CA or CPA programs or exemptions to the ACCA program are advised that it is their responsibility to ensure that they take the appropriate units required for entry.

Students who have completed prior undergraduate or graduate units in accounting or other core knowledge areas are advised to have their qualifications assessed by their preferred professional organisation to ensure they complete the correct units.

Please note: The eligibility of students for membership of the accrediting body is subject to meeting the requirements of that body and that Deakin makes no representations that individuals will meet those requirements.

Notes

<sup>1.</sup> Required by CPA Australia for Associate (foundation level) Membership.

<sup>2</sup> Required by Chartered Accountants Australia and New Zealand for entry to the CA Program

<sup>3.</sup> For candidates who have completed an accredited degree in Australia, this unit may be taken as part of the CPA program. Other students must complete the unit before becoming an Associate Member of CPA Australia.

For candidates who would like to obtain exemptions to the ACCA program.

Students should carefully note the trimesters when units are offered to ensure that all required units can be completed in the appropriate time frame

Students who wish to enter the CA, CPA programs or exemptions to the ACCA program are advised that it is their responsibility to ensure that they take the appropriate units required for entry.

Students who have completed prior undergraduate or graduate units in accounting or other core knowledge areas are advised to have their qualifications assessed by their preferred professional organisation to ensure they complete the correct units

Please note: The eligibility of students for membership of any of the accounting accrediting bodies is subject to meeting the requirements of that body and that Deakin makes no representations that individuals will meet those requirements.

# COMMUNICATION AND CREATIVE ARTS

Deakin's communication and creative arts programs are all about developing your professional expertise, building career opportunities, and unleashing your inner creative talents. Whether you want to write, communicate, film, produce, design, perform or create, Deakin has a course that is right for you. You can add to your existing skills or branch out into new areas. Be inspired by our state-of-the-art technologies and learn from staff with outstanding reputations combining academic and real-world experiences.

#### Your course, your pace, your future

You can choose a postgraduate program of study that is right for you. You can accelerate your studies through three-trimester enrolment and credit for prior learning (many students can complete their master's in 12 months); or you can develop deeper and wider knowledge over two full years and potentially be eligible for post-study work rights in Australia.

#### Studios and state-of-the-art technology

Learn in purpose-built facilities to enhance your knowledge and prepare you for work upon graduation. We are continuously improving our facilities to ensure they are at the forefront of technology. Each year Deakin invests in new equipment across all programs, and we have great technical support staff.

Deakin is home to a world-class high definition television studio, the internationally recongnised Deakin Motion.Lab, and facilities specifically designed to support broadcast journalism.

#### Multiple career options

Not sure if it is journalism, digital media, design, public relations, writing or TV that works for you? Our cross-disciplinary approach in the Master of Communication allows you to choose how to structure your studies to play to your strengths and build your career choices.

## WE'RE AMONG THE BEST IN THE WORLD

Deakin has been ranked in the top 150 universities for Communication and Media Studies by the prestigious university rankings organisation QS (2016 Subject Rankings). That's in the top 1% of all universities worldwide!

#### WHAT CAN I STUDY?

## Master of Arts (Writing and Literature)

Deakin's writing and literature programs offer a unique combination of literary and creative writing options, together with the possibility of gaining access to the more practical and applied areas of journalism, communication and public relations. The program is designed to provide career enhancement and employment opportunities for those who wish to be employed in the fields of children's literature, literary studies and professional writing.

See also... Graduate Diploma of Writing and Literature,

Graduate Certificate of Writing and Literature.

## Master of Communication

The Deakin communication program recognises the advances in communication technologies and the increasing globalisation of business enterprises. The master's degree is designed for those wanting to enter the professional communication industry and those already in the industry wanting to gain or add to their qualifications for career advancement prospects. You will undertake specific and intensive professional training in the areas of journalism, digital media, visual communication design, or public relations.

#### See also ...

Graduate Diploma of Communication, Graduate Certificate of Communication.

#### **Master of Creative Arts**

Creative arts programs at Deakin explore the social, political and cultural contexts and history of ideas that inform contemporary approaches to the creative arts. Students build and develop sustainable cultural practices as independent or commissioned practitioners with advanced knowledge and skills in art making and creative arts research.

#### See also ...

Graduate Diploma of Creative Arts, Graduate Certificate of Creative Arts.

### Graduate Diploma of Children's Literature

The Deakin children's literature program allows students to become familiar with a broad range of texts, taking into account variations of genre, the historical and cultural contexts in which children's texts are produced and the ideological frameworks in which they are located. Children's literature also gives you a unique opportunity to combine your studies with professional writing and literary studies, or communication.

#### Graduate Diploma of Creative Writing

The Graduate Diploma of Creative Writing advances knowledge of creative writing theories, practice and skills for the conception, crafting, production and dissemination of creative writing outputs. Students will understand the complexities and opportunities of industries that employ creative writers, as well as possible careers within an international and domestic context.

#### Graduate Diploma of Journalism

Deakin's Graduate Diploma of Journalism is designed for people working in the journalism industry who are seeking to upgrade their qualifications or to refresh or advance their professional skills. The course provides you with an intensive practical component, ensuring strong job-entry skills. Following the successful completion of the Graduate Diploma of Journalism you can continue your studies and gain credit in Deakin's Master of Communication.

## THE RESEARCH DIFFERENCE

At Deakin you can conduct research with an expert in the communications industry. All students will complete a professional research project, designed for business or a creative audience. Our experienced academic staff will guide you through the process and help you to design a research project that best suits your needs and enhances your skills.

### Graduate Diploma of Literary Studies

The Graduate Diploma of Literary Studies allows you to study, at an advanced level, several topics related to English or literary studies. These include the ways in which the discipline was established in the late 19th and early 20th centuries and is now being reconstituted to reflect social and cultural change; generic traditions and variations; oral and written forms; creative and critical approaches; variations related to gender and age. The degree program is designed for professionals working in fields requiring high analytical and writing skills, such as teaching, the public service and fields relating to the publishing industry, where a diverse skill set enhances employment opportunities.

## Graduate Diploma of Professional Writing

Deakin's professional writing degrees have been created specifically for graduates of other disciplines, with an emphasis on helping you develop the skills required to prepare work for publication. The program incorporates studies in creative non-fiction, fiction, poetry, editing and scriptwriting. You will gain practical experience in the process of writing and revision, as well as developing an understanding of writing and editing requirements for different readerships.

## Graduate Diploma of Public Relations

Deakin's public relations program provides students with the ability to design and implement public relations campaigns, contribute to the management of organisations, conduct appropriate research, understand the role of public relations in contemporary society and appreciate the social, administrative, cultural and ethical implications of public relations activity. Graduates are eligible for membership of the Public Relations Institute of Australia (PRIA).

## Graduate Diploma of Visual Communication Design

This Graduate Diploma provides practical and theoretical skills in visual communication design. This is achieved through a combination of contemporary design theory, professional design skills and a focus on the social, cultural and ethical implications of professional practices in an electronically proficient society.

# **EDUCATION**

Deakin's School of Education offers a comprehensive range of graduate entry and postgraduate courses encompassing school education, adult and workplace contexts, and lifelong learning.

At postgraduate level, Deakin offers courses suitable for professional educators wanting to advance their qualifications, as well as graduates from other discipline areas wishing to enter the education sector.

### Study education at a leading university

Deakin's education discipline is ranked 31<sup>st</sup> in the world by the prestigious QS World University Rankings (2016 Subject Rankings). These rankings are based on various data sources covering reputation and research citations, so you can be sure you will be learning from one of the leaders in the education discipline.

#### Strong links with education stakeholders

Our School of Education academic staff have strong partnerships with education communities, governments, systems and research institutions. This ensures that programs reflect the latest research and innovations in learning, curriculum and pedagogy.

#### Your chance to become a specialist

Deakin's postgraduate education degrees offer the opportunity for educators to gain specialist knowledge in a wide array of areas, including arts education; mathematics education; science and environmental education; health and physical education; language and literacy education; Teaching English to Speakers of Other Languages (TESOL); humanities education, pedagogy and curriculum; education policy, leadership and internationalisation; early childhood education; and professional education and training.

#### Professional recognition

All our teacher education courses meet the registration requirements of the Victorian Institute of Teaching (VIT) and other state teacher registration boards in Australia.

The Australian Bureau of Statistics notes that teaching is one of the largest professions in Australia. More than 200 000 teachers work in 10 000 schools teaching more than 3 000 000 students.

## WHAT CAN I STUDY?

#### **Master of Education**

Deakin's Master of Education provides students with an understanding of relevant education issues and discourses and enables you to learn high-level critical and evaluation skills to demonstrate the ability to undertake educational research projects.

#### See also Graduate Certificate of Education.

## Master of Education (Special Educational Needs)

As a graduate of the Deakin special educational needs program, you will translate your understandings of individualised, inclusive, educational programs into practice. The program takes into account the implementation of social justice policy and addresses the fundamental philosophy of access and success for people with diverse educational needs. The Master of Education (Special Educational Needs) is an externally accredited program that meets the requirements of the Department of Education and Training Victoria and the Victorian Institute of Teaching guidelines for special education.

#### Master of Teaching (Early Childhood)

The Master of Teaching (Early Childhood) focuses on early childhood education for children up to the age of five. The program was developed due to the high demand for early childhood education professionals both in Australia and overseas. The program includes 70 days of supervised professional experience meaning you will be job-ready upon graduating.

#### Master of Teaching (Primary)

The Master of Teaching (Primary) covers all areas of primary curriculum including English language, mathematics, science, arts, social education, health and physical education, and technology, providing the opportunity to build breadth of knowledge in areas of interest. This program provides industry practice through a 60-day supervised experience.

## A MASTER FOR MANY SETTINGS

Deakin's accredited Master of Teaching program prepares professionals for Early Childhood, Primary, Secondary and dual strand Primary/Early Childhood and Primary/Secondary settings.

#### Master of Teaching (Primary and Early Childhood)

The Master of Teaching (Primary and Early Childhood) prepares graduates for work as a teacher across all early childhood and primary school levels. Units include Language and Literacy, Creativity and Arts in Childhood, Primary Science and Technology Education among others.

#### Master of Teaching (Primary and Secondary)

The Master of Teaching (Primary and Secondary) prepares graduates for work as a teacher across all primary and secondary levels. This programs provides students with the opportunity to select secondary curriculum study units which include Biology, Chemistry, Dance, Drama, English, Teaching English as a Second Language (TESOL), Environmental Science, Geography, Health, History, Humanities, Languages Teaching, Mathematics, Media, Music, Science, Studies of Societies and Environments, Physics, and Visual Arts.

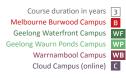

#### Master of Teaching (Secondary)

The Master of Teaching (Secondary) prepares graduates for employment as a secondary teacher in Australia and overseas. You will be able to teach in secondary schools from junior secondary to VCE levels, as well as taking up positions within community organisations and adult community educational institutions.

### Master of Teaching English to Speakers of Other Languages

The Master of Teaching English to Speakers of Other Languages (MTESOL) has been specifically designed to address the wide diversity of educational backgrounds of students who are interested in teaching English. The course is open to qualified professionals, including teachers, in the field of education and training.

Master of Education (Special Educational Needs)	E734	1.5	C	T1, T2	\$25 088	7/7~

\* For master's programs the annual course fee indicates the tuition fee for two trimesters of full-time study, or 8 credit points, unless otherwise indicated. For graduate certificate programs the annual course fee indicates the tuition fee for the entire course, or 4 credit points, unless otherwise indicated. Additional fees may apply. For more information about fees visit deakin.edu.au/post-fees.

<sup>^</sup> IELTS is the International English Language Testing System. The IELTS scores in the table above reflect the minimum overall score required as well as the lowest score allowed for any band (overall score/lowest band score). For further information about English language requirements, see page 19 of this Guide.

\* Students have the option of completing the Master of Teaching in 1.5 years by studying across four consecutive trimesters. Or students can complete the Master of Teaching in 2 years by only studying during Trimesters 1 and 2.

IELTS band score of 7 (with no band less than 7) and speaking and listening of 7.5.

\*\* Students who do not have a four-year bachelor's degree in Education can meet the entry requirements for this course by successfully completing Deakin's Graduate Certificate of Teaching English to Speakers of Other Languages (TESOL). The combined Graduate Certificate of TESOL (4 credits/0.5 years) and Master of TESOL (12 credits/1.5 years) pathway is equivalent to two years of full-time study (16 credits). Two-year programs meet the Australian study requirement for post-study work rights. See https://www.border.gov.au/Trav/Stud/Post [accessed 8 April 2016].

<sup>••</sup> Students who do not have a four-year bachelor's degree in Education can meet the entry requirements for this course by successfully completing Deakin's Graduate Certificate of Teaching English to Speakers of Other Languages (TESOL). - T2 = Trimester 2
- T3 = Trimester 3
- PT = Part-time

## NATIONALLY ACCREDITED

The Master of Teaching is nationally accredited through the Australian Institute for Teaching and School Leadership and Australian Children's Education Care Qualifications Authority. You'll gain professional experience, linking your learning to the practice and theory of teaching, preparing you to become a professional educator from day one.

