Message from the Chancellor

On behalf of the Deakin University community, my congratulations to you, your families, and to all who have worked so hard towards achieving the success we now celebrate with you.

Like you, I am a Deakin alumnus, and I believe you will find as I have, that your Deakin qualification will be a valuable asset as you explore the opportunities ahead of you. Your Deakin degree will empower you to search for new opportunities with the confidence you can contribute, with the knowledge you are ready, and the resilience that will enable you to overcome the inevitable challenges and unexpected setbacks.

Your graduation marks the completion of your current academic journey, but it also signals the start of a new phase of your lives and your careers. Deakin is proud to have played its part in providing the skilled graduates who will make meaningful contributions to the world, generating the ideas and enterprise necessary to face the global challenges of the 21st century.

Mr John Stanhope AM

Deakin graduates are the truest evidence of the quality of the Deakin experience; they are a continued inspiration to Council, to staff, to each other and to future graduates.

I encourage you to keep in touch with your University. Now over 50 years since our foundation, Deakin's alumni community exceeds 325,000 graduates, who will be an invaluable resource for you as you embark on this next stage of your career. I hope you will take advantage of and contribute to this extraordinary community who all began their professional lives at Deakin.

Congratulations and best wishes for the future.

Mr John Stanhope AM
Chancellor

Message from the Vice-Chancellor

My sincere congratulations on your graduation from Deakin University.

Today, alongside family, friends and peers, we acknowledge your efforts, your sacrifices, and your success, and we welcome you to the Deakin alumni community. We should never underestimate the importance of a university journey, and the serious achievement of a student's graduation.

I hope you have enjoyed your time at Deakin, met and collaborated with talented and passionate people, made friends, were challenged, formed new perspectives and knowledge, and developed new skills.

A Deakin education is known for being innovative and inclusive and we want you to take these qualities into the world. The years ahead will require an open, flexible mind that can respond to change, find and create opportunities, and imagine new ways of doing things and solving problems.

We look forward to seeing where your Deakin degree takes you – the education we provide leads to lives of purpose. However, your learning did not begin with our University, and it does not end with your graduation.

Professor Iain Martin

I encourage you to be independent, lifelong learners, who contribute to regional, national and international communities. Indeed, Deakin's fundamental role is to deliver outcomes that benefit society. We do this by exploring and developing powerful ideas that create impact well beyond the boundaries of our institution. You, our graduates, are a big part of that future impact – you are the best measure of our success.

Congratulations to each of you and to your families. I wish you well, and I hope that one day, your career journey brings you back to Deakin as continuing students, as colleagues, as mentors, as supporters and as friends.

Professor Iain Martin

Vice-Chancellor and President

Welcome to Deakin University Graduations

Welcome!

We would like to warmly welcome you to Deakin University's graduation ceremony. This program lists every student graduating, including those not in attendance and graduating in absentia. The graduation ceremony will run for approximately 90 minutes and ushers are available at the venue doors to provide information and assistance. All guests should be seated 15 minutes before the ceremony start time. Please ensure your mobile phone is switched off prior to entering the venue and that you familiarise yourself with the emergency evacuation procedures, located at the back of this program. We hope you enjoy the ceremony.

The Graduation Ceremony

'Kim barne barre Wadawurrung Dja' Welcome to Wadawurrung Country

Deakin University would like to acknowledge the Wadawurrung People, the traditional custodians of the land and the Wathaurong community where this graduation ceremony is taking place. We pay our respects for their continued care of the land and further extend that respect to elders past and present.

Order of Ceremony

Processional music heralds the arrival of the Academic Procession for the graduation ceremony.

At the commencement of this music, graduands and guests are asked to stand and remain standing for the National Anthem.

The Master of Ceremonies will open proceedings and the Chancellor (or representative) will deliver the opening address. The Vice-Chancellor (or representative) will then introduce the guest speaker who will deliver the occasional address.

The Chancellor (or representative) will then make a formal declaration conferring the awards of the University on the graduates, both present and *in absentia*, and will invite graduates to proceed to the stage according to the order published in the program.

A Faculty Executive Dean (or representative) will read out the names of graduates being presented to the Chancellor (or representative).

At the conclusion of the presentation of the graduates, a representative of the graduating students will deliver a brief response.

The Vice-Chancellor (or representative) will deliver the closing address. Following the closing address, there will be a musical performance.

At the conclusion of the ceremony guests are requested to stand while the stage party and graduates leave the hall.

Refreshments will then be served in the marquee in the John Hay Courtyard.

