Get work ready – we are the #1 university for skills development

Deakin integrates real-world expertise with practical skills to give you a competitive edge – proven by Deakin being ranked the #1 university for skills development in Victoria.*

This means you graduate:

- highly skilled
- work ready
- in-demand from employers.

* 2016 Student Experience Survey.

Deakin industry connections = work placement opportunities

Our industry partnerships mean:

- courses for you that match current industry practice
- a qualification that will be widely recognised in the workplace
- a range of work placement and study abroad opportunities for students like you.

Study credits + real-world experience

You can also gain credit towards your degree with work experience in an area that interests you.

Depending on the course, we offer:

- workplace internships
- placements
- work-integrated learning programs.

You'll get your career off to the best start by gaining the skills, knowledge and networks you need and employers want.

The most satisfied students – 8 years in a row

At Deakin, we pride ourselves on the satisfaction of our students and the success of our graduates. To us, the experience of each student matters, from the quality of teaching they receive to their ongoing employability. When Deakin scores highly in a number of rankings year on year, it's thanks to many thousands of these great individual experiences.

Our students are the most satisfied students of all Victorian universities[^], and have been for the past 8 years.

Visit deakin.edu.au/life-at-deakin/why-study-at-deakin/student-satisfaction for more information.

[^] Australian Graduate Survey 2010–2015, Graduate Outcomes Survey – Quality Indicators for Learning and Teaching 2016–2017.

'I love the culture at Deakin. I always feel comfortable around campus and have a great support network, both academically and socially.'

Alice Bleathman
Bachelor of Food and Nutrition Sciences* student
Vice-Chancellor's Academic Excellence Scholarship recipient

* Now known as Bachelor of Nutrition Science

Travel the world

See the world with an international internship, exchange, study tour or volunteer placement. Get a competitive edge in the workplace and gain credit towards your degree by studying overseas at a Deakin partner university, located in more than 40 different countries. Visit deakin.edu.au/overseas-study for more information on where in the world your Deakin degree can take you.

Learn without limits

Study when, where and how it suits you at Deakin. Join our online Cloud Campus, switch between part- and full-time study, fast-track your degree by taking extra units throughout the year, taking advantage of our three trimesters of study, or combine your degrees – the choice is yours.

Join the online learning revolution

Join the thousands of students currently studying online at Deakin's Cloud Campus. Choose from more than 160 courses and experience world-class learning 24/7 using the latest digital tools. Find out more on page 4.

We'll support your learning

Whether you want to improve your study skills or need help on a tricky assignment, there's plenty of support available. As a Deakin student, every aspect of your study will be supported by student mentors, online resources and, of course, our staff. Our easy-to-use online system, DeakinSync, enables like-minded students to connect online, collaborate and support each other.

Get a world-class education

Deakin is a world-class university – with leading-edge facilities powering our record of world-renowned scientific achievements and teaching. All three international university rankings put us in the top 2% of the world's universities.[^] Access tomorrow's technology today in our inspiring learning environments, where you can walk through virtual landscapes, prototype ideas with 3D printing, trade stock in a simulated trading room, and merge movement and art in our motion capture lab.

Our outstanding facilities are enhanced by our outstanding academic staff, who are enthusiastic about sharing their skills and knowledge and providing you with valuable industry insights.

[^] Academic Ranking of World Universities 2016, Times Higher Education 2016–2017 and QS World University Rankings 2016–2017. Deakin ranks 213 in the Academic Ranking of World Universities.

Student life

Getting started at university is a fun and exciting experience, but it's not without its challenges. That's why we lend a hand, helping you find somewhere great to live, scope out the clubs and societies you'd like to join and discover your campus' best local spots to shop and eat. We can even help with finding a job, student finances, how to get involved at uni, disability support and health services.

Find out more at deakin.edu.au/life-at-deakin/student-life.

Locations

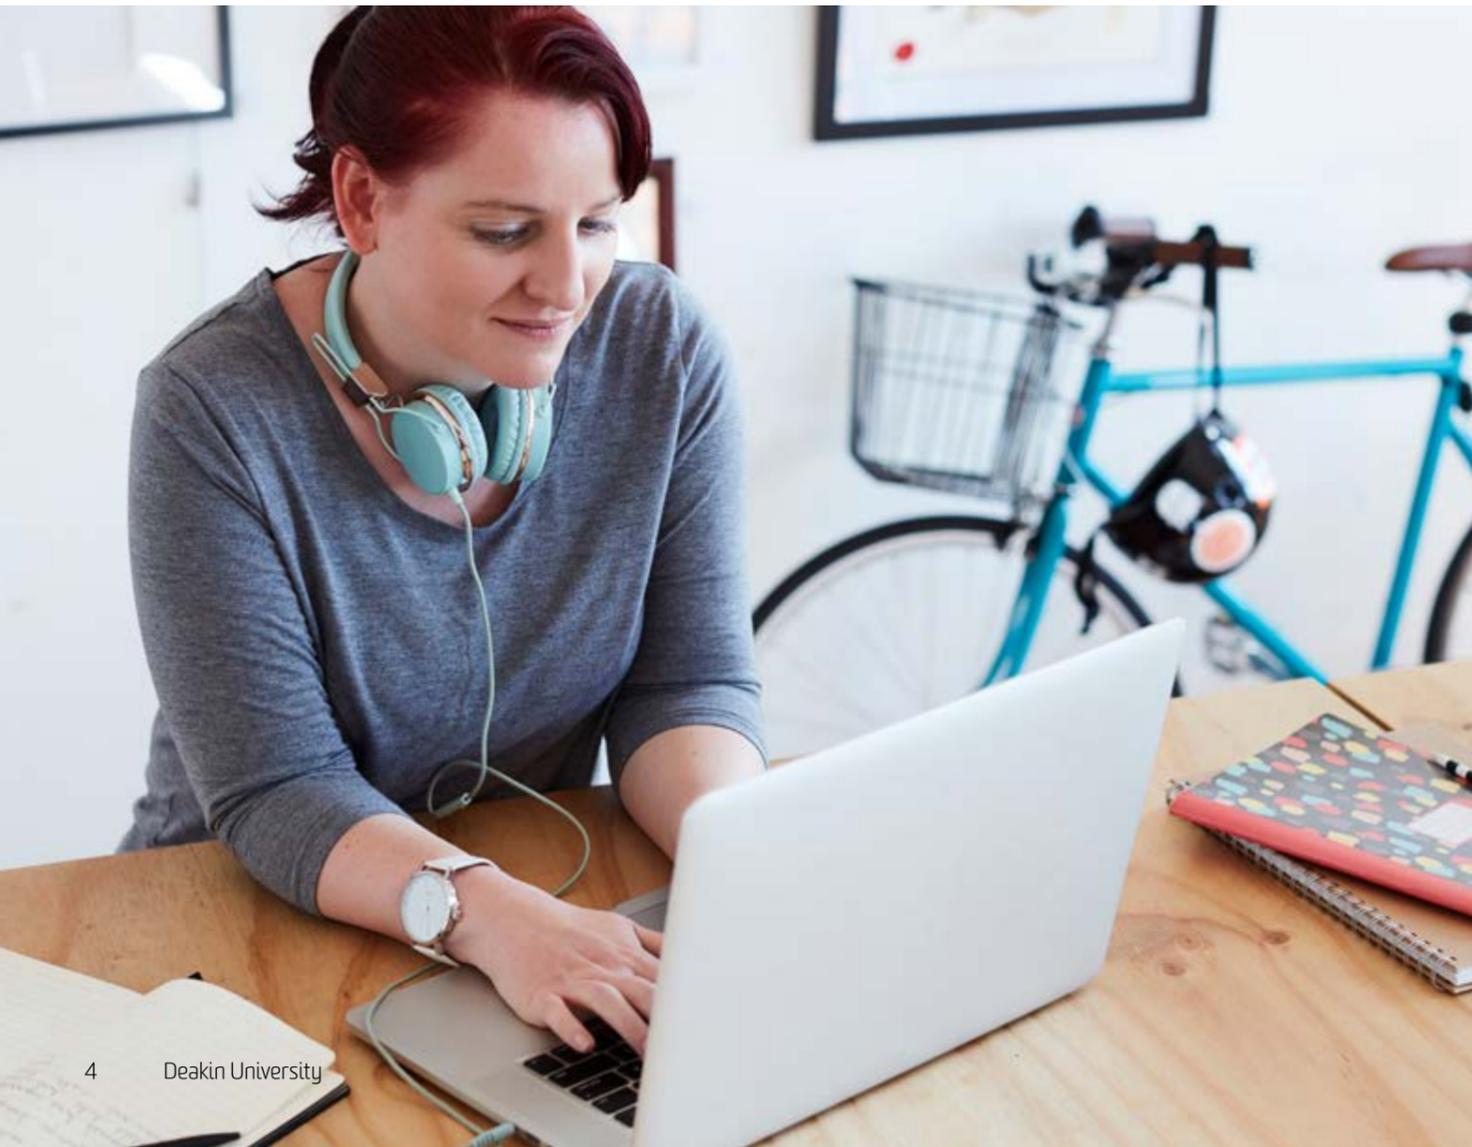

Cloud Campus

Deakin's Cloud Campus is a 14,000-strong community of online students. As a flagship provider of distance education for more than 40 years, Deakin has a unique understanding of students who need choice and flexibility.

- The Cloud Campus is a vibrant and virtual campus. It's your one-stop online place to access classes, seminars and resources, participate in live-streaming seminars and class discussions, chat with academic staff and students and submit assignments. When, where and how you study is up to you.
- The Cloud Campus offers orientation sessions, tailored support services, innovative but easy-to-use digital tools and resources, access 24/7 to library resources and a dedicated student success coach to keep you on track. We offer this support because as a Cloud Campus student, you need to be disciplined, independent and organised. Given your competing commitments, you'll also need to be savvy when it comes to time management and prioritising.

- Your own personalised digital study hub makes the transition to online study a smooth one. DeakinSync is the online place you'll call home. It's where you'll find everything you need to manage your enrolment and course material, communicate with your classmates and teachers, sort out your timetable and even plan your career.
- Studying at the Cloud Campus doesn't mean you're confined to the cloud. You can jump offline anytime and head to your closest Deakin campus to meet with your teachers or other students, visit the library or simply make the most of our fast, free Wi-Fi.
- Deakin's Cloud Campus enables you to connect with other students for study, support and socialising, including an online student club. Accessible and flexible – it can be as much as you want, or need, it to be.

Visit deakin.edu.au/courses/study-online for more information.

#1 careers service in Victoria

Our Graduate Employment division is dedicated to preparing you for the jobs and careers of the future. Through DeakinTALENT's programs and services you can research different career options, hone your interview skills, as well as look for casual work while you study or find a graduate job. Visit blogs.deakin.edu.au/deakintalent.

Melbourne Burwood Campus

Our Melbourne Burwood Campus is a 30-minute drive from Melbourne's bustling central district in a leafy suburb with many open spaces and parks.

- Melbourne Burwood Campus is our busiest campus, with around 30,000 students.
- The campus boasts architecturally impressive buildings and outstanding facilities, including the professional motion capture lab; dance, drama and television studios; food and nutrition labs; nursing clinical simulation centres; IT gaming facilities; simulated foreign currency trading floor; and much more.
- Burwood students love the relaxed suburban atmosphere and huge choice of learning and social spaces.
- Enjoy a choice of cafes and food outlets, bookshop and merchandise shop, medical centre, gallery, gymnasium, great study spaces and much more.
- The campus sits alongside parkland, which is great for cycling, walking and jogging, and is easily accessible via cycling paths, public transport or car.

Living on campus

- Campus residences accommodate more than 1000 students year-round, with a range of accommodation options, from private studio apartments to private bedrooms within large unit complexes.
- Life on campus is so much more than just a comfy bed in a safe building, it's a unique opportunity to immerse yourself in the Deakin experience. Those who live on campus are shown to make better connections with their peers and with the University. Plus, they're more likely to achieve great results with their study.

To learn more, visit deakin.edu.au/live.

Living near campus

- The closest suburbs to our Melbourne Burwood Campus are Burwood East, Box Hill South, Camberwell and Ashburton.
- From Melbourne's CBD it takes about an hour to get to our Melbourne Burwood Campus using either train, tram or bus, or about half an hour by car. It is also possible to cycle to Burwood. The tram stop is located on the Burwood Highway in front of the campus.
- To find accommodation near campus visit Houseme at deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/burwood for more information.