## MASTER OF EDUCATION 1.5-2 B C

DEAKIN CODETRIMESTER INTAKE2017 ANNUAL COURSE FEEE771T1, T2\$26 312

#### Course structure

The course comprises a total of 12 credit points.\* Students must complete the program in one of the following configurations:

#### Option 1

- 2 credit points of core units
- 4 credit points of research units (EDX701,EDX702 or AIX708, EDX703, EDX704)
- 4 credit points of electives from a single specialist strand
- 2 credit points of electives from another specialist strand

#### Option 2

- 2 credit points of core units
- 6 credit points of research units (EDX701, EDX702 or AIX708,
- EDX705 (2 credit point unit), EDX706 (2 credit point unit))
- 4 credit points of electives from a single specialist strand

\* Students who do not have a four-year bachelor's degree in Education can meet the entry requirements for this course by successfully completing Deakin's Graduate Certificate of Teaching English to Speakers of Other Languages (TESOL). The combined Graduate Certificate of TESOL (4 credits/0.5 years) and Master of Education (12 credits/1.5 years) pathway is equivalent to two years of full-time study (16 credits). Two-year programs meet the Australian study requirement for post-study work rights. See https://www.border.gov.au/Trav/Stud/Post [accessed 8 April 2016].

#### Core units

EXE723 Curriculum and Assessment Design EXE734 New Technologies in Education and Training

#### Option 1

EDX701 Research Design Development and Method EDX703 Research Paper A EDX704 Research Paper B *Plus either* EDX702 Qualitative Research in Education *Or* AIX708 Quantitative Research *Plus 4 electives from a single specialist strand Plus 2 electives from another specialist strand* 

#### Option 2

EDX701 Research Design Development and Method EDX705 Minor Thesis A (2 credit point unit) EDX706 Minor Thesis B (2 credit point unit) *Plus either* EDX702 Qualitative Research in Education *Or* AIX708 Quantitative Research *Plus 4 electives from a single specialist strand* 

#### Specialist strands

Professional Education and Training C ECJ723 Applied Learning in the Postcompulsory Education and Training Sector ECN704 Applied Learning: Theories and Practice

ECN704 Applied Learning. Theories and Practice ECN722 Assessment Frameworks and Equity in the Workplace EXE731 Professional Learning and Development

### Inclusive Education 🖪 🕻

## MASTER OF EDUCATION (SPECIAL EDUCATIONAL NEEDS) 115

DEAKIN CODE	TRIMESTER INTAKE	2017 ANNUAL COURSE FEE
E734	T1, T2	\$25 088

#### Course structure

The course comprises a total of 12 credit points including:

- 4 credit points of compulsory core units (EEI714, ECP703, EXE732, EEI715)
- 2 credit points of professional experience units (EEI700 and EEI716)
- 6 credit points of study that combine research and elective units in one of following three options:

#### Option 1

- 2 credit points of research units (EDX701 and EDX707)
- 4 credit points of elective units selected from ESP701, ESM701, ECP711, EEL702, ESP703

#### Option 2

- 4 credit points of research units including a 2 credit point research paper (EDX701, EDX702 or AIX708, EDX703, EDX704)
- 2 credit points of elective units selected from ESP701, ESM701, ECP711, EEL702, ESP703

#### Option 3

• 6 credit points of research units which include a minor thesis (EDX701, EDX702 or AIX708, EDX705 and EDX706)

#### Core units

ECP703 Child Protection EEI714 Individualised Program Planning EEI715 Effective Classroom Management: Positive Learning Environments EXE732 Social Justice and Difference

#### Professional experience units

EEI700 Practicum Case Study EEI716 Practicum: Special Educational Needs

#### Elective Units

ECP711 Creativity and the Arts in Childhood EEL702 New and Traditional Literacies and Diverse Student Needs ESM701 Teaching Mathematics Successfully\* ESP701 Education and Development of Exceptional Learners ESP703 Student Welfare and Discipline Issues\*

Note: it is recommended that students select ESP701 and ESP703 as particularly suitable for teachers of special needs students.

#### Research units

EDX701 Research Design Development and Method EDX702 Qualitative Research in Education AIX708 Quantitative Research EDX703 Research Paper A EDX704 Research Paper B EDX705 Minor Thesis A (2 credit point unit) EDX706 Minor Thesis B (2 credit point unit) EDX707 Independent Research Project for Professional Practice

## MASTER OF TEACHING (EARLY CHILDHOOD) 2 B

DEAKIN CODE	TRIMESTER INTAKE	2017 ANNUAL COURSE FEE

# ENGINEERING

Deakin offers a unique approach to learning by providing opportunities for you to focus on actual industry projects that build on and extend your understanding of engineering and design principles.

Our engineering courses provide you with technical skills, a positive approach to problem solving and the ability to work as part of a team within our advanced design and engineering facilities.

## **Specialisations**

Deakin's engineering programs enable you to choose from a range of specialisations so you can focus your studies on a particular area you are interested in. Specialisations are available in Electrical and Renewable Energy Engineering; Electronics Engineering; Mechanical Engineering Design; Engineering Management; and Frontier Materials and Nanotechnology. Whether you have worked in the industry, or are looking to learn more about this industry, these specialisations will provide you with the necessary expertise for a professional career.

## Centre for Advanced Design in Engineering Training\*

The newly opened CADET facility, located at Deakin's Geelong Waurn Ponds Campus, provides engineering and design students with future-focused equipment to facilitate design and manufacturing. CADET houses virtual and rapid prototyping facilities, allowing creative design solutions to be developed almost seamlessly from imagination to reality and manufacture in a single process. Be it new wind turbines, medical devices, sustainable infrastructure, alternative vehicles or robotic aids, CADET will provide the key elements to design and engineer the ultimate solution.

\* CADET is a partnership between Deakin and the Australian Government.

deakin.edu.au/post-engineering

## WHAT CAN I STUDY? Master of Engineering (Professional)

Deakin's Master of Engineering (Professional) has been designed to strengthen, build and extend your understanding of the engineering principles required for successful engineering careers in Australia and overseas. This degree allows you to specialise and apply advanced technical knowledge and skills in an industrial context and enables you to partner with industry and form professional networks. The program builds upon Deakin's research expertise in a number of specialised fields of engineering, including electrical and renewable energy engineering; electronics engineering; engineering management; and mechanical engineering.

## Master of Philosophy (Electromaterials)

This new degree gives you the chance to help address some of today's most challenging problems in clean energy, human health and advanced manufacturing. You will discover new materials, practise cutting-edge characterisation techniques and assemble new materials into electrochemical devices. This joint degree between Deakin University and the University of Wollongong offers a combination of course work and research. You will undertake a research thesis as part of a team developing innovative solutions in the areas of clean energy, human health and next generation manufacturing.

## Master of Science (Research)

Comprising a unique combination of coursework and research, this advanced degree prepares you for a career in industry and can serve as a pathway to doctoral studies. Four engineering specialisations are available: Electrical and Renewable Energy Engineering; Electronics Engineering; Mechanical Engineering Design; and Frontier Materials and Nanotechnology.

The **Electrical and Renewable Energy Engineering** specialisation prepares graduates for professional and leadership roles in contemporary power system environments.

The **Electronics Engineering** specialisation allows students to specialise in control systems engineering; instrumentation and process control; sensor networks; and embedded systems.

#### The Frontier Materials and

Nanotechnology specialisation equips students with the skills to analyse and understand engineering materials at a nano-level and to apply this knowledge for the development of new material solutions that push forward the frontiers of technology.

The **Mechanical Engineering Design** specialisation brings together studies in leading computer-aided engineering technologies, and advanced materials and manufacturing.

Explore endless possibilities through computer modelling, virtual reality environments, 3D printing, one of the largest high-voltage teaching labs and world-leading rapid prototyping capabilities in Deakin's new Centre for Advanced Design in Engineering Training (CADET)<sup>\*</sup>.

\* CADET is a partnership between Deakin and the Australian Government.

\* For master's programs the annual course fee indicates the tuition fee for two trimesters of full-time study, or 8 credit points, unless otherwise indicated. Additional fees may apply. For more information about fees visit deakin.edu.au/post-fees.

<sup>^</sup> IELTS is the International English Language Testing System. The IELTS scores in the table above reflect the minimum overall score required as well as the lowest score allowed for any band (overall score/lowest band score). For further information about English language requirements, see page 19 of this Guide.

" The Master of Philosophy (Electromaterials) is a joint course with the University of Wollongong. Students will choose either Deakin or the University of Wollongong as their home institution, but students are expected to engage in studies at both universities as part of the degree. As of April 2016, enrolment at the University of Wollongong campus location is not yet registered with TEQSA. Until registration is received, Deakin students will be unable to undertake the University of Wollongong study component. Visit the Deakin website at deakin.edu.au for the most up to date information.

Engineering-related specialisations for the Master of Science (Research) are only available at the Geelong Waurn Ponds Campus.

T1 = Trimester 1

T2 = Trimester 2

T3 = Trimester 3

## MASTER OF SCIENCE (RESEARCH)

The Master of Science (Research) is a unique course offering comprising a combination of coursework and research. This advanced degree program prepares you for a career in industry and can serve as a pathway between undergraduate studies and a PhD.

# HEALTH

Deakin's School of Health and Social Development brings together more than 140 teaching and/or research academics who embrace a holistic, integrative, critical and communitybased perspective on health. Our health courses and our graduates are highly regarded by the professions and industry and also provide a sound basis for those interested in pursuing research degrees.

### Our Faculty of Health makes a difference

Deakin Health is recognised in Australia and internationally for its contribution to teaching, training, research and service. We are one of the fastest growing health faculties in Australia, assisting governments, communities and organisations to develop a wide variety of health and social policies and programs.

### Learn from experts closely tied to industry

Our academic staff are actively involved in many areas of research and are experts in their respective fields. Our staff are well connected with the health industry, and our partnerships will give you access to cutting-edge health practice, enhance your skills and prepare you to develop attributes valued by employers.

#### Flexible learning opportunities in the cloud

Many health courses at Deakin are offered online, providing you a media-rich interactive learning environment that you can access when and where you want. Cloud Campus students have access to the same lectures and resources as on-campus students.

"The off-campus services for Deakin students seemed to be the most progressive and suited my availability. Whilst working full-time I was able to access tutorials in the evenings online, and the library service is excellent."

deakin.edu.au/post-health

## Louisa Whitwam

Master of Health and Human Services Management graduate

## RESEARCH THROUGH

The research profile of Deakin health staff is facilitated by collaborative relationships with numerous hospitals, clinics, health care networks, communities and support centres. These partnerships enable us to provide our students with excellent opportunities to pursue their own research.

## WHAT CAN I STUDY?

#### Master of Health and Human Services Management

Studying health services management at Deakin develops your leadership and management skills and is ideal for those seeking or holding senior positions in the health sector. You will build on your knowledge gained in your undergraduate degree in a health-related field, such as nursing, medicine, dentistry, psychology, health promotion or social work. You will develop skills relevant to management and leadership in public health, health services and the broader human health services sector, including government, health services and networks, and welfare and human service delivery organisations. Our graduates have gone on to work in international agencies with a presence in public health, divisions of general practice, health administration departments, and hospitals.

### Master of Public Health

Deakin's public health programs are population-focused with strengths in health promotion, environments for health, epidemiology and research, in addition to health economics and economic analysis. Teaching activities reflect current research and evidence-based practice and students have the option of applying their knowledge in a practical setting with a major or minor project. As a graduate, you will have the ability to generate initiatives for policy and action, strategies to ensure equity in the health system and interventions to promote the health of disadvantaged groups.

### **Master of Health Economics**

Health economics is a demand area within health policy development. Deakin's health economics program is designed to develop postgraduate skills in health technology assessment, economic evaluation of health interventions, resource allocation and priority setting, healthcare financing, health systems research and the health economics/health policy interface. Deakin's health economics team - the largest in Australia - will provide you with high level training in economic evaluation and modelling and health technology assessment. Graduates will be equipped with the theoretical knowledge and skills required to analyse and advise on health expenditure trends, health insurance, funding and payment mechanisms, health system design and associated policies; to design and undertake economic appraisal of interventions; to design and undertake high level health technology and pharmaceutical assessment; and to lead priority setting exercises in health care.

#### **Master of Health Promotion**

Deakin's postgraduate courses in health promotion provide students with the knowledge and skills to develop appropriate approaches to health promotion practice. You can study a wide range of units including health promotion and community development, environments for health and public health nutrition, allowing you to structure your course to pursue your interests and career aspirations. After successfully completing one of Deakin's postgraduate courses in health promotion, you will be qualified to undertake roles in private industry, government and non-government organisations (NGOs), and international agencies.

#### See also ...

Graduate Diploma of Health Promotion.

## Master of Clinical Exercise Physiology

The Master of Clinical Exercise Physiology aims to develop your knowledge and expertise in the application of exercise for both the prevention and treatment of many chronic medical conditions, injuries and disabilities. This program will enable you to understand the effects of acute and chronic exercise on physiological and pathophysiological processes in individuals with injury and disease. It will also link you to the industry through highquality clinical placements where you will develop as a practitioner. Students embark on a range of external clinical practicum experiences organised by the University, designed to expose you to a wide range of clientele, practitioners and institutions. See page 107 for course details.

### Graduate Certificate of Diabetes Education

Deakin's Graduate Certificate of Diabetes Education prepares qualified health professionals for specialty practice in diabetes education. Teaching staff address both disease prevention and disease management. The course is solutionfocused with the goal of transferring knowledge gained from research findings to inform policy, practice and teaching. On completion of the Graduate Certificate course, you will be eligible to apply to continue your studies in the Master of Nursing Practice.

# HUMANITIES AND SOCIAL SCIENCES

Deakin's courses in humanities and social sciences open up a broad range of career opportunities, from international development and cultural heritage to politics and government.

Study in these areas will help you develop a number of skills – such as communication, problem solving, evidence-based decision making and critical thinking – crucial in cultural and policy contexts around the world.

## Our humanities and social science courses are world-class

Politics and international studies at Deakin are ranked in the top two percent in the world, according to the prestigious QS World University rankings (2015).