The University Mace

Maces were originally medieval weapons carried by bodyguards to kings and sergeants-at-arms. Much later, the mace became of ceremonial rather than practical significance and organisations such as civic corporations and universities adopted the mace as a symbol of the rule of legal authority.

The University's mace is displayed at meetings of the University Council and on such ceremonial occasions as conferring ceremonies. The bearer of the mace, in academic processions, 'guards' the Chancellor. Deakin's mace was presented to the University by Mr Donald Thomson, Sir Wilfred Brookes and Mr Norman Stephen (Alcoa Australia).

The Graduation Ceremony

The Academic Procession

In academic processions, the order of precedence on entry is from junior to most senior. The Chancellor, therefore, is the last member of the procession, followed by the mace-bearer. The Deakin Academic Procession and stage party usually consists of:

Academic Dress

Academic dress is an important reminder of the long history of universities in western civilisation. The three main elements of academic dress are the gown, the hood and the head-dress, which were all once articles of everyday outer dress. Both gowns and hoods, when in common use, were often lined and this lining was decorative, as well as practical. In medieval times, the higher the rank of the wearer, the more sumptuous the gown.

In universities there is still a difference in the apparel of scholars of various ranks reflecting the origins of the academic dress. Today's academic head-dress evolved from various hats and bonnets of earlier times. Deakin University's academic dress, like that of most Australian universities, derives from dress worn at the Universities of Oxford and Cambridge.

Deakin University Ceremonial Dress

Chancellor – a navy blue gown trimmed with gold bullion braid, sleeves trimmed with four gold ornaments and gold bullion braid around the bottom hem, a navy blue bonnet lined with gold satin, with gold braid and two gold metallic tassels.

Vice-Chancellor and President – a navy blue gown with five bars of gold bullion braid on the sleeves and a navy blue tudor bonnet identical to that of the Chancellor.

Deakin Distinguished Professor

Academic staff who have been awarded the title Deakin Distinguished Professor will wear academic regalia befitting their highest qualification as well as a Deakin Distinguished Professor stole which will be worn over the top of the gown.

Deakin University Academic Dress

Higher Doctorate – a red gown with gold silk front facings finishing at the front yoke line, sleeves fully lined with gold silk and turned back at the front seam, together with a red hood lined with gold silk and a red bonnet with gold tassels.

Doctor of Philosophy – a royal blue gown with red silk front facings finishing at the front yoke line, sleeves fully lined with red silk and turned back at the front seam, together with a royal blue hood lined with red silk and a royal blue bonnet with red tassels.

‘Driving Behaviour Prediction Using Physiological Data and Deep Learning.’

This study investigated driving behaviour prediction using physiological data and deep learning techniques. It examined how physiological responses and vehicle dynamics influence motion prediction. The results demonstrated that incorporating driver physiological data enhances prediction accuracy, supporting the development of safer driver assistance systems and autonomous vehicles.

‘Effect of Asthma on the Brain.’

This research investigated the lung-brain axis and mental health. It revealed that asthma altered the expression of mental health genes within the brain, and adversely affected the gut microbiome. Additionally, it revealed that asthma in early life is a risk factor for later mental health issues in women.

‘Non-Linear Synchrony Analysis for Team Performance Using Physiological Data.’

This thesis investigates the role of physiological signals, such as electroencephalogram and electrocardiogram, in evaluating team performance and dynamics. It employs advanced methods, including linear and nonlinear synchrony analyses. The findings highlight the significance of physiological synchrony in predicting task performance, providing a foundation for future research in this domain.

‘Development of Slow Releasing Nanozeolite Based Fertilisers for Crop Productivity.’

This research developed slow-release nanofertilisers using nanozeolites to improve nutrient delivery. Two synthesis methods were employed: a cost-effective chemical process and an eco-friendly approach using coal fly ash. The resulting nanofertilisers, tested on maize and tomato crops, showed enhanced growth, nutrient uptake, and yield. Nanozeolites offer controlled release, improving nutrient efficiency and supporting sustainable agriculture.

‘Mobile Health Data Visualisations Framework.’

This study developed a mobile data visualisation framework (Six-Dimensional Visualisation Framework, 6DVF) by examining user needs, mobile application reviews, and health domain requirements. It identified six essential dimensions for effective visualisations: targeted users, user needs, devices, data, design systems, and application visualisations. The framework, supported by a checklist, was evaluated and refined for improved design outcomes.

‘Youth Engagement in Public Health Responses to the Commercial and Political Determinants of the Climate Crisis.’