Locations

Geelong Waterfront Campus

Our Geelong Waterfront Campus is right on Corio Bay – in the heart of Geelong, about an hour's drive from Melbourne. Originally built as wool stores in the 19th century, the buildings have been extensively renovated, creating a modern, impressive campus.

- Geelong is the second-most populated urban area in Victoria (after Melbourne), with a population of about 180,000 people.
- One of the world's most beautiful coastal drives, the Great Ocean Road, is just 30 minutes away, complete with famous surf beaches and the occasional whale sighting.
- Geelong Waterfront Campus was founded in 1994. It currently has 5000 students and offers 201 courses.

Getting to Geelong

Travel to Geelong is easy and, if you're based in Melbourne, the commute with the new regional rail link is quick, with travel from Southern Cross Station to Geelong taking less than an hour. If you live in Melbourne's west, you may find your commute is as short as 30 minutes by car.

Living on campus

- The Geelong Waterfront Campus will accommodate its first residential community of 410 students in 2018, with 33 studio apartments also available within Geelong's iconic T&G House.
- Our campus-based residents enjoy a range of exclusive activities across the year. You'll be connected with a supportive student community and an encouraging environment ensures a balanced study/social life.

To learn more, visit deakin.edu.au/live.

Living near campus

If you choose to live centrally, you'll be residing very close to your classes. If you live further from the city centre, getting to the Geelong Waterfront Campus by car, bike or public transport is easy.

To find accommodation visit Houseme at deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/waterfront for more information.

Clubs and societies

As a Deakin student, you can explore more than 120 clubs and societies across our campuses.

We've got groups dedicated to everything from anime to basketball. From sports, health and personal development clubs to academic, religious, course and discipline-specific groups, there's sure to be a club or society to suit you. Make the most of your time at Deakin: meet new people, try new things, share your skills and discover your hidden talents.

Find out more at deakin.edu.au/life-at-deakin/student-life/clubs-and-societies.

Geelong Wauran Ponds Campus

You get the best of both worlds at our Geelong Wauran Ponds Campus – access to world-class programs and superb facilities, as well as a relaxing, regional environment, close to some of Australia's best surf beaches.

- Geelong is on a peninsula, with surf beaches, diving and recreational fishing all on offer.
- On campus, outdoor areas and spacious new buildings are perfect for both socialising and studying.
- Geelong Wauran Ponds Campus offers incredible sport facilities. The campus is home to Deakin's Elite Sport Precinct, which includes an MCG-sized AFL oval, FIFA-grade soccer pitch, eight-lane 400-metre athletics track, outdoor basketball court and more. A deluxe health club complete with gym, workout studios and group fitness classes is also available.
- There are around 7300 students at the Geelong Wauran Ponds Campus.

Living on campus

- We have townhouses, units and apartments available for 800 students at our Geelong Wauran Ponds Campus, close to classes and our sporting grounds.
- Living on campus gives you exclusive access to residential programs including health and wellbeing, social, academic, arts and culture and leadership, connecting you in a supportive student environment to ensure a balanced study and social life.

To learn more, visit deakin.edu.au/live.

Living near campus

- Our Geelong Wauran Ponds Campus is a 20-minute drive from the centre of Geelong, so if you choose to live centrally you won't be far away from your classes. Closer suburbs to live in include Grovedale, Wandana Heights and Highton.
- You can access the campus by car, train, or the free shuttle bus that runs between our two Geelong campuses – and Melbourne is just an hour away.
- To find accommodation near campus visit Houseme at deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/wauran-ponds for more information.

Locations

Warrnambool Campus

Three hours from Melbourne, 1.5 hours by car from Geelong, Warrnambool is a welcoming campus, close to the town centre and beautiful surf beaches. Deakin's Warrnambool Campus offers a friendly, close-knit community environment, with close to 1000 students.

- Deakin's Warrnambool Campus is set on the banks of the picturesque Hopkins River, close to local surf beaches and popular tourist attractions.
- The 94-hectare site is approximately 5km from the centre of Warrnambool CBD, which is serviced by the Princes Highway and its own railway station and bus services.
- Warrnambool has a population of about 34,000 people, and is roughly 250km south-west of Melbourne.

Living on campus

- We have studio apartments and shared houses available on campus at Warrnambool, just metres from the Hopkins River and close to local surf and fishing hot spots.
- Living on campus in Warrnambool means you are part of a close-knit residential community, giving you access to exclusive residential programs.

To learn more, visit deakin.edu.au/live.

Living near campus

- Warrnambool is an increasingly popular tourist destination, with historic buildings, beautiful waterways and surf beaches, and a whale-watching centre.
- Living off campus is a great – and affordable – way to get to know the town and wider community while you're studying.
- Visit Houseme at deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/warrnambool-campus for more information.

Institute of Koorie Education

The Institute of Koorie Education provides community-based education programs, enabling Aboriginal and Torres Strait Islander Australians the flexibility to gain access to higher education while still being able to maintain family and community connections and obligations.

The approach to course delivery promotes access and equity for Indigenous Australian students, creating a close-knit learning community, as well as an inspiring and supportive learning environment away from home. Visit deakin.edu.au/courses/ike for more information.

Staying on campus

The Kitjarra student residences are available to Institute of Koorie Education students during study intensives. Just a short walk from the Institute's academic building at the Geelong Warrn Ponds Campus, Kitjarra is a convenient and comfortable option for study and accommodation. To learn more visit deakin.edu.au/kitjarra.

Disability support

Deakin's Disability Resource Centre promotes inclusion and access, and delivers information and services for students with a disability, health or mental health condition that affects their study or participation in university life. If you have difficulty with reading, writing, mobility, concentration, being understood, or meeting deadlines you may be eligible for services.

For more information, visit www.deakin.edu.au/disability-services.

Study options

Study full time or part time

At Deakin, you can switch between part-time and full-time study and set your own pace throughout your education. This means if things change, you're not locked into a study commitment that no longer suits you.

If you're enrolled in three or more credit points in a trimester, you're considered a full-time student. Any fewer and you're considered a part-time student.

Study in the cloud or on campus

Did you know that you can switch between on-campus and online learning? Providing your course and unit is available in both modes, the choice is yours. You can also combine the two study modes. Need the flexibility to study some units online and others on-campus? That's the type of flexibility our students love. If you miss a class you can catch up online when it suits you, whether you study at one of our campuses or at the Cloud Campus.

Study when you are ready

We have three study periods during the teaching year. This gives you more choice about when to start your degree and can even enable you to fast-track your study by taking extra units throughout the year. Some students take a trimester off to work or travel, then catch up later. It also allows you to spread your study load, so you can fit your studies into your lifestyle.

Deakin's trimesters run from March to June (Trimester 1), July to October (Trimester 2) and November to February (Trimester 3). Trimester 3 is optional and subject to availability of units. Visit deakin.edu.au/flexible-study to find out more about your study options at Deakin.

Digital tools and resources

Students are fully supported with a range of online resources. Through your personalised digital study hub, DeakinSync, you connect with students, learning and assessment experiences, teaching and support staff and potential employers. An experienced student success coach connects with you via Skype and email, providing ongoing support to ensure your personal and professional development.

Applying to Deakin

How do I apply?

Applying for your undergraduate degree at Deakin couldn't be easier. Most applications are straightforward and easy to complete. Follow these steps to make the process as simple as possible. Visit deakin.edu.au/courses/how-to-apply.

Whether you've just finished Year 12, or you haven't studied for a number of years, there is a Deakin course or a pathway for you. Generally, applicants are considered either as a recent secondary applicant or a non-Year 12 applicant, depending on your highest educational claim.

Recent secondary education applicant ^{Y12}

- Current Year 12 student
- Completed Year 12 in 2017 or 2016
- Interstate Year 12 student
- New Zealand school leaver
- International Baccalaureate (IB) student
- Gap-year student

Non-Year 12 applicant ^{NY12}

- Applicants with higher education study
- Applicants with VET study
- Applicants with work and life experience

For more information on admission requirements and the type of applicant you are, visit deakin.edu.au/courses/how-to-apply. You can also call us on 1800 693 888 to discuss your options.

1

Find your course

Browse from the hundreds of exciting undergraduate courses we have on offer at deakin.edu.au. Undergraduate courses at Deakin generally begin in March, and some courses also have intakes in July and November.

Once you find the course you're after, make sure you understand the entry requirements, application methods and application dates. You can call us on 1800 693 888 to discuss your options.

2

Understand the entry and documentation requirements

Make sure you understand the entry requirements for your chosen course by reading the course page carefully. For recent secondary education applicants, in addition to the listed ATAR, some courses may require you to have studied a prerequisite subject/s, while others may also require you to provide extra materials, such as a portfolio or personal statement.

Selection requirements for non-Year 12 applicants may include personal statement, entrance tests as specified, e.g. STAT (Special Tertiary Admissions Test), or a non-academic assessment (for all applicants to teaching courses), supplementary information form, audition, interview or folio presentation. For an explanation of key terms, please refer to pages 57–59.

Further information is listed in this guide's course table (page 16 onwards), as 'recent secondary education applicant' and 'non-Year 12 applicant'.

3

Gather supporting documents

When applying direct to Deakin as a non-Year 12, it's important to attach any requested supporting documentation, which may include a CV, academic transcripts, STAT results or a personal statement, otherwise your application may be delayed. We recommend gathering all this documentation before you commence the application process to ensure you can complete it in one sitting.

4

Apply

Depending on your course, our flexible trimester system means you may be able to start in Trimester 1 (March), 2 (July) or 3 (November).

If you're a recent secondary education applicant, applications for Trimester 1 should be made through VTAC (vtac.edu.au).

If you are a non-Year 12 applying for Trimester 1 for one Deakin course only, you may apply direct to Deakin.*

Applications for Trimester 2 or 3 should be made directly to Deakin via the applicant portal at applicantportal.deakin.edu.au.

* Conditions apply. Visit deakin.edu.au/courses/how-to-apply for current information.

Special consideration

At Deakin, we are committed to providing equity and access for individuals and groups who might not otherwise enjoy the benefits that flow from participation in higher education. Deakin provides additional consideration to applicants who may have experienced difficult circumstances, such as family, financial, medical, a disability or other challenges.

When applying through VTAC, submit an application through VTAC's Special Entry Access Scheme (SEAS). If applying direct to Deakin, provide information and supporting documentation regarding your circumstances when prompted in our online applicant portal. For information visit deakin.edu.au/access-equity.

Offers

Information about dates and offers from VTAC can be found on the VTAC website, vtac.edu.au. For Trimester 1*, Deakin makes most of its offers in the first round of offers to applicants.

For applications made direct to Deakin, offers are made via email. Timing varies depending on the course and time of year, but offers are generally made within 10 working days.

Defer

We understand that you might want to have a break before you commence your university course. That's why we have made deferring your studies easy. Most courses allow you to postpone your studies, but still retain your Deakin place for up to two years.

Visit deakin.edu.au/enrolment for information on offers, deferring and more.

* Some courses in Deakin's Faculty of Health and Faculty of Science, Engineering and Built Environment are offered by semester. Semester 1 runs from February to June; Semester 2 runs from July to November. See the course table or visit deakin.edu.au/courses.

Support services

At Deakin, you get support every step of the way. For job advice, our career service can help. For health or mental wellbeing services, healthcare professionals are on hand. From childcare services to disability support, we take care of your needs so you can enjoy life at Deakin. Find out more at deakin.edu.au/life-at-deakin/support-services.

Fees and scholarships

Fees

Depending on the course, an Australian Commonwealth supported undergraduate student at Deakin in 2018 can expect to pay between \$6444 and \$10,754 per year of study. These fees will change for 2019.

Eligible students may obtain loans via the Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP). Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold.

A range of government financial assistance programs are available for eligible students, such as Youth Allowance and Austudy.

Other costs

As a student you will also need to pay for living costs and course-related expenses, such as computer equipment, books, field trips and special equipment or clothing (if applicable to your course).

deakin.edu.au/fees

Government assistance

Commonwealth Supported Place

If you are an Australian citizen, holder of a Permanent humanitarian visa, Permanent resident or New Zealand citizen and meet the residency requirements, you will be eligible to receive a Commonwealth Supported Place (CSP) for a bachelor's course at Deakin. The Australian Government subsidises a Commonwealth Supported Place by paying part of the fees directly to the university.

Students enrolled in a CSP are only required to cover part of the cost of their course through student contributions. The cost of your course will depend on the units you study.

HECS-HELP Loan

Another Australian Government scheme that you may be eligible for is a HECS-HELP Loan. This is available for students in a Commonwealth Supported Place who meet the eligibility requirements set by the Australian Government.

