SHAUN CHUNG-BUCKLAND
Bachelor of Commerce, see page 15.
Studies in business are diverse and skills in this area can make a difference to several aspects of the world we live in.

No matter what aspect of business you want to study, there is an area of specialisation at Deakin to meet your needs. We offer undergraduate courses in information systems, commerce, management, property and real estate, sport management and sport development, plus a range of exciting combined courses. Within these courses, many major sequences are available – from accounting, commercial law and economics right through to international trade and economic policy, human resource management and marketing.

Our mission is to be engaged with you and our partners in the provision of flexible educational programs and relevant research. Deakin's business courses are backed by high quality, contemporary research, and developed in consultation with industry.

Our courses are designed to be relevant to your career and life aspirations and are enhanced by a high level of practical content, which is invaluable and viewed favourably by prospective employers.

This booklet will outline the courses we offer in business, their key features and the career opportunities you can expect from completing a degree at Deakin.

Choosing a university course is an important decision – and we are here to help. We encourage you to gather as much information as possible to help you make an informed decision about which course is best for you.

If you need more information, please contact us on 1300 DEGREE (1300 334 733), email enquire@deakin.edu.au or visit deakin.edu.au.

We look forward to seeing you at Deakin!

The Deakin team

Deakin's Bachelor of Commerce is internationally recognised and EPAS accredited by the European Foundation for Management Development (EFMD). EPAS is an international quality benchmark for business programs worldwide. Deakin is the only Australian university with EPAS accreditation for its Bachelor of Commerce.

Pro Vice-Chancellor of the Faculty of Business and Law, Professor Gael McDonald, says gaining the accreditation is a coup. ‘Our students will benefit the most from this accreditation. This is one of the strongest possible signs that they are enrolled in a world-class program,’ she says.

‘As they go out into the workplace, they can be proud that their Deakin commerce degree is well respected and is meeting the needs of both local and international employers.’

Visit www.efmd.org for more information.
Using this booklet
This booklet provides you with detailed information about Deakin’s undergraduate courses in business (for domestic students), including study areas, career opportunities, course overviews and course structures. It is designed to be read in conjunction with the 2014 Undergraduate Course Guide, which gives an overview of all of Deakin’s undergraduate courses, study options, support services and campuses.
Deakin University also produces course guides specifically for international students. To request a copy phone Deakin International on +61 3 9244 5095 or email deakin-international@deakin.edu.au.

Applying to Deakin is easy
You can apply for most of Deakin’s undergraduate courses (bachelor’s degrees) commencing in Trimester 1 through the Victorian Tertiary Admissions Centre (VTAC). We also offer courses commencing at other times of the year, for example Trimester 2 (commencing in August) and Trimester 3 (commencing in November), that require a direct application to Deakin. Whether you are a current Year 12, TAFE, private provider or mature-age student, currently studying at another university, in the workforce, taking a gap year or a graduate, visit www.vtac.edu.au or deakin.edu.au/study-at-deakin for details.

Find out more
If you need more information, please phone 1300 DEGREE (1300 334 733), email enquire@deakin.edu.au or visit deakin.edu.au.
You can also connect with us on social media, order other publications and visit us. Turn to page 56 for more information.
BUSINESS AT DEAKIN

Hands-on learning
Deakin’s business courses are enhanced by a high level of practical content, which is invaluable in preparing you for your working life and viewed favourably by prospective employers. We provide a stimulating variety in your education, which ensures you leave Deakin with the skills you need to embark on an outstanding career.

Our courses are professionally recognised
Many of Deakin’s business courses are accredited by industry associations, translating into excellent job and career opportunities for Deakin graduates.

We offer flexible study options
Genuine flexibility is a key feature of our courses. You can study most courses full time or part time, and choose specialist areas as you progress through your course to tailor your degree to match your career goals. Deakin’s use of technology in course delivery, our trimester system and deferment option enhance our flexible approach to education, ensuring your study fits in with your work and lifestyle commitments.

For more information, please visit deakin.edu.au/online-offcampus.

Work-Integrated Learning (WIL)
All of Deakin’s business courses allow you to study in Australia or overseas, gaining work experience and credit towards your degree. You will have opportunities to get involved in the community or meet students from around the world – it’s all part of your course structure!

WIL covers:
• Business Internship Program
• Community-Based Volunteering
• Industry-Based Learning
• Malaysia Internship Scheme.

For more information on WIL, please see page 4 of this booklet.

Study honours
Honours is a fourth year of specialised study, taken after a three-year degree, offering advanced study in your chosen area. An honours year allows you to draw together the theory and practical skills gained in previous undergraduate studies and develop an in-depth knowledge of your particular discipline through research, additional coursework and training in research techniques.

Honours can offer you a competitive edge in the job market along with providing a pathway into a higher degree – many honours students go on to complete a PhD or other advanced qualifications.

For more information on honours degrees in business, please visit deakin.edu.au/buslaw/courses/honours.

AN ELITE ATHLETE FRIENDLY UNIVERSITY
As a member of the Elite Athlete Friendly University (EAFU) Network, Deakin is dedicated to supporting elite athletes in their quest to achieve academic success alongside the demands of training and competition.

We enable recognised elite athlete students to negotiate assessment deadlines, lecture and tutorial attendance and study loads to integrate with sporting commitments. Student athletes may also be able to take several leaves of absence in order to meet sporting commitments and extend the amount of time normally allowed to complete a course.

For more information, please visit deakin.edu.au/future-students/why-deakin/eafu.
SCHOLARSHIPS AND GRANTS

Deakin University offers scholarships for academic excellence, access and equity, accommodation and Aboriginal and Torres Strait Islanders, ensuring higher education is accessible for all members of the community. For more information on scholarships, please visit deakin.edu.au/scholarships.

In addition, the Faculty of Business and Law offers a number of merit-based scholarships specifically related to its undergraduate program.

Business Scholars Program

The Business Scholars Program recognises, rewards and nurtures high-achieving students admitted to a business degree in the Faculty of Business and Law. The new program is open to commerce, information systems, management, property and real estate, business (sport management) and sport development students and is offered at Burwood, Geelong and Warrnambool. Students admitted to the program are given scholarship support of up to $2800 per annum, are prepared for advanced/honours work and encouraged to accelerate their course. It is possible for business scholars to complete their bachelor’s degree in two and a half, or even two years, as well as graduate with an honours degree far earlier than is generally possible for students at Deakin or other universities. Business scholars enrolling in a Bachelor of Commerce (Honours) can apply to extend their scholarship.

Applications to the Business Scholars Program are made through VTAC, listing the Business Scholars Program as a separate preference. Applicants must also lodge a Business Scholars Program Preference Form to Deakin via bl-scholarship@deakin.edu.au by December 2013.* Students who expect to gain an ATAR of 90 or more are encouraged to apply. For more information please visit deakin.edu.au/buslaw/students/scholarships.

* Please check the VTAC website closer to the time for the specific date.

Rural and regional grants

The Faculty of Business and Law has a grant scheme to assist rural students commencing an undergraduate degree in commerce, law or management at the Warrnambool Campus. The cash grants are valued at $2000 ($250 per successful unit of study) and paid in the first year of study.

To be eligible you must:
- apply for entry through the Victorian Tertiary Admissions Centre (VTAC) in a Business and Law course at the Warrnambool Campus
- enrol for the first time in 2014 as a Commonwealth supported student at Deakin University, Faculty of Business and Law undergraduate course, and
- meet the requirements of the VTAC Special Entry Access Scheme – SEAS Category 1: Personal information and location, which includes applicants from rural or isolated areas, including Warrnambool and towns in western Victoria and south-eastern South Australia, as well as the surrounding countryside.

First in Family grants

The Faculty of Business and Law offers grants to financially assist students commencing an undergraduate degree from the faculty at the Melbourne Burwood Campus, the Geelong Waterfront Campus or off campus. The cash grants are valued at $2000 ($250 per successful unit of study) and paid in the first year of study.

To be eligible you must:
- apply for entry through the Victorian Tertiary Admissions Centre (VTAC) in a Business and Law course at the Melbourne Burwood Campus, the Geelong Waterfront Campus or off campus
- enrol for the first time in 2014 as a Commonwealth supported student, in a Deakin University, Faculty of Business and Law undergraduate course, and
- meet the requirements of the VTAC Special Entry Access Scheme – SEAS Category 5: Disadvantaged financial background.

For more information on Faculty of Business and Law scholarships, including how to apply, please visit deakin.edu.au/buslaw/student-scholarships.
Work experience can make all the difference when you graduate and are applying for jobs. Work-Integrated Learning (WIL) is an opportunity for you to gain work experience and credit towards your degree. The Faculty of Business and Law offers the following WIL programs for students in all disciplines at all levels in Australia and internationally. For more information about WIL, please visit deakin.edu.au/buslaw/wil.

**Business Internship Program**
All of Deakin’s business courses incorporate a Business Internship Program, which provides you with a realistic business experience in your area of specialisation.

The Business Internship Program is a unique opportunity for you to observe professional practice first-hand and acquire professional networks, while gaining credit towards your degree.

You negotiate internship details with your proposed host organisation, which provides you with the opportunity to participate in a range of real-world business experiences related to your studies. As a consequence, your employability is greatly enhanced and employers benefit from your fresh view of the business world. Completing a business internship gains you credit towards your degree but doesn’t extend the length of your studies.

The program involves two 1-credit-point units, available to final-year students. These units complement each major area of study and are available on all campuses and off campus.

**Community-Based Volunteering**
Community-Based Volunteering (CBV) is unpaid placements in not-for-profit community organisations. The units encourage a hands-on approach to learning and assist you to develop ‘citizenship’ and appreciate the impact of your role in society. The program involves two 1-credit-point units, available any time during your degree, in any country around the world.

CBV offers a diverse range of opportunities from assisting in a remote village in India, visiting a church or community group, going to Kathmandu and volunteering in part of the Tilganga Eye Centre, or volunteering at your local Red Cross, hospital, St Vincent de Paul or other not-for-profit organisations.

**Industry-Based Learning**
Industry-Based Learning (IBL) units encourage a hands-on approach to learning and allow you to apply generic employability skills and capabilities in an area that you are majoring in. The advantage of an IBL placement is that the longer three, six or 12-month placement, in a full-time capacity, assists you to define your career direction. IBL units are high-quality, full-time intensive placements, where you are paid approximately 80 per cent of a graduate salary. Most IBL opportunities are faculty-sourced, with students applying via a competitive selection process. IBL opportunities are advertised on the University’s JobShop website.

**Malaysia Group Internship**
All business students have the opportunity to participate in the Malaysia Group Internship. After arriving in Kuala Lumpur, Malaysia you will be placed into business and community organisations to work on a project of significance to the host organisation. You will work in multidisciplinary teams of four with a group presentation at the conclusion of the internship.

Malaysia is a powerful economy in South-East Asia and Kuala Lumpur is a vibrant city offering a blend of historic, cultural and modern business experiences.

This is a great opportunity for you to get an international experience and an internship experience, at the same time.
STUDY ABROAD

Give your degree a competitive edge with an international study experience. The Faculty of Business and Law runs a number of unique study tours throughout the year to exotic places such as India, China and Europe.

What will study abroad do for me?
• Provide you with experience of other people and cultures.
• Assist in developing your professional networks.
• Provide credit towards your degree.
• Prepare you to manage new environments and gain maturity.
• Assist you to become a more competitive and worldly graduate.

What study abroad options are available?
• A semester/trimester abroad at a partner university.
• Complete one unit as part of an overseas study tour.
• Join students from around the world at a summer or winter school in Europe or Asia.
• Volunteer or undertake an internship in an overseas organisation.

Most importantly, all programs are for credit and can be taken as part of your business degree. Study and travel is supported through university and government grants and loans.

Your international study experiences are acknowledged through the Global Citizenship Award. This award recognises and outlines the skills and attributes each student has gained as part of their experience. New activities can be added to your Global Citizenship Award, making it a valuable tool that communicates your experience to future employers.

These programs provide you with learning experiences that encompass international and intercultural perspectives while supporting a culture of diversity and awareness, enabling you to become a global citizen and develop a richer cultural perspective.

For more information on international study opportunities for business students, please visit deakin.edu.au/buslaw/students/study-abroad.

For more information on Deakin’s Study Abroad Program, please visit deakin.edu.au/current-students/student-exchange/exchange.