This research explores how youth in Australia understand the commercial and political determinants of the climate crisis and their views about the power and agency of youth to influence climate decision-making. This thesis provides recommendations and reflections about how the public health community can support youth as genuine political actors in decisions made about the climate crisis.

‘Dancing With My Multiple Bodies.’

This research investigated how the creation of a dance work using both live and digital forms has the capacity to reveal understandings about a queer feminine identity. Traversing dance improvisation, dance film, and a hybrid live digital choreographic practice, this work reimaged, reconceived, and re-presented the queer feminine body, celebrating the diversity of its multiple expressions.

‘Procedural Learning Across Development and the Role of White Matter.’

This thesis offers valuable insight into the neuro-structural mechanisms that subserve procedural learning in children with and without developmental coordination disorder – a neurodevelopmental condition that affects approximately 5–6% of school-aged children. It highlights the important role that white matter microstructure within the fronto-basal ganglia-cerebellar network plays in explaining individual differences in procedural learning.

‘The Association Between Type 2 Diabetes and Oral Cancer in the South Indian Population.’

This study explored the link between type 2 diabetes (T2D) and oral cancer in South India, finding that 29.2% of oral cancer patients had T2D. Key determinants included high blood sugar, tobacco use and hypertension. The role of IGF-1/IGFBP-3 in risk prediction remains unclear. Regular oral screening for diabetic patients is crucial for early cancer detection and improved outcomes.

‘An Examination of Citizen Journalism in Indonesian Television.’

This thesis is a case study examining citizen journalism practices in Indonesian television, arguing that these practices foster a more inclusive public sphere. Citizen journalists can become empowered storytellers and agents of change. However, their success is limited by interconnected barriers at individual, routine, organisational, extra-media, and social system levels, with the third being the most significant.

‘Examining Adolescent Social Inclusion to Reduce Educational Inequities.’

This research examined whether adolescent social inclusion could buffer the negative effect of vulnerability on school completion, to improve equity. The findings suggest social inclusion is beneficial for many young people, through amplifying advantage embedded in social networks. However, the educational benefits are lacking for those most disadvantaged.

‘The River Project – Towards an Eco-Aesthetic Film-Making Practice.’

This thesis comprises the making of durational films and the exploration of their production development. The practice undertaken in these films embraces time, duration, entanglement and uncertainty. This process prompted an eco-aesthetic approach that guides the creation of films in simpatoco with the ecosystems they explore.

‘Seaweed as a Natural Climate Solution.’

This thesis examines four potential ways seaweed could mitigate climate change: restoring wild forests, sinking seaweed for carbon dioxide sequestration, expanding sustainable aquaculture, and using seaweed products for emission abatement. This thesis finds seaweed restoration and aquaculture offer numerous co-benefits such as improving biodiversity while helping fight climate change.

‘Staging a Dramatic Revolution: Feminism, Neoliberalism, and Playwriting.’

This study explored the creation of new, Australian plays informed by feminist, cultural, sociological, and Brechtian theory. The investigation established a process for the blending of theory and practice in the making of Brechtian-inflected feminist plays. It also demonstrated how a revitalised socialist feminist drama could defamiliarise the neoliberal patriarchy in contemporary Australia.

‘Augmented Reality Enhanced Analytics to Measure Student Disengagement in Primary Students.’

This thesis developed and validated an Augmented Reality Enhanced Analytics (AREA) framework to measure student engagement using AR technology. It demonstrated AREA’s capability to provide near real-time insights into student disengagement measures, enabling teachers to effectively manage classrooms through an interactive AR dashboard. The research validated novel AR metrics against traditional engagement assessment methods.

‘Strengthening Health Equity in Local-Level Policies and Programs.’

This research advances our understanding of how local governments and community organisations can strengthen local health equity action. Stronger action is enabled by strong leadership and intersectoral partnerships grounded in equity values, and the integration of tools and frameworks that deliberately rebalance power in policy design and implementation to benefit communities facing unjust health inequities.

‘Self-Supervised Point Cloud Classification and Segmentation.’

This thesis explores self-supervised methods for 3D point cloud classification and segmentation, emphasising contrastive learning, reconstruction, and cross-modal approaches. Evaluations on medical and general 3D datasets indicate significant performance gains, highlighting contributions in multi-branch frameworks and dual-branch masked autoencoders for label-efficient 3D representation learning. The proposed solutions reduce labelling demands.

NIKERI Institute

Deakin University is proud to have the largest number of Aboriginal and Torres Strait Islander students of any Victorian university.