## Degree programs with an international perspective

Our faculty of leading scholars and industry professionals can connect you to the Australian experience and to forces driving the whole of the world. In an increasingly globalised workplace, it is more important than ever to understand the international political, social and cultural dynamics that shape our businesses and communities.

## Study from where you are, when you want

Deakin is a leader in cloud learning and offers international students the opportunity to learn in our media-rich and engaging online learning platforms. Deakin's cloud courses offer you the chance to 'learn where you live', all while accessing the same academic staff and learning resources available to on-campus students.

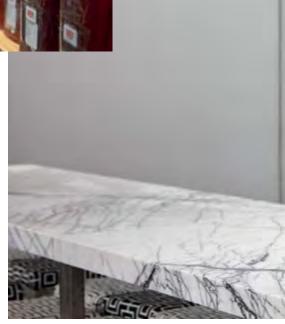

"Our graduates go on to do amazing things in the heritage sector. They might be curators, collections managers or directors of museums, look after historic sites, undertake cultural heritage management planning, work for a heritage consultancy, for local, state or national government or international heritage agency."

## Steve Cook

Senior Lecturer and Course Director for the Cultural Heritage and Museum Studies programs

## WHAT CAN I STUDY?

## Master of Arts (International Relations)

Deakin's international relations degree produces graduates who are able to demonstrate high-level skills of analysis and interpretation of global issues and events, with a deep understanding of the complexities of contemporary international relations. Specialisations are available in human rights and international law, Asia Pacific regional politics, conflict and security and international history. Links with other social science and humanities studies at Deakin offer relevant electives to extend specialisation options, such as genocide history, gender and development and global media units. Career opportunities for international relations graduates exist in all levels of government, business, the media, consultancy, the defence forces, education, health, politics and research.

See also Graduate Diploma of International Relations.

#### Master of Cultural Heritage

The Master of Cultural Heritage allows you to develop the knowledge, understanding, research skills and practical experience to make a difference in the cultural heritage sector. Whether you want to work with collections, manage a museum or heritage site, or protect and interpret significant sites, landscapes or intangible cultural heritage, specific pathways through the master's mean you can create a program that is right for you. Through this program you develop an extensive, cross-disciplinary knowledge of heritage principles and practice across a range of disciplines, as well as an awareness of community sensitivities. Practical experience is a key theme of the program and you will have the opportunity to incorporate internships and international field schools within your course and to participate in visits to museums, galleries and heritage places as part of the campus programs.

Graduate Certificate of Cultural Heritage, Graduate Diploma of Museum Studies, Graduate Certificate of Museum Studies.

### Master of Humanitarian Assistance

Deakin is committed to engaging and developing current and future humanitarian leaders as innovative thinkers and dynamic achievers through our unparalleled humanitarian assistance program. The Master of Humanitarian Assistance is the first course of its kind in the Asia Pacific region. It builds a unique platform where humanitarian practitioners and academics can share knowledge and experience, with a focus on improving leadership, preparedness and response capacities to national and international emergencies.

#### Master of Politics and Policy

Deakin's politics and policy program focuses on the development, implementation and politics of public policy. Students explore the close relations between government, the private sector and community organisations, as well as the links between different levels of government (local, state, national and international). Particular attention is paid to the challenges of making governance consistent with the norms of accountability and democracy. The program has been designed in consultation with stakeholders in government, community and industry to promote collaborative learning and to develop an understanding of the global context for public policy.

### Master of International and Community Development

Good development promotes justice, reduces poverty and builds environments for people to lead productive, creative and fulfilling lives. Development programs and project work for poverty reduction are major areas of professional employment. Deakin's international and community development degrees have been developed for professionals seeking to advance their careers by gaining relevant, skills-based and theoretically sound professional qualifications. And the program is one of the longest established in Australia, giving you the assurance of many years' experience in teaching this highly developed program.

# INFORMATION TECHNOLOGY

Information technology is key to society's economic growth and well-being and has become ubiquitous and pervasive in our lives. In a connected world with emerging intelligent machines it is exciting to contemplate making a contribution.

As jobs and roles change, completing a Deakin postgraduate IT course can be one of the best ways to prepare yourself for the future.

#### **Professional recognition**

Professional accreditation by the Australian Computer Society (ACS) means your degree is recognised by industry, resulting in stronger job outcomes. Deakin's IT courses give you the option to study units that lead to Cisco certification, giving you a relevant, practical qualification, as well as an advantage over other graduates when applying for jobs.

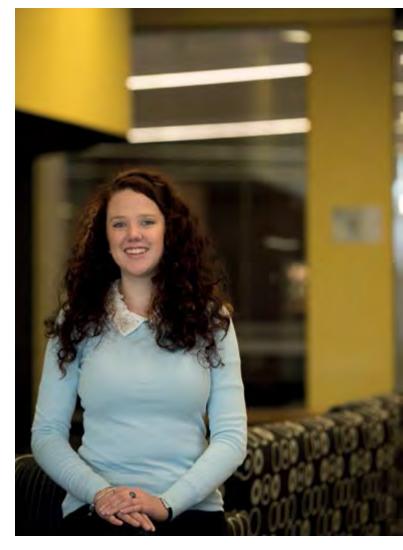

#### Maintaining relevance

Deakin recognises the importance of being closely aligned with industry and maintains strong links with leading organisations such as IBM, EON Reality, Telstra, ANZ and government agencies. These organisations provide us with curriculum advice, keeping our courses current and relevant to industry needs, which is key in a sector that is changing constantly.

#### Modern facilities with the latest technology

Deakin continually invests in its facilities and IT programs, ensuring you have access to the latest software and technologies in fully equipped computer labs.

IT is changing the ways in which we communicate, exercise and stay healthy; how we form relationships; how we learn; how we do business; how we invest; how we collect information and monitor our environments; how medicine is practiced; how engineering is done; and how we entertain ourselves.

"My favourite subject was a master's unit called Digital Forensics. Everything that we were taught we were able to actually practice in our computer labs using a variety of different tools and software, which was really fun."

#### Alissa Maclean

Master of Information Technology graduate

**NFORMATION TECHNOLOGY** 

deakin.edu.au/post-is

#### WHAT CAN I STUDY?

#### Master of Business Analytics

Deakin's Master of Business Analytics is a collaborative education program with industry. The program develops business analytics professionals with a broad skill set that enables them to develop analyticsbased solutions. The degree will introduce you to a range of internationally recognised business intelligence and analytics tools and has a very strong practice focus. You will also have access to analytics certification programs by market leaders IBM, SAS and Microsoft. This course is unique, as it teaches the three areas of business analytics: data capture, analytics and decision making.

### See also Graduate Diploma of Business Analytics.

#### **Master of Data Analytics**

The Master of Data Analytics aims to prepare students for professional employment across all sectors as data analytics specialists in either technology related, or research and development related positions. Students will come to understand the various origins of data to be used for analysis, combined with the central approaches and methods to manage, organise and manipulate such data, within regulatory, ethical and security constraints. Graduates will gain skills and knowledge in modern machine learning and statistical analysis to effectively gain insight from data.

### See also Graduate Diploma of Data Analytics.

#### Master of Information Technology

Deakin's postgraduate information technology program provides a combination of leading-edge theory and technical knowledge, plus hands-on practical experience to prepare you for a successful career as an IT professional in Australia and around the world. Continual consultation with industry ensures our courses are relevant, up-to-date and meet future industry requirements. The program offers the flexibility to tailor your course to suit your own needs. You may choose to specialise in Data Analytics, IT Strategy and Management, IT Security, IT Services, Networking, Software Development, or Virtual Reality, in addition to obtaining a broad grounding in IT. You will have access to specialist research and the opportunity to establish long-term contacts with the people who are shaping and influencing all levels of IT.

#### See also...

Graduate Diploma of Information Technology,

Graduate Certificate of Information Technology.

#### Master of Information Technology (Professional)

The Master of Information Technology (Professional) is designed to extend the specialised skills obtained in the Master of Information Technology. You can undertake a trimester of industry-based, work-integrated learning or a trimester of research under the guidance and supervision of Deakin researchers.

#### Master of Information Systems

Deakin's Master of Information Systems offers an insight into information systems and electronic business, including the associated strategies, processes, technologies and human aspects for its application in a business and social context. The program integrates the use of technology within a broader policy and strategic framework, equipping you for higher-level policy and management opportunities, beyond the constraints of narrow technical boundaries. Interdisciplinary specialisations are offered, broadening your opportunities in one of the world's fastest growing professional labour markets.

#### See also ...

Graduate Diploma of Information Systems, Graduate Certificate of Information Systems.

#### Master of Science (Research)

This advanced degree program comprises a unique combination of coursework and research. The Master of Science (Research) will prepare you for a career in industry and can serve as a pathway to doctoral studies. Three IT specialisations are available: IT Security, Software and Services, and Data Science.

The **Data Science** specialisation provides students with a solid background and advanced working knowledge in data science and analytics, covering everything from basic skills of data munging and visualising relationships in data to building sophisticated descriptive, prescriptive and predictive models.

#### The **IT Security** specialisation enables you to explore information and network security, security management and digital forensics while developing the advanced skills required to manage and secure data, communications and infrastructure.

The **Software and Services** specialisation provides opportunities to explore advanced software engineering, business intelligence and service oriented architecture to develop the skills needed in a services-led economy.

#### **GAIN INDUSTRY EXPERIENCE**

As a Deakin IT student you will have the opportunity to apply for internships or industry placements related to your area of study. Industry placements provide you with real-world work experience that is highly valued by today's employers and can give you a critical edge in a competitive global job market.

SIT741 Statistical Data Analysis SIT742 Modern Data Science SIT743 Multivariate and Categorical Data Analysis SIT744 Practical Machine Learning for Data Science Plus four course grouped elective units

#### DATA ANALYTICS AT DEAKIN

Data Analytics is the science of examining raw data with the purpose of drawing conclusions about that information and is used by many organisations to make better business decisions or to verify or disprove existing models or theories.

Data is the new frontier of the 21st century and data analysts are in extremely high demand due to the lack of skilled professionals in this area.

Deakin's Master of Data Analytics provides graduates with the expertise to help businesses and governments make sense of the large pools of data they have access to, better informing their strategic decision-making processes, driving innovation and increasing productivity.

# LAW

Deakin Law School is a centre of excellence for commercial law, an important and challenging area of practice.

#### Highly ranked

Deakin Law School has a reputation for excellence in research with teaching staff who are leading experts in corporate law, sentencing, health law, Big Data, commercial law, IP and natural resources. Deakin Law School is ranked in the top 100 of the Social Science Research Network Top 500 International Law Schools.

#### Follow your passion

Choose from exciting, challenging elective units. The Deakin Master of Laws (LLM) focuses on major areas of human activity (internet technology, health, financial services) and also covers more traditional areas (natural resources, dispute resolution, human rights).

#### New Master of Laws degree

Deakin Law School's new LLM will allow you to stand out from the crowd and build on your legal qualifications. It will equip you with knowledge in important areas of the Australian/global legal system, including financial services and health law. The program also develops advanced research, analytical, evaluative and communication skills and will prepare students for leadership roles in a variety of global careers. The program has been designed in accordance with the Deakin Law School's established strengths in areas including commercial law and international law.

#### **Quality learning in the Cloud**

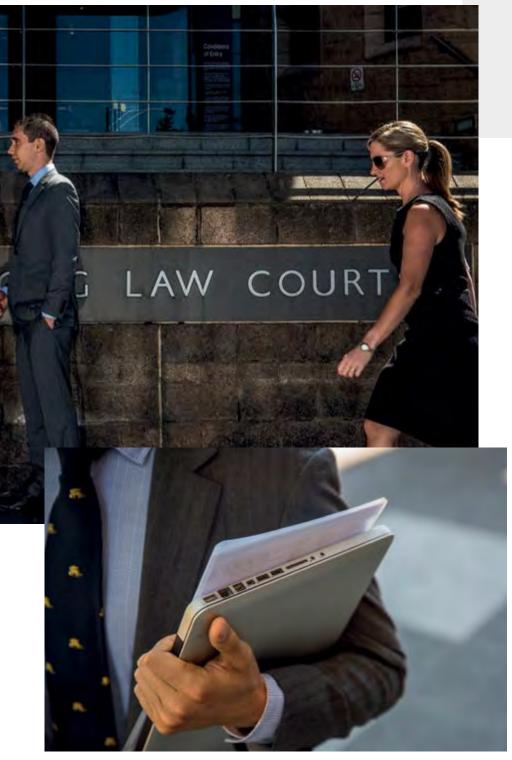

Our Master of Laws is available at the Melbourne Burwood Campus and via the Cloud Campus. Deakin's Cloud Campus offers course content via digital study guides, online lectures, live tutorials, discussion forums, self-assessment tests, and an array of video and audio content to keep you informed and stimulated at all times.

#### A TOP-RANKED LAW SCHOOL

Deakin Law School has been ranked as one of Victoria's top law schools by the prestigious QS World University Rankings. The QS rankings are based on several different criteria including research, teaching, employability, facilities, and internationalisation and engagement.

WHAT CAN I STUDY?

#### **Master of Laws**

Deakin's Master of Laws has a focus on international commercial law and corporate regulation. The course will equip you with fundamental disciplinary knowledge on important areas of the Australian and international legal system and recent professional practice developments. The course covers new developments in major areas of human activity (internet technology, health, financial services), and increased regulation in traditional areas (natural resources, dispute resolution, human rights) to equip you with a high level of knowledge for an advanced legal career.

"Deakin Law School is located in Melbourne – you can easily get there by tram, which runs between campus and the city centre. Melbourne is known as the arts centre of Australia and hosts a variety of events and exhibitions throughout the year. It really is a very lively city and I feel very lucky to live in Melbourne and study at Deakin Law School."