MARIA CIVISIC
BACHELOR OF COMMERCE/BACHELOR OF LAWS
GEELONG WAURN PONDS CAMPUS

‘In my third year, I undertook an exchange to Oxford Brookes University, where I completed four of my law electives. I did a lot of travelling so it was great. And Oxford is beautiful; I am a big Harry Potter fan and a lot of it was filmed there.

I will soon head to Tanzania for three weeks to participate in the Tanzania Volunteering Project, part of Deakin’s Global Citizenship Program. I will hold a three-day business conference, support high school students with their studies and help out in primary schools and the broader community. It’s very exciting. Because I have done the student exchange, I already have points for Deakin’s Global Citizenship Program and this will gain more. If you get 100 points you are declared a Global Citizen.

Employers respond well to people who have had overseas experiences because they like to see you are not just study focused. Going overseas shows you have the ability to adapt to new situations and work outside your comfort zone.’
Deakin’s teaching and research staff are experts in their respective fields, with broad international links and connections with industry.
WHERE DO OUR GRADUATES GO?

Deakin’s business courses offer a broad range of study areas so they provide career opportunities in a diverse range of traditional and emerging professional business areas in virtually every area of business and government in Australia and internationally.

Many Deakin graduates have gained national and international prominence in their chosen fields. Deakin business graduates may find employment in business process analysis, financial and information security, web architecture/design/programming, accounting, advertising, event operations, business analysis, human resource management, market research, training and development, tourism operations and planning, private or government valuation, property sales and acquisition, sport management, sponsorship management or sport development.

Recent Deakin business graduates have been employed by a range of organisations including, but not limited to, the following:

• ANZ Bank
• Attorney-General’s Department, NSW
• Australian Bureau of Statistics
• Australian Securities and Investment Commission
• Australian Taxation Office
• Barwon Water
• Barwon Health
• CB Richard Ellis
• Coles Group
• Commonwealth Bank
• Davidsons Accounting
• Deloitte
• Ernst and Young
• Ford Australia
• Godfrey Hirst
• Goldman Sachs
• JBWere
• IBM
• Knight Frank
• KPMG
• MediaCom
• Metricon Homes
• Morgan Stanley
• National Australia Bank
• Nike
• PriceWaterhouseCoopers
• Reserve Bank of Australia
• Rip Curl
• Sinclair Wilson
• Suncorp
• Tennis Australia
• Telstra
• Transport Accident Commission
• Visy Recycling
• WHK

PROFESSOR RICHARD REED
CHAIR IN PROPERTY AND REAL ESTATE
SCHOOL OF MANAGEMENT AND MARKETING
MELBOURNE BURWOOD CAMPUS

‘The discipline of property is truly international and it has increased rapidly in demand over recent years, mainly because it is an interesting and diverse 21st century career path with high demand for graduates.

We work closely with industry and employers to ensure our graduates are workforce-ready and will be the employer’s graduate of choice. For example, our property and real estate course advisory board provides advice about the course’s relevance to industry. Our property and real estate staff all have industry experience so fully appreciate the links between a university education and industry.

We have developed innovative approaches to interacting with students. This includes live discussions and ensuring all material can be accessed via the latest computer technology. We use many real-life examples with the delivery of the material, especially international examples of the property market. Students also have access to specialised property software and databases in order to access property market information, as well as mapping software to enable a greater understanding of geographical influences on property markets.’

**Geelong campuses** = Geelong Waurn Ponds Campus and Geelong Waterfront Campus.

**R/C** = A range of criteria are used for selection.

**N/A** = Not available or not applicable. The course is offered at this campus. Where no ATAR is available it may mean that other admission requirements apply.

Please refer to the course entry for more information.

* You will be required to participate in an on-campus residential at the Geelong Waurn Ponds Campus.

* The off-campus mode offering of this course is subject to negotiation with the Course Director. Please contact the Faculty of Arts and Education Student Support Office on your campus for further details.

If a clearly-in ATAR is not listed it means that the course is not available at that campus.

For more information on ATARs please visit deakin.edu.au/future-students/year12.
MAJOR STUDY AREAS

Accounting
Accounting is a dynamic and exciting profession. Businesses and individuals rely on their accountants to assess their financial situation, prepare reports and give advice on financial dealings. Accountants are often the lynchpin of an organisation as they construct vital information to be used by a wide range of interested parties. Informed decisions vital to a company’s viability frequently rely on the skills and knowledge of an accountant.

Accounting information systems
Organisations operate both information systems and financial systems. Accounting information systems is the interaction between the two. In this major sequence, you will learn about the relationship between accounting and financial data, as well as the technology that supports that data. You will also gain a deeper understanding of the accounting systems used when designing and implementing business systems, and develop an understanding of the information produced by accounting systems.

Business information systems
Understand the related managerial roles of business people, the application of technology and the strategic management of vast quantities of information, as well as the information systems supporting today’s modern business organisation.

Business security management
Business security management provides comprehensive knowledge of the design, management and security requirements of electronic business transactions. It also looks at data communication systems and the development of security solutions that meet business goals and objectives. You will learn how to effectively apply the latest security techniques to protect information and the associated business information systems.

Commercial law
Commercial law deals with complex issues such as taxation, company reporting and contract management. This major sequence will provide you with an understanding of all the main areas that make up the fascinating field of commercial law. If you have good written and oral communication skills, can analyse and solve problems logically and have an understanding of sound business principles, studying commercial law could lead to a fruitful and rewarding career.

eBusiness
eBusiness is also known as electronic business. eBusiness professionals help companies sell products and services online, specialising in areas such as online advertising, online protection from hackers and the design of new online products. They also understand how Facebook, YouTube, Second Life, mobile phones and other new technologies can be used by business. This major sequence prepares you for commerce in the 21st century.

Economics
Economics offers a unique way of thinking about the world. It provides the theoretical foundation for all areas of business and finance and a framework to understand policy initiatives on topical issues such as climate change, inequality, financial crises and housing affordability. You will gain the knowledge to understand and analyse how consumers and firms make choices and how markets adapt to various policy environments. Economics develops quantitative and analytical skills, attributes that are highly valued by employers and which complement many possible future career paths.

Finance
Finance focuses on decision-making processes for individuals and managers under conditions of risk and uncertainty. It addresses investment, financing and payout decisions of a firm, the effects of interest rates and risk on the pricing of assets and liabilities, as well as the structure and the operations of financial markets and institutions.

Financial planning
Financial planning will provide you with the skills you need to attain your own personal financial goals and to develop the expertise to advise others on a professional basis. Financial planners specialise in key areas. These include retirement, taxation, investment and estate planning. This major sequence examines the theoretical framework of financial planning, plus the practical application of the theories and strategies.

Health informatics
Learn how to use technologies, information systems, methods and techniques in the development and management of health care information systems and services. Studies focus on information used in business processes within a health care setting, as well as for medical treatment.

Human resource management
People management is one of the fastest growing fields of professional employment. Human resource management covers recruitment, selection, training and development, workplace diversity, employee relations, performance and change management, and remuneration. You will also gain invaluable counselling, mediation and negotiation skills that will stand you in good stead in any field you enter in the future.
Information systems1 2 3 4
We are living through one of the greatest periods of innovation in history, driven by technology and digital advance. With the massive rise of social media, computers and mobile devices, most of us take the use of technology for granted. Being an information systems professional is about building the bridge between people, business and technology.

Interactive marketing2 3 4 5 6
Increasingly, an interactive medium such as the internet is used to supplement the marketing of a product or organisation – that is what is known as interactive marketing. This major sequence is about developing innovative strategies that allow digital applications to be used effectively for business communication and online marketing. You will learn specialist skills in direct and digital marketing, and customer relationship management.

International business2 7
Develop skills in the analysis of international markets and develop the personal skills and attitudes required to successfully engage in international business. This major sequence includes units with an international focus, drawn from a wide range of business disciplines.

International management2 8 9
Learn about the complex and challenging arena of international management and business. You will study a comprehensive range of topics including international economy, international human resource management and regulatory business environments in the domestic and international context – all within a constantly changing political and social global environment.

International relations2 10 11 12
Studies in international relations will provide you with a better understanding of conflict and cooperation, and war and peace, in contemporary international politics. You will examine particular issues in global politics, including the nature of power and security, globalisation and global governance, human rights and global justice, the politics of the Asia region and Australia’s place in the world.

International trade and economic policy2 13 14 15 16
Gain a sound understanding of the economic basis to trade and the institutions and market structures that underpin global commerce. You will study the economic, political and cultural characteristics of the major trading regions, including North America, Western and Eastern Europe and the Middle East, with particular emphasis on Asian trade.

Journalism2 17 18 19
This long-established program at Deakin offers you the skills and knowledge needed to become a qualified journalist in broadcast and print media. You will study mass media, ethical and legal issues, gain research skills and learn the methods and techniques of specialist writing for major daily newspapers and mainstream magazines, radio and television.

Management1,2 20 21 22 23 24
Management refers to the procedures and systems used in an organisation to assess how individuals and the organisation itself can best operate. An integrated and progressive study of modern management theory and practice in an Australian and global context, which examines concepts such as managing change, globalisation, problem solving, innovation and technology, and planning.

Marketing2 25 26 27 28 29
Marketing is about relationships with customers and involves developing, maintaining and enhancing those relationships. Modern marketing is about adding value to the customer experience and building a relationship between buyers and sellers that benefits both. You will learn to think creatively and apply theory to practice in various situations where customer behaviour and expectations need to be managed.

Media and communication2 30 31 32 33
This is an area of rapid and continuous technological, political, economic and social change. Much of the recent explosion in the stock of human knowledge is linked to developments in media and communication. This major sequence offers a unique ‘multiskilled’ qualification suited to many careers and job markets.

Politics and policy studies2 34 35 36 37
Explore our role as citizens in the Australian community and the nature of diverse ideologies. This major sequence explores economic, social, health, environmental and media policy, along with politics in India, Europe, the US, China, Indonesia and the Middle East.

Professional practice2 38 39 40
This major sequence is for those wanting to develop the skills that will put them ahead of the rest in today’s business world. You will learn how to manage business information and intelligence, make good business decisions, communicate effectively in the workplace and understand the importance of business ethics. These skills are becoming increasingly important in today’s contemporary corporate world.

> Continued on next page ...
MAJOR STUDY AREAS

Property and real estate¹ ²
Gain knowledge and skills in investing in and coordinating property and real estate. This includes commercial and industrial property, residential property, property development, property valuation, market analysis and property economics, with specialisations in sustainability or business disciplines. This discipline has strong industry links and high international demand for graduates.

Quantitative business analysis²
In today’s world, commerce is supported by information systems. This major will give you skills in both statistical analysis and commerce, you will be a jump ahead of the rest when you hit the job market. Quantitative business analysis will provide you with an in-depth understanding of statistical, mathematical and economic methods. It applies to economics, finance, marketing and management areas. You will learn to think critically, analyse real world business issues and be equipped with the kind of quantitative skills highly relevant to your professional career.

Sport development¹
Sport development is distinctive due to its unique focus on three study streams: sport management and marketing, coaching and exercise, and sport science. It also focuses on the development of sport, and community development through sport. This specialist field is concerned with increasing participation in sport and with the development of pathways to attract, retain and nurture sports participants.

Sport management¹
Learn to manage organisations conducting sporting competitions, major events and community programs that encourage participation in sport. Sport management also relates to the management of organisations supporting sporting competitions such as sporting goods manufacturers and retailers, sports promoters and facility designers, as well as player management and agents.

Supply chain management²
Supply chain management is about managing the flow of materials, information and finances as they move from supplier to manufacturer to retailer to end-consumer. It deals with the purchase of raw materials, the process of manufacturing the goods, the storage of the goods and the delivery to consumers. Operating these functions in an effective and efficient way has become critical as businesses face worldwide competition.

Sustainability²
From a global perspective, sustainability has become one of the most important areas impacting our society. Property professionals are increasingly aware of environmental considerations, which are directly relevant in the workplace and industry. You will learn about the broader effects of climate change and how sustainability affects both private business and government organisations, as well as gain an enhanced knowledge and understanding about the importance of living a sustainable existence in relation to property and real estate.
**Sustainable tourism**

Tourism is a growth industry, and sustainable tourism is even more specialised, dealing with balancing the environmental, economic and sociocultural impact of tourism development.