Under the HECS-HELP loan scheme, you can choose to not make an upfront payment for your tuition fees. The HECS-HELP loan covers the student contribution part of your student fees. You will begin paying back your loan in small increments once you meet the minimum income threshold set by the Australian Taxation Office.

Deakin University is subject to Australian Government Legislation. As such, legislative changes can occur and may impact your HECS-HELP eligibility. For more information on eligibility requirements please visit studyassist.gov.au or deakin.edu.au/courses/fees/fee-payment-assistance.

Scholarships

A Deakin scholarship is more than simply a financial boost – it sets you on the pathway to success at university. It's an opportunity to stand out from your peers and is an excellent feature on your resume.

We offer scholarships for many situations, whether you have experienced disadvantage and/or achieved academic merit. Awarding a Deakin scholarship is our chance to acknowledge and reward your accomplishments and hard work.

You could be eligible for a number of scholarships during your time at Deakin. Use our online search tool to help you find out what scholarships you might be eligible to apply for at deakin.edu.au/scholarships.

Also check out deakin.edu.au/scholarship-tips to read through our top tips for completing a scholarship application.

Financial support

Deakin provides financial assistance to eligible students in a number of ways, including grants, emergency food and travel vouchers. If you're experiencing financial difficulties, you may also be eligible to receive an interest-free student loan for study-related expenses.

Deakin Accelerate for VCE students

If you're a high-achieving VCE student, Accelerate allows you to study two first-year university subjects during Year 12. Studying one subject per trimester through Accelerate gives you a headstart in university studies while providing a potential boost to your ATAR.

There aren't any enrolment costs for the units you study as part of Deakin Accelerate, your only expense could be the cost of a textbook or materials needed to participate in the class. If your subjects are related to the Deakin course you enrol in after you graduate from secondary school, you may gain credit if it's a related course or you are able to use it as an elective – that's two units ticked off your uni degree at minimal cost. Most units are available on campus and online.

deakin.edu.au/accelerate

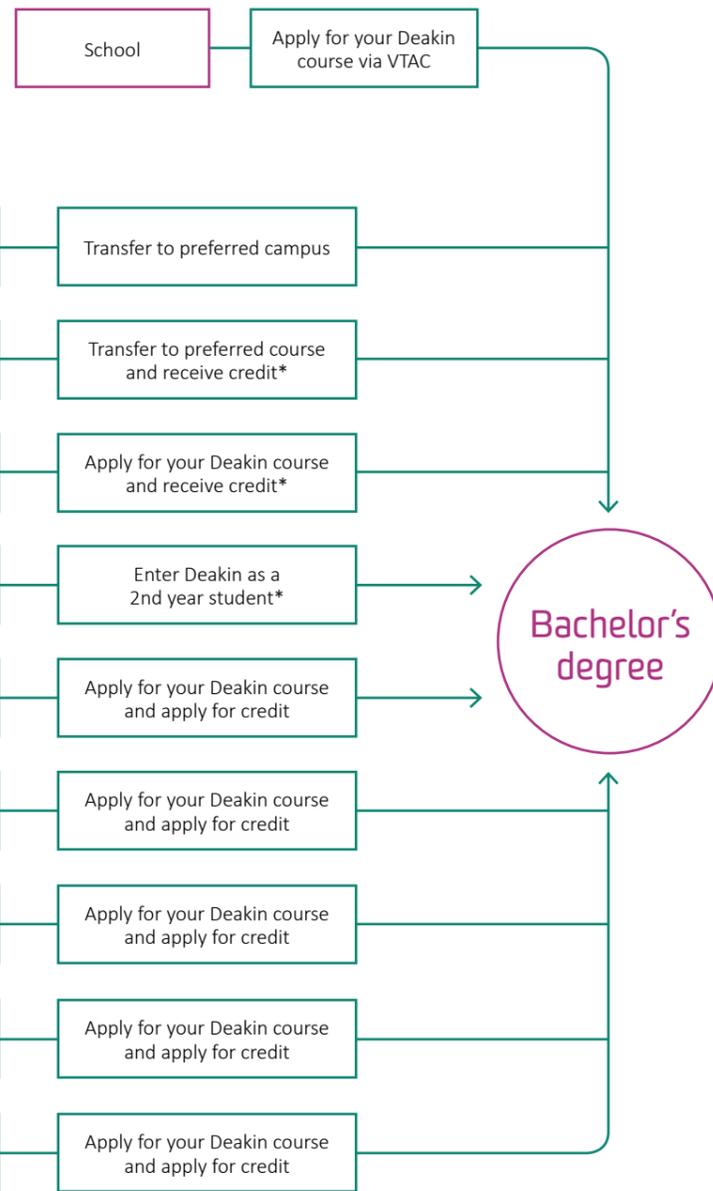

'Even in my first year I can see the many benefits of the scholarship program – from being part of interesting and innovative learning experiences to developing a good rapport with my academic mentor and other scholarship recipients.'

Natasha Pasahidis
Bachelor of Laws/Bachelor of International Studies student
Vice-Chancellor's Academic Excellence Scholarship recipient

Pathways to Deakin

The traditional path from school to university isn't the only way into Deakin. Find your pathway to study with us.

* Subject to availability and meeting academic requirements.

Try our Pathway Finder tool

There are many different ways you can get into an undergraduate course at Deakin. No matter your ATAR or education history, we're here to help you find your pathway to Deakin. Try our Pathway Finder tool and explore the options that may be available to you at deakin.edu.au/courses/entry-pathways/pathway-finder or call us on 1800 693 888.

Pathways through Deakin

Taking a pathway through Deakin means you get to begin the Deakin experience immediately, starting and finishing your study at Deakin.

Transfer between campuses*

Start your course at a campus with a lower ATAR requirement, then transfer to your desired campus after first year.

Transfer between courses*

Apply to study a course with similar subjects or majors, but a lower ATAR, and use this as a pathway into your ideal course.

Complete an associate degree*

A Deakin associate degree in arts or education lets you study in a supported campus environment. It also gives you a direct, guaranteed pathway to an arts, criminology or primary education^ bachelor's degree.

Undertake single unit (non-award) study

If you just want to test the waters and see what studying at Deakin is all about, consider studying a single unit (or two). The unit can count towards a degree if you decide to enrol in one afterwards, and you'll get to satisfy your personal and professional interests.

Pathways through Deakin College

A Deakin College diploma can provide a fast-track pathway into Deakin undergraduate degrees. deakincollege.edu.au

* Subject to availability and meeting academic requirements.

^ You may be eligible for up to 18 months' (full-time study) Credit for Prior Learning and guaranteed entry into the Bachelor of Education (Primary), provided you successfully complete the non-academic selection tool prior to entry.

Contact us

We have a great team at Deakin ready to help you find a pathway into university. Give us a call on 1800 693 888 to discuss your options or email myfuture@deakin.edu.au.

We're here to support you.

Pathways through TAFE

Deakin partners with the country's best TAFE institutions to offer a guaranteed entry program. Our partners include:

- Bendigo Institute
- Box Hill Institute
- Chisholm Institute
- The Gordon
- Kangan Institute
- Melbourne Polytechnic
- South West TAFE
- TAFE NSW.

deakin.edu.au/TAFE

Pathways through other institutions

If you're currently studying at another university and wish to apply for entry into Deakin to finish your degree, you can apply for Credit for Prior Learning for your previous study.

Pathways through the workforce

Deakin students come from all walks of life – not everyone goes straight to university after finishing high school. You may be able to gain entry to Deakin and/or credit towards a Deakin course, based on your work experience or prior industry training.

Visit deakin.edu.au/courses/entry-pathways for more information.

'My course has exceeded my expectations. With such a wide variety of units to choose from, and areas to specialise in, there is never a dull moment. I am able to tailor my learning to my interests, allowing me to thrive!'

Beau Arnfield
Bachelor of Arts/Bachelor of Laws student

Courses at Deakin

The following pages outline key details for each of Deakin's undergraduate and related degrees. Courses are featured according to the interest areas listed here. Course name and code are included, as well as a brief course overview, major areas of study, careers and everything you need to know about getting into the course. Find out more about these interest areas and the courses available at deakin.edu.au.

Not sure where to start? Speak to one of our friendly staff on 1800 MY FUTURE (1800 693 888) to discuss your options or email myfuture@deakin.edu.au.

Courses to careers

At Deakin, we're about careers and experience, not just courses. Visit explore.deakin.edu.au to kickstart your course and career exploration at Deakin. With more than 600 paired courses and careers, it's the perfect destination for you to explore your future career.

Orientation and getting started

Nervous about starting university? There's no need to be – we've got everything in place to help you through the process. Check out our handy online checklist at deakin.edu.au/life-at-deakin/orientation-getting-started for what to prepare before you start at Deakin and learn everything about enrolment, orientation and your course.

Campus

Deakin has five campuses – one in Melbourne and Warrnambool, two in Geelong, and the Cloud Campus. The following course table indicates the campus/campuses where you can study our range of undergraduate courses.

ATAR

The Australian Tertiary Admission Rank (ATAR) is a ranking of Year 12 results. It is a ranking from 30 (lowest) to 99.95 (highest), agreed by the Council of Australian Governments as a nationally equivalent measure of a person's relative academic ranking within their complete age cohort in the year they graduated from senior secondary school. (This includes students who did not complete Year 12, completed but did not qualify for an ATAR, or had already previously left school, who account for around 30% of the age cohort.) The ATAR is derived from the scaled scores achieved for senior secondary school subjects. The specific calculation used is different in each state and territory but the result is designed to be nationally equivalent.

Admissions transparency

As per Australian Government guidelines, the ATAR published in this guide is the lowest 'adjusted ATAR score' to which an offer was made in 2018. The 'adjusted ATAR score' is an applicant's 'raw ATAR score', plus any adjustment factors applied. Deakin is committed to an open and transparent admissions process, visit the VTAC course search at vtac.edu.au or deakin.edu.au/transparency for an ATAR profile of all Deakin courses.

Course duration in years

This is the course duration in years, based on completing the course full time. Part-time study options may also be available. Search for your courses at deakin.edu.au/courses to find out.

Entry requirements

The course table outlines the entry requirements for recent secondary education applicants and non-Year 12 applicants.

Recent secondary education applicants ^{Y12}

- Current Year 12 students (2018)
- Year 12 graduates (2017 and 2016)

Non-Year 12 applicants ^{NY12}

- Applicants with higher education study
- Applicants with VET study
- Applicants with work and life experience

For more information on entry requirements and the type of applicant you are, visit deakin.edu.au/courses/how-to-apply. You can also call us on 1800 693 888 to discuss your options.

Trimester intake

Most courses start in Trimester 1 (T1) (March to June). The course entry indicates whether you have the option of commencing your studies in Trimester 2 (T2) (July to October) or Trimester 3 (T3) (November to February). Not all units are offered in every trimester. Some courses in Deakin's Faculty of Health and Faculty of Science, Engineering and Built Environment are offered by semester. Semester 1 runs from February to June; Semester 2 runs from July to November. Check each course at deakin.edu.au/courses for the most up-to-date intake information.

Fees

The fees listed are 2018 indicative fee rates for students enrolled in the first year of studies in a Commonwealth Supported Place (CSP). The Australian Government provides a subsidy for students enrolled in a CSP by paying part of the fees for the place directly to the university. The fees listed are the indicative amount you will need to pay for one year of study. Visit deakin.edu.au/fees for up-to-date information.

Deakin Hallmarks are prestigious University awards that recognise students' outstanding achievement, at course level, of capabilities that are key to employment success.

Find out more at deakin.edu.au/hallmarks, including how Hallmarks are awarded.

