ARCHITECTURE AND BUILT ENVIRONMENT AT DEAKIN

Architecture and built environment professionals contribute to the creation of well-designed, innovative and sustainable environments that enhance the lives of those around them. Whether you see yourself creating sustainable design concepts for our cities, or project managing large commercial developments, an architecture and built environment course will take you in the right direction.

Our graduates go on to diverse careers, working on the design, construction and evaluation of a broad range of projects, from residential houses to major public works. Graduates can take on various construction roles, such as construction management, quantity surveying, estimation and project management, or find employment in private architecture firms, government, property development companies and large construction firms both in Australia and internationally.

Excited about a career in architecture and the built environment?

Keep reading to start your journey at Deakin.

DEAKIN HALLMARKS

Deakin Hallmarks are awards that recognise students' outstanding achievement of Graduate Learning Outcomes, which are highly valued in the workplace.

Communication

Digital literacy

Teamwork

Critical thinking

Problem solving

Self-management

Global citizenship

WHY DEAKIN?

Our architecture and built environment courses develop the creative and professional expertise required to create innovative and sustainable environments.

Learn by doing

At Deakin you will study architecture hands-on from day one: building models, examining professional architects' projects, as well as developing drawing, digital design and communication skills. While studying construction management, experience practical learning in all aspects of the industry, including cost estimation, project management, construction methods, contracts and scheduling.

Our architecture students work closely with our construction management students, gaining a distinct and unique cross-disciplinary understanding. These insights into each other's work are invaluable when our students graduate, and begin to communicate, liaise and work together in the fields of construction and architecture. Studying in multidisciplinary teams reflects industry trends and is key to developing excellent professional working relationships in future practice, from planning, design and building, through to construction.

Professional accreditation

Accreditation provides industry recognition of the qualifications you receive at Deakin. All of our courses are regularly examined by key professional groups, including (within Australia) the Australian Institute of Architects (AIA), Architects Accreditation Council of Australia (AACAA), Architects Registration Board of Victoria (ARBV), Royal Institution of Chartered Surveyors (RICS), Chartered Institute of Building (CIOB), Australian Institute of Building (AIB), the Australian Institute of Quantity Surveyors (AIQS), Chartered Institute of Architectural Technologists (CIAT), as well as by the University itself.

GAIN INDUSTRY EXPERIENCE

We have strong industry links within our courses, which include field trips, site visits and guest lectures from built environment professionals. You will have a number of opportunities to gain work experience during your studies, forming real networks before graduation.

In 2015, our students undertook work placements at Brookefield Multiplex, DesignInc Architecture, Grimshaw Architects, Kane Constructions, Elenberg Fraser, Peddle Thorpe Architects and Rendine Constructions, to name a few.

Students at the Geelong Regional Library construction site.

Student work – Geelong Arts Complex by Philip Vasilevski.

Deakin's a+b studio is open to students 24/7, with the open plan studio design facilitating collaboration on projects.

UNIQUE STUDY ENVIRONMENT

An inspiring environment, the Geelong Waterfront Campus has won three Australian Institute of Architects awards for design excellence. The centrally located campus is well serviced by public transport, making your study commute from Melbourne, Geelong and surrounds an easy one. Our diverse student cohort comes from a variety of areas, locally, nationally and internationally.

THE STUDENT EXPERIENCE

Hear what students have to say about studying architecture and built environment at Deakin by visiting deakin.yt/abe-students. Interested in the staff perspective? Visit deakin.yt/abe-staff.

'My favourite subject was the architecture design masterclass – it encouraged and really engaged us in discussions surrounding the urban environment, architecture and design in various ways.'

YONG PIN LIM
Architecture student

YOUR DIGITAL LEARNING TOOLS

DeakinSync is a personal online hub giving Deakin students, staff and alumni easy access to relevant University resources, customised to their specific needs. You can access everything from unit sites to enrolment details, study tools to your calendar, as well as IBM Watson – a question and answer tool.

Visit deakin.edu.au/deakinsync or ibmwatson.deakin.edu.au for more information.

IBM Watson is a trademark of International Business Machines Corporate, registered in many jurisdictions worldwide.

WHY DEAKIN?

Graduate opportunities

Our graduates are well regarded in the profession, and known for their adaptability, design and technical knowledge, initiative and ability to hit the ground running.

Opportunities for graduates are bright, with the property and construction industry set to create another 137 900 roles in the next five years, which is a 13 per cent increase. Contributing factors include low interest rates and an increase in building approvals, which are both set to continue.* Graduates go on to find employment in a wide range of positions, including commercial, industrial, residential, project management and contract administration.

Our Bachelor of Design (Architecture) course places great emphasis on practical learning, and is designed to meet the needs of students who want to go on to complete the Master of Architecture and practice architecture. Our architecture graduates may be employed in private architectural practices, government organisations and private companies in property development, building and design.

* Source: Australian Government's Industry Employment Projections 2015

Innovative teaching and facilities

The Geelong Waterfront Campus offers a contemporary design studio open 24 hours, fully equipped workshop with 3D printers and laser cutters, rapid prototyping and a building performance lab. We were one of the first universities in Australia to recognise the need to build BIM (Building Information Modelling) into our undergraduate courses, which use BIM from year one to final year. Deakin understands the importance of teaching best practice in industry, ensuring its students graduate with not only a quality degree but also an industry-relevant degree.

The new a+b workshop provides students, academics and researchers with a place to fabricate models, encouraging experimentation with technology, materials and processes. The interdisciplinary space provides access to a variety of digital and analogue tools, with open plan studio design facilitating collaboration on projects.

Students in the a+b workshop, working with laser cut models.

Student model on show at the 2015 PaperSpace exhibition, Federation Square.

WHY DEAKIN?

