

A young woman with her hair in a bun, wearing a white Deakin University polo shirt, is sitting on a light blue plastic chair outdoors. She is focused on measuring a patient's blood pressure. The patient, a man in a blue shirt, is sitting on the ground with his arm extended. The woman is holding a blood pressure cuff on his arm and a stethoscope. She has a clipboard and papers on her lap. In the background, another person in a white shirt is sitting on a similar chair, and there is lush green foliage. The scene is set outdoors on a paved area.

SCHOOL OF NURSING AND MIDWIFERY

Deakin School of Nursing and Midwifery is one of the very few Schools of Nursing in Victoria to offer their students the opportunity to go on an international study tour.

Eligible students can apply to participate in tours to Bhutan, China, Thailand and the Philippines. Study tours run for 2-4 weeks and offer students the amazing opportunity of combining study and cultural immersion all whilst gaining credit towards their degree.

On a faculty led study tour students will be guided by academics and provided opportunities otherwise out of reach for an independent traveller.

The benefits are:

You will be taught in English with an interpreter if required at the host organisation sites

You will be enrolled in a unit and gain credit towards your degree on successful completion of the unit

You will be introduced to health care and health care delivery in the selected country

You will be introduced to the culture of the selected country through a range of activities

You will have the opportunity to establish an international network and potential career opportunities.