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Design (Architecture)[®] S342 3 T1, T2 Campus and ATAR: WF 70.05	Our course offers a creative environment to immerse yourself in all aspects of work with the built environment, from design to construction and evaluation on a vast range of projects – from houses to major buildings, to designing and creating places and spaces.	Private architectural practices, government organisations, property development, building and design.	Y12 [‡] VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 [^] deakin.edu.au/course/S342	\$9166
Bachelor of Construction Management (Honours) S346 4 * T1, T2 Campus and ATAR: WF 60.65	Develop an excellent understanding of building economics and law, project management, building technology, measurement and estimating, quantity surveying and building practice.	Construction manager, estimator, planner, quantity surveyor, property and maintenance divisions.	Y12 [‡] VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 [^] deakin.edu.au/course/S346	\$9173
Bachelor of Design (Architecture)/ Bachelor of Construction Management (Honours)[§] D364 5 [‡] T1, T2 Campus and ATAR: WF 78.30	Develop a complementary understanding of design and construction – ideal for those interested in a career across the diverse opportunities within the built environment industry while keeping the door open for further postgraduate study in pursuit of professional registration as an architect.	Private practice, government organisations, property development, building, consulting firms.	Y12 [‡] VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 [^] deakin.edu.au/course/D364	\$9185
Bachelor of Construction Management (Honours)/ Bachelor of Property and Real Estate[‡] D336 5 T1, T2 Campus and ATAR: B / WF [†] 70.30	Learn about property development and investment, as well as the technology, regulations and management of construction projects in a course only offered in Victoria by Deakin.	Commercial, industrial or residential property development, property valuation and management, construction manager, private or government valuer, property adviser, estimator, project manager, facility manager, quantity surveyor.	Y12 [‡] VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 [^] deakin.edu.au/course/D336	\$10,279
Master of Architecture S700 2 T1, T2, T3 Campus and ATAR: WF Graduate entry	Develop your skills and knowledge in architectural design research and resolution, urban ecologies and contexts, integrated project evaluation and performance-measured sustainable design. All of these are expected in modern professional practice.	The Master of Architecture is designed to allow students with a three-year undergraduate degree in architecture to complete the final units required to fulfil the academic requirements for professional accreditation and registration as an architect.	A bachelor's degree in the same discipline (accredited, in architecture).	\$9194

Course	Overview	Careers	Entry requirements	Fees#
Master of Architecture (Design Management) S711 1.5 ^v T1, T2, T3 Campus and ATAR: WF Graduate entry	You'll develop your skills and knowledge in architectural design research, urban ecologies and other aspects expected in modern architectural professional practice.	The Master of Architecture (Design Management) builds upon an established background in architecture and built environment studies, allowing students to complete the final units required to fulfil the academic requirements for professional accreditation and registration as an architect.	The Master of Architecture (Design Management) is only available to students who have completed the five-year accredited undergraduate combined course Bachelor of Design (Architecture)/Bachelor of Construction Management (Honours) at Deakin University.	\$9353
Global Science and Technology Program^{π,‡} Campus and ATAR: WF 80.00	This scholarship program is designed to add an international experience to your degree, supporting you to develop new skills and a broader worldview while studying overseas. Successful applicants will be offered a monetary scholarship to assist with travel costs and will be required to participate in the Deakin Global Citizenship Program.	This program helps you develop the skills needed to be successful in an increasingly global society and gain independence, self-confidence and self-awareness; develop your skills and networking capabilities with international colleagues and friends, while allowing you to experience, gain understanding and awareness of diverse cultures and backgrounds.	Y12 [‡] Applicants must meet the prerequisites for their specific architecture and construction management preference. All applicants must also complete and submit the Global Science and Technology Program Supplementary Information Form (deakin.edu.au/sebe/global)	N/A

The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
 ‡ Recent secondary education applicants include current Year 12 and Year 12 graduates from 2017 and 2016.
 ^ There are three categories under which non-Year 12 applicants may apply to Deakin:
 – applicants with higher education study
 – applicants with vocational education
 – work and life experience
 Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.
 ¶ Leads to professional recognition when followed by successful completion of the Master of Architecture.
 π Available for high-achieving students with a minimum ATAR of 80.00. Applicants must also meet the published prerequisites for their specific course preference within the Faculty of Science, Engineering and Built Environment.
 ‡ Refer to specific course entry for campus and trimester intake options.

μ Students have the opportunity to complete this course in four years of full-time study by undertaking units in Trimester 3.
 ‡ Professional recognition by the Australian Property Institute (API) and the Royal Institution of Chartered Surveyors (RICS) can be attained by completing the Bachelor of Construction Management (Honours)/Bachelor of Property and Real Estate.
 § Leads to professional recognition when followed by successful completion of the Master of Architecture (Design Management).
 † Students are able to commence this course at either the Melbourne Burwood Campus or Geelong Waterfront Campus. Delivery is at both campuses and students will be required to undertake units of study from both the Geelong Waterfront Campus and the Melbourne Burwood Campus. Students should seek advice from their course adviser prior to the commencement of their course. Please note that all property and real estate units are also offered at the Cloud Campus.
 v Students have the opportunity of completing the course in one year full-time (3 trimesters) by undertaking units in Trimester 3.
 * Students have the opportunity to complete this course in three years of full-time study by undertaking units in Trimester 3.

Diploma of Chinese A222 3PT T1 Campus: B WP	The Chinese language program offers students the opportunity to attain proficiency in spoken and written Chinese and provides an understanding of the Chinese culture and ways of life. It's a great complement to your studies in any discipline, plus you'll gain a global perspective and boost your employability. In-country language programs are also available.	Business, diplomacy, foreign policy and international development.	Y12 ² VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ¹ deakin.edu.au/course/A222 . Applicants who wish to undertake the Diploma of Chinese concurrently with another degree must apply through VTAC for a place in the degree and, once enrolled, subsequently apply with the faculty for the Diploma of Chinese.	\$6444
Diploma of Indonesian A223 3PT T1, T3 Campus: C B WP	Learn communication skills in Bahasa Indonesia while gaining an understanding of Indonesia's culture, history and society. Indonesia is Australia's closest Asian neighbour and the region is increasingly important to Australia economically, politically and culturally. In-country language programs are also available.	Business, diplomacy, foreign policy and international development.	Y12 ² VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ¹ deakin.edu.au/course/A223 Applicants who wish to undertake the Diploma of Indonesian concurrently with another degree must apply through VTAC for a place in the degree and, once enrolled, subsequently apply with the faculty for the Diploma of Indonesian.	\$6444
Diploma of Spanish A224 3PT T1 Campus: C B WP	Spanish is a great complement to your studies in any discipline, plus you'll gain a global perspective and boost your employability. Develop fluency in Spanish by developing an understanding of grammatical structures and lexical fields through a communicative approach, and by developing skills through guided activities that target listening, speaking, reading and writing competencies. In-country language programs are also available.	Business, diplomacy, foreign policy and international development.	Y12 ² VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ¹ deakin.edu.au/course/A224 Applicants who wish to undertake the Diploma of Spanish concurrently with another degree must apply through VTAC for a place in the degree and, once enrolled, subsequently apply with the faculty for the Diploma of Spanish.	\$6444
Associate Degree of Arts A250 2 T1 Campus: C B WP	Develop the skills you need to be successful at university, such as communication skills, digital literacy, critical thinking and teamwork skills. You will also study interesting units within arts or criminology and guaranteed entry into Deakin's Bachelor of Arts or Bachelor of Criminology after successful completion of the course. You may also apply to transition, with credit, into a range of other bachelor's degrees, including communications, psychology, health sciences, nursing, commerce or science.	Students who graduate from the associate degree and then their chosen articulation can enjoy a wide range of career opportunities. This may include within the fields of international relations, journalism, advertising, media, photography, multimedia, publishing, public relations, marketing, personnel and industrial relations, government, policy development, research, business, finance, community services, ethnic affairs, social work, education, policing, and performing and visual arts.	Y12 ² and NY12 ¹ All applicants must complete a personal statement for the Associate Degree of Arts and should include name; highest qualification and year attained; and in less than 500 words provide a statement on your motivation for study, commitment to the course and future career aspirations.	\$6556
Bachelor of Arts – Advanced (Honours) A401 4 T1, T2 Campus: C B WP	High-performing students will be attracted to Deakin's Bachelor of Arts – Advanced (Honours) as it allows them to enrol immediately in a four-year honours degree.	Develop important and transferable career skills, making you highly employable within a wide range of industries, including in international relations, journalism, media, multimedia, publishing, public relations, marketing, government, policy development, research, business, finance, community services, ethnic affairs, social work, education, policing and performing and visual arts.	Y12 ² A minimum ATAR of 80 or equivalent in the Victorian Certificate of Education (VCE) or its equivalent, with prerequisite units 3 and 4; a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ¹ deakin.edu.au/course/A401	\$6444

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Arts/ Bachelor of Commerce D313 4 T1, T2 Campus and ATAR: C NP B 60.10 WP ⁵ 63.20	A flexible combined course that allows you to explore arts and commerce majors, such as politics and policy studies with economics, finance with journalism, or public relations with marketing, to create a unique qualification.	The types of opportunities available will depend on the majors taken within the course from a range of areas that include accountancy, advertising, economics, film and video, politics and media.	Y12 ² VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ¹ deakin.edu.au/course/D313	\$9304
Bachelor of Arts – Chinese/Bachelor of Commerce D317 4 T1 Campus and ATAR: B 61.60	A language qualification combined with a degree in business expands your employment opportunities locally and overseas. Mandarin is spoken in China, Taiwan, Hong Kong and Singapore and will give you a distinctive and sought-after qualification.	Find employment in government bodies and companies that have dealings with, or operations in, Chinese-speaking countries and regions or other Asian countries.	Y12 ² VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ¹ deakin.edu.au/course/D317	\$9720
Bachelor of Arts/ Bachelor of Laws D312 5 T1, T2 Campus and ATAR: C NP B 91.50 WF ⁵ 85.40	Combining arts and law enhances your understanding of the context in which the law operates. You can choose to study areas such as history, sociology, philosophy, politics or literature in addition to studies in law.	As an alternative to practising as a lawyer, you may work in business and management roles in a wide range of organisations and government services, industrial relations, research, public administration, diplomatic service, the media, legal aid, law reform, or teaching in schools or universities.	Y12 ² VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 35 in English (EAL). NY12 ¹ deakin.edu.au/course/D312	\$8763
Bachelor of Arts/ Bachelor of Science D311 4 T1, T2, T3 ^V Campus and ATAR: B 60.15 WP 65.05	Combine arts and science studies in a variety of contemporary themes such as the body, the environment, science policy and practice, and others. You may combine majors such as public relations/chemistry, philosophy/mathematical modelling, sociology/human biology or environmental science/journalism.	Explore the relationships between various areas of study, combining them in innovative ways to prepare yourself for a career in areas like policy development and implementation to human services and in various science fields.	Y12 ² VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ¹ deakin.edu.au/course/D311	\$7805
Bachelor of Criminology/ Bachelor of Cyber Security D380 4 T1, T2, T3 Campus and ATAR: C NP B 60.20 WP 61.90	Deakin's Bachelor of Criminology/Bachelor of Cyber Security is the only degree of its kind in Australia. Bringing together two independent degrees, the course provides you with skills in securing data and data communications, as well as investigating, analysing and providing solutions to computer crime.	Graduates may find employment in areas such as government agencies, state and federal police, security and intelligence agencies, research and policy development, correctional services, community services, and private security and consultative industries, as well as more technical roles such as security analyst, security systems manager, security system developer/programmer, anti-virus software developer or computer forensic specialist.	Y12 ² VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ¹ deakin.edu.au/course/D380	\$7963