Sustainable tourism is available in a concurrent course on sustainable tourism management. This course is dual delivered by Deakin University and The Gordon. It offers the opportunity to complete practical tourism training and business management studies in Geelong. You will be a Deakin student and a Gordon student at the same time.

Deakin units concentrate on core management skills in a business context, while the TAFE units offer vocational training designed to develop hands-on or applied skills in real work environments, with strong links to the tourism industry.

**Tourism**

Tourism is a growth industry, and sustainable tourism is even more specialised, dealing with balancing the environmental, economic and sociocultural impact of tourism development.

Tourism is available in a concurrent course on tourism management. This course is dual delivered by Deakin University and Box Hill Institute. It offers the opportunity to complete practical tourism training and business management studies. You will gain knowledge and skills in tourism operations management, customer service, sales and marketing skills, opportunities to develop business skills and concepts, the ability to conduct research, manage projects and implement operational plans. Deakin units concentrate on core management skills in a business context, while the TAFE units offer vocational training designed to develop hands-on or applied skills in real work environments, with strong links to the tourism industry.
ELLIE INGWERSEN

BACHELOR OF BUSINESS (SPORT MANAGEMENT)  
MELBOURNE BURWOOD CAMPUS

1 have really enjoyed my course – especially the mix between commerce and sports management. The first year of commerce offers a solid grounding. It eases you in and starts with all the basics, then you can tailor the course to what you want it to be. The sports side is good for breaking up the business subjects – we were all into that because we all love sport.

On top of a sports management major I have chosen to do human resources (HR). It means I don’t have to go into a sports organisation if I don’t want to. I could go into a HR department and work my way up. It is a broad degree that can take you in any direction you want.

During my final year, I undertook a work placement at Knox City Council, working as a leisure assistant in the sport and recreation department. I assisted with delivering sport to the local community, created a recreation newsletter and helped with the day-to-day organisational stuff. This is where I want my degree to take me.’

---

**Course structure**

You are required to complete 24 credit points of study including 8 credit points of sport management units and 9 credit points of business units. The 7 credit points of elective units enable you to complete a major sequence of your choice from any faculty across the University.

**Sport management core units**

*Level 1*

- MMS100 Sport Organisation
- MMS101 Sport in Society

*Level 2*

- MMS202 Management of Sport Performance

*Level 3*

- MLC310 Sport and the Law
- MMS306 Sport Management Practicum
- MMS307 Sport Facility and Event Management
- MMS308 Sport Marketing
- MMS313 Sport Leadership and Governance

**Business core units**

*Level 1*

- MAA103 Accounting for Decision Making
- MAAE101 Economic Principles
- MAF101 Fundamentals of Finance
- MCA010 Communication for Academic Studies (0 credit points)
- MIS101 Business Information Systems
- MIS171 Business Analytics
- MLC101 Business Law
- MAA132 Management

*Level 2*

- MWH299 Business Communication
- MKM277 Marketing Management

**Elective unit**

- MMS314 Planning for Sport Policy and Development

**YEAR 12 PREREQUISITES**

- VCE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English.
- VTAC Personal History online, academic results and GPA.
Deakin’s Bachelor of Commerce is a popular choice, with its solid foundation in business studies and flexibility to choose from more than 20 major sequences. As a Bachelor of Commerce student you will study a common first year of units, and then choose your major sequences as you progress through your degree. This flexible structure enables you to tailor your degree for maximum employment opportunities.

Valuable Work-Integrated Learning opportunities are available, giving you professional work experience in your area of specialisation and enhancing employment prospects.

An honours year is available upon completion of this degree.

Professional recognition
The Bachelor of Commerce is the recommended pathway to qualify for membership of professional organisations. The course can lead to accreditation with many professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, entry into the CA Program of the Institute of Chartered Accountants in Australia (ICAA), the Association of Chartered Certified Accountants (ACCA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, providing you meet the specified requirements within the course.

Career opportunities
This degree can open doors to careers in virtually every area of business and government internationally, including professional accountant, IT and systems professional, economist, financial planner, business consultant, network manager, internet administrator, human resources manager, manager, social and economic policy developer, international trade officer or marketing assistant/manager.

Work-Integrated Learning
The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

BACHELOR OF INFORMATION SYSTEMS

DEAKIN CODE ATAR INDICATIVE FIRST YEAR FEE
M340 N/A $8920 (CSP)

YEAR 12 PREREQUISITES NON-YEAR 12 REQUIREMENTS
VEE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English.
VTAC Personal History online, academic results and GPA or interview.

If Information Technology (IT) is the central nervous system of our modern technological world, then Information Systems (IS) is the blood that pumps through the veins. IS is the application and use of technology, not the creation of it.

On a daily basis, we all use some form of IS or IT for business processes and management, creative output or communication. IS graduates are in demand and, with high graduate salaries on offer, an IS degree can lead to a satisfying and rewarding career.

An honours year is available on completion of this degree.

Career opportunities
Information systems professionals have access to employment in just about every Australian industry, including all levels of government. This course is designed to give you essential business skills, as well as expertise in information systems, enabling you to achieve specialist information systems career roles such as project manager, business analyst, security analyst, database developer, web designer and information systems project leader.

Work-Integrated Learning
Work-Integrated Learning is a core component of this degree.

Course structure
You must complete 24 credit points of study, including 16 credit points of core information systems units and 8 credit points of unspecified elective units to enable you to include a 6 or 8-credit-point major sequence.

Level 1
MCA010 Communication for Academic Studies (0 credit points)
MIS101 Business Information Systems
MIS171 Business Analytics

Level 2
MIS201 Business Requirements Analysis
MIS202 Managing Data and Information
MIS211 IS Services, Infrastructure and the Cloud
MIS231 Professional Ethics in the Digital Age
MIS271 Business Intelligence
MIS276 Design Thinking
MIS291 Community Based Volunteering A

Level 3
MIS312 eBusiness Strategies
MIS332 People, Work and Technology
MIS352 Enterprise Systems
MIS398 Project Management
MIS399 Capstone Project

Plus 2 credit points of Work-Integrated Learning chosen from:
MIS390/MIS391 Business Internship A or B
MIS394/MIS395/MIS396/MIS397 Industry Based Learning in Business A, B, C or D

Plus B credit points of general elective units.

N/A Refer to page 9.
RACHEL POWELL
BACHELOR OF MANAGEMENT
MELBOURNE BURWOOD CAMPUS

I chose to study at Deakin University because of the vibe I got as soon as I entered the campus. Deakin just fitted my personality, with its great atmosphere and first rate facilities. Deakin is full of friendly people and staff, which makes going to university so much more enjoyable.

My course did not just teach me theory; it also taught me by practically applying theory into real life, for example through the internship program.

I formed a great bond with every tutor I had and even to this day I’m still bumping into and catching up with past lecturers and tutors. They helped me prepare for assignments and exams and really put in the effort to make coursework interesting and exciting, which gave me motivation to strive for my best.

I’m hoping to get into the human resource field and specialise in human resource development, or to get into the law and regulations aspects of marketing and employment.

The Bachelor of Management is designed to provide contemporary management knowledge and skills to students who aim to work in a management role. You will learn essential skills such as critical thinking, interpreting data, communication, leadership and teamwork. This is a business degree for students who can see themselves leading and managing staff within an organisation.

A wide range of specialist major sequences are available within the Faculty of Business and Law; however, you can also select a major sequence from another faculty such as psychology, public relations, journalism or others (subject to satisfying entry requirements).

An honours year is available upon completion of this degree.

Career opportunities
This degree offers career opportunities in a wide variety of business arenas domestically and internationally, including business analyst, customer relations manager, market researcher, training and development officer, event manager, business security consultant or internet administrator.

Work-Integrated Learning
The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 24 credit points of study, of which at least 16 must be Business and Law course-grouped units, including a core business management stream made up of 8 credit points. To complete the 16 Business and Law course-grouped units, you may choose to complete an 8-credit-point general studies stream from a specified list or a major sequence.

◊ Professional recognition by the Australian Property Institute (API) and the Royal Institution of Chartered Surveyors (RICS) can be attained by completing the Bachelor of Property and Real Estate or Bachelor of Property and Real Estate/Bachelor of Commerce.

^ You will be required to undertake one or more units in online or off-campus mode.
BACHELOR OF MANAGEMENT/ADVANCED DIPLOMA OF TOURISM/DIPLOMA OF TOURISM

DEAKIN CODE ATAR INDICATIVE FIRST YEAR FEE
M303 50.45 $9800 (CSP)1

YEAR 12 PREREQUISITES NON-YEAR 12 REQUIREMENTS
VCE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English
VTAC Personal History online and GPA.

Tourism is a growth industry and economic powerhouse. The industry is one of the most dynamic sectors of Victoria’s economy. This course is studied concurrently at Deakin University and Box Hill Institute in Melbourne. TAFE modules focus on practical skills in real work environments, with strong links to industry, while University studies teach core management skills such as critical thinking, interpreting data, communication, leadership and teamwork.

If you are considering enrolling in the concurrent program offered through our TAFE partner, you should seek advice from Deakin on the Bachelor of Management component of the fees and charges, and Box Hill Institute for the advanced diploma and diploma fees and charges.

Career opportunities
Career opportunities include event and conference organisation, local and international tourism planning, development and marketing, as well as working in local and national government departments or local, national and international tourism operations.

Work-Integrated Learning
The course features a work placement program, giving you the opportunity to work with several companies in Australia.

Course structure
You will undertake studies concurrently at Deakin University and Box Hill Institute in years 1 and 2 of the course. You will complete Certificate III and IV in Tourism (level 1), and the Diploma and Advanced Diploma of Tourism at Box Hill Institute (level 2).

In years 2 and 3, you must specialise in the human resource management or marketing major sequence.

Refer to the Bachelor of Commerce (M300) course entry on page 15 for details of major sequences and units available.

Deakin University units
The suggested units to be undertaken at Deakin in years 1, 2 and 3 are listed below:

Core business management stream
Select 8 credit points of study from the following:

Level 1
MMM132 Management

Level 2
MMH299 Business Communication
MMK277 Marketing Management
MMN240 Organisational Behaviour
MMM262 Understanding Organisations

Level 3
MMM365 Strategic Management

Plus 2 credit points of units from:
MIS390 Business Internship A
MMH349 Industrial Relations
MMN282 International Business
MMM343 Business Ethics
MMM385 Business in Asia

General elective units
MMM233 Business and the Environment
MMM241 Entrepreneurship and Innovation
SHD201/SHD301 Creating Sustainable Futures

For more information and to click through to unit descriptions, please visit deakin.edu.au/courses.
Tourism is a growth industry and economic powerhouse. The industry is one of the most dynamic sectors of Victoria’s economy. Sustainable tourism focuses on the promotion of viable, long-term sustainable economic practices in the tourism industry.

This new program in sustainable tourism management is delivered concurrently – you will be a Deakin University and a Gordon student at the same time.

You will attend classes at both The Gordon City Campus and Deakin’s Geelong Waterfront Campus to attain your qualifications. The courses will explore issues in management, marketing, ethics and the environment, giving you a firm grounding for a successful career in the tourism industry.

If you are considering enrolling in the concurrent program offered through our TAFE partner, you should seek advice from Deakin on the Bachelor of Management component of the fees and charges, and The Gordon for the advanced diploma and diploma fees and charges.

Career opportunities
If you are after a job that is both satisfying and interesting, there are many career outcomes in tourism including tour operations manager, tourism professional, park ranger, adventure tourism manager, research, management or marketing roles, or ecotourism specialist.

Work-Integrated Learning
The Faculty of Business and Law offers Work Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You will undertake studies concurrently at Deakin University and The Gordon in years 1 and 2 of the course. You will complete a Diploma of Sustainability (level 1) and Advanced Diploma of Tourism (level 2) at The Gordon. In years 2 and 3, you must specialise in the sustainable tourism management major sequence.

Deakin University units
The suggested units to be undertaken at Deakin in years 1, 2 and 3 are listed below:

Core business management stream
Select 8 credit points of study from the following:

**Level 1**
- MMM132 Management

**Level 2**
- MAH299 Business Communication
- MKM277 Marketing Management
- AAA240 Organisational Behaviour
- AAA262 Understanding Organisations

**Level 3**
- AAA365 Strategic Management

N/A Refer to page 9.

