Wayfinding zones

The campus is divided into colour-coded and numbered zones to help you find the right neighbourhood on campus, before locating a building and then room. These zones are also recognised on the navigational signage around campus, and the entry doors of buildings.

Room numbers

Room numbers at Deakin University comprise the building letter or letters; the level (starting at 1 for ground level); the primary room number; and a secondary room number, for rooms that are accessed via another room.

For example, JC3.100 indicates Building JC, level 3, room 100.