Bachelor of Criminology/ Bachelor of Laws D335 5 T1, T2 ^v Campus and ATAR: C ^Q NP B 91.30 WF [§] 85.30	Combining law with criminology allows you to gain broad theoretical, applied knowledge and skills concerning the meaning of crime; the forms, causes and consequences of crime; the different institutions and processes involved in preventing and controlling crime; policy development, policing and security; and related fields. This degree satisfies the university requirements to become an Australian Lawyer, as set by the Victorian Legal Admissions Board (VLAB).	As an alternative to practising as a lawyer, you may work in business and management roles in a wide range of organisations and government services, state or federal policing, ASIO, correctional services, community services or private security industries.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 35 in English (EAL). NY12 [^] deakin.edu.au/course/D335	\$8859
Bachelor of Criminology/ Bachelor of Psychological Science D390 4 T1, T2, T3 Campus and ATAR: C 64.00 B 71.60 WP 61.20	Deakin's Bachelor of Criminology/Bachelor of Psychological Science brings together two independent degrees and combines them in an attractive four-year combined course. This course provides an accredited undergraduate sequence in psychology and includes complementary studies in individual and group counselling, health and behavioural change.	Government agencies, state and federal police, security and intelligence agencies, research and policy development, correctional services, community services, private security and consultative industries, as well as the many traditional fields open to psychology graduates.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/D390	\$7163
Bachelor of Forensic Science/Bachelor of Criminology D329 4 T1, T2 Campus and ATAR: WP 65.25	Develop the skills and techniques essential to modern forensic science, including the examination and presentation of scientific evidence. The course also gives you practical, professional training and enables you to study critical analysis in the fields of policing, security, corrections, crime prevention and community safety, as well as various paralegal fields. Majors* See Bachelor of Forensic Science, page 50.	Forensic scientist, criminologist or related role, in both the public and private sector, including areas such as the forensic science industry, science-based industries, teaching, government agencies, state and federal police, ASIO, correctional services, community services and private security industries.	Y12 [#] VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 [^] deakin.edu.au/course/D329	\$8405
Bachelor of Health Sciences/Bachelor of Arts D391 4 T1, T2, T3 Campus and ATAR: C ^Q NP B 60.70	Design your own course by combining subjects from a wide range of health and arts-related areas. You choose how to structure your course and could combine, for example, food studies with language and culture studies, or psychology for professional development with sociology – the choice is yours. Majors* See Bachelor of Health Sciences, page 39, and Bachelor of Arts, page 20.	The type of career options available to you will depend on the majors you take within your course. For example, you may qualify to work in areas such as health promotion, health education, community health, project management, program planning, case management, counselling, family and community support, housing services, regional health service planning, sports nutrition and sports development. An arts degree provides skills for a wide range of careers, expanding your graduate opportunities even further.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/D391	\$7943
Bachelor of International Studies/Bachelor of Commerce D338 4 T1, T2 [†] , T3 [†] Campus and ATAR: C No offers [~] B 63.50 WP [§] 67.85	This specialist degree allows you to combine complementary majors in international studies and commerce. With an international orientation you will be expected to make a commitment to an internship with an overseas organisation, or a period of study at an overseas university, or to participate in an in-country language program. Majors* See Bachelor of International Studies, page 21, and Bachelor of Commerce, page 26. Bachelor of Design (Visual Communication) A345 3 T1, T2, T3 [†] Campus and ATAR: B RC WF RC	The design industry is changing rapidly, as is the profession of communication design. Deakin's Bachelor of Design (Visual Communication) addresses this shift through a fresh and exciting course focusing on all facets of communication design. From day one, you are introduced to the professional design world, learning and creating in an array of state-of-the-art facilities with industry leaders. All students remain connected to industry throughout the course, with the opportunity to take part in regular exhibitions and showcases, including a final year exhibition.	Advertising, graphic design studios, print houses, publishers, corporate companies who host in-house design services, government and private practices.	Y12 [#] VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL) and presentation of a portfolio of work to a satisfactory standard. NY12 [^] deakin.edu.au/course/A345	\$6444
Bachelor of Film, Television and Animation A351 3 T1, T2, T3 Campus and ATAR: B 66.00	From documentary and short narrative fiction, to more experimental productions, this course allows you to discover and develop your knowledge through exposure to a number of production and postproduction roles and practices.	Production for cinema and television work as a member in the camera, lighting, sound, design and effects or editing departments within the corporate, educational and advertising sectors, animators in the arts and digital content industries, including the animation, film, television and games design sectors and as independent professional creative practitioners.	Y12 [#] VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 [^] deakin.edu.au/course/A351	\$6471
Associate Degree of Arts A250 2 T1 Campus: C [†] B WP	Develop the skills you need to be successful at university, such as communication skills, digital literacy, critical thinking and teamwork skills. You will also study interesting units within arts or criminology and guaranteed entry into Deakin's Bachelor of Arts or Bachelor of Criminology after successful completion of the course. You may also apply to transition, with credit, into a range of other bachelor's degrees, including communications, psychology, health sciences, nursing, commerce or science.	Students who graduate from the associate degree and then their chosen articulation can enjoy a wide range of career opportunities. This may include within the fields of international relations, journalism, advertising, media, photography, multimedia, publishing, public relations, marketing, personnel and industrial relations, government, policy development, research, business, finance, community services, ethnic affairs, social work, education, policing, and performing and visual arts	Y12 [#] and NY12 [^] All applicants must complete a personal statement for the Associate Degree of Arts and should include name; highest qualification and year attained; and in less than 500 words provide a statement on your motivation for study, commitment to the course and future career aspirations.	\$6556

The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.

† Recent secondary education applicants include current Year 12 and Year 12 graduates from 2017 and 2016.

^ There are three categories under which non-Year 12 applicants may apply to Deakin: – applicants with higher education study – applicants with vocational education – work and life experience Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.

* Majors are not available at all campuses. Visit deakin.edu.au/courses for campus availability.

† For information on combined arts degrees, visit deakin.edu.au/courses.

π Melbourne Burwood Campus only.

μ Cloud Campus and Melbourne Burwood Campus only.

∅ To be eligible for entry into this course, applicants must present a portfolio of work to a satisfactory standard.

β Students enrolled in this course in Geelong will be required to undertake units of study at both the Geelong Waterfront and Geelong Warrn Ponds campuses.

≠ The 4 foundation units in A250 course must be undertaken at a campus. Cloud Campus enrolled students must travel weekly to Melbourne Burwood Campus or Geelong Warrn Ponds Campus to undertake these units.

~ No offers made to recent secondary education applicants.

NP means not published – less than five offers made to recent secondary education applicants. RC means admission is based on a range of criteria.

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Civil Engineering (Honours) S460 4 T1, T2 Campus and ATAR: C † NP B § 71.65 WP 65.65	The degree gives you the building blocks to plan, design, construct and maintain the infrastructure systems that are necessary for our day-to-day lives, such as buildings and roads, airports and railways; water supply and sewerage systems; water resources management; and other infrastructure systems.	Government bodies and departments, consulting firms, water authorities, public works.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL) and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics. NY12 ^A deakin.edu.au/course/S460	\$9185
Bachelor of Electrical and Electronics Engineering (Honours) S461 4 T1, T2 Campus and ATAR: C † NP B § 71.10 WP 71.85	This program covers the broad areas of electrical and electronic engineering disciplines, including renewable power generation and grid integration of renewable energy sources; smart distribution and transmission; urban, industrial, rural and regional power usage; energy efficiency and intelligent demand management.	Power generation and distribution, electronic design, factory control, local government, public works, consulting.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL) and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics. NY12 ^A deakin.edu.au/course/S461	\$9185
Bachelor of Environmental Engineering (Honours) S465 4 T1, T2 Campus and ATAR: WP 73.50	Develop a breadth of knowledge across the environmental engineering discipline and the technical skills to develop sustainable engineering solutions to the challenges faced within this field. In particular, learn the fundamentals of environmental engineering and the natural and physical sciences involved in the discipline.	Roles such as environmental engineer, environment planner, environmental consultant, environment officer, landfill specialist, water specialist.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL) and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics. NY12 ^A deakin.edu.au/course/S465	\$9185
Bachelor of Mechanical Engineering (Honours) S462 4 T1, T2 Campus and ATAR: C † NP B § 69.60 WP 65.00	The design-based approach allows students to apply fundamental theory in industry-relevant projects, combining project management and communication skills with advanced numerical simulation techniques, product realisation and testing.	Aerospace, automotive, aircraft, ship building, manufacturing and design companies railroads, supplier companies.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL) and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics. NY12 ^A deakin.edu.au/course/S462	\$9185
Bachelor of Mechatronics Engineering (Honours) S463 4 T1, T2 Campus and ATAR: C † NP B § 70.05 WP 65.95	This course integrates electronic devices with mechanical design and information technology, preparing you to be an industry-ready professional engineer. You will gain the skills to apply mechatronics engineering principles to challenging real-world problems, such as the automation of industrial processes using robotics and other cutting-edge technologies, flying drones, 3D printers, robotics and self-driving cars.	Diverse employment opportunities, including roles in industrial automation and electronic control systems, transportation systems, developing mechatronic products and systems, and as a consulting engineer.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL) and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics. NY12 ^A deakin.edu.au/course/S463	\$9185

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Software Engineering (Honours) S464 4 T1, T2 Campus and ATAR: C NP B 66.15	An innovative course that focuses on software engineering, cyber-physical systems and robotics applications, producing sought-after graduates who will create the technologies of the future. The rapid advancement of sensing and computing hardware supporting smart, connected devices is driving growing demand for software engineers who can move beyond traditional technologies such as web and database systems.	Business analyst, data engineer, DevOps engineer, embedded systems developer, IoT, machine learning engineer, mobile applications developer, project manager, research software engineer, robotics application engineer, programmer, software engineer, software developer, systems architect, web applications developer.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL) and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics. NY12 ^A deakin.edu.au/course/S464	\$9185
Global Science and Technology Program^{π,‡} Campus and ATAR: B 80.00 WP 80.00	This scholarship program is designed to add an international experience to your degree, supporting you to develop new skills and a broader world view while studying overseas. Successful applicants will be offered a monetary scholarship to assist with travel costs and will be required to participate in the Deakin Global Citizenship Program.	The program helps you to develop the skills needed to be successful in an increasingly global society and helps you gain independence, self-confidence and self-awareness; develop your skills and networking capabilities with international colleagues and friends, while allowing you to experience, gain understanding and awareness of diverse cultures and backgrounds.	Y12 ^H Applicants must meet the prerequisites for their specific engineering preference. All applicants must also complete and submit the Global Science and Technology Program Supplementary Information Form (deakin.edu.au/sebe/global).	N/A

The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
 ‡ Recent secondary education applicants include current Year 12 and Year 12 graduates from 2017 and 2016.
 ^ There are three categories under which non-Year 12 applicants may apply to Deakin:
 – applicants with higher education study
 – applicants with vocational education
 – work and life experience
 Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.

§ The first year of engineering is available at all three campuses. Students undertaking first year at the Melbourne Burwood Campus can choose to complete their course requirements either at the Geelong Warrn Ponds Campus or via the Cloud Campus.
 † Cloud Campus students will be required to participate in campus-based intensive activities each trimester at the Geelong Warrn Ponds Campus.
 π Available for high-achieving students with a minimum ATAR of 80.00. Applicants must also meet the published prerequisites for their specific course preference within the Faculty of Science, Engineering and Built Environment.
 ‡ Refer to specific course entry for campus and trimester intake options.
 NP means not published – less than five offers made to recent secondary education applicants.
 N/A means not applicable.

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Environmental Science (Environmental Management and Sustainability) S398 3 T1, T2 Campus and ATAR: B 60.40	Develop the skills and knowledge to enable you to manage the interaction between people and the environment, at the same time meeting society's needs for clean water, fresh air and healthy soils through the sustainable use of natural resources, environments and ecosystem services. An honours year is available for high-achieving students upon completion of this degree.	Environmental planning, environmental policy, sustainability, environmental protection, climate change adaptation and mitigation, industry-based environmental management, waste management, environmental education, catchment management, water resource management, land rehabilitation, pollution control, environmental science, wildlife management, conservation, and coastal and park management.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/S398	\$8875
Bachelor of Environmental Science (Marine Biology) S399 3 T1, T2 Campus and ATAR: WP 60.20 WB 53.45	Our marine biology program provides a unique opportunity to study temperate marine biology in a marine environment that has some of the highest biodiversity in Australia. The course has a strong ecological focus, linking biological and oceanographic processes in the study of marine environments. An honours year is available for high-achieving students upon completion of this degree.	Marine biology tour guide, fishery officer, marine biology consultant, laboratory technician, local government environmental officer, aquaculture manager and sustainability project officer, as well as moving into research or pursuing postgraduate study.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/S399	\$9183
Bachelor of Environmental Science (Wildlife and Conservation Biology) S393 3 T1, T2 Campus and ATAR: B 74.30	Combines theoretical and practical expertise in a range of discipline areas, such as biodiversity, wildlife ecology, landscape and vegetation management, conservation, animal biology and park management. Fieldwork is a key part of the course. An honours year is available for high-achieving students upon completion of this degree.	Wildlife officer, conservation officer, wildlife manager, park ranger, project officer, research scientist, wildlife biologist, conservation biologist or landscape ecologist.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/S393	\$8969
Bachelor of Environmental Engineering (Honours) S465 4 T1, T2 Campus and ATAR: WP 73.50	Develop a breadth of knowledge across the environmental engineering discipline and the technical skills to develop sustainable engineering solutions to the challenges faced within this field. In particular, learn the fundamentals of environmental engineering and the natural and physical sciences involved in the discipline.	Roles such as environmental engineer, environment planner, environmental consultant, environment officer, landfill specialist, water specialist.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL) and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics. NY12 ^A deakin.edu.au/course/S465	\$9185

