*Note: The indicative course fee for this course relates to students studying full time at the Deakin University Warrnambool Campus. Students considering enrolling in the concurrent program offered through our TAFE partners, should seek advice from Deakin on the Associate Degree component of the fees and charges and TAFE for the diploma fees and charges.*

*For more information on the Associate Degree of Arts Business and Sciences visit the Deakin at your doorstep website.*

**COURSE OVERVIEW**
The Deakin Associate Degree of Arts, Business and Sciences is a two year, full time (and part-time equivalent), 16 credit point program specifically designed for students who would benefit from a supported entry to tertiary study. The course provides flexible pathways into university and a guaranteed pathway into a range of Deakin degrees at the Warrnambool Campus or via off campus study. The Associate Degree may also be taken as a stand-alone, two year exit qualification.

The Deakin Associate Degree course seeks to:

- introduce students to the foundations of several disciplines (depending on student choice of study area)
- assist the development of learning skills necessary to be successful in a university environment
- facilitate the development of generic employment related skills relevant to a range of employment contexts
- provide support in order to ensure students make a successful transition to university study
- enable articulation into a Deakin degree if desired
- maximise the opportunities for rural and isolated students to access tertiary education

**ARTICULATION**
Students who successfully complete the Associate Degree are guaranteed entry* into one of the undergraduate degrees listed in the table below (this course entry under Target Awards and Degree Faculties) at Warrnambool Campus or off-campus. Students will be eligible for credit for prior learning for any of the electives they have completed that are course-grouped to the target degree.

*Please note that students wishing to articulate into the Bachelor of Education (Primary) must also undertake a STAT Test to ensure that they meet the numeracy standards specified by the Victorian Institute of Teaching.*
FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

DETAILED COURSE RULES

1. Course offered at the Warrnambool Campus
To qualify for the Associate Degree of Arts, Business and Sciences, students will be required to complete a minimum of 16 credit points, comprising the prescribed core units and elective units available at the Warrnambool Campus.

Students must successfully complete:

1. Four credit points of core units in year 1, Trimester 1 and Trimester 2
2. Four credit points of elective units in year 1 (chosen from an approved selection of units offered at the Warrnambool Campus)
3. At least four credit points at level one from their target degree, and
4. No more than four credit points at level two from their target degree

* students not intending to continue in a bachelor degree are recommended to take a 2 credit point Work Placement unit in the final trimester as part of the 4 credit points.

Students may complete the award by undertaking all level one units across the two years.

Students who wish to qualify for a tagged award (see table below under Target Awards and Degree Faculties) will be required to complete at least 8 units from their target degree (at unit level one or two) in year two of the course. Students undertaking the Work Placement unit in a related discipline area may also qualify for a tagged award.

All students who anticipate articulation to a target degree will be advised to select elective units from their chosen target degree in order to comply with the appropriate course rules for that degree. Students must seek course advice prior to making this selection to ensure correct unit choice and pathway options.

Credit for Prior Learning:
The University aims to provide students with as much credit as possible for approved prior study or informal learning which exceeds the normal entrance requirements for the course and is within the constraints of the course regulations. Students are required to complete a minimum of one-third of the course at Deakin University, or four credit points, whichever is the greater. In the case of certificates, including graduate certificates, a minimum of two credit points within the course must be completed at Deakin.

You can also refer to the Credit for Prior Learning System which outlines the credit that may be granted towards a Deakin University degree.

2. Course offered in conjunction with a TAFE partner
The program offered with our TAFE partners requires students to enrol concurrently in the Associate Degree course and a relevant TAFE qualification (Diploma or Advanced Diploma). Deakin University will grant credit from these selected TAFE qualifications into the Associate Degree. Students who complete this pathway will be eligible to receive two awards – the Diploma or Advanced Diploma from the TAFE where they are enrolled and the Associate Degree through Deakin.
To qualify for the Associate Degree in Arts, Business and Sciences, students will be required to complete a minimum of 16 credit points, comprising the prescribed core units, Deakin units and a designated TAFE award.

Students must successfully complete:

1. Four credit points of core units in year 1, Trimester 1 and Trimester 2
2. A minimum of one and maximum of four credit points in year 2 from an approved selection of units. The number depends on the TAFE diploma being undertaken as they have differing credit arrangements.
3. The remaining credit points (of the total 16) are deemed to be the equivalent of the TAFE Diploma and credited to the Associate Degree.

Students may complete the award by undertaking all level one units across the two years.

Students who wish to qualify for a tagged award (see table below under Target Awards and Degree Faculties) will be required to have at least 8 credit points from their target degree (at unit level one or two) by the end of the course.

All students who anticipate articulation to a target degree will be advised to select elective units from their chosen target degree in order to comply with the appropriate course rules for that degree. Students must seek course advice prior to making this selection to ensure correct unit choice and pathway options.

Diploma of Language

Award granted  Diploma of Language
Campus  Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus, Off campus
Duration  3 years part time
Deakin course code  A225

COURSE OVERVIEW
The Diploma of Language will be of interest to students for whom a systematic study of language is desirable in addition to their primary course of study. As language units must be studied sequentially the award will be completed part-time in up to three years, with students taking one language unit per trimester.

In-country options
The option exists to undertake second or third year units in-country over trimester 3. The six week programs are held in Damascus (Syria) (Arabic), China (Chinese) and Indonesia or Malaysia (Indonesian). In addition to giving students language skills, participation in the program is a unique opportunity to practice the language with native speakers in its natural environment while studying it formally in a more structured classroom context. Since the in-country units are equivalent to one trimester or one year, they could potentially shorten the completion time of the Diploma.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the award of Diploma of Language, a student must successfully complete 8 credit points from the specified list of units below.

**Italian – unit set code MJ-A000056**

Italian Stream
The Italian major sequence is run by the University of South Australia (UniSA) but is available to Deakin Students (dependent upon the Deakin course in which they are enrolled). Classes will be held on the Melbourne Burwood Campus with access to materials through UniSA. Following successful completion, these units will be credited towards the Deakin course. Please note that Students’ results from cross-institutional enrolment at other institutions will be recorded on their Deakin University academic records as EP (External Pass) or N (Fail).

In order to facilitate your enrolment at UniSA and access to UniSA systems and course materials, Deakin University will provide UniSA with your title, family name, given names, gender, date of birth, previous name (if applicable), postal address, telephone numbers, email address and whether you are a Commonwealth supported, domestic fee paying or international fee paying student.

The study of Italian provides an insight into a society which has been at the forefront of European culture for the past 2000 years.
UNESCO estimates that Italy holds 80% of the artistic heritage of Europe, and 40% of the world. It is also a member of the G8 group of most industrialised nations in the world and Italian is one of the official languages of the European Union. Studying a language is highly recommended, for students who are interested in pursuing a career in international relations, social sciences, education, business, tourism, health or human services.

The Italian major sequence provides students with the opportunity to become a confident user of the language, while learning about Italy, its people and its culture.

The units reflect a graded sequence of proficiency levels, and students have the choice of two strands according to their previous knowledge and experience in the language.

Italian major sequence for beginners:

**Level 1**

**Trimester 1**
AIT121 Italian 1A (B)

**Trimester 2**
AIT122 Italian 1B (B)

**Trimester 3**

Trimester 2
AIT322  Italian 3B (B)

Level 4

Trimester 1
AIT421  Italian 4A (B)

Trimester 2
AIT422  Italian 4B (B)

Students who enter at the intermediate level can complete their 8 credit point major sequence with the addition of two extra units undertaken concurrently with Italian 4A and Italian 4B.

Trimester 1
AIT333  Italy Close-Up: Cinematic Identities and Cultures (B)

Trimester 2
AIT334  Italian Research Project (B)

* In-country study

Students undertaking the Italian major are encouraged to study abroad during trimester 3. Intensive in-country units provide opportunities for students to increase their level of linguistic proficiency and cultural understanding. Students who successfully complete AIT223 Italian in-country receive 2 credit points towards the major sequence.

It is possible, in consultation with the Unit Chair, for students who have completed AIT 122 Italian 1B plus AIT223 Italian in-country to enrol in AIT321 in the following year. Similarly, students who have completed AIT 222 Italian 2B plus AIT223 Italian in-country to enrol in AIT421 in the following year. This is an excellent way of accelerating completion of the major.
Bachelor of Arts

Award granted Bachelor of Arts
Campus Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus, Warrnambool Campus, Off campus
Duration 3 years full-time or part-time equivalent
CRICOS course code 012762C
Deakin course code A300

COURSE OVERVIEW
As a Deakin Arts graduate you will develop some of the most important skills a student can gain at university. You will become expert at managing knowledge and communicating information and develop skills of critical analysis and systematic thinking.

The Bachelor of Arts provides the opportunity to develop an imaginative understanding and appreciation of the theory and practice of the social sciences, humanities and arts. It will also give you: an enhanced cultural sensitivity; skills and knowledge relevant to employment in the modern workforce; and an understanding of information technology tools and systems used in learning and employment.

The degree is structured in a way that offers maximum flexibility. It gives you the opportunities to pursue your own interests and design courses of study that suit your needs. You may study particular areas in-depth or undertake a wide range of units.

You are required to complete at least one major sequence chosen from a variety of study areas including performing and creative arts, languages, history, media and communication, psychology, and sociology. Up to one-third of the course may be taken outside the Faculty of Arts and Education, providing even greater possibilities for interesting course combinations.

STRUCTURING THE COURSE
In general, students who do not enter with credit for prior learning are advised to complete a variety of level 1 units and proceed to level 2 units after developing a range of study and research skills.

In some cases, where students have obtained above-average results in their level 1 units and are keen to pursue a particular major sequence, it may be possible to enrol in the next level of a particular major sequence prior to completion of 8 credit points at level 1.

TRANSITION TO UNIVERSITY STUDY
The faculty offers two units ASC160 Introduction to University Study and ALW117 Writing for Professional Practice, that are specifically designed to ease the transition into university study. New students are encouraged to enrol in one or both of these units in their first year.

PREREQUISITES
Since several disciplinary studies are cumulative, in that knowledge, technical competencies, and, study and research skills develop across units, there are prerequisites that direct students to take some units before others. Students must seek advice from a course adviser before enrolling in units for which they do not have prerequisite or recommended units.

MULTI-LEVEL OFFERINGS
A number of units within the course are offered at more than one level, with appropriate adjustments to assessment requirements. Students who pass a unit at a particular level cannot enrol in the same unit at another level. For example, ASS205/ASS305 Anthropology of Poverty and Development is offered at levels 2 and 3. If students pass this unit at level 2, then they cannot enrol in it again at level 3.
ASSESSMENT
Assessment within the award of Bachelor of Arts varies from written assignments and examination to practical and technical exercises and performance. In some units assessment may also include class participation, online exercises, workshop exercises, and tests.

CROSS-INSTITUTIONAL ARRANGEMENTS
Continuing Deakin students may apply to study units offered by another Australian tertiary institution and have them credited to their Deakin University degree. Further information is available from Arts and Education Student Support and Enrolment Enquiries.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the Bachelor of Arts a student must complete 24 credit points of study including:

• an approved Arts major sequence of at least 8 credit points from the campus at which you are enrolled
• no more than 8 credit points taken outside the course-grouped units for the BA (in effect this means that up to 8 credit points may be taken outside the recognised Faculty of Arts and Education major sequences)
• no more than 10 credit points at level 1
• at least 14 credit points at level 2 or above
• 4 credit points at level 3

DETAILS OF MAJOR SEQUENCES

Animation – unit set code MJ-AU00011
The Animation major sequence offers the opportunity to develop a moving image, graphic and animation practice within the expanding digital domain. Students will explore digital animation production and publication options that include web, CD and DVD publication possibilities, and develop the skills to work with and manage such technologies effectively. Students are encouraged to develop skills in all aspects and types of animation production and learn to write and think analytically about such creative work.

On completion of the Animation major sequence students should have the following skills:

- an ability to implement and manage all stages of production of a professional digital animation project.
- an ability to develop a unique production path for a digital project for a variety of publication platforms.
- an ability to think and write effectively about innovative moving image animation work and digital culture.
- an ability to use advanced digital image production technologies.
- an ability to work in collaborative and team settings on graphic moving image tasks.
- an ability to work efficiently to deadlines in an industrial setting.

Arabic – unit set code MJ-A000029

The Arab countries of the Middle East and North Africa form an area of critical global importance having broad strategic, economic, religious and cultural influence. The Middle East comprises the fourth largest trading block among Australia’s overseas trading partners, with the total value of Australia’s trade with the Middle East more than doubling in the last decade.

The major sequence provides for the development of communication skills in modern standard Arabic and language fluency is enhanced through contextual knowledge of Middle Eastern history, culture and society. Students taking Arabic are encouraged to take complementary units in the relevant area studies in order to obtain sound background knowledge of the cultural, geopolitical and historical issues relevant to the regions where Arabic is spoken.

The following units complement the Arabic major sequence:

AIE153 Introduction to the Middle East (B, G, X)
AIE154 The Modern Middle East (B, G, X)
AIE255 Middle East Politics (B, G, X)

In-country study

Competitive in-country scholarships are available to assist students in study in the Middle East. For further information please contact the experiential learning officer on telephone 03 5227 2693.

Students undertaking the Arabic major or the Language and Culture Studies major (referred to later) are encouraged to study abroad during the trimester 3. Intensive in-country units provide opportunities for students to increase their level of linguistic proficiency and cultural understanding. Deakin has well-established links with a number of institutions in Syria, Jordan, Oman and Tunisia. These relationships form an important feature of the Arabic program.

In-country units are offered at both second and third-level levels, and students who successfully complete these units will receive 2 credit points towards the major sequence.

It is possible, therefore, for students to complete the major sequence in two levels. This is an excellent way of accelerating completion of the major. Not only is the in-country experience a unique part of the language study, the fact that students will have completed the major in tow levels gives them flexibility in the third level to take additional units.

The Arabic major sequence is offered at two levels; beginner’s level (little or no prior knowledge of the language) and post-level 12 Arabic.

On successful completion of the Arabic major sequence, students should have the following skills:

- an ability to read, comprehend and respond correctly in writing in Arabic
- an ability to listen, comprehend and communicate orally with correct grammar, pronunciation and intonation in Arabic
- an ability to understand oral interpreting and written translation tasks, from English into Arabic and vice versa, at an advanced level (post-level 12 level)
- an ability to use the language to research an understand various cultural practices in the Arab world.

Criminology – unit set code MJ-A000045
Criminology is an interdisciplinary field that draws upon law, sociology, history, psychology and other disciplines to address the substantive issues of crime, security, policing, and punishment. Criminology is also concerned with the social processes that shape criminalisation, control and security; the institutions of criminal justice; and the various theories used to explain crime, criminalisation and criminal justice practices. In this way criminology combines critical theory with an applied focus on the analysis of the policies, the practices of criminal justice professions, and other participants (for instance victims), and the shifting role of the state in the government of crime. Major issues addressed include the principles and practices of the criminal justice system, historical and contemporary shifts in the nature, organisation and practices of policing at local, state, national and transnational levels, the impact of and responses to terrorism and transnational crime, how deviant identities are formed and regulated, the role of law in the control of behaviour, and different practices for conducting criminological research.

On successful completion of the Criminology major sequence, students should have the following skills:

- an understanding of the key theoretical traditions and debates within criminology
- an ability to analyse key theoretical debates
- an ability to apply theoretical knowledge to the substantive issues of crime, criminal justice, deviance, security and policing
- an ability to analyse contemporary issues of terrorism, transnational crime drugs and policing in a theoretical informed manner
- the capacity to identify the appropriateness, strengths and weaknesses of the different research methods applied to the study of a specific criminological issue
- an ability to present criminological ideas and analyses before fellow students
- knowledge of the range of sources of criminological ideas information, including electronic information from government and non-government sources.

**Trimester 2**
- MLP103 Police and the Law (G, X)

**Dance – unit set code MJ-A000025**

Each unit within the Dance major sequence develops practical skills in contemporary technique and choreography and interrelates this learning with theoretical studies in dance history, analysis and aesthetics. There is an ongoing development of technique, craft, and theory over the three level levels, with class material becoming increasingly specialised and challenging as students progress. Skills in oral and written communication, personal and group management, reflection and decision-making are developed over the three level levels in tandem with the development of physical, compositional and research skills. This learning intensifies at level 3 with production and research project units which not only place students’ work in a public and professional context, but also focus on the development of specialised skills in the associated technical, production, marketing and administration areas.

On successful completion of the dance major sequence, students should have the following discipline-specific skills:

- an ability to demonstrate high-level contemporary dance technique
- an ability to demonstrate well-developed independent choreographic practice
- an ability to think and write analytically about dance and its values
- an ability to manage artistic and technical aspects of dance promotion
- an ability to learn and apply safe dance practices for maintenance of physical and personal wellbeing

**Note:** Enrolment in level 1 dance units is subject to audition (special requirement). For further details please contact Arts Student Support at the Melbourne Burwood Campus, Tel 03 9244 3909/3910 or email artsedstudentsupport@deakin.edu.au

Film Studies – unit set code MJ-A000046.2

The Film Studies major sequence aims to develop students’ creative and critical thinking while providing a practical and theoretical grounding in the production and application of film, video and television. The sequence puts these media in the historical and social context of the institutions, technologies and artistic and personal forces from which they have emerged.

In level 1, students learn formal and theoretical concepts through analysis of case studies and a series of projects which demand individual input, team collaboration, as well as recording, filming, direction, and post-production techniques. Collaborative skills are extended in level 2 through investigation of team management, narrative, representation, editing, and audiences, as well as the relationship between the actor, director, producer and exhibitor.

Students also undertake case studies in genre and the creative practices and aesthetic approaches of significant practitioners or movements. The final level provides opportunities for students to develop unique and individual creative practices through units including Documentary Production Practice which explores the use of actuality in narrative, as well as the Independent Production Practice, which explores non-representational, contemplative and oppositional structures, together with strategies that rework or synthesise conventional forms.

Continuing students only.

Continuing students wishing to complete this major sequence must contact Arts and Education Student Support and Enrolment Enquiries at the Melbourne Burwood Campus telephone 03 9244 3909/3843 or Geelong Waurn Ponds Campus on 03 5227 3379/2477

History – unit set code MJ-A000023
In History, students explore the historical precursors of the modern world: the forces and great events of especially the nineteenth and twentieth centuries, and the ways historians have interpreted them. Among the themes given special attention are war and peace, modernisation and social change, colonialism, nationalism and internationalism, gender in history and the Holocaust. In focusing on such themes, students can choose a sequence from units which cover American, African-American, Asian, Australian and European histories. All units aim to stimulate and challenge students to come to understand past human behaviour and to acquire critical, analytical and research skills. Students should note that not all units are currently available at all campuses.

On successful completion of the History major sequence, students should have the following discipline-specific skills:

- an ability to illustrate the range of opinion between historians on the subject and how and why historians’ interpretations have differed
• an ability to distinguish between different types of written material in terms of their function, authorship and intention
• an ability to place a primary source document in its contemporary framework
• an ability to initiate and conduct interviews and respect the interviewee as a source
• an ability to be sensitive to the need for appreciation of cultural and gender differences
• an ability to reflect on the ways in which we construct the past.

**Indonesian – unit set code MJ-A000030**

Indonesia is Australia’s nearest Asian neighbour and the fourth most populous country in the world. There are more than 220 million people who speak Bahasa, Indonesia, the national language.

Indonesia is increasingly important to Australia economically, politically and culturally: knowledge of Indonesian language and culture is a desirable asset in many fields. Student who have completed university study of Indonesian typically find employment in business, government service, and a wide range of service industries including travel, tourism and communication.
Additionally, Bahasa Indonesia is offered by many Australian schools and an ability to teach the language is a sought-after qualification for primary and secondary teachers. The Indonesian language program gives students a high level of mastery of spoken and written Bahasa Indonesian and also provides a thorough understanding of Indonesian culture and way of life.

**In-country study**
The Faculty offers the opportunity for students to undertake in-country studies of Indonesian at third year levels. Students who successfully complete these units will receive credit towards the major sequence. It is possible, therefore, for students to complete the major in two levels. This is an excellent way of accelerating completion of the major. Not only is the in-country experience a unique part of the language study, the fact that students can complete the major before their third level also gives some flexibility in the third level to take additional units.

On successful completion of the Indonesian language major sequence, students should have the following skills:

- an ability to read, comprehend and respond correctly in writing in Indonesian
- an ability to listen, comprehend and communicate orally with correct grammar, punctuation and intonation in Indonesian
- an ability to read and interpret written Indonesian
- an ability to read, comprehend, apply and synthesise original Indonesian sources
- an ability to compare and contrast Indonesian and Australian society

To obtain a major sequence in Indonesian, students must complete 8 credit points. There are two possible pathways to do this, beginner’s and post-level 12.

Italian – unit set code MJ-A000056

The Italian major sequence is run by the University of South Australia (UniSA) but is available to Deakin Students (dependent upon the Deakin course in which they are enrolled). Classes will be held on the Melbourne Burwood Campus with access to materials through UniSA. Following successful completion, these units will be credited towards the Deakin course. Please note that Students’ results from cross-institutional enrolment at other institutions will be recorded on their Deakin University academic records as EP (External Pass) or N (Fail).

In order to facilitate your enrolment at UniSA and access to UniSA systems and course materials, Deakin University will provide UniSA with your title, family name, given names, gender, date of birth, previous name (if applicable), postal address, telephone numbers, email address and whether you are a Commonwealth supported, domestic fee paying or international fee paying student.
The study of Italian provides an insight into a society which has been at the forefront of European culture for the past 2000 levels.

UNESCO estimates that Italy holds 80% of the artistic heritage of Europe, and 40% of the world. It is also a member of the G8 group of most industrialised nations in the world and Italian is one of the official languages of the European Union. Studying a language is highly recommended, for students who are interested in pursuing a career in international relations, social sciences, education, business, tourism, health or human services.

The Italian major sequence provides students with the opportunity to become a confident user of the language, while learning about Italy, its people and its culture.

The units reflect a graded sequence of proficiency levels, and students have the choice of two strands according to their previous knowledge and experience in the language.

On successful completion of the Italian Language major sequence, students should have an ability to:

- communicate in Italian with near native accuracy and fluency in a wide range of contexts and situations
- demonstrate linguistic and cultural sensitivity in social interactions in Italian
- demonstrate a sound knowledge of grammatical concepts relating to the topics and uses of Italian covered
- demonstrate an understanding of representations of contemporary Italian culture and society
- analyse a range of media and text types
- critically reflect on the interculturality of aspects of Italian language and culture both in Italy and internationally.

**Trimester 1**
AIT333  Italy Close-Up: Cinematic Identities and Cultures (B)

**Trimester 2**
AIT334  Italian Research Project (B)

* In-country study

Students undertaking the Italian major are encouraged to study abroad during trimester 3. Intensive in-country units provide opportunities for students to increase their level of linguistic proficiency and cultural understanding. Students who successfully complete AIT223 Italian in-country receive 2 credit points towards the major sequence.

It is possible, in consultation with the Unit Chair, for students who have completed AIT 122 Italian 1B plus AIT223 Italian in-country to enrol in AIT321 in the following year. Similarly, students who have completed AIT 222 Italian 2B plus AIT223 Italian in-country to enrol in AIT421 in the following year. This is an excellent way of accelerating completion of the major.

**Journalism – unit set code MJ-A000014**

This major sequence provides students with the skills and knowledge to become qualified journalists in the broadcast and print media. Initially, studies focus on the mass media and the extent to which journalists live up to the ethical standards set both by their profession and the expectations of the public. Comparative studies focus on the role of journalists and the news media in different political systems and cultures. Students will gain an understanding of the theoretical and practical elements of radio and television journalism, and the role radio plays as a communication medium. The laws of defamation and other legal constraints to which the profession of journalism is subject are examined in the final level. Students will also develop research techniques, practical skills and an understanding of the methods and techniques required for specialist writing. The writing component within the course is intensive, to bring students’ work to a standard that can be published in a daily newspaper or mainstream magazine.

On successful completion of the Journalism major sequence, students should have the following skills:

- an ability to write in academic style with adequate referencing;
- an ability to identify, research, write and construct stories suitable for print, broadcast and online media
- an ability to interview for print, broadcast and online media and select material for inclusion in stories
- an ability to analyse the social role of journalism both nationally and internationally and identify the theoretical issues raised by news, current affairs and feature publications and programs
- an ability to appreciate the role of the production process in any media product
- an ability to work in teams and to develop presentation skills in a group setting.

Students must complete 8 credit points from the list below:

Literary Studies – unit set code MI-A000013
The Literary Studies major sequence is interdisciplinary and theoretical in orientation. The units focus attention on literary texts in the contexts of their production and reception. Insights from anthropology, philosophy, psychology, history and linguistics form part of this process. There are opportunities for creative writing alongside critical analysis. Texts studied range from classical Greek drama and Shakespearian plays to recent world fiction and poetry.

On successful completion of the Literary Studies major sequence, students should have the following discipline-specific skills:

• an informed ability to read texts of a wide variety
• an ability to write creatively as an extension of literary studies texts
• an ability to conduct a comparative analysis of text/culture relationships
• an ability to explain the intercultural and cross-cultural forces in human society and history in so far as they are reflected in literature
• an ability to understand and apply methodologies of contemporary literary criticism and theory
• an ability to critically appreciate the nature of disciplinary knowledge in Literary Studies
• an ability to reflect upon different theoretical positions in relation to literary and non-literary texts.

**Middle East Studies – unit set code MJ-A000053**

A major in Middle East Studies will give students a comprehensive understanding of the events and issues shaping the region. There will be emphasis on both historical and contemporary issues relevant to the analysis of the Middle East as a regional system, as well as its place in the international system. A particular stress will be placed on the changing role of the United States in the Middle East since the end of the Cold War and its push to reshape the region’s political landscape according to American national interests. Several of the endemic conflict situations that exist in the Middle East will be examined throughout the sequence, including the War on Terror; the invasion and occupation of Iraq, the Israel-Palestine impasse; the 2006 Israel-Lebanon crisis; Iran’s nuclear ambitions, and the role of ‘rogue states’.

On successful completion of the Middle East Studies sequence, students should have the skills and capacities to:

- comprehend and critically analyse debates in relation to the Middle East
- understand the organisation of government in the Middle East and North Africa
- communicate clearly, in written and oral form, about the issues of the Middle East
- understand and explain the principles that inform political action at local, national and global levels in relation to the region

Photography – unit set code MJ-A000049

The Photography major sequence is based around creative, critical and professional practice. Students can choose to develop their artistic, academic or professional aspirations.

Level 1 introduces students to the basics of photographic techniques and practice and to the history of photography with respect to Australian and international artists. Using analog and digital technologies, students explore the uses of referent-based and non-referent based images as social and cultural artefacts.

Level 2 introduces a range of professional analog and digital photographic formats, darkroom and studio environments as well as the application of photographic imagery in virtual and collaborative environments at a global level. Students also engage in the discourse that surrounds contemporary photographic practice.

Level 3 introduces students to a range of alternative analog and digital photographic formats and their application in creative practice. Students are strongly encouraged to experiment, research and develop their own conceptual and aesthetic sensibilities. The work undertaken at this level is applicable to exhibition, installation, multimedia, and collaborative productions and provides a strong basis for further postgraduate studies and professional practice.

Politics and Policy Studies – unit set code MJ-A000005

In Politics and Policy Studies, students will examine issues of power and authority through studies of policy, institutions and political movements. Students will also be introduced to the political values, ideas and ideologies that orient political action. Throughout the sequence of units, students will be encouraged to understand contemporary political problems at local, national and global levels. Key themes include democracy, citizenship, globalisation, risk, environment, gender and religion. Our units are intended to encourage student to make better sense of the world in which they live and understand the current social and political challenges they face. Central is a concern to understand how Australian and global institutions ought to respond to complex policy problems in an era of globalisation and rapid change.

On successful completion of the Politics and Policy Studies sequence, students should have the skills and capacities to:

- comprehend and critically analyse political issues and policy debates
- identify, understand and analyse political ideas and arguments
- understand and explain the principles that inform political action at local, national and global levels
- understand the organisation of government in Australia and other countries
- apply key political concepts to contemporary debates and policy issues
- communicate clearly, in written and oral form, about political issues and policy options.

Psychology – unit set code MJ-H000008

Students enrolled in a Bachelor of Arts may undertake a major sequence in psychology offered by the Faculty of Health as a major sequence within their BA degree.

The Psychology major sequence is course-grouped for the Bachelor of Arts, that is, the units do not count towards the eight non-course-grouped units able to be taken outside the Faculty.

Students intending to become psychologists, however, must take four levels of academic study (three levels of undergraduate study, including ten units of psychology, plus either a level-4 Honours level or the level-4 Graduate Diploma of Psychology). The 10-credit-point undergraduate Psychology sequence consists of two units at level 1, HPS111 and HPS121, four units at level 2, which must include HPS201 (HPS206 is not formally recognised as a part of the major sequence in psychology and is not counted towards this sequence), plus four units at level 3, which must include HPS301 and HPS309.

Students may also choose to take a limited sequence in psychology of 8 credit points (depending on the requirements of their course). These sequences are designed as terminal studies in psychology to complement other studies within an award. They do not meet the requirements for entry into fourth-level studies in psychology, nor will they lead to professional qualifications in psychology. Students may also choose to take individual elective units in psychology, if they have the relevant prerequisites.

The 8-credit point sequences normally consist of two units at level one, HPS111 and HPS121, two or three units at level 2, selected from HPS202, HPS203, HPS204 and HPS205, and two or three units at level 3, selected from HPS302, HPS303, HPS304 and HPS307, HPS308 and HPS395. Students wishing to take alternative psychology units must seek approval from the School of Psychology.

Bachelor of Arts (Professional and Creative Writing)

Award granted  Bachelor of Arts (Professional and Creative Writing)
Duration  3 years full-time or part-time equivalent
CRICOS course code  055182A
Deakin course code  A316

For students commencing 2007

COURSE OVERVIEW
Deakin’s Bachelor of Arts (Professional and Creative Writing) aims to provide the qualities and attributes that will enable you to work both in specialised fields, and across professional boundaries.

Initially you will undertake various forms of constructive, descriptive and narrative writing, progressing to editing, creative non-fiction and script writing as well as the traditional genres of poetry and fiction writing.

You will develop broadly based skills in the processes of writing and revision, and gain expertise and practical experience across a range of genres, styles and professional environments. In all writing and editing units, the emphasis is on publication or the achievement of professional standards.

The course will encourage you to explore new communication technologies both in the practical realms of professional communication and in cross-genre experimentation and creative production.

You will also learn the practical skills necessary to support, create and collaborate in work across a range of forms, in writing, film, drama and new media.

TRANSITION TO UNIVERSITY STUDY
The faculty offers two units ASC160 Introduction to University Study and ALW117 Writing for Professional Practice which are specifically designed to ease the transition into university study. New students are encouraged to enrol in one or both of these units in their first year.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the Bachelor of Arts (Professional and Creative Writing) a student must complete 24 credit points of study, including:

- at least 12 credit points of Professional and Creative Writing units selected from a specified list including core units ALW101 Writing: Finding a Voice and ALW102 Writing: Telling a Story and a minimum of 2 credit points at level 3
- no more than 8 credit points taken outside the course-grouped units for Arts (in effect this means that up to 8 credit points may be taken outside the recognised Faculty of Arts and Education major sequences)
- no more than 10 credit points at level 1
- at least 14 credit points at level 2 or above
- at least 4 credit points at level 3

Bachelor of Arts (Media and Communication)

Award granted  Bachelor of Arts (Media and Communication)
Campus  Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus
(offered at Warrnambool for continuing students only)
Duration  3 years full-time or part-time equivalent
CRICOS course code  048014J
Deakin course code  A328

COURSE OVERVIEW
Deakin’s Bachelor of Arts (Media and Communication) is specifically designed to enable you to graduate with a ‘multiskilled’ qualification appropriate for a rapidly evolving area in which skills, careers and job markets are increasingly transient. In this course, you can choose subjects that suit your specific interests and professional ambitions. You are encouraged to situate those interests and ambitions in a wider critical context of ideas, issues and developments in the media and communication industries in general.

The course offers you a wide range of unit choice which helps develop practical and professional communication skills within a broad context of critique and analysis.

You will learn about major research and policy debates concerning the various communication industries and integrate practical techniques in communication with a strategic overview of the industry.

The course will teach you about the range of research methodologies used to study communication texts, audiences, institutions and processes, as well as how to evaluate the social and economic significance of new technologies and existing laws affecting communication.

Specialisations offered through this course include animation, film studies, graphic design, journalism, media and communication, photography, public relations and visual arts.

TRANSITION TO UNIVERSITY STUDY
The faculty offers two units ASC160 Introduction to University Study and ALW117 Writing for Professional Practice which are specifically designed to ease the transition into university study. New students are encouraged to enrol in one or both of these units in their first year.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the award of Bachelor of Arts (Media and Communication) a student must complete 24 credit points of study including:

- at least 12 credit points from the areas listed under areas of study, including the core units ALC101 and ALC102 and a minimum of 2 credit points at level 3
- no more than 8 credit points taken outside the course-grouped units for the BA
- no more than 10 credit points at level 1
- at least 14 credit points at level 2 or above
- at least 4 credit points at level 3
PREREQUISITES
Because a number of disciplinary studies are cumulative in knowledge, technical competencies and/or study and research skills, there are prerequisites which direct students to take some units before others. Students must seek advice from Arts Student Support before enrolling in units for which they do not have the prerequisite or recommended units.

Trimester 2
ALC102 Contemporary Communication: Making Sense of New Media (B, G, W, X)

DETAILS OF AREAS OF STUDY

Animation – unit set code MJ-AU00011
The Animation area of study offers the opportunity to develop a moving image, graphic and animation practice within the expanding digital domain. Students will explore digital animation production and publication options that include web, CD and DVD publication possibilities, and develop the skills to work with and manage such technologies effectively. Students are encouraged to develop skills in all aspects and types of animation production and learn to write and think analytically about such creative work.

On completion of the Animation sequence of units students should have the following skills:

- an ability to implement and manage all stages of production of a professional digital animation project.
- an ability to develop a unique production path for a digital project for a variety of publication platforms.
- an ability to think and write effectively about innovative moving image animation work and digital culture.
- an ability to use advanced digital image production technologies.
- an ability to work in collaborative and team settings on graphic moving image tasks.
- an ability to work efficiently to deadlines in an industrial setting.

Film Studies – unit set code MJ-A000046

The Film Studies area aims to develop students’ creative and critical thinking while providing a practical and theoretical grounding in the production and application of film, video and television. The sequence puts these media in the historical and social context of the institutions, technologies and artistic and personal forces from which they have emerged.

In level 1, students learn formal and theoretical concepts through analysis of case studies and a series of projects which demand individual input, team collaboration, as well as recording, filming, direction, and post-production techniques. Collaborative skills are extended in level 2 through investigation of team management, narrative, representation, editing, and audiences, as well as the relationship between the actor, director, producer and exhibitor.

Students also undertake case studies in genre and the creative practices and aesthetic approaches of significant practitioners or movements. The final level provides opportunities for students to develop unique and individual creative practices through units including Research in Production: Documentary which explores the use of actuality in narrative, as well as the Individual Production Practice, which explores non-representational, contemplative and oppositional structures, together with strategies that rework or synthesise conventional forms.

Journalism – unit set code MJ-A000014

This area of study provides students with the skills and knowledge to become qualified journalists in the broadcast and print media. Initially, studies focus on the mass media and the extent to which journalists live up to the ethical standards set both by their profession and the expectations of the public. Comparative studies focus on the role of journalists and the news media in different political systems and cultures. Students will gain an understanding of the theoretical and practical elements of radio and television journalism, and the role radio plays as a communication medium. The laws of defamation and other legal constraints to which the profession of journalism is subject are examined in the final level. Students will also develop research techniques, practical skills and an understanding of the methods and techniques required for specialist writing. The writing component within the course is intensive, to bring students’ work to a standard that can be published in a daily newspaper or mainstream magazine.

On successful completion of the Journalism sequence of units students should have the following skills:

• an ability to write in academic style with adequate referencing
• an ability to identify, research, write and construct stories suitable for print, broadcast and online media
• an ability to interview for print, broadcast and online media and select material for inclusion in stories
• an ability to analyse the social role of journalism both nationally and internationally and identify the theoretical issues raised by news, current affairs and feature publications and programs
• an ability to appreciate the role of the production process in any media product
• an ability to work in teams and to develop presentation skills in a group setting.

Public Relations – unit set code MJ-A000021
The Public Relations area of study is concerned with the management of communication between people, agencies and various publics. Students will study such areas as crisis and issues management, organisational public relations and public relations campaigns; and will develop the necessary skills for effective public relations.

On successful completion of the Public Relations sequence of units, students should have the following discipline-specific skills:

• an ability to explain the role of public relations in society;
• an ability to differentiate between the various areas of public relations;
• an ability to explain the legal and regulatory context of public relations;
• an ability to plan and execute a public relations campaign;
• an ability to prepare a public relations campaign kit;
• an ability to negotiate an internship placement and implement the theories and concepts studied throughout the course;

Bachelor of Criminology

Award granted: Bachelor of Criminology
Campus: Offered at Geelong Waurn Ponds Campus, Off campus
Duration: 3 years full-time or part-time equivalent
CRICOS course code: 057849B
Deakin course code: A329

COURSE OVERVIEW
Deakin’s Bachelor of Criminology will give you practical, professional training and enable you to study critical analysis in the fields of policing, security, corrections, crime prevention and community safety, and various paralegal fields.

The course aims to produce graduates with the ability to engage in debates concerning crime and justice issues. You will be able to contribute to ongoing learning and reform within the criminal justice system, and contribute to enhancing citizenship and improved quality of life.

You will be provided with intensive theoretical and practical training in the area of criminology and associated disciplines.

The elective work placement/internship program gives you invaluable experience working with the local community.

TRANSITION TO UNIVERSITY STUDY
The faculty offers two units ASC160 Introduction to University Study and ALW117 Writing for Professional Practice which are specifically designed to ease the transition into university study. New students are encouraged to enrol in one of both or these units in their first year.

PREREQUISITES
Because a number of disciplinary studies are cumulative in knowledge, technical competencies and/or study and research skills there are prerequisites which direct students to take some units before others. Students must seek advice from a course adviser before enrolling in units for which they do not have prerequisite or recommended units.

MULTI-LEVEL OFFERINGS
A number of units within the course are offered at more than one level, with appropriate adjustments to assessment requirements. Students who pass a unit at a particular level cannot enrol in the same unit at another level. For example, ASL219/ASL319 Drugs, Crime and Society are offered at levels 2 and 3. If students pass this unit at level 2 they cannot enrol in it again at level 3.

ASSESSMENT
Assessment within the award of Bachelor of Criminology varies from written assignments and/or examination to practical and technical exercises and performance. In some units assessment may also include class participation, online exercises, workshop exercises and tests.

CROSS-INSTITUTIONAL ARRANGEMENTS
Continuing Deakin students may apply to study units offered by another Australian tertiary institution and have them credited to their Deakin University degree. Further information is available from Arts Student Support.
FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the Bachelor of Criminology a student must complete 24 credit points of study including:

- 12 credit points of Criminology units consisting of 9 credit points of core units and at least 3 credit points of electives;
- no more than 10 credit points at level 1;
- at least 14 credit points at level 2 or above;

COURSE OVERVIEW
Deakin’s Bachelor of Creative Arts (Graphic Design) enables you to develop practical and theoretical skills in visual communication design. This course offers a dynamic combination of contemporary design theory with specialised studio practices and practical outcomes in a variety of design disciplines. Deakin’s Graphic Design program will give you the opportunity to gain digital technology skills and knowledge for professional practice in a specialised industry vocation or a broader role in the fields of culture and the arts. Final year students are introduced to theoretical knowledge important to positioning their own design practices in a global context. The Graphic Design program draws upon the expertise of its staff who are active practitioners in their fields, with industry, visiting, special guest and casual academic staff.

Bachelor of Contemporary Arts – Dance

Award granted  Bachelor of Contemporary Arts
Duration  3 years full-time or part-time equivalent
CRICOS course code
Deakin course code  A356

Offered to continuing students only

COURSE OVERVIEW
The Bachelor of Contemporary Arts builds on the strengths of specialist disciplines, but allows collaboration between art forms. Students explore the arts in theory, in practice and in collaboration with others. A range of expertise from Australia’s leading practitioners is used in dance, drama, media arts and visual arts.

The Bachelor of Contemporary Arts will give students a range of skills in one discipline (be it dance, drama, media or visual arts), systematic exposure to collaborative possibilities between various art forms, the experience of bringing art forms together in major projects, training in professional arts practice and a grounding in the academic knowledge necessary to understand the arts and to create new forms of art.

STRUCTURING THE COURSE
In general, students at level 1 select two applied disciplines along with units in contemporary arts theory and electives from a variety of fields. At level 2 students focus on their specialist discipline or disciplines and continue their studies in contemporary arts theory. At level 3 students complete their disciplinary major and choose from a number of units which involve collaboration across art forms, completing a major project in their final trimester. Students normally undertake the unit in Professional Arts Practice in their final year.

TRANSITION TO UNIVERSITY STUDY
The faculty offers two units ASC160 Introduction to University Study and ALW117 Writing for Professional Practice which are specifically designed to ease the transition into university study. New students are encouraged to enrol in one or both of these units in their first year.

PREREQUISITES
Because a number of disciplinary studies are cumulative in knowledge, technical competencies and/or study and research skills there are prerequisites which direct students to take some units before others. Students must seek advice from a course adviser before enrolling in units for which they do not have prerequisite or recommended units.

ASSESSMENT
Assessment within the award of Bachelor of Contemporary Arts varies from written assignments and/or examination to practical and technical exercises and performance. In some units assessment may also include class participation, online exercises, workshop exercises and tests.

CROSS-INSTITUTIONAL ARRANGEMENTS
Continuing Deakin students may apply to study units offered by another Australian tertiary institution and have them credited to their Deakin University degree. Further information is available from Arts Student Support.
FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the Bachelor of Contemporary Arts a student must complete 24 credit points including:

- compulsory core unit Freelancing in the Arts ACC301
- at least 2 credit points of ACT-coded Contemporary Arts Theory units including compulsory core unit ACT102 Criticism, Narrative and Contexts (ONLINE)
- 3 credit point of ACC-coded Collaborative Arts Practicum at level 3, including one unit of 1 credit point value and compulsory core unit ACC316 of 2 credit point value
- no more than 8 credit points taken outside the course-grouped units for the BA (in effect this means that up to 8 credit points may be taken outside the recognised Faculty of Arts and Education major sequences)
- no more than 10 credit points at level 1
- a minimum of 6 credit points at level 3

**DETAILS OF MAJOR SEQUENCES**

**Dance major sequence**

Each unit within the Dance major develops practical skills in contemporary technique and choreography and interrelates this learning with theoretical studies in dance history, analysis and aesthetics. There is an ongoing development of technique, craft, and theory over the three level levels, with class material becoming increasingly specialised and challenging as students progress toward third level. Skills in oral and written communication, personal and group management, reflection and decision-making are developmental over the three level levels in tandem with the development of physical, compositional and research skills. This learning intensifies at level 3 with production and research project units which not only place students’ work in a public and professional context, but which focus on the development of specialised skills in the associated technical, production, marketing and administration areas.

On successful completion of the Dance major sequence, students should have the following skills:

- an ability to demonstrate high-level contemporary dance technique
- an ability to demonstrate well-developed independent choreographic practice
- an ability to think and write analytically about dance and its values
- an ability to manage artistic and technical aspects of dance promotion
- an ability to learn and apply safe dance practices for maintenance of physical and personal well-being.

Award granted: Bachelor of Creative Arts (Drama)
Campus: Offered at Melbourne Burwood Campus
Duration: 3 years full-time or part-time equivalent
CRICOS course code: 060434K
Deakin course code: A357

COURSE OVERVIEW

Deakin’s Bachelor of Creative Arts (Drama) offers you systematic exposure to collaborative possibilities between various art forms, the experience of bringing art forms together in major projects and training in creative arts enterprise and management. You will also receive grounding in the academic knowledge necessary to understand the arts and to create new forms of art. The program draws upon the expertise of its staff – who are active practitioners in their fields, and industry – through visiting, special guest and casual academic staff.

The drama program will develop your skills in contemporary drama practices and perspectives. It is a dynamic combination of acting theory and practice, performance styles and processes, theatre history, text studies, community theatre and technical studies. Final year students are able to participate in performing arts (drama) internships.

Deakin drama graduates have a well-deserved reputation for high levels of skill, flexibility and initiative. The course equips you with the skills to establish independent drama production companies and projects.

Students normally undertake the unit in Professional Arts Practice in their final year.

TRANSITION TO UNIVERSITY STUDY
The faculty offers two units ASC160 Introduction to University Study and ALW117 Writing for Professional Practice which are specifically designed to ease the transition into university study. New students are encouraged to enrol in one or both of these units in their first year.

PREREQUISITES
Because a number of disciplinary studies are cumulative in knowledge, technical competencies and/or study and research skills there are prerequisites which direct students to take some units before others. Students must seek advice from a course adviser before enrolling in units for which they do not have prerequisite or recommended units.

ASSESSMENT
Assessment within the award of Bachelor of Contemporary Arts varies from written assignments and/or examination to practical and technical exercises and performance. In some units assessment may also include class participation, online exercises, workshop exercises and tests.

CROSS-INSTITUTIONAL ARRANGEMENTS
Continuing Deakin students may apply to study units offered by another Australian tertiary institution and have them credited to their Deakin University degree. Further information is available from Arts Student Support.
FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the Bachelor of Contemporary Arts a student must complete 24 credit points including:

- compulsory core unit Freelancing in the Arts Practice ACC301
- at least 2 credit points of ACT-coded Contemporary Arts Theory units including compulsory core unit ACT102 Criticism, Narrative and Contexts
- 3 credit point of ACC-coded Collaborative Arts Practicum at level 3, including one unit of 1 credit point value and compulsory core unit ACC316 of 2 credit point value
- no more than 8 credit points taken outside the course-grouped units for the BA (in effect this means that up to 8 credit points may be taken outside the recognised Faculty of Arts and Education major sequences)
- no more than 10 credit points at level 1
- a minimum of 6 credit points at level 3

DETAILS OF MAJOR SEQUENCES

Media Arts
Students enrolled in course A358 Bachelor of Contemporary Arts with a major sequence in Media Arts must choose at least one major sequence from the following:

- Animation and Digital Culture
- Film and Video
- Photography

Note: From 2005, Media Arts Stream A: The Contemporary Image, has been retitled as the major sequence in Photography. Similarly, Media Arts Stream B: Screen Studies, has been retitled as the major sequence, Film and Video.