**Oiuyue Wang** Research student Deakin Law School

# MEDICINE

If you want a career making a genuine difference to people's quality of life, consider study at Deakin Medical School. Graduate courses are available in medicine and optometry to serve as entries into careers that are all about helping people – diagnosing health issues and providing solutions to alleviate or cure them.

#### Professionally accredited courses

All of Deakin's postgraduate-level courses in medicine are professionally accredited by relevant governing bodies:

- Bachelor of Medicine Bachelor of Surgery Australian Medical Council<sup>\*</sup>. Graduates who satisfactorily complete an accredited intern year following successful completion of this course will qualify as registered medical practitioners in Australia and New Zealand.
- Bachelor of Vision Science/Master of Optometry Optometry Council of Australia and New Zealand<sup>^</sup>.

#### Gain experience in clinical and practice settings

Deakin Medical School courses include a variety of placements conducted throughout the duration of your degree, providing you with the opportunity to gain valuable skills and experience under the supervision of qualified practitioners.

Bachelor of Medicine Bachelor of Surgery students choose one of four clinical schools for their third and fourth year and some students will have the chance to study for a full year attached to a general practice.

Optometry students experience clinical placements in ophthalmology clinics, hospitals, optometry clinics and private practice. In addition, optometry students have an additional sixmonth clinical residential placement in private practice.

#### **Rural and regional focus**

There is currently a significant allied health workplace shortage throughout Australia, particularly in rural, regional and outer metropolitan locations. To help address this, our courses in allied health have a rural and regional focus, giving you a broader perspective on your studies. You can also undertake placements in rural and regional locations to complement learnings gained from metropolitan settings.

\* Accredited at the time of publishing. ^ Accredited with conditions at the time of publishing.

deakin.edu.au/post-medicine

Deakin's medicine curriculum is designed around problem and team-based learning and delivering excellence across clinical, commercial and professional domains in patient-centred care.

#### WHAT CAN I STUDY? **Bachelor of Medicine**

### **Bachelor of Surgery**

Bachelor of Medicine Bachelor of Surgery students will gain a comprehensive understanding of the practice of medicine with an emphasis on clinical, communication, and procedural skills; diagnosis and management of chronic diseases; and multidisciplinary teamwork. The first two years of the course focuses on problem-based learning in small. collaborative groups. There is a strong emphasis on information technology, which has become an essential part of clinical practice, and on early clinical experience, including simulation-based teaching. Students are invited to preference their clinical schools for years three and four, and may have the opportunity to spend an entire year of study attached to a general practice in a regional community. As a Deakin medical student you will also work with students and practitioners from a range of other health disciplines, including nursing, optometry, psychology, social work, occupational therapy and dietetics. This experience introduces students to working in multidisciplinary teams and helps develop an understanding of the expertise and role of different health professionals.

#### **Bachelor of Vision Science**/ Master of Optometry

Deakin's Bachelor of Vision Science/ Master of Optometry program combines expertise in clinical education with a brand new, state-of-the-art optometry facility and a modern curriculum that reflects the clinical, managerial and commercial demands on today's optometrists. The Bachelor of Vision Science/Master of Optometry course provides graduates with translatable and transferable academic and research skills in optometric practice, vision science, evidence-based practice and scientific literacy. The program will provide graduates with an understanding of visual health issues, specifically impacting on communities in regional and rural Australia and globally. Graduates will gain an understanding of the optometric profession and how optometrists operate within the greater health care system.

Health...page 63 Nursing...page 89 Nutrition and Dietetics...page 93 Psychology...page 97

#### **STATE-OF-THE-ART FACILITIES**

Deakin's facilities are state-of-the-art and modelled on those used in industry. For example, medicine and optometry students have the opportunity to use cutting-edge teaching facilities within the new, purpose-built \$53-million Regional Community Health Hub (REACH).

Despite being relatively young, the medical precinct at the Geelong Waurn Ponds Campus has had a significant upgrade with Epworth HealthCare opening a 250-bed private hospital. These facilities enhance the education of Deakin health, nursing and midwifery, occupational therapy, exercise and sport science, psychology, medicine and optometry students by offering a supportive environment for supervised clinical placements.

MEDICINE

# NURSING

Deakin's School of Nursing and Midwifery is one of the largest in Australia and provides degree programs that reflect current industry trends.

You may be interested in Deakin's specialised postgraduate nursing degree programs if you are a registered nurse wishing to gain expertise in research, leadership and advanced clinical or specialty practice.

Deakin's postgraduate nursing degrees are for registered nurses wishing to gain further qualifications that expand career opportunities and employability. Master's-level preparation will further develop your nursing skills to solve complex and novel problems, think critically, and assume new roles that will enable you to contribute to the provision of safe, high-quality, innovative and flexible health care delivery.

#### We're ranked among the best

Deakin has been ranked number 22 in the world for nursing in the 2016 QS Subject Rankings. These prestigious rankings are based on academic reputation, employer reputation and research impact, and showcase the strength of the Deakin School of Nursing and Midwifery and its programs.

#### Nursing study areas

Based on contemporary, evidence-based practice, all of Deakin's nursing courses equip you with advanced critical thinking and problem-solving skills for professional practice. In addition, you will gain essential leadership, teamwork, communication and collaborative decision-making skills that will enhance the safety and quality of nursing care to optimise patient outcomes. Study areas include advanced nursing practice in a range of contexts, including diabetes.

#### Partnerships

Deakin's School of Nursing and Midwifery Research Partnership Program is the first coordinated program of its kind in Australia. This extensive program connects the school to seven health care organisations in the public and private sector and in metropolitan and non-metropolitan areas of the Australian State of Victoria.

The goal of this innovative program is to facilitate clinical multi-disciplinary research. To this end, programmatic research has been progressed in three strategic research priority areas:

- patient experience
- patient safety
- health workforce.

#### **TEACHING EXCELLENCE IN THE CLOUD**

Deakin's postgraduate nursing courses are taught in the cloud (online). Studying via Deakin's Cloud Campus means you can study from anywhere at any time. Deakin is a leader in cloud learning, and will provide you with a rich, interactive, personal and empowering learning experience. You will be supported by Deakin's awardwinning library services and interactive learning technologies such as videoconferencing, Blackboard Collaborate for synchronous online teaching and learning seminars, as well as digital recordings to playback classes. Your learning experiences will be cutting-edge, engaging and effective.

#### WHAT CAN I STUDY? Master of Nursing Practice

Deakin's postgraduate Master of Nursing Practice is predicated on the notion that registered nurses should practise in ways that extend beyond the technical and practical concerns of nursing, providing leadership, researchbased practice and advanced decision making as part of the multidisciplinary health team. This degree therefore provides research training, as well as leadership and advanced practice expertise, to equip students for leadership roles, and the requirements to undertake higher degrees by research. The Master's course has been designed with a flexible structure that allows students to choose from a range of units that support their career aspirations in advanced practice, nursing management and governance, clinical education and leadership Depending on your desired career direction, you can complete this course via one of the following pathways: Master of Nursing Practice by Minor Thesis or Master of Nursing Practice by Course Work.

### Graduate Certificate of Diabetes Education

Deakin's Graduate Certificate of Diabetes Education prepares qualified health professionals for specialty practice in diabetes education. Teaching staff address both disease prevention and disease management. The course is solution-focused with the goal of transferring knowledge gained from research findings to inform policy, practice and teaching. On completion of the Graduate Certificate course, you will be eligible to apply to continue your studies in the Master of Nursing Practice.

T3 = Trimester 3

PT = Part-time

#### PARTNERSHIP WITH DIABETES AUSTRALIA

Deakin's Diabetes Education course is the longest running graduate certificate in diabetes education in Australia and has a unique teaching partnership with Diabetes Australia, Victoria branch. This teaching partnership ensures the central connection between the course curriculum, clinicians and the leading Australian diabetes consumer organisation.

#### For further information on all nursing courses, visit deakin.edu.au/post-nursing

# NUTRITION AND DIETETICS

Increasing awareness of issues related to nutrition and health has lead to a growing demand for specialists in these fields. Deakin's nutrition courses provide an opportunity to learn about nutrition in a broad context – be it biological, social or policy – thereby preparing students for a diverse array of career outcomes. And both in the classroom and through work placement opportunities, Deakin's Master of Dietetics provides students with professional training to develop skills in the dietary management of individuals and groups.

#### Flexible learning opportunities in the cloud

Most of the postgraduate nutrition courses at Deakin are offered online, providing you a media-rich interactive learning environment that you can access when and where you want. Deakin is a leader in cloud learning, providing high-quality courses delivered by expert academic staff. The Master of Dietetics is the only postgraduate course that is not offered online and requires students to attend classes on campus.

#### Professional accreditation and registration

Deakin's Master of Dietetics is accredited by the Dietitians Association of Australia (DAA) and, as a graduate, you are eligible for full membership of the DAA and the Accredited Practising Dietitian (APD) program. As a graduate of the other postgraduate nutrition courses, you may be eligible for registration with the Nutrition Society of Australia (NSA) as an Associate Nutritionist (ANutr). In some circumstances you may also qualify for Registered Nutritionist (RNutr) or Registered Public Health Nutritionist (RPHNutr) status.

### Partnerships with key industry and non-government players

Deakin's nutrition and dietetics research and teaching is done in collaboration with major industry and non-government partners. The School of Exercise and Nutrition Sciences also has numerous clinical and community dietetics placement partnerships with health care networks, including Melbourne Health, Austin Health, Northern Health and Western Health. These formal partnerships ensure that Deakin's dietetics students have access to some of the largest and most well-respected teaching hospitals and community health services in Melbourne.

"Deakin always ended up as my first preference across my academic study choices. They have an outstanding reputation for nutrition and dietetics. Coupled with friendly and approachable staff, I can see why their reputation still stands."

#### Ashley Ng

Master of Dietetics graduate and current Deakin PhD student

#### WHAT CAN I STUDY?

#### **Master of Dietetics**

Students will develop skills in dietary management of individuals and groups in both health and disease. Full-time professional practice placements provide you with hands-on experience in clinical, community and food service settings. You also develop research and communication skills through group projects and undertake professional and career development through a dietetic-specific professional practice unit. Deakin's master's program allows you to start your career sooner, being one of the few DAA-accredited master's programs in dietetics in Australia of 18 months duration; all other programs are two years in duration. Whilst studying, students will have access to our food and technology laboratories, where you will prepare meals appropriate for individuals with various dietary requirements, including those with renal disease, allergies and intolerances to gluten and lactose.

Deakin was one of the first universities to offer a course in dietetics in Australia and has been proudly offering the **Dietitians Association of Australia** (DAA) accredited degree for more than 35 years.

#### **Master of Human Nutrition**

Deakin's postgraduate nutrition degree programs provide students with the opportunity to learn about nutrition in a broad context, ranging from metabolic studies and food science to social and behavioural nutrition. Throughout these programs, you will develop an understanding of the role of nutrition and diet in the health of individuals and the population. As a graduate you will be qualified and well prepared to undertake professional roles in private industry, government and non-government organisations across an exciting range of areas, including public health nutrition. Opportunities also exist in state and local government and community settings, research institutes or universities and the food and retail industries, to name a few. You may be interested in pursuing project officer roles in a variety of areas, such as health programs with local councils, schools and community health centres, as well as state and federal health departments; sports nutrition; health services management; research or academia; corporate nutrition; or health/nutrition journalism, media and communication.

#### WORK THAT MAKES A DIFFERENCE

Our work is important as poor nutrition and inadequate physical activity are known to increase the risk of a range of chronic health conditions, including heart disease, diabetes, high blood pressure, obesity, osteoporosis, cancer and depression, all of which are common in developed countries such as Australia and on the rise throughout the developing world.

# PSYCHOLOGY

Deakin's large range of psychology postgraduate programs include pathways to registration as a psychologist, academic and research careers. Our professional training programs adopt an evidence-based and competency-focused approach to training. We endorse an integrative model acknowledging the complex interaction between the range of genetic, physiological, behavioural and social/environmental variables that impact on psychological health and wellbeing.

#### Valuable links with industry

Deakin's School of Psychology has strong partnerships with industry, facilitating collaborative activities and research with government agencies, public and private organisations, hospitals and other universities. These partnerships ensure that our courses remain relevant to industry and workforce needs, as well as enable us to provide our research students with excellent opportunities to pursue their own research.

#### Our courses are professionally accredited

All psychology courses offered at Deakin meet the requirements of the Australian Psychology Accreditation Council (APAC), and the Psychology Board of Australia, translating into excellent job and career opportunities for graduates.

#### You will be ready for the workforce

Work readiness is a key feature of Deakin's psychology courses. To give you every success upon graduation, you will have the opportunity to undertake relevant work experience in psychology and participate in transition-to-work activities, such as developing a professional portfolio, writing a resume and perfecting your interview skills.

deakin.edu.au/post-psychology

#### **CAREER OPPORTUNITIES**

Qualified psychologists can work in a variety of settings, including clinical, forensic, organisational, educational, health and many other specialist areas. The contexts in which you can work are just as varied, including private practice, hospitals, business organisations, schools, universities, government agencies and various research groups.

You don't have to go on to full registration to enjoy the benefits of studying psychology. Your understanding of human behaviour and the skills that you develop throughout your course will open up opportunities in industries<sup>\*</sup> such as community services, counselling, education and health services. \* Some of these industries will require further study.

