

School of Exercise and Nutrition Sciences

2019 - H718 Master of Dietetics Pre-requisite Units Checklist

All students must complete this form, including Deakin students

Student name and Deakin ID no. (if applicable)	Course Title and Code (Three year Bachelor degree in a relevant cognate area, <10 years old)	Name of University	Country where degree is completed	Date of completion of undergrad degree

Please write the unit codes AND unit titles in each box.

Unit outlines for non-Deakin units will need to be uploaded with your application.

Biochemistry content: Chemistry (0.25 EFTSL) followed by Biochemistry (0.25 EFTSL)		Human Physiology content: Human Biology (0.25 EFTSL) followed by Human Physiology (0.25 EFTSL)		Nutrition content Human nutrition (1.0 EFTSL)
Chemistry level 1 (eg. SLE133 Chemistry in Our World; SLE155 Chemistry for the Professional Sciences)	Biochemistry level 2 or higher (eg. SLE212 Biochemistry; SLE222 Biochemical Metabolism)	Human Biology level 1 (eg. HBS109 Human Structure and Function; HSN107 Physiology of Human Growth and Development; HSE102 Functional Human Anatomy; SLE111 Cells and Genes)	Human Physiology level 2 or higher (eg. HSE208 Integrated Human Physiology; HSN211 Nutritional Physiology, SLE211 Principles of Physiology, SLE221 Anatomy and Physiology)	Nutrition (units need to cover content relating to food science, nutrition principles, lifespan nutrition and diet and disease (eg. HSN101 Foundations of Food, Nutrition and Health (post 2014); HSN201 Principles of Nutrition (2014 and prior); HSN104 The Science of Food; HSN202 Lifespan Nutrition; HSN301 Diet and Disease)

EFTSL = Equivalent full time student load. At Deakin, a full time load is 8 credit points per year. So 0.25EFTSL is 2 credit points (or 2 single credit point units). Please check the EFTSL loading of units at the institution at which you completed your undergraduate degree to ensure you meet the prerequisite EFTSL load