Animation and Digital Culture is a new major sequence introduced in 2005 and is available only to students enrolled in A358 and A328 Bachelor of Arts (Media and Communication).

Animation and Digital Culture
The Animation and Digital Culture major sequence offers the opportunity to develop a moving image, graphic and animation practice within the expanding digital domain. Students will explore digital animation production and publication options that include web, CD and DVD publication possibilities, and develop the skills to work with and manage such technologies effectively. Students are encouraged to develop skills in all aspects and types of animation production and learn to write and think analytically about such creative work.

On completion of the Animation and Digital Culture major sequence students should have the following skills:

- an ability to implement and manage all stages of production of a professional digital animation project.
- an ability to develop a unique production path for a digital project for a variety of publication platforms.
- an ability to think and write effectively about innovative moving image animation work and digital culture.
- an ability to use advanced digital image production technologies.
- an ability to work in collaborative and team settings on graphic moving image tasks.
- an ability to work efficiently to deadlines in an industrial setting.

Film and Video

The Film and Video major sequence aims to develop students’ creative and critical thinking, while providing them with a practical and theoretical grounding in the production and application of film, video and television. The sequence puts these mediums in the historical and social context of the institutions, technologies and artistic and personal forces from which they have emerged.

In level 1, students learn formal and theoretical concepts through analysis of case studies and a series of projects which demand individual input, team collaboration, as well as recording, filming, direction, and post-production techniques. Collaborative skills are extended in level 2 through investigation of team management, narrative, representation, editing, and audiences, as well as the relationship between the actor, director, producer and exhibitor. Students also undertake case studies in genre and the creative practices and aesthetic approaches of significant practitioners or movements. The final level provides opportunities for students to develop unique and individual creative practices through units including the Research in Production: Documentary, which explores the use of actuality in narrative as well as Independent Production Practice, that explores non-representational, contemplative and oppositional structures, together with strategies that rework or synthesis conventional forms.

Photography

The Photography major sequence is based around creative, critical and professional practice. Students can choose to develop their artistic, academic or professional aspirations.

Level 1 introduces students to the basics of photographic techniques and practice and to the history of photography with respect to Australian and international artists. Using analog and digital technologies, students explore the uses of referent-based and non-referent bases images as social and cultural artefacts.

Level 2 introduces a range of professional analog and digital photographic formats, darkroom and studio environments as well as the application of photographic imagery in virtual and collaborative environments at a global level. Students also engage in the discourse that surrounds contemporary photographic practice.

Level 3 introduces students to a range of alternative analog and digital photographic formats and their application in creative practice. Students are strongly encouraged to experiment, research and develop their own conceptual and aesthetic sensibilities. The work undertaken at this level is applicable to exhibition, installation, multimedia, and collaborative productions and provides a strong basis for further postgraduate studies and professional practice.

Bachelor of Film and Digital Media

Award granted Bachelor of Film and Digital Media
Campus Offered at Melbourne Burwood Campus
Duration 3 years full-time or part-time equivalent
CRICOS course code 060430C
Deakin course code A358

COURSE OVERVIEW
The Bachelor of Film and Digital Media comprehensively explores the theories, techniques and practices of a major media discipline, enabling you to build your skills in a range of other creative arts theory and practices.

The major disciplines of Film, Animation and Photography focus on the development of the creative and analytic skills required to successfully apply technique in professional and artistic practices. You will be exposed to diverse histories of the mediums and the critical and theoretical ways in which these mediums can be analysed and received.

The degree comprises study in many areas including narrative structure, exhibitions and folios, project management, visual language, online collaboration and exhibition, digital video and TV studio production, short filmmaking, history and theory of film making, character animation, special effects, darkroom and digital manipulation, small to large photographic formats and photographic history and theory.

The course will prepare you for the opportunities and challenges of the media and creative industries by allowing cross discipline collaboration, multi-skilling, internships, international study and study in professional practice and entrepreneurship. The program draws upon the expertise of its staff – who are active media practitioners, and the industry – through visiting, special guest and casual academic staff.

TRANSITION TO UNIVERSITY STUDY
The faculty offers two units ASC160 Introduction to University Study and ALW117 Writing for Professional Practice which are specifically designed to ease the transition into university study. New students are encouraged to enrol in one or both of these units in their first year.

Offered to continuing students only

COURSE OVERVIEW
The Bachelor of Contemporary Arts builds on the strengths of specialist disciplines, but allows collaboration between art forms. Students explore the arts in theory, in practice and in collaboration with others. A range of expertise from Australia’s leading practitioners is used in dance, drama, media arts and visual arts.

The Bachelor of Contemporary Arts will give students a range of skills in one discipline (be it dance, drama, media or visual arts), systematic exposure to collaborative possibilities between various art forms, the experience of bringing art forms together in major projects, training in professional arts practice and a grounding in the academic knowledge necessary to understand the arts and to create new forms of art.

STRUCTURING THE COURSE
In general, students at level 1 select two applied disciplines along with units in contemporary arts theory and electives from a variety of fields. At level 2 students focus on their specialist discipline or disciplines and continue their studies in contemporary arts theory. At level 3 students complete their disciplinary major and choose from a number of units which involve collaboration across art forms, completing a major project in their final trimester. Students normally undertake the unit in Professional Arts Practice in their final year.

TRANSITION TO UNIVERSITY STUDY
The faculty offers two units ASC160 Introduction to University Study and ALW117 Writing for Professional Practice which are specifically designed to ease the transition into university study. New students are encouraged to enrol in one or both of these units in their first year.

PREREQUISITES
Because a number of disciplinary studies are cumulative in knowledge, technical competencies and/or study and research skills there are prerequisites which direct students to take some units before others. Students must seek advice from a course adviser before enrolling in units for which they do not have prerequisite or recommended units.

DETAILS OF MAJOR SEQUENCES

Visual Arts

The Visual Arts major will appeal to student who are interested in careers across a variety of traditional media including painting, drawing or 3D modeling and new technologies including digital/photo imaging and computer-generated prints. A broad based course structure enables students to overlap disciplines to develop individual vision and expression by exploring the aesthetic, formal and social concerns of visual communication.

On successful completion of the Visual Arts major sequence, students should have the following skills:

• an ability to produce a conceptually, formally and thematically coherent body of work of exhibition standard
• an ability to identify a professional niche in the art industry and a preparedness to enter that industry
• an ability to negotiate the marketplace and develop productive working relationships with galleries, professional organisations and funding bodies; and
• an ability to position their own work in relation to their field of research

COURSE OVERVIEW
Deakin’s Bachelor of Creative Arts (Visual Arts) offers you a range of skills including systematic exposure to collaborative possibilities between various art forms, the experience of bringing art forms together in major projects, training in creative arts enterprise and management, and a grounding in the academic knowledge necessary to understand the arts and to create new forms of art.

Deakin’s visual arts program will give you the opportunity to gain qualifications, skills and knowledge for professional practice in visual arts and graphic design. You will develop skills for a specialised industry vocation or a broader role in the fields of culture and the arts. The course combines cutting edge, contemporary theory with specialised studio practice incorporating digital technologies.

The program draws upon the expertise of its staff – who are active practitioners in their fields – and industry, through visiting special guest and casual academic staff.

OTHER COURSE INFORMATION

Assessment
Assessment within the award of Bachelor of Creative Arts varies from written assignments and/or examination to practical and technical exercises and performance. In some units assessment may also include class participation, online exercises, workshop exercises and tests.

Cross-institutional arrangements
Continuing Deakin students may apply to study units offered by another Australian tertiary institution and have them credited to their Deakin University degree. Further information is available from Arts Student Support.
Bachelor of Interactive Media

Award granted: Bachelor of Interactive Media
Duration: 3 years full-time or part-time equivalent
CRICOS course code: Deakin course code: A365

This course is offered to continuing students only.

COURSE OVERVIEW
Deakin’s Bachelor of Interactive Media focuses on the convergence of the creative digital industries within a studio environment. Students from a wide range of disciplines learn to work together cooperatively and collaboratively, to produce digital culture artefacts and to develop skills and content within a simulated work environment.

The program is multidisciplinary, integrating digital media and IT offerings of the Faculty of Arts and Education and Faculty of Science and Technology. The program has at its core the Studio – a space where you can work in teams with other students on real world interactive multimedia projects like blogs, podcasts, games, motion graphics for installations and exhibitions.

The course aims to produce graduates who have a solid foundation in design, combined with technical skills in film, TV, video, special effects, animation and games design. You will be taught with the use of industry-preferred authoring tools so that you will be immediately employable upon graduation. There is a strong emphasis on project work that mimics the typical design studio, allowing you to develop project management skills that are essential in any design or multimedia studio.

You will have access to the latest motion capture technology at the Deakin Motion.Lab, Australia’s most technologically advanced motion capture facility.

TRANSITION TO UNIVERSITY STUDY
The faculty offers two units ASC160 Introduction to University Study and ALW117 Writing for Professional Practice which are specifically designed to ease the transition into university study. New students are encouraged to enrol in one or both of these units in their first year.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the award of Bachelor of Interactive Media a student must complete 24 credit points of study including:

- no more than 10 credit points at level 1
- 16 credit points of compulsory core units, including ACN108 History of Interactive Entertainment (ONLINE)
- 8 credit points of elective units. Electives can be taken within a range of offerings from the Faculty of Arts and Education or from other Deakin programs
The core units are drawn from existing IT and Creative Art units as well as new units developed specifically for this degree. Central to the course are a suite of studio units at each level where groups of 4-5 students will work together in an exploration of ideas, knowledge and the processes, both individual and group, learning how to learn. Students will engage in a range of open-ended yet focused tasks, which may be set by the teacher, but more often determined by the group who will work collaboratively together to explore the possibilities. The expectation of a team response will encourage interdependent learning.

COURSE OVERVIEW
The Bachelor of Arts (Honours) provides students with the opportunity to study their chosen discipline area at an advanced level. Bachelor of Arts (Honours) graduates are eligible to apply for entry to masters and doctoral research programs.

The Bachelor of Arts (Honours) program will provide intellectual stimulation, academic achievement and personal enrichment. You will be given the opportunity to undertake a substantial and original research project whilst being under the supervision of an academic with a proven research record. The skills acquired will enhance your future career prospects in a broad range of occupations in both private and public sectors, giving you an edge, compared with a straight undergraduate pass degree.

You will undertake study at a higher level than your previously completed undergraduate degree, both in your honours coursework units and when you carry out research for your thesis. The thesis allows you to focus on an area of particular interest to you, and provides the opportunity to make a contribution to knowledge and wider debates in your discipline.

Areas of study available in the Bachelor of Arts (Honours) are Dance, Drama, Journalism, Literary Studies, Media Arts (Animation, Film and Video, Photography), Media/Communication Studies, Professional and Creative Writing, Public Relations, Visual Arts, Anthropology, Criminology, History, Sociology, International Relations, Politics and Philosophical Studies.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Bachelor of Arts (Honours) course requires the completion of 8 credit points of study at level 4. Half of that requirement is met through coursework, which may include directed reading and/or enrolment in course work units, and half is satisfied through a research project (thesis or dissertation) of 14 000/16 000 words. Where creative works form a significant part of the assessment, they must be accompanied by an exegesis of at least 6 000 words, depending on the discipline area. Lists of units and options available as honours coursework in any year are set down in the Honours Booklets produced by each study area. There are no attendance requirements for off-campus students, although regular consultation with an appointed thesis supervisor is required.

There are a number of publications that honours students should consult, these can be found at: http://www.deakin.edu.au/arts-ed/courses/honours/honours-docs.php

Graduate Certificate of International and Community Development

Award granted: Graduate Certificate of International and Community Development
Campus: Off campus
Duration: 0.5 year full-time or part-time equivalent
Deakin course code: A511

COURSE OVERVIEW
Deakin’s Graduate Certificate of International and Community Development will introduce you to issues in International and Community Development (ICD), particularly in the period since 1950. The perspectives taken in this course are cross-disciplinary. The unifying theme is the meaning of development and its relationship to poverty alleviation and social empowerment. Current events are considered in the historical context of long term trends in ICD.

You will learn from leading ICD practitioners and researchers with extensive knowledge and links within the professional field, and gain credit towards further studies in ICD, such as graduate diploma or masters.

It is expected that completion of the Graduate Certificate of International and Community Development will place you in a favourable position to advance your professional standing.

COURSE OVERVIEW

The forces of globalisation are generating profound effects on many spheres of economic, social and political activity, and a deeper knowledge of international relations is becoming necessary in many areas of public life. The International Relations program aims to produce graduates who are able to demonstrate, in their professional life, high-level skills of analysis and interpretation of global issues and events, and substantial understanding of the complexities of contemporary international relations. The program is offered at graduate certificate, graduate diploma and masters levels to meet a variety of needs in terms of entry qualifications and graduation options.

Graduate Certificate of Politics and Policy
Campus
Off campus
Duration
1 year part time
Deakin course code
A516

COURSE OVERVIEW
The emphasis of this course is on the development and implementation of public policy under conditions of democratic governance. Students gain an understanding and practical training focused on the relations between government, the private sector and community organisations and between different levels of government (municipal, state, national, and international). Particular attention is given to the challenges posed by the normative requirements of democracy. The focus on democratic governance within contemporary contexts characterised by rapid change and globalisation distinguishes this course from traditional public policy studies which concentrate primarily on public sector management. In most units, a comparative approach is employed that situates Australian experiences within an international context.

Graduate Certificate of Language

Award granted: Graduate Certificate of Language
Campus: 
Duration: 2 years part time
Deakin course code: A525

From 2010, this course is for continuing students only.

COURSE OVERVIEW
The Certificate and Diploma of Language will be of interest to students for whom a systematic study of language is desirable in addition to their primary course of study. Language units must be studied sequentially so the award will be completed part-time in up to three years, with students taking one language unit per trimester.

IN-COUNTRY OPTIONS
The option exists to undertake second or third year units in-country over trimester 3. The six week programs are held in Tunisia (Arabic), China (Chinese) and Indonesia or Malaysia (Indonesian). In addition to giving students language skills, participation in the program is a unique opportunity to practice the language with native speakers in its natural environment while studying it formally in a more structured classroom context. In addition, since the in-country units are equivalent to one trimester or one year, they could potentially shorten the completion time of the Graduate Certificate or Graduate Diploma.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the award of Graduate Certificate of Language, a student must successfully complete 4 credit points from the specified list of units below.

Graduate Certificate of Arts and Sciences

Award granted  Graduate Certificate of Arts and Sciences
Campus
Duration  0.5 year full time or 2-3 years part time
CRICOS course code  061383G
Deakin course code  A530

COURSE OVERVIEW
This course offers students the opportunity to widen their educational experience by studying disciplines beyond the boundaries of specialised study. Students may take this course concurrently with an undergraduate degree or alternatively the program may be taken as a standalone course.

The program will enable students to examine the intersections between the sciences and contemporary social and cultural questions through perspectives provided by a range of disciplines such as history, media studies, literature, sociology, philosophy, science, technology, health and law.

SPECIFIC COURSE INFORMATION
No unit completed from another Deakin University award may be counted towards the Graduate Certificate of Arts and Sciences.

Credit for prior learning from previous study will not normally be granted.

Students who choose not to graduate with the Graduate Certificate of Arts and Sciences may have their completed units credited towards their undergraduate award, provided this is consistent with that award’s course rules.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the award of Graduate Certificate of Arts and Sciences, a student must complete 4 credit points of study from the list of nominated units drawn from across the five faculties.

Undergraduate students completing the Graduate Certificate of Arts and sciences will not be eligible to graduate until they have completed their undergraduate degree.

COURSE STRUCTURE
The Graduate Certificate of Arts and Sciences will consist of 4 credit points selected from a schedule of approved units drawn from across the five faculties of the University:

Graduate Certificate of Media and Communication

Award granted  
Graduate Certificate of Media and Communication

Campus  
Offered at Melbourne Burwood Campus, Off campus

Duration  
1 year part time

Deakin course code  
A539

COURSE OVERVIEW

Media and communication is the world’s fastest-growing industry. It is also an area of rapid and continuous technological, political, economic and social change. Deakin’s perspective on the media and communication industry integrates several disciplines and emphasises commonalities of practices and institutions in different sectors of the industry. This distinctive interdisciplinary and cross-disciplinary perspective underpins a broad mix of subjects, in contrast to the narrow focus of other vocational courses. Students can choose from a wide range of units that suit their particular interests and units studied in the Graduate Certificate and Graduate Diploma of Media and Communication gain credit in Deakin’s Master of Communication. This flexible approach to skill-building is designed to match the dynamic and unpredictable nature of the industry.

Graduate Certificate of Professional Writing

Award granted: Graduate Certificate of Professional Writing
Campus: Offered at Melbourne Burwood Campus, Off campus
Duration: 1 year part time
Deakin course code: A561

COURSE OVERVIEW
The Graduate Certificate of Professional Writing offers studies in various forms of professional writing and editing. The emphasis is on helping you to develop the skills required to prepare work for publication. In each area of study – fiction, creative non-fiction, writing for children, poetry, editing, publishing and scriptwriting – you will be given practical experience of the process of writing and revision. The program will develop your understanding of the requirements of writing and editing for different readerships.

The units in the program will be valuable to you if you are experienced in writing but feel the need for further guidance or if you want to begin a career in writing. Study at this level can also help you if you are required to write in the course of your employment and wish to enhance your skills in written communication. The editing course introduces you to the key skills required for employment in publishing books and magazines.

The School of Communication and Creative Arts adopts the philosophy that writing and editing should be taught by published writers and practitioners. The teaching staff includes well-known writers and editors, and the program draws on the talents of other publishing professionals as guest speakers.

Graduate Diploma of Politics and Policy

Award granted: Graduate Diploma of Politics and Policy
Campus: Off campus
Duration: 1 year full-time or part-time equivalent
Deakin course code: A616

COURSE OVERVIEW
The emphasis of this course is on the development and implementation of public policy under conditions of democratic governance. Students gain an understanding and practical training focused on the relations between government, the private sector and community organisations and between different levels of government (municipal, state, national, and international). Particular attention is given to the challenges posed by the normative requirements of democracy. The focus on democratic governance within contemporary contexts characterised by rapid change and globalisation distinguishes this course from traditional public policy studies which concentrate primarily on public sector management. Units in the course are grouped into five categories: public policy, government relations, local governance, community development, and global politics. In most units, a comparative approach is employed that situates Australian experiences within an international context.

Graduate Diploma of Language

Award granted  Graduate Diploma of Language
Campus
Duration  3 years part time
Deakin course code  A625

From 2010, this course is for continuing students only.

COURSE OVERVIEW
The Graduate Certificate and Diploma of Language will be of interest to students for whom a systematic study of language is desirable in addition to their primary course of study. As language units must be studied sequentially the award will be completed part-time in up to three years, with students taking one language unit per trimester.

IN-COUNTRY OPTIONS
The option exists to undertake second or third year units in-country over trimester 3. The six week programs are held in Tunisia (Arabic), China (Chinese) and Indonesia or Malaysia (Indonesian). In addition to giving students language skills, participation in the program is a rare opportunity to use the language with native speakers in its natural environment while studying it formally in a more structured classroom context. In addition, since the in-country units are equivalent to one trimester or one year, they could potentially shorten the completion time of the Certificate or Diploma.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the award of Graduate Diploma of Language, a student must successfully complete 8 credit points from the specified list of units below.

Award granted: Graduate Diploma of Media and Communication

Campus: Offered at Melbourne Burwood Campus, Off campus

Duration: 1 year full-time or part-time equivalent

CRICOS course code: 042684G

Deakin course code: A639

COURSE OVERVIEW

Media and communication is the world’s fastest-growing industry. It is also an area of rapid and continuous technological, political, economic and social change. Deakin’s perspective on the media and communication industry integrates several disciplines and emphasises commonalities of practices and institutions in different sectors of the industry. This distinctive interdisciplinary and cross-disciplinary perspective underpins a broad mix of subjects, in contrast to the narrow focus of other vocational courses. Students can choose from a wide range of units that suit their particular interests and units studied in the Graduate Diploma of Media and Communication gain credit in Deakin’s Master of Communication. This flexible approach to skill-building is designed to match the dynamic and unpredictable nature of the industry.

**COURSE OVERVIEW**

The Graduate Diploma of Professional Writing offers studies in various forms of professional writing and editing for graduates with major sequences in other disciplines. The emphasis is on helping you to develop the skills required to prepare work for publication. In each area of study—fiction, creative non-fiction, writing for children, poetry, editing, publishing and scriptwriting—you will be given practical experience of the process of writing and revision. The program will develop your understanding of the requirements of writing and editing for different readerships. The units in the program will be valuable to you if you are experienced in writing but feel the need for further guidance, or if you want to begin a career in writing. Study at this level can also help you if you are required to write in the course of your employment and wish to enhance your skills in written communication. The editing course introduces you to the key skills required for employment in publishing books and magazines. The School adopts the philosophy that writing and editing should be taught by published writers and practitioners. The teaching staff includes well-known writers and editors, and the program draws on the talents of other publishing professionals as guest speakers.

Master of Politics and Policy

Award granted Master of Politics and Policy
Campus Off campus
Duration 1.5 years full-time or part-time equivalent
Deakin course code A716

COURSE OVERVIEW
The emphasis of this course is on the development and implementation of public policy under conditions of democratic governance. Students gain an understanding and practical training focused on the relations between government, the private sector and community organisations and between different levels of government. Particular attention is given to the challenges posed by the normative requirements of democracy. Units in the course are designed to give students a solid background in politics and policy while also building their skills so that they are well trained, highly competent and confident graduates. The focus on democratic governance within contemporary contexts characterised by rapid change and globalisation distinguishes this course from traditional public policy studies which concentrate primarily on public sector management.

Campus  Off campus*
Duration  1 year full-time or part-time equivalent
Deakin course code  A719

* All students should note that attendance on campus will be required for ASC744 Analysis of Quantitative Data, offered as intensive weekend study.

COURSE OVERVIEW
The Master of Applied Social Research is designed to equip graduates with practical and analytical skills in quantitative and qualitative research methods. It aims to develop holistic social researchers who are confident and competent in designing, conducting, interpreting and presenting research. You will examine conceptual and theoretical frameworks informing the research environment as a means to operate effectively within it.

The focus of the program is on building a comprehensive suite of skills and knowledge that can be applied to the social research context. Course content covers the stages of conceptualising and planning research (including ethical, cultural and theoretical dimensions), as well as the requisite skills and techniques used to carry out qualitative and quantitative research (data collection, manipulation, analysis and dissemination). Elective offerings enable you to tailor your degree to your area of interest, with specialisms available in communication, gender, health and social policy.

Master of Arts (International Relations)

Award granted: Master of Arts (International Relations)
Campus: Offered at Melbourne Burwood Campus, Off campus
Duration: 1.5 years full-time or part-time equivalent
CRICOS course code: 039171D
Deakin course code: A726

COURSE OVERVIEW

Deakin’s Master of Arts (International Relations) aims to produce graduates who are able to demonstrate high-level skills of theoretical and empirical analysis and interpretation of global issues and events. In addition, the course will give you a substantial understanding of the complexities of contemporary international relations.

The program is designed for those working in areas such as the public service, private sector corporations, small businesses and non-government organisations who want to develop systematic understanding of the international forces shaping their environment, and enhance their skills in analysis and interpretation.

The program provides the opportunity to examine key issues of both historical and contemporary issues as well as developments in world politics. Students develop skills in policy analysis, systematic understanding of the threats to peace and security, and global forces shaping political, social and economic life.

Specialisations are available in Asia-Pacific Regional Politics, Conflict and Security, International History and Human Rights and International Law. Links with other social science and humanities studies at Deakin offer relevant electives to augment specialisations, such as genocide history, gender and development, and global media units.

The program also offers optional postgraduate internships, allowing you an opportunity to gain experience overseas.

Award granted  Master of International and Community Development
Campus  Off campus
Duration  1.5 years full-time or part-time equivalent
CRICOS course code  036085D
Deakin course code  A727

COURSE OVERVIEW
The Master of International and Community Development is a professional coursework degree designed to serve the needs of those seeking a graduate qualification in international development studies and/or community development.

The course will provide you with both analytical skills for understanding the contexts of development programs as well as practical skills for the formulation, resourcing, implementation, monitoring and evaluation of international and community development projects.

The course is structured around a range of skills-based and knowledge-generation units that address technical and social issues, policy development, project management and analysis of resources. Students are also eligible to complete a 14-16,000 word dissertation unit which provides a research pathway for students to qualify to apply for entry to PhD. They are also eligible to undertake Indonesian language study.

As a graduate of this course you will gain expertise to design and lead creative, effective and culturally-sensitive ways of responding to the challenge of poverty and disempowerment. The philosophical foundation is based on your commitment to work globally and locally, learn from others and remain people-centred.

Master of Arts (Writing and Literature)

Award granted  Master of Arts (Writing and Literature)
Campus  Offered at Melbourne Burwood Campus, Off campus
Duration  1.5 years full-time or part-time equivalent
CRICOS course code  042687E
Deakin course code  A748

COURSE OVERVIEW
Deakin’s Master of Arts (Writing and Literature) offers study in a unique combination of literary and creative writing options, together with the possibility for cross-disciplinary explorations and access to the more practical and applied areas of journalism, media and communications and public relations.

The course is delivered in both on and off-campus study modes, employing flexible, blended teaching and learning methodologies and offering you a broad range of options to design your own program to suit your interests.

The course is designed to provide career enhancement for those who wish to be employed in the fields of children’s literature, literary studies and professional writing.

ALTERNATIVE EXITS

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the Master of Arts (Writing and Literature), a student must successfully complete 12 credit points of study comprising:

• a minimum of 6 credit points to be taken from the following specialisations, including at least 4 credit points (including core units) from one specialisation:
  – Children’s Literature
  – Literary Studies
  – Professional Writing
• a further 6 credit points of electives selected from units offered in the specialisations and/or from units offered in the Master of Communication (A747)

See the Master of Communication (A747) for available units.

Note: Students who complete a specialisation of 4 credit points will have the specialisation indicated on their academic transcript.

SPECIALISATIONS
• Children’s Literature
• Literary Studies
• Professional Writing
Note: Not all units in the specialisations are offered at Burwood and off campus. Please carefully check availability of units in the course structure and unit descriptions.

RESEARCH PATHWAY

Students may also choose to include a Research component within the Master of Arts (Writing and Literature) to enable them to proceed to Higher Degrees by Research (HDR) Programs. Students must complete six credit points of research units as part of the total 12 credit points required to complete the Master of Arts (Writing and Literature).

Students interested in undertaking the research component must complete six credit points of course work with a distinction average before applying for the research pathway.

After completion of four credit points students should seek advice from the unit chair or course coordinator as applications to enrol in the research pathway must be made during the undergraduate re-enrolment period for the following year. The research pathway may only be taken in a minimum of 2 years, and is therefore unsuitable for international students studying on campus.

Master of Arts (Creative Enterprise)

Award granted: Master of Arts (Creative Enterprise)
Campus: Offered at Melbourne Burwood Campus
Duration: 1 year full-time or part-time equivalent
Deakin course code: A758

COURSE OVERVIEW
The Master of Arts (Creative Enterprise) provides intensive training in developing a new creative venture, including business and strategic planning in the creative industries, alongside creative practice and development in writing, publishing, new media, performance and/or film. It culminates in the development of a start-up creative enterprise or production outcomes for a project.

Students may undertake the Master of Arts (Creative Enterprise) (8 cp) in part time or full time mode. The course builds on core units of Arts Audiences, Arts/Media Law and New Ventures, with the option of an elective in areas such as photography, dance, events/working in creative teams and fundraising. It culminates in developing the project in a studio-based incubator environment. Every student will bring to the course a creative idea, concept or project that is to be developed through learning, practice and mentoring in enterprise skills and creative production in a studio-based incubator environment. Industry practitioners and professionals will act as mentors to the ‘classroom as incubator’.

The Master of Arts (Creative Enterprise) is a unique course, offering local creative practitioners a lifelong investment in their entrepreneurial and economic future. It also meets a growing international student demand for transferring education in the creative arts to a creative business.

Note: This course version is for continuing students who enrolled prior to 2012.

COURSE OVERVIEW
There has been a pronounced internationalisation of the practice of law in the last decade, so this course is designed for students seeking a broader education and an international edge for their future career. The study is based on an international orientation, and students will have a commitment to studying at an overseas university or taking up an internship with an overseas organisation. This course will enable students to: develop their understanding of the international forces shaping government, business and community life in contemporary Australia; analyse and interpret these forces; develop cross-cultural competencies through an internationally oriented curriculum; participate in an international study experience; and learn the principles of ‘the internationalisation of the law’.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Bachelor of Laws/Bachelor of Arts (International Studies) course comprises 40 credit points of study. Students will undertake 16 credit points in the Faculty of Arts and Education and 24 credit points in the Faculty of Business and Law. Course requirements for both the Bachelor of Arts (International Studies) (A326) and the Bachelor of Laws (M312) must be satisfied.

Within the 24 credit points required in the Bachelor of Laws, 20 credit points are core and 4 credit points are studied as elective Law units. In addition, students are required to complete the prescribed Professional Experience and four practical legal skills units in order to be eligible to graduate.

Within the 16 credit points required for the Bachelor of Arts (International Studies) component of the degree current students must complete an 8-credit-point major sequence, a 4-credit-point minor sequence and an approved international study experience (2 to 4 credit points). It is envisaged that students would complete the overseas experience in the third or fourth year of their course. The unit AIS201 International Studies @ Work will be offered as a core unit for students commencing from 2012. It is a highly recommended unit for current students in this course.

All commencing students are required to successfully complete at least one wholly online unit. See course entry Bachelor of Laws (M312) or Bachelor of Arts (International Studies) (A326).
Bachelor of Exercise and Sport Science/Bachelor of Commerce

Award granted: Bachelor of Exercise and Sport Science / Bachelor of Commerce

Duration: 4 years full-time or part-time equivalent

CRICOS course code: 055180C

Deakin course code: D324

Offered to continuing students only.

Students may need to refer to previous online Handbooks or consult their course enrolment officer. Students who commence in 2011 should refer to the entry for D394 Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management).

COURSE OVERVIEW

This course is designed for students who wish to gain expertise in both exercise science and sport management. Graduates from this combined course will be expected to provide enhanced professional leadership in the field and make a marked impact on the continued strong development of the Australian sporting industry.

The Exercise and Sport Science aspect of the course is designed to equip students with the necessary skills, understanding and attitudes to pursue professional careers in the exercise and sport fields. The core units provide students with a sound understanding of the core sciences underpinning both competitive sport and recreational physical activity and the relationship between physical activity and health. Students may choose their two credit points of elective units from the areas of physiology, metabolism, behaviour, movement and physical activity. The Commerce aspect of the course is designed to equip students with a solid foundation in business studies, and the unique knowledge and specialist skills identified within the industry required by sport managers in Australian organisations.

Bachelor of Property and Real Estate/Bachelor of Commerce

Award granted: Bachelor of Property and Real Estate/Bachelor of Commerce
Campus: Offered at Melbourne Burwood Campus
Duration: 4 years full-time
Deakin course code: D325

COURSE OVERVIEW
The Bachelor of Property and Real Estate/Bachelor of Commerce (BPRE/BCom), brings together Deakin’s relatively new Bachelor of Property and Real Estate and longstanding Bachelor of Commerce into a four year program of study. This degree will provide you with the opportunity to undertake complementary major sequences in commerce and property and real estate.

The Bachelor of Commerce has a strong public profile and an established reputation with industry and professional bodies. Property and real estate is an established discipline in Australia and the course is designed to produce highly skilled property professionals who are able to enter the workforce with a qualification fully recognised by employers, government and professional organisations.

PROFESSIONAL RECOGNITION
The Bachelor of Property and Real Estate has professional accreditation by the Australian Property Institute and the Royal Institution of Chartered Surveyors. Graduates will be eligible for registration as a Certified Practising Valuer.

The Bachelor of Commerce can lead to accreditation with many professional bodies, such as the Certified Practicing Accountant (CPA) Program of CPA Australia, entry into the CA program of the Institute of Chartered Accountants in Australia (ICAA), the National Institute of Accountants (NIA) Professional Accounting Program (PEP), the Australian Computer Society (ACS), the Economics Society of Australia and the Australian Marketing Institute, provided that specific requirements within the course have been met.

Units in addition to the 16 credit points required for completion of the Bachelor of Commerce component of this combined course may be necessary to attain some of these professional accreditations.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- fees are calculated on a per unit basis
- fees charged will depend on the individual units chosen
- fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The combined course will comprise 32 credit points of study. Students will undertake 16 credit points from the Bachelor of Property and Real Estate and 16 credit points from the Bachelor of Commerce. Course requirements for both the Bachelor of Property and Real Estate (M348) and the Bachelor of Commerce (M300) must be satisfied.

The 16 credit points studied within the Bachelor of Commerce must include the 10 Bachelor of Commerce core units.

The 16 credit points studied within the Bachelor of Property and Real Estate will comprise 16 credit points of core units of which four are common with the Bachelor of Commerce core units.
Students must also complete:

- One of the three major sequences from the Property and Real Estate course (Management, Marketing or Sustainability)
- An additional major sequence from the Commerce course
- A minimum of four credit points at Level 3, which must be course grouped to a Faculty of Business and Law undergraduate degree.

All commencing students are required to successfully complete at least one wholly online unit.

Notes:
Students must complete two major sequences. One major sequence cannot count towards both degrees. Units from major sequences offered in the Bachelor of Property and Real Estate are course grouped to Business and Law.

The Sustainability major sequence is subject to continued offering of units by the Faculty of Science and Technology.

Award granted: Bachelor of Management / Bachelor of Arts
Campus: Offered at Geelong Waurn Ponds Campus, Warrnambool Campus
Duration: 4 years full-time or part-time equivalent
CRICOS course code: 062180M
Deakin course code: D326

Note: Students who commenced the Bachelor of Arts/Bachelor of Management prior to 2008 should refer to the 2007 Handbook for course details.

COURSE OVERVIEW
The Bachelor of Arts/Bachelor of Management combined course allows students to undertake generalist studies in Arts and Management and to combine complementary majors from both degrees. The Bachelor of Arts is a highly flexible degree allowing students to concentrate their studies into the area that most interests them. The Faculty of Arts and Education and the Faculty of Business and Law are responsible for this combined course which leads to the awards of Bachelor of Arts and Bachelor of Management.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
This combined course is comprised of 32 credit points of study. Students will undertake 16 credit points in the Bachelor of Arts and 16 credit points in the Bachelor of Management. Course requirements for both the Bachelor of Arts (A300) and the Bachelor of Management (M302) must be satisfied.

Within the 16 credit points required for the Bachelor of Arts a minimum of 4 credit points must be completed at level 3 and a major sequence as described under course A300 Bachelor of Arts must also be completed.

Within the 16 credit points required for the Bachelor of Management, students will need to:
Complete the Business and Law course grouped units (totalling 16 credit points). This includes a core Business management stream made up of eight credit points. Students may choose to complete an eight credit point General Students Stream from a specified list or a major sequence.

Students must not complete more than ten credit points at Level 1 and must complete at least four credit points at Level 3. Students may take up to eight credit points from approved units offered by other faculties including a major sequence made up of a minimum of six credit points defined by the relevant Faculty Board. All commencing students are required to successfully complete at least one wholly online unit.

See course entry for Bachelor of Arts (A300) or Bachelor of Management (M302).

Note: Students who commenced this course prior to 2008 should refer to the 2007 Handbook for the Bachelor of Management course details.

COURSE OVERVIEW
The Bachelor of Management/Bachelor of Laws combined course allows students to gain a sound understanding of the context in which the law operates in the business world. The Bachelor of Laws (LLB) emphasises a case-study approach and has a strong practical legal skills component. The Bachelor of Management enables students to acquire and master a solid understanding of the intellectual foundations of the study of management and its main components. The Faculty of Business and Law is responsible for this combined course which leads to the awards of Bachelor of Management and Bachelor of Laws.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
This combined course requires completion of 40 credit points. Students will undertake 16 credit points in the Bachelor of Management and 24 credit points in the Bachelor of Laws. Course requirements for both the Bachelor of Management (M302) and the Bachelor of Laws (M312) must be satisfied.

Within the 16 credit points required for the Bachelor of Management, students will need to:
Complete the Business and Law course grouped units (totalling 16 credit points). This includes a core Business management stream made up of eight credit points. COURSE OVERVIEW
Combining another degree with a Bachelor of Laws is an excellent way to enhance understanding of the context in which the law operates. In the Bachelor of Science/Bachelor of Laws combined course, students can combine studies in law with studies in science, such as biology, biological chemistry, chemistry, environmental science, mathematical modelling, or zoology. The Faculty of Science and Technology and the Faculty of Business and Law are responsible for this combined course, which leads to the awards of Bachelor of Science and Bachelor of Laws.

COURSE OVERVIEW
The combined Bachelor of Criminology/Bachelor of Laws degree will build on the Faculty of Arts and Education’ existing linkages with the Faculty of Business and Law including the Bachelor of Arts/Bachelor of Laws. The attraction of pedagogic logic of studying Criminology and Law has already been demonstrated, in the form of students majoring in Criminology in combined Arts/Law degrees. The introduction of the Bachelor of Criminology in 2007 invites the strengthening of cross-Faculty linkages in the combined Bachelor of Criminology/Bachelor of Laws degree.

COURSE RULES
To qualify for the Bachelor of Criminology/Bachelor of Laws students must complete 40 credit points of study.

Students will undertake 16 credit point in the Faculty of Arts and Education and 24 credit points in the Faculty of Business and Law. Course requirements for both the Bachelor of Criminology (A329) and Bachelor of Laws (M312) must be satisfied.

Within the 16 credit points required for the Bachelor of Criminology portion of the degree students undertake 8 credit points of core units and 8 credit points of electives. Within the 24 credit points required in the Bachelor of Laws, 20 credit points are core and 4 credit points are taken as elective units. In addition, students are required to complete the prescribed Professional Experience and four practical legal skills units in order to be eligible to graduate.

All commencing students are required to successfully complete at least one wholly online unit.

(i) Law electives are offered on a yearly rotational basis. Not every unit is offered every year.
(ii) All students are required to successfully complete at least one wholly online unit.
Bachelor of Arts (International Studies)/Bachelor of Commerce

Award granted  Bachelor of Arts (International Studies) / Bachelor of Commerce
Campus  Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus, Off campus
Duration  4 years full-time or part-time equivalent
CRICOS course code  060432A
Deakin course code  D338

Note: This course version is for continuing students who enrolled prior to 2012.

COURSE OVERVIEW
This specialist degree is designed to provide students with the opportunity to combine complementary major sequences in international studies and commerce. The focus is on an international orientation and students will be expected to make a commitment to an internship with an overseas organisation, or a period of study at an overseas university, or to participate in an in-country language program.

This course is designed to enable students to:

• develop their understanding of the international forces shaping government, business and community life in contemporary Australia
• develop a range of skills in analysis and interpretation of these forces
• have a grounding in business disciplines
• develop cross-cultural competencies through an internationally oriented curriculum and through participation in international study or work experience.

ALTERNATIVE EXITS
A326, M300.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the Bachelor of Arts (International Studies)/Bachelor of Commerce students must complete 32 credit points of study.

Students will undertake 16 credit points in the Faculty of Arts and Education and 16 credit points in the Faculty of Business and Law.

Course requirements for both the Bachelor of Arts (International Studies) (A326) and Bachelor of Commerce (M300) must be satisfied.

The 16 credit points studied within the Faculty of Business and Law must include the 10 Bachelor of Commerce core units: MAA103, MAE101, MAE102, MAF101, MLC101, MMM132, MSC120, MSQ171, MMH299 and MMK277. In addition students must complete a prescribed Commerce major sequence and a minimum of 4 credit points at level 3 which must be Faculty of Business and Law units course grouped to a Faulty of Business and Law undergraduate degree.
Within the 16 credit points required for the Bachelor of Arts (International Studies) current students must complete an 8-credit-point major sequence, a 4-credit-point minor sequence and an approved international study experience (2 to 4 credit points). It is envisaged that students would complete the overseas experience in the third or fourth year of their course. The unit AIS201 International Studies @ Work will be offered as a core unit for students commencing from 2012. It is a highly recommended unit for current students in the course.

See course entry for Bachelor of Arts (International Studies) (A326) or Bachelor of Commerce (M300).
Bachelor of Teaching (Secondary)/Bachelor of Science

Award granted: Bachelor of Science / Bachelor of Teaching (Secondary)
Campus: Offered at Melbourne Burwood Campus
Duration: 4 years full-time or part-time equivalent
CRICOS course code: 016679K
Deakin course code: D344

Note: Offered to continuing students only at the Melbourne Campus at Burwood. Students should discuss unit selections with their enrolment officer.

COURSE OVERVIEW
The Bachelor of Teaching (Secondary) degree introduces students to the knowledge and competencies required by secondary teachers as well as providing students with a broad understanding of the practice of educators. The partner component provides students with a depth of knowledge in one or more fields of study within a Bachelor of Science degree with the Faculty of Science and Technology.

CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

PROFESSIONAL EXPERIENCE REQUIREMENTS
Students are required to undertake professional experience placements concurrently with their secondary curriculum method studies. Students must be enrolled in an appropriate school experience unit in addition to enrolment in the secondary curriculum study method units.

Students may be required to complete the school experience component of the course outside the academic year. A satisfactory level of teaching competence during school experience is required for the award of the degree.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Bachelor of Teaching (Secondary) degree is undertaken in conjunction with the Bachelor of Science. Each course alone comprises 24 credit points but the two courses together constitute a combined course of 32 credit points. Course requirements for both degrees must be satisfied.

To complete the Bachelor of Teaching (Secondary) component of the course, 16 credit points must be taken in education and curriculum studies offered by the School of Education.

Students who are accepted into a Bachelor of Teaching (Secondary) combined course will be advised at the time of enrolment of the units recommended for study within the Bachelor of Science. Students should consult the unit descriptions for the Bachelor of Science for an indication of the possible range of units available for selection.
To satisfy the Bachelor of Science requirements students must complete 16 credit points in the Faculty of Science and Technology, including at least one 8-credit-point major sequence in a specific science discipline at least 4 science skill core units, a maximum of six units at level 1 and a minimum of four units at level 3.

DETAILED COURSE RULES

To be awarded the Bachelor of Teaching (Secondary) a student must satisfactorily complete 24 credit points of study that includes:

- 16 credit points of specified units from the School of Education of which not less than 14 credit points are to be at level 2 or higher and at least 6 credit points are to be at level 3 or higher
- a major sequence of course-grouped units amounting to not less than 8 credit points
- units amounting to not more than 8 credit points from the units leading to the award of a bachelor’s degree in a faculty specified by the Faculty of Arts and Education; and

Students shall complete – within a partner Bachelor of Science degree:

- 16 credit points from science course-grouped units, which includes up to 6 credit points at level 1 and a minimum of 4 credit points at level 1 and a minimum of 4 credit points at level 3.
- a major sequence of at least 8 credit points in one science discipline area
- a minor sequence of at least 4 credit points in a second science discipline area (both the major and minor are to be related to the secondary curriculum method studies undertaken.

In addition, students commencing in 2006 are also required to complete four science skill units at level 1.

The course of study shall be completed within a period of not less than four years when undertaken as a combined course of 32 credit points and except with the permission of the Faculty Board not more than 10 consecutive years from the date of first enrolment in the course.

The course of study shall include satisfactory completion of at least 80 days of supervised school experience. Students should note that four years of tertiary study inclusive of teacher education is required for employment as a teacher in Victoria.

MAJOR SEQUENCES

Majors for the Bachelor of Science

Students may choose their major and minor from the following disciplines (students should consult their course advisor before choosing their major and minor):

- Biology
- Biological Chemistry
- Environmental Science
- Mathematical Modelling

Note: In order to meet all course requirements within 16 credit points, Environmental Science and Mathematical Modelling can only be combined as a major or minor with Biology or Chemistry.
COURSE STRUCTURE

Course sequence for Bachelor of Teaching (Secondary)/Bachelor of Science
For continuing students only.

Level 2

Trimester 1
EXE201 Creating Effective Learning Environments (B, G, W)
EXS201 Unit description is currently unavailable
Secondary Curriculum Study (middle school level or A) – corresponding to Science major or sub-major sequence of study.
2 credit points from approved units in Science degree course.

Trimester 2
EXE202 Curriculum, Assessment and Reporting (B, G, W)
EXS202 Secondary School Experience 2b (B)
Secondary Curriculum Study (senior school level or B) – corresponding to Science major or sub-major sequence of study.
2 credit points from approved units in Science degree course.

Level 3

Trimester 1
ESM300 Numeracy Across the Curriculum (ONLINE)
EXS301 Secondary School Experience 3a (B)
Secondary Curriculum Study (middle school level or A) – corresponding to Science major or sub-major sequence of study.
2 credit points from approved units in Science degree course.

Note: ESM300 is offered in wholly online mode.

Trimester 2
ECL302 Literacy Across the Curriculum (B)
EXS302 Secondary School Experience 3b (B)
Secondary Curriculum Study (senior school level or B) – corresponding to Science major or sub-major sequence of study.
2 credit points from approved units in Science degree course.

Level 4
for students commencing prior to 2005 only

Trimester 1
EXE401 Professional Relationships (B, G, W)
EXS401 Secondary School Experience 4a (B)
One Education elective unit
2 credit points from approved units in Science degree course

Trimester 2
EXE402 Transition to Beginning Teaching (B, G, W)
Three Education elective units
EXS402 Secondary School Experience 4b (B)
EXS403 Secondary School Experience 4c (B)
Level 4
for students commencing from 2005 only

Trimester 1
EXE401  Professional Relationships (B, G, W)
EXS401  Secondary School Experience 4a (B)
One Education elective unit
2 credit points from approved units in Science degree course

Trimester 2
EXC440  Teaching for Diversity (B)
EXC530  Promoting Student Wellbeing (B, G)
EXE402  Transition to Beginning Teaching (B, G, W)
One Education elective unit.
EXS402  Secondary School Experience 4b (B)
EXS403  Secondary School Experience 4c (B)

Note: The Education elective units are selected in consultation with the course adviser to complement the teaching methods (curriculum studies).

