The course comprises a total of 32 credit points, over a period of four years of full-time study or part-time equivalent, which includes the following:

- 28 core units
- SRA010 Safety Induction Program (0-cp compulsory unit)
- Level 3 units – at least 6 credit points
- Level 1 units – no more than 10 credit points
- At least one wholly online unit
- Students will be required to complete 80 days of industry-based experience to meet Australian Institute of Building professional requirements. The work experience units replace elective units. Placements are found by students. These units are not core requirements.

 # Unit is offered in Trimester 1, Trimester 2 and Trimester 3.

† Unit is offered in Trimester 1 and Trimester 3.

§ Unit is offered in Trimester 2 and Trimester 3.

*** Unit is offered in Trimester 1 and Trimester 2.**

Industry Based Learning (IBL) and Internship

The Science and Technology Work Integrated Learning Program (WIL) enables students to incorporate a full or part time industry placement as part of their degree. The placements give students the opportunity to gain discipline specific industry exposure either through an Industry-based Learning (IBL) or an Internship placement. www.deakin.edu.au/scitech/future/wil/index.php

Unit Mode: D = On Campus, ONL-D = Online, X = Off Campus