#### POSTGRADUATE PATHWAYS TO FULL REGISTRATION

To obtain registration as a provisional psychologist, you need to complete four years of academic study in psychology that is recognised by the Psychology Board of Australia. This usually consists of an approved three-year undergraduate psychology sequence followed by an approved fourth year of study (such as Deakin's Graduate Diploma of Psychology or honours in psychology). You may then apply for provisional registration with the Psychology Board of Australia and associate membership of the Australian Psychological Society (APS).

To gain full registration, provisional psychologists must then complete either two years of supervised practice or a minimum two years of further study (with supervised practice completed outside the degree). This further study enables you to specialise through a Master of Psychology or Doctor of Psychology degree.

#### WHAT CAN I STUDY?

#### Master of Psychology (Clinical)

This Deakin program provides students with a broad set of clinical skills in a range of assessment and therapy models. Based on an integrative approach to clinical psychology that emphasises evidencebased practice, the program has been designed in consultation with our industry partners to enable you to develop the academic, practical and research skills necessary to register as a psychologist and to practise as a clinical psychologist.

See also Graduate Diploma of Psychology.

#### Master of Psychology (Organisational)

Throughout Deakin's Master of Psychology (Organisational) you will acquire the academic, practical and research skills required for accreditation and registration and to enter this specialty profession either in employment as a practising organisational psychologist or as an employee of one of the many organisations or industries employing psychologists. The Master of Psychology (Organisational) meets the requirements for graduates to register as organisational psychologists with the Psychology Board of Australia and for membership of the Australian Psychological Society (APS).

# SCIENCE AND ENVIRONMENT

If you are interested in finding solutions to issues such as the impact of climate change on our planet, reducing our carbon footprint, the use of stem cells in medical research to improve our quality of life or using nanotechnology to create new and innovative materials, choose science at Deakin.

#### An innovative new degree program

The Master of Science (Research) is the first course of its kind to be offered at Deakin. This distinctive course involves a unique combination of coursework and research, providing the ideal pathway between undergraduate study and a doctoral degree. Three science and environment specialisations are offered within this course, providing you with the opportunity to focus your studies on the area that interests you most.

#### State-of-the-art facilities

Deakin science students have access to cutting-edge facilities and the latest research at the Geelong Technology Precinct (GTP). The GTP contains industrial scale infrastructure and specialised research equipment that focuses on Deakin's core research areas in materials, biotechnology, chemistry and environmental engineering. Among the many tenants at the GTP is Carbon Nexus, the world's first dedicated, pilot-scale carbon fibre plant.

deakin.edu.au/post-science

#### CHEMISTS CLICK ONTO PROMISING TB TREATMENT

Deakin materials chemist Dr Luke Henderson and his team have discovered a promising group of molecules that target and kill TB bacteria that could lead to a much needed new treatment option. Over the past 12 months, Dr Henderson, a Senior Research Fellow at the Institute for Frontier Materials, has been researching the molecules' TB-fighting potential with his PhD students Jarrad Altimari and Samantha Hockey.

The researchers have used the pioneering approach to chemistry called "click chemistry" which enables substances to be generated quickly by joining small modular units together, like Lego, and is proving to have outstanding applications in areas ranging from materials sciences and polymer chemistry, to pharmaceuticals. Their next step will be to focus on understanding how the molecules select and kill TB bacteria and whether they may cause side effects.

#### WHAT CAN I STUDY?

#### Master of Science (Research)

The Master of Science (Research) prepares you for a career in research and industry. A distinctive suite of specialisations provides options in advanced research training, specialised coursework and professional skills development. You will develop expertise in a different but related discipline area from that of your undergraduate degree to build skills necessary for a professional or research career. Below you can find descriptions of each of the three science and environment specialisations offered by the Master of Science (Research).

#### Biotechnology

Biotechnology is one of the fastest growing scientific sectors. Students will benefit from the state-of-the-art facilities and cutting-edge research, while exploring their interests in agricultural, cellular and molecular biotechnology; nanotechnology; and analytical techniques. Graduates completing this specialisation will have the ability to work in industrial, innovative, regulatory, emerging and commercial biotechnology sectors.

#### Frontier Materials and Nanotechnology

This specialisation equips students with the skills to analyse and understand engineering materials at a nano-level and to apply this knowledge for the development of new material solutions that push forward the frontiers of technology.

#### Sustainable Regional Development

This area is critical to the economic performance of both developed and developing countries, especially in the face of globalisation, population growth, economic structural adjustments and climate change. Demand has risen sharply for professionals with the ability to undertake regional socioeconomic and environmental planning that looks to the long-term competitive advantages of regional areas, and propose appropriate policy responses.

#### See also ...

Graduate Diploma of Sustainable Regional Development, Graduate Certificate of Sustainable Regional Development.

#### Master of Philosophy (Electromaterials)

This new degree gives you the chance to help address some of today's most challenging problems in clean energy, human health and advanced manufacturing. You will discover new materials, practise cutting-edge characterisation techniques and assemble new materials into electrochemical devices. This joint degree between Deakin University and the University of Wollongong offers a combination of course work and research. You will undertake a research thesis as part of a team developing innovative solutions in the areas of clean energy, human health and next generation manufacturing.

For more on the cutting-edge research being done at Deakin visit:

For further information about English language requirements, see page 19 of this Guide.

\* Science and environment-related specialisations for the Master of Science (Research) are only available at the Melbourne Burwood and Geelong Waurn Ponds campuses. The Master of Philosophy (Electromaterials) is a joint course with the University of Wollongong. Students will choose either Deakin or the University of Wollongong as their home institution, but students are expected to engage in studies at both universities as part of the degree. As of April 2016, enrolment at the University of Wollongong campus location is not yet registered with TEQSA. Until registration is received, Deakin students will be unable to undertake the University of Wollongong study component. Visit the Deakin website at deakin.edu.au for the most up to date information.

#### SUSTAINABLE REGIONAL DEVELOPMENT

Globalisation, population growth, economic structural adjustments, and climate change are having an impact on regional and rural economies, environments and communities around the world. But through targeted analysis and proper planning these changes can be harnessed to create new economic, social and environmental opportunities for regional/rural areas and communities.

Deakin now offers opportunities for advanced studies in sustainable regional development at the master's, graduate diploma and graduate certificate levels. Graduates will be well-prepared for employment in rural and regional socio-economic and environmental planning.

#### BIOTECHNOLOGY

Did you know that there are currently more than 400 biotech drug products and vaccines undergoing clinical trials, targeting many diseases such as a variety of cancers, Alzheimer's disease, heart disease, diabetes, multiple sclerosis, arthritis and HIV? More than 325 million patients have benefited from approved medicines manufactured through biotechnology and gene technology to treat or prevent heart attacks, stroke, multiple sclerosis, breast cancer, cystic fibrosis, leukemia, hepatitis, diabetes and other diseases.

Deakin students in the Master of Science (Research) undertaking the Biotechnology specialisation will equip themselves with the skills and expertise to work in one of the fastest growing scientific sectors. Students will benefit from the state-of-the-art facilities and cutting edge research, while exploring their interests in agricultural, cellular and molecular biotechnology; nanotechnology and analytical techniques. Graduates completing this specialisation are highly employable, with the ability to work in industrial, innovative, regulatory, emerging and commercial biotechnology sectors. Study areas include: agricultural biotechnology, laboratory techniques for cellular and molecular biotechnology, frontier techniques in biotechnology and nanotechnology, and industrial and analytical techniques in biotechnology.

# **SPORT**

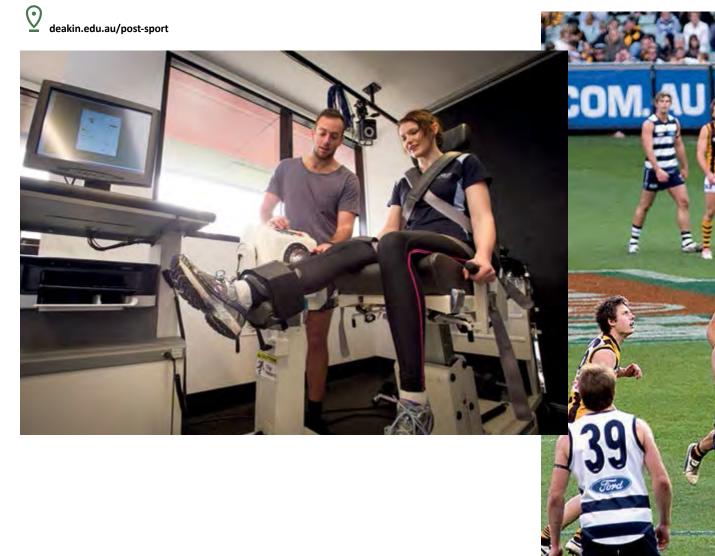

Sport is a growing industry – both in Australia and around the world – and with an increased focus on fitness, health and sports entertainment, the need for sporting professionals, including sport managers and exercise physiologists, has never been higher.

#### A global leader

Deakin's Master of Business (Sport Management) is Australia's top-rated sport management program. We're currently ranked in the top 10 globally and fifth for graduate salaries (*Sport Business International* 2015 Postgraduate Sports Course Rankings).

#### Accreditation

The Master of Clinical Exercise Physiology is the first clinical exercise course in the Australian State of Victoria to achieve accreditation with Exercise and Sports Science Australia (ESSA). The degree provides graduates with a simple pathway to accreditation as Accredited Exercise Physiologists (AEP) and access to Provider Numbers with Medicare Australia, WorkSafe Victoria, DVA, TAC, and other compensable funds and schemes. With its expert teaching team, highly practical clinical teaching program, and Clinical Exercise Learning Centre, this course is the leading postgraduate program in its field.

"This course is tailored for anyone with a passion for business in today's world of sport. I especially look forward to the classes on sport promotions and public relations, sport and the law, and sport marketing as these are subjects closest to my heart."

Himanshu Kishnani Master of Business (Sport Management) student

#### WHAT CAN I STUDY?

#### **Master of Business** (Sport Management)

Australia has one of the strongest sporting sectors in the world, offering significant opportunities for professionals in the area of sport management. Whether it is at an elite, semi-elite or recreational level, sport management at Deakin prepares you to deliver on this strategic dimension of the industry, in areas such as finance, marketing, management or development.

See also Graduate Certificate of Business (Sport Management).

#### **Master of Clinical Exercise** Physiology

The Master of Clinical Exercise Physiology aims to develop your knowledge and expertise in the application of exercise for both the prevention and treatment of many chronic medical conditions, injuries and disabilities. This program will enable you to understand the effects of acute and chronic exercise on physiological and pathophysiological processes in individuals with injury and disease. It will also link you to the industry through high quality clinical placements where you will develop as a practitioner. Students embark on a range of external clinical practicum experiences organised by the University, designed to expose you to a wide range of clientele, practitioners and institutions.

Course	Course code	Years full-time	Campus	Trimester intake	2017 annual course fee*	IELTS score required^
SPORT						
Master of Business (Sport Management)	M748	2	BC	T1, T2, T3	\$34 296	6.5/6
Graduate Certificate of Business (Sport Management)	M518	0.5	C	T1, T2	\$17 148	6.5/6
Master of Clinical Exercise Physiology	H743	1.5	В	T1	\$30 080	7/7

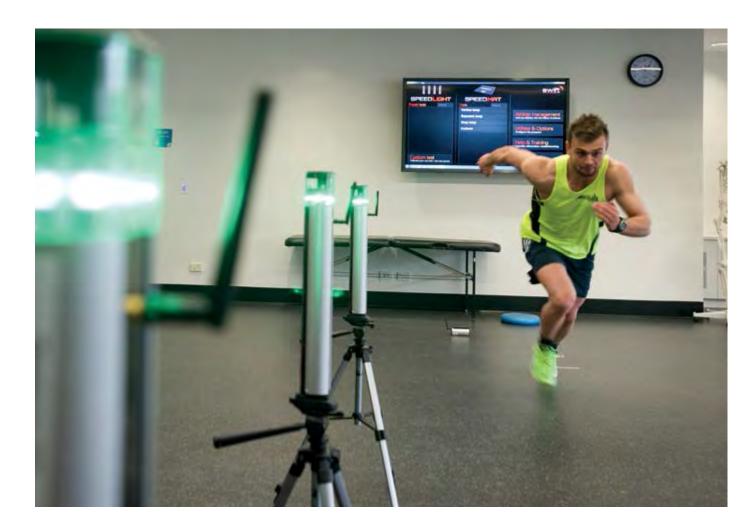

\* For master's programs and graduate diploma programs the annual course fee indicates the tuition fee for two trimesters of full-time study, or 8 credit points, unless otherwise indicated. For graduate certificate programs the annual course fee indicates the tuition fee for the entire course, or 4 credit points, unless otherwise indicated. Additional fees may apply. For more information about fees visit deakin.edu.au/post-fees.

\* IELTS is the International English Language Testing System. The IELTS scores in the table above reflect the minimum overall score required as well as the lowest score allowed for any band (overall score/lowest band score). For further information about English language requirements, see page 19 of this Guide.

T1 = Trimester 1

T2 = Trimester 2 T3 = Trimester 3

PT = Part-time

## FEATURED COURSES

The course comprises a total of 12 credit points.

Core units

HSE702 Exercise Physiology for Neurological and Neuromuscular Disease HSE703 Exercise Behaviour and Motivation HSE704 Exercise Physiology for Metabolic Disease HSE705 Exercise Physiology for Cardiopulmonary Disease HSE706 Research in Clinical Exercise Physiology HSE707 Exercise Physiology for Musculoskeletal Injury and Disease HSE709 Exercise Physiology for Special Populations HSE711 Pre Clinical Practice 1 HSE712 Pre Clinical Practice 2 HSE714 Clinical Practicum 1\* HSE715 Clinical Practicum 2<sup>\*</sup> HSE717 Clinical Practicum 3\*

\* Clinical practicums available for flexibility and to accommodate part-time students in Trimester 3.