SECONDARY CURRICULUM STUDIES
Note: Students are required to undertake professional experience placements concurrently with enrolment in secondary curriculum studies.

Mathematics
ESM424  Mathematics: Curriculum Study (B, G, X)
ESM425  Senior Mathematics: Curriculum Study (B, G, X)

Environmental Science

**WORKING WITH CHILDREN CHECK**
The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

Professional experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing professional experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

**PROFESSIONAL EXPERIENCE REQUIREMENTS**
Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the School Experience Office and students do not make contact with schools regarding placements under any circumstances.

Students should also note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office.
Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course.

Students may be required to complete the school experience component of the course outside the academic year. A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

PROFESSIONAL EXPERIENCE ENROLMENT

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

*Note: Course version for students who commenced prior to 2007. Students should discuss unit selections with their enrolment officer.*

**COURSE OVERVIEW**

The Bachelor of Teaching (Secondary) degree introduces students to the knowledge and competencies required by secondary teachers as well as providing students with a broad understanding of the practice of educators. The partner component provides students with a depth of knowledge in one or more fields of study within a Bachelor of Arts degree.

**CONTACT HOURS**

For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

**PROFESSIONAL EXPERIENCE REQUIREMENTS**

Students are required to undertake professional experience placements concurrently with their secondary curriculum method studies.

Students must be enrolled in an appropriate school experience unit in addition to enrolment in the secondary curriculum study method units. Students may be required to complete the school experience component of the course outside the academic year. A satisfactory level of teaching competence during school experience is required for the award of the degree.

**LOTE/TESOL REQUIREMENTS**

Students wishing to specialise in teaching, languages other than English (LOTE) or teaching English to speakers of other languages (TESOL) within the Bachelor of Teaching (Secondary)/Bachelor of Arts must note the requirements below. Students are advised to take four linguistics discipline units: ELL101, ELL102, ELL201 and ELL202 offered by the School of Education. ELL101, ELL102, ELL201 and ELL202 are course grouped to the Bachelor of Arts degree component of the course.

**LOTE**

Students are advised that the requirements of the Victorian Institute of Teaching for primary and secondary teachers of LOTE (Languages Other Than English) are as follows:

- A post-Year 12 major study in the language, together with teaching methodology in LOTE.

Native speakers of the language may seek a statement of equivalence from a Victorian University, to verify that they meet the standard of a ‘post year 12 major study’. Teachers wishing recognition in languages which are not taught in Victorian universities and for which university statements of equivalence are not available, may seek equivalence accreditation with the Department of Education and Training, Victoria.
TESOL

The Victorian Institute of Teaching requirements for TESOL (Teaching English to Speakers of Other Languages) include a sub-major in one of:

- Linguistics, or
- A second language (ie. not the teacher’s first language), or Appropriate TESOL studies; together with
- Teaching methodology in TESOL.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

The Bachelor of Teaching (Secondary) degree is undertaken in conjunction with the Bachelor of Arts. Each course alone comprises 24 credit points but the two courses together constitute a combined course of 32 credit points. Course requirements for both degrees must be satisfied.

To complete the Bachelor of Teaching (Secondary) component of the course, 16 credit points must be taken in education and curriculum studies offered by the School of Education.

Students who are accepted into a Bachelor of Teaching (Secondary) combined course will be advised at the time of enrolment of the units recommended for study within the Bachelor of Arts. Students should consult the unit descriptions for the Bachelor of Arts for an indication of the possible range of units available for selection.

Within the 16 credit points required for the Bachelor of Arts portion of the degree a minimum of 4 credit points must be completed at level 3 and a major sequence as described under course A300 Bachelor of Arts must also be completed.

Students are not permitted to enrol in units from another faculty (other than Psychology and Mathematics which are classed as Arts grouped).

The following major sequences in Arts are available at the Melbourne Burwood Campus: Australian Studies, Dance, Drama, Film Studies, History, International Relations, Languages (LOTE – Arabic, Chinese, Indonesian), Literary Studies, Mathematics, Media and Communication, Philosophy, Photography, Politics and Policy Studies, Psychology and Sociology. Please note that entry to Dance and Drama is by audition.

DETAILED COURSE RULES

To be awarded the Bachelor of Teaching (Secondary) a student must satisfactorily complete 24 credit points of study:

- that includes 16 credit points of specified units from the School of Education of which not less than 14 credit points are to be at level 2 or higher and at least 6 credit points are to be at level 3 or higher
- that includes a major sequence of course-grouped units amounting to not less than 6 credit points
- that includes units amounting to not more than 8 credit points from the units leading to the award of a bachelors degree in a faculty specified by the School of Education

Students shall complete – within a partner degree in a combined structure – a major sequence of at least 6 credit points in one discipline area and a minor sequence of at least 4 credit points in a second discipline area which are to be related to the secondary curriculum method studies undertaken.
The course of study shall be completed within a period of not less than four years when undertaken as a combined course of 32 credit points and except with the permission of the Faculty Board not more than 10 consecutive years from the date of first enrolment in the course.

The course of study shall include satisfactory completion of at least 80 days of supervised school experience. Students should note that four years of tertiary study inclusive of teacher education is required for employment as a teacher in Victoria.

WORKING WITH CHILDREN CHECK

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

Professional experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing Professional experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance—a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

PROFESSIONAL EXPERIENCE REQUIREMENTS

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the School Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the on-line instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.
Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

**PROFESSIONAL EXPERIENCE ENROLMENT**

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Bachelor of Teaching (Secondary)/Bachelor of Arts

**Award granted**  Bachelor of Arts / Bachelor of Teaching (Secondary)

**Campus**  Offered at Melbourne Burwood Campus

**Duration**  4 years full-time or part-time equivalent

**CRICOS course code**  016705B

**Deakin course code**  D347

*Note: Current course version for students commencing from 2007 to 2010.*

**COURSE OVERVIEW**

Deakin’s Bachelor of Teaching (Secondary)/Bachelor of Arts degree will introduce you to the knowledge and competencies required by secondary teachers as well as providing you with a broad understanding of the practice of educators. The course will also give you in-depth knowledge in one or more fields of study within the Bachelor of Arts.

As part of the teaching component of this course you will learn key skills required for being a secondary teacher through studying topics such as assessment and reporting, how to create effective learning environments, and understanding children and adolescents. You are required to complete a minimum of 80 days supervised school experience over the duration of the course, providing hands-on experience in a classroom setting.

Studies in the arts will provide you with opportunities to develop skills of critical and systematic thinking; an imaginative understanding and appreciation of the theory and practice of the social sciences; enhanced cultural sensitivity and understanding; skills and knowledge relevant to employment in the modern workforce and familiarity with the use and importance of information technology in learning and employment. All of these skills will complement the teaching profession.

**CONTACT HOURS**

For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

**LOTE/TESOL REQUIREMENTS**

Students wishing to specialise in teaching languages other than English (LOTE) or teaching English to speakers of other languages (TESOL) within the Bachelor of Teaching (Secondary)/Bachelor of Arts must note the requirements below. Students are advised to take four linguistics discipline units ELL101, ELL102, ELL201 and ELL202 offered by the School of Education. ELL101, ELL102, ELL201 and ELL202 are course grouped to the Bachelor of Arts degree component of the course.

**LOTE (Languages other than English)**

Students are advised that the requirements of the Victorian Institute of Teaching for primary and secondary teachers of LOTE are as follows:

- An Advanced level major study in the language requiring successful completion of Year 12 studies in the language for entry into the program.

*NOTE: Native speakers of the language may seek a statement of equivalence from an Australian university, to verify that their knowledge and competence in the language meets the standard of a post-Year 12 Advanced level major study in the language.*
All programs or program combinations should equip prospective teachers of languages with:

- a sufficient level of competence in a range of acceptable spoken and written uses of the standard variety of the language so that they can provide their students with a reliable language model. This includes the ability to use the language:
  - in an appropriate range of registers and contexts
  - as the medium of instruction for classroom and instructional purposes
  - with users from a range of ages, regions and/or social groups, both in Australia and overseas
  - an understanding of the significant works of the language (poetry, prose, drama, song, film etc), both contemporary and traditional, and insights into its related history, culture and social life, including in Australia
  - knowledge of the formal properties of the phonology, syntax and discourse patterns of the standard language; an understanding of the significant features of the main varieties of the language (regional and social); an understanding of the legitimacy of a range of varieties/settings of the language; and an understanding of the contrastive features of English and the language
  - a sound understanding of the pedagogy for teaching languages in the primary and/or secondary schools, including the ability to implement various program models for teaching languages
  - an understanding of contemporary research findings in language acquisition, including oracy and literacy development in the first and second languages
  - educational theory and practice in Australian schools as it relates to the teaching of languages.

**TESOL (Teaching English to Speakers of Other Languages)**

The Victorian Institute of Teaching requirements for TESOL are as follows:

- A sub-major study in one of Linguistics or
- A second language (i.e. not the teacher’s first language) or
- Appropriate TESOL Studies that includes the following core content:
  - the nature of the English language and the learning of English including formal systems, spoken and written discourse, language and social context, and bi/multilingual language and literacy development
  - the socio-cultural context of TESOL including educational, cultural, historical and inter-group issues and the implications for teaching and learning
  - acquisition of English as a second or additional language. The study of how a second or additional language is acquired with reference to English with implications for TESOL pedagogy
  - the institutional context of TESOL including the role of the TESOL teacher in the school organisation, with parents (as appropriate) and the wider community
  - together with teaching methodology which covers TESOL principles and approaches for a range of educational contexts, including factors affecting the development of language proficiency, and assessment procedures to facilitate appropriate placement of students with ESL needs.

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

The Bachelor of Teaching (Secondary) degree is undertaken in conjunction with the Bachelor of Arts. Each course alone comprises 24 credit points but the two courses together constitute a combined course of 32 credit points. Course requirements for both degrees must be satisfied.

To complete the Bachelor of Teaching (Secondary) component of the course, 16 credit points must be taken in education studies, curriculum studies, and school experience offered by the School of Education.
Students who are accepted into a Bachelor of Teaching (Secondary) combined course will be advised at the time of enrolment of the units recommended for study within the Bachelor of Arts. Students should consult the unit descriptions for the Bachelor of Arts to get an indication of the possible range of units available for selection.

Within the 16 credit points required for the Bachelor of Arts portion of the degree a minimum of 4 credit points must be completed at level 3 and a major sequence as described under course A300 Bachelor of Arts must also be completed.

Students are not permitted to enrol in units from another faculty (other than Psychology and Mathematics which are classed as Arts grouped).

The following teaching methods which relate to the major sequences in Bachelor of Arts are available at the Melbourne Burwood Campus:

- Dance*
- Drama*
- English Major sequence in Literacy Studies (plus a part in Linguistics offered by Education)
- LOTE Major sequence in Arabic, Chinese, Indonesian, Italian
- Mathematics
- Media Major sequence in Film Studies, Media & Communication, Photography
- Psychology
- Humanities, Societies and Environments (formerly SOSE) Major sequence in Australian Studies, History, Philosophy, Politics & Policy Studies, Sociology
- TESOL Major sequence in Arabic, Chinese, Indonesian
- Visual Arts

* Please note that entry to Dance and Drama is by audition.

**DETAILED COURSE RULES**

WORKING WITH CHILDREN CHECK

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

PROFESSIONAL EXPERIENCE REQUIREMENTS

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the online instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement. S

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.
Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

PROFESSIONAL EXPERIENCE ENROLMENT

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Bachelor of Teaching (Secondary)/Bachelor of Arts

Award granted  Bachelor of Arts / Bachelor of Teaching (Secondary)
Campus  Offered at Melbourne Burwood Campus
Duration  4 years full-time or part-time equivalent
CRICOS course code  073789J
Deakin course code  D347

Notes:
(i) Current course version for students commencing from 2011 onwards.
(ii) Students enrolled between 2007 and 2010 are to refer to the 2007 to 2010 version of this course.
(iii) Students enrolled prior to 2007 should contact their enrolment officer for course advice.

COURSE OVERVIEW
Deakin’s Bachelor of Teaching (Secondary)/Bachelor of Arts degree will introduce you to the knowledge and competencies required by secondary teachers as well as providing you with a broad understanding of the practice of educators. The course will also give you in-depth knowledge in one or more fields of study within the Bachelor of Arts.

As part of the teaching component of this course you will learn key skills required for working as a secondary teacher through studying topics such as teacher-learner identity, policy, schooling and society, how to create learning-teaching environments, pedagogy, understanding children and adolescents, and professional identity and curriculum. You are required to complete a minimum of 80 days supervised school experience over the duration of the course, providing hands-on experience in a classroom setting.

Studies in the arts will provide you with opportunities to develop skills of critical and systematic thinking; an imaginative understanding and appreciation of the theory and practice of the social sciences; enhanced cultural sensitivity and understanding; skills and knowledge relevant to employment in the modern workforce and familiarity with the use and importance of information technology in learning and employment. All of these skills will complement the teaching profession.

CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Bachelor of Teaching (Secondary) degree is undertaken in conjunction with the Bachelor of Arts. Each course alone comprises 24 credit points but the two courses together constitute a combined course of 32 credit points. Course requirements for both degrees must be satisfied.

To complete the Bachelor of Teaching (Secondary) component of the course, 16 credit points must be taken in Professional Education studies, and curriculum studies offered by the School of Education. Students accepted into the combined course will be advised at the time of enrolment of the units recommended for
study within the Bachelor of Arts. Students should consult the unit descriptions for the Bachelor of Arts to get an indication of the possible range of units available for selection.

Within the 16 credit points required for the Bachelor of Arts portion of the degree a minimum of 4 credit points must be completed at level 3 and a major sequence as described under course A300 Bachelor of Arts must also be completed. Students are not permitted to enrol in units from another faculty (other than Psychology and Mathematics which are classed as Arts grouped).

DETAILS OF MAJOR SEQUENCES

The following teaching methods which relate to the major sequences in Bachelor of Arts are available at the Melbourne Burwood Campus:

- Dance (entry by audition)
- Drama (entry by audition)
- English (Major sequence in Literacy Studies plus a part in Linguistics offered by Education)
- LOTE (Languages other than English: Major sequence in Arabic, Chinese, Indonesian, Italian)
- Mathematics
- Media (Major sequence in Film Studies, Media & Communication, Photography)
- Music (must have VCE music or Grade 6 AMEB)
- Psychology
- Humanities, Societies and Environments (SOSE) (Major sequence in Australian Studies, History, Philosophy, Politics & Policy Studies, Sociology)
- TESOL
- Visual Arts

Students can also undertake a double curriculum specialisation in one of the method areas below:

- Dance
- Drama
- Music
- English
- Humanities, Society & Environment (SOSE)
- Visual Arts

Students may undertake four linguistics discipline units ELL101, ELL102, ELL201 and ELL202 offered by the School of Education. ELL101, ELL102, ELL201 and ELL202 are course grouped to the Bachelor of Arts degree component of the course and are suitable for students wishing to teach in TESOL, LOTE or English.

In regards to LOTE, the Victorian Institute of Teaching for primary and secondary teachers of LOTE requires an Advanced level major study in the language requiring successful completion of Year 12 studies in the language for entry into the course. Native speakers of the language may seek a statement of equivalence from an Australian university, to verify that their knowledge and competence in the language meets the standard of a post-Year 12 Advanced level major study in the language.

For those students wanting to undertake TESOL, the Victorian Institute of Teaching requirements for TESOL are a sub-major study in one of Linguistics or a second language (i.e. not the teacher’s first language) or appropriate TESOL Studies that includes the following core content:

- the nature of the English language and the learning of English including formal systems, spoken and written discourse, language and social context, and bi/multilingual language and literacy development
- the socio-cultural context of TESOL including educational, cultural, historical and inter-group issues and the implications for teaching and learning acquisition of English as a second or additional language. The study of how a second or additional language is acquired with reference to English with implications for TESOL pedagogy
• the institutional context of TESOL including the role of the TESOL teacher in the school organisation, with parents (as appropriate) and the wider community together with teaching methodology which covers TESOL principles and approaches for a range of educational contexts, including factors affecting the development of language proficiency, and assessment procedures to facilitate appropriate placement of students with ESL needs.

DETAILED COURSE RULES
The Bachelor of Teaching (Secondary)/ Bachelor of Arts student must satisfactorily complete 24 credit points of study that includes:

• 16 credit points of specified units from the School of Education of which not less than 14 credit points are to be at level 2 or higher and at least 6 credit points are to be at level 3 or higher
• a major sequence of course-grouped units amounting to not less than 6 credit points
• units amounting to not more than 8 credit points from the units leading to the award of a bachelors degree in a faculty specified by the School of Education

Students will complete within the Bachelor of Arts (BA) a major sequence of 8 credit points in one discipline area and a minor sequence of at least 4 credit points in a second discipline area which are to be related to the secondary curriculum method studies undertaken. There is a cap of 12 units set for each major in each discipline, with an additional internship unit available. Flexibility in the structure of the BA provides students with the opportunity to pursue their own interests and design their own courses of study within guidelines, including up to 8 credit points from other faculties or by cross-institutional study.

The course of study shall be completed within a period of not less than four years when undertaken as a combined course of 32 credit points and except with the permission of the Faculty Board not more than 10 consecutive years from the date of first enrolment in the course. Within the course of study, students will also satisfactorily complete 80 days of supervised school experience. This is a requirement for employment as a teacher in the State of Victoria if one undertakes tertiary study in teacher education.

EPP406 Professional Identity and Curriculum Work (35 days)

To pass the units listed above pre-service teachers must successfully complete the unit work assignment component, submitting and passing the unit’s associated assessment pieces; and successfully complete the appropriate professional experience days based in school/s.
The practicum component is assessed primarily by the supervising classroom teacher in consultations with the pre-service teacher. Satisfactory completion of the practicum component within each education studies/professional experience unit is compulsory in order for the student to progress.

**COURSE OVERVIEW**

Deakin’s innovative Bachelor of Teaching (Science)/Bachelor of Science degree provides graduates with a full science degree and a complete secondary teaching qualification.

It will prepare you for a career in science education, but also provide career flexibility through the widening field of science communication, and science-related industries.

The flexible course structure gives you the opportunity to pursue two major study areas. Discipline and elective units in a variety of contemporary teaching fields – such as biology, chemistry, mathematical modelling and environmental science – will help you to build a breadth of knowledge in areas of interest.

The course aims to provide a broad, general education to equip you for employment in a wide range of science fields including secondary science teaching. It places great emphasis on industry experience and innovative teaching practices, and has a strong focus on integrating the traditional disciplines with vocational education and training.

The course includes 80 days of supervised school experience. Some of this experience will take place in non-school settings, consistent with current directions advocated by the Victorian Institute of Teaching. A strength of the course for teacher graduates is the wider conception of science teaching and learning contexts.

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

The Bachelor of Teaching (Science) is offered as a combined course of 32 credit points (four years of full time study or part-time equivalent) with the revised Bachelor of Science to prepare secondary teachers in the disciplines of science and mathematics. Each Faculty will teach 16 credit points.

To satisfy the Bachelor of Science requirements students must complete 16 credit points in the Faculty of Science and Technology, including at least one 8-credit-point major sequence in a specific science discipline and a 4 credit point (minimum) science sub-major sequence consisting of 2 credit points at each of levels 1 and 2.

WORKING WITH CHILDREN CHECK
The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

Professional experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.
Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

**PROFESSIONAL EXPERIENCE REQUIREMENTS**

The practicum units within the Bachelor of Teaching (Science)/Bachelor of Science are flexibly arranged to incorporate experience with the teaching and learning of science in industry and community settings such as museums or parks, as well as schools.

For students who commenced in 2007 and 2008: In the first two years of the course these experiences will be organised and individually negotiated as part of the series of ‘professional practice’ units. They may include special projects such as mentor roles in science activities and projects in schools or other sites.

In the third and fourth year of the course the practicum will continue to incorporate diverse settings but will shift more substantially to school based practice.

For students commencing 2009 and later: The first year of the course will involve some observation days in schools during the unit EES101; in addition, practical experiences will be organised and individually negotiated as part of the series of ‘professional practice’ units. They may include special projects such as mentor roles in science activities and projects in schools or other sites.

In the second, third and fourth year of the course the practicum will continue to incorporate diverse settings but will shift more substantially to school based practice.

The course aims to develop knowledge of the way science is practised in contemporary settings, and of issues in the public understanding and learning of science, such that graduates will be able to bring a rich set of understandings and skills to their teaching of science in schools. Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to
complete the school experience component of the course outside the academic year. A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

PROFESSIONAL EXPERIENCE ENROLMENT

Students must follow Faculty requirements in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at www.deakin.edu.au/arts-ed/education/schoolexp ). Information contained in the Handbook is updated annually and is a summary of Faculty requirements in relation to school experience.

PROFESSIONAL EXPERIENCE UNITS

**COURSE OVERVIEW**
Deakin's innovative Bachelor of Teaching (Science)/Bachelor of Science degree provides graduates with a full science degree and a complete secondary teaching qualification.

It will prepare you for a career in science education, but also provide career flexibility through the widening field of science communication, and science-related industries.

The flexible course structure gives you the opportunity to pursue two major study areas. Discipline and elective units in a variety of contemporary teaching fields – such as biology, chemistry, mathematical modelling and environmental science – will help you to build a breadth of knowledge in areas of interest. In addition to specialising in two major study areas the Bachelor of Science degree component of the course requires you to complete at least one unit in each of the areas of biology, chemistry, physics, environmental studies and mathematics. This will give you a broad knowledge base in science which represents a key skill in most science careers and particularly in the career field of science teaching.

The course places great emphasis on industry experience and innovative teaching practices, and has a strong focus on integrating the traditional disciplines with vocational education and training.

The course includes 80 days of supervised school experience. Some of this experience may take place in non-school settings, consistent with current directions advocated by the Victorian Institute of Teaching.

PROFESSIONAL EXPERIENCE REQUIREMENTS
Professional experience within the Bachelor of Teaching (Science)/Bachelor of Science will be embedded within the Education Major units (EPP101, EPP102, EPP207, EPP304, EPP305, EPP406), the first of which will run in the first Trimester of the first year of this course. This enables students to build up skills in teaching in schools setting over the length of the course as well as gaining greater opportunities to connect theory with practice.

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. PROFESSIONAL EXPERIENCE UNITS

Bachelor of Teaching (Science)/Bachelor of Science

EPP101 Teacher-Learner Identity (B)
(Normally 4 days. In 2011 only, 4 days field based community learning experience)

EPP102 Learning-Teaching Communities (B)
(Normally 6 days. In 2011 only, an additional 4 consecutive days in a school setting = 10 days total professional experience)

EPP207 Pedagogy (10 days)

EPP304 Ways of Knowing Children and Adolescents (15 days)

EPP305 Policy, Schooling and Society (10 days)

EPP406 Professional Identity and Curriculum Work (35 days)

To pass the units listed above pre-service teachers must successfully complete the unit work assignment component, submitting and passing the unit’s associated assessment pieces; and successfully complete the appropriate professional experience days based in school/s.

The practicum component is assessed primarily by the supervising classroom teacher in consultations with the pre-service teacher. Satisfactory completion of the practicum component within each education studies/professional experience unit is compulsory in order for the student to progress.
Bachelor of Nursing/Bachelor of Midwifery

**Award granted**  
Bachelor of Midwifery / Bachelor of Nursing

**Campus**  
Offered at Melbourne Burwood Campus, Geelong Waterfront Campus, Warrnambool Campus

**Duration**  
4 years full time

**CRICOS course code**  
057656M

**Deakin course code**  
D355

This course is only available full-time.

Course structure for students who commenced in 2010 onwards. Students who commenced prior to 2010 must follow the course structure applicable to their year of commencement.

**COURSE OVERVIEW**

The combined course of Bachelor of Nursing/Bachelor of Midwifery is designed to provide specialist skills related to the theoretical, practical, policy, evaluative and research frameworks for nursing and midwifery.

Students may elect to exit the combined program and complete the Bachelor of Nursing requirements only.

**CLINICAL PRACTICE**

Beginning soon after commencement of the course, early exposure to the clinical environment gives students extensive opportunities to develop clinical skills in a variety of settings including acute/sub-acute care, medical and surgical care, midwifery, paediatrics, aged care, rehabilitation, community nursing and mental health nursing. Students will spend over 60 percent of the course duration in various health care settings, including hospitals and community health centres in metropolitan, rural and regional areas.

**PROFESSIONAL RECOGNITION**

This course is specifically designed to fulfil the registration requirements for Registered Nurse (Division 1) and the registration requirements for Midwife of the Nursing and Midwifery Board of Australia.

**DEPARTMENT OF HUMAN SERVICES POLICY AND WORKING WITH CHILDREN CHECK**

In accordance with Department of Human Services policy*, all students are required to undertake a National Police Record Check prior to clinical placements in each calendar year of their course. In accordance with the Working with Children Act 2005**, all students are required to undertake a Working with Children Check at commencement of the course. Students who fail to obtain a Police Record Check and a Working with Children Check prior to the commencement of clinical placement will not be able to undertake clinical placement.

Students may also be required to declare their immunisation status to satisfy the requirements of health organisations where they will be undertaking their clinical learning experience.

* Department of Human Services Policy on Working with Children Check and Police Records Checks can be found at: http://www.dhs.vic.gov.au/facs/bdb/fmu/service-agreement/5.departmental-policies-and-procedures/5.6-police-records-check-policy

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

The Bachelor of Nursing / Bachelor of Midwifery comprises thirty two (32) credit points of study. Ten (10) credit points of units are course grouped for both nursing and midwifery; eleven (11) credit points are specific to nursing and eleven (11) credit points are specific to midwifery. The course aims to provide graduates with a blend of knowledge, skill, and ethical behaviours appropriate to the professions of both nursing and midwifery.

All commencing students are required to successfully complete one wholly online unit.

There is an expectation that students be available to undertake clinical practicum outside of trimester dates. Failure of a compulsory practicum component in any unit of study will normally lead to exclusion. All expenses associated with clinical practicum are the responsibility of the student.

Bachelor of Design (Architecture)/Bachelor of Construction Management

Award granted: Bachelor of Design (Architecture)/Bachelor of Construction Management
Campus: Offered at Geelong Waterfront Campus
Duration: 5 years full-time or part-time equivalent
CRICOS course code: 060347J
Deakin course code: D364

COURSE OVERVIEW
The construction industry is increasingly looking for multi-skilled graduates. Deakin’s Bachelor of Design (Architecture)/Bachelor of Construction Management ensures that you graduate with both architecture and construction management specialisations.

This combined course offers an excellent mix of hands-on practice and theory, with study areas including building economics and law, project management, building technology, measurement and estimation, quantity surveying, building practice, architectural ideas, history, philosophy, design, sustainability, communication and building science and technology.

PROFESSIONAL RECOGNITION
Graduates of this course will qualify for membership of the Australian Institute of Building (AIB), the Chartered Institute of Building (CIOB), the Australian Institute of Quantity Surveyors (AIQS) and the Royal Institution of Chartered Surveyors (RICS).

This program is accredited (within Australia) by the Australian Institute of Architects, the Architects Registration Board of Victoria and the Architects Accreditation Council of Australia, when followed by successful completion of the Master of Architecture (Design), S701.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen

Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises a total of 40 credit points, which must include the following:

- 37 core units (including 3 core units of 2 credit points each)
- Completion of SRA010 Safety Induction Program (0-credit-point compulsory unit)
- At least one wholly online unit

The Bachelor of Science (S320) is currently under revision. The revised structure will be available subject to University approval in late August 2010.

COURSE OVERVIEW
The Bachelor of Engineering/Bachelor of Science takes five years to complete on a full-time basis. Students may combine one of the engineering major studies – Civil, Mechatronics and Robotics or Mechanical – with a Science stream, for example, Biology, Chemistry or Mathematical Modelling. Only Mathematical Modelling major is available off campus.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
In order to satisfy the requirements for this combined degree a student must complete all core engineering units and 16 science units.

For more information on the course requirements, refer to the relevant single degree entry. Students must meet the minimum requirements for each award.

See course entry for Bachelor of Engineering (S367) or Bachelor of Science (S320).

All students are required to complete at least one wholly online unit.

COURSE RULES
In order to satisfy the requirements for this combined degree a student must complete all core engineering units, 16 IT units including eight core and eight elective units with at least four IT units at level 3, 12 credit points at levels 3 and 4, and 5 at level 4 across the combined course.

IT Component
Students must complete the following eight core IT units:

- SIT101 Fundamentals of Information Technology (B, G, X)
- SIT103 Introduction to Database Design (B, G, X)
- SIT104 Introduction to Web Development (B, G, X)
- SIT105 Critical Thinking and Problem Solving (B, G, X)
- SIT202 Computer Networks (B, G, X)
- SIT223 Information Technology Professional Skills *
- SIT302 Project (B, G, X)
- SIT374 Project Management (B, X)

* Not available until 2012

Students must also complete at least one 6 credit point IT major sequence. Please refer to the course entry for the Bachelor of Information Technology (S326) for further details.

Engineering Component
See course entry for the Bachelor of Engineering (S367) for details of core units.

All students are required to complete at least one wholly online unit.
Bachelor of Nursing/ Bachelor of Public Health and Health Promotion

Award granted  Bachelor of Nursing / Bachelor of Public Health and Health Promotion
Campus  Offered at Melbourne Burwood Campus
Duration  4 years full-time
CRICOS course code  018323M
Deakin course code  D381

Course structure for students who commenced in 2010 onwards. Students who commenced prior to 2010 must follow the course structure applicable to their year of commencement.

COURSE OVERVIEW
Deakin University was the first university in Australia to offer combined nursing degree courses. This was in response to signals from the health sector that there was a need for nurses with multidisciplinary skills. The Bachelor of Nursing / Bachelor of Public Health and Health Promotion, previously Bachelor of Nursing / Bachelor of Applied Science (Health Promotion), course will develop your skills in the provision of nursing care and health promotion services for individuals and groups in a range of clinical and community settings, such as public health, community health, schools, rehabilitation, health education or patient support agencies. Students will develop a sound understanding of the importance of health education and health promotion, the factors influencing health practices, and strategies to promote the health of patients and communities.

Students may elect to exit the combined program and complete either the Bachelor of Nursing requirements OR the Bachelor of Public Health and Health Promotion requirements only.

PROFESSIONAL RECOGNITION
On successful completion of this course, students will be eligible for registration as a Registered Nurse (Division 1) with the Nursing and Midwifery Board of Australia.

DEPARTMENT OF HUMAN SERVICES POLICY AND WORKING WITH CHILDREN CHECK
In accordance with Department of Human Services policy*, all students are required to undertake a National Police Record Check prior to clinical placements in each calendar year of their course. In accordance with the Working with Children Act 2005**, all students are required to undertake a Working with Children Check at commencement of the course. Students who fail to obtain a Police Record Check and a Working with Children Check prior to the commencement of clinical placement will not be able to undertake clinical placement.

Course structure for students commencing 2009 onwards.
Students who commenced prior to 2009 must follow the course structure applicable to their year of commencement and discuss unit selections with their enrolment officer.

COURSE OVERVIEW
This combined degree enhances students understanding of Public Health and Health Promotion and how they can be supported by an understanding of business systems and processes.

Public health and health promotion students seek to understand and act on the social and environmental factors that cause poor health as well as those factors that create and sustain good health. Students examine how health is created or influenced in our society and the wide range of approaches to improving the population’s health such as community engagement, program planning and evaluation, capacity building, research, policy development and health communication. These approaches reflect professional practice and are applied to a range of settings and population groups.

Commerce is a complementary discipline that allows students to pursue studies in a range of areas including finance, marketing, economics, management, commercial law and business information systems.

Graduates may qualify to work in positions such as Health Promotion Officer, Community Development Officer, Social Planning Officer, Health Educator, Women’s Health Officer, Health Policy Developer, Planning Officer, Health Researcher, Partnerships Coordinator or Program Evaluator. Graduates work in a diverse range of areas including but not limited to health eating, physical activity, mental health, social inclusion, chronic illness (for example, asthma, arthritis, heart disease) and women’s health.

The degree is a foundation for Honours and postgraduate study that lead to a research career in public health and/or health promotion or commerce.

Bachelor of Teaching (Secondary)/Bachelor of Health Sciences

Award granted: Bachelor of Health Sciences / Bachelor of Teaching (Secondary)
Duration: 4 years full-time or part-time equivalent
CRICOS course code: 030772G
Deakin course code: D389

Note: Offered to continuing students only, at the Melbourne Burwood Campus. Students should discuss unit selections with their enrolment officer.

COURSE OVERVIEW
The Bachelor of Teaching (Secondary) degree introduces students to the knowledge and competencies required by secondary teachers as well as providing students with a broad understanding of the practice of educators. The partner component, Bachelor of Health Sciences, provides students with a depth of knowledge in health and home economics, health and psychology, or health and biology study with the Faculty of Health.

CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

PROFESSIONAL EXPERIENCE REQUIREMENTS
Students are required to undertake professional experience placements concurrently with their secondary curriculum method studies. Students must be enrolled in an appropriate school experience unit in addition to enrolment in the secondary curriculum study method units.

Students may be required to complete the school experience component of the course outside the academic year. A satisfactory level of teaching competence during school experience is required for the award of the degree.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Bachelor of Teaching (Secondary) degree is undertaken in conjunction with the Bachelor of Health Sciences. Each course alone comprises 24 credit points but the two courses together constitute a combined course of 32 credit points. Course requirements for both degrees must be satisfied.

To complete the Bachelor of Teaching (Secondary) component of the course, 16 credit points must be taken in education and curriculum studies offered by the School of Education. Students who are accepted into a Bachelor of Teaching (Secondary) combined course will be advised at the time of enrolment of the units recommended for study within the Bachelor of Health Sciences.
To complete the Bachelor of Health Sciences component of the course students are required to complete 16 credit points selected from units offered within the Faculty of Health, including HBS107 and HBS108, plus two major sequences.

A major sequence consists of a minimum of 6 credit points in a particular discipline area: two units each at levels 1, 2 and 3.

Education students undertake combinations of major sequences to meet the specific discipline requirements for the secondary teaching methods in one combination of: Health and Home Economics, Health and Psychology, or Health and Biology.

**DETAILED COURSE RULES**

To be awarded the Bachelor of Teaching (Secondary) a student must satisfactorily complete 24 credit points of study that includes:

- 16 credit points of specified units from the School of Education of which not less than 14 credit points are to be at level 2 or higher and at least 6 credit points are to be at level 3 or higher;
- a major sequence of course-grouped units amounting to not less than 6 credit points;
- units amounting to not more than 8 credit points from the units leading to the award of a bachelor’s degree in a faculty specified by the School of Education

Students shall complete — within a partner degree in a combined structure — a major sequence of at least 6 credit points in one discipline area and a minor sequence of at least 4 credit points in a second discipline area which are related to the secondary curriculum method studies undertaken.

The course of study shall be completed within a period of not less than four years when undertaken as a combined course of 32 credit points and except with the permission of the Faculty Board not more than 10 consecutive years from the date of first enrolment in the course.

The course of study shall include satisfactory completion of at least 80 days of supervised school experience. Students should note that four years of tertiary study inclusive of teacher education is required for employment as a teacher in Victoria.

WORKING WITH CHILDREN CHECK

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

PROFESSIONAL EXPERIENCE REQUIREMENTS

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the on-line instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the School Experience Office.

Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.
A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

**PROFESSIONAL EXPERIENCE ENROLMENT**

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the School Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Bachelor of Health Sciences/Bachelor of Arts

Award granted  Bachelor of Health Sciences / Bachelor of Arts  
Campus  Offered at Melbourne Burwood Campus  
Duration  4 years full-time or part-time equivalent  
CRICOS course code  035503K  
Deakin course code  D391

COURSE OVERVIEW
The Bachelor of Health Sciences/Bachelor of Arts allows you to follow complementary courses of study in Arts and Health Sciences.

You could combine, for example: exercise science with psychology; politics and policy studies with nutrition; sport coaching with media and communication; food studies with journalism; or sociology with health promotion.

This course allows you to explore the relationship between various areas of study, combining them in innovative ways to prepare you for careers in areas of government (local, national and international), education and research, consultancies, community organisations or public relations.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Bachelor of Health Sciences/Bachelor of Arts is a 32-credit-point program, comprising 16 credit points from Arts and 16 credit points from Health Sciences. Students must fulfil the requirements of each of the two degrees in their course of study.

Within the 16 credit points required for the Bachelor of Arts portion of the degree a minimum of 4 credit points must be completed at level 3 and a major sequence as described under course A300 Bachelor of Arts must also be completed.

The 16 credit points required for the Bachelor of Health Sciences must include HBS107 Understanding Health and the wholly online unit, HBS108 Health Information and Data. Two major sequences of study as described under course H300 Bachelor of Health Sciences must also be completed.

All commencing students are required to successfully complete at least one wholly online unit. See course entry Bachelor of Arts (A300) or Bachelor of Health Sciences (H300).

Offered to continuing students only.

**COURSE OVERVIEW**

The Faculty of Health and the Faculty of Business and Law are responsible for this combined course which leads to the awards of Bachelor of Nursing and Bachelor of Commerce. This course offers students the opportunity to combine nursing studies with a professional business qualification in areas such as management, human resource management or accounting. It aims to provide students with skills in both research and practice in nursing, and to gain a solid foundation for understanding the world of commerce with specialist business skills and knowledge.

Students may elect to exit the combined program and complete either the Bachelor of Nursing requirements OR the Bachelor of Commerce requirements only.

**PROFESSIONAL RECOGNITION**

On successful completion of this course, students will be eligible for registration as a Division 1 nurse with the Nursing and Midwifery Board of Australia.

**DEPARTMENT OF HUMAN SERVICES POLICY AND WORKING WITH CHILDREN CHECK**

In accordance with Department of Human Services policy*, all students are required to undertake a National Police Record Check prior to clinical placements in each calendar year of their course. In accordance with the Working with Children Act 2005**, all students are required to undertake a Working with Children Check at commencement of the course. Students who fail to obtain a Police Record Check and a Working with Children Check prior to the commencement of clinical placement will not be able to undertake clinical placement.

Students may also be required to declare their immunisation status to satisfy the requirements of health organisations where they will be undertaking their clinical learning experience.

* Department of Human Services Policy on Working with Children Check and Police Records Checks can be found at: http://www.dhs.vic.gov.au/facs/bdb/fmu/service-agreement/5.departmental-policies-and-procedures/5.6-police-records-check-policy

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES

This combined course comprises thirty six (36) credit points. Students will undertake sixteen (16) credit points in the Bachelor of Commerce and twenty (20) credit points in the Bachelor of Nursing. Course requirements for both the Bachelor of Commerce (M300) and the Bachelor of Nursing (H326) must be satisfied.

The sixteen (16) credit points taken within the Faculty of Business and Law must include the ten (10) Bachelor of Commerce core units: MAA103, MAE101, MAE102, MAF101, MLC101, MMM132, MSC120, MSQ171, MMH299 and MMK277. In addition students must complete a prescribed Commerce major sequence and a minimum of four (4) credit points at level 3 which must be Faculty of Business and Law units course grouped to a Faculty of Business and Law undergraduate degree.

Students must complete all core units for the Bachelor of Nursing. All subjects are available in the first two years on campus. After year 2, some Commerce units may need to be taken off campus, in order to accommodate nursing clinical placements.

All commencing students are required to successfully complete at least one (1) wholly online unit.

There is an expectation that students be available to undertake clinical practicum outside of trimester dates. Failure of a compulsory practicum component in any unit of study will normally lead to exclusion. All expenses associated with clinical practicum are the responsibility of the student.

See course entry for Bachelor of Nursing (H326) or Bachelor of Commerce (M300).

COURSE OVERVIEW
Deakin’s Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management) is designed for students who wish to gain expertise in both exercise and sport science and business (sport management). Graduates of this combined course will be equipped to provide enhanced professional leadership in the field and make a marked impact on the continued development of the Australian sporting industry.

The exercise and sport science aspect of the course is designed to equip you with the necessary skills, understanding and attitudes to pursue a professional career in the exercise and sport fields. The core units will provide you with a sound understanding of the sciences underpinning both competitive sport and recreational physical activity, and the relationship between physical activity and health. You may choose your two credit points of elective units from the areas of physiology, metabolism, behaviour, movement and physical activity. The business (sport management) aspect of the course is designed to equip you with a solid foundation in business studies, and the unique knowledge and specialist skills required by sport managers in Australian organisations, as identified within the industry.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

Master of Arts (International Relations)/
Master of International Business

Award granted: Master of Arts (International Relations) / Master of International Business
Campus
Duration: 2 years full-time or part-time equivalent
CRICOS course code: 052303K
Deakin course code: D710

From 2010, this course is for continuing students only.

COURSE OVERVIEW
This combined course brings together two successful Masters programs which tap into different but related areas of academic expertise and student interest – International Relations and International Business. One area of study usefully enhances the other. For any business to occur within, but especially across national borders, students require more than business training; they also need to understand the historical, cultural, sociological and international context in which business occurs. Those engaged in international business will gain knowledge of the international system and the countries and regions in which they are operating; while those interested in international relations can focus on the economic and business dimensions of relations between states. In so doing, the combined course offers a unique professional edge to students.

ALTERNATIVE EXITS
M572, M651, M723, A513, A613, A726.

COURSE RULES
The Master of Arts (International Relations)/Master of International Business is a 16 credit point course including 8 credit points of core units from the Master of International Business, 4 credit points of core units from the Master of Arts (International Relations) and 4 credit points of elective units.

Campus Offered at Melbourne Burwood Campus, Off campus
Duration 2 years full-time or part-time equivalent
CRICOS course code 062175G
Deakin course code D712

COURSE OVERVIEW
The Master of Business Administration (International) [MBA(Intl)] educates business managers who can operate effectively in an international context and with the capabilities for dealing with all aspects of an organisation’s management. The Master of International Finance [MIF] provides students with the specialised skills in investments, valuation, portfolio construction, and risk management, required in today’s increasingly complex and evolving field of international finance, and its application within the broader world of international business.

The combined course develops a set of knowledge and skills which meets the demand in the workplace for competent managers in large organisations who have an excellent knowledge of finance. The course also enables students to undertake postgraduate coursework study across a greater range of units and disciplines than is possible in a single course, thereby enhancing knowledge and understanding of international business.

COURSE OVERVIEW

With more fluid labour markets and career patterns, and governance models increasingly characterised by public–private partnerships and other cross-sectoral arrangements, the combined Master of Politics and Policy/Master of Business Administration provides a unique opportunity for you to acquire a broad range of knowledge and skills applicable in many sectors of the economy.

The Master of Politics and Policy/Master of Business Administration is a 16 credit point combined course which brings together two existing courses: the Master of Politics and Policy, which is a program tailored for employees in the public and community sectors; and the Master of Business Administration, which is designed for managers in the private, public and community sectors who wish to extend their knowledge and advance their career.

The course will provide you with a strong grounding in the development, implementation and analysis of public policy. Interrelationships between government, the private sector and community organisations, as well as between different levels of government (municipal, state, national and international) will also be studied. More broadly the course addresses the problems of governance within democratic political systems, at the same time aiming to impart knowledge and business skills in areas such as strategic management, finance, economics and marketing.

ALTERNATIVE EXITS
A516, A616, A716, M501, M601, M701.

FEES AND CHARGES

Equivalent Full Time Student Load (EFTSL)
EFTSL is the standard annual full time load. Eight credit points is the standard full time load for one year of study.

Fee paying place – Domestic (DFP)
A Fee paying place is one for which the university does not receive any government funding. As such, students enrolled in these places are required to contribute the full cost of their course.

Fee paying places are available to domestic students. Domestic students are those who are Australian citizens, New Zealand citizens or holders of a permanent visa.

* Indicative course fees should be used as a guide only. Deakin University assumes no responsibility for persons relying on indicative course fees to calculate the total future cost of their course. The indicative course fee is an estimate based on a typical enrolment a student may have for their first year of study in 2011 for their course. The indicative course fee is based on historical first year enrolments within the course, reflecting the discipline cluster of the units which may be studied within the course. The actual fees charged will depend on the individual units chosen. The cost of each unit can be viewed from the Unit Search. Please note that the fees per unit/credit point may increase annually due to rises in the cost of course delivery and services.
COURSE RULES
To qualify for the award of Master of Politics and Policy/Master of Business Administration a student must complete a 16 credit point course of study comprising 8 credit points of units undertaken in the Faculty of Arts and Education and 8 credit points of units undertaken in the Faculty of Business and Law. The dissertation component (AIX702 and AIX703) provides a pathway for students to apply for admission to PhD.

**Campus**  Offered at Melbourne Burwood Campus, Off campus  
**Duration**  2 years full-time or part-time equivalent  
**CRICOS course code**  049694E  
**Deakin course code**  D750

**COURSE OVERVIEW**
The Master of Commerce is a coursework degree which is discipline-based with a small common core. This combined course leads to the awards of Master of Commerce and Master of Information Technology.

**FEES AND CHARGES**
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**
The Master of Information Technology/Master of Commerce is a 16-credit-point degree including 6 credit points of core units (depending upon previous studies), 6 credit points of elective Information Technology units (which may form an IT specialism), and 4 credit points not previously studied from the Master of Commerce (choice of units must form a Master of Commerce specialisation).

Students who do not have an undergraduate degree in IT or related fields are required to complete the following four foundation units in addition to the standard core:

- SIT771 Object-Oriented Development (B, X)
- SIT772 Database and Information Retrieval (B, X)
- SIT773 Software Design and Engineering (B, X)
- SIT774 Web and Internet Programming (B, X)

Master of Information Technology

Award granted  Master of Arts (Professional Communication) / Master of Information Technology
Duration  2 years full-time or part-time equivalent
CRICOS course code  052304J
Deakin course code  D752

For continuing students only

COURSE OVERVIEW
This combined course recognises that advances in communication technologies and the increasing
globalisation of business enterprises requires professionals with advanced qualifications in communication
skills and information technology. The course aims to provide up to date knowledge of recent developments
in computing technology and professional communication and, at the same time, foster continuous learning
and development in order to efficiently address, influence and propose technology changes. It acknowledges
that a broader range of skills is required to remain competitive and maintain competencies. The program
provides a coherent and flexible structure through which students may broaden their career options.
Through a range of teaching and learning strategies which are reflected in the assessment tasks, the program
offers a course of study which covers technical and theoretical foundations of topics as well as giving students
the opportunity of applying this knowledge in practice.

ALTERNATIVE EXITS

COURSE RULES
Students will undertake 16 credit points in the Faculty of Arts and Education and in the Faculty of Science and
Technology.

