

Finding Aid for Geelong Real Estate Posters

Collection Summary

Title:	Geelong Real Estate Posters
Date Range:	1880 – 1969
Call Number:	ADPML SPMAP 333.337099452 Gre/Pos
Extent:	281 posters
Location:	Special Collections, Deakin University Library Geelong Waterfront Campus

Scope and Content Note

The collection contains posters relating to the subdivision and sale of land in the Geelong and western region of Victoria, specifically:

- Advertisements for sale of land subdivisions (262)
- Maps and plans of subdivisions (17)
- Advertisement (1)
- Ratepayers notice for Geelong City Council elections (1)

The geographic scope is the western region of Victoria, extending from Werribee, located on Melbourne's outer western fringe, through to Lismore and Carranballac, in Victoria's South West, plus one map near Stawell in the Grampians Region. The majority of the posters are from Geelong and surrounding suburbs including the Bellarine Peninsula.

Access

Available for use within the Alfred Deakin Prime Ministerial Library Reading Room, Geelong Waterfront Campus, Deakin University.

Provenance

The posters were donated by the Geelong Historical Records Centre in 1992.

Arrangement

The title given for each item is the main title on the poster itself, and where no clear title was evident a suitable description has been created.

The posters have been arranged by location using the town or suburb name shown on the poster. Where no place name is provided, the closest possible place has been chosen, based on current (2012) geographical information. Where suburb names have changed since posters were produced, the current place name is provided in additional notes. Some cross-referencing between two place names may be required and directions for alternative place names are provided under each group.

Other information contained within additional notes includes names of former land owners in the case of deceased estates, and alternative place names.

Summary of Posters

The following table represents the number of posters by location, and the page number on which a summary of the poster details can be found.

Location	Number of posters	Page number
Aireys Inlet	1	5
Anakie	1	5
