ENVIROMENT

If you like these types of subjects:
Agricultural and Horticultural Studies  Geography
Biology  Information Technology
Chemistry  Maths
Environmental Science  Outdoor and Environmental Studies

Or if this is your dream job:
Aquatic scientist  Land management officer
Conservation field officer  Marine biologist
Catchment manager  Park ranger
Coastal and park planner  Recycling manager
Environmental analyst/consultant  Water quality/waterways manager
Fire ecologist  Wildlife ecologist

Then consider a Deakin University environment course in:
Environmental management  Combined courses include, but are not limited to:
and sustainability  Arts/Science
Fisheries and aquaculture  Commerce/Science
Marine biology  Science/Law
Wildlife and conservation biology  Teaching (science)/Science
