Many students come to the Deakin University English Language Institute (DUELI) so that they can pursue degree studies at Deakin University. Many others study at DUELI for their own personal or professional development.

DUELI employs highly qualified and experienced professional staff who are ready to give students the help they need to succeed. That is why DUELI Leaders are employed- to answer student's questions and to support them in adjusting to study and life in Australia.

The DUELI Leadership and Internship Program was established to provide an opportunity for DUELI students to further develop their English as well as developing professional skills and improving their confidence. We also wanted to create a student led environment where students could direct and drive further opportunities for other students.

The Leadership Program aims to engage students on a variety of levels to improve their experience as a DUELI/Deakin student.