## HIGHER DEGREES BY RESEARCH

With an international outlook and a commitment to research driven by the needs of communities and the global marketplace, Deakin is forging research partnerships with institutions and industry players throughout the world.

As the University's research footprint continues to grow, Deakin has found itself rapidly climbing up international research rankings. In 2015 five Deakin academics made the prestigious Thomson Reuters Highly Cited Researchers listing that represents some of the world's most influential scientific minds, placing these academics among the top researchers in their fields.

By working towards a higher degree by research at Deakin you will be making yourself part of a community devoted to success and mutual support.

For more information visit **deakin.edu.au/post-research**.

## RESEARCH DEGREES

## FACULTY OF ARTS AND EDUCATION

Deakin's Faculty of Arts and Education is home to academic staff who are internationally renowned for their research and key players in national and international associations and editorial boards.

Research efforts focus on important social, cultural, political, historical and philosophical issues relevant to students, employers and society as a whole. Particular focus is paid to the impact of globalisation and internationalisation on development, cultural heritage, communication and education delivery. Through the Deakin Motion.Lab motion capture facility, we deliver applied, artistic and technological research in animation, human movement analysis, 3D stereoscopic visualisation, movement based artificial intelligence and interactive performance.

#### **Research Institutes and Strategic Research Centres:**

- Alfred Deakin Institute for Citizenship and Globalisation
- Centre for Research in Educational Futures and Innovation

#### **Research areas**

Within the Faculty of Arts and Education, each School offers research opportunities including but not restricted to the following areas:

#### School of Communication and Creative Arts

Affect theory; celebrity studies; children's literature; communication studies; contemporary arts theory, collaborative arts and professional practice; corporate citizenship; communication studies; cultural studies and policy; dance; drama; digital culture and interactive media; journalism; linguistics and applied linguistics; literary studies; media and communication; media arts; performance studies; persona studies; post colonial literature studies; practice-as-research; professional writing; public relations; visual arts; visual communication.

#### School of Humanities and Social Sciences

Anthropology; Australian studies; cultural heritage and museum studies; criminology; history; humanities studies; international and community development; international relations, international studies and security studies; language and culture studies; philosophy; politics and policy; sociology.

#### School of Education

Action research and program evaluation; leadership, governance and policy studies; literacy/ies; teacher education; pedagogy; curriculum studies; science technology and environmental education; higher education; technologies and futures; internationalisation and international schooling; wellbeing; identity/ies and gender; teacher professional learning; school improvement; health, sport and physical education; mathematics education; equity and social justice; education transitions; applied learning; arts education; early childhood education; TESOL/TLOTE.

## RESEARCH DEGREES BUSINESS AND LAW

Deakin Business School and Deakin Law School are committed to multidisciplinary research with an emphasis on applied and commercial research that is relevant to critical policy issues faced by government, business and society. Our researchers have international reputations and, along with their postgraduate research students, are carrying out research that makes a difference.

The schools have research strengths in key areas, which are reflected in the following research centres:

- Centre for Comparative Corporate Governance
- Centre for Economics and Financial Econometrics Research
- Centre for Energy and Natural Resources
- Centre for Evidence Based Sentencing
- Centre on the Legal Profession
- Centre for Organisational Health and Consumer Wellbeing
- Centre for Rural Regional Law and Justice
- Centre for Sustainable and Responsible Organisations
- China Business and Economics Research Centre
- The IPA-Deakin SME research partnership

#### **Research areas**

#### Deakin Business School Department of Accounting

Governance and accountability (includes auditing, corporate/ financial reporting, risk management, corporate social responsibility, social and environmental accounting, organisational culture, management accounting); accounting professionalisation (includes the accounting profession, ethics, accounting professionals); financial planning; accounting education (which includes pedagogy, technology and learning outcomes in accounting, digital technologies, quality and standards, assessment, assurance of learning, international education standards).

#### **Department of Economics**

Microeconomics; game theory; macroeconomics; monetary economics; economic development; environmental and resource economics; international economics; labour economics; health economics.

#### Department of Finance

Risk management and dynamic hedging in financial markets; asset pricing; corporate finance; corporate governance; bank regulation and financial stability; initial public offerings; emerging markets; mergers and acquisitions; international finance; financial econometrics; real estate.

**Department of Information Systems and Business Analytics** Business analytics; competitive advantage; visual analytics; cognitive analytics; information systems; cyber security; information security; and governance.

#### Department of Management

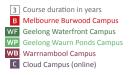

Arts and cultural management and marketing; business ethics, corporate social responsibility and sustainable development; business and management education; cross cultural and diversity management; cultural policy; employee and organisational well-being; entrepreneurship and innovation; human resources management; industrial relations; international business; labour migration; public policy; regional and rural business; international business; leadership; sport management and marketing; supply chain and operations management; workplace health and safety; profit and not-for profit sectors; and local government.

#### Department of Marketing

Social and transformative marketing; marketing and public policy; services marketing; marketing communication; marketing/business education; marketing analytics and modelling; health marketing.

#### Deakin Law School

Commercial law; company law; corporate governance; financial crime; health and medicine law; property law; natural resource law; mining and energy law; climate change law and policy; environmental law; competition law; sentencing; intellectual property (covering moral rights; Asia, Europe and comparative law).

# RESEARCH DEGREES

The Faculty of Health provides a range of research programs at master's and doctorate levels across a broad range of health-related disciplines. In the 2015 Excellence in Research for Australia (ERA) assessment Deakin received the highest possible ranking (5/5 – well above world standard) for research in Medical and Health Sciences.

The Faculty also has research partnerships with key organisations in the fields of public health; health promotion; occupational therapy; social inclusion and disability; environmental health and sustainability; and social work as well as clinical partnerships in the fields of nursing and midwifery, nutrition, and medicine. Partners include the Australian Government's Department of Human Services and the World Health Organization.

#### **Research Institutes**

Institute for Physical Activity and Nutrition Research

#### Strategic Research Centres:

- Centre for Quality and Patient Safety Research
- Centre for Social and Early Emotional Development (SEED)
- Innovation in Mental and Physical Health and Clinical Treatments (IMPACT)
- Molecular and Medical Research
- Centre for Populations Health Research
- Centre for Sports Research

#### **Research areas**

The Faculty of Health offers research opportunities in:

#### Disability

Equity, access and inclusion issues and the nature of disability in the areas of augmentative and alternative communication; ageing; employment; the law; community living; human rights; and evaluation of services.

#### Exercise and sport science

Physical activity and health; exercise and behaviour; muscle and bone metabolism; molecular regulation of muscle growth and function; movement analysis; neural control of muscle in health and disease; musculoskeletal rehabilitation; athlete and sport performance; clinical exercise; occupational exercise science; health and sport coaching.

#### Food and nutrition science

Measurement and evaluation of food sources of nutrients; impact of nutrient intake on disease risk; sensory evaluation of taste and its influence on diet; nutritional assessment; epidemiology and population health; public health policy; diet and disease relationships throughout the lifespan, including a specific interest in cancer, cardiovascular disease, lipidology, obesity, diabetes, osteoporosis, and gut health; muscle growth and metabolism; molecular nutrition; food formulation; chemical evaluation of food; and substantiation of health benefits of functional foods.

#### Health

Health promotion; health economics; program evaluations; public health policy; food security; sexual and reproductive health; family health care; climate change impacts and health; community interventions; obesity prevention; diabetes; osteoporosis; rural health; health and the environment encompassing sustainability, decision-making and community involvement; social determinants of health (focus on equity, gender, ethnicity and inequality).

#### Medicine

Molecular medicine research in immunity; infectious diseases; developmental biology; molecular physiology; musculoskeletal biology; haematology; cancer; metabolic disease; structural biology; nanomedicine; gene discovery and analysis; functional genomics and pre-clinical development; testing of new therapeutics; rural/regional general practice; health and wellbeing; chronic disease management.

#### Nursing and midwifery

Safety, quality and equity of health care; minimising clinical risks; symptom management; workforce development; health services evaluation.

#### Occupational science and therapy

Early childhood intervention; specific learning disabilities; developmental coordination disorders; social adaptive behaviour; play as therapy; eating disorders and self-image.

#### Psychology

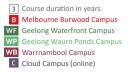

Clinical, health and forensic psychology; social and mental health; adolescent health; risk behaviours, body image and disordered eating; drugs and alcohol; eye-witness testimony; treatment of offenders; human sexuality; healthy ageing and depression among older people; disability; quality of life; relationships; human factors such as auditory and visual perception; organisational psychology in health care settings.

#### Public health

Nutrition, physical activity and population health; public health and social/cultural aspects of health; health economics and program evaluation; international health; health and human services systems; epidemiology and population health; environmental impacts on public health; behavioural epidemiology.

#### Social work

Social work theory and practice; critical social work; evidence bases in social work; social work education; human services provision; child and family welfare; mental health; diversity and inclusivity; masculinities; religion and spirituality; gender relations and gender violence.

Doctor of Psychology (Clinical) <sup>^^</sup>	H951	3	В	\$34 960	7/6.5

\* IELTS is the International English Language Testing System. The IELTS scores in the table above reflect the minimum overall score required as well as the lowest score allowed for any band (overall score/lowest band score). For further information about English language requirements, see page 19 of this Guide. ^ The H910 Doctor of Philosophy involves research in health promotion; health education and advancement; public health policy; household ecology

encompassing sustainability, decision making and community involvement; and social determinants of health with a focus on gender, ethnicity and inequality. Public health research in nutrition includes; measurement and evaluation of food sources; nutritional assessment; exercise and behaviour; sports nutrition; physiology and metabolism; diet and disease with particular interest in cancer, cardiovascular disease, obesity, diabetes and osteoporosis.

" The H940 Doctor of Philosophy involves research exercise science/sport and physical activity and nutrition, including epidemiological, behavioural and social science analyses of activity in whole populations and special groups such as older adults; studies of muscle and bone metabolism and physiology of muscle, particularly as these relate to sporting performance and other forms of physical performance and endurance, and to precursors of chronic disease; and movement analysis and sport performance relating particularly to motor skill acquisition, perception and action, movement economy, and gait and falls in older adults. Research in the discipline of nutrition also includes measurement and evaluation of food sources, sports nutrition, and diet and disease with particular interest in cardiovascular disease, obesity, diabetes and osteoporosis.

<sup>~</sup> The **H861 Master of Applied Science** and **H961 Doctor of Philosophy** involve research in a health-related topic. Research may be supported across a broad range of disciplines including exercise and sports science, food and nutrition, health and medicine, nursing and midwifery, occupational science and therapy, public health and health promotion, clinical and forensic psychology, health economics and program evaluation, and social work.

\*\* The H860 Master of Applied Science and H960 Doctor of Philosophy involve research into the molecular basis of health and disease. Research areas include: immunity, infectious diseases, developmental biology, molecular physiology, musculoskeletal biology, haematology, cancer, metabolic disease, structural biology and nanomedicine.

<sup>^^</sup> Students who are selected into **H951 Doctor of Psychology (Clinical)** must obtain provisional registration from the Psychology Board of Australia prior to their first class. The English language competency required for provisional registration can be demonstrated in various ways, including an IELTS test scores of 7/7 (see http://www.psychologyboard.gov.au/Registration/Overseas-Applicants.aspx for other means of meeting the English language requirements).

## RESEARCH DEGREES

## SCIENCE, ENGINEERING AND BUILT ENVIRONMENT

The Faculty of Science, Engineering and Built Environment seeks to broaden our impact, partnerships, innovation, and to focus on issues that reflect our surrounding environment.

In the recent Excellence in Research for Australia (ERA) rankings, Deakin received the top ranking of 5 – well above world standards – in macromolecular and materials chemistry, environmental science and management, zoology, and materials engineering. The University also received a ranking of 4 – above world standards – in the chemical sciences, physical chemistry, evolutionary biology, agricultural and veterinary sciences, fisheries sciences, artificial intelligence and image processing, distributed computing, electrical and electronic engineering, manufacturing engineering, mechanical engineering, and nanotechnology clusters.

#### Strategic Research Centres:

- Centre for Chemistry and Biotechnology
- Centre for Integrative Ecology
- Centre for Regional and Rural Futures
- Pattern Recognition and Data Analysis (PRaDA)
- Centre for Cyber Security Research

#### Associated Research Centres and Institutes:

- Centre for Intelligent Systems Research
- Institute for Frontier Materials
- Molecular and Medical Research

#### **Research areas**

Deakin offers research opportunities in the following areas:

#### Architecture and built environment

Architectural and built environment; architectural and urban design; urban and regional studies; social and cultural ecologies; construction and project management; built environment education.

#### Engineering

Advanced design and manufacturing; sustainable infrastructure and energy systems; biomedical engineering systems; human interaction systems; networked sensing and control; virtual reality environments; sustainable water management; structural engineering; and engineering education.

#### Information technology

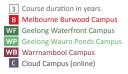

Artificial intelligence; data analytics; information and network security; distributed systems; communication networks; multimedia systems; bioinformatics; intelligent machines; digital forensics; and service and cloud computing.

#### Life and environmental sciences

Biodiversity; bioinformatics; biomolecular sciences; biotechnology; cell biology; chemistry and forensic sciences; ecology; ecophysiology; sensory ecology and behaviour; zoology; plant sciences; environmental management and sustainability; evolutionary biology; marine biology; freshwater science; aquatic ecology; aquaculture; palaeobiology and global change; wildlife and landscape ecology.

