WHY DEAKIN?

Unique study environment

An inspiring environment, the Geelong Waterfront Campus has won three Australian Institute of Architects awards for design excellence. The centrally located campus is well serviced by public transport, making your study commute from Melbourne, Geelong and surrounds an easy one. The diversity of our student cohort reflects this, with our students coming from a variety of areas, locally, nationally and internationally.

Professional accreditation

Your Deakin qualifications are recognised by industry through course accreditations. All of our courses are regularly examined by key professional groups, including (within Australia) the Australian Institute of Architects, Architects Accreditation Council of Australia (AACA), Architects Registration Board of Victoria (ARBV), Royal Institution of Chartered Surveyors (RICS), Chartered Institute of Building (CIOB), Australian Institute of Building (AIB), the Australian Institute of Quantity Surveyors (AIQS), Australian Institute of Landscape Architects (AILA), the Planning Institute of Australia (PIA), as well as by the University itself.

Flexible learning

Deakin offers flexible learning options. All our programs can be studied at the Geelong Waterfront Campus, full-time or part-time. Our programs in construction management and planning are also offered via cloud (online) learning – a convenient, personalised and engaging learning experience. Students have regular access to teaching staff, as well as student chat groups, text and multimedia resources. Deakin's trimester system allows you to fast track your studies and complete your program within a shorter timeframe.

Experience hands-on learning

With a focus on technology and hands-on learning, our courses enable you to study your chosen field from day one and gain the knowledge, practical skills and industry experience that employers are looking for.

Intercultural dialogue through design

A unique master class design workshop and intensive in-country experience offered at Deakin and through other schools of architecture in Australia and parts of Asia. The Intercultural Dialogue through Design workshop develops understanding and cooperation through hands-on learning, interaction, cultural immersion and increased student learning engagement. Participants from around the world engage with respect and demonstrate true professional collegial camaraderie, leading to a deep appreciation of different viewpoints, work ethos, design philosophies and new friendships.

WHAT CAN I STUDY?

Architecture

Our postgraduate courses in architecture provide you with specialist education, building upon an established background in architecture and built environment studies. Our courses develop your skills and knowledge in architectural design research and resolution, urban ecologies and contexts, integrated project evaluation and performance-measured sustainable design, all of which are expected in modern professional practice.

Do you want to register as an architect? Deakin's postgraduate architecture courses are accredited (within Australia) by the Australian Institute of Architects, the Architects Registration Board of Victoria (ARBV) and the Architects Accreditation Council of Australia (AACA), allowing you to obtain your professional registration. To be eligible to enrol in the Master of Architecture (Design Management) you need to complete a combined bachelor's degree in design (architecture) and construction management at Deakin University.

Master of Architecture

Master of Architecture (Design Management)

Construction management

Deakin's postgraduate construction management courses open the door to construction management education and professional careers for students. Our courses provide the specialist skills related to the theoretical, policy, evaluative and research frameworks that underpin the construction professions and provide a challenging environment in which you are encouraged to develop your understanding, knowledge and skills, and inculcated with a sense of being an independent learner in your career.

Students work in a multidisciplinary context, studying topics at the forefront of the built environment industry. Our students have an excellent reputation in the profession, with employers seeking talented graduates who are multi-skilled and have an excellent mix of hands-on practice and theory, together with integrated studies in technology and building management.

The course is professionally accredited by the Royal Institution of Chartered Surveyors (RICS) and the Australian Institute of Quantity Surveyors (AIQS).

Master of Construction Management

Master of Construction Management (Professional)

Landscape architecture

With a focus on sustainability, Deakin's landscape architecture course addresses the creation of quality places in response to current and future environmental and lifestyle challenges. It provides opportunities to specialise in project management, public art curatorship and management, cultural heritage, urban design and change management planning.

The course is accredited by the Australian Institute of Landscape Architects (AILA) and graduates satisfy the educational requirements for AILA graduate membership as the first step towards applying for professional recognition as an AILA registered landscape architect.