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Science S320 3 T1, T2 Campus and ATAR: B 66.95 WP 60.65	A flexible degree that allows you to explore a diverse range of science-related study areas and specialise in at least one area of interest as you progress through the course. Environment majors include environmental science, freshwater biology and fisheries and aquaculture. An honours year is available for high-achieving students upon completion of this degree. Majors* <ul style="list-style-type: none"> Animal biology B WP Cell biology B WP Chemistry WP Chemistry and materials science B Environmental science B Fisheries and aquaculture WP Freshwater biology WP Genomics B WP Geography B Human biology B WP Mathematical modelling C B WP Natural history B Plant biology B 	A science degree can lead to work in fields of agriculture, animal health, biotechnology, education, forensics, food technology, pharmaceuticals, the general health and medical industry.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/S320	\$9099
Bachelor of Arts/ Bachelor of Science D311 4 T1, T2, T3 ⁵ Campus and ATAR: B 60.15 WP 65.05	Combine arts and science studies in a variety of contemporary themes such as the body, the environment, science policy and practice, and others. You may combine majors such as public relations/chemistry, philosophy/mathematical modelling, sociology/human biology or environmental science/journalism. Majors* See Bachelor of Arts, page 20, and Bachelor of Science, page 50.	Explore the relationships between various areas of study, combining them in innovative ways to prepare yourself for a career in areas like policy development and implementation to human services and in the various science fields.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/D311	\$7805
Bachelor of Commerce/ Bachelor of Science D321 4 T1, T2, T3 Campus and ATAR: B 81.05	Gain a specialised training in a scientific field, such as environmental science, natural history, chemistry and materials science, animal biology, plant biology, cell biology, human biology or mathematical modelling, while also developing your understanding of the commercial world, with specialisations including economics, accounting, management or information systems, for example. Majors* See Bachelor of Commerce, page 26, and Bachelor of Science, page 50.	A combined course offers you the chance to broaden your career opportunities after graduation. The types of opportunities available will depend on the majors you take within the course. For information on career outcomes for this combined course see the entries for Bachelor of Commerce and Bachelor of Science.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/D321	\$10,045
Bachelor of Science/ Bachelor of Laws D331 5 T1, T2 Campus and ATAR: B 91.45	Combine studies in law with studies in science, such as animal biology, cell biology, chemistry and materials science, environmental science, human biology, mathematical modelling, natural history and plant biology. Majors* See Bachelor of Science, page 50.	A law degree, especially when combined with another degree such as science, is a qualification that offers unequalled career opportunities. As an alternative to practising as a barrister or solicitor, you may choose to pursue a career in business and management roles in a wide range of organisations, government services, industrial relations, research, public administration, diplomatic service, the media, legal aid, law reform or teaching either in schools or universities. There is also an increasing need for lawyers who understand science and scientists who understand the law to work in specialist roles and to deal with complex, often intertwined scientific and legal issues.	Y12 ^H VCE units 3 and 4 – a study score of at least 35 in English (EAL) or 25 in English other than EAL. NY12 ^A deakin.edu.au/course/D331	\$9857

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Science/ Master of Teaching (Secondary) ^μ D304 4 ^ϕ T1	The combined course prepares graduates with the attributes, discipline-specific knowledge, professional behaviours and standards required to work as a secondary school teacher in Australia, teaching from junior secondary to VCE levels.	As a Deakin teaching graduate, you may find employment as a secondary school teacher within the private or public education sectors. Opportunities also exist in government agencies, community services or not-for-profit organisations.	Y12 ^π VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Occupational Therapy H355 4 T1 Campus and ATAR: WP 69.20	Occupational therapy combines physical and mental rehabilitation to support people to live happy, healthy and productive lives. Starting in your first trimester, you will have the opportunity to explore the differing occupational therapy specialisations and develop your own professional network.	You may work with children who have physical or intellectual disabilities, in aged care or with people who have had accidents or are suffering from medical problems. You may work in acute, psychiatric or rehabilitation hospitals, or in schools, community health, mental health, the workplace (such as in occupational health and safety and vocational rehabilitation), government, private practice or teaching and research.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/H355	\$8698
Bachelor of Public Health and Health Promotion H313 3 T1, T2 [†] Campus and ATAR: B 63.35 WP 66.95	This degree is designed to help you gain skills in industry-recognised competencies. You'll develop your knowledge of planning and evaluation, health communication strategies, epidemiology and health research. Practical work placements give you the chance to gain valuable experience and further develop your expertise in the field.	Health promotion officer, community development officer, social planning officer, health educator, women's health officer, health policy developer, planning officer, health researcher, program development officer or program evaluator.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/H313	\$8923
Bachelor of Social Work H330 4 T1 Campus and ATAR: C NP WF 64.80 IKE	A degree in social work gives you the skills to enhance the wellbeing of people, taking into account the influence of policy, socio-economic factors and social justice issues. You'll also become familiar with a range of social research methods and learn how to design and conduct research directly relevant to social work practice.	You may be involved in activities as diverse as policy development and research, counselling, family therapy, drug and alcohol counselling, community development and refugee assistance. Social workers also work as program managers or coordinators, as advocates, facilitators, activists or consultants.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/H330	\$7001
Bachelor of Vision Science/Master of Optometry D302 3.5 [◊] T1 Campus and ATAR: WP 95.10 Regional and remote entry scheme: WP RC	Offered as a combined course, the Bachelor of Vision Science/Master of Optometry is unique in many ways. It has an emphasis on case and team-based learning; an extensive, fully equipped clinical skills facility; industry partnerships; and a curriculum that delivers excellence across clinical, commercial and professional domains in optometry.	Career and employment opportunities for qualified optometrists include private and public eye care, practice ownership, research and teaching, associates in eye surgery practices and recognised areas within optometry such as low vision, paediatric vision and behavioural optometry.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). The Bachelor of Vision Science/Master of Optometry has a regional and remote entry scheme available through VTAC each year. This scheme is open to: current Year 12 students who are undertaking their final year of schooling at a regional or remote secondary school (as defined by the new ABS categories); current Year 12 students from schools in the Greater City of Geelong. Please note: The scheme is open to current Year 12 students only, applications via VTAC. Visit deakin.edu.au/health/regional-and-remote-entry-scheme for more information. NY12 [^] deakin.edu.au/course/D302	\$9815

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Nutrition Science/Bachelor of Commerce D301 4 T1, T2 Campus and ATAR: B 68.95	This comprehensive course provides you with knowledge and skills in food and nutrition sciences and complementary business knowledge and skills focusing on marketing or management. It is designed for employment in health and food-related industries.	Graduates of this course go into roles in research and development, consumer research and marketing, and management roles in the food, nutrition and health industries.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/D301	\$9752
Bachelor of Health Sciences/Bachelor of Arts D391 4 T1, T2, T3 Campus and ATAR: C NP B 60.70	Design your own course by combining subjects from a wide range of health and arts-related areas. You choose how to structure your course and could combine, for example, food studies with language and culture studies, or psychology for professional development with sociology – the choice is yours.	Depending on the majors you take and your choice of electives, you could be qualified to work in areas such as health promotion, health education, media, health journalism, community health, policy, health marketing.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/D391	\$7943
Bachelor of Nursing/ Bachelor of Public Health and Health Promotion D381 4 T1 Campus and ATAR: B 76.60	In addition to the specialised skills and knowledge acquired through our nursing degree, this combined degree also gives you specialised education in public health and health promotion. Public health is the organised response by society to protect and promote health and prevent disability.	Health education, human services and health policy development and implementation, in addition to pursuing roles as a registered nurse in a range of work areas.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/D381	\$7506
Bachelor of Public Health and Health Promotion/ Bachelor of Commerce D388 4 T1 Campus and ATAR: B 64.00	This combined course gives you a thorough understanding of the social and environmental factors that cause poor health, as well as those factors that create and sustain good health. You will examine how health is created and influenced in our society, and look at the different approaches for improving the population's health.	Business, marketing and management roles within the health industry, as well as for health promotion and public health roles within the government, corporate, private and public sectors.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/D388	\$9819

The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic students enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.

† Recent secondary education applicants include current Year 12 and Year 12 graduates from 2017 and 2016.

^ There are three categories under which non-Year 12 applicants may apply to Deakin:
 – applicants with higher education study
 – applicants with vocational education
 – work and life experience
 Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.

* Majors are not available at all campuses. Visit deakin.edu.au/courses for campus availability.

◊ Melbourne Burwood Campus and Geelong Wairn Ponds Campus only.

π Full-time program delivered over eight consecutive semesters, commencing in 'Medical' Semester 1.

◊ This is an accelerated program offered over 10 consecutive trimesters in 3.5 years of study, with three trimesters each year. Course fees are for three trimesters of study, rather than the usual two.

NP means not published – less than five offers made to recent secondary education applicants.

Bachelor of Laws M312 4 T1, T2 ^v	Law at Deakin meets the university component of the requirements to become an Australian lawyer. You will then complete an additional year of work placement as a legal trainee, or undertake a practical legal training course. This comprehensive course provides in-depth studies in each of the major areas of legal practice, and emphasises practical legal skills training.	Family law, criminal law, litigation, immigration law, tax or even personal injury law. Law graduates may also choose to enter the business sector in almost any industry or government service in areas such as law reform, politics or public administration.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 35 in English (EAL). NY12 [^] deakin.edu.au/course/M312	\$10,353

Doctor of Medicine H911 4 51* Campus: WP	Accredited by the Australian Medical Council (AMC), the Doctor of Medicine is a four-year graduate-entry course for students wishing to qualify as medical practitioners. Learn about anatomy, physiology and pathology, plus clinical procedural skills, public health issues and managing chronic diseases. There is a focus on the early development of clinical, communication and procedural skills, diagnosis and management of chronic diseases, and multidisciplinary teamwork, as well as an emphasis on rural and regional medicine.	In order to qualify as registered medical practitioners with the Australian Medical Council (AMC), graduates undertake accredited internships at a number of Victorian and interstate hospitals. Following successful completion of their intern year, our graduates will be able to apply for entry to speciality training programs for a diverse range of medical careers.	Admission to the Doctor of Medicine is determined by a combination of grade point average (GPA) in an approved undergraduate degree, Graduate Australian Medical School Admissions Test (GAMSAT) score, eligible bonuses and interview performance.	

* The Doctor of Medicine is a semester-based course. Semester 1 runs from February to June; Semester 2 runs from July to November.
 # Visit deakin.edu.au/studymedicine for information on fees.

Majors* See page 39.	Depending on the majors you take and your choice of electives, you could be qualified to work in areas such as health promotion, health education, community health, family and community support, health marketing, health and sport public relations, health policy development, nutrition and research in health areas.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/H300	\$8589
Bachelor of Criminology/ Bachelor of Psychological Science D390 4 T1, T2, T3 Campus and ATAR: C 64.00 B 71.60 WF 61.20	This course offers an accredited undergraduate sequence in psychology and includes complementary studies in individual and group counselling, health and behavioural change.	Government agencies, state and federal police, security and intelligence agencies, research and policy development, correctional services, community services, and private security and consultative industries, as well as the many fields open to traditional psychology graduates.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/D390	\$7163

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Nursing/ Bachelor of Psychological Science D387 4 T1 Campus and ATAR: B 83.70 WF 72.20 WB NP	This combined degree prepares you to complete the requirements to embark on a nursing career while developing knowledge of human behaviour, including understanding human personality, behaviour, emotion, underlying mental processes and the factors that lead people to differ in the way they think and behave.	Mental health rehabilitation, youth work, careers counselling, community development and work/life counselling in addition to the many nursing roles in settings such as hospitals, homes, hospices, aged care, clinics, schools, universities, community health centres, government agencies and industries.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/D387	\$6978
Bachelor of Health Sciences/Bachelor of Arts D391 4 T1, T2, T3 Campus and ATAR: C NP B 60.70	Design your own course by combining subjects from a wide range of health and arts-related areas. You choose how to structure your course and could combine, for example, food studies with language and culture studies, or psychology for professional development with sociology – the choice is yours. Majors* See Bachelor of Health Sciences, page 39, and Bachelor of Arts, page 20.	The type of career options available to you will depend on the major sequences you take within your course. For example, health promotion, health education, media, health journalism, community health, policy, health marketing.	Y12 [#] VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). NY12 [^] deakin.edu.au/course/D391	\$7943

The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
 ø Recent secondary education applicants include current Year 12 and Year 12 graduates from 2017 and 2016.

^ There are three categories under which non-Year 12 applicants may apply to Deakin:
 – applicants with higher education study
 – applicants with vocational education
 – work and life experience
 Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.
 ø Melbourne Burwood Campus and Geelong Warrn Ponds Campus only.
 * Majors are not available at all campuses. Visit deakin.edu.au/courses for campus availability.
 NP means not published – less than five offers made to recent secondary education applicants.

