

DEAKIN DUAL DEGREE ALTERNATE OPTIONS FOR 2015

Deakin University has made several upgrades to our suite of master's programs for 2015. As a result of these improvements, a number of older dual degree programs will no longer be offered, and will instead be replaced by new degree programs. This sheet will serve as a guide to the 2015 courses that will replace the former dual degrees.

ADVANTAGES OF THE NEW COURSES

1. Developed as per the Australian Qualifications Framework requirement for two-year master's courses.
2. Developed using Employer / Industry recommendations for 'core competencies' instead of being generic degrees.
3. Provide greater flexibility in choosing specialisations.
4. Certain courses are accredited by professional bodies

ENGLISH LANGUAGE REQUIREMENTS FOR INTERNATIONAL STUDENTS

- IELTS 6.5/6
- TOEFL(i) 79/21
- PTE 58/50