Master of Landscape Architecture

Planning

Deakin's planning (professional) course provides an innovative and flexible career pathway that meets and addresses the challenges of an ever-changing urban, regional and rural environment to enable you to actively participate in planning and guiding these challenges. The program has been designed to produce professionally qualified graduates who are analytical, informed and committed to improving the quality of the urban environment. The Master of Planning (Professional) has professional accreditation from the Planning Institute of Australia (PIA).

Master of Planning (Professional)

THE ONE HUNDRED UNDER FIFTY

DEAKIN CRACKS WORLD'S TOP 50 YOUNG UNIVERSITIES

Deakin has continued its climb up the Times Higher Education (THE) list of the world's top 100 universities under 50 years old, cracking the top 50 for the first time.

Deakin has been ranked number one in Victoria, number six in Australia and number 45 in the world.

The news confirms Deakin's rise in the ranks of the very best young universities worldwide, after prestigious international university rankings organisation Quacquarelli Symonds (QS) last year listed Deakin at number 50 on its Top 50 under 50.

Vice-Chancellor Professor Jane den Hollander says at only 40 years young, Deakin owes its continuing success to a strong vision for the future and its wonderful staff, researchers, students, communities and partners.

'In the past two years, Deakin has leapt 21 places from 66 to 45 in the list of the top 100 universities under 50 years old,' Professor den Hollander says.

'Times Higher Education says younger universities are bullish and "they have no fear of the future or of older rivals" – and I couldn't agree more. Deakin is ready to drive the innovation that will create the jobs of the future.'

For more information about these courses, including fees, duration and prerequisites, please see page 10 or visit: deakin.edu.au/study-at-deakin/find-a-course/architecture-and-built-environment.

PAPER SPACE EXHIBITION

Paper Space is the School of Architecture and Built Environment's annual exhibition showcasing the outstanding talents of both undergraduate and postgraduate students. Exhibitions are open to the public and it is an excellent opportunity for students, staff, industry, family and friends to celebrate the students' achievements.

These works, and the others gathered for Paper Space, demonstrate a breadth, and professional depth, that is quite rare these days; and I feel that this is important regarding architecture as a discipline with a shared sense of cultural purpose.

Professor Des Smith, Chair in Architecture
School of Architecture and Built Environment

SCHOLARSHIPS

At Deakin, we believe everyone should have the option of going to university. There is an array of scholarships available to students through Deakin and other parties, including the Australian Government.

For a full list of scholarship opportunities and information on how to apply, please visit deakin.edu.au/study-at-deakin/scholarships-and-awards.

RESEARCH IN ARCHITECTURE AND BUILT ENVIRONMENT

If you want to undertake research, you're in the right place. Not only are many of our academic staff active researchers, Deakin has partnerships with several key organisations that facilitate research opportunities within the architecture and built environment disciplines. Deakin Urban Ecologies (DUE) is the umbrella group for the research programs, which investigate the symbiotic relationships between the complex adaptive natural, virtual, human and built environments in response to local, and global contexts. The aim is to create a knowledge centre for the development and management of economic, social and environmentally sustainable environments for a productive, innovative and competitive Australian property and construction industry. DUE is understood through the research areas listed below.

Research areas

- Building environment
- Built environment education
- Construction ecology
- SocioCultural ecology
- Urbanism and design

Hear what our researchers have to say about research in the School of Architecture and Built Environment.

ASPIN CAMPBELL

MASTER OF ARCHITECTURE

'Engaging with research through my coursework studies has been an opportunity I have found unique to Deakin. A highlight earlier this year was travelling overseas for the iDiDe international design studio, which supported my interest in humanitarian architecture.'

DR CHIN KOI KHOO

**TEACHING SCHOLAR, ARCHITECTURE DESIGN,
SCHOOL OF ARCHITECTURE AND BUILT
ENVIRONMENT**

'The studio-based teaching and learning environment at Deakin encourages constructive discussion and critical feedback. Students present work on a weekly basis and gain significant feedback to encourage review to further develop ideas and their design process.'