PAPERSPACE

The School of Architecture and Built Environment annually showcases outstanding work from master's students at a public exhibition known as PaperSpace.

In 2015, The Atrium at Federation Square was brought to life with an amazing visual and lighting display of creativity and design.

The annual exhibition is open to the public and is an excellent opportunity for students, staff, industry, family and friends to celebrate the students' achievements and hard work.

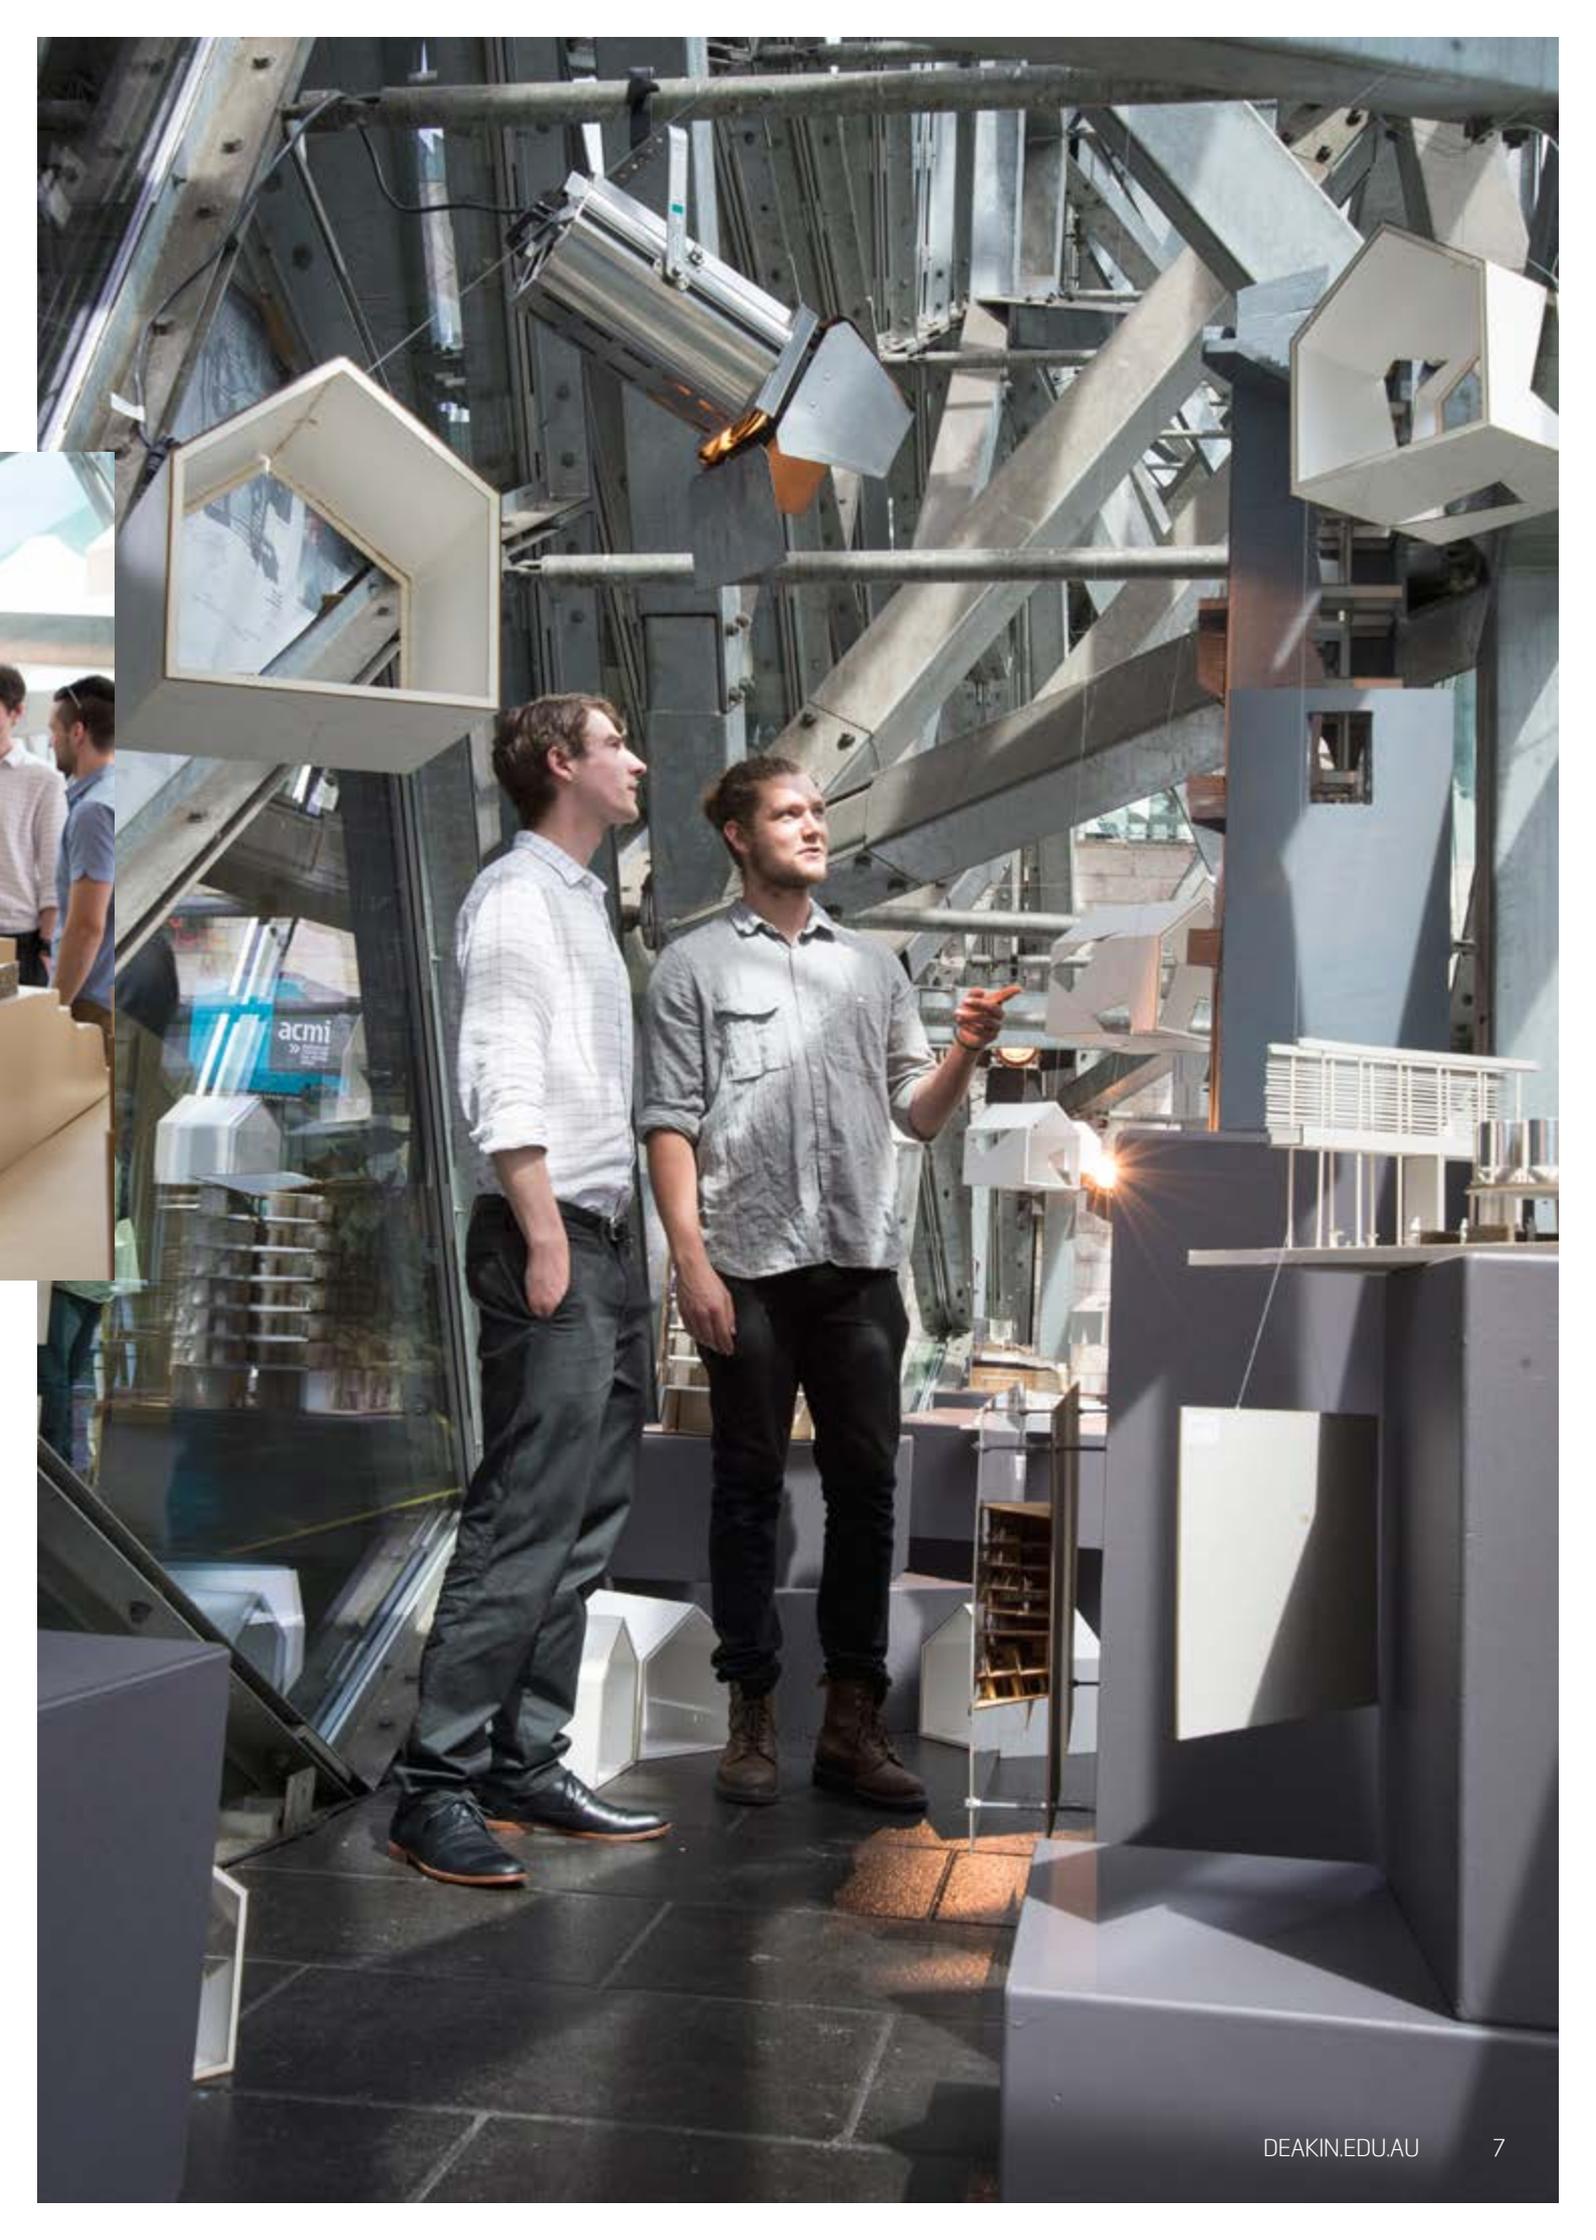

deakin.edu.au/architecture-built-environment/about/paperspace

'PaperSpace. More than paper, and much more than space. These are investigatory and propositional works from graduating built environment professionals. All these works ask us to consider richly the potentials and responsibilities of the built environments we make, and the role of these productions in making the world a better place for more people, and ideally, all people.'