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Biological Science S321 3 T1, T2 Campus and ATAR: B 66.30	Study life in all its forms, from microbes to plants and animals while learning about animal and plant biology, microbiology, genetics, molecular cell biology, biogeography and evolution. This course provides you with the knowledge and skills to tackle the biological challenges of the 21st century, mainly around the environment and climate change. An honours year is available for high-achieving students upon completion of this degree.	Leads you to a range of careers, including in wildlife biology, the general health and medical industry (hospital scientists, analytical and diagnostic laboratory scientists and research scientists), animal health, quarantine services, environmental consulting, museums, herbaria and the emerging biotechnology industries.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/S321	\$9113
Bachelor of Biomedical Science S323 3 T1, T2 Campus and ATAR: B 80.10 WP 74.50	Biomedical science covers the science underpinning medical applications, from basic biology to specific disease processes to provide you with a thorough understanding of human biology and health, with an emphasis on causes, diagnosis and treatment of disease at the molecular, cellular and system levels. An honours year is available for high-achieving students upon completion of this degree.	Medical research, genetic engineering, the pharmaceutical industry, pharmaceutical/medical sales and laboratory technology.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/S323	\$9101
Bachelor of Forensic Science S324 3 T1, T2 Campus and ATAR: WP 60.25	Study forensic science at Deakin and you'll get formal training across the full scope of modern forensic science, acquiring skills and authentic experiences from 'crime scene to court' by spending time in our unique crime scene training facility. Deakin is the first university in Australia, and the only university in the Asia-Pacific region, to offer a professionally accredited forensic science course. An honours year is available for high-achieving students upon completion of this degree.	Forensics, insurance investigation, risk analysis, research science, in government institutions and within chemical, food and pharmaceutical industries.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/S324	\$8727
Bachelor of Science S320 3 T1, T2 Campus and ATAR: B 66.95 WP 60.65	A flexible degree that allows you to explore a diverse range of science-related study areas and specialise in at least one area of interest as you progress through the course. An honours year is available for high-achieving students upon completion of this degree.	A science degree can lead to work in fields of agriculture, animal health, biotechnology, education, forensics, food technology, pharmaceuticals, the general health and medical industry.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/S320	\$9099

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Zoology and Animal Science S369 3 T1, T2 Campus and ATAR: WP 66.35	Develop a broad understanding of the current field of zoology, developing a range of practical and evidence-based decision-making skills. An honours year is available for high-achieving students upon completion of this degree.	Students with this degree may find career opportunities in a range of areas including zoological research, environmental monitoring and management, wildlife biology, private environmental consulting, government quarantine, research assistants, environmental managers, pest management officers, collection managers of aquaria and zoological gardens and with suitable teaching qualifications primary and secondary teachers. Further postgraduate studies including research training either in Australia or overseas, can also lead to students becoming research scientists in a specific field, museum curators or even a university academic.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/S369	\$8981
Bachelor of Arts/ Bachelor of Science D311 4 T1, T2, T3 ⁶ Campus and ATAR: B 60.15 WP 65.05	Combine arts and science studies in a variety of contemporary themes such as the body, the environment, science policy and practice, and others. You may combine majors such as public relations/chemistry, philosophy/mathematical modelling, sociology/human biology or environmental science/journalism.	Explore the relationships between various areas of study, combining them in innovative ways to prepare yourself for a career in areas like policy development and implementation to human services and in the various science fields.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/D311	\$7805
Bachelor of Commerce/ Bachelor of Science D321 4 T1, T2, T3 Campus and ATAR: B 81.05	Gain a specialised training in a scientific field, such as environmental science, natural history, chemistry and materials science, animal biology, plant biology, cell biology, human biology or mathematical modelling, while also developing your understanding of the commercial world, with specialisations including economics, accounting, management or information systems, for example.	Diverse career opportunities include quality assurance, occupational health and safety, research, planning, management or marketing; science-related industries, pharmaceutical production or pharmaceutical sales; biomedical science areas such as research or hospital and laboratory science; quality assurance in analytical and diagnostic laboratories; the food industry in quality control; environment and natural resources, fisheries resource management, aquaculture management, teaching, information technology, mathematics or science journalism.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/D321	\$10,045
Bachelor of Forensic Science/Bachelor of Criminology D329 4 T1, T2 Campus and ATAR: WP 65.25	Develop the skills and techniques essential to modern forensic science, including the examination and presentation of scientific evidence. The course also gives you practical, professional training and enables you to study critical analysis in the fields of policing, security, corrections, crime prevention and community safety, as well as various paralegal fields.	Forensic scientist, criminologist or related role, in both the public and private sector, including areas such as the forensic science industry, science-based industries, teaching, government agencies, state and federal police, ASIO, correctional services, community services, and private security industries.	Y12 ^H VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). NY12 ^A deakin.edu.au/course/D329	\$8405
Majors* See Bachelor of Forensic Science, page 50.				

Course	Overview	Careers	Entry requirements	Fees#
Bachelor of Science/ Bachelor of Laws D331 [5] T1, T2 Campus and ATAR: [B] 91.45	Enhance your understanding of the context in which the law operates. Combine studies in law with studies in science, such as animal biology, cell biology, chemistry and materials science, environmental science, human biology, mathematical modelling, natural history and plant biology.	A law degree, especially when combined with another degree such as Science, is a qualification that offers unequalled career opportunities. As an alternative to practising as a barrister or solicitor, you may choose to pursue a career in business and management roles in a wide range of organisations, government services, industrial relations, research, public administration, diplomatic service, the media, legal aid, law reform or teaching either in schools or universities. There is also an increasing need for lawyers who understand science and scientists who understand the law to work in specialist roles and to deal with complex, often intertwined scientific and legal issues.	[Y12] ^π VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 35 in English (EAL). [NY12] ^μ deakin.edu.au/course/D331	\$9857
Bachelor of Science/ Master of Teaching (Secondary)^μ D304 [4] T1	The combined course prepares graduates with the attributes, discipline-specific knowledge, professional behaviours and standards required to practice as a secondary school teacher in Australia, teaching from junior secondary to VCE levels.	As a Deakin teaching graduate, you may find employment as a secondary school teacher within the private or public education sectors. Opportunities also exist in government agencies, community services or not-for-profit organisations.	[Y12] ^π VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). [NY12] ^μ deakin.edu.au/course/D304	\$8979
Global Science and Technology Program^{π,‡} Campus and ATAR: [B] 80.00 [WP] 80.00	This scholarship program is designed to add an international experience to your degree, supporting you to develop new skills and a broader world view while studying overseas. Successful applicants will be offered a monetary scholarship to assist with travel costs and will be required to participate in the Deakin Global Citizenship Program.	The program can help you develop the skills needed to be successful in an increasingly global society and will help you gain independence, self-confidence and self-awareness; develop your skills and networking capabilities with international colleagues and friend whilst allowing you to experience, gain understanding and awareness of diverse cultures and backgrounds.	[Y12] ^π Applicants must meet the prerequisites for their specific science course preference. All applicants must also complete and submit the Global Science and Technology Program Supplementary Information Form (deakin.edu.au/sebe/global).	N/A

The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.

‡ Recent secondary education applicants include current Year 12 and Year 12 graduates from 2017 and 2016.

μ There are three categories under which non-Year 12 applicants may apply to Deakin: – applicants with higher education study – applicants with vocational education – work and life experience
Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.

* Majors are not available at all campuses. Visit deakin.edu.au/courses for campus availability.

π Available for high-achieving students with a minimum ATAR of 80.00. Applicants must also meet the published prerequisites for their specific course preference within the Faculty of Science, Engineering and Built Environment.

‡ Refer to specific course entry for campus and trimester intake options.

§ Melbourne Burwood Campus only.

μ Students are required to apply for a Working with Children Check before commencing school experience. From 2018, students applying to all initial teacher education courses will be required to also take a non-academic assessment. This is an online, video-scenario based situational judgement test, designed to measure non-academic suitability for teaching. Find out more at deakin.edu.au/teaching.

Bachelor of Business (Sport Management) M391 [3] T1, T2, T3 ^μ Campus and ATAR: [C] NP [B] 80.35	People working behind the scenes in sport are often just as important as the players on the pitches, courts and fields. Learn all about the business aspects of sport, including sport systems and organisations finance, promotion, management and law.	Sports including Australian rules football, basketball, cricket, tennis and golf, plus national and state sporting organisations all require professionally framed people to work for them. There is also a need for qualified people to manage facilities catering for sport at the local level through to those hosting national and international competitions.	[Y12] ^π VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). [NY12] ^μ deakin.edu.au/course/M391	\$10,045
Bachelor of Exercise and Sport Science H343 [3] T1, T2 Campus and ATAR: [B] 73.00 [WP] 61.80 Regional and remote entry scheme: [WP] RC	This field-leading degree applies knowledge and skills in exercise and sport science to improve the athlete, the team or the individual, through training, coaching and advice. Develop the necessary competencies to become professional leaders in exercise and sport science and allied fields, and have the opportunity to study the biological, sociological and behavioural bases of exercise and sport science.	Traditional roles in sport, exercise, coaching and fitness, as well as sports administration, facility management, community health and wellness, rehabilitation or health promotion. Potential employers include government agencies, professional sporting bodies, hospital and rehabilitation clinics, fitness and aquatic centres, health and recreation centres or large business organisations.	[Y12] ^π VCE units 3 and 4 – a study score of at least 30 in English (EAL) or 25 in English other than EAL. [NY12] ^μ deakin.edu.au/course/H343 This course attracts an elite athlete bonus on a sliding scale for those students defined as elite athletes. Elite athletes are defined in line with Deakin's membership of the Elite Athlete Friendly University (EAFU) network. For more information visit deakin.edu.au/life-at-deakin/why-study-at-deakin/elite-athlete-program . The Bachelor of Exercise and Sport Science at the Geelong Warrn Ponds Campus has a regional and remote entry scheme available through VTAC each year. This scheme is open to: current Year 12 students who are undertaking their final year of schooling at a regional or remote secondary school (as defined by the new ABS categories); current Year 12 students from schools in the Greater City of Geelong. Please note: The scheme is open to current Year 12 students only, applications via VTAC. Visit deakin.edu.au/health/regional-and-remote-entry-scheme for more information.	\$7550
Bachelor of Health and Physical Education[§] E377 [4] T1 Campus and ATAR: [B] RC [WP] RC	Working closely with school partners, we have developed the best learning experiences tailored to health and physical education to ensure you gain hands-on practical teaching experience.	Teacher within the private or public education sectors, as well as areas such as sports management, recreation and fitness, community and government agencies, professional coaching positions, as well as into private academies and agencies.	[Y12] ^π VCE units 1 and 2 of general mathematics or mathematical methods (CAS), or VCE units 3 and 4 of mathematics (any); and a study score of at least 25 in English other than EAL or 35 in English (EAL). [NY12] ^μ deakin.edu.au/course/E377 All students are required to sit a non-academic assessment. [§]	\$7270
Bachelor of Health Sciences H300 [3] T1, T2, T3 [†] Campus and ATAR: [C] NP [B] 60.70 [WP] 53.05 [WB] 52.80	The Bachelor of Health Sciences enables you to concentrate your studies on two specialised health-related areas while exploring complementary study areas that appeal to your interests and career aspirations.	Depending on the majors you take and your choice of electives, you could be qualified to work in areas such as health promotion, health education, community health, family and community support, health marketing, health and sport public relations, health policy development, nutrition and research in health areas.	[Y12] ^π VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). [NY12] ^μ deakin.edu.au/course/H300	\$8589

Bachelor of Arts/Master of Teaching (Secondary) [◊] D303 4 T1 Campus and ATAR: C [‡] RC B RC	<p>Mentor, guide and educate young adults with this joint qualification. Combine teaching and the arts, and go on valuable school placements to help you discover your interests as a future teacher.</p> <p>Majors* See Bachelor of Arts, page 18.</p>	<p>Teaching in Australian and overseas secondary schools, government departments, universities, the public service, TAFE and adult community education institutions, health and welfare organisations, as well as in private academies and agencies. Graduates also have the opportunity to work in arts-related areas, such as youth work, community development programs, government departments, teaching and university research.</p>	<p>Y12[‡] VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).</p> <p>NY12[^] deakin.edu.au/course/D303</p> <p>There is a two-step admissions process for the combined courses. To be eligible for the undergraduate component students must meet the minimum entry requirements for the Bachelor of Arts (A300). To proceed to the Master of Teaching (Secondary) students must earn a Weighted Average Mark (WAM) of 60 during their undergraduate studies. Additional requirements may apply.</p> <p>All students are required to sit a non-academic assessment.[◊]</p>	\$6486

◊ Students are required to apply for a Working with Children Check before commencing school experience. From 2018, students applying to all initial teacher education courses will be required to also take a non-academic assessment. This is an online, video-scenario based situational judgement test, designed to measure non-academic suitability for teaching. Find out more at deakin.edu.au/teaching.