The Bachelor of Property and Real Estate is Victoria’s only three-year property course that meets the academic requirements for Certified Practising Valuer (CPV) status. Designed in close consultation with employers and industry bodies, the course provides knowledge and skills in a wide range of careers in both the private and public sectors. Property is a major asset class and a core component in broader society. It also has close links with commerce, law and the built environment. Graduates will be prepared for a career in global property and real estate, which has strong local and international demand with high earning potential. It is possible to undertake Work-Integrated Learning (WIL) during the degree.

An honours year is available upon completion of this degree.

**Professional recognition**
The course has received professional accreditation by the Australian Property Institute (www.api.org.au) and the Royal Institution of Chartered Surveyors (www.rics.org). Graduates will meet the academic requirements to be eligible for registration as a Certified Practising Valuer.

**Career opportunities**
You may find employment in a wide range of careers including an asset manager, property developer, private or government valuer, property adviser, market research analyst, property sales and acquisitions, financier, sustainability consultant, funds manager, property and asset manager, leasing agent and land economist. You will be able to specialise in all facets of the property market including commercial and industrial property, residential property and other related land uses in the built environment.

**Work-Integrated Learning**
The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

**DANIEL SCARFO**

**BACHELOR OF PROPERTY AND REAL ESTATE**

**MELBOURNE BURWOOD CAMPUS**

‘The property and real estate degree offers a diverse range of property-based units, which cover an array of topics from large scale property developments, actual valuation tasks or property management. With an assortment of topics, it helps provide some direction as to the options available within industry.

I have completed more than half of the course off campus. Studying independently requires discipline but I had great support. The tutors and lecturers can talk to everyone individually and it’s not difficult to ask questions. I can’t speak highly enough of everyone involved in the course. Lectures in the property course are also done online every second week, which helped immensely.

During trimesters, I work part time as an assistant valuer, switching to full-time work during the mid-year and summer breaks. I couldn’t recommend it highly enough. I get to apply what I learn to the workplace straight away, without having to wait until the end of my degree.

Once certified, I hope to specialise in the valuation of rural properties.’
You must complete 24 credit points of study including 16 credit points of core units and a 6-credit-point major sequence in management, marketing or sustainability. The remaining credit points can be taken as elective units. All units in the course are also offered in off-campus mode.

Core units
Level 1
MAA103 Accounting for Decision Making
MAE101 Economic Principles

YEAR 12 PREREQUISITES
Refer to specific course entry.

The Business Scholars Program is a scholarship for high achieving students undertaking a business degree in the Faculty of Business and Law. The scholarship provides financial assistance, academic mentoring, opportunities for acceleration and preparation for honours work.

Please refer to specific course entries from the list of Deakin University business (sport management), commerce, information systems, management, property and real estate and sport development courses. Refer also to the campus of offer for each course within specific course entries.

Applications to the Business Scholars Program are made through VTAC, listing the Business Scholars Program as a separate preference.

The Business Scholars Program is available for current Year 12 students only.

For more information, please visit deakin.edu.au/buslaw/student-scholarships.

For more information and to click through to unit descriptions, please visit deakin.edu.au/courses.

Sport development graduates are prepared for careers in coaching, sport science, community sport development and the leisure industry.
The Associate Degree of Arts, Business and Sciences will help you develop skills in research, written communication, group presentations, critical thinking and learning technologies, which increase your chances of success at university. The key advantage of the associate degree is that it provides a supported transition to tertiary study. It allows for entry into a range of target degrees (as approved by Deakin University) offered at the Warrnambool Campus, Geelong Waterfront Campus, Geelong Waurn Ponds Campus, or via off-campus study. Completion of the associate degree may give you up to 18 months credit towards one of these target degrees.

**Career opportunities**
The associate degree can open doors to employment in a range of fields including administration, marketing, business, management, banking, finance, community work, health and natural resource management. You also have the option of continuing your studies to complete a bachelor’s degree, which will provide access to a wide range of careers and employment opportunities.

**Course structure**
To graduate from the Associate Degree of Arts, Business and Sciences, you must complete a minimum of 16 credit points, comprising core units and elective units. If you are studying through a partner TAFE these credit points can also include credits gained through subjects studied as part of your TAFE diploma course.

The core units focus on the knowledge and skills you need to be a successful university student. They will provide you with an introduction to studying at university from the perspective of three different disciplines or subjects and ensure that you become a more self-directed learner. They will also provide support for your study in other subject areas, particularly through the development of academic writing, critical thinking and information technology skills.

In addition to the core units, you will select four electives in your first year and eight in your second year, from units offered by the Faculties of Arts and Education; Business and Law*; Science, Engineering and Built Environment; Health. Major sequences in arts, business, education, health and science are available.

You will be guided with your subject selection to ensure you choose units that will provide the maximum credit when using the associate degree as a pathway to a bachelor’s degree or to optimise employment opportunities.

If you study this course through the Warrnambool Campus or Geelong Waurn Ponds Campus* you will also have the option to complete a mentored work placement in your final trimester. This is a great way to gain real-life work experience and enhance your employment opportunities.

**Core units** – for course offered at the Warrnambool and Geelong Waurn Ponds Campuses*

Level 1
- EAD101 Learning for a Knowledge Society
- EAD102 E-Literacy for Contemporary Learning
- EAD104 Work and the Sustainable Society (2 credit points)
- plus four elective units from the list below

**Level 2**
Select eight first or second year level units of a target bachelor’s degree.

**Elective units**
You may choose from a range of units offered at levels 1 and 2 from the Warrnambool Campus, Geelong Waurn Ponds Campus* (or off campus) as listed below, or the Work Placement unit, which is recommended for those intending to finish at the end of level 2.

- ACV100 Studio Art: Painting A
- ACV101 Studio Art: Painting B
- AIA105 Visions of Australia – Time and Space From 1700 to 2010
- AIA106 Populace or Perish: Australia’s People
- ALC101 Contemporary Communication: Making Sense of Text, Image and Meaning
- ALC102 Contemporary Communication: Making Sense of New Media
- ASC101 Introduction to Sociology A
- ASC102 Introduction to Sociology B
- EAD103 Independent Study (recommended)
- EAD105 Applied Community Project (recommended)
- HBS107 Understanding Health
- HBS108 Health Information and Data
- HBS110 Health Behaviour
- MAA103 Accounting for Decision Making
- MAE102 The Global Economy
- MAA104 Management
- MIST01 Business Information Systems
- SLE102 Physical Geography
- SLE103 Ecology and the Environment

**Work placement unit**
EAD201 Work Placement (2 credit points)

As part of the Deakin at Your Doorstep initiative, this course is offered at the Warrnambool Campus, Geelong Waurn Ponds Campus* and through the University’s TAFE partners in Bairnsdale, Craigieburn, Dandenong, Mornington Peninsula, Portland, Swan Hill and Wangaratta.

* Faculty of Business and Law units are offered from the Geelong Waterfront Campus.

For more information and to click through to unit descriptions, please visit deakin.edu.au/courses.

YEAR 12 PREREQUISITES    NON-YEAR 12 REQUIREMENTS
VCE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English. VTAC Personal History, online academic results, and CPA.

This combined course enables you to undertake studies in arts and commerce and to combine major sequences such as politics and policy studies with economics, finance with journalism, or public relations with marketing to create a unique qualification.

Professional recognition
Deakin’s Bachelor of Commerce is internationally recognised and EPAS accredited by the European Foundation for Management Development (EFMD).

The Bachelor of Commerce is the recommended pathway to qualify for membership of professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, entry into the CA Program of the Institute of Chartered Accountants in Australia (ICAA), the Association of Chartered Certified Accountants (ACCA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, providing you meet the specified requirements within the course.

Career opportunities
A combined course such as the Bachelor of Arts/Bachelor of Commerce offers you the chance to broaden your career opportunities after graduation. The types of opportunities available will depend on the major sequences taken within the course from a range of areas including accounting, advertising, economics, film and video, politics and media.

Work-Integrated Learning
The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 32 credit points of study in total – 16 credit points of units from the Bachelor of Arts and 16 credit points of units from the Bachelor of Commerce, including a major sequence from each degree.

Bachelor of Commerce units
Refer to page 15 for detailed course structure, requirements, major sequences and list of available units for the Bachelor of Commerce.

Bachelor of Arts major sequences
- Animation
- Anthropology
- Arabic
- Australian studies
- Children’s literature
- Chinese
- Criminology
- Dance
- Drama
- Film studies
- History
- Indonesian
- International relations

- Language and culture studies
- Literary studies
- Media and communication
- Middle East studies
- Philosophy
- Photography
- Politics and policy studies
- Professional and creative writing
- Public relations
- Sociology
- Visual arts

- A full major sequence in Chinese is not available at this campus.
- * Dance major sequence offered to Bachelor of Teaching (Secondary)/Bachelor of Arts (D347) students and students enrolled in Bachelor of Creative Arts courses only.
- ** A full major sequence is not available at this campus.

For more information on these major sequences, please refer to the 2014 Undergraduate Arts, Humanities and Social Sciences Career Booklet.

N/A Refer to page 9.

DID YOU KNOW?
Experience has shown that employers prefer graduates who have studied combined courses. These graduates are highly regarded for their breadth of knowledge and their unique perspective of the business environment.
This combined course offers a joint qualification in commerce and the language of one of the most important trading blocks in the world, to give you a distinctive and sought-after qualification.

You have the opportunity to take part in an in-country language program to accelerate your language skills and experience full immersion in the history and culture of China.

**Professional recognition**
Deakin’s Bachelor of Commerce is internationally recognised and EPAS accredited by the European Foundation for Management Development (EFMD).

The Bachelor of Commerce component of this course can lead to accreditation with many professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, entry into the CA Program of the Institute of Chartered Accountants in Australia (ICAA), the Association of Chartered Certified Accountants (ACCA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, providing you meet the specified requirements within the course.

**Career opportunities**
Graduates of this course, may pursue a career in trade, government and non-government consultancies, business, tourism, diplomatic service and education.

**Work-Integrated Learning**
The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

**Course structure**
You must complete 32 credit points of study – 16 credit points from the Bachelor of Commerce (comprising 11 Bachelor of Commerce core units and a prescribed commerce major sequence) and 16 credit points within the Faculty of Arts and Education, which must include a Chinese language major sequence and the following units:

For advanced level background speakers
AIC387 Advanced Chinese for Business Purposes C
AIC389 Advanced Chinese for Business Purposes D
AIE334 China: From Empire to Republic
AIE335 Modern China: Liberation, Cultural Revolution and Reform

For post-Year 12 students who are not background speakers
AIE334 China: From Empire to Republic
AIE335 Modern China: Liberation, Cultural Revolution and Reform
AIC385 Chinese for Business Purposes A
AIC386 Chinese for Business Purposes B

**Bachelor of Commerce major sequences**

YEAR 12 PREREQUISITES: VCE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English.

NON-YEAR 12 REQUIREMENTS: VTAC Personal History online, academic results and GPA.

The Bachelor of Arts/Bachelor of Management is a flexible combined course that provides the opportunity to pursue a complementary area of study, such as journalism, public relations or sociology, along with studies in management. The Bachelor of Arts course structure allows you to concentrate on the areas that most interest you. The Bachelor of Management enables you to learn core management skills such as critical thinking, interpreting data, communication, leadership and teamwork.

Career opportunities
As a graduate of this combined course, you will possess some of the most important skills a student can gain at university – becoming expert at managing and effectively communicating knowledge and information. You will be well placed to enter a variety of employment fields combining a broad range of specialised skills with the general skills employers want. The specialist major sequences in the management degree can lead to careers in virtually every area of business and government in Australia and internationally. Broad career paths include becoming a systems professional, economist, financial planner, human resources manager, social and economic policy developer, international trade officer and marketing assistant/manager.

Work-Integrated Learning
The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 32 credit points of study, including 16 credit points from the Bachelor of Arts and 16 credit points from the Bachelor of Management. Course requirements for both the Bachelor of Arts (A300) and the Bachelor of Management (M302) must be satisfied.

Bachelor of Arts major sequences
Refer to page 31 for a list of Bachelor of Arts major sequences, or refer to the 2014 Undergraduate Arts, Humanities and Social Sciences Career Booklet for more information.

Bachelor of Management major sequences and units
Refer to page 21 for detailed course structure, major sequences and list of available units for the Bachelor of Management.

