## Your future in law

### Learn at a top-ranked law school

When you study at Deakin Law School (DLS), you'll be joining the ranks of our high-performing students to attend one of Victoria's top law schools. Ranked among the top five law schools nationally,<sup>1</sup> DLS is also one of 31 law schools in Australia that has received CALD certification.<sup>2</sup> These rankings are based on several criteria, including:

- research
- teaching
- employability
- facilities
- internationalisation
- engagement.

<sup>1</sup> Academic Rankings of World Universities (ARWU) ranking by subject (2021).  
<sup>2</sup> Council of Australian Law Deans (CALD) (2020).

### Gain real-world expertise from industry connections

Our DLS Dean, Professor Jenni Lightowlers, is both the Dean of Deakin Law School and a founding partner of a law firm. You'll benefit from her extensive practical experience and a network of well-established connections within the legal sector. Over the years, DLS has also developed strong industry relationships that have informed how our courses are developed, and will allow our students to graduate job-ready and thrive in their legal careers.

'The academic and research work DLS produces is amazing and we're reinforcing strong links into real-world professions for our graduates. A Deakin law graduate should be equipped for any job that uses the analytical, smart, technology-savvy, global skill set they've acquired.'

# Your future in law

## Hands-on learning that's second to none

Our law programs are unique in their experiential learning, which means you get to work with real clients, take part in a legal internship or volunteer opportunity, and can study abroad over the course of your degree.<sup>1</sup>

Lawyers are increasingly required to offer clients practical, commercial advice (in addition to pure legal advice), so the skills you'll learn through these experiences will help you graduate job ready.

## Help real clients through Deakin Law Clinic

Deakin Law Clinic is a community legal service offering free legal advice and assistance to people experiencing disadvantage in their access to justice, or whose matters are conducted in the public interest.

You'll interview real clients under the supervision of qualified legal practitioners, conduct research on legal issues and offer advice where appropriate. You'll also have the opportunity to attend court proceedings. This professional work experience gives you the opportunity to build the legal skills that underpin your academic training, including analysing complex legal problems and developing critical skills for a career in the law.

## Pursue a Legal Internship program

Take up an internship placement at a law firm, legal aid provider or government office for credit as part of your Deakin Law School experience. You'll develop the practical legal skills and real-world experience that employers look for in a competitive employment market. This professional work experience gives you the opportunity to enrich your legal education and theoretical knowledge, preparing you for employment in the industry.

## Gain international experience

Connect with the world through an exchange program, study abroad or volunteer on a placement that lets you study overseas for a few weeks, a trimester or even a year as part of your Deakin degree.<sup>1</sup>

Studying overseas helps you prepare for the global employment market, develop interpersonal and academic skills, and learn another language while travelling and having fun.

In 2021 students participated in a Virtual Global Work Integrated Learning Program, offering the opportunity to gain international consultancy experiences remotely. Working in teams, students collaborated with a range of cross-sector host organisations from countries including China, India and Malaysia, developing solutions to challenging problems while enhancing their own professional experience and intercultural fluency to get ahead in the employment market.

Deakin Law School students also participated in the Alfred Deakin International Commercial Arbitration (ICA) Moot, an online event featuring some of Australia's top practitioners. With 44 teams of law students, representing 33 institutions from 12 countries (including Nepal, Vietnam, Tanzania and Brazil), the moot provided an opportunity for invaluable international networking and practical experience.

## Benefits of Deakin Law Students' Society membership

The Deakin Law Students' Society (DLSS) is the peak representative body for all Deakin law students across Burwood and Geelong, assisting more than 500 student members with their educational, career, social and wellbeing needs.

Throughout the year, DLSS members can attend a variety of events, from social gatherings like the prestigious law ball, through to career-based opportunities, such as moot courts and training seminars.

## Vis Moot international experience

The Vis Moot and the Vis (East) Moot are part of a mock-arbitration competition run annually in Vienna and Hong Kong. Deakin Law School is one of only a few law schools to have participated in both competitions every year since their inception.

During the competition, students:

- research two areas of international commercial law (international commercial arbitration and the international sale of goods) in detail and then apply the law to a hypothetical case
- prepare two sets of written legal arguments (one for each side in the dispute)
- prepare for the oral rounds in Hong Kong and Vienna – competing against law schools from around the world.

By taking part in a Vis Moot, not only will you earn a credit point in International Litigation and Dispute Settlement, but you'll also be involved in one of the most highly regarded competitions in the profession, which is great for your future career.

Deakin Law School has a strong track record of success at the Vis Moot. It is one of only four universities worldwide to win the Vienna rounds twice (in 1999 and 2014), was a grand finalist in Hong Kong twice, and in 2017 held the number one place, out of 125 participating teams, in the general Hong Kong rounds.

'To have a lecturer come from court proceedings to teach a class is unique and amazing. The focus on practical learning is also great; my studies have been about the real world.'