Students must complete 8 credit points of Arts units including:

• at least 4 credit points (including core units) of study from one of the specialisations: Advertising;
  Journalism; Public Relations; Professional Writing; or Media and Communication
• a minimum of 6 credit points to be taken from one or more of the specialisations
• a further 2 credit points of electives selected from units offered in the specialisations and/or from units
  offered in the Master of Arts (Writing and Literature)

See the Master of Arts (Writing and Literature) (A748) for available units.

Advertising
Journalism
Media and Communication
Professional Writing
Public Relations

Note: Not all units in the specialisations are offered at Burwood and off campus. Please carefully check
availability of units in the course structure and unit descriptions.

Students who complete a specialisation of 4 credit points will have the specialisation indicated on their
academic transcript.
Students who enter the course without an undergraduate degree in computing must take the four foundation units SIT771, SIT772, SIT773, and SIT774. They may then choose the balance of twelve units from the approved list of units, and the list of approved elective units.

Students who enter the Master of Information Technology with an undergraduate degree in computing or a graduate diploma in computing, or equivalent qualifications will be precluded from these foundation units. In the instances where preclusion is awarded, a student will be required to replace the precluded units with an equivalent number of units from the IT grouped units.

Students may choose to include a research or practical project component in their studies.

Master of Information Technology/Master of Business Administration (International)

Award granted: Master of Information Technology / Master of Business Administration (International)
Campus: Offered at Melbourne Burwood Campus, Off campus
Duration: 2 years full-time or part-time equivalent
CRICOS course code: 060185M
Deakin course code: D754

COURSE OVERVIEW
The Master of Information Technology/Master of Business Administration (International) combines two of Deakin University’s premier postgraduate coursework degrees to meet the emergent need for highly proficient managers in an information-technology driven business world.

SPECIFIC COURSE INFORMATION
Students may choose to exit the Master of Information Technology/Master of Business Administration (International) early with either a Master of Business Administration (International) or Master of Information Technology. Subject to meeting the appropriate course rules, students may also elect to exit early into one of the Graduate Diplomas or Graduate Certificates that are approved exit points from these courses.

EQUIPMENT REQUIREMENTS
Students must have access to a suitable computer and a network connection. Information about the hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/scitech/it, or by telephone 03 9244 6699.

Bachelor of Education – 4th Year

Award granted  Bachelor of Education
Campus  
Duration  1 year full-time or part-time equivalent
CRICOS course code  012781M
Deakin course code  E356

Note: This course is offered to continuing students only. 2005 or prior enrolled students, should contact the course coordinator for advice on unit selection.

COURSE OVERVIEW
Deakin’s Bachelor of Education – 4th year offers three-year trained primary teachers a fourth year of study in order to give them access (where relevant) to full registration as a teacher, promotion, or to allow them to apply for positions in other schools or systems. The course has a broad range of elective units to choose from, and therefore caters for the wide range of prospective student requirements.

It is an accredited fourth year of study for teachers for employment purposes.

PROFESSIONAL RECOGNITION
The Bachelor of Education – 4th year course is recognised by the Department of Education and Training and the Victorian Institute of Teaching as an accredited fourth year of study and for employment in primary schools.

MODE OF STUDY
While the course is taken by off campus study, it is possible to take some on campus electives, held mainly on the Burwood campus in the evenings.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Bachelor of Education a student must satisfactorily complete not less than 8 credit points of study that:

- shall include at least 6 credit points from the list of course-grouped units;
- shall include not less than 6 credit points at level 4 or higher;
- may include no more than 2 credit points at level 3; and
- may include no more than 2 credit points from another Faculty at level 2 or higher.

Note: Students may complete up to 4 modules in assessed mode from the Framework for Accredited Teacher Professional Development.*
DETAILED COURSE RULES

The course of study shall normally be completed within a period of not less than two trimesters of full-time study or part-time equivalent and not more than five trimesters of study or part-time equivalent.

Further extensions of time may be granted with the permission of the Faculty Board which must not exceed ten consecutive years from the date the student first enrolled in the course.

The course of study may include satisfactory completion of a specified number of days of supervised school experience to meet the requirements of an employing body.

The course of study may include specific curriculum method studies to meet the requirements of an employing body.

COURSE STRUCTURE

There are normally no compulsory studies and students may develop an individual study program from the wide range of units offered. Some units may be subject to quotas. Therefore, when selecting units, student should list additional units in priority of interest. In addition some units which cover core curriculum areas are included and students with little or no recent school teaching experience are encouraged to select these units. Each unit is worth 1 credit point unless otherwise specified.

It is strongly recommended that students returning to teaching after a substantial absence take the Refresher Course for Returning Teachers offered by the Centre for Leadership and Renewal which includes an introduction to recent Victorian curriculum initiatives. See * Framework for Accredited Teacher Professional Development details below

1. Primary Curriculum Methods units

It is strongly recommended, but not compulsory, that teachers returning to work enrol in the following units. This particularly applies to teachers trained more than ten levels ago and who have not taught in primary schools within the last five levels. These units provide basic primary curriculum methods, comparable to what would be studied in a current preservice course. These units assume that you have access to schools but not that you will be a classroom teacher.

NOTE: These Primary Curriculum units are being phased out between 2010 and 2012, and are marked ‘for continuing students only’. If you are a newly enrolled student and experience difficulty enrolling in these units you should contact the course director or a student adviser in the Faculty of Arts and Education to seek permission. If you wish to complete ECL400, EEP501 or EME497 you should do this in 2010.

Trimester 1

ECA551 Primary Arts Education (X)
ECL400 Primary Language Education 1 (X)
ECS501 Primary Humanities, Societies and Environments (X)
EME500 Primary Mathematics Education 2 (X)

Trimester 2

EME497 Primary Mathematics Education 1 (X)
ESH500 Primary Physical and Health Education (B, X)
EE5540 Primary Science Education (X)
EEP501 Primary School Experience 5A (B, G, X) see note below

Notes:
(i) All units are 1 credit point value unless otherwise noted.
(ii) EES540 is a 0.75 credit point unit.
(iii) EEP501 is a 0.25 credit point unit, available for students enrolling in EES540.
2. Specialist Interest units

The elective units listed below are intended for experienced teachers who wish to develop a specialist interest in particular areas of teaching or of the curriculum. They do not require classroom access. They generally relate to both primary and secondary settings.

Trimester 1
- ECA433 Arts Education Discipline Study 3 (B, G, W, X)
- EEC381 Classroom and Behaviour Management (ONLINE)
- ESP437 Teaching for Interpersonal Development (B) (On campus only)

Trimester 2
- ECA434 Arts Education Discipline Study 4 (B, G, W, X)
- ECL470 Children’s Literature in the Classroom (X, ONLINE)
- ECP303 Child Protection (B, X)
- EEG402 Teaching in a Global World (B, G, X)
- ESM438 Evaluating Children’s Progress
- ESP401 Student Behaviour Management and Welfare (B) (On campus only)
- ESP485 Teaching Thinking Skills (B) (On campus only)
- EST430 Educational Software Tools 1 (ONLINE)

Trimester 3
- EEG402 Teaching in a Global World (B, G, X)
- EEH315 Teaching Sexuality Education in the Middle Years (S) (Intensive mode)

Note:
(i) ECA433, ECA434 students are to select Visual Arts specialism (off campus) or Music specialism offered on campus at Burwood or off campus.
(ii) ECA433, ECA434 students wishing to select other specialisms with these units must seek Course Coordinator approval.
(iii) ESM438 available in alternate levels 2012, 2014.

* Framework for Accredited Teacher Professional Development

Framework for Accredited Teacher Professional Development modules are offered by the Faculty of Arts and Education (for further information Tel 03 9244 6673, Fax 03 9244 3832 or Email ed-leadrenewal@deakin.edu.au or go to www.deakin.edu.au/arts-ed/celr/pd.php). These modules are professional development short courses offered to practising teachers. Students will receive credit for up to four of these modules towards their course if they are taken in assessed mode, that is, if the prescribed assessment is completed at a satisfactory standard.
Bachelor of Education – 4th Year Mathematics Conversion

Award granted: Bachelor of Education
Duration: 1 year full-time or part-time equivalent
Deakin course code: E356M

Note: For continuing students only. Final intake was 2009.

COURSE OVERVIEW
The Bachelor of Education – Fourth Year Mathematics Conversion course is designed to provide a course of study for trained secondary teachers who wish to extend their teaching methods into the area of mathematics. The degree comprises 8 credit points of study normally completed by part-time study.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Bachelor of Education – Fourth Year Mathematics Conversion, a student must satisfactorily complete 8 credit points of study taken from the list of course-grouped units leading to the award.

The course of study shall include a sub-major in the discipline of mathematics and teaching methodology in mathematics education. The course of study shall normally be completed within a period of not less than two trimesters of full-time study or part-time equivalent and not more than five trimesters of study or part time equivalent.

Further extensions of time may be granted with the permission of the Faculty Board which must not exceed 10 consecutive years from the date the student first enrolled in the course.

COURSE OVERVIEW
The Bachelor of Education – Primary Conversion course is designed for teachers with an approved early childhood teaching qualification or an approved secondary teaching qualification who wish to be employed as primary teachers. The degree normally comprises 10 credit points of required units completed by part-time study. All students must complete a minimum of 45 days of supervised school experience in a primary setting.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**WORKING WITH CHILDREN CHECK**

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.
PROFESSIONAL EXPERIENCE REQUIREMENTS

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 45 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the online instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

PROFESSIONAL EXPERIENCE ENROLMENT

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Bachelor of Education (Primary)

Award granted Bachelor of Education (Primary)
Campus Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus, Warrnambool Campus
Duration 4 years full-time or part-time equivalent
CRICOS course code 015204J
Deakin course code E359

Note: This course version is for students who commenced prior to 2007.

COURSE OVERVIEW
The Bachelor of Education (Primary) is offered to intending primary school teachers. The degree introduces students to the knowledge and competencies required by primary teachers with particular strength in the key learning areas of literacy, numeracy and science education and one other area of choice. It aims to produce teachers who are able to enter educational practice with the competencies expected of beginning teachers by the education profession; the communication and interpersonal skills to be facilitative teachers; an understanding of the curriculum content and processes appropriate for primary teaching; a thorough understanding of current theories and pedagogical practices related to learning and teaching; an understanding of the major role learning technologies play in the learning process; an awareness of the socio-political role of education in society and the need to work for equity for all for whom they are professionally responsible; an ability to work professionally and productively with teachers, other school-based professionals and parents and an ability to research their own practice and the practices of schools and to see themselves as lifelong learners.

CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

LOTE REQUIREMENTS
Students wishing to specialise in teaching Languages Other Than English (LOTE) within the Bachelor of Education (Primary) are advised to undertake the LOTE major sequence offered by the Arts Faculty and note the following LOTE requirements:

Students are advised that the requirements of the Victorian Institute of Teaching for primary and secondary teachers of LOTE (Languages Other Than English) are as follows:

- A post-Year 12 major study in the language, together with teaching methodology in LOTE.

Native speakers of the language may seek a statement of equivalence from a Victorian University, to verify that they meet the standard of a ‘post year 12 major study’. Teachers wishing recognition in languages which are not taught in Victorian universities and for which university statements of equivalence are not available, may seek equivalence accreditation with the Department of Education and Training, Victoria.

ELECTIVE DISCIPLINE SEQUENCES
Elective discipline sequence units are selected, in consultation with the course adviser, from any of the major discipline sequences listed or from any other major sequence related to a key learning area offered by either the Schools of Arts and Education, Faculty of Health or Faculty of Science and Technology, normally at level 2 or higher for which prerequisite requirements are met. Alternatively, students may build on their selected major discipline sequence.
FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Bachelor of Education (Primary) course has a 32 unit structure of which 24 units are course-grouped. Each unit is equivalent to 1 credit point. The 24 course-grouped units include a compulsory six-unit major sequence in education studies. The course-grouped units also include the 12 primary curriculum studies units related to the key learning areas. These units comprise three in language education, three in mathematics education, two in arts education and one each in science education, social education, health and physical education and technology education or LOTE. The remaining six course-grouped units include two core discipline units in each of language and literature, mathematics and science to support the key learning areas of literacy, numeracy and science education. The remaining non course-grouped units include a major discipline sequence of 6 credit points related to one of the key learning areas as listed. Students must meet any prerequisites required by the offering faculty. The remaining two elective discipline units may be taken from a sequence related to another key learning area or may be taken as an extension to the major discipline sequence.

DETAILED COURSE RULES
The Bachelor of Education (Primary) may be awarded at pass level.

To be awarded the Bachelor of Education (Primary) pass degree a person shall:

1. be accepted for enrolment in a course of study leading to the award of a Bachelor of Education (Primary) pass degree and continue to be accepted for enrolment until completion of that course of study;
2. complete a course of study amounting to 32 credit points provided that the course of study:
   2.1 shall include units amounting to 24 credit points from those units specified by the Faculty Board of the Faculty of Arts and Education from time to time as course-grouped units leading to the award of the degree of Bachelor of Education (Primary)
   2.2 shall include units amounting to not less than 20 credit points at level 2 or higher, at least 6 credit points of which shall be taken at level 4 or higher
   2.3 shall include a major sequence of course-grouped units amounting to not less than 6 credit points
   2.4 shall include 6 credit points of course-grouped units in core discipline studies as agreed with the Schools of Arts and the Faculty of Science and Technology
   2.5 shall include units amounting to not more than 8 credit points, which shall include a major sequence of at least 6 credit points in which two credit points shall be taken from each of levels 1, 2 and 3, from the units leading to the award of another degree of bachelor in one of the other faculties in the University as specified by the Faculty Board; and
3. the course of study shall be completed within a period of not less than four years and except with the permission of the Faculty Board not more than 10 consecutive years from the date the person first enrolled in the course.
4. the course of study shall include satisfactory completion of at least 80 days of supervised school experience.

Students should note that four years of tertiary study inclusive of teacher education is required for employment as a teacher in Victoria.
MAJOR SEQUENCES

Major discipline sequences are related to each of the primary key learning areas. The sequences have been developed in consultation with the Faculties of Arts, Faculty of Health and Faculty of Science and Technology. Students must meet any prerequisites required by the offering faculty. Units offered have been selected to most appropriately support the primary curriculum studies while maintaining flexibility and student choice. The campus offering the major sequence is indicated in parenthesis as follows:

**ELECTIVE DISCIPLINE SEQUENCES**
Elective discipline sequence units are selected, in consultation with the course adviser, from any of the major discipline sequences listed or from any other major sequence related to a key learning area offered by either the Schools of Arts, Faculty of Health or Faculty of Science and Technology, normally at level 2 or higher for which prerequisite requirements are met. Alternatively, students may build on their selected major discipline sequence.

**WORKING WITH CHILDREN CHECK**
The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher
must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

**PROFESSIONAL EXPERIENCE REQUIREMENTS**

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the online instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)
PROFESSIONAL EXPERIENCE ENROLLMENT

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Note: current course version for students commencing 2007 onwards.

COURSE OVERVIEW
Deakin’s Bachelor of Education (Primary) is a highly regarded, undergraduate degree that will fully prepare you for a career as a primary school teacher. Graduates meet entry requirements of the teaching profession in Australia and qualify to gain employment as primary education teachers in all states and territories of Australia. You will complete a minimum of 80 days supervised school experience over the duration of the course, providing hands-on experience in a classroom setting.

CONTACT HOURS
For each unit of study, you are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Bachelor of Education (Primary) course has a 32 credit point structure which consists of 26 core units, 6 elective units as well as 7 professional experience rounds.

The first year focuses on discipline studies and consists of:

- 6 core discipline units – 2 units in basic science, 2 units in basic mathematics, 1 unit in English and 1 unit in Humanities and
- 2 first-year elective discipline units, chosen from outside the School of Education and related to primary education learning areas

The remaining three years of the course consist of:

- 6 core education studies units
- 14 core primary curriculum units – 3 mathematics education units, 3 English education units, 2 social education units, 2 arts education units, 2 science education units, 1 physical education unit, and 1 unit in either technology or foreign language teaching
- 4 elective units chosen from anywhere in the University, at least 2 of them must be at level 2 or higher. These units may be used to complete a specialised teaching sequence, for example in Visual Arts or Health and Physical Education. EEH316 Student Health and Wellbeing will normally be one of the 4 electives unless you have chosen to complete a specialised sequence
• Specialised sequences – the two first year elective discipline units and the four elective units at level 2 or above can be used to complete a major sequence in any discipline of interest to you.

If you are studying languages other than English (LOTE) you will be required to complete ESJ457 Studies in Curriculum 1 in trimester 1 in place of ECL410 in trimester 2 year 4.

### ELECTIVE UNITS

The electives component of this course provides a great opportunity for you to develop breadth or depth in your studies. Choice of electives should be based on personal interest, existing expertise, getting a broader tertiary education, or developing a subject sequence relevant to primary teaching (see Health and Physical Education and Visual Arts examples below) or a sub-major in one discipline area and the associated junior secondary curriculum studies unit to enable you to teach that subject up to level 10. Use the elective sequence as an opportunity to make yourself more employable.

You may choose units from most of those offered from across the University. School of Education electives relate to teaching while electives from other Faculties relate to a specific discipline. School of Education
electives will not clash with professional experience rounds in schools. You should choose units from other Faculties if these units enable you to achieve a goal such as teaching LOTE.

Note that EEH316 Student Health and Wellbeing is compulsory for all students except those completing a 6-unit specialised sequence.

**Health and Physical Education Unit Sequence for Primary Levels (P-6):**
Students wishing to develop particular expertise in the Health and Physical Education area of the primary curriculum should enrol in the following mix of discipline studies and elective units:

**First Level**
- HBS107 Understanding Health (B, G, W, X)
- Or
- HBS109 Human Structure and Function (B, G, W, X)
- And
- HSE102 Functional Human Anatomy (B, G, X)
- Or
- HBS110 Health Behaviour (B, S, W, X)

**Second Level**
- EEH426 Physical Education and the Curriculum (B, G, W)
- EEH428 Contemporary Issues in Physical Education (B, G, W)

**Third Level**
- EEH316 Student Health and Wellbeing (B, G, W)
- EEH317 Children in Sport: Issues and Controversies (B, G, W)

*Note: Students must enrol in one of HBS107 and HBS109 and in one of HSE102 and HBS110.*

**Visual Art Unit Sequence for Primary Levels (P-6)**
Students wishing to develop particular expertise in the Visual Arts area of the primary curriculum should enrol in the following mix of discipline studies and elective units:

**First Level**
- ACV101 Studio Art: Painting A (B, G, S, W)
- ACV102 Studio Art: Painting B (B, G, S, W)

**Second Level**
- EEA211 Navigating the Visual World (B, G, W)
- EEA212 Visual Culture: Images, Meaning and Contexts (B, G, W)

**Third Level**
- ECA433 Arts Education Discipline Study 3 (B, G, W, X)
- ECA434 Arts Education Discipline Study 4 (B, G, W, X)

*Notes:*
(i) ECA433 students to select the Art as Experience specialism.
(ii) ECA434 students to select the Concepts and Bases of Art specialism.

DETAILED COURSE RULES
The Bachelor of Education (Primary) may be awarded at pass level.

To be awarded the Bachelor of Education (Primary) pass degree a person shall:

1. be accepted for enrolment in a course of study leading to the award of a Bachelor of Education (Primary) pass degree and continue to be accepted for enrolment until completion of that course of study;
2. complete a course of study amounting to 32* credit points provided that the course of study:
   2.1 shall include units amounting to 26# credit points from those units specified by Faculty Board from time to time as course-grouped units leading to the award of the degree of Bachelor of Education (Primary)
   2.2 shall include units amounting to not less than 22 credit points at level 2 or higher, at least 6 credit points of which shall be taken at level 4 or higher
   2.3 shall include 6 credit points of course-grouped units in discipline studies as agreed with the Schools of Arts and the Faculty of Science and Technology
   2.4 shall include at least 2 credit points selected from identified discipline subject areas.
3. the course of study shall be completed within a period of not less than four years and except with the permission of the Faculty Board not more than 10 consecutive years from the date the person first enrolled in the course.
4. the course of study shall include satisfactory completion of at least 80 days of supervised school experience.

Students should note that four years of tertiary study inclusive of teacher education is required for employment as a teacher in Victoria.
Notes:
(i) *Students undertaking languages other than English (LOTE) will be required to complete ESJ457 Studies in Curriculum 1 in trimester 1 in place of ECL410 in trimester 2 level 4.
(ii) # Students completing a 6 unit major discipline study are exempt from completing EEH316 which otherwise is a core unit.

LOTE REQUIREMENTS
Students wishing to specialise in teaching Languages Other Than English (LOTE) within the Bachelor of Education (Primary) are advised to undertake a six credit point LOTE major sequence offered by the Faculty of Arts, and are also required to undertake the unit of study: ESJ457 Studies in Curriculum 1 (LOTE option) in trimester 1 level 4. Specialist area Guidelines for LOTE teachers can be found on the website of the Victorian Institute of Teaching (VIT)

WORKING WITH CHILDREN CHECK
The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

You will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – you will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is your responsibility to ensure that you can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

You are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should you fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should this situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

PROFESSIONAL EXPERIENCE REQUIREMENTS
You are required for registration purposes (and for the award of the degree) to have completed successfully over the duration of your course a minimum of 80 days of supervised experience in schools. You should ensure you are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and you should not make contact with schools regarding placements under any circumstances. You are required to comply with the on-line instructions regarding enrolment/re-enrolment in school experience.
School experience must be undertaken in conjunction with your curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. You should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. You may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

PROFESSIONAL EXPERIENCE ENROLMENT
You must carefully follow the instructions when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises your school experience placement and this could lead to a delay in the award of the degree. You must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment), which includes the published school experience timetable. A ‘day’ constitutes a whole school day (not part thereof).

You should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

SCHEDULE OF SCHOOL EXPERIENCE UNITS

EEP403 Primary School Experience 7 15 days (B), (G), (W)

Note:
(i) All School Experience units are 0.25 credit point units.
(ii) * Offered in Geelong and Warrnambool in Trimester 1 only, and offered in Burwood in Trimester 2 only.
Bachelor of Teaching (Primary and Secondary)

**Award granted**  Bachelor of Teaching (Primary and Secondary)

**Duration**  2 years full-time or part-time equivalent

**Deakin course code**  E365

*Note: Course version for students who commenced prior to 2007. Students should discuss unit selections with their enrolment officer.*

**COURSE OVERVIEW**

Deakin’s Bachelor of Teaching (Primary and Secondary) is a distinctive qualification enabling graduates to teach in primary and secondary schools. It is offered in the off-campus mode.

The course comprises 16 compulsory units of education and professional studies. As part of the course you are required to complete a highly rewarding professional experience program, involving a minimum 45 days of primary school experience and a minimum 45 days of secondary school experience, working with children and alongside experienced teachers.

The course allows you to study specialisations in many areas including arts, humanities, English, health, mathematics, science and environment.

On satisfactory completion of this course, candidates are eligible for employment as both primary and secondary (post-primary) teachers.

**PROFESSIONAL EXPERIENCE REQUIREMENTS**

Students are required to undertake professional experience placements concurrently with their primary and secondary curriculum method studies. Students must be enrolled in an appropriate secondary school experience unit in addition to enrolment in the secondary curriculum study method units.

Students may be required to complete the school experience component of the course outside the academic year. A satisfactory level of teaching competence during school experience is required for the award of the degree. Details of professional experience requirements will be found at the end of this section on pre-service courses.

**TESOL REQUIREMENTS**

Students wishing to specialise in teaching English to speakers of other languages (TESOL) within the Bachelor of Teaching (Primary and Secondary) should note the LOTE/TESOL requirements found at the end of this section on pre-service courses.

**SPECIAL REQUIREMENTS FOR OFF-CAMPUS STUDENTS**

On-campus attendance may be required for some units in the form of vacation schools or weekend schools. It is expected that students will have access to a computer and modem to fully benefit from the off-campus services and course delivery.

**CONTACT HOURS**

For each unit of study students are expected to devote 10 to 12 hours of reading, revision and assignment preparation time for each unit each week.
FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Bachelor of Teaching (Primary and Secondary) a student must satisfactorily complete 16 credit points of study taken from the list of course-grouped units leading to the award.

The course of study shall normally be completed within a period of not less than four trimesters of full-time study or part-time equivalent and not more than nine trimesters of study or part-time equivalent. Further extensions of time may be granted with the permission of the Faculty Board which must not exceed 10 consecutive years from the date the student first enrolled in the course.

The course of study shall include satisfactory completion of at least 45 days of supervised school experience in a primary setting and at least 45 days of supervised school experience in a secondary setting.

The course of study shall include secondary curriculum method studies normally related to at least one major sequence of at least 6 credit points or equivalent and at least one minor sequence of at least 4 credit points or equivalent satisfactorily completed in the approved tertiary program undertaken prior to entry.

COURSE STRUCTURE
On campus
(for continuing E365 students only)
Continuing E365 on-campus students should contact the course coordinator for advice on unit selection.

Off campus
Off-campus students are expected to take no more than two units per trimester but have the option of increasing or decreasing this load by negotiation with the course coordinator. Off-campus students should note that the normal professional experience (school experience) requirements apply.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.
Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

**PROFESSIONAL EXPERIENCE ENROLMENT**

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

**Off-Campus Bachelor of Teaching (Primary and Secondary) students**

Students enrol in Professional Experience units in first trimester and negotiate with the Professional Experience office regarding their placement dates and arrangements. Students will receive a copy of the Professional Experience Handbook from the School Experience Office on the Geelong Waurn Ponds Campus and are encouraged to liaise closely with this Office when enrolled in these units. Off-campus students undertake their supervised school experience in two blocks with a minimum of 3 consecutive whole days per week, for each setting. Students who wish to undertake their supervised school experience overseas should note that it is to be conducted only in schools using the English language as the main language for instruction. All arrangements for professional experience must be approved by the Faculty of Arts and Education.

Bachelor of Teaching (Primary and Secondary)

Award granted  Bachelor of Teaching (Primary and Secondary)
Duration  2 years full-time or part-time equivalent
Deakin course code  E365

Note: (1) for continuing students only. Final intake was 2009.
(2) Was the current course version for students commencing 2007 onwards.

COURSE OVERVIEW

Deakin’s Bachelor of Teaching (Primary and Secondary) is a distinctive qualification enabling graduates to teach in primary and secondary schools. It is offered in the off-campus mode.

This course is available to bachelor degree (or equivalent diploma) holders from disciplines that enable them to qualify for two single teaching method subjects. Methods usually require a background of study for at least two years, however preference will be given to applicants who have a three year major study in at least one discipline area.

The course comprises 16 compulsory units of education and professional studies. As part of the course you are required to complete a highly rewarding professional experience program, involving a minimum 45 days of primary school experience and a minimum 45 days of secondary school experience, working with children and alongside experienced teachers.

The course allows you to study specialisations in many areas including arts, humanities, English, health, mathematics, science and environment.

On satisfactory completion of this course, candidates are eligible for employment as both primary and secondary (post-primary) teachers.

PROFESSIONAL EXPERIENCE REQUIREMENTS

Students are required to undertake professional experience placements concurrently with their primary and secondary curriculum method studies. Students must be enrolled in an appropriate secondary school experience unit in addition to enrolment in the secondary curriculum study method units.

Students may be required to complete the school experience component of the course outside the academic year. A satisfactory level of teaching competence during school experience is required for the award of the degree. Details of professional experience requirements will be found at the end of this section on pre-service courses.

LOTE/TESOL REQUIREMENTS

Students wishing to specialise in teaching languages other than English (LOTE) or teaching English to speakers of other languages (TESOL) within the Bachelor of Teaching (Primary and Secondary) should note the following LOTE/TESOL requirements:

LOTE (Languages other than English)

Students are advised that the requirements of the Victorian Institute of Teaching for primary and secondary teachers of LOTE are as follows:

- An Advanced level major study in the language requiring successful completion of Year 12 studies in the language for entry into the program.
NOTE: Native speakers of the language may seek a statement of equivalence from an Australian university, to verify that their knowledge and competence in the language meets the standard of a post-Year 12 Advanced level major study in the language.

All programs or program combinations should equip prospective teachers of languages with:

- a sufficient level of competence in a range of acceptable spoken and written uses of the standard variety of the language so that they can provide their students with a reliable language model. This includes the ability to use the language:
- in an appropriate range of registers and contexts
- as the medium of instruction for classroom and instructional purposes
- with users from a range of ages, regions and/or social groups, both in Australia and overseas
- an understanding of the significant works of the language (poetry, prose, drama, song, film etc), both contemporary and traditional, and insights into its related history, culture and social life, including in Australia
- knowledge of the formal properties of the phonology, syntax and discourse patterns of the standard language; an understanding of the significant features of the main varieties of the language (regional and social); an understanding of the legitimacy of a range of varieties/SETTINGS of the language; and an understanding of the contrastive features of English and the language
- a sound understanding of the pedagogy for teaching languages in the primary and/or secondary schools, including the ability to implement various program models for teaching languages
- an understanding of contemporary research findings in language acquisition, including oracy and literacy development in the first and second languages
- educational theory and practice in Australian schools as it relates to the teaching of languages.

TESOL (Teaching English to Speakers of Other Languages)

The Victorian Institute of Teaching requirements for TESOL are as follows:

- A sub-major study in one of Linguistics or
- A second language (i.e. not the teacher’s first language) or
- Appropriate TESOL Studies that includes the following core content:
  - the nature of the English language and the learning of English including formal systems, spoken and written discourse, language and social context, and bi/multilingual language and literacy development
  - the socio-cultural context of TESOL including educational, cultural, historical and inter-group issues and the implications for teaching and learning
  - acquisition of English as a second or additional language. The study of how a second or additional language is acquired with reference to English with implications for TESOL pedagogy
  - the institutional context of TESOL including the role of the TESOL teacher in the school organisation, with parents (as appropriate) and the wider community
  - together with teaching methodology which covers TESOL principles and approaches for a range of educational contexts, including factors affecting the development of language proficiency, and assessment procedures to facilitate appropriate placement of students with ESL needs.

SPECIAL REQUIREMENTS FOR OFF-CAMPUS STUDENTS

On-campus attendance may be required for some units in the form of vacation schools or weekend schools. It is expected that students will have access to a computer and modem to fully benefit from the off-campus services and course delivery.

CONTACT HOURS

For each unit of study students are expected to devote 10 to 12 hours of reading, revision and assignment preparation time for each unit each week.
FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Bachelor of Teaching (Primary and Secondary) a student must satisfactorily complete 16 credit points of study taken from the list of course-grouped units leading to the award.

The course of study shall normally be completed within a period of not less than four trimesters of full-time study or part-time equivalent and not more than nine trimesters of study or part-time equivalent. Further extensions of time may be granted with the permission of the Faculty Board which must not exceed 10 consecutive years from the date the student first enrolled in the course.

The course of study shall include satisfactory completion of at least 45 days of supervised school experience in a primary setting and at least 45 days of supervised school experience in a secondary setting.

The course of study shall include secondary curriculum method studies normally related to at least one major sequence of at least 6 credit points or equivalent and at least one minor sequence of at least 4 credit points or equivalent satisfactorily completed in the approved tertiary program undertaken prior to entry.

COURSE STRUCTURE
Note: Students enrolled prior to 2007 should contact their enrolment officer for course advice.

Off campus
Off-campus students are expected to take no more than two credit points of study per trimester but have the option of increasing or decreasing this load by negotiation with the course coordinator. Off-campus students should note that the normal professional experience (school experience) requirements apply.

**WORKING WITH CHILDREN CHECK**

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance — a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.
Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

**PROFESSIONAL EXPERIENCE REQUIREMENTS**

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 90 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the online instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

**SCHOOL EXPERIENCE ENROLMENT**

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Off-Campus Bachelor of Teaching (Primary and Secondary) students

Students enrol in School Experience units in second trimester and negotiate with the Professional Experience office regarding their placement dates and arrangements. Students will receive a copy of the Professional Experience Handbook from the Professional Experience Office on the Geelong Waurn Ponds Campus and are encouraged to liaise closely with this Office when enrolled in these units. Off-campus students undertake their supervised school experience in two blocks with a minimum of 3 consecutive whole days per week,
for each setting. Students who wish to undertake their supervised school experience overseas should note that it is to be conducted only in schools using the English language as the main language for instruction. All arrangements for professional experience must be approved by the Faculty of Arts and Education.

Bachelor of Physical Education

Award granted: Bachelor of Physical Education
Campus: Melbourne Burwood Campus
Duration: 4 years full-time or part-time equivalent
CRICOS course code: 045335E
Deakin course code: E377

Note: Course version for students who commenced prior to 2007. Students should discuss their unit selections with their enrolment officer.

COURSE OVERVIEW
Deakin’s Bachelor of Physical Education prepares you for a career in physical education teaching in secondary schools. The course provides theory and practice in the study of education, discipline studies, curriculum studies and in the specialised teaching method of physical education. In addition, students will study a second teaching method of their choice from a selected range of discipline studies offered by the Faculty of Health, the Faculty of Science and Technology or the Faculty of Arts and Education.

You will participate in a highly rewarding professional experience program spending at least 80 days working in schools, with children and alongside experienced teachers.

CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

PROFESSIONAL EXPERIENCE REQUIREMENTS
A satisfactory level of teaching competence during school experience is required for the award of the degree. Students are required to undertake professional experience placements concurrently with their secondary curriculum studies. Students may be required to complete the school experience component of the course outside the academic year.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The degree requires students to complete 32 credit points over the equivalent of four years of full-time study. Students are required to complete: 18 credit points of Education (which include studies in education, physical education, curriculum methods, literacy and numeracy); 14 credit points of discipline studies (which include exercise science, applied sports science and discipline content related to the second teaching method). Second teaching methods may be taken from a range of discipline areas including Biology, Chemistry (Biological), Dance, Drama, Health Education, Environmental Science, Mathematics and Studies of Society and Environment (Humanities).
DETAILED COURSE RULES

The Bachelor of Physical Education may be awarded at pass level. To be awarded the Bachelor of Physical Education pass degree a person shall:

1. be accepted for enrolment in a course of study leading to the award of a Bachelor of Physical Education pass degree and continue to be accepted for enrolment until completion of that course of study
2. complete a course of study amounting to 32 credit points provided that the course of study
   2.1 shall include units amounting to 25 credit points from those units specified by Faculty Board from time to time as course-grouped units leading to the award of the degree of Bachelor of Physical Education.
   2.2 shall include units amounting to not less than 22 credit points at level 2 or higher, at least 6 credit points of which shall be taken at level 3 or higher, and at least 6 credit points of which shall be taken at level 4 or higher; and
   2.3 shall include a major sequence of education studies units amounting to not less than 6 credit points; and
   2.4 shall include a major sequence of physical education studies of not less than 6 credit points; and
   2.5 shall include a major sequence of no more than 8 credit points in a discipline area related to the curriculum method study of physical education; and
   2.6 shall include a minor sequence of at least 4 credit points in a second discipline area which is to be related to the secondary curriculum method studies undertaken as agreed with the Schools of Arts, the Faculty of Health, and the Faculty of Science and Technology; and
3. the course of study shall be completed within a period of not less than four years and except with the permission of the Faculty Board not more than 10 consecutive years from the date the person first enrolled in the course.
4. the course of study shall include satisfactory completion of at least 80 days of supervised school experience. Students should note that four years of tertiary study inclusive of teacher education is required for employment as a teacher in Victoria.

DISCIPLINE SEQUENCES

Discipline sequences for second teaching methods have been developed in consultation with the Faculties of Arts, Health, Medicine, Nursing and Behavioural Sciences, and Science and Technology. Students must meet any prerequisites required by the offering Faculty. Units offered have been selected to most appropriately support the curriculum methodology study units while maintaining flexibility and student choice.

WORKING WITH CHILDREN CHECK
The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance — a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.
Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

**PROFESSIONAL EXPERIENCE REQUIREMENTS**

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the online instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An "unsatisfactory" result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

**SCHOOL EXPERIENCE ENROLMENT**

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Bachelor of Physical Education

Award granted: Bachelor of Physical Education
Campus: Melbourne Burwood Campus
Duration: 4 years full-time or part-time equivalent
CRICOS course code: 045335E
Deakin course code: E377

Note: Current course version for students commencing 2007 to 2010.

COURSE OVERVIEW
Deakin’s Bachelor of Physical Education prepares you for a career in physical education teaching in secondary schools. The course provides theory and practice in the study of education, discipline studies, curriculum studies and in the specialised teaching method of physical education. In addition, students will study a second teaching method of their choice from a selected range of discipline studies offered by the Faculty of Health, the Faculty of Science and Technology or the Faculty of Arts and Education.

You will participate in a highly rewarding professional experience program spending at least 80 days working in schools, with children and alongside experienced teachers.

CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

PROFESSIONAL EXPERIENCE REQUIREMENTS
A satisfactory level of teaching competence during school experience is required for the award of the degree. Students are required to undertake professional experience placements concurrently with their secondary curriculum studies. Students may be required to complete the school experience component of the course outside the academic year.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The degree requires students to complete 32 credit points over the equivalent of four years of full-time study. Students are required to complete: 18 credit points of Education (which include studies in education, physical education, curriculum methods, literacy and numeracy and school experience); 14 credit points of discipline studies (which include exercise science, applied sports science and discipline content related to the second teaching method). Second teaching methods may be taken from a range of discipline areas including Biology, Chemistry (Biological), Dance, Drama, Health Education, Environmental Science, Mathematics and Humanities, Societies and Environments (formerly SOSE).
DETAILED COURSE RULES

The Bachelor of Physical Education may be awarded at pass level. To be awarded the Bachelor of Physical Education pass degree a person shall:

1. be accepted for enrolment in a course of study leading to the award of a Bachelor of Physical Education pass degree and continue to be accepted for enrolment until completion of that course of study
2. complete a course of study amounting to 32 credit points provided that the course of study shall
   2.1 include units amounting to 25 credit points from those units specified by Faculty Board from time to time as course-grouped units leading to the award of the degree of Bachelor of Physical Education.
   2.2 include units amounting to not less than 22 credit points at level 2 or higher, at least 6 credit points of which shall be taken at level 3 or higher, and at least 6 credit points of which shall be taken at level 4 or higher; and
   2.3 include a major sequence of 6 units of education studies units amounting to not less than 6 credit points; and
   2.4 include a major sequence of physical education studies of not less than 6 credit points; and
   2.5 include a major sequence of no more than 8 credit points in a discipline area related to the curriculum method study of physical education; and
   2.6 include a minor sequence of at least 4 credit points in a second discipline area which is to be related to the secondary curriculum method studies undertaken as agreed with the Schools of Arts, the Faculty of Health, and the Faculty of Science and Technology; and
   2.7 include a professional experience sequence of 7 units.
3. Prior to graduation, students are required to supply a certified copy of their level 2 First Aid and AustSwim qualifications in order to satisfy VIT specialist Physical Education.
4. The course of study shall be completed within a period of not less than four years and except with the permission of the Faculty Board not more than 10 consecutive years from the date the person first enrolled in the course.
5. The course of study shall include satisfactory completion of at least 80 days of supervised school experience. Students should note that four years of tertiary study inclusive of teacher education is required for employment as a teacher in Victoria.

DISCIPLINE SEQUENCES

Discipline sequences for second teaching methods have been developed in consultation with the Faculties of Arts, Health, Medicine, Nursing and Behavioural Sciences, and Science and Technology. Students must meet any prerequisites required by the offering Faculty. Units offered have been selected to most appropriately support the curriculum methodology study units while maintaining flexibility and student choice.

WORKING WITH CHILDREN CHECK

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

PROFESSIONAL EXPERIENCE REQUIREMENTS

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the on-
line instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the School Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

**PROFESSIONAL EXPERIENCE ENROLMENT**

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Bachelor of Health and Physical Education

Award granted  Bachelor of Health and Physical Education
Campus  Offered at Melbourne Burwood Campus
Duration  4 years full-time or part-time equivalent
CRICOS course code  073714F
Deakin course code  E377

Notes:
(i) New course version commencing 2011.
(ii) This course will be available on the Geelong Waurn Ponds Campus from 2013 subject to approval.

COURSE OVERVIEW
Deakin's Bachelor of Health and Physical Education prepares you for a career in health and physical education teaching in upper primary and secondary schools. The course provides theory and practice in the study of education, discipline studies, curriculum studies and in the specialised teaching methods of health and physical education. In addition, you will study a second teaching method of your choice from a selected range of discipline studies offered by the Faculty of Science and Technology or the Faculty of Arts and Education. You will participate in a highly rewarding professional experience program spending at least 80 days working in schools, with children and alongside experienced teachers.

CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The degree requires students to complete 32 credit points over the equivalent of four years of full-time study. Students are required to complete: 18 credit points of Education units (which include studies in education, physical and health education, curriculum methods, literacy and numeracy and professional experience); 14 credit points of discipline studies (which include exercise science, applied sports science and discipline content related to the additional teaching method). Additional teaching methods may be taken from a range of discipline areas including Biology, Chemistry (Biological), Dance, Drama, Mathematics and History.

The School of Education teaches 18 of the 32 credit points in this award; 10 credit points of exercise science discipline are taught by the Faculty of Health and 4 units (providing discipline content for the additional teaching method) are taught by the Faculty of Science and Technology, along with other Schools in the Faculty of Arts and Education.

Additional Graduation requirements
Prior to graduation, students MUST have completed an Emergency First Aid Certificate (Level 2) and AUSTSWIM qualifications in order to satisfy VIT Specialist Area Physical Education requirements.

In order to satisfy the Victorian Institute of Teaching requirements for graduates to have good literacy and numeracy skills all students must successfully pass EXC425 Literacy and Numeracy in the Curriculum.
DETAILED COURSE RULES

The Bachelor of Health and Physical Education may be awarded at pass level. To be awarded the Bachelor of Health and Physical Education pass degree a person shall:

1. be accepted for enrolment in a course of study leading to the award of a Bachelor Health and Physical Education pass degree and continue to be accepted for enrolment until completion of that course of study
2. complete a course of study amounting to 32 credit points provided that the course of study shall
   2.1 include units amounting to 25 credit points from those units specified by Faculty Board from time to time as course-grouped units leading to the award of the degree of Bachelor of Health and Physical Education.
   2.2 include units amounting to not less than 22 credit points at level 2 or higher, at least 6 credit points of which shall be taken at level 3 or higher, and at least 6 credit points of which shall be taken at level 4 or higher; and
   2.3 include a major sequence of 6 units of professional education units amounting to not less than 6 credit points which include professional experience; and
   2.4 include a major sequence of health and physical education studies of not less than 6 credit points; and
   2.5 include a major sequence of no more than 8 credit points in a discipline area related to the curriculum method study of health and physical education; and
   2.6 include a minor sequence of at least 4 credit points in an additional discipline area which is to be related to the secondary curriculum method studies undertaken as agreed with the Schools of Arts, and the Faculty of Science and Technology; and
3. Prior to graduation, students are required to supply a certified copy of their level 2 Emergency First Aid and AustSwim qualifications in order to satisfy VIT Specialist Area Physical Education.
4. The course of study shall be completed within a period of not less than four years and except with the permission of the Faculty Board not more than 10 consecutive years from the date the person first enrolled in the course.
5. The course of study shall include satisfactory completion of at least 80 days of supervised school experience. Students should note that four years of tertiary study inclusive of teacher education is required for employment as a teacher in Victoria.

DISCIPLINE SEQUENCES

Discipline sequences for additional teaching methods were developed in consultation with the relevant faculties and discipline coordinators. Students must meet any prerequisites required by the offering Faculty. Units offered have been selected to most appropriately support the curriculum methodology study units while maintaining flexibility and student choice. Sequences have been designed to meet the Victorian Institute of Teaching 'Specialist Area Guidelines' for secondary teachers.

Specialist area Guidelines for teachers can be found on the website of the Victorian Institute of Teaching (VIT)

PROFESSIONAL EXPERIENCE REQUIREMENTS
Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 80 days of supervised school experience. Students are asked to ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school-based experience is organised by the Faculty of Arts and Education Professional Experience Office in consultation with schools. Students are advised that (normally) any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit in the course. A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course are advised that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Teacher registration includes the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au).

Students receive a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

SCHEDULE OF NEW EDUCATION STUDIES/PROFESSIONAL EXPERIENCE UNITS
EPP101 Teacher-Learner Identity (B)
   (Normally 4 days. In 2011 only, 4 days field based community learning experience)
EPP102 Learning-Teaching Communities (B)
   (Normally 6 days. In 2011 only, an additional 4 consecutive days in a school setting = 10 days total professional experience)
EPP203 Professional Experience in Health and Physical Education: Curriculum Study A (10 days)
EPP304 Ways of Knowing Children and Adolescents (15 days)
EPP305 Policy, Schooling and Society (10 days)
EPP406 Professional Identity and Curriculum Work (35 days)

To pass the units listed above pre-service teachers must successfully complete the unit work assignment component, submitting and passing the unit’s associated assessment pieces; and successfully complete the appropriate professional experience days based in school/s.

The practicum component is assessed primarily by the supervising classroom teacher in consultations with the pre-service teacher. Satisfactory completion of the practicum component within each education studies/professional experience unit is compulsory in order for the student to progress.
Bachelor of Early Childhood Education

Award granted  Bachelor of Early Childhood Education

Campus  Offered at Melbourne Burwood Campus and by community based delivery through Geelong Waurn Ponds Campus and Warrnambool Campus

Duration  2 years full-time or part-time equivalent

CRICOS course code  059768J

Deakin course code  E420

COURSE OVERVIEW
The Bachelor of Early Childhood Education covers the education requirements of young children from birth to five year-olds and will qualify you as a teacher in childcare centres, kindergartens and early learning centres.

As Australia is on the cusp of significant growth in the early childhood education sector, this course has been developed as a new teacher education program to address the potential shortage of four year trained kindergarten and childcare centre teachers.

Deakin’s focus on experiential learning in workplace settings and communities is very different from most early childhood teacher education courses. Up to half of all the teaching and learning activities of this course is undertaken in the real context, giving you the opportunity to meld theory and practice and to become a fully prepared early childhood educator. The course was prepared in consultation with practitioners, parents and early childhood professionals, and course content and delivery draws on the expertise and experience of these groups.

The Australia-wide standard for early childhood education teachers is now four years of tertiary study. As a graduate of this course you will be eligible for employment as an early childhood teacher working with young children as required by the registering body.

