

Presents the 2010

Peter Quail Oration

“Improving the physical and mental health of those experiencing disadvantage”

In our region there are population groups and places who experience social and economic disadvantage. Much thought and energy is currently going into action plans that will improve social and health equity in our population. This year's oration will explore frameworks that can enable us to collectively achieve health for all.

Guest speakers

Ms Kellie Horton

Manager Health Inequalities, VicHealth

Dr Jim Hyde

Director Prevention and Population Health,
Victorian Department of Health

Followed by an audience question and answer session with a guest expert panel

Thursday 28 October 2010
