

# H343 BACHELOR OF EXERCISE AND SPORT SCIENCE

FACULTY OF HEALTH

FOR STUDENTS COMMENCING TRIMESTER 2 2019

Master of Dietetics Pre-Requisites

Deakin College

Name:

Student ID:

Updated: 05/06/2019

When you first enrol via StudentConnect and go through the enrolment steps, you may be able to simply confirm any units that are pre-populated for you. You can also add any that you need to do, as part of your first year's enrolment – by using the information on this map and in the Handbook.

YEAR <b>1</b> Year: <input type="text"/>	Trimester 1				
	Trimester 2				
	Trimester 3				

YEAR <b>2</b> Year: <input type="text"/>	Trimester 1				
	Trimester 2				
	Trimester 3				

YEAR <b>3</b> Year: <input type="text"/>	Trimester 1				
	Trimester 2				
	Trimester 3				

YEAR <b>4</b> Year: <input type="text"/>	Trimester 1				
	Trimester 2				
	Trimester 3

# H343 BACHELOR OF EXERCISE AND SPORT SCIENCE

FACULTY OF HEALTH

## MASTER OF DIETETICS PRE-REQUISITE UNITS

HBS109 Human Structure and Function
HSE102 Functional Human Anatomy
HSE208 Integrated Human Physiology
HSN211 Nutrition Physiology
HSN101 Foundations of Food, Nutrition and Health
HSN104 The Science of Food
HSN202 Lifespan Nutrition
HSN301 Diet and Disease
SLE1333 Chemistry in Our World
SLE155 Chemistry in Our World
SLE155 Chemistry for the Professional Sciences
SLE212 Biochemistry
SLE222 Biochemical Metabolism

Notes:

# H343 BACHELOR OF EXERCISE AND SPORT SCIENCE

## FACULTY OF HEALTH

**H343 course rules** - In order to qualify for the award of Bachelor of Exercise and Sport Science (H343), students must complete 24 credit points, which must include the following:

16 credit points of core units;

No more than 10 credit points from Level 1;

8 electives units, which can be from other faculties;

At least 6 credit points at Level 3; and

Completion of HAI010 Academic Integrity (0-credit-point compulsory unit).

### GENERAL INFORMATION

This course map is a guide only. You must, in addition to using this map, ensure you meet the course rules and structure as set out in the official University Handbook - of the year you commenced your course ([deakin.edu.au/handbook](http://deakin.edu.au/handbook)). This course map has been created to be used electronically.

This course map is a typical enrolment pattern for full time study. To study part time you would typically undertake two or fewer units each trimester/semester, which will extend the duration of your studies. Trimester 3 is optional.

Each year's unit offerings options can be found via 'Advanced Unit Search' in the most current year's Handbook.

If you have applied for or received credit for units as recognition of your prior learning (RPL), it may alter your course pattern and the units you need to undertake.

Please seek advice from a Student Adviser in StudentCentral if you have any queries or need help understanding your course structure and unit choices.

### SPECIFIC COURSE INFORMATION

#### Compulsory zero (0) credit point units/programs/modules -

When you see a credit point unit that has a co-req (co-requisite) unit listed next to it, this indicates that you need to enrol in the co-requisite unit in the same trimester as the credit point unit. You only need to complete these co-requisite units once in your degree.

For example HSE201 has a co-req: HSE010, this means you need to enrol in HSE010 in the same trimester as HSE201. You would not need to complete HSE010 again in your degree.

The following co-requisite units need to be completed in your degree:

Year 1, Trimester 2 - HAI010 Academic Integrity (0-credit-point compulsory unit), HSE010 Exercise and Sport Science Laboratory Safety (0 credit points) and SLE010 Laboratory and Fieldwork Safety Induction Program (0 credit points)

Year 2, Trimester 2 - HSN010 Food and Nutrition Laboratory Safety (0 credit points)

**IMPORTANT NOTE:** To complete this major sequence, students will need to complete a 25th credit point which will be charged at full-fee paying rate. Please contact a course adviser at [health-enquire@deakin.edu.au](mailto:health-enquire@deakin.edu.au).

#### Note on CPL from Deakin College:

In order to complete this major sequence students are only able to transfer across 7 of their 8 credits from Deakin College.

#### Note on ESSA Registration:

H343 Bachelor of Exercise and Sport Science students who have been awarded Recognition of Prior Learning for non-university studies (such as Recognition of Prior Learning obtained via TAFE study or Deakin College or overseas qualifications that are not equivalent to an Australian Bachelor degree) please note that you may not be eligible for immediate registration with ESSA. This does not mean that ESSA registration is not available to you. What it means is that registration is not automatically granted as a Deakin graduate from the H343 Bachelor of Exercise and Sport Science course. You can still apply to ESSA for membership but you will need to apply on your own directly to ESSA when you have completed your course. Application details can be found on the ESSA website, and you will be required to complete the non-NUCAP form. In the application you will need to demonstrate that you have met the exercise science knowledge and skills requirements.

#### Note for students who are planning on applying for Master of Dietetics course in future:

Completing units at other institutions, instead of the approved H718 dietetic pre-requisites units at Deakin is strongly discouraged (even if previously approved as equivalent) as we cannot guarantee that they will be eligible for dietetics, even if Credit for Prior Learning is granted.