This two year course follows on from studies undertaken at TAFE, such as a two year Diploma of Children’s Services. It is available to qualified early childhood staff and kindergarten teachers seeking to extend their studies and upgrade their qualifications to the four-year degree level.

The Bachelor of Early Childhood Education enables you to complete the course requirements of 20 credit points of study in a minimum of two years of full-time study (or part-time equivalent), inclusive of professional experience.

The course content covers all areas of program preparation, professional understandings and the experience and skills required of early childhood educators. As a course requirement, level 3 students will complete a minimum of 45 days of supervised professional experience in a range of early childhood settings.

The program is offered in two experience-based pathways: a rural, community-based program offered through the Geelong Waurn Ponds Campus and the Warrnambool Campus, and an on-campus, city-based program offered through the Melbourne Burwood Campus. In some instances, you will be able to combine employment with your studies. You may undertake part of your professional experience placements at your current early childhood workplace and also arrange to exchange workplaces with other students.

Students enrolled in the rural program are required to attend intensives throughout the course. There will be approximately one intensive held every six weeks. In addition, in level 3 you will be placed in early childhood settings (including kindergartens, long day care centres) for supervised professional experience for a minimum of two days per week.
The city program will have the same features as the rural program, including supervised professional experience in city kindergartens and childcare centres. The city program will be suitable for domestic and international students living in the Melbourne area.

**FEES AND CHARGES**
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**
The degree requires students to complete 20 credit points over the equivalent of two years of full-time study, inclusive of the minimum 45 days of supervised professional experience.

The course comprises 10 credit points of study at 3rd level and 10 credit points of study at 4th level. Studies include units in language and literacy and mathematics, children’s social, physical and behavioural development, management, program issues in early childhood settings and professional leadership and advocacy.

### Notes:

(i) ECE406 and ESE499 are Wholly Online units for this course (E420).

(ii) All units are 1 credit point value unless noted otherwise:
- ECP331, ECP332, ECP333, ECP334 are 0.25 credit point units.
- ECE301, ECE303, ECE307, ECE309 are 0.75 credit point units.
- ECE310 is a 2 credit point unit.

(iii) ECE410 Valuing Experience: Early Childhood Management and Leadership and ECE411 Valuing Experience: Professional Advocacy are work experience in industry units and do not attract fees. They are available for enrolment in Trimesters 1, 2, and Trimester 3, ECE410 and ECE411 are not to be enrolled in concurrently.

### Bachelor of Early Education (Honours) Units

Refer to E421 Bachelor of Early Childhood Education (Honours) course. Students complete an alternative Level 4 course structure that includes the following research units:

- EXR480 Research Methodologies in Education and Training (ONLINE)
- EXR490 Research Design and Development (ONLINE)
- EXR498 Minor Thesis Part A (ONLINE)
- EXR499 Minor Thesis Part B (ONLINE)

### EARLY CHILDHOOD PROFESSIONAL EXPERIENCE REQUIREMENTS

The course includes a minimum of 45 days of supervised professional experience. Forty-five days to be completed over two trimesters in Level three. 20 days to be undertaken in a long day care setting, working with 0-2 year old children. The remaining 25 days to be spent in a 3-5 year old kindergarten setting. Refer to the Faculty Professional Experience website for further details: http://www.deakin.edu.au/arts-ed/education/schoolexp/documentation.php

Professional experience comprises two blocks of 5 days. One scheduled at the beginning of the placement to allow students to familiarise themselves with the children and the environment in which their placement takes place, and the other near the end of the placement when students take full responsibility for the remaining of the program. Between the two blocks, students undertake two days a week placement to build up their experience.

Successful completion of this professional experience is required for progression to a 4th year of study.
Some of this experience may take place in special settings where pre-school children undertake educational programs (e.g. museums, hospitals, special development centres). A strength of the course for graduates is this wider conception of community and family learning contexts.

In level four, students undertake two valuing experience units where they have the opportunity to choose to work in settings that will further their knowledge in management, leadership and advocacy. These experiences are tailored to the students’ needs and interests.

Working With Children Check

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

Professional experience placements in early childhood settings in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing professional experience placements. The WWCC must remain current throughout the course. It is an offence under the Act to engage in professional experience without holding a WWCC.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in professional experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the early childhood setting upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in an early childhood organisation will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

PROFESSIONAL EXPERIENCE REQUIREMENTS

Students are required for registration purposes (and for the award of the degree) to have completed a minimum of 45 days of professional experience over the duration of their course. Professional experience placements are organised by the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in an early childhood organisation as an unqualified teacher/teacher’s aide will not be considered for credit by recognition of prior learning (RPL) in supervised professional experience for this course. Students may be required to complete the professional experience component of the course outside the academic year. A satisfactory level of competence during supervised professional experience is required for award of the degree. An “unsatisfactory” result on any professional experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

PROFESSIONAL EXPERIENCE ENROLMENT

Students must follow Faculty rules in relation to the number of days of professional experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published professional experience timetable. Students should note that a ‘day’ constitutes a whole day (not part thereof).
SCHEDULE OF PROFESSIONAL EXPERIENCE AND WORK EXPERIENCE IN INDUSTRY UNITS

Bachelor of Early Childhood Education

The course includes a minimum of 45 days of professional experience, and some credit for prior learning may be given for prior supervised professional experience days. Credit for prior learning must be applied for and granted via formal Faculty processes, in the absence of which, students will be placed for professional experience as per the timetable and course requirements.

Bachelor of Teaching (Primary and Secondary)

Award granted: Bachelor of Teaching (Primary and Secondary)
Campus: Melbourne Burwood Campus, Geelong Waurn Ponds Campus
Duration: 2 years full-time or part-time equivalent
CRICOS course code: 052318C
Deakin course code: E455

Note: Course version for students who commenced prior to 2007. Students should discuss their enrolment selection with their enrolment officer.

COURSE OVERVIEW
This course is designed to prepare graduates with an approved degree for teaching in primary and secondary schools. It is offered full time and part time on campus at the Melbourne Burwood Campus and Geelong Waurn Ponds Campus. The course comprises 16 compulsory units of education and professional studies and a minimum of 45 days of primary school experience and a minimum of 45 days of secondary experience.

PROFESSIONAL EXPERIENCE REQUIREMENTS
Students are required to undertake professional experience placements concurrently with their primary and secondary curriculum method studies. Students must be enrolled in an appropriate secondary school experience unit in addition to enrolment in the secondary curriculum study method units.

Students may be required to complete the school experience component of the course outside the academic year. A satisfactory level of teaching competence during school experience is required for the award of the degree.

LOTE/TESOL REQUIREMENTS
Students wishing to specialise in teaching languages other than English (LOTE) or teaching English to speakers of other languages (TESOL) within the Bachelor of Teaching (Primary and Secondary) should note the following LOTE/TESOL requirements:

LOTE (Languages other than English)
Students are advised that the requirements of the Victorian Institute of Teaching for primary and secondary teachers of LOTE are as follows:

- An Advanced level major study in the language requiring successful completion of Year 12 studies in the language for entry into the program.

NOTE: Native speakers of the language may seek a statement of equivalence from an Australian university, to verify that their knowledge and competence in the language meets the standard of a post-Year 12 Advanced level major study in the language.

All programs or program combinations should equip prospective teachers of languages with:

- a sufficient level of competence in a range of acceptable spoken and written uses of the standard variety of the language so that they can provide their students with a reliable language model. This includes the ability to use the language:
- in an appropriate range of registers and contexts
- as the medium of instruction for classroom and instructional purposes
- with users from a range of ages, regions and/or social groups, both in Australia and overseas
- an understanding of the significant works of the language (poetry, prose, drama, song, film etc), both contemporary and traditional, and insights into its related history, culture and social life, including in Australia
• knowledge of the formal properties of the phonology, syntax and discourse patterns of the standard language; an understanding of the significant features of the main varieties of the language (regional and social); an understanding of the legitimacy of a range of varieties/settings of the language; and an understanding of the contrastive features of English and the language
• a sound understanding of the pedagogy for teaching languages in the primary and/or secondary schools, including the ability to implement various program models for teaching languages
• an understanding of contemporary research findings in language acquisition, including oracy and literacy development in the first and second languages
• educational theory and practice in Australian schools as it relates to the teaching of languages.

TESOL (Teaching English to Speakers of Other Languages)
The Victorian Institute of Teaching requirements for TESOL are as follows:

• A sub-major study in one of Linguistics or
• A second language (i.e. not the teacher’s first language) or
• Appropriate TESOL Studies that includes the following core content:
  – the nature of the English language and the learning of English including formal systems, spoken and written discourse, language and social context, and bi/multilingual language and literacy development
  – the socio-cultural context of TESOL including educational, cultural, historical and inter-group issues and the implications for teaching and learning
  – acquisition of English as a second or additional language. The study of how a second or additional language is acquired with reference to English with implications for TESOL pedagogy
  – the institutional context of TESOL including the role of the TESOL teacher in the school organisation, with parents (as appropriate) and the wider community
  – together with teaching methodology which covers TESOL principles and approaches for a range of educational contexts, including factors affecting the development of language proficiency, and assessment procedures to facilitate appropriate placement of students with ESL needs.

CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Bachelor of Teaching (Primary and Secondary) a student must satisfactorily complete 16 credit points of study taken from the list of course-grouped units leading to the award. The course of study shall normally be completed within a period of not less than four trimesters of full-time study or part-time equivalent and not more than nine trimesters of study or part time equivalent. Further extensions of time may be granted with the permission of the Faculty Board which must not exceed 10 consecutive years from the date the student first enrolled in the course.

The course of study shall include satisfactory completion of at least 45 days of supervised school experience in a primary setting and at least 45 days of supervised school experience in a secondary setting. The course of study shall include secondary curriculum method studies normally related to at least one major sequence of at least 6 credit points or equivalent and at least one minor sequence of at least 4 credit points or equivalent satisfactorily completed in the approved tertiary program undertaken prior to entry.

### TEACHING METHODS

The mix of Secondary Curriculum units will depend on the academic studies students have undertaken in their first degree. Students are encouraged to consult with a course adviser on how best to build on their first degree majors and sub-majors to establish their secondary teaching methods.

The standard study program includes two teaching methods comprising two units each, middle and senior levels (i.e. part 1 and part 2, referred to as Secondary Curriculum Study A and B).

### SECONDARY CURRICULUM STUDIES (METHODS)

**WORKING WITH CHILDREN CHECK**

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school...
has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

**PROFESSIONAL EXPERIENCE REQUIREMENTS**

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 90 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching.

The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the online instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

**PROFESSIONAL EXPERIENCE ENROLMENT**

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).
Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Bachelor of Teaching (Primary and Secondary)

Award granted: Bachelor of Teaching (Primary and Secondary)
Campus: Offered at Melbourne Burwood Campus
Duration: 2 years full-time or part-time equivalent
CRICOS course code: 052318C
Deakin course code: E455

Note:
(1) For continuing students only. Final intake was 2009.
(2) Was, for offer at Melbourne Burwood Campus from 2007 onwards, and for continuing Geelong Waurn Ponds Campus students who commenced in 2007.

COURSE OVERVIEW
Deakin’s Bachelor of Teaching (Primary and Secondary) covers both primary and secondary education, allowing you to gain expertise in both areas.

Graduates will meet entry requirements of the teaching profession in Australia and qualify to gain employment as primary and secondary education teachers in all states and territories of Australia.*

The course allows you to study specialisations in many areas including arts, humanities, English, health, mathematics, science and environment.

This course is available to bachelor degree (or equivalent diploma) holders from disciplines that enable them to qualify for two single teaching method subjects. Methods usually require a background of study for at least two years, however preference will be given to applicants who have a three year major study in at least one discipline area.

As part of the course you will complete supervised school experience involving a minimum of 45 days of primary school experience and 45 days of secondary experience, which will give you a hands-on experience in a classroom setting.

* Interstate applicants who intend to teach in a state other than Victoria should seek confirmation from the relevant employing authority that the content and structure of their initial degree will qualify them for employment in primary and secondary schools on satisfactory completion of this course.

The course is offered full time and part time on campus at the Melbourne Burwood Campus.

Note: The postgraduate primary teaching course that commenced in 2007, ‘E665 Graduate Diploma of Teaching (Primary)’ is offered on-campus at the Geelong Waurn Ponds Campus.

PROFESSIONAL EXPERIENCE REQUIREMENTS
Students are required to undertake professional experience placements concurrently with their primary and secondary curriculum method studies. Students must be enrolled in an appropriate secondary school experience unit in addition to enrolment in the secondary curriculum study method units.

Students may be required to complete the school experience component of the course outside the academic year. A satisfactory level of teaching competence during school experience is required for the award of the degree.
LOTE/TESOL REQUIREMENTS

Students wishing to specialise in teaching languages other than English (LOTE) or teaching English to speakers of other languages (TESOL) within the Bachelor of Teaching (Primary and Secondary) should note the following LOTE/TESOL requirements:

LOTE (Languages other than English)

Students are advised that the requirements of the Victorian Institute of Teaching for primary and secondary teachers of LOTE are as follows:

- An Advanced level major study in the language requiring successful completion of Year 12 studies in the language for entry into the program.

NOTE: Native speakers of the language may seek a statement of equivalence from an Australian university, to verify that their knowledge and competence in the language meets the standard of a post-Year 12 Advanced level major study in the language.

All programs or program combinations should equip prospective teachers of languages with:

- a sufficient level of competence in a range of acceptable spoken and written uses of the standard variety of the language so that they can provide their students with a reliable language model. This includes the ability to use the language:
  - in an appropriate range of registers and contexts
  - as the medium of instruction for classroom and instructional purposes
  - with users from a range of ages, regions and/or social groups, both in Australia and overseas
  - an understanding of the significant works of the language (poetry, prose, drama, song, film etc), both contemporary and traditional, and insights into its related history, culture and social life, including in Australia
  - knowledge of the formal properties of the phonology, syntax and discourse patterns of the standard language; an understanding of the significant features of the main varieties of the language (regional and social); an understanding of the legitimacy of a range of varieties/settings of the language; and an understanding of the contrastive features of English and the language
  - a sound understanding of the pedagogy for teaching languages in the primary and/or secondary schools, including the ability to implement various program models for teaching languages
  - an understanding of contemporary research findings in language acquisition, including oracy and literacy development in the first and second languages
  - educational theory and practice in Australian schools as it relates to the teaching of languages.

TESOL (Teaching English to Speakers of Other Languages)

The Victorian Institute of Teaching requirements for TESOL are as follows:

- A sub-major study in one of Linguistics or
- A second language (i.e. not the teacher’s first language) or
- Appropriate TESOL Studies that includes the following core content:
  - the nature of the English language and the learning of English including formal systems, spoken and written discourse, language and social context, and bi/multilingual language and literacy development
  - the socio-cultural context of TESOL including educational, cultural, historical and inter-group issues and the implications for teaching and learning
  - acquisition of English as a second or additional language. The study of how a second or additional language is acquired with reference to English with implications for TESOL pedagogy
  - the institutional context of TESOL including the role of the TESOL teacher in the school organisation, with parents (as appropriate) and the wider community
  - together with teaching methodology which covers TESOL principles and approaches for a range of educational contexts, including factors affecting the development of language proficiency, and assessment procedures to facilitate appropriate placement of students with ESL needs.
CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study time in addition to the formal contact is also expected for each unit each week.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Bachelor of Teaching (Primary and Secondary) a student must satisfactorily complete 16 credit points of study taken from the list of course-grouped units leading to the award. The course of study shall normally be completed within a period of not less than four trimesters of full-time study or part-time equivalent and not more than nine trimesters of study or part-time equivalent. Further extensions of time may be granted with the permission of the Faculty Board which must not exceed 10 consecutive years from the date the student first enrolled in the course.

The course of study includes the satisfactory completion of at least 45 days of supervised school experience in a primary setting and at least 45 days of supervised school experience in a secondary setting. The course of study shall include secondary curriculum method studies normally related to at least one major sequence of at least 6 credit points or equivalent and at least one minor sequence of at least 4 credit points or equivalent satisfactorily completed in the approved tertiary program undertaken prior to entry.

(iv) EEP501, EEP502, EEP503 and EEY501 are 0.25 credit point units

TEACHING METHODS
The mix of Secondary Curriculum units will depend on the academic studies students have undertaken in their first degree. Students are encouraged to consult with a course adviser on how best to build on their first degree majors and sub-majors to establish their secondary teaching methods.
The standard study program includes two teaching methods comprising two units each, middle and senior levels (i.e. part 1 and part 2, referred to as Secondary Curriculum Study A and B).

WORKING WITH CHILDREN CHECK
The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.
Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

PROFESSIONAL EXPERIENCE REQUIREMENTS

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 90 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the online instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

PROFESSIONAL EXPERIENCE ENROLMENT

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

*Note:*
(1) For continuing students only. Final intake was 2009.  
(2) Was offered to 2007 onwards for commencing on-campus students at Melbourne Burwood Campus, and continuing on-campus students at Geelong Waurn Ponds Campus who commenced in 2007.

**COURSE OVERVIEW**

The Bachelor of Education – 4th Year Primary Conversion course is designed for teachers with an approved early childhood teaching qualification or an approved secondary teaching qualification who wish to be employed as primary teachers. The degree normally comprises 8 credit points of required primary education, professional experience and curriculum studies completed in one year of full-time study or part-time equivalent. All students must complete a minimum of 45 days of supervised school experience in a primary setting.

*Note: The postgraduate primary teaching course “E665 Graduate Diploma of Teaching (Primary)” is offered on-campus at the Geelong Waurn Ponds Campus and commences studies in November each year.*

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis  
- Fees charged will depend on the individual units chosen  
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

To be awarded the Bachelor of Education – 4th Year Primary Conversion, a student must satisfactorily complete at least 8 credit points of study taken from the list of course-grouped units leading to the award.

The course of study shall normally be completed within a period of not less than two trimesters of full-time study or part-time equivalent and not more than five trimesters of study or part-time equivalent. Further extensions of time may be granted with the permission of the Faculty Board which must not exceed 10 consecutive years from the date the student first enrolled in the course.

The course of study shall include satisfactory completion of at least 45 days of supervised school experience in a primary setting.

Graduate Certificate of Education

Award granted: Graduate Certificate of Education
Campus: Offered Melbourne Burwood Campus, and off campus
Duration: 0.5 year full-time or part-time equivalent
CRICOS course code: 058856F
Deakin course code: E500

COURSE OVERVIEW
The Graduate Certificate of Education is designed for teachers and other professionals to undertake a focussed short-term study program and to gain credit for it. The course aims to provide students with a high quality program linked to their professional and career development needs in areas that are of priority for schools and systems.

This course is highly flexible, allowing students to choose from across the wide range of units on offer to build the skills and knowledge that individual students particularly need.

Students will be expected to have computer and internet access.

TEACHING METHODS
Students receive instructional materials through Deakin Studies Online, CD-ROM and website links. Interaction with lecturers is provided through use of Deakin Studies Online, email and telephone links.

ARTICULATION TO MASTERS COURSE
The Graduate Certificate allows fast tracking into the masters degree. Up to 4 credit points may be granted for a completed graduate certificate taken as a fifth year of tertiary study toward a masters degree.

Direct entry to masters may be offered for a graduate certificate taken as a fourth year of tertiary study if completed at credit level or higher.

SPECIALIST AND GENERIC UNITS
This course is highly flexible, allowing students to choose specialist and generic units from across the range on offer to build individual strengths in specialism, skills and knowledge. Any of the specialist units can be included to develop a specialist stream such as EEG701 and EEG702 for International Schooling.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
Students are required to successfully complete 4 credit points of study. Four units are taken from a combination of generic and specialist units chosen in consultation with the course coordinator.
COURSE STRUCTURE
This course is highly flexible, allowing participants to choose units across the range on offer to build the skills and knowledge individual students particularly need.

Graduate Certificate of Education (Professional Development)

**Campus**
Offered at Melbourne Burwood Campus, Off campus

**Duration**
0.5 year full-time or part-time equivalent

**Deakin course code**
E540

**COURSE OVERVIEW**
The Graduate Certificate of Education is designed to allow teachers to undertake focused short-term study programs and to gain credit for them. The courses aim to provide teachers with high quality programs linked to their professional and career development needs in areas that are of priority for schools and systems. The programs are modular and flexible and designed around an agreed structure and a set of guiding principles.

This course is designed to allow teachers to undertake professional development programs and to gain credit for them. The course is an integral part of an agreement between the Deans of Education at Victorian Universities and the Victorian Professional Development Network. In the agreement, known as the Framework for Accredited Teacher Professional Development, the universities agreed to accredit professional development modules which meet specified criteria, and to establish a process of reciprocal recognition.

The Framework aims to encourage teachers to undertake high quality programs linked to their professional and career development needs in areas that are of priority for schools and systems. The programs are modular and flexible and designed around an agreed structure and a set of guiding principles.

**TEACHING METHODS**
Students receive instructional materials through Deakin Studies Online, CD-ROM and website links. Interaction with lecturers is provided through use of Deakin Studies Online, email and telephone links.

**ARTICULATION TO MASTERS COURSE**
The Graduate Certificate allows fast tracking into a related masters degree. Up to 4 credit points may be granted for a completed graduate certificate taken as a fifth year of tertiary study, toward a masters degree. Direct entry to masters may be offered for a graduate certificate taken as a fourth year of tertiary study if completed at credit level or higher.

Graduate Certificates may be undertaken as an entry point for some courses and appellations or as an exit point after satisfactory completion of at least 4 credit points of study.

**SPECIALIST AND GENERIC UNITS**
Courses are constructed from a mix of generic and specialist units. Generic units address issues related to the whole field of education, while specialist units address issues focused on a specific area.

Students who wish to have an award with appellation undertake a specified number of specialist units.

**FEES AND CHARGES**
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES

To be eligible to graduate with this award, students need to complete four units, with at least the final two units being undertaken when students are formally enrolled at this university. The final two units are selected from the pool of masters units offered by the School of Education or from additional professional development modules undertaken with assessment, offered by the School of Education.

Graduate Certificate of Education (Special Educational Needs)

Award granted: Graduate Certificate of Education (Special Educational Needs)
Campus: Off campus
Duration: 0.5 year full-time or part-time equivalent
Deakin course code: E544

Note: Continuing students enrolled prior to 2007 are asked to contact the course coordinator for enrolment advice.

COURSE OVERVIEW
The Graduate Certificate of Education (Special Educational Needs) is designed to allow teachers and other professionals to undertake focused short-term study programs and to gain credit for them. This course aims to provide educators with high quality programs linked to their professional and career development in the area of special education and associated areas.

This course takes into account the implementation of policy and addresses the fundamental philosophy of inclusion for people with disabilities and impairments within school education systems. Applicants who require eligibility for employment in Victorian special schools need to enrol in the Master of Education (Special Educational Needs), which includes the required supervised teaching component.

TEACHING METHODS
Students receive instructional materials through Deakin Studies Online, CD-ROM and website links. Interaction with lecturers is provided through use of Deakin Studies Online, email and telephone links.

ARTICULATION TO MASTERS COURSE
The Graduate Certificate allows fast tracking into a related masters degree. On completion of the Graduate Certificate of Education (Special Education Needs) up to 4 credit points may be granted toward a masters degree if taken as a fifth year of tertiary study.

Alternatively, direct entry to masters may be offered for a graduate certificate taken as a fourth year of tertiary study if completed at credit level or higher.

Graduate Certificates may be undertaken as an entry point for some courses and appellations or as an exit point after satisfactory completion of at least 4 credit points of study.

ADDITIONAL REQUIREMENTS
Some students with alternative qualifications such as nurses, psychologists or therapists who are working in the field of disability may be admitted but may not proceed to the Master of Education (Special Educational Needs) as they will not meet the requirements for employment eligibility as teachers. Some credit may be granted for appropriate, approved professional development programs already undertaken.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES
The course requires the completion of 4 credit points comprising two core units and two elective units.

COURSE OVERVIEW
The Graduate Certificate of Education is designed to allow teachers and other professionals to undertake focused short-term study programs and to gain credit for them. The courses aim to provide students with high quality programs linked to their professional and career development needs in areas that are of priority for schools and systems.

This course is designed as an introduction to basic ideas, practices and controversies in educational leadership and administration. It draws on ideas and literature from around the world but has a significant focus on developments in Australia. While it is useful for those who are contemplating applying for positions of leadership, the course takes the view that all teachers are leaders in one way or another and all are involved in administration. It is therefore of interest to all those involved in managing the education process in various institutional structures.

TEACHING METHODS
Students receive instructional materials through Deakin Studies Online, CD-ROM and website links. Interaction with lecturers is provided through use of Deakin Studies Online, email and telephone links.

COURSE OVERVIEW
The Graduate Certificate of Education is designed to allow teachers to undertake focused short-term study programs and to gain credit for them. The courses aim to provide teachers with high quality programs linked to their professional and career development needs in areas that are of priority for schools and systems.

This course is designed to meet the needs of teachers working in all sectors of the TESOL field in Australia and overseas. It is designed to provide a sound understanding of key principles and current innovative practice in English language teaching around the world and is also suitable for qualified teachers who are newcomers to TESOL. Applicants who wish to teach ESL in government schools in Victoria must meet specific content and practical teaching requirements in the Graduate Certificate of Education (GCertEd) in the related specialist field, as well as having a recognised teaching qualification that permits them to be employed as a teacher in Victoria. A number of adult ESL settings and programs may also require this level of qualification for employment purposes.

Applicants without a recognised teaching qualification who are working in the field of adult education or in overseas countries may undertake the Graduate Certificate of TESOL E580 course.

TEACHING METHODS
Students receive instructional materials through Deakin Studies Online, CD-ROM and website links. Interaction with lecturers is provided through use of Deakin Studies Online, email and telephone links. Optional weekend study schools may also be available for some units.

On campus TESOL units are delivered through face to face teaching in scheduled classes at the Melbourne campus at Burwood.

ARTICULATION TO MASTERS COURSE
The Graduate Certificate allows fast tracking into a related masters degree. Up to 4 credit points may be granted for a completed graduate certificate taken as a fifth year of tertiary study, toward a masters degree. Direct entry to masters may be offered for a graduate certificate taken as a fourth year of tertiary study if completed at credit level or higher.

Graduate Certificates may be undertaken as an entry point for some courses and appellations or as an exit point after satisfactory completion of at least 4 credit points of study.

SPECIALIST AND GENERIC UNITS
Courses are constructed from a mix of generic and specialist units. Generic units address issues related to the whole field of education, while specialist units address issues focused on a specific area.

Students who wish to have an award with appellation undertake a specified number of specialist units.
LOTE REQUIREMENTS
Teachers who wish to meet the criteria for employment as a LOTE teacher in Victorian schools should also hold either a three year post-year 12 major in the LOTE, or current LOTE accreditation, or a statement of equivalence from a LOTE department of an approved university.

TLOTE OPTION

NOTE: this option is only available to students who commenced in this course before November 2009.

Students with the appropriate background who wish to also have a TLOTE specialism included on their transcript must successfully complete the requirements for the GCertEd(TESOL) with the addition of the unit EE1700 Practicum Case Study.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

Graduate Certificate of Higher Education
Campus
Off campus
Duration
0.5 year full-time or part-time equivalent
Deakin course code
E570

COURSE OVERVIEW
The Graduate Certificate of Higher Education is designed to meet the requirements for credentialing tertiary teaching for academic staff. Such qualifications are becoming increasingly valued across the higher education sector, both in Australia and internationally.

The course is suitable for all academics teaching undergraduate or postgraduate students, in research supervision, and in the leadership or management of higher education. It caters for graduate students, tertiary teachers, adult educators, and professional staff engaged in supporting teaching and learning programs or delivering professional development programs.

The course is designed to develop your understanding of issues, research findings, and knowledge related to a range of tertiary teaching and learning contexts. Relevant policies, procedures and practices will be used to further your knowledge of quality teaching and learning as well as approaches and strategies to curriculum design, assessment, and the scholarship and leadership of teaching.

ARTICULATION TO MASTERS COURSE
The Graduate Certificate may articulate with either a Master of Education or Master of Professional Education and Training depending on applicant’s qualifications.

TEACHING METHODS
This course will be offered in an off campus mode with online and distance education elements. Some face-to-face workshops will be available. Instruction will be provided through Deakin Studies Online (DSO), multimedia resources and recommended texts and readings.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
In keeping with University regulations, in order to be eligible for the award, students must successfully complete half of the units at Deakin University. If students are awarded 3 units of credit for prior learning, they may choose one of two options:

- to complete one unit and be awarded a certificate of completion for the unit; or
- to refuse one unit of credit for prior learning, successfully complete two units, and so be eligible for the Graduate Certificate of Higher Education award.

**COURSE OVERVIEW**

The Graduate Certificate of Teaching English to Speakers of Other Languages (GC TESOL) is a short-term focused study that forms part of and with a direct pathway into the Master of Teaching English to Speakers of Other Languages (MTESOL) which is designed to address the wide diversity of educational backgrounds of students who wish to teach English, and to meet their professional needs. This course is offered to Australian students working and/or intending to work overseas as TESOL teachers, students who are unable to leave their place of work or country and wish to study off campus as well as international students who want to study TESOL on campus in Australia. The course is open to qualified professionals including teachers, in the field of education and training.

This course offers the opportunity for students to critically interpret communication in intercultural contexts; develop skills in analysing their learners' language and English as an international language; and develop an understanding of the language teaching profession in a local and global context.

All staff involved in the provision of the MTESOL are active researchers in their fields. Involvement with current educational issues is reflected in the innovative teaching methods used and the discussion of the most up to date ideas and theories in unit content.

**TEACHING METHODS**

The course is offered by on campus and flexible off-campus delivery in both full and part time mode. Students may choose to do units in either on or off campus, full or part time modes. The on campus units will be taught at the Melbourne Burwood Campus. Students receive instructional materials offered through Deakin Studies On-line, CD-ROM and website links.

Interaction with lecturers and classmates is also provided through use of DSO, email and telephone links. Optional weekend study schools may also be available for some units.

On campus units are normally delivered late afternoon through face-to-face teaching in scheduled classes at the Melbourne Burwood Campus.

Deakin course code: E650

Note:
(1) For continuing students only. Final intake was 2009.
(2) This course was offered to international students only.

COURSE OVERVIEW
This course is designed to prepare graduates with an approved degree for teaching in secondary schools. It is offered full time on campus at the Melbourne Burwood Campus to international students only. The course comprises 8 credit points of compulsory units of education and professional studies and a minimum of 45 days of supervised secondary school experience.

Each student graduating as a secondary teacher will study two separate teaching methods that each have two units attached to them; one of which is focussed on the lower and middle secondary school years, and the other on the senior years. The secondary methods students are eligible to study is determined by the academic studies undertaken in their first degree.

CONTACT HOURS
For each unit of study students are expected to participate in at least three hours of formal contact each week of trimester. A minimum of six hours of study in addition to the formal contact is also expected for each unit each week.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Graduate Diploma of Education (Secondary) a student must satisfactorily complete 8 credit points of study taken from the list of course-grouped units leading to the award.

The course of study shall normally be completed within a period of not less than two trimesters of full-time study. Extensions of time may be granted with the permission of the Faculty Board which must not exceed five consecutive years from the date the student first enrolled in the course.

The course of study shall include satisfactory completion of at least 45 days of supervised school experience in a secondary school. The course of study shall include secondary curriculum method studies normally related to at least one major sequence of at least 6 credit points or equivalent and at least one minor sequence of at least 4 credit points or equivalent satisfactorily completed in the approved tertiary program undertaken prior to entry.

**WORKING WITH CHILDREN CHECK**
The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.
SCHOOL EXPERIENCE REQUIREMENTS

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 45 days of supervised school experience. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The school experience is organised by the School Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the on-line instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s school experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education Major studies and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the School Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised school experience is required for award of the degree. An “unsatisfactory” result on any school experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

SCHOOL EXPERIENCE ENROLMENT

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the School Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the School Experience Handbook each year from the School Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp ). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Graduate Diploma of Teaching (Primary)

Award granted  Graduate Diploma of Teaching (Primary)
Campus  Offered at Geelong Waurn Ponds Campus
Duration  Equivalent to 1 year full time*
CRICOS course code  060938G
Deakin course code  E665

Note: This is an initial teacher education course to enable students to complete what is usually a one-year course of study in two thirds of the time (7 calendar months full-time from November to June).

COURSE OVERVIEW
The Graduate Diploma of Teaching (Primary) is offered through intensive mode at the Geelong Waurn Ponds Campus, commencing in November each year and finishing in June of the following year.

Duration: a 7-month full-time course for applicants with an approved three year undergraduate degree or diploma.

The Graduate Diploma of Teaching (Primary) is designed to prepare graduates to be eligible for registration and employment as teachers in primary schools. Deakin's highly relevant Graduate Diploma of Teaching (Primary) provides:

- The opportunity for students to be able to complete a full one-year post-graduate course in two thirds the time of any other similar 8 credit-point course (Nov-June).
- An environment where both locals and internationals interact within the classroom for significantly greater shared learning and real world experience.
- Responsively: the ability to be responsive to the requirements of schools is an essential component.
- Relevance: Practising teachers have been consulted to ensure course content is relevant for both local and international teachers and the course utilises the most current research available.
- The opportunity for graduates to apply early for positions within the Victorian teaching system.
- A course where international graduates can teach at primary level in their home country.
- The opportunity for international graduates to align their completion with school commencement year in their home countries.
- Entry for non-Education degree students to the course.
- Academics that are specialists in both teaching and educational research.

DELIVERY AND LOCATION
This course commences in Trimester 3 (November to January) and continues in First trimester the following year.

Trimester 3 study commences with two weeks of on-campus attendance and one week of induction in schools before the Christmas break. In mid January the following year, trimester 3 re-commences with a further three weeks of on-campus classes and a 5-day professional experience in schools.

First trimester of the following year, students will attend on-campus once a week and attend their schools for the professional experience (supervised school experience) component of the course the remaining four days of the week.

Professional experience placements
All professional experience is undertaken in a defined group of Geelong schools. The schools provide challenging, high-intensity experiences so that the students are ‘teacher-ready’ at the conclusion of their course.
CONTACT HOURS
Each unit of study consists of a minimum of 30 hours of contact time.
In intensive mode, this translates to on-campus attendance from 9.00am to 4.00pm Monday to Friday.
(Trimester 3)

In trimester 1, professional school experience will require attendance from 8.30am to 4.30pm at the
nominated school. On-campus delivery will occur between 9.00am and 4.00pm. In addition, there will be two
single weeks of intensive study held on-campus.

TEACHING METHODS
Students receive instructional materials through Deakin Studies Online, CD-ROM and website links.
Interaction with lecturers is primarily through on-campus tutorials and in addition is provided through use of
Deakin Studies Online, email and telephone links.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search.
Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Graduate Diploma of Teaching (Primary) a student must satisfactorily complete 8 credit
points of study taken from the list of course-grouped units leading to the award.

The course of study shall normally be completed within a period of not less than two trimesters of full time
study. Extensions of time may be granted with the permission of the Faculty Board which must not exceed
five consecutive years from the date the student first enrolled in the course.

The course of study shall include satisfactory completion of at least 45 days of supervised school experience
in a primary school.

Graduate Diploma of Education (Applied Learning)

Award granted: Graduate Diploma of Education (Applied Learning)
Campus: Geelong Waurn Ponds Campus
Duration: 1 year full-time or part-time equivalent
Deakin course code: E690

Note: Course version for students who commenced prior to 2007. Students should discuss unit selections with their enrolment officer. This course version is offered to continuing students only.

COURSE OVERVIEW
The Graduate Diploma of Education (Applied Learning) is designed to prepare teachers and other educators to work with young people in secondary schools, TAFE and Adult and Community Education (ACE) agencies where the challenge is to adequately provide young people with knowledge, skills and values for a range of further study and employment pathways.

This course responds to the rapid changes now underway in the education programs for young people between the ages of 14 to 19 years. Included amongst new programs are the Victorian Certificate of Applied Learning (VCAL) and VET in Schools in the post compulsory years, and Enterprise Education and Applied Learning programs in the lower and middle secondary school years. These new programs have a distinctive Applied Learning orientation in curriculum and teaching approaches.

Selection into the course will particularly target professionals and trade qualified people considering teaching as a career change opportunity. People with broad qualifications considered to be relevant to the following specialist teaching areas are encouraged to apply for this course:

Technology studies:
- Design and Technology (includes wood, metal, plastics, fibres/yarns/fabrics, industrial ceramics)
- Food and Technology
- Systems and Technology (includes mechanical and electrical/electronic systems and subsystems)

Vocational Education and Training (VET):

Applied Studies:

OTHER FEES
The costs associated with meeting the requirements for units of competence from the Certificate IV in Training and Assessment and OH&S units relevant to the graduate’s VET teaching area(s), are not covered in the Graduate Diploma of Education (Applied Learning) fees. Students needing to complete this requirement will need to enrol separately with a TAFE college or other Registered Training Provider.
DELCIVERY AND LOCATION
The course takes a very ‘applied’ approach with much of the learning taking place in education and training workplaces.

The course will be conducted on a community based delivery model which combines on campus delivery, off campus online study and a major component of work-based experiential learning in community youth learning sites such as schools, TAFE colleges, ACE agencies and vocationally relevant workplaces.

The on-campus aspects of the course (approximately 10 weeks annually for a full time enrolment) will be delivered at the Waurn Ponds (Geelong) campus of Deakin University in blocks of 1 to 2 weeks.

PROGRAM LENGTH AND STRUCTURE
The program is comprised of 10 weeks of on-campus tutorials and workshops commencing with a two week introductory intensive in February. Other on-campus intensives will be conducted at mid trimester and end of trimester. In between the on-campus tutorial workshop intensives students will be engaged at their work-based learning sites including applied learning teaching experience for a total of 20 weeks. Typically, students may spend an average of 3 days per week on site and will use the other 2 days per week for study, assignment preparation and Deakin Studies Online (DSO) contact.

TEACHING METHODS
During each Work-based Learning week students will be located in the school, TAFE institute or ACE agency for 3 days work placement. The remaining 2 days will be study days for the students. During these study days students will be connected to other students and the academic staff course group through Deakin Studies Online (DSO). Through DSO students and staff will communicate on the development of their action research projects, other assessment tasks and on their study and teaching progress generally. Unit assessments will reflect these tasks including the quality of each student’s DSO participation.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Graduate Diploma of Education (Applied Learning) a student must satisfactorily complete 8 credit points of study taken from the list of course-grouped units leading to the award.

The course of study shall normally be completed within a period of not less than one year of full-time or two years of part-time study. Extensions of time may be granted with the permission of the Faculty Board which must not exceed five consecutive years from the date the student first enrolled in the course.

The course of study shall include satisfactory completion of at least 45 days of supervised school experience taken in a combination of secondary schools, TAFE and/or ACE work placements but at least 23 of these days must be taken in a secondary school.

Graduates will be required to have completed appropriate units of competence, from the Certificate IV in Training and Assessment. These units will not be offered as part of the course, but Deakin staff will assist students to identify appropriate training providers.

APPLIED LEARNING TEACHING EXPERIENCE REQUIREMENTS

Students are required, for employment purposes and for award of the degree, to complete a minimum of 45 days of supervised teaching experience over the duration of their course. Of the 45 days, 25 days must be completed in a secondary school setting, with the remaining 20 days undertaken in secondary schools or alternate settings such as TAFE and ACE.

Students should ensure that they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The School Experience Office will provide students with an Applied Learning Teaching Experience Handbook, which is updated annually and is a summary of Faculty requirements in relation to teaching experience.

Students are strongly encouraged to consider a placement in regional Victoria; the School Experience Office will assist in the facilitation of regional placements where possible.

WORKING WITH CHILDREN CHECK

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.

**PROFESSIONAL EXPERIENCE REQUIREMENTS**

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with their curriculum studies and Education major studies and during the timetabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should also note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course.

Graduate Diploma of Education (Applied Learning)

**Award granted**: Graduate Diploma of Education (Applied Learning)

**Campus**: Offered at Geelong Waurn Ponds Campus

**Duration**: 1 year full-time or part-time equivalent

**Deakin course code**: E690

**Notes:**
(i) Current course version for students commencing 2007 onwards.
(ii) The course is delivered through a mix of short intensive on-campus teaching blocks spread across summer, autumn and winter schools and intra-trimester weeks. Following each intensive teaching block students will be located in a teaching work placement in either a secondary school, a TAFE institute or an ACE agency. These off-campus work placements will be between 4 to 6 weeks per trimester involving concentrated work based learning forms of professional development and enquiry. Students are expected to maintain off-campus participation in the course by accessing the Deakin Studies Online (DSO) in periods between the intensive study blocks.

**COURSE OVERVIEW**

The Graduate Diploma of Education (Applied Learning) is an exciting and innovative program, designed to prepare teachers and educators to work with young people in secondary schools, TAFE and Adult and Community Education (ACE) agencies.

This course was developed in response to the changes now underway in education programs that provide young people between the ages of 14 and 19 years with the knowledge, skills and values for a range of further study and employment pathways. These changes include the introduction of the Victorian Essential Learning Standards (VELS); the Victorian Certificate of Applied Learning (VCAL); VET in schools; and other Enterprise Education and Applied Learning programs in the lower and middle secondary school years.

The course takes a very ‘applied’ approach, with much of the learning taking place in education and training workplaces such as schools, TAFE colleges, ACE agencies, youth support agencies and vocationally relevant workplaces. You are required to complete a minimum of 45 days of supervised teaching experience over the duration of the course. You are also required to complete 15 days of service learning and industry-based professional development to support your engagement with the profession.

The course will particularly interest professionals and trade-qualified people considering teaching as a career change and who have applied and vocational qualifications and skills in:

- Technology studies, such as design and technology, food and technology and systems and technology;
- Vocational Education and Training (VET), such as agriculture, automotive, building and construction, business administration, Cisco, community services, clothing products, dance, desktop publishing, electronics, engineering, equine industry, financial services, fitness, food processing (wine), food technology, furnishing, horticulture, hospitality (operations), information technology, laboratory skills, multimedia, music industry, retail operations, seafood industry, small business practice, sport and recreation;
- Applied studies, such as arts, science, mathematics, English, careers, information technology, media, music, environmental studies, social studies, student welfare, and visual communication.

**OTHER FEES**

The cost associated with meeting the requirements for units of competence from the Certificate IV in Training and Assessment is not covered in the Graduate Diploma of Education (Applied Learning) fees. Students needing to complete this requirement will need to enrol separately with a TAFE college or other Registered Training Provider.
DELIVERY AND LOCATION
The course takes a very ‘applied’ approach with much of the learning taking place in education and training workplaces.

The course will be conducted on a mixed-mode delivery model which combines on-campus workshops, off campus online study and a major component of work-based experiential learning in community youth learning sites such as schools, TAFE colleges, ACE agencies and vocationally relevant workplaces.

The on-campus aspects of the course (approximately 10 weeks annually for a full time enrolment) will be delivered at the Geelong Waurn Ponds Campus in blocks of 1 to 2 weeks.

PROGRAM LENGTH AND STRUCTURE
The program is comprised of 10 weeks of on-campus tutorials and workshops commencing with a two week introductory Summer School in February. Other on-campus intensives will be conducted at mid trimester and end of trimester. In between the on-campus tutorial workshop intensives students will be engaged at their work-based learning sites including applied learning teaching experience for a total of 20 weeks. Typically, students may spend an average of 3 days per week on site and will use the other 2 days per week for study, assignment preparation and Deakin Studies Online (DSO) contact.

TEACHING METHODS
During each work-based Learning week students will be located in the school, TAFE institute or ACE agency to complete their Applied Learning Teaching Experience. These work-based learning placements are typically completed as combined blocks of 10 and 15 days but may also be negotiated as three-days-per-week work placement where this can be arranged by the student support staff. The final placement requires students to demonstrate their competence in the essential elements of practice and knowledge that are consistent with VIT’s Standards for Graduating Teachers. When students are not undertaking their work-based learning placements they will continue their study online and will be connected to other students and the academic staff course group through Deakin Studies Online (DSO). Through DSO, students and staff will communicate on the development of their action research projects, other assessment tasks and on their study and teaching progress generally. Unit assessments will reflect these tasks including the quality of each student’s DSO participation.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the Graduate Diploma of Education (Applied Learning) a student must satisfactorily complete 8 credit points of study taken from the list of course-grouped units leading to the award.

The course of study shall normally be completed within a period of not less than one year of full-time or two years of part-time study. Extensions of time may be granted with the permission of the Faculty Board which must not exceed five consecutive years from the date the student first enrolled in the course.

The course of study shall include satisfactory completion of at least 45 days of supervised school experience taken in a combination of secondary schools, TAFE and/or ACE work placements but at least 25 of these days must be taken in a secondary school. Students are also required to complete an additional 15 days of service learning involving professional engagement through volunteer work that contributes value to youth learning settings, and participate in industry-based professional development activities that further their knowledge and skills as a teacher.
In addition to successfully completing all of the course units and professional experience, students are required to have completed a Certificate IV in Training and Assessment (TAA) as a co-requisite to be eligible for graduation. Although Deakin does not deliver the Certificate IV (TAA), students will be offered the option to complete it by taking advantage of Recognition of Prior Learning (RPL) and customised training arrangements negotiated by Deakin staff with a suitable Registered Training Provider (RTP). The cost of the Certificate IV is not included in the Deakin fees and is required to be met by the student.

(iv) EEY705, EEY706, EEY707 and EEY708 are 0.25 credit point units

**APPLIED LEARNING TEACHING EXPERIENCE REQUIREMENTS**

Students are required, for employment purposes and for award of the degree, to complete a minimum of 45 days of supervised teaching experience over the duration of their course. Of the 45 days, 25 days must be completed in a secondary school setting, with the remaining 20 days undertaken in secondary schools or alternate settings such as TAFE and ACE.

Students should ensure that they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching. The Professional Experience Office will provide students with an Applied Learning Teaching Experience Handbook, which is updated annually and is a summary of Faculty requirements in relation to teaching experience.

Students are strongly encouraged to consider a placement in regional Victoria; the Professional Experience Office will assist in the facilitation of regional placements where possible.

In addition to 45 days of supervised placement, the Graduate Diploma of Education (Applied Learning) also requires students to complete a minimum of 15 additional days of professional learning experience that demonstrates constructive contribution to the profession. These 15 days are not required to be supervised and could typically involve undertaking volunteer work with youth oriented organisations or attending relevant in-service programs such as professional conferences and workshops. Students will be required to keep a portfolio of evidence for all professional experience and engagement.
WORKING WITH CHILDREN CHECK

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

ARRANGING PROFESSIONAL EXPERIENCE

Professional experience is organised by the staff in the Professional Experience Office and students should not make contact with schools regarding placements without consultation with the professional experience staff.

