### Changes in 2008

- Migrated to a VMWare virtual server running RedHat Linux.
- Legato Networker Client Interface used for all backups.
- Upgraded our training server to Release 2007 in July.
- Patron web services used for realtime updates from staff, student and ID card systems.
- Implemented Feedbuilder, My Record Feeds, and Spell Check modules.
- Enabled My Reading History.
- Implemented 2 more selfcheck units.
- Program Registration and Airpac installed and trialed.
- Using EDIFACT for order status reports.
- Patron web services used for fine audit reports.
- SISAC module implemented.

### **Forthcoming Events**

- Production server upgrade to Release 2007 planned for late November 2008.
- Joining the ArticleReach Direct consortium.
- Programming work to improve circulation notices.
- Launch of Program Registration and AirPAC.
- 2 more selfcheck units for 2 additional locations.
- Considering implementing External Patron Verification and Fines Payment API (Web Services) modules.
- Planning to use EDIFACT for monograph invoices when enhancements are made and monograph vendor contracts are negotiated.
