BACHELOR OF ARTS

3 B G W X Course code: A300

The great advantage of a Deakin Bachelor of Arts degree is its flexibility, which allows you to keep career paths open, and design your course for maximum employability. One-third of the course may be taken from outside the Faculty of Arts, providing even greater possibilities for course combinations and diverse career paths. You may take single, double, or even triple majors, giving you the opportunity to graduate with a unique qualification.

All Arts sequences are taught as a combination of practical and theoretical learning with many areas of study offering industry internships.

Many study areas allow you to learn in state of the art studios which have been purpose built to industry specifications.

An honours year is available.

GRADUATE CERTIFICATE OF ARTS AND SCIENCES

0.5-3 B G W X Course code: A530

The Graduate Certificate of Arts and Sciences gives you the opportunity to broaden your education by studying disciplines beyond the boundaries of specialised study. It can be taken concurrently with an undergraduate degree or, alternatively, it may be taken as a stand alone course.

The program will expose you to perspectives provided by a range of disciplines such as history, media studies, literature, sociology, philosophy, science, technology, health and law. You will be guided in your subject selection by the Course Coordinator, who will assist you to select a combination of units that give you added breadth and experience.

CAREER OPPORTUNITIES

Through this course you will gain additional skills outside your chosen discipline. Research shows that employers want graduates who not only have strong skills in their chosen fields but possess broad knowledge and the ability to think outside

the confines of their specific discipline. Employers value graduates who are broadly educated, lateral rather than narrow thinkers and who are creative and innovative.

Deakin has developed this course in direct response to this feedback from employers in order to give our graduates the best possible career prospects.

DIPLOMA OF LANGUAGE

3 PART-TIME **B** **G** **X**[#] Course code: A225

Additional admission requirements: Applicants should have successfully completed year 12 or equivalent, including a study score of at least 25 in VCE English units 3 and 4 or equivalent.

The Diploma of Language is a three-year, part-time course that can be studied alongside your undergraduate degree, commencing in the first or second year of study. This will add an extra six months or year to your studies. If you have already completed a university degree then you enrol in the Graduate Diploma of Language alongside your postgraduate course, or as a stand alone qualification.

The course can be taken in Arabic, Chinese (Mandarin) or Indonesian. It caters to people with different levels of experience including, people with no previous experience; people who are non-background speakers with post-year 12 qualification or equivalent; and people who are background speakers. (Arabic for background speakers is only available as a certificate level course).

By enrolling in this course, you will be offered the chance to go overseas and study the language in the country where it is spoken, and gain credit towards your diploma.

CAREER OPPORTUNITIES

Regardless of which degree you are studying, the added benefit of a Diploma of Language will open doors to exciting new opportunities and experiences. By obtaining a language qualification you will improve your employment opportunities locally and overseas. Study Arabic and you will be able to work in the Arab Gulf States, the Middle East and North Africa. Study Chinese (Mandarin) to improve your opportunities to work in China, Taiwan and Hong Kong, or study Indonesian and you may work in Malaysia or Indonesia.

For unit details see www.deakin.edu.au.

[#] Only Indonesian can be studied off campus or at the Geelong Campus at Waurn Ponds.