DR DIEGO FULLAONDO

Senior lecturer, Architecture design,
School of Architecture and Built Environment

GETTING INTO DEAKIN

Life doesn't always follow a straight line – and your path to Deakin doesn't have to either.

Finishing Year 12?

If you are finishing Year 12, you can apply for most of Deakin's undergraduate courses commencing in Trimester 1 (March) through the Victorian Tertiary Admissions Centre (VTAC) at vtac.edu.au. For courses commencing in Trimester 2 (July), apply directly to Deakin at deakin.edu.au/apply.

Finished Year 12 a few years ago?

If you're returning to study after a break, you can apply for most of Deakin's undergraduate courses (bachelor's degrees) commencing in Trimester 1 (March) through the Victorian Tertiary Admissions Centre (VTAC), or you may be able to apply directly to Deakin. For courses beginning in Trimester 2 (July), apply directly to Deakin at deakin.edu.au/apply.

For international students

Once you have chosen a degree and checked all entry requirements, applying to study at Deakin is simple.

When can I apply?

Applications for international students are open all year. There are three trimester intakes for which you can apply – March, July and November – depending on your chosen course.

How do I apply?

Once you have organised all the necessary documentation, you can submit your application using one of the following methods:

Applying online

To apply online, visit the applicant portal at deakin.edu.au/apply.

Applying by email

After completing the relevant application forms you can email your application to deakin-int-admissions@deakin.edu.au.

What are pathways?

Pathways provide alternative options for entry into university if you currently do not meet the requirements. You can choose pathways through TAFE, other tertiary institutions or private providers, through the workforce or even through other Deakin courses or campuses.

Pathways through Deakin

You can take many different pathways through Deakin to get into your dream course, including transferring between Deakin courses or campuses or undertaking a single unit of study, which can be used as credit towards a degree.

FIND OUT WHAT CREDIT YOU'RE ELIGIBLE FOR

Your previous studies and experience can lead to credit towards your chosen course. This not only saves you time and money, but also increases your educational options. To find out what credit you may be eligible for, search our Credit for Prior Learning database at deakin.edu.au/courses/credit/search.php.

Pathways through TAFE

If you undertake an eligible TAFE course in a field similar to the Deakin course of your choice, you may be able to gain a guaranteed place at Deakin and credit for prior learning towards your Deakin degree.

Complete a guaranteed entry pathway

Guaranteed entry pathways enable you to progress seamlessly from selected TAFE courses to Deakin degrees. Deakin offers guaranteed entry pathways from a number of TAFE partners to university in a growing range of disciplines.

If you are taking a guaranteed entry pathway, as long as your study performance meets the required standard, you will be guaranteed a place at Deakin following successful completion of your TAFE course and benefit from up to 18 months' credit towards your Deakin degree.

Currently, guaranteed entry pathways are available at Bendigo TAFE, Box Hill Institute, Chisholm, The Gordon, Kangan Institute, Melbourne Polytechnic, South West Institute of TAFE and TAFE NSW – Riverina Institute. For the most up-to-date list of guaranteed pathways, visit deakin.edu.au/pathways.

Complete a relevant TAFE course

If you undertake an eligible TAFE or Registered Training Organisation (RTO) course in a field similar to the Deakin course of your choice, you may gain credit towards your Deakin degree. A wide range of courses lead to credit transfer and recognition, and all TAFE qualifications are considered for application to Deakin.

Pathways through other educational institutions

If you're currently studying at another university and wish to transfer to Deakin to finish your degree, you can apply for credit for prior learning. All university and private education provider qualifications are considered for application, even if the qualification is unrelated to what you want to study at Deakin.

Pathways through the workforce

You may be able to gain entry to Deakin, or credit towards a Deakin course, based on your work experience or prior industry training.

For more information on getting into Deakin, visit deakin.edu.au/pathways.

HAPPINESS LEADS TO SUCCESS

For six consecutive years, Deakin has achieved the highest level of overall student satisfaction amongst Victorian universities. These great results are based on 2010–2015 Australian Graduate Survey responses to 'Overall Satisfaction' amongst bachelor's degree graduates.

Student work – Invisible Markets
by Nicholas Lane.

'I am working in an architecture practice while studying, which increases my design awareness and gives me a well-rounded insight into the construction industry. Most of my classes are based around real construction scenarios, making the course really relevant.'

JAMES PASCO

Postgraduate construction management student

Geelong Waterfront Campus is located on Corio Bay, in the central business district of Geelong.

GETTING TO GEELONG

Travel to the Geelong campuses is easy, whether by train, bus, car or bike. If you're based in Melbourne, the commute to Geelong with the new regional rail link is incredibly fast, with travel from Southern Cross Station to Geelong Waterfront taking less than an hour. If you live in Melbourne's west, you may find your commute is as short as 30 minutes by car.

We also offer accommodation at each of our campuses, providing an affordable and secure living and learning community, ideal for personal growth and academic success.

Find out more about our locations at deakin.edu.au/life-at-deakin/our-locations and our accommodation by visiting deakin.edu.au/life-at-deakin/accommodation.

