NEW COURSES AND MAJOR SEQUENCES (FROM TRIMESTER 1, 2017)

Introducing the brand new **Bachelor of Software Engineering (Honours)**. This innovative four-year course will be offered at both the Melbourne Burwood and Cloud campuses. Focusing on cyber-physical systems, the Internet of Things and robotics applications, graduates will be highly sought after for their ability to create the smart software and systems of the future. They will drive the design and development of computing solutions that interact with people, environments and other technologies, furthering

advancements in the development of self-driving cars, smart homes, robotic surgery and precision agriculture.

Students enrolled in the **Bachelor of Science** can elect to study a new major sequence in geography at the Melbourne Burwood Campus. Students will also have the option to undertake major sequences in freshwater biology and fisheries and aquaculture at the Geelong Waurn Ponds Campus.

NEW CAMPUS OFFERING (FROM TRIMESTER 1, 2017)

Deakin's nationally recognised and field leading **Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management)** is now available at our Geelong Waurn Ponds Campus! The course is designed for students who wish to gain a broad understanding of sport through learning about both the business and management of sporting organisations and as well as the science behind elite performance and participation in sport.

From 2017, **Deakin's Bachelor of Environmental Science (Marine Biology)** will be offered at the Geelong Waurn Ponds Campus, in addition to the Warrnambool Campus. Students will have hands-on learning experiences on the Great Ocean Road and study how marine organisms interact with their living and non-living environments and how marine ecosystems functions.

UPCOMING SCIENCE & TECHNOLOGY EVENTS

Young ICT Explorers Judging Competition

- **Melbourne Burwood Campus**
Saturday 6 August

Go Girl, Go for IT

- **Melbourne Burwood Campus**
Tuesday 16 August

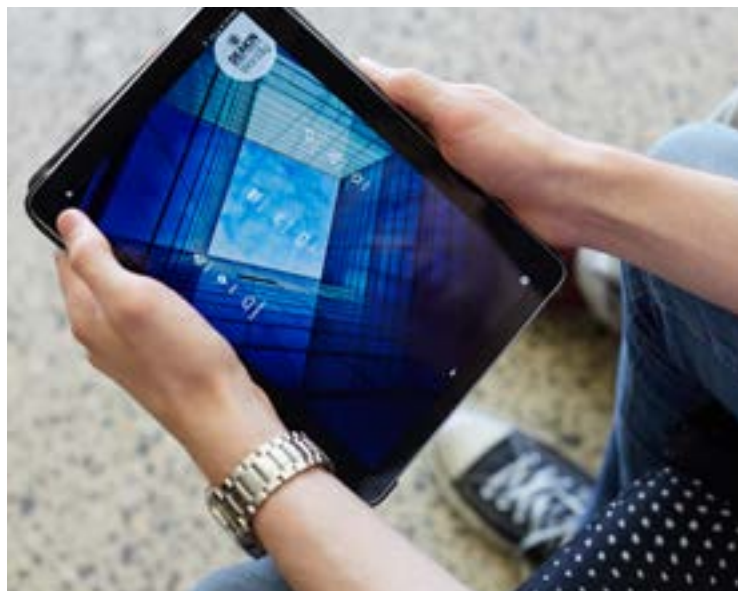

COURSE AMENDMENTS

(FROM TRIMESTER 1, 2017)

Deakin's **Bachelor of Health Sciences** is changing. From 2017 the degree will include a newly enhanced suite of six compulsory units, scaffolded across the three year levels of the degree, focusing on graduate outcomes and the professional competencies underpinning modern health practice. In addition, students will select two of 12 available major sequences (spanning a range of disciplines from the health and social services sector) to tailor their study to align with their interests and career goals. Five of the majors available in the Bachelor of Health Sciences will be taught completely via our Cloud Campus from 2017, meaning students can study wherever, whenever.

From Trimester 1 2017 the Bachelor of IT Security will be known as the **Bachelor of Cyber Security**. Throughout the course students will continue to learn cyber security concepts, industry practices as well as the techniques and tools available to prevent and mitigate cyber security threats. Students will have opportunities to practice their skills through 'ethical hacking' challenges on a secure network.

The **Bachelor of Commerce** will undergo some changes from Trimester 1 2017. The number of core units will be reduced from 10 to eight and each major sequence will now comprise eight units instead of five, which means students can study a maximum of two majors. We have also refined the major sequences available and will now offer: accounting; business analytics; commercial law; economics; finance; financial planning; human resource management; international trade; management; management information systems; and marketing.

COURSE DISCONTINUATION

ALL DEAKIN CAMPUSES

- Bachelor of Information Systems/Diploma of Language
- Bachelor of Information Systems/Bachelor of Science
- Bachelor of Information Systems/Bachelor of Law
- Bachelor of Information Systems/Bachelor of Health Science
- Bachelor of Information Systems/Bachelor of Arts
- Business Scholars Program

- Bachelor of Information Systems

NEWS FROM CREATIVE ARTS

In-school creative arts 'master-classes'

The Faculty of Arts and Education is now taking expressions of interest for creative arts master-classes, in your very own classrooms! Deakin's expert academics can visit your school and run a hands-on workshop in the areas of visual arts, visual communication design or photography to assist students with preparing folios and give them a taste of studying creative arts at university.

To submit an expression of interest or to find out more, email artsed-marketing@deakin.edu.au

Stay tuned for information regarding **public relations workshops** in the Geelong region.

2016 Folio Information Evening

Students, parents, teachers and careers practitioners are welcome to attend this information evening to find out more about folio entrance requirements for our animation and motion capture, photography, visual arts and visual communication design courses.

You'll gain handy tips and insights to enhance and develop your folio and how best to present your work in an online environment.

Melbourne Burwood Campus

15 September, 5 pm–7 pm
Building BC, Level 2

DEAKIN SCHOLARSHIPS REWARDING EXCELLENCE

Deakin has a range of scholarships aimed to acknowledge and reward students – be it academic prowess, contribution to community, leadership, extracurricular achievements, course of study, or perseverance despite hardship.

With a diverse range of offerings, Deakin's scholarship program includes three major awards:

- Vice-Chancellor's Academic Excellence Scholarship: 100% tuition fees waived; \$5000 cash payment per year; a place in the Vice-Chancellor's Professional Excellence Program
- Deakin Scholarship for Excellence: \$5000 paid as cash or towards tuition fees per year, or a combination of both to the value of \$5000 per year
- Deakin Student Support Scholarship: financial support of up to \$10 000 per year

Deakin also offers a range of generous donor scholarships that support excellence, achievement, hardship, students enrolled in a particular course, or from a specific region or background.

A Deakin scholarship is more than simply a financial boost. It's a remarkable opportunity to stand out from the crowd, be recognised by leading employers, and make a unique mark on the world.

For more information about Deakin scholarships visit deakin.edu.au/scholarships.
