**Samanth Hepburn**

Was invited to be a member of the Victorian Marine and Coastal Councils (VMaCC) newly formed independent science Panel for the period 2019-2021. The purpose of the newly formed Science Panel is to provide independent, strategic, scientific advice to the VMaCC on emerging marine and coastal issues and knowledge gaps. The functions of the Science Panel are to:

- to provide scientific input about Victoria’s coastal and marine environment to the VMaCC,
- to assist them to advise the Minister for Energy, Environment and Climate Change;
- to provide advice to the VMaCC about priority coastal and marine issues requiring attention;
- as requested, to identify and inform the VMaCC about emerging issues and knowledge gaps relevant to Victoria’s coastal and marine environment; and
- to provide input and advice to the VMaCC on the preparation of the Marine and Coastal Policy and Strategy, and issue/theme-based reports and other VMaCC activities as requested.
