Siyu Xie

Country of origin:
China

‘I started my Australian journey at DUELI in Geelong and it was sensational. Not only did I improve my English skills but I also made lifetime friends and came in contact with the wonderful Australian culture. I have now finished my studies at both DUELI and Deakin but I still enjoy going to conversation class every Monday!’

Siyu chose DUELI following her father’s recommendation. ‘My dad found the DUELI program for me and he’s happy with how it’s going.’ After two years of studying in Beijing, Siyu moved to Australia to complete her bachelors degree but needed to improve her English language skills first, which is where DUELI came in.

DUELI offered direct access to her chosen course at Deakin, something that appealed to Siyu and her father. ‘DUELI stood out because of its pathway program and knowing English is a big career advantage in China.’ Another bonus is that some of Siyu’s classmates had also chosen DUELI.

Siyu has now completed her Bachelor of Nursing at Deakin and is a Registered Nurse in Australia, where she is required to use English every day. ‘My writing and speaking skills have greatly improved thanks to presentations, debates and written assignments - I even learnt some funny Australian slang!’ she says.

Siyu has also enjoyed meeting people from all over the world at DUELI and is planning to meet up with some friends in their home countries. ‘I now have friends from Vietnam, India, Fiji, Germany, and South Korea – everywhere! My Indian DUELI classmates even helped me plan a major trip to India - I can’t wait!’

Andres Duque Tobon

Country of origin:
Colombia

Within four months of Andres' arrival in Australia and commencing classes at DUELI, he was able to hold a long conversation in English. 'I did study English back in school, but did not make as much progress as I wanted to. Since starting studies at DUELI my English skills have improved by leaps-and-bounds,' he says.

For someone that graduated at school not so long ago, Andres has a very clear career path chalked out ahead of him. 'I want to study Mechanical Engineering and join the automotive industry back in Colombia. With the industry growing in terms of international trade, and me having a good command of English this will give me an edge in the employment market, and also help me have a successful career,' he says.

Whilst on the one hand Andres aspires to have a career in the very tangible world of automobiles, he is a self-confessed buff of the fantastical world of action and superhero movies, on the other. 'I

always enjoyed watching English movies but now I do so without needing subtitles which gives the movie-viewing experience a new and additional dimension,' he exclaims proudly. 'The ILC is where I get to work on reading, writing and listening skills taught in class with the help of movies, music and magazines. And it's so much fun,' he says. DUELI's ILC (Independent Learning Centre) is a vast and varied resource hub where students can engage in learning English through means other than just textbooks.

Beyond just English skills, Andres attributes the learning of several important life skills to Deakin and his overall Australian experience. 'I feel that I have grown up a lot since coming to Deakin. I am more confident, more independent and more responsible as a person now than I was when I arrived. I believe these attitudes, along with my English skills, will help me succeed in both my professional and personal careers,' he says.

DUELI REFUND POLICY

DUELI has a detailed refund policy that oversees all possible stages of a student's enrolment. Prospective DUELI students are advised that:

- A course is defined as the total length of your enrolment at DUELI
- Refunds will not be granted after your DUELI course has commenced
- The enrolment and orientation fee is non-refundable.

Refunds prior to the DUELI course commencing

Requests for refunds received less than 28 days prior to the commencement of the course will receive a refund of 50 per cent of the tuition fee.

The maximum amount retained by Deakin will not exceed 12 weeks of the published tuition fee.

Full refund

A full refund of tuition fees paid may be given under special circumstances. Such circumstances are those that are beyond the control of the student or those which make it impossible for the student to continue. The following reasons are grounds to apply for a full refund:

- a student is refused a student visa by the Commonwealth Government authorities
- an offer is withdrawn or an enrolment terminated because the University is unable to provide the course of study
- the government has limited Deakin's right to conduct courses for overseas students
- a student is unable to fulfil the conditions of an offer
- a student fails to meet progression rules and is not permitted to re-enrol
- a student provides written advice more than four weeks prior to the commencement of the English language course.

Executive discretion may be exercised to consider applications which do not comply with the above provisions but for which extraordinary circumstances may exist. An application for a refund in special circumstances must be made in writing and sent to the Director of DUELI. Proof of payment of the fees (e.g. an official receipt) and validation of the reasons for applying for a refund will be required.

Methods of refund

- New students should notify in writing to the Director of DUELI, any wish to cancel enrolment.
- If Deakin defaults in the provision of the course the refund will be made within two weeks of the default event.
- If the student defaults the refund will be made within four weeks of the University being notified.
- Refunds will be made by cheque or EFT in Australian dollars only.
- Refunds in the form of the transfer of fees to Deakin University or MIBT will not be made directly to a student.
- Refunds may be made to a nominated person/sponsor who initially paid the student's fees.

For more information on methods of refund, go to www.deakin.edu.au/future-students/international/fee-policies.php. This agreement does not remove the right to take further action under Australia's consumer protection law or pursue other legal remedies.

Attendance requirements

Australian visa regulations require students to attend at least 80 per cent of classes to be eligible to continue to study in Australia. DUELI is required to keep attendance records and notify the Australian Immigration authorities in cases of unsatisfactory attendance.