For more information about research in architecture and built environment visit: deakin.edu.au/architecture-built-environment/research.

STUDY OPTIONS AND APPLICATIONS

Study options

We provide a range of options and choices to allow your postgraduate study to suit your needs:

- If you're studying via cloud (online) learning, you really can study anywhere or any time. Our use of the cloud means you don't have to attend a campus to have a rich, interactive, personal and empowering learning experience.
- If you do choose campus learning, our four campuses in Melbourne, Geelong (Waterfront and Warrnambool) and Warrnambool, give you plenty of options.
- Life can change very quickly and what suits you one year, might not the next. That's why many courses give you the option to switch between full-time and part-time study, as your needs shift.
- With more than 150 postgraduate courses, there's plenty to choose from at Deakin. Many courses also give you the flexibility to tailor your studies to your interests and aspirations through your choice of elective subjects.
- We can help you fast-track your degree through our trimester system. Deakin has three trimesters, with an optional trimester over the summer, which means that for some courses you can study year-round and complete your degree sooner.

deakin.edu.au/study-at-deakin/study-options-and-pathways/flexible-study-options

Credit transfer and recognition

Credit transfer and recognition is credit granted towards your Deakin course for relevant approved study or work experience. There are two aspects to credit transfer and recognition:

- credit may be transferred to your Deakin course from completed or partially completed studies you have undertaken at other accredited institutions
- credit may be granted on the basis of knowledge and skills acquired through uncredentialled learning.

deakin.edu.au/study-at-deakin/apply/credit-for-prior-learning

STUDENT COMPUTING REQUIREMENTS

There are certain computing requirements students must meet in order to successfully study at Deakin. For more information, please visit deakin.edu.au/study-at-deakin/apply/computer-requirements.

FOR DOMESTIC STUDENTS

How to apply

Coursework applications

To apply for a postgraduate coursework degree you will usually need to have completed an undergraduate degree; however, there are other pathways. If you have considerable work or life experience, in some instances you may be able to use this to obtain admission into a graduate certificate or graduate diploma course. You may then progress to a master's degree subject to University approval.

Research applications

Deakin offers three types of research degrees: Masters by Research, Doctor of Philosophy (PhD) and Doctor of Psychology. A research degree requires the candidate to complete an approved program of research under the guidance of one or more supervisors within a time period. Supervisors are experienced and active researchers with expertise in the field of study.

Application dates

Applications for coursework degrees commencing in Trimester 3, 2015 and Trimester 1, 2016 open in August 2015. Applications for Trimester 2, 2016 open in April 2016. Some postgraduate courses have alternative application processes and closing dates. Applications for research candidature without scholarship may be made at any time.

FOR INTERNATIONAL STUDENTS

English language requirements

English is the language of instruction and assessment at Deakin. As an international student you will need to demonstrate your English language ability to be eligible to enter the Deakin degree program of your choice.

There are two options available for international students to meet the English language requirements for their degree program:

Option 1 – You have completed previous studies in English (conditions apply)*

Option 2 – You received a high enough score on an approved English language test*. The Courses at Deakin table in this booklet provide you with the minimum IELTS scores needed for the degree program of your choice.

For a list of approved English tests and scores, as well as further information about Deakin's English language requirements, please visit deakin.edu.au/study-at-deakin/international-students/apply/step-3-check-you-meet-the-entry-requirements/english-language-requirements.

* Applicant's previous studies or English language test results must have been within the last two years to meet Deakin's English language requirements.

Deakin University English Language Institute (DUELI)

Do you need help meeting Deakin's English language requirements? Or do you want to improve your English and study skills before starting your degree? DUELI can help you improve your English and prepare you for study at Deakin.

DUELI is part of Deakin University

DUELI is more than an English language centre – it is part of Deakin University. As a DUELI student you have full access to all of Deakin's facilities and services. This includes libraries, health and counselling services, as well as Deakin's sport facilities.

The DUELI advantage

DUELI is recognised as one of the best English language centres in Australia. As part of Deakin, DUELI will do more than improve your English. DUELI will give you the chance to improve your study skills and become familiar with studying at an Australian university.

