Comparison table – eLive and Bb Collaborate

Purpose:	To provide an overview of differences between Bb Collaborate and eLive online collaboration platforms.
Audience:	All Deakin Students
Why learn about Bb Collaborate?	Bb Collaborate is an upgrade to the existing eLive online classroom environment. It enables students and teachers to communicate synchronously with audio, video, text messaging, a whiteboard and file/application/screen sharing.

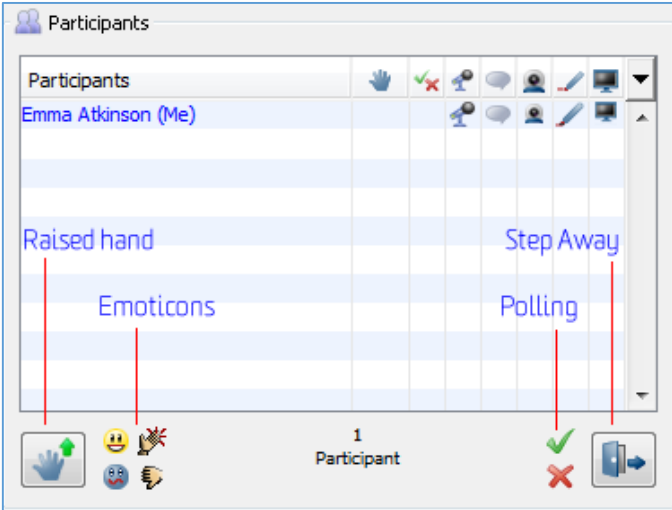

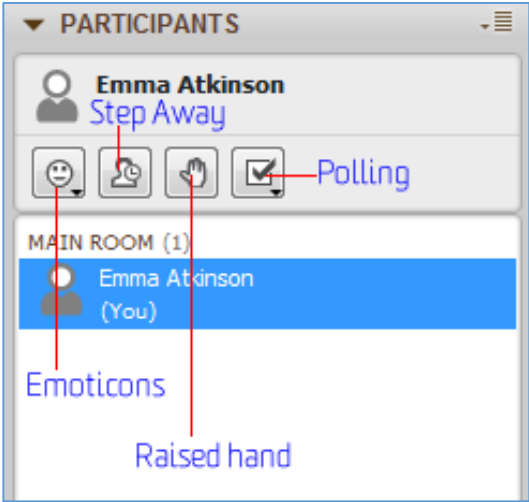

Preface

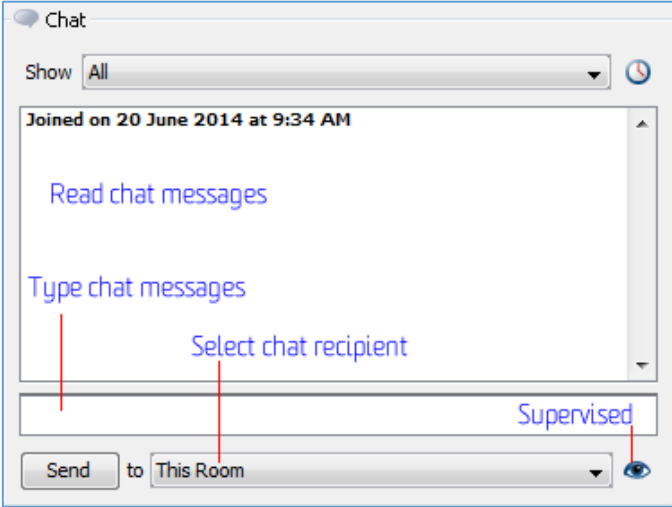

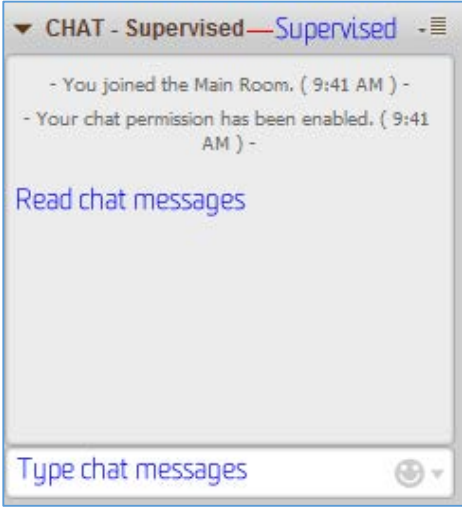

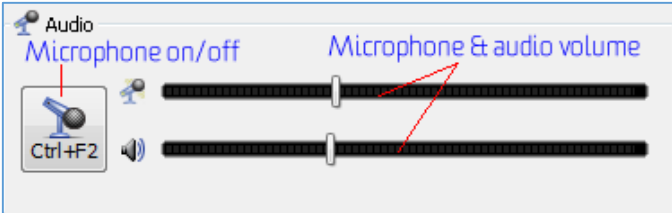

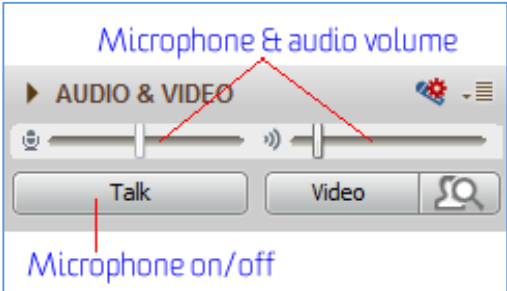

This comparative resource has been developed to assist you in the transition from use of eLive to Bb Collaborate at Deakin University.

Bb Collaborate will go live on **1 July (Tuesday)** to replace eLive as a synchronous communication tool for staff and students.

From **14 July (Monday)** you will no longer be able to join an eLive meeting. However, you will be able to access previous eLive recordings.
