Changes in 2007

- Implementation of a testing/training server running RedHat Linux.
- Upgraded to Release 2006 in February.
- Redevelopment of our Web OPAC including implementation of WebPac Pro.
- III training for Millennium Circulation, Web OPAC administration, Course Reserves and Media Management.
- Reorganisation of review files.
- Implementation of request circles to enable an inter-campus holds service
- Implementation of EDIFACT for ordering and reports.
- Improved interfaces with staff, student and ID card systems using web services to create and update patrons.
- Implementation of 2 more selfcheck units in another location.

Forthcoming Events

- Upgrade to Release 2007 planned for February 2008.
- Implementation of Program Registration, AirPAC, RSS Feedbuilder, My Record Feeds, and Spell Check modules.
- Server upgrade planned for early 2008 which will include the Legato Networker Client Interface.
- Using EDIFACT for invoicing.
- Considering implementing External Patron Verification and Fines Payment Web Services modules.