Students should note that it is a requirement of the course that professional experience is undertaken in conjunction with course studies and during the scheduled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should also note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher’s aide will not be recognised for credit as recognised prior learning in supervised school experience for this course.

A satisfactory level of teaching competence during supervised professional experience is required for award of the degree. An ‘unsatisfactory’ result on any professional experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: www.vit.vic.edu.au).
APPLIED LEARNING TEACHING EXPERIENCE ENROLMENT

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in school experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Professional Experience Handbook each year from the Professional Experience Office (also available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the handbook is updated annually and is a summary of Faculty rules in relation to school experience.

Master of Education

Award granted  Master of Education
Campus  Offered at Melbourne Burwood Campus and off campus
Duration  1 year full-time or part-time equivalent
CRICOS course code  016888A
Deakin course code  E700

COURSE OVERVIEW
The Master of Education is offered to professional educators. Students can choose to do coursework only, or combine coursework with a research paper.

The Master of Education builds upon the Graduate Certificate offered within the Faculty and, if undertaken with a research paper, may articulate to the Doctor of Philosophy (PhD).

As a graduate of this course students will possess an understanding of contemporary education issues and discourses; have high-level critical and evaluative skills; translate into practice your experiences and understandings of the program; and have demonstrated their ability to undertake educational research projects.

Students will be expected to have computer and internet access.

TEACHING METHODS
Students may receive instructional materials offered through Deakin Studies On-line, CD-ROM and website links. Interaction with lecturers and classmates is provided through use of Deakin Studies Online, email and telephone links.

ARTICULATION
Master of Education students who successfully complete two credits of research method studies and a two credit point research paper, at an appropriate standard, may apply for entry into PhD studies. Those who complete a Master of Education by coursework alone, will be required to complete some level of research training at an appropriate standard before being accepted for doctoral studies.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded a Master of Education, students are required to successfully complete 8 credit points of study under one of the following configurations:

General coursework only
• a minimum of 8 credit points of study from any units at Masters level offered by the School of Education. Participants are encouraged to select from across the full unit range or focus on a group of units covering an area of interest.

In consultation with the course coordinator, students may include other Masters level units offered by the School of Education or elsewhere.
General Coursework with research paper

- A minimum of 4 credit points of study from any Master of Education units;
- EXR780 Research Perspectives and Practices *
- EXR790 Research Design and Development; and
- EXR796/797 Research Paper Part A and Part B **

* Where students have an equivalent research study and/or experience this unit may be replaced with another 1 credit point unit in consultation with the course coordinator.

** Research Paper Part A and Part B may be available to complete within the same trimester, but only after consultation with the course coordinator.

In consultation with the course coordinator, students may include other Masters level units offered by the School of Education or elsewhere may be included.

General coursework with minor thesis

- Two credit points of study from any Master of Education units;
- EXR780 Research Perspectives and Practices *
- EXR790 Research Design and Development; and
- EXR798/799 Minor Thesis Part A and Part B **

Note: This option is available only in special cases with approval from the course coordinator after completion of two units at Distinction level or higher.

* Where students have an equivalent research study and/or experience this unit may be replaced with another 1 credit point unit in consultation with the course coordinator.

** Minor Thesis Part A and Part B may be available to complete within the same trimester, but only after consultation with the course coordinator.

In consultation with the course coordinator, students may include other Masters level units offered by the School of Education or elsewhere may be included.

COURSE STRUCTURE

This course is highly flexible and students may select any 8 units from below unit listings, allowing participants to choose units from across the range on offer to build individual strengths. Any of the specialist units can be included to develop a specialist stream such as EEG701 and EEG702 for International Schooling.

Master of Education (Curriculum Studies)

Award granted: Master of Education (Curriculum Studies)
Duration: 1 year full-time or part-time equivalent
Deakin course code: E741

Offered to continuing students only.

COURSE OVERVIEW
The Master of Education (MEd) is offered to professional educators. You can choose to do coursework only, or you can combine coursework with a research paper.

The Master of Education builds upon graduate certificates offered within the Faculty and, if undertaken with a research paper, may articulate to the Doctor of Philosophy (PhD).

As a graduate of this course you will possess an understanding of contemporary education issues and discourses; have high-level critical and evaluative skills; translate into practice your experiences and understandings of the program; and select appropriate research methods and techniques for educational research projects.

The purpose of the Curriculum Studies specialism is to enhance the capacities of curriculum workers in all sectors of education practice to improve teaching, learning, curriculum design, and professional development programs within their respective institutional contexts, and to take informed positions on contemporary curriculum issues and debates. Curriculum Studies encompasses, but is not limited to, investigations of the social construction of knowledge, curriculum work as a cultural and political practice, and critical analyses of contemporary curriculum discourses and practices in schools and other learning environments. Curriculum Studies involves multidisciplinary inquiry and draws on a variety of perspectives and orientations including cultural studies, social history, poststructuralism, feminism, multiculturalism, and critical theory.

TEACHING METHODS
Students receive instructional materials offered through Deakin Studies On-line, CD-ROM and website links. Interaction with lecturers and classmates is also provided through use of DSO, email and telephone links.

ARTICULATION
Masters courses require a research component to lead to a Doctor of Philosophy.

COURSE RULES

To be awarded a Master of Education (Curriculum Studies), students are required to successfully complete 8 credit points of study under one of the following configurations:

Coursework only for appellation
- a minimum of 5 credit points from units listed for the Master of Education (Curriculum Studies) (including selected generic units chosen in consultation with MEd coordinator) of which at least three are specific to the appellation; and
- up to 3 credit points from any units at masters level offered by the School of Education.

Note: The coursework-only degree does not qualify for entry to Doctor of Philosophy program. Future doctoral applicants with this degree will need to undertake research studies at the required standard equivalent to those in the research pathway (see below).

Coursework with research paper for appellation
- a minimum of 3 credit points from units listed for the Master of Education (Curriculum Studies) (including selected generic units chosen in consultation with course coordinator) of which at least two are specific to the appellation;
- EXR780 Research Perspectives and Practices *
- EXR790 Research Design and Development
- EXR796/797 Research Paper Part A and Part B ** undertaken in the chosen specialist area
- up to 2 credit points from any unit at masters level offered by the School of Education chosen in consultation with the MEd course co-ordinator.

* Where students have an equivalent research study and/or experience this unit may be replaced with another 1 credit point unit in consultation with the MEd course coordinator.
** Research Paper Part A and Part B may be available to complete within the same trimester, but only after consultation with the course coordinator.

Coursework with minor thesis for appellation
- two credit points of units specific to the Master of Education (Curriculum Studies);
- EXR780 Research Perspectives and Practices *
- EXR790 Research Design and Development; and
- EXR798/799 Minor Thesis Part A and Part B ** undertaken in the chosen specialist area
- up to 1 credit point from any unit at Masters level offered by the School of Education chosen in consultation with the MEd course coordinator.

Note: Only available in special cases with approval from the MEd course coordinator after completion of two units at distinction level or higher.

* Where students have an equivalent research study and/or experience this unit may be replaced with another 1 credit point unit in consultation with the MEd course coordinator.
** Minor Thesis Part A and Part B may be available to complete within the same trimester, but only after consultation with the course coordinator.
COURSE STRUCTURE

Students who wish to undertake a course with appellation will select appropriate specialist units in consultation with the course coordinator, taking into account any particular course requirements for that particular appellation.

Master of Education (Physical and Health Education)

Award granted Master of Education (Physical and Health Education)
Deakin course code E742

Offered to continuing students only.

COURSE OVERVIEW
The Master of Education (MEd) is offered to professional educators. You can choose to do coursework only, or you can combine coursework with a research paper.

The Master of Education builds upon graduate certificates offered within the Faculty and, if undertaken with a research paper, may articulate to the Doctor of Philosophy (PhD).

As a graduate of this course you will possess an understanding of contemporary education issues and discourses; have high-level critical and evaluative skills; translate into practice your experiences and understandings of the program; and select appropriate research methods and techniques for educational research projects.

This course is designed for teachers and other professionals who have responsibility for, or a special interest in, the provision of health and physical education in educational settings. The units within this appellation encourage students to reflect on and critique aspects of their own professional practice. Building on this, students are invited to examine various aspects of contemporary educational theory and practice and map these onto past education theory and practice. Among the themes explored within this appellation are the place and practice of sport, health and physical education in schools, other educational settings and society.

TEACHING METHODS
Students receive instructional materials offered through Deakin Studies On-line, CD-ROM and website links. Interaction with lecturers and classmates is also provided through use of DSO, email and telephone links.

Master of Education (Science and Environmental Education)

Award granted: Master of Education (Science and Environmental Education)
Duration: 1 year full-time or part-time equivalent
Deakin course code: E743

Offered to continuing students only.

COURSE OVERVIEW
The Master of Education (MEd) is offered to professional educators. You can choose to do coursework only, or you can combine coursework with a research paper.

The Master of Education builds upon graduate certificates offered within the Faculty and, if undertaken with a research paper, may articulate to the Doctor of Philosophy (PhD).

As a graduate of this course you will possess an understanding of contemporary education issues and discourses; have high-level critical and evaluative skills; translate into practice your experiences and understandings of the program; and select appropriate research methods and techniques for educational research projects.

Units in this course focus on many aspects of science, technology and environmental education, appropriate for analysing practice and issues in the school, training, or public sectors. The SEE group’s research which underpins these units is highly regarded and includes critical environmental perspectives, studies of teaching and learning and assessment, teacher change and professional development, and social and cultural perspectives.

TEACHING METHODS
Students receive instructional materials offered through Deakin Studies On-line, CD-ROM and website links. Interaction with lecturers and classmates is also provided through use of DSO, email and telephone links.

ARTICULATION
Masters courses require a research component to lead to a Doctor of Philosophy.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded a Master of Education (Science and Environmental Education), students are required to successfully complete 8 credit points of study under one of the following configurations:

Coursework only for appellation
- a minimum of 5 credit points from units listed for the Master of Education (Science and Environmental Education) (including selected generic units chosen in consultation with MEd coordinator) of which at least three are specific to the appellation; and
- up to 3 credit points from any units at masters level offered by the School of Education.
Note: The coursework-only degree does not qualify for entry to the Doctor of Philosophy program. Future doctoral applicants with this degree will need to undertake research studies at the required standard equivalent to those in the research pathway (see below).

Coursework with research paper for appellation
- a minimum of 3 credit points from units listed for the Master of Education (Science and Environmental Education) (including selected generic units chosen in consultation with course coordinator) of which at least two are specific to the appellation
- EXR780 Research Perspectives and Practices *
- EXR790 Research Design and Development
- EXR796/797 Research Paper Part A and Part B ** undertaken in the chosen specialist area
- up to 2 credit points from any unit at masters level offered by the School of Education chosen in consultation with the MEd course coordinator.

* Where students have an equivalent research study and/or experience this unit may be replaced with another 1 credit point unit in consultation with the MEd course coordinator.
** Research Paper Part A and Part B may be available to complete within the same trimester, but only after consultation with the course coordinator.

Coursework with minor thesis for appellation
- two credit points of units specific to the Master of Education (Science and Environmental Education);
- EXR780 Research Perspectives and Practices *
- EXR790 Research Design and Development; and
- EXR798/799 Minor Thesis Part A and Part B ** undertaken in the chosen specialist area
- up to 1 credit point from any unit at Masters level offered by the School of Education chosen in consultation with the MEd course coordinator.

Note: Only available in special cases with approval from the MEd course coordinator after completion of two units at distinction level or higher.

* Where students have an equivalent research study and/or experience this unit may be replaced with another 1 credit point unit in consultation with the MEd course coordinator.
** Minor Thesis Part A and Part B may be available to complete within the same trimester, but only after consultation with the course coordinator.

COURSE STRUCTURE
Students who wish to undertake a course with appellation will select appropriate specialist units in consultation with the relevant course coordinator, taking into account any particular course requirements for that particular appellation.

Master of Education (Special Educational Needs)

Award granted: Master of Education (Special Educational Needs)  
Campus: Off campus  
Duration: 1 year full-time or part-time equivalent  
Deakin course code: E744SP

Notes:  
(i) Continuing students who enrolled prior to 2007 are asked to contact the course coordinator for re-enrolment advice.  
(ii) This course is accredited by Victorian Institute of Teaching for specialist teaching positions.

COURSE OVERVIEW
The Master of Education (Special Educational Needs) is designed for qualified teachers interested in employment in the area of special educational needs. This course is conducted off campus and consists of eight credit points taken over one year of full-time study or up to three years of part-time study.

As a graduate of this course you will possess an understanding of contemporary education issues and discourses; have high-level critical and evaluative skills; and translate into practice your experiences and understandings of inclusive educational programs. The course takes in to account the implementation of policy and addresses the fundamental philosophy of access and success for people with special educational needs.

The Master of Education (Special Educational Needs) is an externally accredited program that meets the requirements of the Department of Education and Training Victoria and the Victorian Institute of Teaching guidelines for special education. The requirements within the two practicum units EEI700 and EEI716 include 15 days of supervised teaching experience, a supervised case study (15 days or equivalent) and 15 days of professional development activities e.g. workshops and seminars related to special education.

Please note that EEI700 and EEI716 may be completed in a specialised area such as vision impairment where supervision would be conducted by a member from the visiting teacher service.

TEACHING METHODS
Students receive instructional materials through Deakin Studies Online, CD-ROM and website links. Interaction with lecturers is also provided through use of Deakin Studies Online, email and telephone links.

ARTICULATION
The Master of Education (Special Educational Needs) can articulate directly with credit to a Masters course with a research component.

Masters courses require a research component to lead to a Doctor of Philosophy.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES

To be awarded a Master of Education (Special Educational Needs), students are required to successfully complete 8 credit points of study comprising 3 core, 3 elective and 2 practicum units.

The practicum units can be taken across a range of settings. The requirements for these units comprise 15 days of supervised teaching experience, a supervised case study (15 days or equivalent) and 15 days of professional development activities e.g. workshops and seminars related to special education.

(Educational Leadership and Administration)

Award granted: Master of Education (Educational Leadership and Administration)
Campus: Off campus
Duration: 1 year full-time or part-time equivalent
Deakin course code: E746

COURSE OVERVIEW
The Master of Education (MEd) is offered to professional educators. You can choose to do coursework only, or you can combine coursework with a research paper.

The management of learning is becoming a feature of many complex organisations that see themselves as ‘learning organisations’. This course explores what might constitute the responsibilities of those involved in managing such organisations and the learning processes within them. While schools are a focus of much of the work in this program the basic ideas are equally applicable to other learning organizations and those who work within them.

Master of Education (Information Technology Education)

Award granted: Master of Education (Information Technology Education)
Duration: 1 year full-time or part-time equivalent
Deakin course code: E748

Offered to continuing students only.

COURSE OVERVIEW
The Master of Education (MEd) is offered to professional educators. You can choose to do coursework only, or you can combine coursework with a research paper.

The Master of Education builds upon graduate certificates offered within the Faculty and, if undertaken with a research paper, may articulate to the Doctor of Philosophy (PhD).

As a graduate of this course you will possess an understanding of contemporary education issues and discourses; have high-level critical and evaluative skills; translate into practice your experiences and understandings of the program; and select appropriate research methods and techniques for educational research projects.

This course addresses the professional development needs of educators who require critical insights into the nature and potential use of e-Learning to meet their teaching and learning needs across a range of contexts: for example, collaborative learning, flexible or online learning, multimedia, and the development of computer-based learning environments. Units focus on the nature, role and use of information technology in supporting and enhancing teaching and learning in and across educational and workplace contexts. It is not a course about developing information technology skills. Units provide the learner with understandings of the origins, influences, theoretical positions and research findings that shape contemporary practice across a range of contexts and cultures. These units aim to provide the learner with knowledge that can be contextualised to critiquing, developing and using computer-based learning environments in their professional practice.

Master of Education (Mathematics Education)

**Award granted** Master of Education (Mathematics Education)

**Duration** 1 year full-time or part-time equivalent

**Deakin course code** E751

Formerly course code E711

Offered to continuing students only.

**COURSE OVERVIEW**

The Master of Education (MEd) is offered to professional educators. You can choose to do coursework only, or you can combine coursework with a research paper.

The Master of Education builds upon graduate certificates offered within the Faculty and, if undertaken with a research paper, may articulate to the Doctor of Philosophy (PhD).

As a graduate of this course you will possess an understanding of contemporary education issues and discourses; have high-level critical and evaluative skills; translate into practice your experiences and understandings of the program; and select appropriate research methods and techniques for educational research projects.

The Master of Education (Mathematics Education) is designed to provide participants with a broad knowledge of areas of mathematics appropriate to primary and secondary schools and other educational settings; a sound background of mathematical knowledge that will enable them to apply mathematics to and extract mathematics from everyday situations; an overview of contemporary strategies for the learning and teaching of mathematics including the application of new technology in mathematics education; the opportunity to explore and evaluate a range of classroom approaches; a familiarity with current major curriculum documents, their strengths and limitations, and strategies for their implementation; an awareness of the major areas of current research in mathematics education; and the confidence, knowledge and skills to provide professional leadership in their educational communities.

**TEACHING METHODS**

Students receive instructional materials offered through Deakin Studies On-line, CD-ROM and website links. Interaction with lecturers and classmates is also provided through use of DSO, email and telephone links.

**ARTICULATION**

Masters courses require a research component to lead to a Doctor of Philosophy.

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES
To be awarded a Master of Education (Mathematics Education), students are required to successfully complete 8 credit points of study under one of the following configurations:

Coursework only for appellation
- a minimum of 5 credit points from units listed for the Master of Education (Mathematics Education) (including selected generic units chosen in consultation with MEd co-ordinator) of which at least three are specific to the appellation; and
- up to 3 credit points from any units at masters level offered by the School of Education.

Note: The coursework-only degree does not qualify for entry to the Doctor of Philosophy program. Future doctoral applicants with this degree will need to undertake research studies at the required standard equivalent to those in the research pathway (see below).

Coursework with research paper for appellation
- a minimum of 3 credit points from units listed for the Master of Education (Mathematics Education) (including selected generic units chosen in consultation with course co-ordinator) of which at least two are specific to the appellation;
- EXR780 Research Perspectives and Practices *
- EXR790 Research Design and Development;
- EXR796/797 Research Paper Part A and Part B ** undertaken in the chosen specialist area
- up to 2 credit points from any unit at masters level offered by the School of Education chosen in consultation with the MEd course co-ordinator.

* Where students have an equivalent research study and/or experience this unit may be replaced with another 1 credit point unit in consultation with the MEd course co-ordinator.
** Research Paper Part A and Part B may be available to complete within the same trimester, but only after consultation with the course coordinator.

Coursework with minor thesis for appellation
- two credit points of units specific to the Master of Education (Mathematics Education);

Master of Education
(Teaching English to Speakers of other Languages)

Award granted: Master of Education (Teaching English to Speakers of other Languages)
Campus: Offered at Melbourne Burwood Campus, Off campus
Duration: 1 year full-time or part-time equivalent
CRICOS course code: 027532E
Deakin course code: E752

Notes:
(i) Formerly course code E733
(ii) Accreditation by Victorian Institute of Teaching for specialist teaching positions.

COURSE OVERVIEW
This course is designed for experienced TESOL professionals wishing to develop their understandings of current practice and issues in English language teaching in Australia and overseas. It is also suitable for qualified teachers who are newcomers to the field of TESOL, as the first four core units explore the key principles and practices in contemporary English language teaching.

Applicants who wish to teach English to speakers of other languages (TESOL) in government schools in Victoria must meet specific content and practical teaching requirements in the Master of Education in the related specialist field, as well as having a recognised teaching qualification which permits them to be employed as a teacher in Victoria.

A number of adult ESL settings and programs may also require this level of qualification for employment purposes.

Applicants without a recognised teaching qualification and who are working in the field of adult education or in overseas countries may undertake the Master of TESOL E780 course.

TEACHING METHODS
Students receive instructional materials offered through Deakin Studies On-line, CD-ROM and website links. Interaction with lecturers and classmates is also provided through use of DSO, email and telephone links. Optional weekend study schools may also be available for some units. On campus TESOL and TLOTE units are delivered through face to face teaching in scheduled classes at the Melbourne Burwood Campus.

ARTICULATION
Masters courses require a research component to lead to a Doctor of Philosophy.

**COURSE OVERVIEW**
Deakin’s Master of Teaching is a 16 credit point course. It enables candidates with at least a three-year undergraduate degree to complete the equivalent of two more years of study (four trimesters) that will allow registration as a graduate early childhood, primary or secondary teacher with a master’s qualification.

This course has been developed in response to the growing trend, nationally and internationally, to require postgraduate qualifications for entry into the teaching profession, and to offer a number of pathways into the profession. A 12 credit point Graduate Diploma of Teaching (E663) is embedded in the course. You will have the opportunity to exit the course after three trimesters with a graduate diploma, or to complete a 4th trimester of study to graduate with a Master of Teaching.

**PROFESSIONAL RECOGNITION**
As a graduate of the course you will be eligible to gain registration for teaching in primary or secondary school settings through the Victorian Institute of Teaching. Qualifications gained through the Master of Teaching – Early Childhood and the Graduate Diploma of Teaching- Early Childhood are listed as approved on the Victorian Government Gazette list. Graduates with either of these qualifications will be employable as teachers in Early Childhood settings.

**STRAND AVAILABILITY**
The strands in Primary and Secondary, will be available on campus at the Melbourne Burwood Campus, and in off-campus mode. The Early Childhood strand commences on-campus at Melbourne Burwood Campus, and Geelong Waurn Ponds Campus in community-based mode i.e. a combination of intensive and online study in 2011. Not all secondary methods will be available at the Melbourne Burwood Campus, or in off-campus mode.

**ARTICULATED COURSES**
Master of Teaching graduates who have successfully completed their strand study and the research pathway option with four credit points in research studies at an appropriate standard may apply for entry into a PhD.

**FEES AND CHARGES**
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES

In the Master of Teaching, all students must successfully complete the following course components, totalling 16 credit points:

1. Six core units (6cp) in Education Studies and Professional Experience:

   - Education Studies units (EEE751, EEE752, EEE753)
   - Professional Experience units (EPR701, EPR702, EPR703) or (EPR701, EPR705, EPR706)*

   * only for students undertaking a dual credential with strands in Early Childhood Education and Primary Teaching.

   Note: embedded in the Professional Experience units are 60 days of teaching experience in schools or other educational settings.

2. Plus six credit points from one teaching strand (choice of Early Childhood, Primary or Secondary teaching):

   Students enrolled in the *Early Childhood strand complete:

   - 6 core units: ECE761; ECE762; ECE763; ECE764; ECP711 and ECP712

   Students enrolled in the Primary strand complete:

   - 6 core units: EPL746; EPM742; EPO701; EPS735; ECP711 and ECP712

   Students enrolled in the Secondary strand complete:

   - Two curriculum studies units (teaching Years 7-10) in their two discipline areas (e.g. in history and geography; or science and maths; or English and drama etc)
   - Two curriculum studies units (teaching Years 11-12) in their two discipline areas
   - EEH730 Promoting Student Wellbeing
   - EXC735 Teachers and Youth Literacy and Numeracy Engagement or EXC725 Literacy and Numeracy Across the Curriculum

3. Plus four credit points (4cp) from one of the following:

   - Dual Credential. By choosing certain combinations from the above for their remaining four units, students can gain sufficient credits to qualify as a teacher in a second strand, i.e. in Early Childhood AND Primary, or Primary AND Secondary. (Note: dual credential is only available in the Trimester 1,2,1,2 study configuration, across 2 years of study).

   Or they may choose:

   - Internship. a four credit point internship: (EPR704) which can only be undertaken after successful completion of the 60 days practicum and which serves as an induction into the profession.
   - Research pathway. a four credit point research sequence (EXR780; EXR790; EXR796; EXR797). Graduates of the Master of Teaching who have successfully completed their strand studies and the research pathway option with 4 credit points in research studies at an appropriate standard may apply for entry into a PhD.
   - Applied Learning. a four credit point sequence in Applied Learning, designed to prepare teachers to work with young people in secondary schools through the Victorian Certificate in Applied Learning, and in TAFE and Adult and Community Education (ACE) settings: (ECJ722; ECJ723; EEE723, ECJ724; available only to those already completing a secondary strand). (Note: this sequence is only available in the Trimester 1,2,1,2 study configuration, across 2 years of study). The Applied Learning sequence is offered in mixed mode. It combines off campus study with 4 days of compulsory attendance per unit per trimester at the Geelong Waurn Ponds Campus. Students taking an applied learning sequence attend a total of 16 days of intensive study for the four units. Students who complete the Applied Learning strand of the Masters
of Teaching must have also completed a Certificate IV in Training and Assessment (TAA) as a co-requisite qualification to be eligible to graduate. Deakin staff have established a partnership with Box Hill Institute of TAFE allowing students (without a TAA) to receive credit towards the Box Hill Institute TAA. Students may elect to complete the qualification with Box Hill Institute staff delivering the remaining elements at a Deakin’s campus.

- Leadership of Teaching. a four credit point sequence of studies in Leadership of Teaching (ELT711; ELT712; ELT713; ELT714)

Note: All full-time on campus students will need to declare which pathway (i.e. Research, Applied Learning, Internship, Dual Credential or Leadership of Teaching) they intend to follow by the end of Trimester 2.

WORKING WITH CHILDREN CHECK

The Working with Children Act 2005 (Vic.) requires a person who engages in child-related work, as defined in the Act, to obtain an assessment notice under the Act, known as a Working with Children Check (WWCC). The Act is administered by the Department of Justice: justice.vic.gov.au

School experience placements in schools in the course of a university degree are “child-related work”. Under the Working with Children Act 2005 (Vic.), administered by the Department of Justice, a student teacher must obtain a Working with Children Check (WWCC) before commencing school experience placements in a school. The WWCC must remain current throughout the course. It is an offence under the Act to engage in school experience without holding a WWCC.

Students will not be allowed to commence school experience in any school in Victoria until a Working with Children Check is obtained. Therefore it is vital that as soon as you have accepted an offer into the Master of Teaching, you must apply for the WWCC. The Department of Education has requested that on the application form a student nominates the University as the (or one of the) employers. The University will then be sent a copy of the assessment notice. Because the University needs to assure a school that a student placed at the school has a current Working with Children Check, each student must give their authority to provide the assurance – a student will be required to sign an authority for the University to inform a school that a WWCC has or has not been obtained.

While the University will hold on file documentation relating to the WWCCs obtained by students engaged in school experience, it is each student’s responsibility to ensure that he or she can produce the WWCC card to the school upon request and to keep the WWCC current under the Act.

Students are required to apply for a WWCC through a participating Australia Post outlet (which can be found on the Australia Post website or the Department of Justice website) and provide proof to the faculty that the WWCC has been undertaken.

Should a student fail to obtain a WWCC, practical training in a school will not be provided, and as practical training is a requirement for completion of a teaching degree, the student may be unable to complete the degree. Should such a situation arise, the University will provide advice on options for tertiary study.

It is the responsibility of students undertaking placements outside Victoria to enquire about and, where necessary, to meet any similar legislative or other requirements concerning working with children.
PROFESSIONAL EXPERIENCE REQUIREMENTS

Students are required for registration purposes (and for the award of the degree) to have completed over the duration of their course a minimum of 60 days of supervised experience in a school or early childhood settings. Students should ensure they are conversant with the Standards for Graduating Students as required by the Victorian Institute of Teaching (refer to: www.vit.vic.edu.au). The school experience is organised by the Professional Experience Office and students do not make contact with schools regarding placements under any circumstances. Students are required to comply with the on-line instructions regarding enrolment/re-enrolment in school experience; failure to enrol/re-enrol jeopardises a student’s professional experience placement.

Students should note that it is a requirement of the course that school experience is undertaken in conjunction with core professional experience units and during the time tabled dates unless, in exceptional circumstances, alternative arrangements are negotiated and agreed to in writing with the Professional Experience Office. Students should note that normally any paid or unpaid work undertaken in a school as an unqualified teacher/teacher's aide will not be recognised for credit as recognised prior learning in supervised school experience for this course. Students may be required to complete the school experience component of the course outside the academic year.

A satisfactory level of teaching competence during supervised professional experience is required for award of the degree. An “unsatisfactory” result on any professional experience placement will be referred to the Faculty Academic Progress and Discipline Committee.

Graduates of an accredited teaching course who wish to apply to study a different strand should note that teacher registration is required in Victoria and is administered by the Victorian Institute of Teaching under the Education and Training Reform Act 2006 (Vic.). Prospective students should acquaint themselves with the requirements for registration in Victoria or in any other relevant location. These requirements include the ability to satisfy the Standards for Graduating Students (available at: vit.vic.edu.au)

PROFESSIONAL EXPERIENCE ENROLMENT

Students need to carefully follow the instructions correctly when enrolling or re-enrolling online in professional experience units. Failure to enrol or re-enrol correctly jeopardises a student’s school experience placement and this could lead to a delay in the award of the degree. Students must follow Faculty rules in relation to the number of days of school experience to be completed for each placement as per the Professional Experience Handbook (available from the campus of enrolment) which includes the published school experience timetable. Students should note that a ‘day’ constitutes a whole school day (not part thereof).

Students should obtain a copy of the Master of Teaching Professional Experience Handbook each year from the Professional Experience Office (also will be available at deakin.edu.au/arts-ed/education/schoolexp). Information contained in the Handbook is updated annually and is a summary of Faculty rules in relation to school experience.

SCHEDULE OF PROFESSIONAL EXPERIENCE UNITS

Master of Teaching

EPR701 Planning for Learning in Professional Experience (B)  
15 days (5 and 10 day periods; details TBC)

EPR702 Managing Teaching in Professional Experience  
25 days (2 days per week x 7 weeks and a two week block (10 days)  
Or  
EPR705 Managing Teaching in Professional Experience (B)  ^

^ minimum of 35 days in Early Childhood settings; to be taken by students in a dual credential in Early Childhood Education and Primary Education.
EPR703 Reflecting On Practice in Professional Experience (G, X) 25 days
Or
EPR706 Reflecting On Practice in Professional Experience (B) ^^

^^ minimum of 45 days in Early Childhood settings; to be taken by students in a dual credential in Early Childhood Education and Primary Education.

Note: Embedded in all the Professional Experience units are practicum placements totalling a minimum of 60 days in either Early childhood or Primary or Secondary school settings.

Those wishing to complete studies in both Early Childhood and Primary should note that there are additional practicum placements required outside the normal trimester time (in units EPR705 and EPR706).

INTERNERSHIP
EPR704 Postgraduate Internship

In the Internship, participants will teach and work in a negotiated setting for a minimum time of 8 weeks, in order to further develop and consolidate their knowledge and skills in the daily work of teachers. The unit will also include weekly discussions with supervisor(s) regarding development of skills, problem-solving and reflections on concerns.

INCOME SUPPORT
Domestic students enrolled in certain postgraduate coursework programs may be eligible for student income support through Youth Allowance and Austudy.

Deakin course code
E780

COURSE OVERVIEW
The Master of Teaching English to Speakers of Other Languages (MTESOL) is designed to address the wide diversity of educational backgrounds of students who wish to teach English, and to meet their professional needs. This course is offered to Australian students working and/or intending to work overseas as TESOL teachers, students who are unable to leave their place of work or country and wish to study off campus as well as international students who want to study TESOL on campus in Australia. The course is open to qualified professionals including teachers, in the field of education and training.

This course will enable students to critically interpret communication in intercultural contexts; develop skills in analysing their learners’ language and English as an international language and increase their understanding of the language teaching profession in a local and global context.

All staff involved in the provision of the MTESOL are active researchers in their fields. Involvement with current educational issues is reflected in the innovative teaching methods used and the discussion of the most up to date ideas and theories in unit content.

TEACHING METHODS
The course is offered by on campus and flexible off-campus delivery in both full and part time mode. Students may choose to do units in either on or off campus, full or part time modes. The on campus units will be taught at the Melbourne Burwood Campus. Students receive instructional materials offered through Deakin Studies On-line, CD-ROM and website links.

Interaction with lecturers and classmates is also provided through use of DSO, email and telephone links. Optional weekend study schools may also be available for some units.

On campus units are normally delivered late afternoon through face-to-face teaching in scheduled classes at the Melbourne Burwood Campus.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The MTESOL is offered as:

- a 12 credit point course comprising 12 units of study (1.5 years full time or 3 years part time) for applicants with a recognized 3 year tertiary award or
- an 8 credit point course comprising 8 units of study (1 year full time or 2 years part time) for applicants with a recognized 4 year tertiary award and 6 months teaching practice or equivalent.

Students have the choice of a coursework only pathway or coursework with a research pathway.
Enrolled students who choose not to complete the MTESOL can apply to graduate with the Graduate Certificate of TESOL award as an exit option.

DETAILED COURSE RULES

Note: Prerequisites apply to some units.

MTESOL 12 Credit points comprising 12 units of study for applicants with a 3 year undergraduate degree.

Coursework pathway:

- Must successfully complete at least 8 MTESOL specialist units.
- Must successfully complete up to 4 MTESOL elective units.

Research pathway:

- Must successfully complete any 8 MTESOL specialist units.
- Must successfully complete the 4 MTESOL research units.

MTESOL 8 Credit points comprising 8 units of study for applicants with a 4 year undergraduate degree and 6 months teaching experience or equivalent.

Coursework pathway:

- Must successfully complete any 8 MTESOL specialist units.
- Students who have completed a GCTESOL may choose up to 4 MTESOL elective units.

Research pathway:

- Must successfully complete any 4 MTESOL specialist units.
- Must complete the 4 MTESOL research units.

GCTESOL (Exit option).

Enrolled students who choose not to complete the MTESOL and apply to graduate with the GCTESOL award as an exit option, must have successfully completed any 4 Specialist units from the MTESOL offerings.

Master of Professional Education and Training

Award granted: Master of Professional Education and Training
Campus: Off campus
Duration: 1 year full-time or part-time equivalent
Deakin course code: E792

Note: Formerly course code E719

COURSE OVERVIEW
The Master of Professional Education and Training is an off-campus coursework program offered to professional educators and trainers working or intending to work in learning and development, education and training, and human resource development roles. Typically people are engaged in business, government, the training sector, flexible delivery, distance education, higher education, VET in Schools, TAFE teaching or in an area that combines these.

Professional education and training is a highly sophisticated business and becoming more so. As well as serving a very diverse clientele of learners, professional education and training also serves organisational needs for the development of increasingly complex skills and competencies. The MPET has been developed to meet the professional development and career aspirations of educators and trainers working in this context.

For the award of the MPET degree, students are required to satisfactorily complete 8 credit points of study. The course is available through part-time off-campus study and is normally completed in two or more years. The MPET may be undertaken entirely by coursework, or as a combination of coursework and research.

It is expected that students will have computer and internet access. The MPET is delivered flexibly through a distance education process that brings the Faculty to the student, using high quality learning materials and resources, wherever the students may be. Students study in their place and at times that suit them. Associated with this course flexibility is the negotiation of focus within units through well established and quality affirming processes that enable all students to customise their study to address their own professional interests and workplace issues.

TEACHING METHODS
Students receive instructional materials through Deakin Studies Online, CD-ROM and website links. Interaction with lecturers is provided through use of Deakin Studies Online, email and telephone links.

ARTICULATION
Masters courses require a research component to lead to a Doctor of Philosophy.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES
To be awarded a Master of Professional Education and Training, students are required to successfully complete 8 credit points of study under one of the following configurations:

General coursework only
- a minimum of 5 credit points selected from any Master of Professional Education and Training units. Participants are encouraged to develop a marketable focus through considered selection of units.
- Up to 3 credit points from any masters level units either offered by the School of Education or elsewhere chosen in consultation with the MPET course coordinator.

General coursework with research paper
- a minimum of 3 credit points selected from any Master of Professional Education and Training units
- EXR780 Research Perspectives and Practices * and ***

COURSE OVERVIEW
The Master of Professional Education and Training is an off-campus coursework program offered to professional educators and trainers working or intending to work in adult-oriented education and training and human resource development roles in business, government, the training sector, flexible delivery, distance education, higher education, VET in Schools, or in an area that combines these. Professional education and training today is a highly sophisticated business and becoming more so. As well as serving a very diverse clientele of learners, professional education and training also serves organisational needs for the development of increasingly complex skills and competencies.

The course is available through part-time off-campus study and is normally completed in two or more years. The MPET may be undertaken by coursework, or as a combination of coursework and research.

It is expected that students will have computer and internet access to benefit fully from the off-campus services and course delivery. The MPET is flexibly delivered through a distance education process which brings the Faculty to the student using high quality learning materials and resources, wherever the students may be. Students study in their place and at times that suit them.

Associated with this course flexibility is the negotiation of focus within units through well established and quality affirming processes which enable all students to customise their study to meet and address their own professional interests and workplace issues.

The Flexible, Online and Distance specialism provides an understanding of the theory and practice behind this increasingly pervasive mode of teaching and learning. Units provide the learner with the understanding to develop and teach courses at a distance as well as to manage the process and infrastructure to support this type of education. Study and use of the new technologies which are increasingly making this a more flexible and effective mode of education are incorporated into this specialism.

TEACHING METHODS
Students receive instructional materials offered through Deakin Studies On-line, CD-ROM and website links. Interaction with lecturers and classmates is also provided through use of DSO, email and telephone links.

The Workplace and Vocational Education and Training specialism addresses the diversity of clienteles of contemporary work for educators and trainers in this field. Units also address the diversity of learning contexts and the characteristics of the vocational training marketplace. This specialism is designed to provide students with skills and knowledge to enable them to participate in workplace and vocational education as a trainer, training designer or manager at a highly competent level.

To be awarded a Master of Professional Education and Training (Workplace and Vocational Education and Training), students are required to successfully complete 8 credit points of study under one of the following configurations:

Coursework only with specialism for appellation
- a minimum of 5 credit points selected from any designated Master of Professional Education and Training units of which a minimum of 3 credit points are from units listed for the chosen professional education and training specialism
- up to 3 credit points from any masters level units either offered by the School of Education or elsewhere chosen in consultation with the MPET course coordinator.

Note: The coursework-only degree does not qualify for entry to the Doctor of Philosophy program. Future doctoral applicants with this degree will need to undertake research studies at the required standard equivalent to those in the research pathway (see below).

Coursework with research paper for appellation
- a minimum of 3 credit points selected from any designated Master of Professional Education and Training units listed for the chosen professional education and training specialism
- EXR780 Research Perspectives and Practices *
- EXR790 Research Design and Development
- EXR796/797 Research Paper Part A and Part B ** undertaken in the chosen specialist area
- up to 2 credit points from any masters level units either offered by the School of Education or elsewhere chosen in consultation with the MPET course coordinator.

* Where students have an equivalent research study and/or experience this unit may be replaced with another 1-credit-point unit in consultation with the MPET course coordinator.
** Research Paper Part A and Part B may be available to complete within the same trimester, but only after consultation with the course coordinator.

COURSE STRUCTURE

UNITS FOR APPELLATION

Trimester 1
ECV705 Learning and Development in Organisations (X)
ECV711 Training for Diverse Learners and Contexts (X)

Trimester 2
EEN706 Lifelong Learning (X)
ECV704 Expanding Ideas of Competency (X)
ECV712 Situated Learning At Work (X)
GENERIC UNITS
The three generic units focus on contemporary educational and training issues which can be applied to any specialist study and are designed to be compatible with online technologies and to complement the specialist units. Each generic unit may be tailored toward the specialist interests of the student.

Trimester 1
EXE731 Advancing Professional Development (B, X)
EXE737 Leading and Managing Learning Organisations (B, X)

Trimester 2
EXE735 Evaluation: Improvement and Accountability (B, X)
EXE737 Leading and Managing Learning Organisations (B, X)
Master of Arts – Education

Award granted Master of Arts
Campus Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus, Off campus
Duration 1-2 years full-time or part-time equivalent
CRICOS course code 006243K
Deakin course code E850

COURSE OVERVIEW
This is a supervised research program. The research of each candidate is conducted under the supervision of a full-time member of the academic staff. Candidates are required to participate in an oral colloquium about one third of the way through candidature in which the proposed research is defended, and will ultimately to submit a thesis embodying the results of their research. The thesis may be a single volume of disciplinary scholarship or a folio consisting of an exegesis and two to four research products relating to professional practice.

MA candidates showing significant promise as research students may be invited to transfer their enrolment to the Doctor of Philosophy program. Areas in which research supervision may be available are provided in the descriptions for these doctoral courses.
Doctor of Philosophy

Award granted  Doctor of Philosophy
Campus      Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus, Off campus
Duration    3 years full-time or part-time equivalent
CRICOS course code    006244J
Deakin course code    E900

COURSE OVERVIEW
This is a supervised research program taken by thesis or folio. The research of each candidate is conducted under the supervision of a full-time member of the academic staff. Candidates are required to participate in an oral colloquium about one third of the way through candidature in which the proposed research is defended and are required to then ultimately submit a thesis embodying the results of their research.

**COURSE OVERVIEW**
This is a generic undergraduate program, which draws from and complements the specialist fields on offer in the Faculty of Health.

The program structure is flexible, within given parameters, allowing students to combine fields of study according to their interests, abilities and career aspirations.

Students enrolled in other courses and faculties may take major or minor sequences or individual units from this program as electives, to complement their core studies.

**FEES AND CHARGES**
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**
The course consists of 24 credit points. At least 16 credit points must be selected from units offered by the Faculty of Health. These must include HBS107 Understanding Health, HBS108 Health Information and Data, plus at least two major sequences of study (see below). Students may take a maximum of 10 credit points at level 1. At least 14 credit points must be studied at level 2 or higher and at least four must be at level 3.

All commencing students are required to successfully complete at least one wholly online unit.

**MAJOR SEQUENCES**
The following majors are available within the Bachelor of Health Sciences.

*Please note that availability of majors at each campus varies. Refer to the details of each major for campus availability.*

- Exercise Science
- Family, Society and Health
- Food Studies
- Health Promotion
- Human Services (for continuing students only in 2012)
- Nutrition
- People, Society and Disability
- Physical Activity and Health
- Psychology
- Sport Coaching
- Details of major sequences
A major sequence in the Faculty of Health consists of a minimum of 6 credit points in a particular discipline area, including at least 2 credit points at each of levels 2 and 3. Students enrolled in other courses and faculties may take these sequences, or take minor sequences (4 credit points, 2 each at two level levels) or individual electives from these discipline areas, subject to meeting the prerequisites.

Individual units cannot be counted towards more than one major. Where the units in one major have already been counted towards another, students must take additional units in the second discipline area. For example, HBS109 is one of the units in Nutrition, as well as being part of the Exercise Science major sequence. Students wishing to combine these two majors must take an additional unit, either in Exercise (HSE) or in Nutrition (HSN).

Health, Medicine, Nursing and Behavioural Sciences major sequences are described below. Each unit is worth 1 credit point (cp), unless otherwise specified. Unit offerings are subject to resources and demand.

Exercise Science – unit set code MJ-H000016
(Melbourne Burwood Campus. Also available by off campus study. Note: For off campus study some units will require compulsory attendance on the Melbourne Campus for a limited period during the trimester.)

This major provides students with a sound understanding of the core sciences underpinning both competitive sport and recreational physical activity. A variety of learning approaches is adopted, allowing students to integrate their sporting interests with their studies, as well as to match these with their employment objectives.

HBS109 Human Structure and Function (B, G, W, X)
HSE102 Functional Human Anatomy (B, G, X)
HSE201 Exercise Physiology (B, G, X)
HSE202 Biomechanics (B, X)
HSE301 Principles of Exercise Prescription (B, X)
HSE302 Exercise Programming (B, X)

Family, Society and Health – unit set code MJ-H000002
(Melbourne Burwood Campus)

This major focuses on the household and family as a setting for public health. It explores the issues facing households and families, such as the link between healthy human development and healthy households, economic wellbeing and health, and the need for supportive environments. It is ideal for students wishing to work in welfare, health promotion, or with organisations offering support services and resources for families.

HSH105 Understanding Families and Health (B)
HBS108 Health Information and Data (ONLINE)
HSH206 Human Development and Healthy Families (B)
HSH207 Socio-Economic Status and Health (B)
HSH306 People, Health and Place (B)
HSH313 Contemporary Health Issues (B, G, W)

Food Studies – unit set code MJ-H000003
(Melbourne Burwood Campus)

This major provides knowledge of food, ranging from the science of food composition to community issues such as genetically modified foods and food law. This understanding will be useful for a range of careers, including those in industry, health services, business and the mass media.

(Major sequence below is for students commencing H300 in 2011 onwards only. Students commencing prior to 2011 must consult their course enrolment officer for unit selection options.)
HSN101 Food: Nutrition, Culture and Innovation (B, G, W)
HSN104 The Science of Food (B)
HSN204 Food Microbiology and HACCP (B)
HSN209 Food Security and Safety (unit commences in 2012)
HSN309 Food Policy and Regulation (B)
HSN315 Food Manufacturing and Process Innovation (unit commences in 2013)

**Health Promotion – unit set code MJ-H000004**
(Melbourne Burwood Campus, Geelong Waurn Ponds Campus and Warrnambool Campus. Some units available off campus)

This major will equip students with a sound knowledge of the causes of health and illness and of effective strategies for prevention of the latter, as well as practical skills in health education and communication, health planning and management.

(Major sequence below is for students who commenced H300 in 2009 onwards only. Students who commenced prior to 2009 must follow the health promotion major sequence applicable to their level of commencement.)

HBS107 Understanding Health (B, G, W, X)
HBS110 Health Behaviour (B, S, W, X)
HSH201 Planning and Evaluation 1 (B, G, W, X)
HSH218 Planning and Evaluation 2 (B, G, W, X)
HSH302 Politics, Policy and Health (B, G, W, X)
HSH313 Contemporary Health Issues (B, G, W)

**Human Services – unit set code MJ-H000024**
For continuing students only in 2012)
(Melbourne Burwood Campus and Geelong Waterfront Campus. Also available by off campus study.)

**NOTE:** Complete major only available to students enrolled in the Bachelor of Health Sciences or the Bachelor of Health Sciences/Bachelor of Arts. Students enrolled in other courses may take individual units from this major subject to meeting prerequisites.

Through this major, students will develop knowledge and skills regarding the context, organisational structures and practices that support quality human service provision by government and non-government organisations.

