DeakInspire 2019

After a great response from attendees in 2018, we are excited to share with you the 2019 DeakInspire event.

DeakInspire will help students tap into their potential and shape a better tomorrow. Hear incredible speakers on their lives and careers. Students will get hands-on in workshops that give them a taste of uni and future careers.

DeakInspire is designed for Year 10, 11 and 12 students who want to explore their future direction. We've also included a program specifically for parents to understand the tools and support students might need as they transition from school to university.

We've structured the day to encompass key areas to explore:

- hear innovative, entrepreneurial and creative stories from Deakin students, alumni and academics
- students can choose and attend two interactive workshops from a range of different faculty and university areas
- parents will have a specific program of workshops about helping guide their children as they navigate the path to university.

- DeakInspire will take place during Term 2 school holidays on the following dates:
 - Geelong Waurin Ponds Campus: Tuesday 2 July 2019
 - Melbourne Burwood Campus: Thursday 4 July 2019
- Take a sneak peek – [watch this video](#) to see what the day is all about.

Here is what attendees said about DeakInspire in 2018:

'People were so friendly and what they spoke about made me want to come to Deakin even more than before.'

'It was very informative and engaging – exactly what I needed to help me with my decision.'

'The workshops were excellent and the MCs and guest speakers were fantastic; extremely relevant and motivating.'

Power of Engineering

Did you know engineering has the power to change the world?

The Power of Engineering event is a fully funded, one-day program for female students in Years 9 and 10. The event will show young women that 'everything is possible' in their career, by giving them the chance to experience first-hand what an engineering career would be like.

Featuring practical workshops in world-class engineering labs, the girls will get to try their hand at various engineering exercises and be inspired by successful women currently working in the engineering profession.

Peer Support Network (PSN)

The PSN Program assists new, first-year students with their transition into university, both socially and academically, whilst exploring key information about studying at Deakin. The program is completely free and provides a supportive environment where mentors can share their experiences with new students.

The students meet with their mentors on a weekly basis to discuss topics including life at university, academic support, how to get involved on campus and make the most of their time at university. The weekly meetings provide an opportunity for the students to maximise their opportunity for academic success while establishing social and professional networks.

For more information, please visit: deakin.edu.au/students/faculties/sebe/peer-support-network

Step on Campus

Step on Campus is a school holiday program that encourages prospective students to visit Deakin University during Term 1 and Term 3 school holidays. Students and their families are offered a 45-minute tour by a current Deakin student to allow them to explore university life, find out more about their study areas of interest and gain a feel for their chosen campus.

The event will be held at all four Deakin campuses: Melbourne Burwood, Geelong Waurm Ponds, Geelong Waterfront and Warrnambool. The event continues to provide an additional platform for prospective students to engage with the University. Step on Campus delivers a positive university experience outside of major events such as Open Days and DeakInspire.

September event dates