For more information about DUELI, please visit deakin.edu.au/study-at-deakin/international-students/deakin-university-english-language-institute.

How to apply

Once you have chosen a degree and checked all entry requirements, applying to study at Deakin is simple.

When can I apply?

Applications for international students are open all year. There are three trimester intakes for which you can apply – March, July and November – depending on your chosen course.

How do I apply?

Once you have organised all the necessary documentation, you can submit your application using one of the following methods:

Applying online

To apply online, visit applicantportal.deakin.edu.au/connect/webconnect for online application portal.

Applying by mail or email

After completing the relevant application forms you can either mail or email your application to Deakin International.

Applying in person

Deakin has a number of offices around the world to apply in person. You can visit the Deakin International offices located in Australia (Melbourne), China (Beijing and Wuhan), India (New Delhi) or Indonesia (Jakarta).

Applying through a representative

Deakin representatives from around the world can assist you in submitting your application. You can find a representative in your country by visiting deakin.edu.au/international/rep/.

For detailed information about the Deakin application process, please visit deakin.edu.au/study-at-deakin/international-students/apply.

Fees

Tuition

Tuition costs for studying at Deakin vary depending on the course you select to study. The annual course fee indicates the cost for two trimesters of study.

The fee for one trimester as listed in your Offer Letter must be paid before Deakin can issue you a Confirmation of Enrolment (COE). You will need a COE to apply for a student visa.

Please note that Deakin will be determining course fees by a new method for 2016. Starting in Trimester 1 of 2016, international students will pay one flat course fee for their studies, regardless of what units they take in a given trimester.

If you plan to start your Deakin studies in Trimester 3 of 2015, please be advised that your tuition costs for 2015 will be based on the units that you take.

For more information on fees, please visit deakin.edu.au/study-at-deakin/fees.

Overseas Student Health Cover

In addition to tuition fees, all on-campus international students are required to pay Overseas Student Health Cover (OSHC).

OSHC service providers offer concessional rates for OSHC paid at the offer acceptance stage for health coverage for the length of your visa. The amount payable will be included in your Offer Letter.

Other costs

Other costs you will need to pay are living costs (food, accommodation, etc.) and course-related expenses, such as computer equipment, books, field trips and special equipment or clothing (if applicable to your course).

Deakin is home to over 8000 international students from around the world.

COURSES AT DEAKIN

Melbourne Burwood Campus	B	T1 = Trimester 1
Geelong Waterfront Campus	WF	T2 = Trimester 2

Master of Architecture (Research)	S800	1–2	WF X		–	–	
Master of Construction Management (Research)	S805	1–2	WF X		–	–	
Doctor of Philosophy	S917	3–4	WF X		–	–	

Information correct at July 2015. Deakin University reserves the right to alter, amend or delete course offerings and other information listed.

* Fees quoted are for Australian domestic students and are based on a typical enrolment in one year of full-time study. They should be used as a guide only and are subject to change.
Fee-Paying Place (FPP): 2016 annual course fees for FPPs are set, as shown in the FPP column. These are based on an annual full-time study load, regardless of your unit selection.
Commonwealth Supported Place (CSP): The CSP rates shown in the CSP column are indicative 2015 annual course fees. CSP fees are indicative because they are calculated based on your unit selection. 2016 indicative CSP course fees will be available in late 2015 pending the outcome of the Commonwealth Government's proposed fee deregulation and reforms – please visit deakin.edu.au/fees for the most up-to-date information.

^ Most courses start in Trimester 1 (March to June). This column indicates whether you have the option of commencing your studies in Trimester 2 (July to October) or Trimester 3 (November to February).
Not all units are offered in every trimester.

Course lengths may vary in response to requirements within the Australian Qualifications Framework. Applicants should refer to the handbook for the latest information, deakin.edu.au/handbook.

~ IELTS is the International English Language Testing System. The IELTS scores in the table above reflect the minimum overall score required as well as the lowest score allowed for any band (overall score/lowest band score).