HDS101 Communication and Diversity (B, S, X)
HSH114 Introduction to Human Services (B, S, X)
HSW235 Community Development: Social Work Theory and Practice D (B, S, X)
HSH214 Service Design and Delivery (B, S, X)
HSH302 Politics, Policy and Health (B, G, W, X)
HSH312 Professional Practice in Human Services (B, S, X) **

** Only available to students enrolled in course codes H300 or D391

**Nutrition – unit set code MJ-H000007**
(Melbourne Burwood Campus, Geelong Waurn Ponds Campus and Warrnambool Campus. Some units available off campus.)

Students taking a nutrition major will gain a sound knowledge of the biological basis of human nutrition and the relationship between diet, health and disease.
HBS109 Human Structure and Function (B, G, W, X)
HSN101 Food: Nutrition, Culture and Innovation (B, G, W)
HSN201 Principles of Nutrition (B, G, W, X)
HSN202 Lifespan Nutrition (B, G, W)
HSN301 Diet and Disease (B, G, W, X)
HSN302 Population Nutrition (ONLINE)

People, Society and Disability – unit set code MJ-H000025
(Melbourne Burwood Campus. Also available by off campus study.)

Completion of this major will give students an opportunity to expand their job opportunities by being better informed about positive options and techniques to assist and support the one in five members of the Australian population who has some form of disability. Students undertaking this major should note that new units will be introduced progressively and will replace existing units in second and third level.

(Major sequence below is for students who commenced H300 in 2009 onwards. Students who commenced this major in 2008 or prior should discuss unit selections with their enrolment officer.)

HDS101 Communication and Diversity (B, S, X)
HDS106 Diversity, Disability and Social Exclusion (B, X)
HDS209 Diversity in Childhood and Adolescence (B, X)
HDS210 Diversity At Work (B, X)
HDS301 The Effective Practitioner (B, X)
HDS310 Human Rights and Advocacy (B, X)

Physical Activity and Health – unit set code MJ-H000023
(Melbourne Burwood Campus, Geelong Waurn Ponds Campus and Warrnambool Campus. Some units available off campus.)

This major provides students with an understanding of how behaviour influences health, with a particular emphasis on the relationships between physical activity and health.

HBS107 Understanding Health (B, G, W, X)
HBS110 Health Behaviour (B, S, W, X)
HSE203 Exercise Behaviour (B, G, W, X)
HSE212 Physical Activity Promotion and Evaluation (B, G, W)
HSE313 Understanding Children’s Physical Activity (B, G, W, X)
HSE316 Physical Activity and Population Health (B, G, W)

Psychology (Unit Set Code MJ-H000008)
(Melbourne Burwood Campus, Geelong Waurn Ponds Campus and Warrnambool Campus. Individual units may not be available on every campus. Also available by off campus study.)

This sequence develops students’ understanding of a range of topics in psychology, which is the science concerned with unravelling questions about human behaviour and mental processes. This six unit major is not intended for the purpose of registration as a psychologist.

To obtain the six unit major students must complete HPS111 and HPS121 plus
Any two level 2 units from the list below.
Any two level 3 units (for which the prerequisite units have been completed) from the list below.

Students intending to become psychologists must complete four years of academic study (three years of undergraduate study, including ten units of psychology, plus either an Honours year or the Graduate Diploma of Psychology).
To obtain the ten unit undergraduate psychology sequence students must complete HPS111 and HPS121 plus:

- HPS201 and any three level 2 units from the list below (NOTE: HPS206 is not formally recognised as a part of the major sequence in psychology and is not counted towards this sequence).
- HPS301, HPS309 and any two level 3 units (for which the prerequisite units have been completed) from the list below.

Bachelor of Medicine Bachelor of Surgery

Award granted Bachelor of Medicine Bachelor of Surgery
Campus Offered at Geelong Waurn Ponds Campus
Duration 4 years full-time
Deakin course code H311

The course is only available to students on a full-time basis.

COURSE OVERVIEW
The Bachelor of Medicine Bachelor of Surgery (BMBS) is a four-year graduate entry program for students wishing to qualify as medical practitioners. A variety of teaching and learning methods will be used; however, problem-based learning will be the predominant learning method in years one and two while years three and four will focus on learning as part of health teams in clinical sites.

Years 1 and 2
Students will be based at the University’s Geelong Waurn Ponds Campus for the first two years. Problem-based learning tutorials will be supplemented by lectures, practical classes and clinical experience in clinical skills laboratories, hospitals and other health services in the Geelong region. Clinical experience will commence early in year one. At the end of year two clinical skills will be consolidated by a ‘Transition to Clinical Practice’ topic in preparation for years three and four.

Year 3
During year three most students will undergo intensive clinical training within health services attached to one of four Clinical Schools: three in Western Victoria – Greater Green Triangle Rural Clinical School (Warrnambool area), Grampians Rural Clinical School (Ballarat area), and Greater Geelong Regional Clinical School – and one in Melbourne – Eastern Health Clinical School (Box Hill). In each Clinical School clinical education will be coordinated through a series of six 7-week rotations in hospitals, health services and ambulatory settings including general practices.

A cohort of students will spend all of third year attached to a regional general practice where they will complete a ‘parallel rural community curriculum’ through the Integrated Model of Medical Education in Rural Settings (IMMERSe). Students will cover the same material as those studying in hospital settings.

Year 4
Students will be based at public and private hospitals and general practices in Geelong, Warrnambool, Ballarat or Melbourne for four additional 5-week rotations. The course concludes with three 6-week terms: two ‘selectives’, a pre-internship hospital rotation and a further ambulatory rotation, and an ‘elective’ that can be taken in Australia or overseas.

On completion of the four-year BMBS, all Australian medical graduates are required to undertake one year of pre-registration training as interns at accredited hospitals.

PROFESSIONAL RECOGNITION
This course is accredited with the Australian Medical Council (AMC). Graduates who satisfactorily complete pre-registration training will qualify as Registered Medical Practitioners in Australia and New Zealand.

DEPARTMENT OF HUMAN SERVICES POLICY
In accordance with Department of Human Services policy*, all students are required to undertake a National Police Record Check prior to clinical placements in each calendar year of their course. Students who fail to obtain a Police Record Check prior to the commencement of clinical placement will not be able to undertake clinical placement.
Students will be asked to undergo serological testing prior to enrolment. Students may also be required to declare their immunisation status to satisfy the requirements of health organisations where they will be undertaking their clinical learning experience.

* Department of Human Services Policy on Working with Children Check and Police Records Checks can be found at: http://www.dhs.vic.gov.au/facs/bdb/fmu/service-agreement/5.departmental-policies-and-procedures/5.6-police-records-check-policy

FREQUENTLY ASKED QUESTIONS

How many places will be available?
The School of Medicine will offer 130 CSP places in 2012. This includes 32 Bonded Medical Places (BMP) and 4 Medical Rural Bonded Scholarships (MRBS).

16 international places will be offered in 2012.

What is a Bonded Medical Place?
If offered a BMP you sign an agreement with the Australian government to work in a district of workforce shortage (as determined by the Department of Health and Ageing) of your choice for four years. More information available at: http://www.health.gov.au/bmpscheme.

Bachelor of Public Health and Health Promotion

Award granted: Bachelor of Public Health and Health Promotion
Campus: Offered at Melbourne Burwood Campus
Duration: 3 years full-time or part-time equivalent
CRICOS course code: 012753D
Deakin course code: H313

Course structure for students commencing 2009 onwards.
Students who commenced prior to 2009 must follow the course structure applicable to their year of commencement and discuss unit selections with their enrolment officer.

COURSE OVERVIEW

Public health and health promotion seeks to understand and act on the social and environmental factors that cause poor health, together with the factors that create and sustain good health. Public health and health promotion is a field that uses diverse approaches such as education, media, environmental and social change and policy development to maintain and improve the health of individuals, groups and communities.

The Bachelor of Public Health and Health Promotion degree assists students to develop a wide range of knowledge and practical skills such as the ability to analyse the determinants of health and illness among communities and populations and to develop approaches which lead to improvements in health. A field education placement provides an opportunity for students to learn from experience and to transfer key public health and health promotion principles and academic knowledge to a practical setting.

A strength of the course is its vocational relevance which is maintained through the close association staff have established with practising professionals from a wide range of sectors including health, education, government, environment and planning.

Graduates may qualify to work in positions such as Health Promotion Officer, Community Development Officer, Social Planning Officer, Health Educator, Women’s Health Officer, Health Policy Developer, Planning Officer, Health Researcher, Partnerships Coordinator or Program Evaluator. Graduates work in a diverse range of areas including but not limited to health eating, physical activity, mental health, social inclusion, chronic illness (for example, asthma, arthritis, heart disease) and women’s health.

The degree is a foundation for Honours and postgraduate study that lead to a research career in public health and/or health promotion.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

The course comprises 24 credit points of study, including 3 foundation health units, 13 core units in public health and health promotion and 8 elective units. No more than 10 credit points may be taken at level 1. At least 14 credit points of study must be at level 2 or higher, and at least 4 credit points must be at level 3. The 8 elective units may be chosen from any Faculty in the University. Any majors completed will be recognised on a student’s final academic transcript.

All commencing students are required to successfully complete at least one wholly online unit.

Bachelor of Food and Nutrition

Award granted: Bachelor of Food and Nutrition
Campus: Offered at Melbourne Burwood Campus
Duration: 3 years full-time or part-time equivalent
Deakin course code: H315

Note: Course structure applies for students who commence in 2011. Students who commenced prior to 2011 should refer to previous online Handbooks or consult your course enrolment officer.

COURSE OVERVIEW
The aim of the course is to produce graduates who can apply knowledge in relation to: food processing to ensure the delivery of a safe and wholesome food supply; the control of food spoilage, taking into account health and commercial considerations; the development, manufacture and marketing of individual food products; the nutritional implications of food product composition and processing for consumers; and human nutrition and the complexity of current issues relating food to human health.

Graduates will be equipped to work in a range of occupations where knowledge of the food industry, food composition, processing and nutrition is required, or may choose to enrol in higher degrees by research.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises 24 credit points, including 16 core units. The remaining 8 credit points are elective units, which may be selected from any faculty. No more than 10 credit points may be taken at level 1; at least 14 credit points must be taken at level 2 or 3.

All commencing students are required to successfully complete at least one wholly online unit. The core unit HSN302 meets this requirement.

MAJOR SEQUENCES
It is recommended that students take the Food Science major sequence. Alternative major sequences are available from within the University subject to availability and course rules.

Other major sequences available include:

- Exercise Science
- Health Promotion
- Physical Activity and Health
- Psychology

Bachelor of Nursing

Award granted  Bachelor of Nursing
Campus  Offered at Melbourne Burwood Campus, Geelong Waterfront Campus, Warrnambool Campus
Duration  3 years full time
CRICOS course code  018327G
Deakin course code  H326

Note: Course structure applies for students who commenced in 2010 onwards. Students who commenced prior to 2010 must follow the course structure applicable to their year of commencement.

COURSE OVERVIEW
The Bachelor of Nursing is based on developing the student’s knowledge, skills and ethical behaviours enabling the graduate to practise as a competent and caring nursing clinician and gain employment in a range of health care contexts.

This course is specifically designed to fulfil the registration requirements for Registered Nurse (Division 1) of the Nursing and Midwifery Board of Australia. Graduates will have the necessary knowledge, attitudes and competencies to meet the demands of prospective employment avenues. This program will prepare innovative and caring nurse clinicians possessing cognitive, affective and clinical skills that are applicable in a wide variety of health care settings. The course addresses the need for graduates to develop the wide platform of knowledge, professional values, attitudes and competencies required of nurse clinicians, which enables them to develop skill profiles according to the particular roles they take in the health care sector following graduation.

Graduates who choose to continue to study can select from a range of specialist postgraduate courses as well as higher degrees by research.

CLINICAL PRACTICE
Beginning soon after commencement of course, early exposure to the clinical environment gives students extensive opportunities to develop clinical skills in a variety of settings including acute/sub-acute care, medical and surgical care, aged care, rehabilitation, paediatrics, community nursing and mental health nursing. Student will spend approximately 50 percent of the course duration in various health care settings, including hospitals and community health centres in metropolitan, rural and regional areas.

DEPARTMENT OF HUMAN SERVICES POLICY AND WORKING WITH CHILDREN CHECK
In accordance with Department of Human Services policy*, all students are required to undertake a National Police Record Check prior to clinical placements in each calendar year of their course. In accordance with the Working with Children Act 2005**, all students are required to undertake a Working with Children Check at commencement of the course. Students who fail to obtain a Police Record Check and a Working with Children Check prior to the commencement of clinical placement will not be able to undertake clinical placement.

Students may also be required to declare their immunisation status to satisfy the requirements of health organisations where they will be undertaking their clinical learning experience.

* Department of Human Services Policy on Working with Children Check and Police Records Checks can be found at: http://www.dhs.vic.gov.au/facs/bdb/fmu/service-agreement/5.departmental-policies-and-procedures/5.6-police-records-check-policy
FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course consists of twenty four (24) credit points (cp) comprising twenty one (21) core credit points plus three (3) elective units (worth 3 credit points). At least one of the electives must be taken at level 2 or 3. All commencing students are required to complete at least one (1) wholly online unit.

There is an expectation that students be available to undertake clinical practicum outside of trimester dates. Failure of a compulsory practicum component in any unit of study will normally lead to exclusion. All expenses associated with clinical practicum are the responsibility of the student.

Bachelor of Social Work

Award granted: Bachelor of Social Work
Campus: Offered at Geelong Waterfront Campus, Off campus
Duration: 4 years full-time or part-time equivalent
CRICOS course code: 015207F
Deakin course code: H330

Course structure for students commencing in 2009 onwards. Students who commenced prior to 2009 must follow the course structure applicable to their year of commencement and should discuss unit selections with their enrolment officer.

COURSE OVERVIEW
The four-year Bachelor of Social Work course provides a progressive and innovative approach to social work with emphasis on personal, community and social development in urban/rural and local/global contexts. The course engages with the interplay between diversity, power and social inequality through anti-oppressive, empowerment and critically-reflective approaches to social work practice and social policy. Field education placements provide an opportunity for students to learn from experience under the supervision of qualified social work practitioners. As social work at Deakin has a rural focus, one of the two placements will be undertaken in a rural setting.

Students will be required to obtain a Police Records Check (PRC) each year prior to undertaking field placements. Students may also be required to obtain a Working with Children Check (WWC).

The Bachelor of Social Work is offered at pass or honours level. An honours stream is available in the fourth year.

On successful completion of the Bachelor of Social Work course, students should have the following discipline-specific knowledge and abilities:

- understanding of the interplay between the broad socio-economic, interpersonal and personal influences on individual peoples’ lives;
- knowledge and understanding of how the socio-political and policy contexts in which they work influences their day-to-day practice;
- knowledge and understanding of a range of social research methods and the ability to design and conduct research directly relevant to social work practice;
- understanding of the broad inter-disciplinary nature of social work and an ability to apply knowledge from theories, research and experience in practice with individuals, families, groups and communities;
- commitment to principles of non-discrimination, human rights and social justice, and an ability to apply these principles in relation to traditionally marginalised and disadvantaged groups;
- ability to work across social and cultural differences, whilst respecting difference and multiple diversities of identities;
- commitment to maintaining and improving personal and professional standards of practice in the context of a capacity for life-long learning.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
### COURSE RULES

Students are required to successfully complete 32 credit points of study.

To be awarded the Bachelor of Social Work degree with honours a person must complete the honours units HSW456 and HSW457 (refer course structure).

All commencing students are required to successfully complete at least one wholly online unit. Failure of a field education placement will normally lead to exclusion.

Award granted  Bachelor of Applied Science (Disability Studies)
CRICOS course code  018300G
Deakin course code  H337

Offered to continuing students only at the Melbourne Burwood Campus. Continuing students should discuss unit selections with their enrolment officer.

COURSE OVERVIEW

The Bachelor of Applied Science (Disability Studies) prepares people to work in different careers including human services, aged care and employment agencies. The course helps people appreciate and understand individual differences while developing creative approaches and respect for human diversity.

Students will be required to obtain a Police Records Check (PRC) each year prior to undertaking field placements. Students may also be required to obtain a Working With Children Check (WWC).

From 2006 the course will be offered to continuing students only, but core units will be offered to allow them to complete their degree. Students should note that units will be discontinued progressively between 2007 and 2010.

- HDS102 Disability: A Clinical Perspective must have been completed by 2006 – unit no longer available;
- HDS201 Disability: Philosophy, Policy and Legislation; HDS205 Person and Family Centred Planning; HDS203 Disability: Functional Assessment and Planning; HDS204 Implementing Support Strategies must have been completed by 2007 – units no longer available;
- HDS202 Fieldwork A: must have been completed by 2008 – unit no longer available
- HDS301 The Effective Practitioner; HDS303 Community Development and Disability; HDS306 Disability: Service Design and Delivery must have been completed by 2009 – units no longer available;
- HDS302 Fieldwork B

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

The Bachelor of Applied Science (Disability Studies) comprises 24 credit points, including 15 credit points of core units and 9 credit points of elective units. Students may take a maximum of 10 credit points at level 1 and must take at least 14 credit points at levels 2/3. If students wish to take a full three-year, 6-credit-point elective sequence, they can opt to move HBS108 to trimester 2 of second year.

ELECTIVE UNITS
Electives may be chosen from units from other disciplines within the Faculty of Health. For example, students may combine their studies in disability with complementary studies in exercise and sport science, nutrition, health promotion, or psychology. Alternatively, students may select a maximum of eight (8) electives from other faculties in the University.
Bachelor of Exercise and Sport Science

Award granted: Bachelor of Exercise and Sport Science
Campus: Offered at Melbourne Burwood Campus
Duration: 3 years full-time or part-time equivalent
CRICOS course code: 045332G
Deakin course code: H343

Note: Course structure applies for students who commenced from 2006 onwards. Students who commenced prior to 2006 should refer to your course enrolment officer.

COURSE OVERVIEW
The Bachelor of Exercise and Sport Science is designed to equip students with the necessary skills, understanding and attitudes to pursue professional careers in the exercise and sport science fields. The broad educational aims are:

- To provide students with a sound foundation of theoretical and applied skills in the sports sciences and allied fields; and
- To develop in students the necessary competencies to become professional leaders in the selected exercise and sport science fields.

The course offers the opportunity to study the biological, sociological and behavioural bases of exercise and sport science.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises 24 credit points. Of these, a maximum of 10 credit points may be taken at level 1; not less than 14 must be at level 2 or higher; and not less than 4 must be at level 3. Students complete 14 core units and 10 elective units. Electives can be chosen according to students’ interests, but must include at least 2 credit points from the Faculty of Health. A maximum of 8 credit points may be selected from other faculties of the University.

In addition, students can select elective units to form a major sequence. Majors can be selected from within the Faculty of Health or any other Faculty, subject to availability and pre-requisites. Majors may include sport coaching, nutrition, physical activity and health, health promotion, management, sports nutrition, marketing, physiology, languages or media.

Note: All students completing HSE101 are required to complete a Level 2 First Aid at their own expense. Current Level 2 First Aid certificates will be accepted.

All commencing students are required to complete at least one fully online unit.

Award granted: Bachelor of Applied Science (Psychology)
Campus: Offered at Melbourne Burwood Campus
Duration: 3 years full-time or part-time equivalent
CRICOS course code: 018299F
Deakin course code: H344

Course structure applies for students who commenced in or prior to 2011. Students who commence in 2012 should refer to the 2012 course handbook entry.

COURSE OVERVIEW
Psychology is concerned with understanding human behaviour and underlying mental processes. In the Bachelor of Applied Science (Psychology) you will be exposed to a contemporary integrative approach to this understanding, one that recognizes the importance of, and interrelationships between, biological, developmental, social, cognitive, and developmental factors. In undertaking this course of study you will cover broad areas of psychology including behavioural and clinical neuroscience, child and adolescent psychology, relationships and the psychology of groups, cognitive psychology, forensic psychology, and psychopathology.

PROFESSIONAL RECOGNITION
Registration as a psychologist
The current requirements in Victoria for registration as a psychologist include the completion of four years of academic study in psychology in a course recognised by the Psychologists Board of Australia (PBA) and is accredited by the Australian Psychology Accreditation Council (APAC). Two years of supervised practice are required in addition to the four-year academic program. The study in psychology may consist either of an approved four-year undergraduate sequence including an Honours year, or an approved three-year undergraduate sequence followed by an approved fourth year of study (such as the Graduate Diploma of Psychology or an Honours year in Psychology).

The psychology sequence offered by Deakin University is recognised for registration purposes by the Psychologists Board of Australia (PBA) and is accredited by the Australian Psychology Accreditation Council (APAC). The professional society (Australian Psychological Society) recognises the psychology Honours year and the Graduate Diploma of Psychology for APS membership purposes.

COURSE RULES
The Bachelor of Applied Science (Psychology) consists of 24 credit points, of which at least 12 must be Psychology (i.e., ‘HPS’) units.

At level 1, two Psychology units, HPS111 and HPS121, and three foundation health units, HBS107, HBS108 and HBS110, are compulsory.

At level 2, HPS201, HPS202, HPS203, HPS204, and HPS205 are compulsory.
At level 3, HPS301 and HPS309 are compulsory, and an additional three level-3 HPS elective units must also be completed.

In summary, Bachelor of Applied Science (Psychology) students must complete two Psychology (HPS) units at level 1, five at level 2, and five at level 3.

No more than 10 credit points may be taken at level 1, and a maximum of 8 credit points may be taken outside the Faculty of Health.

Students may choose to accelerate their progress through the course by selecting from the following units that are offered in trimester 3: HBS110, HBS107, HBS108, HPS111, HPS121, HPS201, HPS204, HPS205, HPS206, HPS307 and HPS309.

Following completion of the Bachelor of Applied Science (Psychology), students intending to become psychologists must successfully apply for and complete a level-4 Honours year or the level-4 Graduate Diploma of Psychology.

Bachelor of Psychology

Award granted  Bachelor of Psychology
Campus  Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus, Warrnambool Campus
Duration  4 years full-time or part-time equivalent
CRICOS course code  055179G
Deakin course code  H345

COURSE OVERVIEW
The Bachelor of Psychology is designed to enable students to complete a four year sequence in psychology that complies with requirements for probationary registration as a psychologist with the Psychologists Board of Australia (PBA) and also for associate membership of the Australian Psychological Society (APS).

It is comprised of the three-year undergraduate sequence in psychology and the fourth year Honours program in psychology which are currently offered separately. Students will normally complete the course in four years of full time study or within nine years part time. Due to the stringent requirements of entry to an Honours year and the requirements for registration, students who do not attain the progression standards will exit with a three-year award, the Bachelor of Applied Science (Psychology).

The undergraduate major in psychology is currently available to students enrolled in a three year psychology sequence within the following degrees: Bachelor of Arts, Bachelor of Management, Bachelor of Science, the Bachelor of Health Sciences, the combined Bachelor of Nursing / Bachelor of Applied Science (Psychology) and the Bachelor of Applied Science (Psychology) degree, this last degree is offered only on the Burwood campus. The fourth year sequence (Honours in Psychology) is currently available to students at both the Waterfront and Burwood campuses.

PROFESSIONAL RECOGNITION
This course is Australian Psychology Accreditation Council (APAC) accredited.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises 32 1-credit point units including a minimum of 20 psychology units. At year one, two introductory units in psychology are taken (HPS111 Introduction to Psychology A and HPS121 Introduction to Psychology B). In addition students enrolled in the Bachelor of Psychology will take three foundation faculty units – HBS107 Understanding Health, HBS108 Health Information and Data and HBS110 Health Behaviour.

At year two, students typically take five units at a more advanced level (HPS201 Research Methods in Psychology A is a core unit, a minimum of four other units are selected from those on offer), together with electives to achieve 8 credit points for the year.

The four units HPS425, HPS426, HPS427, HPS428 comprise the honours sequence in psychology. All four parts must be successfully completed before a result will be obtained. 8 credit points will be achieved at the end of the sequence.

Total coursework weighting at fourth level is 50%. The research thesis at fourth level is completed across the entire level and accounts for 50% of the total weighting. Attendance and presentation at the annual School Honours Conference and attendance at the weekly School Research Colloquia are hurdle requirements.
Bachelor of Psychology and Management

Award granted  Bachelor of Psychology and Management
Duration       3 years full-time or part-time equivalent
Deakin course code  H346

Offered to continuing students only. Continuing students should discuss unit selections with their enrolment officer.

COURSE OVERVIEW
The Bachelor of Psychology and Management at the Geelong Waurn Ponds Campus will enable students to complete a major in psychology and a major in commerce such as management, human resource management or marketing. These undergraduate majors will allow further studies in either psychology or commerce. Students will normally complete the course in three years of full time study or seven years part-time.

The award aims to:

• develop students’ knowledge base, competencies and skills to meet the academic competency requirements for an undergraduate psychology sequence prescribed by the Australian Psychological Society (APS) and the guidelines of the Psychologists Board of Australia (PBA);
• allow students to complete a major in commerce that specialises in management studies; and
• develop students’ skills and competencies as a Deakin graduate.

Bachelor of Occupational Therapy

Award granted: Bachelor of Occupational Therapy
Campus: Offered at Geelong Waterfront Campus
Duration: 4 years full-time or part-time equivalent
Deakin course code: H355

COURSE OVERVIEW
This course aims to prepare students for professional accreditation, both nationally and internationally, as occupational therapists able to practise in metropolitan, regional and rural locations.

Field education provides the opportunity for students to develop competence as beginning practitioners under the supervision of qualified Occupational Therapists. A requirement of the profession is that each student completes a minimum of 1000 hours of practical experience during their course.

Students are required to obtain a Police Records Check (PRC) each academic year PRIOR to undertaking field placements and a Working With Children Check (WWC) at the commencement of the course.

An honours stream is available in the fourth year.

Professional recognition
Accreditation by OT Australia and World Federation of Occupational Therapists allows graduates of the Bachelor of Occupational Therapy to practise professionally in Australia and overseas.

Graduates are qualified to work as occupational therapists in private practice, hospitals, aged care, community health centres and organisations, disability support, driving rehabilitation, hand therapy, rehabilitation and schools.

COURSE RULES
Psychology Honours consists of two components: coursework and a thesis. The coursework component (consisting of lectures, seminars and tutorials) contributes 50% to the final grade of Honours awarded. As required by the accreditation guidelines of the Australian Psychological Society, the coursework covers:

- research methods;
- professional, conceptual and ethical issues in the science and practice of psychology;
- issues in psychological assessment; and
- counselling and interpersonal skills.

For further details of the coursework component, see the unit description for HPS425 and HPS426.

The thesis component (see HPS427 and HPS428) contributes 50% to the final grade of honours awarded. The thesis is a write-up (current length approximately 9000 words) of an individual research project based on an original piece of empirical research. A range of types of data (qualitative, quantitative, subjective, objective) and a range of data-collection settings and methodologies can be used as the basis of the thesis component.

The thesis is submitted in two parts: a 4000-word literature review submitted mid-year and a 5000-word report on the empirical component submitted in October. The literature review and empirical report section of the thesis typically contribute 15% and 35% respectively to the final mark for the thesis component. Both sections are marked by two independent markers.
Attendance and presentation at the annual School Honours Conference and attendance at the weekly School Research Colloquia are hurdle requirements.

**COURSE OVERVIEW**

The honours program assumes, and builds on, the content and research methods areas of psychology provided by the three-year undergraduate psychology sequence offered by the School of Psychology at Deakin, and accredited by the Australian Psychological Society (APS); or an equivalent APS-accredited sequence (see below). The Honours program is designed to provide students with the knowledge base and research skills to enable them to undertake a higher degree by research in psychology, to undertake advanced professional training in psychology, or to seek employment in an area of psychology using skills acquired during a four year degree. The honours program is offered in on-campus mode only.

**PROFESSIONAL RECOGNITION**

This course is Australian Psychology Accreditation Council (APAC) accredited.

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

Psychology Honours consists of two components: coursework and a thesis. The coursework component (consisting of lectures, seminars and tutorials) contributes 50% to the final grade of Honours awarded. As required by the accreditation guidelines of the Australian Psychological Society, the coursework covers:

- research methods;
- professional, conceptual and ethical issues in the science and practice of psychology;
- issues in psychological assessment; and
- counselling and interpersonal skills.

For further details of the coursework component, see the unit description for HPS425 and HPS426.

The thesis component (see HPS427 and HPS428) contributes 50% to the final grade of honours awarded. The thesis is a write-up (current length approximately 9000 words) of an individual research project based on an original piece of empirical research. A range of types of data (qualitative, quantitative, subjective, objective) and a range of data-collection settings and methodologies can be used as the basis of the thesis component.

The thesis is submitted in two parts: a 4000 word literature review submitted mid-year and a 5000-word report on the empirical component submitted in October. The literature review and empirical report section of the thesis typically contribute 15% and 35% respectively to the final mark for the thesis component. Both sections are marked by two independent markers.
Attendance and presentation at the annual School Honours Conference and attendance at the weekly School Research Colloquia are hurdle requirements.

Graduate Certificate of Nursing Practice (Intensive Care)

Award granted  
Graduate Certificate of Nursing Practice (Intensive Care)

Campus  
Offered off campus with significant on campus requirements through the Melbourne Burwood Campus

Duration  
1 year part-time study (Note: This course is only available part-time)

Deakin course code  
H545

From 2012 offered to continuing students only. Students who wish to undertake this specialty course should refer to the Master of Nursing Practice (H771) for more information.

COURSE OVERVIEW

The Graduate Certificate course is designed to prepare nurses to meet contemporary challenges in intensive care nursing within the specialist field of critical care nursing and to progressively build upon knowledge and skills required to comprehensively care for critically ill patients. The course responds to the demands of industry and partnership/collaborating hospitals for nurses with sophisticated specialty skills and knowledge. The course links Deakin University with existing partners and a number of other collaborating hospitals, all of which have a high demand for specialist intensive care nurses.

The use of learning technologies such as Deakin Studies Online (DSO), teleconferencing, eLive, iLectures and iSpring mini movies will facilitate student engagement in a large proportion of the specialist units.

Team-Based Learning (TBL), a specific educational strategy that involves individual preparation, team discussions and immediate lecture feedback, is conducted at the Melbourne Burwood Campus. Team-Based Learning assists students to further develop their critical thinking, problem solving and teamwork skills by applying recently learnt knowledge to real clinical issues.

A compulsory introductory four day program on the Melbourne Burwood Campus is normally held in the second week of February.

On completion of the Graduate Certificate course, students are eligible to continue studies towards the Graduate Diploma of Nursing Practice (Intensive Care), and/or the Master of Nursing Practice. The Master of Nursing Practice (by coursework) may be entered directly from a Graduate Certificate of Nursing Practice (Intensive Care) [requires an additional 8 credit points of study] or following completion of a Graduate Diploma of Nursing Practice (Intensive Care) [requires an additional 4 credit points of study].

Students wishing to complete the Master of Nursing Practice by research and undertake the 4 credit point minor thesis must have completed HNN727 Research in Nursing and Midwifery, and must achieve a Distinction or above for 75% of the units undertaken in the Graduate Diploma of Nursing Practice specialty course.

CLINICAL PRACTICE

Students normally are employed within a collaborating hospital for a minimum of 24 hours per week to support and provide a sound clinical learning environment for the clinical program requirements of the course. Where concurrent employment is not possible, clinical practicums may be negotiated.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES

To satisfy the requirements of the Graduate Certificate a student must complete a total of 4 credit points of compulsory units, normally taken over one year of part-time study.

Both the theoretical and clinical components of the assessment for each unit must be passed in order to successfully gain an overall pass in this course. Compulsory clinical hurdles form part of the assessment of this course. Recognition of the importance of clinical assessments is calculated in the overall student workload.

*Note: Failure of a compulsory practicum component in a unit will normally lead to exclusion.*

COURSE OVERVIEW
The Graduate Diploma of Human Nutrition provides the opportunity to learn about nutrition in a broad context ranging from metabolic studies and food science to social and behavioural nutrition. It will enable you to understand and learn to apply knowledge in the areas of: the physiological basis of nutrition; nutritional requirements; the nature and composition of foods and food groups; nutritional assessment; and social, cultural and economic aspects of nutrition. The Master of Human Nutrition (H714) course is designed primarily to allow students who have completed a Graduate Diploma of Human Nutrition (H616) to gain a masters degree and to improve their employment prospects and/or their research skills in nutrition.

Students looking to align their units of study with a specific nutrition career pathway should first visit the School of Exercise and Nutrition Science Careers web pages to ensure the units they select will meet their career development needs.

PROFESSIONAL RECOGNITION
The Nutrition Society of Australia maintains the registration for nutritionists within Australia. Graduates of this course may be eligible to apply for “Associate Nutritionist” status; the criteria is a Bachelor of Science degree majoring in nutrition or equivalent. For details about the registration process, please refer to the Nutrition Society of Australia website - http://www.nsa.asn.au/.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course consists of eight credit points, completed as: two core units and six elective units. At least four of the six electives must be chosen from the Nutrition elective list (below), and at least two must be Nutrition (HSN7XX) units. Up to 2 credit points may be chosen from approved postgraduate units offered by any faculty of the University (subject to approval).

For students completing both a postgraduate human nutrition course (H616 or H714) and the Graduate Certificate of Public Health Nutrition (H517), a maximum of 2 credit points of credit for prior learning can be shared between both awards.

Graduate Diploma of Nursing Practice (Intensive Care)

Award granted: Graduate Diploma of Nursing Practice (Intensive Care)
Campus: Offered off campus with significant on campus requirements through the Melbourne Burwood Campus
Duration: 1 year full-time or part-time equivalent
Deakin course code: H645

From 2012 offered to continuing students only. Students who wish to undertake this specialty course should refer to the Master of Nursing Practice (H771) for more information.

COURSE OVERVIEW
The Graduate Diploma course is designed to prepare nurses to meet contemporary challenges in intensive care nursing within the specialist field of critical care nursing and to progressively build upon knowledge and skills required to comprehensively care for critically ill patients. The course responds to the demands of industry and partnership/collaborating hospitals for nurses with sophisticated specialty skills and knowledge. The course links Deakin University with existing partners and a number of other collaborating hospitals, all of which have a high demand for specialist intensive care nurses.

The use of learning technologies such as Deakin Studies Online (DSO), teleconferencing, eLive, iLectures and iSpring mini movies will facilitate student engagement in a large proportion of the specialist units.

Team-Based Learning (TBL), a specific educational strategy that involves individual preparation, team discussions and immediate lecture feedback, is conducted at the Melbourne Burwood Campus. Team-Based Learning assists students to further develop their critical thinking, problem solving and teamwork skills by applying recently learnt knowledge to real clinical issues.

A compulsory introductory five-day program on the Melbourne Burwood Campus is normally held in the second week of February.

On completion of the Graduate Diploma course, students are eligible to continue studies towards the Master of Nursing Practice. The Master of Nursing Practice (by coursework) may be entered directly from a Graduate Diploma of Nursing Practice (Intensive Care) [requires an additional 4 credit points of study].

Students wishing to complete the Master of Nursing Practice by research and undertake the 4 credit point minor thesis must have completed HNN727 Research in Nursing and Midwifery, and must achieve a Distinction or above for 75% of the units undertaken in the Graduate Diploma of Nursing Practice specialty course.

CLINICAL PRACTICE
Students normally are employed within a collaborating hospital for a minimum of 24 hours per week to support and provide a sound clinical learning environment for the clinical program requirements of the course. Where concurrent employment is not possible, clinical practicums may be negotiated.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES
The Graduate Diploma course comprises eight credit points of study. These include six units of specialty study and two elective units of study. Of the six specialty units, four units are concurrently offered as the Graduate Certificate program. The two elective units of study may be selected from a comprehensive range of units currently offered in the School of Nursing and Midwifery.

Both the theoretical and clinical components of the assessment for each unit must be passed in order to successfully gain an overall pass in this course. Compulsory clinical hurdles form part of the assessment of this course. Recognition of the importance of clinical assessments is calculated in the overall student workload.

Note: Failure of a compulsory practicum in a unit will normally lead to exclusion.

Graduate Diploma of Psychology

Award granted: Graduate Diploma of Psychology
Campus: Offered at Melbourne Burwood Campus, Geelong Waterfront Campus
Duration: 1 year full-time or part-time equivalent
CRICOS course code: 021256B
Deakin course code: H650

Course structure applies to students who commenced in or before 2011. Students who commenced in 2012 should refer to the course structure in the 2012 online handbook.

COURSE OVERVIEW
The course is designed to provide a fourth year of study in psychology for students who wish to pursue a career in a professional field of applied psychology.

The objectives are:

- to assist in the further development of knowledge and skills that are fundamental to all or at least most fields of applied psychology;
- to provide the opportunity for students to explore in-depth a number of fields in which psychology is applied so that students are better placed to make decisions about their professional future;
- to further develop students’ abilities to critically evaluate theory and empirical studies; to develop the advanced skills students require to design, implement, analyse and report on a piece of research in an approved applied field; and
- to develop within students a deeper understanding of professional responsibilities, standards of performance and ethical issues.

The course meets the requirements of the Australian Psychological Society (APS) and the Psychologists Board of Australia (PBA) for a fourth year of study. In addition, it provides a basis for students wishing to apply to undertake higher degree studies in a more specialised field of applied psychology.

PROFESSIONAL RECOGNITION
This course is Australian Psychology Accreditation Council (APAC) accredited.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises six units, totalling 8 credit points. The Research Project runs over two trimesters (units HPS718 and HPS790) and is worth 3 credit points. There are four trimester-long units, each worth 1 credit point: HPS715, HPS742, HPS743 and HPS744.

The final 1-credit-point unit, Topics in Psychology (HPS754 and HPS755), comprises two elective modules, one taken each trimester. These are chosen from Issues in Health Psychology, Issues in Forensic Psychology, Organisational Psychology, and Sport and Exercise Psychology.
Attendance and presentation at the annual School Honours Conference and attendance at the weekly School Research Colloquia are hurdle requirements.

*Note: The elective modules offered each year may vary and are subject to resources and demand.*

**COURSE STRUCTURE**

**Trimester 1**
- HPS718  Research Project A (B, S)
- HPS754  Topics in Psychology A (B, S)
- HPS742  Research Methods in Psychology C (B, S)
- HPS743  Professional and Conceptual Issues in Psychology (B, S)

**Trimester 2**
- HPS715  Issues in Psychological Assessment (B, S)
- HPS755  Topics in Psychology B (B, S)
- HPS744  Counselling and Interpersonal Skills (B, S)
- HPS790  Research Project B (B, S)

Part time students wishing to deviate from the recommended structure should consult the course coordinator.
Graduate Diploma of Psychological Studies

Award granted Graduate Diploma of Psychological Studies
Campus Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus, Warrnambool Campus, Off campus
Duration 1 year full-time or part-time equivalent
Deakin course code H653

COURSE OVERVIEW
The course aims to provide students who have successfully completed an undergraduate degree in another field with the opportunity to complete a three-year psychology sequence and to gain a separate award; to develop in students the initial knowledge base, competencies and skills upon which advanced skills can be built as identified in the guidelines for designing curricula provided by the Psychologists Board of Australia and the Australian Psychological Society (APS); and to assist in preparing students for an approved fourth year in psychology (either a bachelor degree with honours or a further graduate diploma).

PROFESSIONAL RECOGNITION
This course is Australian Psychology Accreditation Council (APAC) accredited.

REGISTRATION AS A PSYCHOLOGIST
The current requirements in Victoria for registration as a psychologist include the completion of four years of academic study of psychology in a course recognised by the Psychologists Board of Australia (PBA). Two years of supervised practice are required in addition to the four-year academic program but please see APS website for possible changes to this. The academic program will normally consist of an approved three-year undergraduate psychology sequence, followed by an approved fourth year of study (such as Deakin’s Graduate Diploma of Psychology or Honours in Psychology).

Deakin’s Graduate Diploma of Psychological Studies provides the equivalent of the three-year undergraduate sequence that is required for entry to Deakin’s Graduate Diploma of Psychology, modified for delivery at postgraduate level. The sequence is recognised for registration purposes by the Psychologists Board of Australia. Following successful completion of the Graduate Diploma in Psychology or Honours, students may also apply for membership of the professional society (Australian Psychological Society).

**Campus**  
Offered on campus at Melbourne Burwood Campus*

**Duration**  
1.5 years in a combination of full time and part time study

**Deakin course code**  
H676

From 2012 offered to continuing students only. Students who wish to undertake postgraduate midwifery course should refer to the Master of Midwifery (H776) for more information.

**COURSE OVERVIEW**

The Graduate Diploma of Midwifery aims to produce graduates who have the knowledge, values, attitudes and competencies that reflect the philosophy, nature, and scope of midwifery practice to meet the requirements of the Nursing and Midwifery Board of Australia. The course provides students with opportunities to develop midwifery practice through integration of the theory and clinical competencies within a supportive supervised midwifery practicum. The course is also available for midwives who wish to upgrade their qualifications from a hospital certificate course.

**CLINICAL PRACTICE**

Students are employed within a collaborating hospital to support and provide a sound clinical learning environment for the clinical program requirements of the course.

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

The Graduate Diploma course comprises eight credit points of study, including five core units (6 credit points) plus 2 credit points of electives.

Both the theoretical and clinical components of the assessment for each unit must be passed in order to successfully gain an overall pass in this course. Compulsory clinical hurdles form part of the assessment of this course. Recognition of the importance of clinical assessments is calculated in the overall student workload.

*Note: Failure of a compulsory practicum in a unit will normally lead to exclusion.*

Master of Social Work

Award granted: Master of Social Work
Campus: Off campus
Duration: 2 years of full-time study or 4 years part-time study
Deakin course code: H703

COURSE OVERVIEW
The two year Master of Social Work course is designed to provide a graduate level entry to educate students for critical, competent and effective professional social work practice both within the local social and community services industry and the broader national and international context. The course aims to produce graduates who are able to:

- Demonstrate knowledge and understanding of how the broad and immediate political and welfare policy context in which they work influences their specific day-to-day practice;
- Convey a knowledge and understanding of a range of social research methods, the place of social research in social work and the ability to design and conduct research directly relevant to the practice of social work;
- Apply, understand and accept the broad inter-disciplinary nature of social work and develop the ability to demonstrate this understanding and work in a range of settings;
- Understand a generic approach to social work and be able to work at a range of levels (policy, research, administration) using a range of skills (research, communication, interpersonal, political, community development);
- Demonstrate knowledge of basic social work theories, anti-oppressive theories and empowerment perspectives and skills in field placement practice;
- Demonstrate a commitment to principles of non-discrimination, human rights and social justice;
- Demonstrate a commitment to maintaining and improving personal and professional standards of practice.

PROFESSIONAL RECOGNITION
This course has provisional professional accreditation by the Australian Association of Social Workers (AASW).

DEPARTMENT OF HUMAN SERVICES POLICY
In accordance with Department of Human Services policy*, all students are required to undertake a National Police Record Check prior to clinical placements in each calendar year of their course. Students who fail to obtain a Police Record Check prior to the commencement of clinical placement will not be able to undertake clinical placement.

Students may also be required to declare their immunisation status to satisfy the requirements of health organisations where they will be undertaking their clinical learning experience.

* Department of Human Services Policy on Working with Children Check and Police Records Checks can be found at: http://www.dhs.vic.gov.au/facs/bdb/fmu/service-agreement/5.departmental-policies-and-procedures/5.6-police-records-check-policy

Master of Human Nutrition

Award granted
Campus
Duration
Deakin course code

Master of Human Nutrition
Off campus
1.5 years full-time or part-time equivalent
H714

COURSE OVERVIEW

The Master of Human Nutrition course is designed primarily to allow students who have completed a Graduate Diploma of Human Nutrition (H616) to either extend their content knowledge of nutrition areas or to gain research skills.

By the end of the Masters course you should be able to:

• demonstrate an advanced knowledge of human nutrition at biological, social and/or policy levels
• interpret and synthesise different types of data used in human nutrition research, and
• evaluate the findings of human nutrition studies.

Students looking to align their units of study with a specific nutrition career pathway should first visit the School of Exercise and Nutrition Science Careers web pages to ensure the units they select will meet their career development needs.

PROFESSIONAL RECOGNITION

Graduates of this course are eligible to apply to the Nutrition Society of Australia for “Associate Nutritionist” status. Following three years of work experience, Associate Nutritionists are eligible to apply for “Registered Nutritionist” status.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

This course requires completion of 12 credit points — two core units and ten electives. Eight of the ten electives must be from the list of electives below and at least 4 credit points must be Nutrition (HSN7XX). Up to 2 credit points may be chosen from approved postgraduate units offered by any faculty of the University (subject to approval).

For students completing both a postgraduate human nutrition course (H616 or H714) and the Graduate Certificate of Public Health Nutrition (H517), a maximum of 2 credit points of credit for prior learning can be shared between both awards.

Master of Dietetics

**Award granted** Master of Dietetics  
**Campus** Offered at Melbourne Burwood Campus  
**Duration** 1.5 years full time  
**CRICOS course code** 056059G  
**Deakin course code** H718

Course structure applies to students who commenced in 2010. Students enrolled prior to 2010 should seek unit selection advice from their enrolment officer.

**COURSE OVERVIEW**
The Master of Dietetics will equip students with the knowledge and skills that will allow them to practice as a dietitian in Australia. This degree provides professional training at postgraduate level and will develop specialist skills related to the professional practice of Nutrition and Dietetics. Students will be provided with the opportunity to develop competency in dietetic practice through extensive professional practice placements which include dietetic practice in clinical, community and food service settings. Students will also develop research and communication skills through industry-based group electives and projects.

**PROFESSIONAL RECOGNITION**
The Master of Dietetics is accredited by the Dietitians Association of Australia (DAA). Graduates will be eligible for full membership of the DAA and the Accredited Practising Dietitian program and to work in all areas of dietetics.

**DEPARTMENT OF HUMAN SERVICES POLICY**
In accordance with Department of Human Services policy*, all students are required to undertake a National Police Record Check prior to clinical placements in each calendar year of their course. Students who fail to obtain a Police Record Check prior to the commencement of clinical placement will not be able to undertake clinical placement.

Students will be asked to undergo serological testing prior to enrolment. Students may also be required to declare their immunisation status to satisfy the requirements of health organisations where they will be undertaking their clinical learning experience.

This course is only available to students currently enrolled in H718 Master of Dietetics or an equivalent program.