The National Indigenous Knowledges Education Research and Innovation (NIKERI) Institute commenced in 1991 and offers programs that are structured around off-campus community-based delivery, supported by on-campus intensive study blocks and complemented by local tutors in their home communities.

This approach to course delivery promotes access and equity for Indigenous Australian students. Students from all areas of the country – rural, remote and metropolitan, and across all age ranges, particularly mature age – are able to undertake studies without compromising their family and community obligations.

In November 2019, the Institute won the prestigious Dreamtime Education Award for 'Education Institute of the Year'.

Evacuation Assembly Points

Costa Hall, Geelong Waterfront Campus

Evacuation procedures

On the sounding of the alert tone:

Beep ... beep ...

- Stand by and wait for further instruction

On the sounding of the evac tone:

Woop ... Woop ... Evacuate Now

- Follow directions of fire warden
- evacuate all occupants
- proceed to the assembly area on instruction of the chief warden
- remain at the assembly area and report any missing persons or personal items.

Do not re-enter the building until the fire brigade declares it safe to do so.

疏散程序

当响起哔... 哔... 警报声时:

- 请准备就绪等候进一步指示

当响起呜... 呜... 撤离警报声时, 立即撤离:

- 遵从消防安全员指示
- 全体人员撤离
- 根据消防指挥指示前往集合点
- 停留在集合点, 报告缺失人员或个人物品

在消防人员宣布可安全进入建筑物之前, 不得进入。

निकासी प्रक्रियाएँ

चेतावनी की आवाज **बीप... बीप...** सुनाई देने पर:

- तैयार रहें और आगे के निर्देशों की प्रतीक्षा करें

निकासी की आवाज **वूप... वूप... Evacuate Now** सुनाई देने पर:

- फायर वार्डन के निर्देशों का पालन करें
- सभी मौजूद व्यक्तियों को बाहर निकालें
- मुख्य वार्डन के निर्देश पर सामूहिक स्थल की ओर जाएँ
- सामूहिक स्थल में खड़े रहें और किसी भी लापता व्यक्ति या निजी वस्तु के बारे में सूचित करें।

जब तक फायर ब्रिगेड भवन में प्रवेश करना सुरक्षित घोषित न करे, तब तक प्रवेश न करें।

THỦ TỤC DI TÀN

Khi nghe tiếng kêu báo động:

Bíp ... bip ...

- Chuẩn bị sẵn sàng và đợi để được hướng dẫn thêm

Khi nghe tiếng hụ báo động di tản:

Woop ... woop ... Di tản ngay bây giờ

- Làm theo lời hướng dẫn của giám thị hỏa hoạn
- Di tản tất cả mọi người
- Đi đến nơi tập hợp theo lời hướng dẫn của giám thị trường
- Lưu lại tại nơi tập hợp và báo cáo bất kỳ người nào không có mặt hoặc đồ đạc cá nhân bị thất lạc.

Đừng trở vào tòa nhà cho đến khi đội cứu hỏa tuyên bố là an toàn để trở vào.

PROSEDUR EVAKUASI

Jika terdengar nada peringatan:

Bip ... Bip ...

- Berdiri dan tunggu petunjuk selanjutnya

Jika terdengar nada tanda evakuasi:

Wup ... wup ... Evakuasi Sekarang

- Ikuti arahan petugas pemadam kebakaran.
- Evakuasi semua yang ada di dalam ruangan.
- Pergi ke lokasi berkumpul sesuai perintah kepala tim pemadam kebakaran.
- Jangan beranjak dari lokasi berkumpul, dan laporkan jika ada orang atau barang pribadi yang tertinggal.

Jangan kembali ke dalam gedung sebelum tim pemadam kebakaran memastikan kondisi sudah aman.

إجراءات الإخلاء

عند سماع صوت جرس التنبيه:

بييب ... بييب ...

- استعد وانتظر مزيداً من التعليمات

عند سماع صوت إنذار الإخلاء:

وووب ... وووب ... الإخلاء الآن

- اتبع إرشادات المُختص بالحرائق
- إخلاء جميع الموجودين
- انتقل إلى منطقة التجمع وفقاً لتعليمات الموظف المسؤول عن الإخلاء
- البقاء في منطقة التجمع، والإبلاغ عن أي شخص مفقود أو أغراض شخصية مفقودة.

لا تدخل المبنى مرة أخرى حتى يعلن مسئول الإطفاء أن الأوضاع آمنة للقيام بذلك.