#### **INSTITUTE FOR FRONTIER MATERIALS**

The Institute for Frontier Materials (IFM) at Deakin is recognised as one of Australia's leading materials research organisations. Our research is addressing some of society's major challenges through innovations in materials design and performance. IFM researchers come from a range of disciplines, including engineering, chemistry, materials science, physics, biology and mathematics to develop new materials and engineering solutions. Our aim is to develop new materials and technologies that are affordable and also have a low cost to society of manufacture, use and recycling.

\* IELTS is the International English Language Testing System. The IELTS scores in the table above reflect the minimum overall score required as well as the lowest score allowed for any band (overall score/lowest band score). For further information about English language requirements, see page 19 of this Guide. ^ The Master of Philiosophy (Electromaterials) is a joint course with the University of Wollongong. Students will choose either Deakin or the University of Wollongong as their home institution, but students are expected to engage in studies at both universities as part of the degree. As of April 2016, enrolment at the University of Wollongong campus location is not yet registered with TEQSA. Until registration is received, Deakin students will be unable to undertake the University of Wollongong study component. Visit the Deakin website at deakin.edu.au/international for the most up to date information.

" Select units within the Information Technology specialisations of the Master of Science (Research) may be completed online at the Cloud Campus.

# APPLICATION FORMS

#### YOU CAN APPLY ONLINE TO DEAKIN

#### **Privacy statement**

Please read the following Deakin University privacy statement with regard to any information you provide to Deakin as part of the application process:

Deakin University is collecting your personal information for the primary purpose of assessing your application. The University will also use this information to register you in Deakin's student management system, for planning and quality assurance purposes and to notify you about further opportunities and activities of Deakin that may be of interest to you. Your personal information may be stored in 'cloud'-based servers located in Australia or overseas. Deakin may provide your personal information to relevant institutions and employers to verify your qualifications and may disclose your personal information to Australian government agencies, including the Department of Immigration and Border Protection and the Department of Education and Training, where required by legislation or to support your visa application. Your personal information will also be disclosed to your overseas student health cover provider and, if you are under 18 years of age, to the carer appointed for you. If an agent has assisted you with your application for admission or your visa application, Deakin and the agent may share your personal information.

You are not required to provide the information requested, however if the information is not provided, Deakin may not be able to assess your application.

Deakin manages personal information it holds, including requests by individuals for access to their personal information, in accordance with the Privacy and Data Protection Act 2014 (Vic) and the Health Records Act 2001 (Vic). Deakin's Privacy Policy may be viewed on *The Guide* – http://theguide.deakin.edu.au.

For further information on privacy at Deakin please contact +61 3 5227 8524 or email **privacy@deakin.edu.au**.

## INTERNATIONAL ON-CAMPUS APPLICATION FOR UNDERGRADUATE AND POSTGRADUATE STUDY

DO NOT complete this form if you are a citizen of Australia or	New Zealand or Permanent Resident of Australia.			
<ul> <li>Please complete all sections and print neatly in BLOCK LETTERS. Incomplete applications will experience delays in application outcomes.</li> <li>Include certified/notarised evidence of academic qualifications, English language proficiency and copy of passport.</li> <li>Enclose a non-refundable A\$55 (\$50+10% GST) application fee (bankdraft made payable to Deakin University).</li> <li>Return this form and attachments to your representative or send to: Deakin International, Deakin University, 221 Burwood Highway, Burwood, Victoria 3125 Australia Email: deakin-int-admissions@deakin.edu.au</li> </ul>				
I am applying for: Undergraduate study Postgraduate study				
Are you a current or former Deakin University student? No Yes If yes	, please provide student ID			
PERSONAL DETAILS (AS SHOWN IN PASSPORT) - PLEASE PROVIDE CERTIFIED COPY (	DF PASSPORT			
Title Mr Mrs Ms Miss Dr Other:	Gender Male Female			
Family name	Given name(s)			
Country of citizenship	Country of birth			
Date of birth DD/MM/YY	Country this application is submitted from			
Will you be bringing your family to Australia while studying at Deakin University? If yes, please state how many	Yes No			
PERMANENT ADDRESS IN HOME COUNTRY				
Address

Telephone ( )	Mobile ( )			
CITIZENSHIP INFORMATION				
Are you a citizen or permanent resident of Australia or New Zealand? Yes	No			
Do you currently hold any type of Australian visa? Yes No				
If yes, please provide Visa Type (e.g. student)	Visa Expiry Date D / M M / Y Y			
Have you been refused a visa to any country? Yes No (If yes, please attac	ch evidence)			

Have you been issued a protection visa in any country to date? Yes No (If yes, please attach evidence)

#### **COURSE PREFERENCES**

Indicate your preferred course of study and campus including course codes, course titles and major sequences (where applicable). When indicating campuses, use the following abbreviations: B=Melbourne Burwood Campus, WP=Geelong Waurn Ponds Campus, WF=Geelong Waterfront Campus, WB=Warrnambool Campus. Please note, not all courses are available at all campuses. Due to quota restrictions, places may not be available in some courses on certain campuses.

	Course Code	Course Title	Major Sequence	Campus	Start Date
Example	A726	Master of Arts	International Studies	В	Trimester 1, 2017
1st Preference					
2nd Preference					

I have provided/will provide any additional application documentation (e.g. folio, personal statements) as outlined in the course description section of Deakin's Course Guide for International Students

If your application is unsuccessful, would you be interested in receiving information about Deakin pathway courses conducted by Deakin College?

#### Yes No

#### Trimester dates

See the Deakin website for trimester dates: deakin.edu.au/study-at-deakin/important-dates/trimester-dates. For information on Medical School semester dates, census dates and other details, see deakin.edu.au/study-at-deakin/important-dates.

#### **ENGLISH LANGUAGE PROFICIENCY**

You must provide documentary evidence of your English language proficiency to meet Deakin's English language requirements.

Please tick appropriate boxes	1) I have sat the following: IELTS TOEFL DUELI CPE Please attach results .		ET test.
	<ol> <li>Provide other documentary evidence</li> <li>(Refer to English language requirements webpage for more information: http://www.deakin.edu.au/future-students/international/apply-entry/en</li> </ol>		Please attach results.
Are you currently studying?	No Yes		
Name of course/award	Institution	Country/State	Date results are expected

#### **PREVIOUS EDUCATION**

Provide details of all secondary/tertiary studies undertaken (attach certified/notarised copies of results).

Name of course/award	Institution	Country/State	Years enrolled (e.g 2009-2012)	Full time or part time	Successfully completed?
					Yes No
					Yes No
					Yes No

#### Are you applying for recognition of prior learning (i.e. credit transfer or credit from previous study?) Yes No

If yes, please provide relevant supporting documentation (e.g. subject outlines, course structure, etc). For more information please visit deakin.edu.au/courses/credit.

#### EMPLOYMENT HISTORY (IF APPLICABLE)

#### Please attach a more detailed statement if necessary.

Employer's name	From	То	Description of responsibilities
	ΜΜΙΥΥ	MM/YY	
	ΜΜΥΥΥ	MM/YY	
	ΜΜΙΥΥ	ΜΜ/ΥΥ	

#### SPECIAL REQUIREMENTS

I have a medical condition or a disability that requires support while I am at Deakin, and have attached a separate statement explaining my needs.
I have provided/will provide any additional application documentation (e.g. folio, personal statements, etc.) as outlined in the course description in the courses section.

#### **FUNDING SOURCE**

Please attach a more detaile	Please attach a more detailed statement if necessary.				
Private Funding	Self	Loan	Funding		
Scholarship/Sponsorship	Government	Private institution			
Other	Please specify				

#### **DECLARATION AND AGREEMENT STATEMENT**

1.	I declare I am a Genuine Temporary Entrant (GTE)* and a genuine student and have read and understood conditions relating to these requirements.
1.	* For more information about GTE visit www.border.gov.au and enter 'Genuine Temporary Entrant' into the search box.
2.	I am aware of the tuition and living costs of my stay in Australia and have financial capacity to meet such costs for the duration of my course. I will make timely payments of any fees or associated costs.
3.	I have attached certified/notarised documentary evidence of all my academic studies and associated documentation (including studies not completed) with its official explanation of the grading system in both original and English translated version. I grant approval to Deakin University to verify my academic documentation with my previous institutions. Failure to provide all information to Deakin will cause a delay in the assessment of my application.
4.	I have attached documentary evidence of English language qualifications when available.
5.	I have attached employment history details (where applicable).
6.	I have attached a certified copy of my passport (when available).
7.	If sponsored by a government body or private organisation, I give Deakin University permission to provide this sponsor with information about my academic progress.
8.	I declare that the information in this application and the supporting documentation is true and correct. I have read and understood the sections of the International Course Guide relating to the courses I have selected, and the admission procedures, fees, refund policy and privacy policies. I acknowledge that the provision of incorrect information or documentation or the withholding of relevant information or documentation relating to this application may result in Deakin University cancelling any offer of enrolment or actual enrolment.
	I have read, understand and agree to the Declaration and Agreement Statement

## HIGHER DEGREE BY RESEARCH APPLICATION

No

DO NOT complete this form if you are a citizen of Australia or New Zealand or Permanent Resident of Australia.

- Please complete all sections and print neatly in BLOCK LETTERS. Alternatively, you may apply online at http://deakin.edu.au/study-at-deakin/apply/apply-for-a-research-degree. Incomplete applications will experience delays in application outcomes.
- Include certified/notarised evidence of academic qualifications, English language proficiency, and copy of passport.
- Enclose a non-refundable A\$55 (\$50+10% GST) application fee (bankdraft made payable to Deakin University).
- Return this form and attachments to your representative or send to: Deakin University, Deakin International, 221 Burwood Highway, Burwood, Victoria 3125 Australia Email: di-team8@deakin.edu.au

Are you a current or former Deakin University student?	No	Yes	If yes, please provide student ID							
	100	100	in yes, pieuse provide student ib			 1 1	1 1	4 P	I I	

#### TYPE OF APPLICATION (SELECT ONE ONLY)

Research candidature only (no scholarship sought)

Research candidature and scholarship (please note, successful scholarship applicants must study full time)

If you are not successful in securing a scholarship, will you accept candidature as a full-fee paying student?

Scholarship applications are considered once per year. Application closing date is July 31. Full details of the range of scholarships available are listed at deakin.edu.au/future-students/research/scholarships/index.php

#### PERSONAL DETAILS (AS SHOWN IN PASSPORT) - PLEASE PROVIDE CERTIFIED COPY OF YOUR PASSPORT

Title Mr Mrs Ms Miss Dr Other:	Gender Male Female
Family name(s)	Given name(s)
Country of citizenship	Country of birth
Date of birth DD/MM/YY	Country this application is submitted from

No

Will you be bringing your family to Australia while studying at Deakin University?

#### PERMANENT ADDRESS IN HOME COUNTRY (IF YOU CHANGE YOUR ADDRESS PLEASE ADVISE THIS OFFICE IMMEDIATELY.)

Address	
Country	Postcode
Email	
Telephone ( )	Mobile ( )

#### AGENT DETAILS (IF APPLICABLE) OR ADDRESS FOR CORRESPONDENCE (ONLY IF DIFFERENT FROM ADDRESS IN HOME COUNTRY)

Agency Name (if applicable)	
Address	
Country	Postcode
Email	
Telephone ( )	Mobile ( )

NOTE:

If qualifications were gained in former name, certification of name change must be provided.

If contact details will change while this application is being processed, please attach the date they will change and the new contact details, if known. If details change unexpectedly while this application being processed, please advise Deakin International immediately.

CITIZENSHIP INFORMATION	
Are you a citizen or permanent resident of Australia or New Ze	ealand? Yes No
Do you currently hold any type of Australian visa? Yes	No
If yes, please provide Visa Type (e.g. student)	Visa Expiry Date DD/MM/YY
Have you been refused a visa to any country?	o (If yes, please attach evidence)
Have you been issued a protection visa in any country to date?	P Yes No (If yes, please attach evidence)
PROPOSED DEGREE	
Tick ONE only:	
Doctor of Philosophy Ma	Ister of Commerce Master of Laws
Master of Applied Science Ma	ster of Construction Management Master of Nursing
Master of Architecture (Research)	ster of Economics Master of Science
Master of Arts	aster of Engineering Master of Social Work
Proposed School or discipline area	
Proposed Research Title (maximum of 10 words)	
Will you be using confidential information in your research?	Yes No Unsure
Please list any Deakin academic staff with whom you have discussed your proposed thesis	1. 2.
Faculty/School	
Would you prefer them as a potential supervisor?	Yes No
Please also attach an outline of your proposed thesis—up to 300 words, You can find guidance on how to write a proposal at deakin.edu.au/futu	, or 750 words for Arts & Education. We recommend you discuss this with a proposed supervisor. ire-students/research/preparing-research-proposal.php
PROPOSED STUDY MODE	
Full-time or part-time	Full-time     Part-time
On-campus mode or Cloud Campus (online) mode	On-campus mode Cloud Campus mode
If Campus mode, select campus:*	Geelong Waurn Ponds Burwood Warrnambool Geelong Waterfront
If you have selected Cloud Campus mode, please specify where you plan to carry out your research:	
Proposed start date	

\* Please note, not all courses are available at all campuses.

#### **CURRENT OR INCOMPLETE STUDIES**

Please attach a more detailed statement if necessary.