* Students enrolled at the Geelong Waterfront Campus will be required to undertake some arts units at the Geelong Waurn Ponds Campus.

N/A Refer to page 9.

Soaking up the university atmosphere, having a lively debate with friends and spending time reflecting on what was said in class are valuable parts of the student experience.
This course allows you to combine studies in information systems with studies in commerce such as accounting, finance, economics, marketing and management leading to a broad range of technology-enabled business roles. Graduates of combined courses in commerce and technology are highly sought after by employers.

Professional recognition
Deakin's Bachelor of Information Systems is internationally recognised and is accredited by the European Foundation for Management Development (EFMD).

The Bachelor of Information Systems component of this course can lead to accreditation with many professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, the Professional Accounting Program of Innovation and Accountability (ICAA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society, the Economics Society of Australia and the Australian Marketing Institute, providing you meet the specified requirements within the course.

Career opportunities
A combined course such as the Bachelor of Information Systems offers you the chance to broaden your career opportunities after graduation. For information on career outcomes for this combined course, see the entries for Bachelor of Information Systems (page 20) and Bachelor of Commerce (page 15).

Work-Integrated Learning
The Faculty of Business and Law offers Work Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 32 credit points of study – 16 credit points from the Bachelor of Information Systems and 16 credit points from the Bachelor of Commerce, including at least one major sequence.

Bachelor of Information Systems major sequences and units
Refer to the Bachelor of Information Systems course entry on page 20 for details of major sequences and units available.

Bachelor of Information Systems units
Refer to the Bachelor of Information Systems course entry on page 20 for details of major sequences and units available.

NON-YEAR 12 REQUIREMENTS
ALSET
You are exempt from sitting the ALSET if you:
- are a current Year 12 student; or
- have completed Year 12 studies in 2010, 2011 or 2012 and have not undertaken any tertiary studies (including TAFE studies, diploma or above) in the interim; or
- have completed Year 12 studies in 2010, 2011 or 2012 and intend to use the result from that year; or
- are currently enrolled or were enrolled in a Bachelor of Laws, Bachelor of Laws/combined course or the Juris Doctor (no other law course is eligible under this exemption clause) in 2011, 2012 or 2013 and have completed the equivalent of one full-time year at an Australian university (including at least two law (LLB) units); or
- have successfully completed an Australian postgraduate qualification in law in the past 10 years (three out of four units must be law (LLB) units).

The Bachelor of Commerce/Bachelor of Laws combined course allows you to gain a sound understanding of the context in which the law operates in the business world. The Bachelor of Laws emphasises a case study approach and has a strong practical legal skills component. You will also gain comprehensive knowledge in business studies. The Bachelor of Commerce allows you to gain a sound foundation in key business disciplines.

Professional recognition
Deakin’s law studies satisfy the academic requirements for admission to practise law in Victoria

Deakin’s Bachelor of Commerce is internationally recognised and is accredited by the European Foundation for Management Development (EFMD).

The Bachelor of Commerce component of this course can lead to accreditation with many professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, the Institute of Certified Accountants in Australia (ICAA), the Association of Chartered Certified Accountants (ACCA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, providing you meet the specified requirements within the course.

Career opportunities
This combined course offers unequalled career opportunities. As an alternative to practising as a barrister or solicitor, you may pursue a career in business and management in a wide range of organisations, government services, industrial relations, research, public administration, diplomatic service, legal aid, the media, law reform or teaching in universities. Broad career paths based on the study of selected commerce units enable job prospects ranging from being a professional accountant, IT and systems professional, economist, financial planner, human resources manager, manager, social and economic policy developer, international trade officer and marketing assistant/manager.

Work-Integrated Learning
To satisfy the law component of this course and be eligible to graduate, you are required to complete the prescribed professional experience.
Professional experience
The practical experience requirements will provide you with an opportunity to enrich your legal education and theoretical knowledge and assist in preparing you for employment in the industry. Your degree is enhanced by the requirement to complete 30 days work placement in a legal environment to gain experience on how the law operates in practice and to develop professional networks.

Practical legal training
In your final year, you will undertake a unique capstone unit, 'Legal Problem-Solving and Persuasion', which will teach you about the science of persuasion and approaching problems in a clear-minded manner in order to achieve optimum outcomes. In the process you will develop presentation skills and experience presenting in the court room.

Regular, compulsory practical experience placements throughout the course also offer you the opportunity to experience legal environments first-hand and develop useful workplace contacts.

Law Clinic
As part of this course, Deakin also offers Law Clinic, a clinical skills unit which involves you working at a community legal centre under the supervision of a legal practitioner. This unit not only gives you credit towards your degree, it also enhances your overall learning experience, providing you with a unique insight into the community legal centre environment.

As part of the Bachelor of Commerce component of this course, the Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 40 credit points of study – 24 credit points from the Bachelor of Laws and 16 credit points from the Bachelor of Commerce, including at least one major sequence.

Within the 24 credit points required from the Bachelor of Laws, 21 credit points are compulsory and 3 credit points are taken as elective law units. In addition, you will be required to complete the prescribed professional experience requirement.

Bachelor of Commerce major sequences and units
Refer to the Bachelor of Commerce (M300) course entry on page 15 for details of major sequences and units available.

Bachelor of Laws units
Core units
Level 1
MCA010 Communication for Academic Studies (0 credit points)
MLL110 Legal Principles and Skills
MLL111 Contract

Level 2
MLL213 Torts
MLL214 Criminal Law
MLL215 Commercial Law
MLL217 Misleading Conduct and Economic Torts
MLL218 Criminal Procedure
MLL221 Corporate Law

Level 3
MLL323 Constitutional Law
MLL324 Administrative Law
MLL325 Land Law
MLL327 Property
MLL334 Evidence
MLL335 Legal Practice and Ethics
MLL342 Workplace Law
MLL391 Civil Procedure and Alternative Dispute Resolution

Level 4
MLL405 Equity and Trusts
MLL406 Taxation
MLL409 Competition Law and Policy
MLL410 Intellectual Property
MLL411 Legal Problem Solving and Persuasion

Elective units
Select 3 credit points of elective law units from the following:

Level 3
MLL301 International Litigation and Dispute Settlement – Jessup Moot
MLL302 Human Rights Law
MLL315 Personal Injuries Compensation Schemes
MLL316 Mining and Energy Law
MLL317 Superannuation Law
MLL318 Insolvency
MLL336 International Commercial Law
MLL344 Chinese Commercial Law
MLL351 Law Clinic
MLL355 International Litigation and Dispute Settlement
MLL370 Law and the Internet
MLL377 International Law
MLL382 Indian Law
MLL388 International Financial Crime

Level 4
MLL408 Family Law

Law electives are offered on a rotational basis. Not every unit is offered every year.

* First three years available on campus at Warrnambool. The remaining course load can be taken by transferring to Geelong Waterfront Campus or off campus.

# ALSET criteria is currently under review. For the most up-to-date information, please visit the VTAC website www.vtac.edu.au.

N/A Refer to page 9.
Deakin’s combined course in commerce and science enables you to combine disciplines for a unique qualification. You may combine commerce studies in areas such as accounting, economics, management, information systems, or marketing with a relevant science stream, for example biology, biological chemistry, chemistry, environmental science, mathematical modelling or zoology.

**Professional recognition**
Deakin’s Bachelor of Commerce is internationally recognised and EPAS accredited by the European Foundation for Management Development (EFMD).

The Bachelor of Commerce component of this course can lead to accreditation with many professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, entry into the CA Program of the Institute of Chartered Accountants in Australia (ICAA), the Association of Chartered Certified Accountants (ACCA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, providing you meet the specified requirements within the course.

**Career opportunities**
A combined course offers you the chance to broaden your career opportunities after graduation. The types of opportunities available will depend on the major sequences you take within the course. For information on career outcomes for the Bachelor of Commerce, please see page 15.

As a graduate of Deakin’s Bachelor of Science you may find work in government institutions in roles such as quality assurance, occupational health and safety, research, planning, management or marketing; science-related industries, working in pharmaceutical production or pharmaceutical sales; in biomedical science areas such as research or hospital and laboratory science; quality assurance in analytical and diagnostic laboratories; the food industry in quality control; environment and natural resources, teaching, information technology, mathematics or science journalism to name a few.

**Bachelor of Science major sequences**

- Biology
- Biological chemistry
- Chemistry
- Environmental science
- Mathematical modelling
- Zoology

You must complete 32 credit points of study – 16 credit points from the Bachelor of Commerce and 16 credit points from the Bachelor of Science, including a major sequence from each degree.

**Course structure**
You must complete 32 credit points of study – 16 credit points from the Bachelor of Commerce and 16 credit points from the Bachelor of Science, including a major sequence from each degree.

**Bachelor of Commerce major sequences and units**
Refer to the Bachelor of Commerce (M300) course entry on page 15 for details of major sequences and units available.

**Bachelor of Science units**

**Core units**
- Level 1
  - EES101 Communicating Science
  - SLE101 Laboratory and Fieldwork Safety Induction Program (0-credit-point safety unit)
  - SLE103 Ecology and the Environment
  - SLE111 Cells and Genes

**Chemistry units**
Select one unit from:
- SLE133 Chemistry in Our World*
- SLE155 Chemistry for Professional Sciences*

- Students who have not completed Year 12 Chemistry or equivalent may choose to undertake SLE133 Chemistry in Our World. Students who have completed Year 12 Chemistry or equivalent may choose to undertake SLE155 Chemistry for Professional Sciences.

**Physics units**
Select one unit from:
- SEP101 Engineering Physics
- SEP122 Physics for the Life Sciences

**Quantitative skills**
- Levels 1 and 2
- Select one unit from:
  - HPS201 Research Methods in Psychology A
  - SIT191 Introduction to Statistics
  - SIT194 Introduction to Mathematical Modelling
  - SLE251 Research Methods and Data Analysis

**Professional Practice**
- Level 3
- Select at least one unit from:
  - SLE314 Research Project
  - SLE335 Industrial Applications of Science
  - SLE352 Community Science Project
  - SLE390 Professional Practice in Bioscience
  - STP321 Industry-Based Learning – Science

**Bachelor of Science major sequences**
- Biology
- Biological chemistry
- Chemistry
- Environmental science
- Mathematical modelling
- Zoology

For more information on these major sequences, please refer to the 2014 Undergraduate Science Career Booklet.

* Students enrolled at the Geelong Waterfront Campus will be required to undertake some science units at the Geelong Waurn Ponds Campus.

YEAR 12 PREREQUISITES
- VCE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English and a study score of at least 20 in mathematical methods (CAS) or specialist mathematics.

NON-YEAR 12 REQUIREMENTS
- VTAC Personal History online and demonstrated mathematical background equivalent to Year 12 level, academic results and GPA.

Increase your employment opportunities by studying different areas for professional recognition or personal interest in this combined course. You may combine one of the engineering major sequences – civil, electrical and electronics, mechanical or mechatronics and robotics engineering – with a commerce major sequence.

Professional recognition
Deakin’s Bachelor of Engineering is accredited by Engineers Australia, which gives the degree international recognition, allowing graduates to practise as professional engineers in many countries around the world.

Deakin’s Bachelor of Commerce is internationally recognised and EPAS accredited by the European Foundation for Management Development (EFMD).

The Bachelor of Commerce component of this course can lead to accreditation with many professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, entry into the CA Program of the Institute of Chartered Accountants in Australia (ICAA), the Association of Chartered Certified Accountants (ACCA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, providing you meet the specified requirements within the course.

Career opportunities
The Bachelor of Engineering/Bachelor of Commerce offers you the chance to broaden your career opportunities. The opportunities available will depend on the major sequences you take within your course. For information on career outcomes for the Bachelor of Commerce, please see page 15.

Deakin’s Bachelor of Engineering is designed to maximise your employment prospects, making you an industry-ready engineer, who is immediately employable and capable of adapting to an ever changing future.

Depending on your chosen specialisation, career opportunities can be found in civil engineering, electrical and electronics engineering, mechanical engineering, or mechatronic and robotics engineering.

For more information on career outcomes for the Bachelor of Engineering, please refer to the 2014 Undergraduate Engineering Career Booklet.

For more information on the career opportunities for the Bachelor of Commerce, refer to page 15.

