

BACHELOR OF PSYCHOLOGICAL SCIENCE

DEAKIN LEARNING CENTRES

Craigieburn, Dandenong and Werribee.

Deakin's Bachelor of Psychological Science gives you entry to one of the fastest growing professions in the world. Psychology is concerned with understanding human personality, behaviour, emotion, underlying mental processes and the factors that lead people to differ in the way they think and behave.

Students enrolled at a Deakin Learning Centre in Craigieburn, Dandenong or Werribee will be able to study up to four first-year units per trimester with two units delivered through interactive video conference technology and face-to-face tutorials conducted onsite. Full-time students can also study up to four units through Deakin's Cloud (online) mode. Following completion of 8 units (the equivalent of the first year) at a Learning Centre, you can undertake the second and third years of the course at your nearest Deakin campus or elect to study online.

BENEFITS

- study close to home
- part-time or full-time study options
- study skills support from Deakin Language and Learning Advisers
- student peer mentors
- computer workstations, wi-fi Internet, printing and copying.

COURSE OVERVIEW

The Bachelor of Psychological Science consists of 24 credit points including 12 core psychology units. In undertaking this course you will cover broad areas of psychology including behavioural and clinical neuroscience, child and adolescent psychology, relationships and the psychology of groups, cognitive psychology, forensic psychology and psychopathology. For further course information please visit:

deakin.edu.au/psychology/study-psychology

This course is recognised for registration by the Psychology Board of Australia, accredited by the Australian Psychology Accreditation Council (APAC) and enables you to undertake additional study in pursuit of professional registration if desired.