- # 2016 indicative Commonwealth Supported Place (CSP) fee. Fees quoted are for Australian domestic students and are based on a typical enrolment in one year of full-time study. They should be used as a guide only and are subject to change. International students: refer to deakin.edu.au/study-at-deakin/fees for more information on fees.
- ~ IELTS is the International English Language Testing System (for international students only). The IELTS scores in the table above reflect the minimum overall score required as well as the lowest score allowed for any band (overall score/lowest band score).
- ‡ Subject to review for 2017.
- ^ Leads to professional recognition when followed by successful completion of the Master of Architecture.
- * Available for high-achieving students with a minimum ATAR of 80.00. Applicants must also meet the published prerequisites for their specific course preference within the Faculty of Science, Engineering and Built Environment.
- ≠ Refer to specific course entry.
- § Leads to professional recognition when followed by successful completion of the Master of Architecture (Design Management).
- † Students commence this combined course at Melbourne Burwood Campus and will be required to undertake units of study at the Geelong Waterfront Campus by undertaking some units online. Students should seek approval from their course advisor to commence their construction management studies at the Geelong Waterfront Campus from first year. This course is not available to international students.
- ∅ The Master of Architecture (Design Management) is only available to students who have completed the five-year accredited undergraduate combined course in architecture and construction management at Deakin University.

 Please refer to deakin.edu.au/courses for the most up-to-date information on courses.

FAST-TRACK YOUR STUDIES

Many of our units are available for study in Trimester 3. Careful course planning could see you complete your studies earlier by studying in all three trimesters, enabling you to join the workforce sooner.

COURSES

BACHELOR OF ARCHITECTURAL TECHNOLOGY **WF**

DEAKIN CODE	DURATION	2016 CLEARLY-IN ATAR
S304	3	N/A*
YEAR 12 PREREQUISITES	NON-YEAR 12 REQUIREMENTS	
VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL.	Educational history including GPA. Applicants who wish for experience to be considered must include this information on their VTAC Personal Statement.	

The Bachelor of Architectural Technology provides a connection between traditional architecture (design) and project management (outcomes). The course focuses on the technological aspects of architectural practice and there is an emphasis on real, practical application centred on project management.

Architectural technology is an expanding field in Australia with an established profile internationally. As a graduate you may find challenging and exciting career opportunities nationally and overseas, including in architectural practices, property development companies, domestic and commercial design and construction organisations.

Professional recognition

Graduates of this program meet the Chartered Institute of Architectural Technologists (CIAT) requirements for Associate membership.

Career opportunities

Diverse career opportunities in commercial, industrial or domestic architectural projects, covering the full scope of construction, from new work, renovations and alterations, to fit-out, refurbishment and retrofit.

Course structure

This course is subject to review for 2017. Visit deakin.edu.au/study-at-deakin/find-a-course/architectural-technology for up-to-date course information.

* There is no intake in 2016, offering subject to review for 2017.