Work-Integrated Learning
For the Bachelor of Engineering component of this course you must obtain an aggregate of at least 12 weeks of suitable practical experience during your program. Practical experience is normally undertaken during the vacation periods.

For the Bachelor of Commerce component of this course, the Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 44 credit points of study, which must include specified engineering and commerce core units and a major sequence from each degree.

Bachelor of Commerce major sequences and units
Refer to the Bachelor of Commerce (M300) course entry on page 15 for details of major sequences and units available.

Bachelor of Engineering major sequences
- Civil
- Electrical and electronics
- Mechanical
- Mechatronics and robotics

For more information on these major sequences, please refer to the 2014 Undergraduate Engineering Career Booklet.

¹ Students enrolled in this combined course will be required to undertake units of study at both the Geelong Waurn Ponds Campus and the Geelong Waterfront Campus.
² You will be required to participate in an on-campus residential at the Geelong Waurn Ponds Campus.
N/A Refer to page 9.
This combined course is designed for students who wish to gain expertise in both exercise and sport science and business (sport management).

The exercise and sport science aspect will equip you with the necessary skills, understanding and attitudes to pursue a professional career in the exercise and sport fields. The core units provide an understanding of the sciences underpinning both competitive sport and recreational physical activity, as well as the relationship between physical activity and health.

The business (sport management) component provides you with a solid foundation in business studies and the unique knowledge and specialist skills required by sport managers in Australian organisations, as identified within the industry.

Career opportunities
Graduates from this combined course will be equipped to provide enhanced professional leadership in the field and make a marked impact on the continued development of the Australian sporting industry.

Possible career areas vary from traditional sport, exercise and coaching occupations to well-established sports administration, management, governance and development roles. Growth areas in this sector include sports media, IT, event management, marketing and international business.

Other opportunities include sport science, sport equipment design, and marketing health and physical activity.

Work-Integrated Learning
The Bachelor of Exercise and Sport Science features a minimum 140 hours of practical experience in an exercise and sport science work practicum in third year, so you can start your career before you graduate with hands-on work placement experience.

You have the opportunity to undertake hands-on experience in a variety of sporting, exercise or health environments. These may vary from local, state or national sporting organisations and professional sporting clubs; state and national institutes of sport; as well as health, fitness and rehabilitation providers. The roles can involve coaching, sport science, sports administration, sport management, rehabilitation and fitness. Many graduates have been offered work based on their excellent fieldwork performance.

The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 32 credit points of study, including 16 credit points of exercise and sport science units and 16 credit points of sport management and business units. The exercise and sport science units are comprised of 14 credit points of core units and 2 credit points of elective units from a specified list.
Level 1
HBS109 Human Structure and Function
HBS110 Health Behaviour
HSE010 Exercise and Sport Science Laboratory Safety* (0-credit-point safety unit)
HSE102 Functional Human Anatomy
HSE103 Introduction to Exercise and Sport Science Practice
MAA103 Accounting for Decision Making
MCA010 Communication for Academic Studies (0 credit points)
MIS171 Business Analytics
MAMS100 Sport Organisation
MAMS101 Sport in Society

Level 2
HBS108 Health Information and Data
HSE101 Principles of Exercise and Sport Science
HSE201 Exercise Physiology
HSE202 Biomechanics
MAE101 Economic Principles
MAF101 Fundamentals of Finance
MCL201 Business Law
MAMS132 Management

Level 3
HSE203 Exercise Behaviour
HSE204 Motor Learning and Development
HSE301 Principles of Exercise Prescription
HSE302 Exercise Programming
MIS101 Business Information Systems
MMH201 Business Communication
MMK201 Marketing Management
MAMS313 Sport Leadership and Governance

Level 4
Trimester 1
HSE311 Applied Sports Science 1
or
HSE312 Exercise and Sports Science Practicum 1*
plus one HSE level 2 or 3 elective unit
MCL301D Sport and the Law
MAMS307 Sport Facility and Event Management
Trimester 2
HSE312 Exercise and Sports Science Practicum 1
(if not completed in Trimester 1)
or
HSE314 Applied Sports Science 2
plus one HSE level 2 or 3 elective unit
MAMS306 Sport Practicum
MAMS308 Sport Marketing

HSE level 2 and 3 elective units
You may choose any units offered by the University or from the exercise and sport science-related elective units listed below:
HSE208 Integrated Human Physiology
HSE303 Exercise Metabolism
HSE304 Physiology of Sport Performance
HSE309 Behavioural Aspects of Sport and Exercise
HSE311 Applied Sports Science 1
HSE313 Understanding Children’s Physical Activity
HSE314 Applied Sports Science 2
HSE316 Physical Activity and Population Health
HSE320 Exercise in Health and Disease
HSE323 Clinical and Sport Biomechanics

BACHELOR OF INFORMATION SYSTEMS/ BACHELOR OF ARTS

DEAKIN CODE: D370
ATAR: N/A
INDICATIVE FIRST YEAR FEE: $7,120 (CSP)

YEAR 12 PREREQUISITES:
VCE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English.

NON-YEAR 12 REQUIREMENTS:
VTAC Personal History online, academic results and GPA or interview.

The Bachelor of Information Systems/Bachelor of Arts is a flexible degree that allows you to combine generalist studies in arts with studies in Information systems. The Bachelor of Arts is a flexible degree allowing you to pursue a complementary area of study such as media and communication, international relations, politics and policy studies, visual arts, journalism or sociology.

Career opportunities
A combined course such as the Bachelor of International Studies/Bachelor of Arts offers you the chance to broaden your career opportunities after graduation.

For more information on career outcomes for the Bachelor of Information Systems, refer to the course entry on page 20.

For more information on career opportunities for the Bachelor of Arts, please refer to the Bachelor of Arts/Bachelor of Commerce course entry on page 31.

Work-Integrated Learning
The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 32 credit points of study, including 16 credit points from the Bachelor of Information Systems and 16 credit points from the Bachelor of Arts, including at least one major sequence. Course requirements for both the Bachelor of Information Systems and the Bachelor of Arts must be satisfied.

Bachelor of Information Systems units
Refer to the Bachelor of Information Systems course entry on page 20 for a list of core units.

Bachelor of Arts major sequences
Refer to the Bachelor of Arts/Bachelor of Commerce course entry on page 31 for a list of Bachelor of Arts major sequences or refer to the 2014 Arts, Humanities and Social Sciences Career Booklet for more information.

* Students enrolled at the Geelong Waterfront Campus will be required to undertake some units at the Geelong Waurn Ponds Campus.

For more information and to click through to unit descriptions, please visit deakin.edu.au/courses.
The Bachelor of Information Systems/Bachelor of Health Sciences is a flexible degree that provides a range of exciting opportunities and equips graduates with the skills needed to work in a variety of settings. This flexible degree is an excellent option for those looking to discover their passion in the health and information systems areas and also provides a pathway to further professional studies at a postgraduate level.

**Career opportunities**

As a graduate of this combined course you will have the specialised knowledge and skills required to build a career as an information systems professional in an industry sector of your choosing. You will also have the ability to pursue a diverse range of career opportunities within the health sector.

Career opportunities for Bachelor of Health Science graduates are diverse and depend on the major sequences and electives chosen. Depending on the study areas you choose, you may qualify to work in areas such as health promotion, health education, community health, project management, program planning, case management, counselling, family and community support, housing services, regional health service planning, sports psychology, sports nutrition and sports development.

For information about the career opportunities related to information systems, please refer to the Bachelor of Information Systems course entry on page 20.

**Work-Integrated Learning**

As part of the Bachelor of Health Sciences component of this course, you can enhance your employment prospects and consolidate your knowledge and skills through an industry placement unit. Depending on the major sequences you choose to study, this option may be available in the final year of your course.

As part of the Bachelor of Information Systems component of this course, the Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

**Course structure**

You must complete 32 credit points of study, including 16 credit points from the Bachelor of Information Systems and 16 credit points from the Bachelor of Health Sciences.

The 16 credit points studied within the Bachelor of Information Systems must include the 16 credit points of core units.

Within the 16 credit points from the Bachelor of Health Sciences, you must complete two core units offered by the Faculty of Health, that provide you with the opportunity to engage in multidisciplinary learning, and two major sequences.

**Bachelor of Information Systems units**

Refer to the Bachelor of Information Systems course entry on page 20 for a list of core units.

**Bachelor of Health Sciences core units**

HBS107 Understanding Health  
HBS108 Health Information and Data

**Bachelor of Health Sciences major sequences**

- Environmental health
- Exercise science
- Family, society and health
- Food studies
- Health and sustainability
- Health promotion
- Medical biotechnology
- Nutrition
- People, society and disability
- Physical activity and health
- Psychology
- Sport coaching

Refer to the 2014 Undergraduate Health Career Booklet for details of these major sequences.

* Students enrolled at the Geelong Waterfront Campus will be required to undertake some health sciences units at the Geelong Waurn Ponds Campus.

N/A Refer to page 9.
BACHELOR OF INFORMATION SYSTEMS/ BACHELOR OF INFORMATION TECHNOLOGY

DEAKIN CODE  ATAR  INDICATIVE FIRST YEAR FEE
D371  72.45  $8370 (CSP)

YEAR 12 PREREQUISITES
VCE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English and a study score of at least 20 in mathematics (any).*

NON-YEAR 12 REQUIREMENTS
VTAC Personal History online, academic results and GPA or interview.

* Mathematics may be removed as a Year 12 prerequisite for this course (subject to approval). Please check deakin.edu.au for up-to-date information.

This course offers studies in IT and information systems, producing graduates with practical and theoretical knowledge in ICT leading to a spectrum of highly sought after graduate roles. This course will provide you with a thorough grounding in software development, web design, database, networking and project management. Graduates work in roles such as business analyst, computer systems designer, systems programmer, information security officer, games designer, games programmer, security specialist, network manager, project manager and multimedia technology developer.

Professional recognition
This course is professionally accredited with the Australian Computer Society (ACS).

Career opportunities
In today’s IT job market multiskilling, multi-tasking and cross-skilling are highly valued and graduates of this course are well placed for a successful career in management of IT in business, industry or government. As a graduate you will be qualified for a wide range of positions including IT manager, project manager, analyst/programmer, network manager, internet developer and administrator, information systems project leader, IT consultant, systems manager or business consultant.

Work-Integrated Learning
The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 32 credit points of study, including 14 credit points of information systems core units* and 2 credit points of general elective units, six information technology core units*, four information technology course-grouped elective units and one information technology major sequence.

* Students undertaking the Bachelor of Information Systems/Bachelor of Information Technology (D371) are not required to undertake SIT101, MIS231, SIT374 and MIS399. Students will undertake 2 credit points of elective units from the Bachelor of Information Systems and 2 credit points of elective units from the Bachelor of Information Technology instead.

Bachelor of Information Systems units
Refer to the Bachelor of Information Systems course entry on page 20 for a list of core units and general elective units.

DARCY CLISSOLD
BACHELOR OF BUSINESS INFORMATION SYSTEMS/ BACHELOR OF INFORMATION TECHNOLOGY* GEELONG WAURN PONDS CAMPUS

‘I was looking at doing something IT-based and I saw that Deakin had the combined course. I thought, “one extra year for two degrees – that’s pretty good.”

I quickly learned that having the business side to IT would be a big advantage when I was applying to the big companies. You feel like you are offering them something more when you say you have a business degree. Studying course content from two different areas was a bonus. I could go into IT classes and learn all the functions and how to actually do things. Then in business classes, they would give you examples of where they are used and how they are applied.

I particularly appreciated the knowledge of the lecturers and tutors. Many have been out in the industry before coming to Deakin so they have a good idea of where the technology has been and how it has been used.

I am now working as a graduate technologist. I was employed for my security major so I am working in information security.’

* Now Bachelor of Information Systems/Bachelor of Information Technology.
Bachelor of Information Technology units

Core units

Level 1
- SIT010 Safety Induction Program (0-credit-point safety unit)
- SIT101 Fundamentals of Information Technology
- SIT103 Introduction to Database Design
- SIT104 Introduction to Web Development
- SIT105 Critical Thinking and Problem Solving

Level 2
- SIT202 Computer Networks
- SIT223 Information Technology Professional Skills

Level 3
- SIT302 Project
- SIT374 Project Management

Information technology course-grouped elective units

Select any three School of Information Technology (SIT coded) units.