The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.

‡ Recent secondary education applicants include current Year 12 and Year 12 graduates from 2017 and 2016.

^ There are three categories under which non-Year 12 applicants may apply to Deakin:
 – applicants with higher education study
 – applicants with vocational education
 – work and life experience
 Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.

* Majors are not available at all campuses. Visit deakin.edu.au/courses for campus availability.

† Cloud Campus students are required to attend compulsory intensives at Geelong Warrn Ponds Campus.

§ This course is also available at the Institute of Koorie Education. Find out more at deakin.edu.au/courses/ike.

∅ Trimester 3 intake is offered to Diploma of Early Childhood Education holders only. It is not available to international students.

≠ Trimester 3 at level 3 is a compulsory study period.

μ Not all majors and secondary teaching specialist areas are available at the Cloud Campus.

RC means admission is based on a range of criteria.

Key terms

Adjusted ATAR

The minimum ATAR that must be achieved to be considered for admission to a course or institution.

Associate degree

The associate degree structure provides flexible pathways into tertiary education, and can be used as a guaranteed pathway into a range of target degrees (as approved by Deakin). Completion of an associate degree may give you up to 18 months' credit towards one of these target degrees. deakin.edu.au/courses/entry-pathways/associate-degrees

Australian Tertiary Admission Rank (ATAR)

The ATAR is derived from the scaled scores achieved for senior secondary school subjects. The specific calculation used is different in each state and territory, but the result is designed to be nationally equivalent.

Adjustment factor

Often referred to previously as 'bonus points' these are additional points that may be used in combination with an applicant's Australian Tertiary Admission Rank (ATAR) to derive your course selection rank. Adjustments do not change your ATAR, but change your selection rank for a particular course or courses.

Bachelor's degree

Usually three or four years full time or equivalent part time. In some courses you may choose one or more majors in specialised areas. It is the minimum tertiary requirement for many professional careers.

Class

A presentation given by an academic to a large group of students on the subject area being studied. Traditionally known as a lecture.

Combined course

A combination of courses in complementary areas, studied simultaneously, which leads to two degrees, e.g. Bachelor of Arts/Bachelor of Laws. This means you complete two degrees in less time than it would take to complete them separately.

Commonwealth Supported Place (CSP)

A university place for which the government pays a proportion of the tuition costs.

Computer requirements

To fully engage with the Deakin learning experiences, students need to have access to and be able to use internet-connected devices. There are minimum computer standards required for your computer, connectivity and your computing capability for effective study at Deakin. deakin.edu.au/courses/how-to-apply/computing-requirements

Credit point

For each subject you successfully complete, you will receive the credit point value of that subject towards your studies. You must complete a specified number of credit points to obtain your degree. The number of credit points required varies for each course and is outlined online at deakin.edu.au/courses.

Credit for prior learning

Credit granted towards your Deakin course for relevant approved study, experience or work, satisfactorily completed at Deakin or elsewhere. There are two aspects to credit for prior learning:

- credit may be transferred to your Deakin program from completed or partly completed studies you have undertaken at other accredited institutions; and
- credit may be granted on the basis of knowledge and skills acquired through informal learning, e.g. in the workplace.

deakin.edu.au/courses/credit-for-prior-learning

DeakinSync

DeakinSync is your personalised digital study hub, where you connect with other students, learning and assessment experiences, teaching and support staff and potential employers. Access enrolled unit sites, enrolment details, study tools, your calendar. Visit deakin.edu.au/deakinsync for more information.

Defer

The approved postponement of study for a specified period prior to enrolment in a course. Most Deakin courses allow you to defer your studies for up to two years. deakin.edu.au/defer

Discipline

Also known as a study area. You can browse courses at Deakin by interest area, such as Environment, Business or Sport, and within each interest area you will find a wider range of disciplines, such as wildlife and conservation biology, commerce or exercise and sport science. deakin.edu.au

Direct entry

When applications can be made directly to a higher education provider rather than through a tertiary admissions centre.

Equity and diversity

Deakin values diversity and promotes inclusion. The Equity and Diversity Unit provides a range of programs and services to ensure all students have the opportunity to access university education and succeed in their studies and employment. deakin.edu.au/equity-diversity

Extra requirements

These are requirements that you must meet, in addition to minimum tertiary entrance requirements, to qualify for entry to a course. Information about extra requirements is listed in this guide from page 18, on the VTAC website (vtac.edu.au) and in Victorian Tertiary Entrance Requirements (VICTER) publications.

Faculty

An organisational division within a university; for example, the Faculty of Arts and Education is one of the four faculties at Deakin University. Within each faculty are several schools; for example, Deakin Law School is within the Faculty of Business and Law.

Grade Point Average (GPA)

A GPA is an internationally recognised numerical calculation used to find the average result of all grades received over a defined study period. The GPA can be used for a variety of purposes, including as selection criteria for admission to a program or for assessing academic progress over a set period for progress review purposes.

Key terms

Graduate entry

A course that requires prior completion of an undergraduate degree for entry. Deakin's Bachelor of Medicine/Bachelor of Surgery is a graduate-entry course.

Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP)

HECS-HELP is a government loan scheme to help eligible CSP students pay for tuition costs. Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold for repayment.

Honours

Honours is an additional year of specialised study, usually taken after you complete a bachelor's degree, or embedded as part of a bachelor's degree. Honours may provide you with a competitive edge in the job market or a pathway into a higher degree.

International Baccalaureate (IB)

The IB diploma is an internationally recognised, comprehensive two-year study program designed for university entrance. Australian tertiary admission centres convert IB scores to a notional ATAR or QTAC Selection Rank, enabling IB students to be ranked for tertiary entrance alongside their peers. Deakin accepts IB diploma graduates as having satisfied the requirements for university entry. www.ibo.org

Interest area

You can browse courses at Deakin by interest area, such as Sport, Business or Health. deakin.edu.au

Level

The year level at which units in your course are studied. Level 1 is equivalent to your first year of full-time study, level 2 is equivalent to your second year of full-time study, and so on. You can usually tell what level a unit is by looking at the first number in a unit's code.

Major

An approved group of at least 6 (and up to 8) credit points of related units, normally taken in sequence at each level of a course.

Minor

A minor is a group of related units in an area of study or academic discipline. Minors are shorter than majors and are usually four units long.

Non-Year 12 applicant

There are three categories under which non-Year 12 applicants may apply to Deakin.

- Higher education study – applicants whose highest level of study enrolment since leaving secondary education is a higher education course, whether at a university or non-university provider.
- Vocational education and training (VET) study – applicants whose highest level of study enrolment since leaving secondary education is a VET course.
- Work and life experience (includes less recent secondary results)– applicants who left secondary education more than two years previously and have not undertaken VET or higher education study since then.

Offer round/s

Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

Overall position

The overall position (OP) refers to a Queensland student's position in a state-wide tertiary entrance rank order based on their overall achievement in senior secondary subjects. It indicates how well a student has done compared to all other OP-eligible students in Queensland. Students are placed in one of 25 OP bands from OP1 (highest) to OP25 (lowest). Queensland students seeking admission to higher education in other states can have their OP converted to an ATAR. Interstate students looking to study in Queensland can have their ATAR converted to a Queensland Tertiary Admissions Centre (QTAC) Selection Rank. Queensland will adopt the ATAR instead of the OP for students who commence Year 11 in 2019 and beyond.

Pathway

Pathways provide alternative entry options for getting into a course at Deakin if you do not meet the requirements for entry. Pathways to Deakin courses can include options such as TAFE courses or starting your course at a different campus. deakin.edu.au/courses/entry-pathways

Personal statement

The personal statement is a form where university applicants can bring to the attention of selection officers any relevant factors or circumstances that cannot be included in the application itself. For example, motivation to study, work experience, community experience, academic performance, languages other than English.

The personal statement can be accessed online once you have registered with VTAC. You can only submit one statement – so you should address all your course preferences and provide details to support your application, such as relevant work experience and your reasons for applying. It is also important that you submit the form by the specified closing date at vtac.edu.au. If a personal statement is required or will be considered, it will be listed in the VTAC course detail online.

Postgraduate degree

A course of study usually beyond bachelor's level, including graduate certificate, graduate diploma, master's and research degree. In many cases, eligibility for entry to a postgraduate course requires you to have completed an undergraduate degree and/or have significant work experience.

Prerequisites

The VCE subjects or other requirements that applicants must complete to be eligible for selection into a course. Information about prerequisites is listed in this guide from page 18, on the VTAC website (vtac.edu.au) and in Victorian Tertiary Entrance Requirements (VICTER) publications.

Raw ATAR

The unadjusted ATAR of an applicant to which an offer of a place was made in the relevant year or year-to-date.

Recent secondary education applicant

Current Year 12 (2018) applicant and Year 12 graduates from 2017 and 2016.

Scholarships

Deakin offers a range of scholarships for commencing students that recognise and reward many accomplishments, from leadership skills to academic success, extracurricular achievements and commitment to study while experiencing personal hardship. deakin.edu.au/scholarships

Selection rank

The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person's course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the STAT, other supplementary tests, etc.

Semester

This is the method of organising some courses in Deakin's Faculty of Health and Faculty of Science, Engineering and Built Environment. Semester 1 runs from February to June; Semester 2 runs from July to November.

Seminar

A class where a small group of students discusses study materials and ideas with a member of teaching team.

Single unit (non-award) study

Single unit (non-award) study provides access to a wide variety of university-level units, without students having to study a full degree. Some units have prerequisites or special requirements but most are open to all potential students and on completion can lead to further pathway options. deakin.edu.au/courses/how-to-apply/single-unit

Special Entry Access Scheme (SEAS)

SEAS is an umbrella program of special entry schemes governed by VTAC, and conducted by participating tertiary institutions, including Deakin, that provides entry for the disadvantaged into undergraduate courses. vtac.edu.au and deakin.edu.au/access-equity

Special Tertiary Admissions Test (STAT)

STAT is a test developed by the Australian Council for Educational Research (ACER). The purpose of the STAT is to assess an individual's ability to analyse information and think critically. The STAT is compulsory for non-Year 12 applicants applying for entry into any of Deakin's undergraduate law programs.

Some non-Year 12 applicants will be exempt from sitting the STAT. If you are unsure whether or not you need to sit the STAT, email buslaw@deakin.edu.au.

For more information on non-Year 12 additional entry requirements, visit vtac.edu.au.

Student Amenities-Higher Education Loan Program (SA-HELP)

SA-HELP is a government loan scheme for eligible students to defer all or part of the Student Services and Amenities Fee.

Student Services and Amenities Fee

This is a fee higher education providers can charge for non-academic services and amenities, such as advocacy, sporting programs, legal advice and referral, health and welfare and disability support.

Study score

A score of 0–50 that shows how a VCE student performed in a particular subject compared with others in the same year. It is calculated from your results in assessments and examinations in that subject.

Trimester

This is the method of organising the teaching year. At Deakin there are three trimesters for most courses: Trimester 1 runs from March to June, Trimester 2 from July to October and Trimester 3 spans November to February.

Undergraduate degree

Usually the first degree you obtain in a given discipline area. For example, a Bachelor of Health Sciences. An undergraduate student is usually someone studying for their first degree in a given discipline.

Unit

A Deakin subject or unit is normally one trimester long and most have a value of 1 or 2 credit points.

Victorian Certificate of Education (VCE)

The VCE is a certificate that recognises the successful completion of Year 12 in Victoria. The VCE can provide a pathway to university studies, TAFE and employment.

Victorian Tertiary Admissions Centre (VTAC)

VTAC is the centralised admissions centre for most undergraduate university courses in Victoria. vtac.edu.au

Victorian Tertiary Entrance Requirements (VICTER)

A publication produced by VTAC for Year 10 students who are considering applying for tertiary study in the future, to help plan their pathway towards tertiary study. The VICTER 2021 Guide will be most applicable for students completing Year 10 in 2018.

Weighted Average Mark (WAM)

WAM is a calculation of all your relevant unit outcomes within a course. The WAM is weighted by taking into consideration the credit points of a unit and the result. Not all grades are used in the calculation of the WAM.

Year 12 applicant

Applicants with recent secondary education, including current Year 12 (2018) applicant and Year 12 graduates from 2017 and 2016.