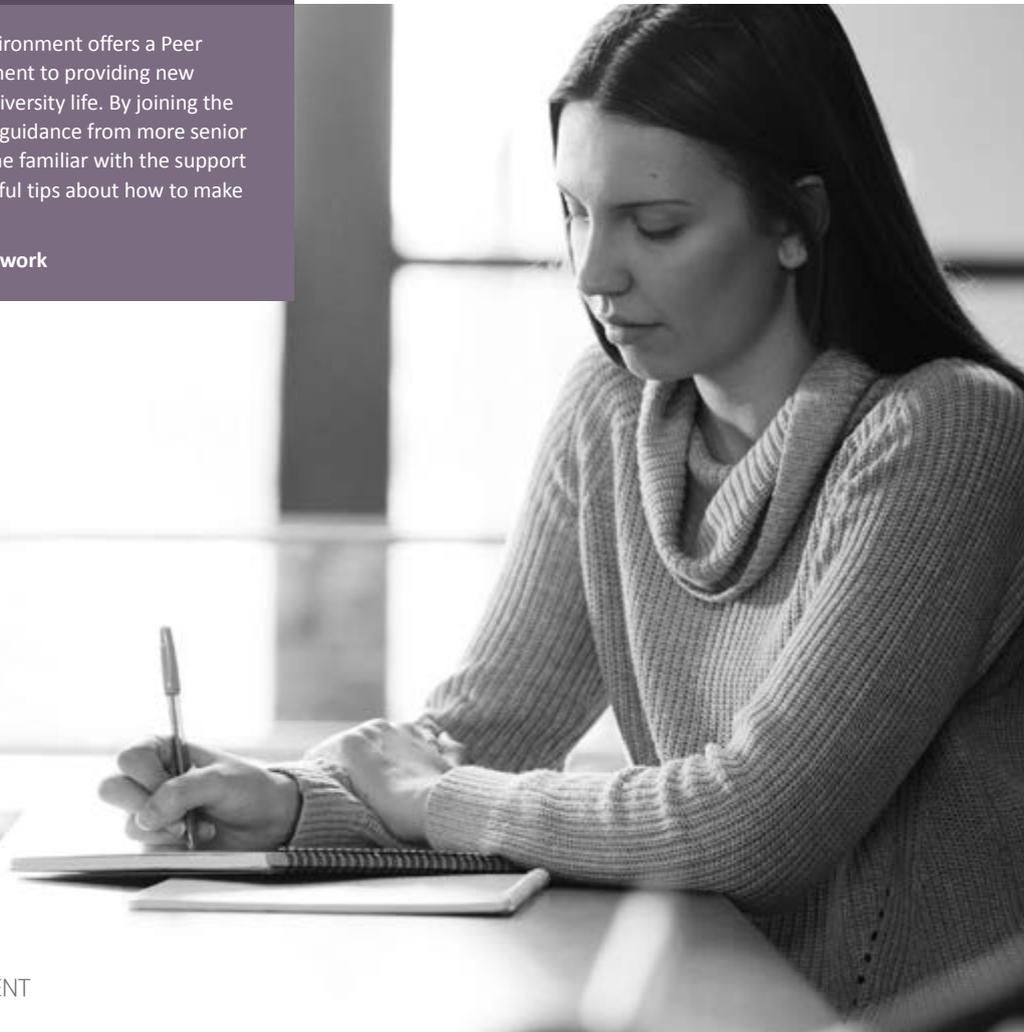

deakin.edu.au/study-at-deakin/find-a-course/architectural-technology

JOIN THE PEER SUPPORT NETWORK PROGRAM

The Faculty of Science, Engineering and Built Environment offers a Peer Support Network Program as part of its commitment to providing new students with the best possible transition into university life. By joining the program, first-year students receive support and guidance from more senior students in their course – helping them to become familiar with the support services and facilities available, while gaining useful tips about how to make the most of your time while studying at Deakin.

deakin.edu.au/sebe/students/peer-support-network

BACHELOR OF DESIGN (ARCHITECTURE) **WF**

DEAKIN CODE	DURATION	2016 CLEARLY-IN ATAR
S342	3	70.70
YEAR 12 PREREQUISITES		NON-YEAR 12 REQUIREMENTS
VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL.		Educational history including GPA. Applicants who wish for experience to be considered must include this information on their VTAC Personal Statement.

International students entry requirements can be found at: deakin.edu.au/study-at-deakin/international-students.

The Bachelor of Design (Architecture) is designed to meet the needs of students who want to complete the Master of Architecture and practice architecture in their future career.

Our course offers a creative environment to immerse yourself in all aspects of work with the built environment, from design to construction and evaluation on a vast range of projects – from houses to major buildings, to designing and creating places and spaces.

You will start building models from day one, studying professional architects' projects and learning drawing, digital design and communication skills.

Professional recognition

When followed by successful completion of the Master of Architecture (S700), this program is accredited (within Australia) by the Australian Institute of Architects, the Architects Registration Board of Victoria (ARVB) and the Architects Accreditation Council of Australia (ACA).

Career opportunities

Private architectural practices, government organisations and private companies in property development, building and design.

Course structure

24 credit points – 19 core units (22 credit points) and two elective units.

deakin.edu.au/study-at-deakin/find-a-course/architecture

Did you know a folio is not required as part of our admissions process for the Bachelor of Design (Architecture)?

Student model on show at the 2015 PaperSpace exhibition, Federation Square.

Student work – Curlewis Hotel and Winery by Michael Adamcewicz.

TOP RANKING FOR STUDENT SATISFACTION

When surveyed on course satisfaction, our School of Architecture and Built Environment students rated Deakin in the top three best architecture schools nationwide.

 Cloud Campus **C**

BACHELOR OF CONSTRUCTION MANAGEMENT (HONOURS) **WF**

DEAKIN CODE	DURATION	2016 CLEARLY-IN ATAR
S346	4	60.40
YEAR 12 PREREQUISITES	NON-YEAR 12 REQUIREMENTS	
VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL.	Educational history including GPA. Applicants who wish for experience to be considered must include this information on their VTAC Personal Statement.	

International students entry requirements can be found at: deakin.edu.au/study-at-deakin/international-students.

Deakin's Bachelor of Construction Management (Honours) meets the requirements for professional recognition by the building profession.

The course provides an excellent mix of hands-on practice and theory, and integrated studies in technology and building management including building economics and law, project management, building technology, measurement and estimation, quantity surveying and building practice. The course develops progressively from the elementary concepts underlying planning and management of building production and technical studies, through to the complexities and interrelationships of modern construction practices.

Professional recognition

- Australian Institute of Building (AIB)
- Australian Institute of Quantity Surveyors (AIQS)
- Chartered Institute of Building (CIOB)
- Royal Institution of Chartered Surveyors (RICS)

As a graduate of this professionally accredited course, your qualifications will be recognised for practice in more than 50 countries, providing a global passport for work in this field in Australia and overseas.

Career opportunities

Construction manager, estimator, planner and quantity surveyor in a building company or sub-contracting organisation. Opportunities also exist in the property and maintenance divisions of companies that are responsible for large property portfolios.

Work-integrated learning

You may choose to undertake a discipline-specific industry placement as part of your course.

Course structure

32 credit points – 28 core units (29 credit points) and elective units (3 credit points).

Fast-track your studies

Unique to Deakin, the Bachelor of Construction Management (Honours) may be taken as an accelerated program. By taking selected units during Trimester 3, the course can be completed in three years of full-time study instead of four, enabling you to join the workforce sooner.

Students on a site tour of Epworth HealthCare's private hospital, which is being built within walking distance of the Geelong Waurn Ponds Campus.

 deakin.edu.au/study-at-deakin/find-a-course/construction-management

'This course has taught me how to work effectively as part of a group – something that I think is difficult to teach, but the assignments are structured so that you develop these skills over time. It has also taught me how to manage my time and prioritise, which can only assist me as I move into the workforce.'

AMELIA KETT

Design (architecture)/
Construction management (honours) student

DESIGN AND CONSTRUCTION

Our construction management students work in collaborative teams with our architecture students, gaining a distinct and unique understanding of each other's discipline, as well as excellent professional working experience for future practices.

Study part time or full time, tailor your degree and choose specialist areas while studying at the Geelong Waterfront Campus. You may also choose to study some of your units online via the Cloud Campus.

COURSES

GLOBAL SCIENCE AND TECHNOLOGY PROGRAM WF

DEAKIN CODE	DURATION	2016 CLEARLY-IN ATAR
Refer to specific course entry.		80.00*
YEAR 12 PREREQUISITES	EXTRA REQUIREMENTS	
Applicants must meet the prerequisites for their specific architecture and construction management preference. Minimum ATAR of 80.00.	All applicants must complete and submit the Global Science and Technology Program Supplementary Information Form (deakin.edu.au/sebe/global).	