Information technology major sequences

- Computer science
- Game development
- Interactive media design
- Mathematical modelling
- Networking
- Security
- Software development

For more information on these major sequences, please refer to the 2014 Undergraduate Information Technology Career Booklet.
Combining information systems with law prepares you for the practice of law in the ‘information age’, where technological innovation is challenging the boundaries of privacy and security. The course prepares graduates for new cutting-edge careers in legal practice brought about by one of the greatest periods of innovation driven by technology.

**Professional recognition**
Deakin’s law studies satisfy the academic requirements for admission to practise law in Victoria.

**Career opportunities**
A combined course such as the Bachelor of Information Systems/Bachelor of Laws offers you the chance to broaden your career opportunities after graduation. For more information on career outcomes for the Bachelor of Information Systems, refer to the course entry on page 20.

For more information on career opportunities for the Bachelor of Laws, please refer to the Bachelor of Commerce/Bachelor of Laws course entry on page 34.

**Work-Integrated Learning**
To satisfy the law component of this course and be eligible to graduate, you are required to complete the prescribed professional experience.

**Professional experience**
The practical experience requirements will provide you with an opportunity to enrich your legal education and theoretical knowledge and assist in preparing you for employment in the industry. Your degree is enhanced by the requirement to complete 30 days work placement in a legal environment to gain experience on how the law operates in practice and to develop professional networks.

Practical legal training
In your final year, you will undertake a unique capstone unit, ‘Legal Problem-Solving and Persuasion’, which will teach you about the science of persuasion and approaching problems in a clear-minded manner in order to achieve optimum outcomes. In the process you will develop presentation skills and experience presenting in the court room.

Regular, compulsory practical experience placements throughout the course also offer you the opportunity to experience legal environments first-hand and develop useful workplace contacts.

**Law Clinic**
As part of this course, Deakin also offers Law Clinic, a clinical skills unit which involves you working at a community legal centre under the supervision of a legal practitioner. This unit not only gives you credit towards your degree, it also enhances your overall learning experience, providing you with a unique insight into the community legal centre environment.

As part of the Bachelor of Commerce component of this course, the Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

**Course structure**
You must complete 40 credit points of study – 24 credit points from the Bachelor of Laws and 16 credit points from the Bachelor of Information Systems.

Within the 24 credit points required from the Bachelor of Laws, 21 credit points are compulsory and 3 credit points are taken as elective law units. In addition, you will be required to complete the prescribed professional experience.

**Bachelor of Information Systems core units**
Refer to the Bachelor of Information Systems course entry on page 20 for details of the 16 credit points of core units.

**Bachelor of Laws units**
Refer to the Bachelor of Commerce/Bachelor of Laws course entry on page 34 for details of the law units.

N/A Refer to page 9.

BACHELOR OF INFORMATION SYSTEMS/
BACHELOR OF SCIENCE

DEAKIN CODE ATAR INDICATIVE FIRST YEAR FEE
D369 N/A $8370 (CSP)

YEAR 12 PREREQUISITES
VCE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English.

NON-YEAR 12 REQUIREMENTS
VTAC Personal History online, academic results and GPA or interview.

This course allows you to combine studies in information systems with studies in a science stream such as biology, biological chemistry, environmental science or mathematical modelling. You will gain a broad knowledge of contemporary science and information systems, giving you the potential to work in a wide range of fields, including agriculture, medicine and human health, pharmaceuticals and food technology.

Career opportunities
A combined course such as the Bachelor of Information Systems/Bachelor of Science offers you the chance to broaden your career opportunities after graduation.

Bachelor of Science graduates may find career opportunities in government institutions, in roles such as quality assurance, occupational health and safety, research, planning, management or marketing; science related industries, working in pharmaceutical production or pharmaceutical sales; biomedical science areas such as research or hospital and laboratory science; quality assurance in analytical and diagnostic laboratories; the food industry in quality control; environment and natural resources, teaching, information technology, mathematics or science journalism to name a few.

For information on career outcomes for the Bachelor of Information Systems, please refer to page 20.

Work-Integrated Learning
As part of the Bachelor of Science component of the course, you are required to complete Professional Practice. This will allow you to gain valuable work experience, giving you the opportunity to apply and consolidate knowledge gained in your course, experience workplace culture and workplace practices, explore career options and develop a professional network. You may also have the opportunity to undertake Industry-Based Learning, which can be credited towards your degree.

As part of the Bachelor of Information Systems component of this course, the Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 32 credit points of study – 16 credit points from the Bachelor of Information Systems and 16 credit points from the Bachelor of Science, including a major sequence. The 16 credit points studied within the Bachelor of Information Systems must include the 16 credit points of core units. The 16 credit points for the Bachelor of Science must include at least one 8-credit-point major sequence selected from the list below.

Bachelor of Science major sequences
- Biological chemistry
- Biology
- Environmental science
- Mathematical modelling

Refer to the 2014 Undergraduate Science Career Booklet for details of these major sequences.

Bachelor of Science units
Refer to the Bachelor of Commerce/Bachelor of Science course entry on page 36 for details of the Bachelor of Science core units.

Bachelor of Information Systems units
Refer to the Bachelor of Information Systems course entry on page 20 for details of the 16 credit points of core units.

N/A Refer to page 9.

The Deakin University Library provides vibrant, technology-rich and inviting learning spaces on every campus, giving you a wide choice of study options.

**Year 12 Prerequisites**

| VCE units 3 and 4 – a study score of at least 25 in English (ESL) or 20 in any other English | VTAC Personal History online, academic results and GPA |

This specialist degree will provide you with the opportunity to combine complementary major sequences in international studies and commerce. The focus is on an international orientation and you will be expected to make a commitment to an internship with an overseas organisation, or a period of study at an overseas university, or to participate in an in-country language program.

This course will develop your understanding of the international forces shaping government, business and community life in contemporary Australia and give you a grounding in business disciplines.

**Professional recognition**

Deakin’s Bachelor of Commerce is internationally recognised and EPAS accredited by the European Foundation for Management Development (EFMD).

The Bachelor of Commerce component of this course can lead to accreditation with many professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, entry into the CA Program of the Institute of Chartered Accountants in Australia (ICAA), the Association of Chartered Certified Accountants (ACCA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, providing you meet the specified requirements within the course.

**Career opportunities**

A combined course such as the Bachelor of International Studies/Bachelor of Commerce offers you the chance to broaden your career opportunities after graduation. The types of opportunities available will depend on the major sequences taken within the course.

The Bachelor of International Studies equips you with the skills and experience relevant to a wide range of positions in the public sector, including communications, defence, diplomacy, education, finance, immigration, businesses with an international orientation, trade and aid, and non-government organisations (NGOs) with regional, national and global links.

For information on career outcomes for the Bachelor of Commerce, see page 15.

**International study experience**

You have the opportunity to undertake one of the following:

- trimester of study at an overseas university exchange partner
- international internship (AIS330 or AIS331)
- in-country language program (in Chinese, Indonesian or Arabic)
- approved study abroad program
- approved onshore internship with an international organisation (AIS330 only).

AIS330 and AIS331 internship units are normally undertaken in third year (or equivalent) and are subject to completion of specified prerequisite units and special application requirements. Interested students should contact the Faculty of Arts and Education Student Support and Enrolment Enquiries on their campus for more information.

**Course structure**

You must complete 32 credit points of study – 16 credit points from the Bachelor of International Studies and 16 credit points from Bachelor of Commerce, including at least one major sequence. Of the 16 credit points from the Bachelor of International Studies, you must complete four core units; an approved international study experience, and either a major sequence in international relations and a sub-major selected from the list below, or a sub-major in international relations and a major sequence selected from the list below.

**Bachelor of Commerce major sequences and units**

Refer to page 15 for detailed course structure, requirements, major sequences and list of available units for the Bachelor of Commerce.

**Bachelor of International Studies units**

**Core units**

AIR101 Cross-Cultural Communication
AIR201 International Studies @ Work
AIR302 Developed and Developing Worlds
ALW117 Writing for Professional Practice

**Bachelor of International Studies major sequences**

- Arabic
- Chinese
- Indonesian
- International relations
- Language and culture studies
- Middle East studies
- Politics and policy studies

\* A full major sequence in Chinese is not available at this campus.

For more information on these major sequences, please refer to the 2014 Undergraduate Arts, Humanities and Social Sciences Career Booklet.

**International relations major sequence**

**Core units**

Level 1
AIR108 International Relations
AIR120 Australia and the World

Level 2
Select 6 credit points of study, including at least 2 credit points at level 2 and 2 credit points at level 3 from the following:
- AIE255 Middle East Politics
- AIR205 The Rise of China
- AIR225 Global Environmental Politics
- AIR234 Order and Justice in World Politics
- AIR236 Global Capitalism and its Discontent
- AIR243 International Relations of the Asia-Pacific
- AIR244 Conflict, Security and Terrorism
- AIR245 American Foreign Policy

Level 3
AIR342 Theories of International Relations
AIR347 Crises and Risk in International Relations

\* The off-campus mode offering of this course is subject to negotiation with the Course Director. Please contact the Faculty of Arts and Education Student Support Office on your campus for further details.

\* Students enrolled in this combined course will be required to undertake units of study at both the Geelong Waurn Ponds Campus and the Geelong Waterfront Campus.

N/A Refer to page 9.
The Bachelor of Management/Bachelor of Laws combined course allows you to gain a sound understanding of the context in which the law operates in the business world. The Bachelor of Laws emphasises a case study approach and has a strong practical legal skills component. The Bachelor of Management enables you to acquire and master a solid understanding of the intellectual foundations of the study of management and its main components.

Professional recognition
Deakin’s law studies satisfy the academic requirements for admission to practise law in Victoria.

Career opportunities
A law degree, especially when combined with another degree such as management, is a qualification that offers unequalled career opportunities. As an alternative to practising as a barrister or solicitor, you may enter many areas of work including business and management roles in a wide range of organisations, government services and industrial relations. You may find roles in research, public administration, diplomatic service, the media, legal aid, law reform or teaching in universities.

Work-Integrated Learning
To satisfy the law component of this course and be eligible to graduate, you are required to complete the prescribed professional experience.

Professional experience
The practical experience requirements will provide you with an opportunity to enrich your legal education and theoretical knowledge and assist in preparing you for employment in the industry. Your degree is enhanced by the requirement to complete 30 days work placement in a legal environment to gain experience on how the law operates in practice and to develop professional networks.

Practical legal training
In your final year, you will undertake a unique capstone unit, ‘Legal Problem-Solving and Persuasion’, which will teach you about the science of persuasion and approaching problems in a clear-minded manner in order to achieve optimum outcomes. In the process you will develop presentation skills and experience presenting in the court room.

Regular, compulsory practical experience placements throughout the course also offer you the opportunity to experience legal environments first-hand and develop useful workplace contacts.

Law Clinic
As part of this course, Deakin also offers Law Clinic, a clinical skills unit that involves you working at a community legal centre under the supervision of a legal practitioner. This unit not only gives you credit towards your degree, it also enhances your overall learning experience, providing you with a unique insight into the community legal centre environment. As part of the Bachelor of Commerce component of this course, the Faculty of Business and Law offers Work Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 40 credit points of study, including 16 credit points from the Bachelor of Management and 24 credit points from the Bachelor of Laws. Within the 24 credit points required from the Bachelor of Laws, 21 credit points are compulsory and 3 credit points are taken as elective law units. In addition you will be required to complete the prescribed professional experience.

Bachelor of Management major sequences and units
Refer to the Bachelor of Management (M302) course entry on page 21 for major sequences and units available.

Bachelor of Laws units
Refer to the Bachelor of Commerce/Bachelor of Laws (D322) course entry on page 34 for units available for the Bachelor of Laws.

N/A Refer to page 9.
The Bachelor of Property and Real Estate/Bachelor of Commerce (BPRE/BCom), provides you with the rare opportunity to benefit from the strong synergy between major sequences in commerce along with studies in property and real estate.

The BCom has a strong public profile and an established reputation with industry and professional bodies, and property and real estate is an established international discipline with close industry links. Graduates will be highly skilled property professionals with a qualification fully recognised by employers, government and professional organisations. Combining the courses relate theory with practice, providing a broad business educational experience with global recognition. All units are also available off-campus.