Name of course	Institution and country	Date results are expected

Are you currently studying for a higher degree by research?\* Yes No If yes, do you wish to transfer your higher degree candidature to Deakin?\* Yes No If yes, please provide details:

Name of course (e.g.: MA, PhD)	Institution and country	Date results are expected	Full time or part time
		DD/MM/YY	
	·		

Have you ever previously been enrolled in a Research Degree?\* Yes No If yes, provide details:

Name of course	Institution and country	Date results are expected	Date of discontinuation
Reason(s) for discontinuation:			

\* A research degree is a degree comprising more than 2/3 research. It is not a coursework degree. Please provide certified proof of your commencement date at that institution. Please also provide evidence of any intermissions/breaks or suspensions to candidature or changes of candidature status that may have occurred during your candidature.

#### **PREVIOUS TERTIARY STUDIES**

Please provide details as requested below of previous tertiary qualifications you have completed (do not include secondary school).

Degree	Institution and country	Years enrolled (e.g. 2009-2012)	Full time or part time	Level of Honours

Please attach all **original transcripts or certified copies** of qualifications from institutions other than Deakin University. Please note that the key to grades is also required and is often found on the reverse side of transcripts. Transcripts in the original language must be accompanied by an **official** English translation.

Your application cannot be processed without this information.

Did you complete a thesis, dissertation or supervised original research in your previous studies?					
If yes, degree	1.	2.			
Duration of whole course (years)					
Duration of research component (semesters)					
What proportion of the degree was the thesis (e.g. 5 out of 60 credit points)?					
Word or page length (specify which)					
Grade for thesis*					
Grade/GPA for whole course (expressed as %)					

\* Can include 'ungraded pass' if this is the result on your transcript.

#### **POSTGRADUATE RESEARCH EXPERIENCE**

Please describe briefly any postgraduate research experience (if insufficient space, please attach further information).

#### **PUBLICATIONS**

Have you had any of your research published? Yes No If yes, please list number of:						
Refereed journal articles	Refereed conference papers	Non-refereed conference papers	Books based on original research	Book chapters based on original research	Professional research reports	

#### Please attach a complete list of publications as per the above groups. For each, you must provide:

- full bibliographic references. For example: Smith. J., Brown. S., Shaw. P. "Title", Name of Publication, Type of Publication (refereed journal article, non-refereed journal article, book chapter, review etc.), Publication Details (e.g., volume 29, issue 2, 2005);
- an outline of your contribution to the work (e.g. first or second author, what you did);
- details of whether the journal or conference was local, national or international; and
- a copy of the contents page and abstract page for each item.

#### **OTHER SCHOLARSHIPS OR AWARDS**

Have you previously received any postgraduate awards or prizes? Yes No If yes, please list number of:						
Name and duration of award	1.	2.				
Institution which granted award						

#### **ENGLISH LANGUAGE PROFICIENCY**

Is English your first language? Yes No If no:	
Have you obtained a tertiary degree taught in English?*	Yes No If yes, name of course:
OR have you sat an IELTS/TOEFL test?*	Yes No
OR other** – provide details	

\*Attach documentary evidence. \*\* See details of English language requirements at deakin.edu.au/study-at-deakin/apply/apply-for-postgraduate-by-coursework/entry-requirements-postgraduate/postgraduate-english-language-requirements.

#### REFEREES

Only official Deakin Referee Report Forms, downloadable from deakin.edu.au/future-students/international/brochures-forms.php, will be accepted.

Are you a current Deakin Honours student? Yes No Please provide the details of two referees:			
Name	1.	2.	
Institution			
Position			
Telephone			
Facsimile			
E-mail			
Have you forwarded Referee Report Forms to both referees to complete?	Yes No		

#### SPECIAL REQUIREMENTS

I have a medical condition or a disability that requires support while I am at Deakin, and have attached a separate statement explaining my needs.

#### **DECLARATION AND AGREEMENT STATEMENT**

1	I declare I am a Genuine Temporary Entrant (GTE)* and a genuine student and have read and understood conditions relating to these requirements.
1.	* For more information about GTE visit www.border.gov.au and enter 'Genuine Temporary Entrant' into the search box.
2.	I am aware of the tuition and living costs of my stay in Australia and have financial capacity to meet such costs for the duration of my course. I will make timely payments of any fees or associated costs.

I have attached certified/notarised documentary evidence of all my academic studies and associated documentation (including studies not completed) with its official explanation of the grading system in both original and English translated version. I grant approval to Deakin University to verify my academic documentation with my previous institutions. Failure to provide all information to Deakin will cause a delay in the assessment of my application.
4.	I have attached documentary evidence of English language qualifications when available.
5.	I have attached employment history details (where applicable).
6.	I have attached a certified copy of my passport (when available).
7.	If sponsored by a government body or private organisation, I give Deakin University permission to provide this sponsor with information about my academic progress.
8.	I declare that the information in this application and the supporting documentation is true and correct. I have read and understood the sections of the International Course Guide relating to the courses I have selected, and the admission procedures, fees, refund policy and privacy policies. I acknowledge that the provision of incorrect information or documentation or the withholding of relevant information or documentation relating to this application may result in Deakin University cancelling any offer of enrolment or actual enrolment.
	I have read, understand and agree to the Declaration and Agreement Statement

#### **FUNDING SOURCE**

Please attach a more detailed statement if necessary.			
Private Funding	Self	Loan	Funding
Scholarship/Sponsorship	Government Private institution		
Other	Please specify		

Applicant's signature:

Date: D D / M M / Y Y

Please print and sign this form and email it to di-team8@deakin.edu.au or by post.

## HDR ACADEMIC REFEREE REPORT

#### **INFORMATION FOR REFEREES**

This report is to provide information on the applicant's eligibility and readiness for a higher degree by research program at Deakin University. In the case of scholarship applicants, this information will assist in their ranking.

Entry to a research degree at Deakin is based on a demonstrated capacity to undertake significant research in the proposed field. This can be done by completing:

- advanced coursework in a relevant field of study;
- initial research training in appropriate methods; and
- a research project resulting in a written report, thesis or comparable output.

We would appreciate your comments on whether the applicant has achieved these goals. Below is the Deakin grading system to provide you with a guide for comparison, and examples of other achievements which may show the applicant's readiness for a research degree.

#### Grading system

Description	Length o	f thesis (words)	Length of thesis (words)	% Percentage range	
H1	First clas	s Honours with thesis	10,000 - 20,000	80%+	
H2A	Upper se	cond class Honours with thesis	10,000 - 20,000	70% - 80%	
H2B	Lower se	cond class Honours with thesis	10,000 - 20,000	60% - 70%	
Other achievements					
Evidence		Description			
Publications or confere	ence papers	Independently peer-reviewed			
<ul> <li>journal articles, or</li> <li>publications, or</li> <li>conference paper.</li> </ul>					
Note: the contribution of the applicant must be described where there are multiple authors					
Research experience		<ul> <li>Professional reporting, or</li> <li>Prior learning, or</li> <li>Research-related awards/prizes, or</li> <li>Other evidence of research ability.</li> </ul>			

#### DEADLINES

Candidature only applications - return as soon as possible throughout the year

Scholarship applications – 31 July for international applicants and 31 October for domestic applicants. For other scholarship closing dates, please visit the Deakin University HDR Scholarships website: deakin.edu.au/study-at-deakin/scholarships-and-awards/research-degree-scholarships.

Deakin student ID (if known)									
------------------------------	--	--	--	--	--	--	--	--	--

#### SECTION A: APPLICANT'S APPLICATION DETAILS (TO BE COMPLETED BY APPLICANT) AS IN PASSPORT OR BIRTH/MARRIAGE CERTIFICATE

Applicant Type Domestic International	Scholarship Yes No
Title Mr Mrs Ms Miss Dr Other:	
Family name(s)	Given name(s)
Address	
Postcode	Country
Date of birth DD/MM/YY	
Proposed degree	
Proposed project	
SECTION B: REFEREE DETAILS (TO BE COMPLETED BY REFEREE)	
Title Mr Mrs Ms Miss Dr Other:	
Family name(s)	Given name(s)
Position	Qualifications
Institution/Organisation	Institution website
School/Department	
Email (Institutional email address)	
Telephone ( )	Mobile ( )
SECTION C: REFEREE'S COMMENTS (TO BE COMPLETED BY REFEREE)	
1. Relationship to the applicant (e.g. Head of Department, previous	supervisor)
2. Contact period with applicant (e.g. 'I supervised the candidate's re	esearch project in 2010 for two years')
3. Has the applicant written a thesis embodying original research?	Yes No
If Yes, please indicate:	
4. Name of the Course	
5. Name of the Institution	
6. Years when the candidate was enrolled in the program	
7. The scale or percentage of the thesis as a proportion of the total course	
8. Approximate thesis length in words	
9. Grade or mark for the thesis	
10. Any other relevant academic qualifications	
APPLICANT'S ACADEMIC PERFORMANCE	
1. Please select the academic achievement or equivalent of the candid	date
H1 (First Class Honours, 80%+) H2A (Upper Second Class Honours, 70	0% – 80%) 📃 H2B (Lower Second Class Honours, 60% – 70%)
Other, please specify	
Other, please speeny	
<ol> <li>Please comment on the applicant's publication record (e.g. number contribution in the case of multiple authorship) if applicable.</li> </ol>	of refereed publications, academic status of publications, applicant's

3. How would you rate the applicant's quality as a researcher? Exceptional Above average Below average					
4. What skills would the applicant bring to a higher degree by research program?					
5. The degree of support I give the applicant is: Unreserved Strong Fairly strong Moderate None at all					
6. Additional comments (if insufficient space, please attach further page/s).					
Referee's Signature:   D   D   M   M   Y					
Thank you for the time and effort involved in completing this reference. Your assistance is greatly appreciated.					

#### SUBMISSION INSTRUCTIONS

#### DO NOT RETURN THIS FORM TO THE APPLICANT

Please return this completed referee report by email as soon as possible.

International Applicant	Domestic applicant
Email: di-team8@deakin.edu.au	Email: research-hdr@deakin.edu.au

Deakin seeks this report from you in confidence, however it is a Victorian agency subject to the Freedom of Information Act 1982 (Vic). The Applicant has a right to make an application for access to documents under the Act, in which case Deakin may be under an obligation to disclose your report.

# FREQUENTLY ASKED QUESTIONS

#### How do I know what fees I need to pay?

All deposit fees you are required to pay (including the tuition fee) will be listed in your Offer Letter. You will need to pay the tuition fee and Overseas Health Cover (OSHC) if studying on-campus.

If there is a difference between your initial course payment and the actual fee liability generated by your enrolment, you will need to pay any outstanding amount; over payments will be credited to your next trimester's fees.

## If I don't meet the admission requirements for Deakin University, what are my options?

If you do not meet the academic admission requirements for Deakin, there still may be an opportunity for you to study select postgraduate business courses after successfully completing our Postgraduate Qualifying Program (PQP). For further information, see page 18 of this Guide.

If you do not meet the English language admission requirements for Deakin, you should consider an English language course at the Deakin University English Language Institute (DUELI). Students can meet the English language requirements of Deakin undergraduate and postgraduate courses by successfully completing a program at DUELI. See page 21 of this Guide for further information.

If you decide to take an IELTS (Academic) or TOEFL test, you will need to book early as places fill quickly. If you sit for a TOEFL test, you should select Deakin University's designated institution code (DI Code 0765) as one of your institutions to receive your score.

### Where can I find more information on Deakin degrees?

For complete information about individual degree programs at Deakin, visit the Deakin degree search website at **deakin.edu.au/post-courses** or see the University Handbook (online) at **deakin.edu.au/handbook**.

## Where can I find more information about Australia as a study destination?

Find out what Australia is like as a study desitation from Deakin students and graduates themselves. Visit the Navigator at **deakin.edu.au/navigator** where hundreds of student stories are hosted, all providing an individual insight into studying abroad.

If you are applying to study at Deakin through a representative, they will be able to provide you with more information about Australia as a study destination. You can also go to the Australian Government website **www.studyinaustralia.gov.au**. This site provides impartial and reliable information about courses, institutions, study and living costs, the application process, visa requirements and more.

You will also find information about Australia as a study destination in the 'Living in Australia' section of our website at **deakin.edu.au/international**, including virtual campus tours that will give you an idea of life as a Deakin student.

#### What accommodation is available?

There are a number of accommodation options available to international students, including:

- on-campus accommodation
- off-campus accommodation private rentals
- non-university homestay.

See page 15 of this Guide for further details about accommodation options available to international students and associated costs. For more information, visit **deakin.edu.au/post-accommodation**.

## Are there any restrictions as to where I can source funds from for payment of tuition fees?

Yes, Australian laws restrict the use of funding obtained from various foreign persons and entities. Information about these restrictions and lists of entities to whom restrictions apply are available on the Department of Foreign Affairs and Trade (DFAT) website at www.dfat.gov.au/un/unsc\_sanctions/autonomous\_sanctions\_measures.html.

You must ensure that you do not make or arrange any payments using funds obtained from any prohibited person or entity.

#### What is a Confirmation of Enrolment (COE)?

A document that confirms the eligibility of a student to enrol as an international student at Deakin University is called a Confirmation of Enrolment (COE). The COE provides various Australian Government Departments with important information and it needs to be an accurate record of the student's enrolment. For further information, visit deakin.edu.au/students/international/ compliance/coe-information.

#### What do I have to do prior to arriving at Deakin?

Deakin places high importance on creating a welcoming and exciting environment for new international students. To ensure you enjoy your university experience and understand your rights and responsibilities as an international student at Deakin, you will be asked to complete an online induction. This orientation is compulsory and will go hand-in-hand with your face-to-face induction, teaching you all there is to know about studying at Deakin. For further information, visit **deakin.edu.au/students/ international/compliance/online-induction**.

#### **DO YOU HAVE A QUESTION?**

See our website at **deakin.edu.au/international** for more frequently asked questions (FAQs). Or you can email us at **study@deakin.edu.au.**