The Global Science and Technology Program at Deakin is designed to add an international experience to your environment degree. A minimum clearly-in ATAR of 80.00 is required for entry into this program. Successful applicants are offered a scholarship of \$3000 to assist with travel costs and participate in the Deakin Global Citizenship Program.

Course structure

You are able to select any one of the undergraduate degrees offered by the Faculty of Science, Engineering and Built Environment through a single VTAC preference for the Global Science and Technology Program.

It is recommended that applicants also apply separately for their Deakin architecture and built environment-based course as a lower preference. Refer to specific course entries and campus offerings in this booklet for a list of architecture, construction management and planning courses available.

* Minimum clearly-in ATAR. Applicants must also meet the published prerequisites for their specific course preference within the Faculty of Science, Engineering and Built Environment.

EXPERIENCE THE WORLD WHILE YOU STUDY

Study Abroad

Our Study Abroad and Exchange Office offers various programs, including exchange, study abroad, short-term study programs, study tours and international volunteering opportunities, with Deakin students having studied in a wide range of countries.

Global Science and Technology Program

The Global Science and Technology Program is designed to add an international experience to your degree, supporting you to develop new skills and a broader world view while studying overseas. You can work in an international organisation and explore real world issues from a different perspective. For more information, visit deakin.edu.au/sebe/global.

COMBINED COURSES

BACHELOR OF DESIGN (ARCHITECTURE)/ BACHELOR OF CONSTRUCTION MANAGEMENT (HONOURS) WF

DEAKIN CODE	DURATION	2016 CLEARLY-IN ATAR
D364	5	78.09
YEAR 12 PREREQUISITES	NON-YEAR 12 REQUIREMENTS	
VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL.	Educational history including GPA. Applicants who wish for experience to be considered must include this information on their VTAC Personal Statement.	

International students entry requirements can be found at: deakin.edu.au/study-at-deakin/international-students.

Deakin's Bachelor of Design (Architecture)/Bachelor of Construction Management (Honours) offers an excellent mix of hands-on practice and theory, with study areas including building economics and law, project management, building technology, measurement and estimation, quantity surveying, architectural ideas, history, philosophy, design, sustainability and communication, as well as building science and technology.

Professional recognition

The construction management stream of this combined course is professionally accredited by industry. As a graduate of this course you will have completed the academic requirements for membership of the Australian Institute of Building (AIB), the Australian Institute of Quantity Surveyors (AIQS), the Chartered Institute of Building (CIOB) and the Royal Institution of Chartered Surveyors (RICS).

The architecture stream of this combined course is accredited (within Australia) by the Australian Institute of Architects (AIA), the Architects Registration Board of Victoria (ARBV) and the Architects Accreditation Council of Australia (AACA), when followed by successful completion of the Master of Architecture (Design Management) (S701).

Career opportunities

This combined course facilitates your entry into private architectural firms or government organisations, as well as property development companies, building companies and large manufacturing firms. You may also start your own practice.

Course structure

40 credit points – 37 core units (40 credit points).

deakin.edu.au/study-at-deakin/find-a-course/architecture-and-built-environment

Lecturer and students at the Geelong Regional Library construction site.

BACHELOR OF CONSTRUCTION MANAGEMENT (HONOURS)/BACHELOR OF PROPERTY AND REAL ESTATE **B/WF***

DEAKIN CODE	DURATION	2016 CLEARLY-IN ATAR
D336	5	71.80
YEAR 12 PREREQUISITES		NON-YEAR 12 REQUIREMENTS
VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL.		Educational history including GPA. Applicants who wish for experience to be considered must include this information on their VTAC Personal Statement.

The Bachelor of Construction Management (Honours)/Bachelor of Property and Real Estate provides you with a thorough understanding of both the construction management discipline and the property and real estate discipline, as well as building on the strong synergy between the two, in a five-year program of study.

Graduates may gain employment in management positions in construction and allied industries in Australia and overseas, and Deakin's property and real estate program produces graduates prepared for a career in property development, property valuation, management and a wide array of property-related professions. Combining the two courses facilitates practical experience and project work that relates theory with practice.

Professional recognition

Both single degree courses are professionally accredited by multiple professional bodies, including Royal Institution of Chartered Surveyors (RICS) and the Australian Property Institution (API) for certified practicing valuer (CPV) status.

 deakin.edu.au/study-at-deakin/find-a-course/construction-management

 deakin.edu.au/study-at-deakin/find-a-course/property-and-real-estate

Career opportunities

Graduates may find employment as construction managers, property developers, private or government valuers, property advisors, estimators, project managers, facility managers or quantity surveyors. Graduates are able to specialise in all facets of the construction management and property and real estate markets, including commercial, industrial and residential property.

Course structure

40 credit points – 37 core units (38 credit points) and 2 credit points of elective units.

* Students commence this combined course at the Melbourne Burwood Campus and will be required to undertake units of study at the Geelong Waterfront Campus from third year onwards. Alternatively, students may elect to commence their construction management studies at the Geelong Waterfront Campus by undertaking some units online. Students should seek approval from their course advisor to commence their construction management studies at the Geelong Waterfront Campus from first year. This course is not available to international students.

RELATED COURSE

BACHELOR OF DESIGN TECHNOLOGY* **3 WP**

Innovation and design is at the core of the Bachelor of Design Technology, recognising the importance of industrial designers and their ability to visualise, conceptualise and design solutions to complex industry problems, enhancing technological solutions for product development and delivery.