Professional recognition
The Bachelor of Property and Real Estate has professional accreditation by the Australian Property Institute (www.api.org.au) and the Royal Institution of Chartered Surveyors (www.rics.org). Graduates meet the academic requirements for Certified Practising Valuer (CPV) status.

Deakin’s Bachelor of Commerce is internationally recognised and EPAS accredited by the European Foundation for Management Development (EFMD).

The Bachelor of Commerce can lead to accreditation with many professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, entry into the CA Program of the Institute of Chartered Accountants in Australia (ICAA), the Association of Chartered Certified Accountants (ACCA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, provided that specific requirements within the course have been met.

Career opportunities
The BPRE/BCom aims to produce graduates prepared for a career in the business world and in the global property and real estate industries. As a graduate of this course you will have an understanding of the legalities, principles and processes required to fill a professional role in this field, as well as an appreciation of a professional ethic, which emphasises responsibility and responsiveness to community needs.

Graduates can find employment in a wide range of international commerce or property-related positions in both private and government sectors including property developers, valuers, investors, asset managers, property market analysts, property management, leasing agents, funds managers and government advisors.

Work-Integrated Learning
The Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 32 credit points of study including 16 credit points from the Bachelor of Property and Real Estate and 16 credit points from the Bachelor of Commerce, including a major sequence from each degree.

Bachelor of Commerce units and major sequences
Refer to the Bachelor of Commerce (M300) course entry on page 15 for details of major sequences and units available.

Bachelor of Property and Real Estate units and major sequences
Refer to the Bachelor of Property and Real Estate (M348) course entry on page 27 for details of major sequences and units available.

N/A Refer to page 9.
Health is crucial to the wellbeing of individuals and society with numerous career opportunities worldwide for health and community services professionals. Businesses are also recognising the importance of the health of employees and the communities they deal with.

This combined course provides you with a thorough understanding of the importance of health education, the factors influencing health practices, and strategies to promote the health of individuals and groups. You will also gain a professional business qualification incorporating aspects of management, marketing, human resources or finance, depending on the major sequence you take in the commerce component of your degree.

Professional recognition
Deakin's Bachelor of Commerce is internationally recognised and EPAS accredited by the European Foundation for Management Development (EFMD).

The Bachelor of Commerce component of this course can lead to accreditation with many professional bodies, such as the Certified Practising Accountant (CPA) Program of CPA Australia, entry into the CA Program of the Institute of Chartered Accountants in Australia (ICAA), the Association of Chartered Certified Accountants (ACCA), the Institute of Public Accountants Professional Accounting Program, the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, providing you meet the specified requirements within the course. Graduates will also be eligible to apply for membership of the Public Health Association of Australia (PHAA).

Career opportunities
As a graduate of the Bachelor of Public Health and Health Promotion/Bachelor of Commerce you may find employment in either of these professional areas and work with groups such as children, adults, the disadvantaged and employees. Knowledge of business and health issues assists with executive management positions that have policy development, budget and staff management responsibilities.

Public health and health promotion graduates may qualify to work in positions such as health promotion officer, community development officer, social planning officer, health educator or health policy developer.

For more information on career outcomes for the Bachelor of Commerce, see page 15.

Work-Integrated Learning
As part of the Bachelor of Public Health and Health Promotion component of this course, you can undertake a HSH303 Public Health and Health Promotion Practicum unit in the final year of your course. This enables you to consolidate your skills through realistic field experience, which assists you to be work-ready after graduation.

As part of the Bachelor of Commerce component of this course, the Faculty of Business and Law offers Work-Integrated Learning, which covers business internships, community-based volunteering, industry-based learning and international study opportunities. For more information, please visit deakin.edu.au/buslaw/wil.

Course structure
You must complete 32 credit points of study, including 16 credit points from the Bachelor of Public Health and Health Promotion and 16 credit points from the Bachelor of Commerce.

Of the 16 public health and health promotion credit points, 13 are core units in public health and health promotion and three are foundation units offered by the Faculty of Health, which provide you with the opportunity to engage in multidisciplinary learning.

Of the 16 credit points specific to commerce, 11 are core units (of which, one is worth 0 credit points). The remaining credit points are elective units that must be taken from the Faculty of Business and Law to comprise a major sequence and a minimum of 4 credit points at level 3.

Bachelor of Commerce major sequences and units
Refer to the Bachelor of Commerce (M300) course entry on page 15 for details of major sequences and units available.

---

1. The indicative first year fee is an approximate indication of the cost of this course in the first year of full-time study for a Commonwealth Supported Place. We cannot specify the exact figure, because fees are charged per unit, not per course, so the actual fees may vary depending on what units you choose to study.

The fees quoted in this booklet are for Australian students in 2013 and may change for 2014 and later years. You can find more information about fees on our website at deakin.edu.au or at studyassist.gov.au. For information on fees for international students, please visit deakin.edu.au/international.
All of our campuses offer places to socialise, grab a coffee and take time out.
Pathway programs provide alternative entry options that take into consideration previous qualifications or your time in the workforce. Deakin has pathway options for a range of applicants including current Year 12 students, International Baccalaureate (IB) students and non-school leavers.

Examples for business students include:

- Accountant
- Advertising assistant
- Business analyst
- eBusiness project manager
- Economic analyst
- Economic policy developer
- Electronic marketing manager
- Employee relations officer
- Employment and equal opportunity officer
- Event operations coordinator
- Financial planner
- Financial security analyst
- Human resource officer
- IS consultant
- Marketing consultant
- Project manager
- Sport facility manager
- Sport marketer
- Systems analyst and designer
- Training and development officer
- Web designer

Please note applicants are subject to entry requirements.

For more examples of pathways into Deakin University, please visit deakin.edu.au/pathways.
TAFE pathways
If you complete a diploma or advanced diploma at TAFE, you may be able to apply for a Deakin course in a similar discipline and receive credit for your TAFE qualification. In most cases, this will reduce the number of units you need to complete to obtain your Deakin degree. Plus, upon graduation, you'll have not one, but two qualifications.

Deakin has formal pathway programs and special credit arrangements with its four partner TAFEs (Box Hill Institute and Chisholm in Melbourne, South West TAFE in Warrnambool and The Gordon in Geelong) however all TAFE qualifications are considered for application to Deakin.

If you have completed a diploma or advanced diploma, you may be eligible for up to 8 or 12 credit points respectively towards a related Deakin degree. The assessment of credit is based on a number of factors and is determined on an individual basis. To find out what credit you are entitled to, please visit deakin.edu.au/courses/credit.

Melbourne Institute of Business and Technology (MIBT)
Deakin University and the Melbourne Institute of Business and Technology (MIBT) have been in partnership for more than 15 years. MIBT can provide an excellent pathway to Deakin for students who do not meet the admission requirements for Deakin University courses. MIBT is located at Deakin’s Melbourne Burwood Campus, Geelong Waterfront Campus and Geelong Waurn Ponds Campus, allowing you the opportunity to gain access to Deakin’s facilities and services and get involved in uni life.

MIBT may provide a direct pathway to second-year study at Deakin in business and management (conditions apply). MIBT diplomas are equivalent to the first year of a Deakin University undergraduate degree. On successful completion of a diploma and meeting University academic entrance criteria, students may be eligible for entry to second year of the relevant Deakin University undergraduate degree.

Deakin’s Associate Degree of Arts, Business and Sciences
The Associate Degree of Arts, Business and Sciences (Deakin at Your Doorstep), is a two-year, full-time (or part-time equivalent), 16-credit-point program specifically designed for students who would benefit from a supported entry to tertiary education. The associate degree course structure provides flexible pathways into tertiary education and can be used as a pathway into a range of Deakin degrees at the Warrnambool Campus, Geelong Waterfront Campus, Geelong Waurn Ponds Campus or off campus. The degree may also be taken as a stand-alone, two-year exit qualification.

Students studying the associate degree at one of our partner TAFE campuses – Advance in Bairnsdale, Chisholm in Dandenong and Rosebud, Kangar Institute at Hume Global Learning Centre in Craigieburn, Sunraysia in Swan Hill, GOTAPE in Wangaratta and South West TAFE in Portland – will study the course concurrently with a diploma qualification.

For more application information, please visit deakin.edu.au/doorstep.

Single unit (non-award) study
You may wish to undertake a single unit of study at Deakin (without being enrolled or accepted into a course). These units are subject to fees and do not lead to a degree, but may be credited towards a degree if you succeed in gaining entry to a course at a later stage.

For more information, please visit deakin.edu.au/study-at-deakin/apply/other-types-of-application/apply-for-a-single-subject.

Choice of campus
Deakin’s courses in Business and Law are offered at three campuses throughout Victoria and off campus. The ATAR required for each campus often differs, but the same high-quality degree is delivered no matter which campus you study at. This provides you with more entry options and enables you to transfer your studies from one campus to another.
Applying to study at Deakin University is easy. Whether you are a current Year 12 student, TAFE graduate, mature-age student, non-school leaver, or international student studying VCE in Australia, you can apply to study a Deakin undergraduate course through the Victorian Tertiary Admissions Centre (VTAC) (unless stated otherwise in the VTAC CourseSearch www.vtac.edu.au or under the individual course entries in this booklet).

When you are applying for a course, make sure you check all of the entry requirements carefully. Most courses have prerequisites and some have additional requirements that you will need to complete to be eligible for selection into that course. For prerequisite and extra requirement information, please visit the VTAC website www.vtac.edu.au.

For more information on how to apply, including special consideration and deferment, please visit deakin.edu.au/study-at-deakin/apply.

DID YOU KNOW?
If your application to study at Deakin is successful but it’s not the right time for you to commence university, you can defer your studies in most Deakin courses for up to two years. This means you can postpone your studies to work, travel or volunteer and still retain your university place. For more information, please visit deakin.edu.au.

DANIEL SALIBA
BACHELOR OF COMMERCE
MELBOURNE BURWOOD CAMPUS

‘It is the atmosphere around the campus that sets Deakin apart from other universities. I researched all the different unis in Melbourne and Deakin stood out – what they do, how they run their courses and the student associations, but mainly the atmosphere. You feel you belong there and feel like you are part of something, rather than just a number.

On orientation day and the first day of classes, get to know people. When I started, I knew people doing other Deakin courses but I knew nobody in my course. Now some of my best friends are people I met on campus. The first week of tutorials tends to be a get-to-know-you time and making the most of that opportunity pays dividends later.

In accounting and finance we had a lot of group assignments. If you know people already it makes you feel a lot more comfortable. I knew the people in my double major and we had formed our groups before the assignments were even given. It helped so much’.

Further reading
Deakin University produces a range of booklets to help you choose the right course. These include:
- 2014 Undergraduate Course Guide
- Accommodation Guide 2014
- Introduction to University Guide
- Pathways to Deakin 2014
- Parents’ magazine
- Off-Campus Course Guide 2014
- University handbook 2013 deakin.edu.au/study-at-deakin/find-a-course/university-handbook
- Deakin at Your Doorstep (Associate Degree of Arts, Business and Sciences)
- 2014 undergraduate career booklets
- postgraduate course information.

You can download copies of these brochures at deakin.edu.au/course-guides or to request copies of any of the above, email enquire@deakin.edu.au, or phone 1300 DEGREE (1300 334 733).

Deakin University also produces course guides specifically for international students. To request a copy phone Deakin International on +61 3 9627 4877 or email deakin-international@deakin.edu.au.
IMPORTANT DATES
2013

DEAKIN EVENTS
Sunday 4 August
Open Day
Warrnambool Campus

Sunday 11 August
Open Day
Geelong Waurn Ponds Campus and
Geelong Waterfront Campus

Sunday 25 August
Open Day
Melbourne Burwood Campus

Deakin will hold additional events for prospective
students and parents. Please visit deakin.edu.au/
study-at-deakin for updates.

APPLICATION DATES
Trimester 1
Early August *
VTAC applications open

Late September *
Timely VTAC applications close

Mid November *
Late VTAC applications close (late fee applies)

Mid December *
Very late VTAC applications close (very late
fee applies)

December
Change of Preference

Please check the Deakin University Change of
Preference website closer to the date for specific
event details, deakin.edu.au/cop.

* Please check the VTAC website www.vtac.edu.au closer
to the time for specific dates.

Trimester 2 and 3
Trimester 2 applications open in April and
Trimester 3 applications open in August.
Course availability and places may be limited.
Please visit deakin.edu.au/apply closer to the
time for more information and specific dates.