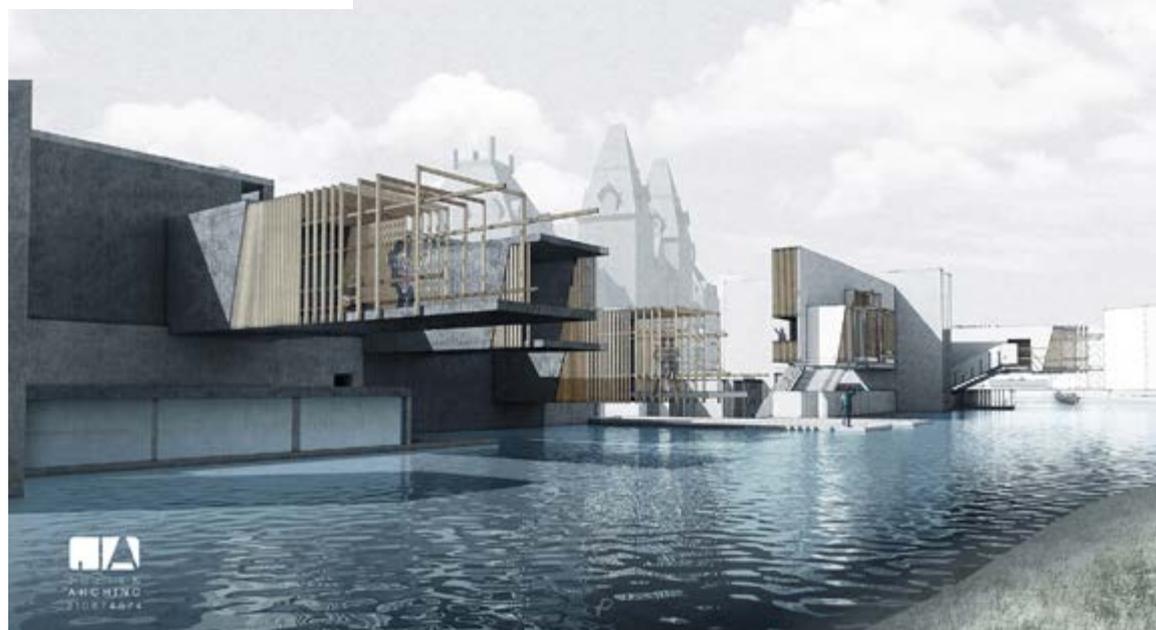

* Subject to review for 2017.

For more information about this course, please refer to the *2017 Undergraduate Engineering and Design* booklet or visit deakin.edu.au/study-at-deakin/find-a-course/design-technology.

DO YOU WANT TO REGISTER AS AN ARCHITECT?

Following successful completion of an undergraduate degree in architecture, students interested in pursuing a career as an architect must complete further study at postgraduate level and satisfy additional accreditation requirements in order to obtain professional registration.

Graduates who have completed a three-year undergraduate degree in architecture (such as Deakin's Bachelor of Design (Architecture)) are encouraged to apply for the Master of Architecture. Those who have completed Deakin's Bachelor of Design (Architecture)/Bachelor of Construction Management (Honours) combined course are encouraged to apply for the Master of Architecture (Design Management).

MASTER OF ARCHITECTURE **WF**

DEAKIN CODE	DURATION
S700	2

PREREQUISITES

Applicants will normally have successfully completed an accredited undergraduate program in architecture comprising at least three years of study in the area and approved/recognised by the National Office of Overseas Skills Recognition (NOOSR).

International students entry requirements can be found at: deakin.edu.au/study-at-deakin/international-students.

The Master of Architecture builds on an established background in architecture and built environment studies. It offers advanced studies in cultural, technological, design aesthetic and theoretical knowledge, developing the ethical, evaluative and research frameworks that underpin the architecture field.

The Master of Architecture is designed to allow students with a three-year undergraduate degree in architecture to complete the final units to fulfil the academic requirements for professional accreditation and registration as an architect.

Course structure

16 credit points – all core units.

deakin.edu.au/study-at-deakin/find-a-course/architecture-and-built-environment

MASTER OF ARCHITECTURE (DESIGN MANAGEMENT) **WF**

DEAKIN CODE	DURATION
S701	1

PREREQUISITES

The Master of Architecture (Design Management) is available to students who have completed the five-year accredited undergraduate combined course in design (architecture) and construction management (honours) at Deakin University.

International students entry requirements can be found at: deakin.edu.au/study-at-deakin/international-students.

The Master of Architecture (Design Management) builds on an established background in sustainable built environment studies. It offers advanced studies in cultural, technological, design aesthetic and theoretical knowledge, developing the ethical, evaluative and research frameworks that underpin the architecture field.

Course structure

8 credit points – all core units.

Students outside the a+b studio, a 24/7 open learning space for students.

PROFESSIONAL RECOGNITION

The Master of Architecture (Design Management) and the Master of Architecture are accredited (within Australia) by the Australian Institute of Architects (AIA), the Architects Registration Board of Victoria (ARBV) and the Architects Accreditation Council of Australia (AACA).

Our a+b studio space – a hub of creativity.

* On completion of the Master of Architecture, which is required to fulfil the academic requirements for professional registration.

FEATURE INDUSTRY

Architecture

Architecture involves everything that influences the way in which the built environment is planned, designed, created, used and maintained. Architects combine creative design with technical knowledge to provide solutions for built and natural environments. Importantly, they design not just for today, but for future generations.

Attributes

Imaginative and creative thinking skills; analysis and critical thinking skills; strong communication skills; attention to detail, as well as the ability to look at the big picture.

Indicative average salary

\$88 000

FEATURE CAREER

Construction manager

A construction manager aims to effectively build facilities, while keeping track of the project's time, cost and quality objectives. They usually have oversight of a team of construction workers.

Attributes

Time management skills, analysis and critical thinking skills, leadership and people skills.

Indicative average salary

\$112 000