**COURSE OVERVIEW**

The Master of Dietetics (honours) is designed to provide the specialist skills related to the research frameworks which underpin the nutrition and dietetics field. This builds upon the knowledge and skills gained in the Master of Dietetics that will allow them to practice as a dietitian in Australia.

The course aims to enable students to:

- demonstrate skills in critical evaluation and review of the literature together with the development of a research proposal;
- assist students to develop conceptual frameworks and methodological procedures for the collection, analysis and interpretation of data; and
- develop both scientific oral and written communication skills.

**PROFESSIONAL RECOGNITION**

The Master of Dietetics is accredited by the Dietitians Association of Australia (DAA). Graduates will be eligible for full membership of the DAA and the Accredited Practising Dietitian program and to work in all areas of dietetics.

**Award granted**  Master of Clinical Exercise Physiology  
**Campus**  Offered at Melbourne Burwood Campus  
**Duration**  1.5 years full-time or part-time equivalent  
**Deakin course code**  H743

**COURSE OVERVIEW**

The Master of Clinical Exercise Physiology is a graduate-entry course that will provide you with an advanced knowledge of both the theoretical and applied aspects of clinical exercise physiology, and a high level of skill to analyse, evaluate and professionally apply your knowledge with clinical populations. You will develop your capacity to creatively and flexibly apply your knowledge and skills to new situations, and be able to think in a rigorous and independent manner.

The course is structured to deliver the required knowledge and develop the necessary skills (in theory units and preclinical units) so that you can take full advantage of the three clinical placements on offer.

The course aims to:

- develop your knowledge and expertise in the application of exercise in both the prevention and treatment of many diseases and pathologies;
- enable you to understand the effects of acute and chronic exercise on physiological and pathophysiological processes in individuals with chronic diseases;
- link you to your industry through significant clinical placements whereby you reinforce your understanding of the role of an Accredited Exercise Physiologist (AEP);
- produce graduates who have the knowledge skills, and competencies to be an AEP;
- equip you with lifelong independent learning skills that will enable you to be the best practitioners possible; and
- produce graduates who demonstrate a commitment to maintaining and improving personal and professional standards of practice

**PROFESSIONAL RECOGNITION**

All core units include content that meets accredited body requirements enabling graduates to apply for registration as an Accredited Exercise Physiologist (AEP).

AEPs are university trained clinical exercise practitioners who are professionally accredited at the AEP level (second level) by Exercise and Sport Science Australia (ESSA). ESSA was formerly known as Australian Association of Exercise and Sport Science (AAESS).

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

This course requires successful completion of 12 credit points over three trimesters (minimum 18 months) of full-time study and/or part-time equivalent undertaken in on-campus mode of study.

Students cannot complete the course in less than 18 months.

Master of Psychology (Clinical)

**Award granted**  Master of Psychology (Clinical)

**Campus**  Offered at Geelong Waterfront Campus

**Duration**  2 years full-time only

**Deakin course code**  H750

The course is not available part-time.

**COURSE OVERVIEW**

The Master of Psychology (Clinical) is designed to provide specialist knowledge as well as the general knowledge and skills required by practitioners; advanced knowledge of clinical problems of childhood, adolescence, and adulthood; knowledge and competence in psychological assessment; and knowledge and awareness of relevant ethical principles of psychological practice. Deakin University offers Master and Doctoral level courses which aim to prepare students, who have completed a recognised psychology sequence, for careers in the field of clinical psychology. Graduates will be qualified for employment in any area of clinical psychology, including private practice or one of the many government and non-government agencies.

**PROFESSIONAL RECOGNITION**

This course is Australian Psychology Accreditation Council (APAC) accredited.

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

The course consists of 16 credit points covering three strands: theory, research and practice. Students will complete a minimum of 4 credit points each trimester over two years.

**COURSE STRUCTURE**

- HPS787 Research Thesis C (S)

*Note: All coursework units have a hurdle requirement of 80 per cent attendance. A pass grade in a unit requires satisfactory completion of each component assessed.*

**PLACEMENT PROGRAM**

The clinical placements are designed to equip students with a range of professional skills and an awareness of professional issues. Students will have placements in at least three different settings, so that they gain experience of adult and child problems, community and institutional care and medical and non-medical agencies. Each student’s program will be worked out jointly by the student, the placement coordinators, and the practitioners supervising the placements. Contracts will be drawn up which will clearly specify the skills to be taught and the responsibilities of the student and placement supervisor. Placement supervisors are registered clinical psychologists, eligible for membership of the College of Clinical Psychologists of the Australian Psychological Society. Each placement requires the full complement of days to be completed. Failure of any one placement may result in exclusion from the course.

**INCOME SUPPORT**

Domestic students enrolled in this postgraduate coursework program may be eligible for student income support through Youth Allowance and Austudy.

Master of Psychology (Industrial and Organisational)

Award granted Master of Psychology (Industrial and Organisational)
Campus Offered at Melbourne Burwood Campus
Duration 2 years full-time or part-time equivalent
CRICOS course code 038989C
Deakin course code H752

Please note change of campus of offer for this course from 2011 from Geelong Waterfront Campus to Melbourne Burwood Campus.

COURSE OVERVIEW
The Master of Psychology (Industrial and Organisational) aims to enable qualified graduates to develop the academic, practical and research skills required to register and practise as organisational psychologists, and to enter the profession as specialist psychologists, either in employment as practicing organisational psychologists or as employees of one of the many organisations or industries employing psychologists.

On completion of the course, students should have:

• specialist knowledge of industrial and organisational psychology;
• competence in the design and conduct of research gained through completing a thesis in the area of industrial or organisational psychology; and
• knowledge and awareness of the ethical principles of psychological practice, in particular in relation to the practice of industrial/organisation psychology.

PROFESSIONAL RECOGNITION
This course is Australian Psychology Accreditation Council (APAC) accredited.

PLACEMENT PROGRAM
The placement program is aimed at providing students with a wide range of organisational problems and experiences in a variety of settings. The placements are designed to equip students with professional skills and to develop an awareness of professional issues. Students will be exposed to the workings of organisations and of industries and the types of issues that arise in an organisational and industrial psychological context. Students are involved in placements in different sectors including manufacturing, public service and consultancies. Each placement requires the full complement of days to be completed. Unsatisfactory progress in any one placement may result in exclusion from the course.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course consists of 16 credit points covering three inter-related strands: theory, research and practice. The course has a strong emphasis on a practical problem-solving approach within a structure of organisational psychology units. Students are required to complete a minimum of 125 days of professional work experience within an organisational setting. Students will complete a minimum of 4 credit points each trimester over two years for full time study or part time equivalent.

Master of Psychology (Professional Practice)

*Award granted*  Master of Psychology (Professional Practice)
*Duration*  Four years part-time study
*Deakin course code*  H755

This course is being offered to continuing students only, available on a part-time basis. Students should discuss unit selections with their enrolment officer.
Master of Nursing Practice

Award granted  Master of Nursing Practice
Campus  Offered off campus
Duration  1.5 years full time or up to 4 years part time
Deakin course code  H771

Note: This course was formerly titled Master of Health Science (Nursing)

COURSE OVERVIEW

The Master of Nursing Practice aims to broaden the theoretical knowledge of registered nurses who work in a variety of specialty health care settings. It reflects also that graduate nurses should be able to practise in ways that extend beyond the technical and practical concerns of nursing and to include research-based practice. This course also provides the opportunity for students to develop knowledge and skills in research and equips them to undertake higher degrees by research. The course allows students flexibility in that they are able to choose from several sequences of study and/or from a range of elective units that support their career aspirations in nursing management and leadership.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

The Master of Nursing Practice comprises 12 credit points of study. At least 8 of the 12 credit points must normally be level 7 nursing units from the list below. Up to 4 credit points may be selected from the elective units listed below or approved units from any postgraduate course at Deakin. Alternatively, students may undertake the 4-credit-point thesis (HNN725 and HNN726), which articulates with PhD studies.

Students wishing to complete the Master of Nursing Practice by research and undertake the 4-credit-point minor thesis must have completed HNN727 Research in Nursing and Midwifery.

Master of Nursing Practice (Nurse Practitioner)

Award granted: Master of Nursing Practice (Nurse Practitioner)
Campus: Offered off campus
Duration: 2 years full-time or up to 4 years part-time
Deakin course code: H773

COURSE OVERVIEW
The Master of Nursing Practice (Nurse Practitioner) aims to extend the scope of practice of registered nurses, as well as broaden and deepen their theoretical knowledge as it relates to their specialty practice setting. Upon successful completion of the course, graduates will be able to work within collaborative multidisciplinary frameworks to provide the highest quality and standard of care. The Nurse Practitioner specialty units are designed to prepare students for the nurse practitioner role and satisfy the requirements of the Nursing and Midwifery Board of Australia for endorsement.

DEPARTMENT OF HUMAN SERVICES POLICY
In accordance with Department of Human Services policy*, all students are required to undertake a National Police Record Check prior to clinical placements in each calendar year of their course. Students who fail to obtain a Police Record Check prior to the commencement of clinical placement will not be able to undertake clinical placement.

Students may also be required to declare their immunisation status to satisfy the requirements of health organisations where they will be undertaking their clinical learning experience.

* Department of Human Services Policy on Working with Children Check and Police Records Checks can be found at: http://www.dhs.vic.gov.au/facs/bdb/fmu/service-agreement/5.departmental-policies-and-procedures/5.6-police-records-check-policy

Master of Midwifery

Award granted: Master of Midwifery
Campus: Offered off campus
Duration: 1.5 years full-time or part-time equivalent
Deakin course code: H776

COURSE OVERVIEW
The Master of Midwifery is designed for graduates who are current practitioners to advance their professional learning and practice development as midwives. The course options allow midwives to explore, at an advanced level, issues surrounding healthy women during the childbearing experience, their newborn infants, and families; women who experience complex health issues (risk management) during pregnancy, labour, birth or the time after birth, and newborn infants who experience complex health issues (risk management).

Students wishing to complete the Master of Midwifery by research and undertake the 4 credit point minor thesis must have completed HNN727 Research in Nursing and Midwifery or equivalent. Alternatively, students may complete the Master of Midwifery via coursework.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Master of Midwifery is an off-campus course and comprises twelve credit points of study. An applicant must have successfully completed a Graduate Diploma of Midwifery, or equivalent, prior to entry, and be practising as a midwife. To complete the masters program, students choose four credit points of elective units – refer option 1 or option 2 below.

COURSE STRUCTURE

Option 1 – by coursework (each unit is worth 1 credit point unless otherwise stated)

Elective units that have not been undertaken previously in the Graduate Diploma of Midwifery must be chosen. Students choose four elective units from the following:

- HNM708 Midwifery Professional Practice (X) (2 credit points)
- HNN727 Research in Nursing and Midwifery (X) (2 credit points)
- HNN734 Advanced Primary Health Care Practice (X)
- HNN760 Advanced Family Health Practice (X) (Not offered 2011)
- HNN780 Quality and Safety in Medication Management
- HNN781 Therapeutic Medication Management

Alternatively, students may select level 7 electives from other Schools within the Faculty of Health.
Option 2 – by research (thesis units)
HNN727 or equivalent, is the prerequisite unit for the thesis units
HNN725  Research Thesis A (X)
HNN726  Research Thesis B (X)

INCOME SUPPORT
Domestic students enrolled in this postgraduate coursework program may be eligible for student income support through Youth Allowance and Austudy.

Master of Nursing

Award granted: Master of Nursing

Campus: Offered at Melbourne Burwood Campus, Geelong Waterfront Campus, Warrnambool Campus, Off campus

Duration: 1.5 years full-time or part-time equivalent

Deakin course code: H821

COURSE OVERVIEW

The School of Nursing and Midwifery, through its clinical partnership program and community links, has an established research program grounded in clinical practice while embracing the theoretical and philosophical underpinnings of nursing. A major research focus of the School examines symptoms and risk management associated with a wide range of chronic illnesses. Other areas of research include the exploration of symptoms and risk management associated with management of patients in acute and critical care contexts. The research area of health services evaluation involves a critical evaluation of current health services models and the development of alternative models of health services delivery.

COURSE OVERVIEW
The Master of Applied Science involves research into the molecular basis of health and disease. Research areas are broad, ranging from basic gene discovery and molecular analysis through functional genomics and pre-clinical development, to the testing of new therapeutics, underpinned by powerful and relevant experimental platforms. Key areas of research strength are: immunity, infectious diseases, developmental biology, molecular physiology, musculoskeletal biology, haematology, cancer, metabolic disease, structural biology and nanomedicine.

PhD research is also available with the School of Medicine in the areas of rural and regional general practice; health and wellbeing, health service evaluation, public health and chronic disease management.

Doctor of Psychology (Clinical)

Award granted: Doctor of Psychology (Clinical)
Campus: Offered at Melbourne Burwood Campus
Duration: 3 years full time
CRICOS course code: 022556D
Deakin course code: H951

COURSE OVERVIEW
The Doctor of Psychology (Clinical) degree is a three year full-time course that provides students who have completed a recognised four-year sequence in psychology with the opportunity to obtain professional training in clinical psychology. It has been designed to enable graduates to develop the academic, practical and research skills necessary to register as a psychologist, and to practise as a clinical psychologist. The course is accredited and approved by the Australian Psychological Society and the College of Clinical Psychologists.

The course aims to produce graduates who have:

- specialist knowledge and competence in the theory and practice of clinical psychology as well as the general knowledge and skills required by psychological practitioners
- understanding of the impact of biopsychosocial systems on mental health and the application of an integrative treatment model
- advanced knowledge of clinical psychology relevant to clinical problems of childhood, adolescence, and adulthood
- knowledge and competence in the theory and practice of psychological assessment, diagnosis and case formulation relevant to clinical psychology
- knowledge and awareness of the legal and ethical principles of psychological practice, in particular in relation to the practice of clinical psychology
- knowledge and practical experience in the assessment and treatment of various psychological disorders, and more specifically couple and family problems
- capacity to build and maintain effective teamwork with other healthcare professionals that supports the delivery of effective treatment interventions, and
- competence in the design and conduct of research.

The course is based on the scientist/practitioner model: It rests firmly on a foundation of established knowledge and current research and adopts an evidence-based approach to training. Prior to the initiation of any intervention strategy, this approach requires the conduct of a thorough assessment and definition of the problem, which is followed by the formulation of intervention goals, the evaluation and selection of an appropriate intervention approach to achieve these goals, the systematic implementation of this intervention, and an evaluation of its effectiveness in achieving the stated goals. A further basic premise of the course is that mental health and disease processes are impacted by psychological, social and biological factors. Assessment and treatment strategies require consideration of the complex interactions between the range of genetic, physiological, behavioural, and environmental variables that may affect an individual’s ability to maximize psychological health and wellbeing. The course specialises in the assessment and treatment of family problems and includes advanced coursework units on etiology, assessment and treatment of these problems, as well as extended placements in agencies specialising in couples and family therapy.

During the course students will complete coursework as described below, and undertake clinical placement in four or more agencies. These placements will include observational experiences with practising clinical psychologists, and supervised practical work as appropriate. Students will also design and undertake a piece of original research on a relevant topic, the results of which will be presented in a major thesis. As part of their thesis requirements, students will also have the opportunity to explore their own interests, conceptual strengths and professional skills in relation to clinical psychology, through the completion of professional
portfolio which is based on four cases from their placement. Both components of the thesis (the research project and the portfolio) will be examined externally.

On completion of the course students may apply to the Psychologists Board of Australia (PBA) for registration as a psychologist and to the Australian Psychological Society for membership of the College of Clinical Psychologists.

PROFESSIONAL RECOGNITION
This course is Australian Psychology Accreditation Council (APAC) accredited.

PLACEMENT PROGRAM
Each individual student’s placement program will be worked out jointly by the student, the placement coordinator, and the practitioners supervising the placements. The placements are designed to equip students with a range of professional skills and develop an awareness of professional issues. Students will have placements in at least four settings, so that they gain experience of adult and child problems, community and institutional care and medical and non-medical agencies. Two of the placements will be in agencies that specialise in couple and family therapy. Contracts will be drawn up which clearly specify the skills to be taught and the responsibilities of the student and placement supervisor. Placement supervisors are registered clinical psychologists, eligible for membership of the Clinical College of the APS. Each placement requires the full component of days to be completed. Failure of any one placement may result in exclusion from the course.

COURSE RULES
The course consists of 24 credit points of work covering three strands: theory, research and practice.

Doctor of Psychology (Forensic)

Award granted: Doctor of Psychology (Forensic)
Campus: Offered at Melbourne Burwood Campus
Duration: 3 years full time
CRICOS course code: 040945G
Deakin course code: H952

COURSE OVERVIEW
The Doctor of Psychology (Forensic) aims to prepare students who have completed a recognised four year psychology sequence/degree for a career in the specialist field of forensic psychology.

Students complete 24 units of study during this program and these units are divided across coursework, placement and thesis requirements. Coursework includes units on applied methodology, interview and intervention skills, assessment and treatment of forensic clients, psychology and the law, pathopathology, and children and the legal system. Students will have at least 200 days practical experience with forensic clinicians in four or more agencies and undertake supervised client work as appropriate. They will also design, conduct and present a major thesis that reports the results of original research. This thesis is externally examined and is expected to reflect the program’s status as a research degree. In addition to the coursework, placement and research components of the program, students complete a professional portfolio, which is examined externally and based on cases from their placement work. On completion of the program, students may apply to the Psychologists Board of Australia (PBA) for registration and to the Australian Psychological Society for membership of the College of Forensic Psychologists.

PROFESSIONAL RECOGNITION
This course is Australian Psychology Accreditation Council (APAC) accredited.

OBJECTIVES
On completion of the course, graduates will be expected to exhibit

- specialist knowledge of forensic psychology as well as the general knowledge and skills required by psychological practitioners
- specialist knowledge of psychology and the law and assessment and treatment of offenders and victims
- knowledge and competence in the theory and practice of psychological assessment
- knowledge and awareness of the ethical principles of psychological practice, with particular relation to the practice of forensic psychology
- experience of the practice of forensic psychology within a range of forensic settings
- advanced levels of competence in the design and conduct of research in the area of child or family forensic psychology
- an appreciation of the multidisciplinary practice of psychology through cooperation with professionals from other related disciplines during practicum placements.

Doctoral students will also have advanced knowledge and practical experience in the assessment and treatment of children and their families within a forensic setting.

PLACEMENT PROGRAM
Students’ forensic placements are tailored to their interests, skills and aspirations. Placements are designed to provide candidates with a range of professional skills and to develop their awareness of ethical and professional issues. It is desirable that students receive experience with a range of client groups in a variety of organisational and correctional settings. Students have both a university and an agency placement supervisor and ‘contracts’ are made at the commencement of each placement with all parties involved. These stipulate the responsibilities of all parties, the skills to be taught and the extent and nature of client contact. Each placement requires the full complement of days to be completed and failure of any one placement may result in exclusion from the course.

Doctor of Psychology (Health)

Award granted Doctor of Psychology (Health)
Campus Offered at Melbourne Burwood Campus
Duration 3 years full time
CRICOS course code 040946G
Deakin course code H953

COURSE OVERVIEW
The Doctor of Psychology (Health) is a three-year, full-time research degree program that aims to prepare students who have a recognised four-year sequence in psychology for a career in the area of Health Psychology. The course enables graduates to develop the academic, practical and research skills necessary to register with the Psychologists Board of Australia (PBA) as a psychologist. The course has been accredited by the Australian Psychological society and the College of Health Psychologists.

The course is based on the scientist/professional model: before engaging in any clinical intervention, prevention or health promotion strategy it is essential to evaluate the present situation and set appropriate goals that can also be evaluated. The evaluation and definition of the presenting situation is followed by the formulation of the goals of the intervention or health promotion strategy, an assessment of the approach most appropriate to achieve these goals, implementation of the chosen strategies, and an evaluation of the effectiveness of the chosen approach in achieving the stated goals. From this major thrust, students will be equipped with a range of different therapeutic interventions and health promotion strategies, with an emphasis on research findings that relate to the effectiveness of differently interventions and strategies cross different problems and areas of need.

The units in the program have been developed so that they provided the input to achieve the general aims of any health psychology program, that is, the development of skills in the areas of health promotions and prevention, together with relevant diagnostic, assessment, intervention and evaluation skills. In-depth coverage will be achieved in the third year units to provide an understanding of issues related to health promotion and preventative health strategies and extended placements will be undertaken in agencies specialising in these areas. Students will design, undertake and present a major thesis reporting the results of a piece of original research of appropriate quality on a relevant topic. As part of their thesis requirements, students also complete a professional portfolio which is examined externally and is based on cases from their placement.

PROFESSIONAL RECOGNITION
This course is Australian Psychology Accreditation Council (APAC) accredited.

OBJECTIVES
On completion of the course, graduates will be expected to exhibit: specialist knowledge of health psychology as well as the general knowledge and skills required by psychological practitioners; advanced knowledge and practical experience in the areas of health promotion and preventative health strategies; knowledge and competence in the theory and practice of psychological assessment relevant to health psychology; knowledge and awareness of the ethical principles of psychological practice, and in particular in relation to health psychology; and advanced levels of competence in the design and conduct of research through completion of a major thesis.

PLACEMENT PROGRAM
Placements will be designed to develop the skills for independent but supervised practice to meet requirements for registration. The placement program is aimed at providing students with a wide range of client problems, age ranges (including children, adolescents and the elderly) and health settings (community and institutional care as well as medical and non-medical agencies). Each placement requires the full complement of days to be completed. Failure of any one placement may result in exclusion from the course.
COURSE RULES
The course consists of 24 credit points of work covering three interrelated strands: theory, research and practice.

COURSE OVERVIEW
This course involves research into the molecular basis of health and disease. Research spans basic gene discovery and molecular analysis, through functional genomics and pre-clinical development to the testing of new therapeutics, underpinned by powerful and relevant experimental platforms. Key areas of research strength are: immunity, infectious diseases, developmental biology, molecular physiology, musculoskeletal biology, haematology, cancer, metabolic disease, structural biology and nanomedicine.

PhD research is also available with the School of Medicine in the areas of rural and regional general practice; health and wellbeing, health service evaluation, public health and chronic disease management.

RESEARCH INFORMATION
The Faculty of Health provides a range of higher degree by research programs at masters and doctorate level, including professional doctorates in the discipline of psychology.

To review the research areas available for postgraduate degree by research (Masters and PhD), click here.

The Faculty has affiliation with five of the University Strategic Research Centres, which work with national and international partners in health communities, business, industry and government to bring about evidence-based practical, equitable health outcomes globally, nationally and in local communities. The Centres are engaged in research programs related to patient care, mental health, molecular medicine, public health research and evaluation, population health, and social determinants of health and wellbeing.

COURSE OVERVIEW
The Commerce courses at Deakin are some of the most flexible and broadly based business programs on offer at any Australian university.

After a common first year of study in key business disciplines, students can choose from a wide range of specialist major sequences without having to lock themselves into one program from the beginning. Also students can choose from specialised areas offered by other faculties such as journalism, sociology, politics and policy studies, languages, psychology, or many other areas of interest (subject to satisfying entry requirements).

BUSINESS INTERNSHIP PROGRAM
The Bachelor of Commerce incorporates a business internship program which provides students with a realistic business experience in their area of specialisation. Two 1-credit-point units, available to final-year students, have been developed to provide experiential learning opportunities which foster the development of practical capabilities and enhance employment prospects for graduates. These units complement each major area of study and are available on all campuses and off campus.

MMI301 Business Internship 1
MMI302 Business Internship 2

UNIT SELECTION
Students admitted to the Bachelor of Commerce (BCom) will be given advice on unit selection, however students must take responsibility for planning their own studies within the course structure and course rules.

PART-TIME STUDIES
Part-time study is available on and off campus. Part-time study refers to academic workload, not mode of study.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES

- The BCom is a course of study amounting to 24 credit points.
- At least 16 of these credit points must be units offered by the Faculty of Business and Law and must include the 10 core units.
- At least one major sequence of 6 credit points must be included.
- At least 6 credit points must be taken at level 3, of which 4 must be Faculty of Business and Law units course grouped to a Faculty of Business and Law undergraduate degree.
- No more than 10 credit points may be taken at level 1 (all Commerce units are worth 1 credit point).
- All commencing students are required to successfully complete at least one wholly online unit.

Full-time enrolment is normally a maximum of 4 credit points per trimester. With the flexibility offered, students are able to choose one, two or even three majors within the 24 credit points required to complete the BCom degree. Students may take up to 8 credit points from approved units offered by other faculties.

Bachelor of Management

Award granted: Bachelor of Management

Campus: Offered at Melbourne Burwood Campus, Geelong Waurn Ponds Campus, Warrnambool Campus, Off campus

Duration: 3 years full-time or part-time equivalent

CRICOS course code: 062182J

Deakin course code: M302

Note: Students who commenced the Bachelor of Management prior to 2008 should refer to the 2007 Handbook for course details.

COURSE OVERVIEW

The Bachelor of Management is designed to provide contemporary management knowledge and skills to students who need, or aim to work in, a management role. This course enables you to acquire and master a solid understanding of the intellectual foundations of the study of management and its main components. A wide range of specialist majors are available from within the Faculty of Business and Law, and you can also select a major from another faculty such as psychology, public relations, journalism or many others (subject to satisfying entry requirements).

ARTICULATION

Students who have completed a Certificate of Management, a Diploma of Management or an Associate Degree of Management with DeakinPrime may articulate to the Bachelor of Management with full credit. Articulating students should seek course advice from the Faculty of Business and Law enrolment officers.

BUSINESS INTERNSHIP PROGRAM

The Bachelor of Management incorporates a business internship program which provides students with a realistic business experience in their area of specialisation. Two 1-credit-point units, available to final-year students, have been developed to provide experiential learning opportunities which foster the development of practical capabilities and enhance employment prospects for graduates. These units complement each major area of study and are available on all campuses and off campus.

MMI301 Business Internship 1
MMI302 Business Internship 2

PART-TIME STUDIES

Part-time study is available on and off campus. Part-time study refers to academic workload, not mode of study.

PROFESSIONAL RECOGNITION

By choosing appropriate units within the Bachelor of Management-Accounting major sequence plus specified finance and commercial law units, students may be accredited by the Institute of Chartered Accountants (ICAA).

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES

The course rules for the Bachelor of Management require that students complete 24 credit points.

At least 16 of these credit points must be Business and Law course-grouped units, including a core Business Management Stream made up of eight credit points.

To complete the 16 Business and Law course-grouped units, students may choose to complete an eight credit point General Studies Stream from a specified list or a major sequence.

Students must not complete more than ten credit points at Level 1 and must complete at least four credit points at Level 3. Students may take up to eight credit points from approved units offered by other faculties including a major sequence made up of a minimum of six credit points defined by the relevant Faculty Board.

All commencing students are required to successfully complete at least one wholly online unit.

Full-time enrolment is normally a maximum of 4 credit points per Trimester.

Formerly Bachelor of Information Systems

COURSE OVERVIEW
The Bachelor of Business Information Systems (BBIS) addresses the business applications of information technology, the management of large volumes of information and the way in which information systems influence and change contemporary organisations. The course is designed to provide students with an understanding of the business context in which information systems are used through core studies in areas such as accounting, business law, business communication and management. Combined with advanced studies in areas such as business analysis, systems management, information security, risk management, project management, health informatics and supply chain management, students develop the knowledge and skills required to meet the needs of industry and government for specialist information systems practitioners.

BUSINESS INTERNSHIP PROGRAM
The Bachelor of Business Information Systems incorporates a business internship program which provides students with a realistic business experience in their area of specialisation. Two 1-credit-point units, available to final-year students, have been developed to provide experiential learning opportunities which foster the development of practical capabilities and enhance employment prospects for graduates. These units complement each major area of study and are available on all campuses and off campus.

MMI301 Business Internship 1
MMI302 Business Internship 2

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The BBIS is a course of study amounting to 24 credit points. Students must complete 8 credit points of core Information Systems units, 4 credit points of core Commerce units, a minimum of 4 credit points of Information Systems electives and 8 credit points of electives (4 credit points of which must be from the Faculty of Business and Law).

It is also possible for students to complete a major sequence offered by the Faculty of Business and Law as part of the degree.

No more than 10 credit points may be taken at level 1 in the degree. At least 6 credit points must be taken at level 3.

All students are required to successfully complete at least one wholly online unit.

Bachelor of Commerce – Dean’s Scholars Program

Award granted: Bachelor of Commerce
Campus: Offered at Melbourne Burwood Campus
Duration: 3 years full-time or part-time equivalent
Deakin course code: M307

Note: This course is for those students who form part of the Dean’s Scholars Program only.

COURSE OVERVIEW
The Commerce courses at Deakin are some of the most flexible and broadly based business programs on offer at any Australian university.

After a common first year of study in key business disciplines, students can choose from a wide range of specialist major sequences without having to lock themselves into one program from the beginning. Also students can choose from specialised areas offered by other faculties such as journalism, sociology, politics and policy studies, languages, psychology, or many other areas of interest (subject to satisfying entry requirements).

BUSINESS INTERNSHIP PROGRAM
The Bachelor of Commerce incorporates a business internship program which provides students with a realistic business experience in their area of specialisation. Two 1-credit-point units, available to final-year students, have been developed to provide experiential learning opportunities which foster the development of practical capabilities and enhance employment prospects for graduates. These units complement each major area of study and are available on all campuses and off campus.

MMI301 Business Internship 1
MMI302 Business Internship 2

UNIT SELECTION
Students admitted to the Bachelor of Commerce (BCom) will be given advice on unit selection, however students must take responsibility for planning their own studies within the course structure and course rules.

PART-TIME STUDIES
Part-time study is available on and off campus. Part-time study refers to academic workload, not mode of study.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES
The BCom is a course of study amounting to 24 credit points.

At least 16 of these credit points must be BCom units offered by the Faculty of Business and Law and must include the 10 core units.

At least one major sequence of 6 credit points must be included.

At least 6 credit points must be taken at level 3, of which 4 must be Faculty of Business and Law units course grouped to a Faculty of Business and Law undergraduate degree.

No more than 10 credit points may be taken at level 1 (all Commerce units are worth 1 credit point). All commencing students are required to successfully complete at least one wholly online unit. Full-time enrolment is normally a maximum of 4 credit points per trimester. With the flexibility offered, students are able to choose one, two or even three majors within the 24 credit points required to complete the BCom degree. Students may take up to 8 credit points from approved units offered by other faculties.

COURSE OVERVIEW
The Deakin Law program is designed to produce first-class commercial law practitioners by providing sound training in each of the major areas of legal practice. It offers a number of special features that have been incorporated into its Bachelor of Laws (LLB) degree courses.

The degree of Bachelor of Laws may be awarded at honours level.

FEATURES OF THE PROGRAM

Orientation towards commercial law
A distinctive feature of the Law Program is its deliberate orientation towards commercial law. The Deakin LLB degree course is one of the few in Australia with a specific and exclusive focus. This has been achieved by including several core commercial units in the course, plus offering an elective program that consists predominantly of units drawn from the area of commercial law.

Professional Experience
You will be required to complete 30 days professional work experience in a legal environment to gain experience on how the law operates in practice. This practical experience will provide you with an enriched formal legal education and prepare you for employment in the industry. For more information http://www.deakin.edu.au/buslaw/law/currentstudents/professional-exp/index.php

Practical Legal Skills
The Practical Legal Skills (PLS) program is designed to give you experience in a variety of different dispute resolution methods. The PLS program is seen as a valuable way of developing the ability to present arguments orally and in writing. The program requires the completion of four units, and normally one unit is undertaken each year. The units are Moot, Mediation, Arbitration and Witness Examination these exercises will assist you to acquire skills in advocacy. Within the structure and procedures of a court setting, you are required to develop and argue cases as part of a team.

Law clinic
In conjunction with Community Legal Centres and other legal organisations, the School of Law offers a clinical skills unit. This involves students working at a Legal Service under the supervision of a legal practitioner. They assist the practitioner to take instructions and to advise and represent clients. Clinical training of this nature is designed to teach students skills such as interviewing, counselling, negotiation, communication and advocacy. Quotas apply and enrolment is via application.

For more information, please visit:
ADMISSION TO LEGAL PRACTICE
At present, to qualify for admission as a barrister and solicitor in Victoria, university graduates are required to complete legal traineeships (previously known as articles of clerkship) for one year or to complete a legal practice course. Institutes that offer Practical Legal Training are:

• The College of Law Victoria: Victorian Professional Program
• The Leo Cussen Institute [which holds a seven month full-time practical legal training course], plus an alternative on-line course.
• Australia National University Practical Legal Training Course offered in Melbourne.

COURSE OF STUDY
The Deakin Law Program is designed to satisfy the university component of the requirements to become a barrister and solicitor in Victoria set by the Council of Legal Education. Study may be undertaken on either a full-time or part-time basis.

LLB COMBINED WITH ANOTHER DEGREE
Students enrolled in a Law degree combined with another degree in Arts, Arts (International Studies), Commerce, Criminology, Management or Science, must complete units totalling 40 credit points for the combined course. For the LLB degree component of the combined course students must complete 24 credit points of Law units, including 20 credit points of core units, 4 credit points of elective Law units, four practical legal skills units and professional experience requirements. The degree may be awarded at either pass or honours level.

For the other degree component students must complete 16 credit points as prescribed for the relevant degree. Refer to Course Structures for combined courses and for bachelor degrees in Arts, Arts (International Studies), Commerce, Criminology, Management or Science.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the LLB, students must complete units totalling 32 credit points. 24 credit points, including 20 credit points of core units, must be selected from the LLB. The remaining 8 credit points may be taken as elective units, 4 of which must be non-Law units. All commencing students are required to successfully complete at least one wholly online unit. In addition, students are required to complete the prescribed Professional Experience and four practical legal skills units in order to be eligible to graduate.

Honours:
Law On-course Honours Award recognises outstanding achievement in the Bachelor of Laws degree. To be awarded an On-course Honours Award with Bachelor of Laws degree you must:

• satisfactorily complete an approved course of study meeting the requirements of the Bachelor of Laws pass degree;
• satisfactorily complete 4 credit points in the LLB at level 4
• achieve a weighted average mark of 65% or above in the LLB units undertaken in the LLB degree.

Award granted  Bachelor of Business (Sport Management)
Campus  Offered at Melbourne Burwood Campus, (Off campus commencing 2012)
Duration  3 years full-time or part-time equivalent
Deakin course code  M391

COURSE OVERVIEW
Deakin’s Bachelor of Business (Sport Management) is designed to provide students with skills to work in the business of sport, in all its manifestations, including professional sport, national and state sporting organisations and community sport. The course covers the financial, promotional, managerial, legal and other aspects of sport as a business, providing the skills required to work in areas such as managing organisations that conduct sporting competitions and major events, community programs that encourage participation in sport, and organisations that support sporting competitions such as sporting goods manufacturers and retailers, sports promoters, facility designers and managers, and player managers and agents.

The ability to apply management and marketing theories and business principles generally within a leisure framework is a core feature of the degree.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course consists of 24 unit credit points, including 17 credit points of core units. The core units comprise 8 credit points of sport management units and 9 credit points of business units. The 7 credit points of elective units enable students to complete a major sequence of their choice.

No more than ten credit points may be taken at Level 1.

At least six credit points must be taken at Level 3, of which four must be Faculty of Business and Law units course grouped to a Faculty of Business and Law undergraduate degree.

All commencing students are required to successfully complete at least one wholly online unit.

Notes
1 Required by CPA Australia for Associate Membership (10 units in all, see note 3).
2 Required by the Institute of Chartered Accountants in Australia for entry to the CA Program (9 units in all).
3 For candidates who have completed an accredited degree in Australia, this unit may be taken as part of the CPA program. Other students must complete this unit before becoming an Associate Member of CPA Australia.

Students should carefully note the trimesters when units are offered to ensure that all required units can be completed in the appropriate time frame.

Completion of the Graduate Certificate of Accounting alone does not grant eligibility for entry as an Associate member of CPA Australia, or meet the educational requirements for entry into the CA program of the Institute of Chartered Accountants in Australia (ICAA). The appropriate selection of units provides the opportunity for further studies to be undertaken towards entry to either of the professional accounting bodies.

Students who wish to enter the CA or CPA programs are advised that it is their responsibility to ensure that they take the appropriate units required for entry. Students who have completed prior undergraduate or graduate units in accounting or other core knowledge areas are advised to have their qualifications assessed by their preferred professional organisation to ensure they complete the correct units.

CREDIT FOR PRIOR LEARNING
Credit for prior learning into the Graduate Certificate of Accounting may be granted to students who have successfully completed appropriate postgraduate studies. There are negotiated credit for prior learning arrangements in place for CPA members.

Graduate Diploma of Property

Award granted: Graduate Diploma of Property
Campus: Off campus
Duration: 2 years (part time)
Deakin course code: M633

COURSE OVERVIEW
Deakin’s Graduate Diploma of Property has been designed to suit the needs of two types of graduates: graduates from a property and real estate background who require further expertise in property and real estate principles, including valuation graduates who have completed an undergraduate degree from an unrelated discipline and wish to enter the property and real estate profession.

The course will provide students with the opportunity to refine their core professional skills, particularly related to property and real estate valuation. Students will develop an important understanding of how the various stakeholders in the property and real estate market can collaborate to deliver and operate more sustainable projects.

The course brings together a range of built environment disciplines from sustainable construction to property management to provide a broad perspective on issues of true international significance.

A focus on sustainability and its economic, social and environmental underpinnings within the construction management and the property and real estate professions, gives the course particular significance and relevance, while case studies provide opportunity for critical reflection and analysis.

Critical evaluation of current and proposed initiatives in the context of case study research is an important part of the course. Students will gain specialist skills through practical experience and benefit from cutting-edge research and close cooperation with the property industry.

Students will graduate equipped with a high level understanding of the theoretical, policy, evaluative and research frameworks that underpin the property and real estate profession.

This is Victoria’s only CPV accredited 100% external postgraduate course which is delivered via flexible delivery.

All graduates are eligible for membership of the Australian Property Institute (API). Graduates with a cognate degree such as: Commerce, Business, Planning, Architecture, Construction, Quantity Surveying, Law or Engineering will have satisfied the academic requirements for Certified Property Valuer (CPV) membership of the Australian Property Institute (API).

PROFESSIONAL RECOGNITION
The Graduate Diploma of Property is recognised and professionally accredited by the Australian Property Institute (API). Graduates have satisfied the academic requirements for Certified Property Practitioner (CPP) status, Certified Property Manager (CPM) status and Certified Development Practitioner (CDP) status. In addition graduates who commenced study with a cognate undergraduate degree will satisfy the academic requirements for Certified Practising Valuer (CPV) status of the API.

COURSE OVERVIEW
The Graduate Diploma of Accounting provides you with the opportunity to undertake graduate studies towards membership of CPA Australia or entry into the CA Program.

The course will provide you with the skills, technical knowledge and understanding required in accounting and finance, and their application within the broader world of business.

Upon completing the Graduate Diploma of Accounting you can progress to the Master of Professional Accounting, Master of Commerce, or Master of Professional Accounting/Master of Commerce.

[*Note: The Faculty is currently waiting for confirmation from the CPA and the Institute of Chartered Accountants in Australia (ICAA) regarding accreditation of the proposed revision to the MPA.*]

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Graduate Diploma of Accounting requires students to complete eight units totalling 8 credit points.

Commerce graduates will normally be precluded from one or more of the units and will be required to undertake substitute units.

Completion of the Graduate Diploma of Accounting alone does not grant eligibility for entry as an Associate member of CPA Australia, or meet the educational requirements for entry into the CA program of the Institute of Chartered Accountants in Australia (ICAA). The appropriate selection of units provides the opportunity for further studies to be undertaken towards entry to either of the professional accounting bodies.

# MPT code denotes study tour version of the unit

Notes

1. Required by CPA Australia for Associate Membership (10 units in all; see note 3).
2. Required by the Institute of Chartered Accountants in Australia for entry to the CA Program (9 units in all).
3. For candidates who have completed an accredited degree in Australia, this unit may be taken as part of the CPA program. Other students must complete this unit before becoming an Associate Member of CPA Australia.

Students should carefully note the trimesters when units are offered to ensure that all required units can be completed in the appropriate time frame.

Completion of the Graduate Diploma of Accounting alone does not grant eligibility for entry as an Associate member of CPA Australia, or meet the educational requirements for entry into the CA program of the Institute of Chartered Accountants in Australia (ICAA). The appropriate selection of units provides the opportunity for further studies to be undertaken towards entry to either of the professional accounting bodies.

Students who wish to enter the CA or CPA programs are advised that it is their responsibility to ensure that they take the appropriate units required for entry. Students who have completed prior undergraduate or graduate units in accounting or other core knowledge areas are advised to have their qualifications assessed by their preferred professional organisation to ensure they complete the correct units.

**CREDIT FOR PRIOR LEARNING**

Credit for prior learning into the Graduate Diploma of Accounting may be granted to students who have successfully completed appropriate postgraduate studies. There are negotiated credit for prior learning arrangements in place for CPA members.
Master of Business Administration

Award granted Master of Business Administration
Campus Offered at Melbourne Burwood Campus, Off campus
Duration 1.5 years full time or part time equivalent
CRICOS course code 035037J
Deakin course code M701

COURSE OVERVIEW
Deakin’s Master of Business Administration can help you to improve your business skills, perform your current job more effectively and expand your career options. You can specialise in areas such as accounting, corporate governance, finance, financial planning, human resource management, information systems, insurance, law, marketing, retail management, risk management and supply chain management, and help advance your career through studies in a broad range of topics relating to all aspects of organisational management and the development of creative, analytical and interpersonal capabilities crucial to business leadership.

The on-campus and off-campus modes of study incorporate Deakin’s flexible learning model, using electronic conferencing, group-based project work and interaction, high quality course materials, overseas study programs and intensive residential schools.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE OVERVIEW
The Master of Commerce degree is a professional business qualification that builds on an undergraduate qualification in any discipline. This degree gives students a sound understanding of business in addition to undergraduate qualifications in other professional areas. The Master of Commerce is suitable for graduates in diverse fields (eg, Arts, Science, Nursing or Education) who wish to prepare themselves for a professional career by gaining a thorough knowledge of the key business disciplines. The range of specialisations allows students to pursue their interests and professional career development needs.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The MCom is a 12-credit-point degree. Students will be required to complete a core of 4 credit points and at least one specialisation of 4 credit points, which may include a core unit, chosen from the range of specialisations offered.

To complete the degree students may choose any units from the full range of MCom units offered. It will be possible to complete more than one specialisation. Students may also choose to exit the Master of Commerce early with either a Graduate Certificate of Commerce (consisting of any four Master of Commerce units) or a Graduate Diploma of Commerce (consisting of any eight Master of Commerce units).

Commerce graduates would normally be precluded from one or more of the core units and required to undertake substitute units from the full range of MCom units. These students are expected to specialise in an area other than their undergraduate major(s).

Offered in conjunction with Engineering Education Australia.

**COURSE OVERVIEW**
In conjunction with Engineering Education Australia (EEA), a subsidiary of Engineers Australia, Deakin has introduced the ‘engineered’ MBA. The course combines the resources of two of Deakin’s faculties: Business and Law and Science and Technology; and ongoing input from EEA.

The MBA consists of 12 credit points of study. The on-campus and off-campus modes of study incorporate Deakin’s flexible learning model, using electronic conferencing, group based project work and interaction, high quality course materials and intensive residential schools.

The MBA covers a broad range of topics relating to all aspects of organisational management and the development of the creative, analytical and interpersonal capabilities crucial to business leadership. Through intensive residential units and trimester 3 studies the MBA may be completed in 12 months of full-time study.

Notes

1 Required by CPA Australia for Associate Membership
2 Required by the Institute of Chartered Accountants in Australia for entry to the CA Program (9 units in all).
3 For candidates who have completed an accredited degree in Australia, this unit may be taken as part of the CPA program. Other students must complete the unit before becoming an Associate Member of CPA Australia. These other students must take 12 units in all so will have no electives in their MPA. Students should carefully note the trimesters when units are offered to ensure that all required units can be completed in the appropriate time frame.

Students who wish to enter the CA or CPA programs are advised that it is their responsibility to ensure that they take the appropriate units required for entry. Students who have completed prior undergraduate or graduate units in accounting or other core knowledge areas are advised to have their qualifications assessed by their preferred professional organisation to ensure they complete the correct units.

Award granted: Master of Information Systems
Campus: Offered at Melbourne Burwood Campus, Off campus
Duration: 1.5 years full-time or part-time equivalent
CRICOS course code: 052316E
Deakin course code: M722

COURSE OVERVIEW
The Master of Information Systems course has been developed in response to the rapid growth in the use of information systems and eCommerce applications by businesses and governments internationally. The course provides specialist skills in the business-oriented principles and practices of information systems and eCommerce. It focuses on the strategic use of information in a business and policy context, supported by a sound technical understanding and capability in specific areas of information systems, particularly eBusiness, supply chain management, and project management. The course is primarily aimed at IT professionals who wish to extend their expertise in information systems and eCommerce, as well as graduates from other disciplines who wish to understand the implications of eCommerce in their business. The course meets the needs of students from different backgrounds and incorporates extremely flexible methods of delivery combining the use of high quality off-campus study materials with periods of intensive face-to-face learning, as well as the option to undertake many units entirely through electronic teaching.

COURSE RULES
The program consists of 12 credit points, including 3 credit points of core units; Information Systems units amounting to 5 credit points which may be grouped to form an Information Systems specialisation; and Information Systems units or elective units amounting to 4 credit points which may be grouped to form an Information Systems or Interdisciplinary specialisation. (Students can only complete an interdisciplinary specialisation if they are also completing an Information Systems specialisation.)

The flexible structure allows students to choose a combination of units most relevant to their interests and needs, via coursework and minor thesis, coursework and business project or coursework alone. Additionally, the wide choice of electives further enhances students’ options.

Award granted Master of Contemporary Leadership
Campus Melbourne Burwood Campus, off campus
Duration 1.5 years full-time or part-time equivalent
CRICOS course code 071592E
Deakin course code M738

COURSE OVERVIEW
The Master of Contemporary Leadership is designed to create a deep understanding, at both tacit and explicit levels, of this important organisational role. The course is largely experiential and is aimed at fostering cognitive and behavioural habits which lead to appropriate actions where innovation and influence are required. Course content is underpinned with an exploration of current directions in thinking and research in this very dynamic field of research.

The course embraces a variety of approaches to teaching and learning ranging from didactic (lectures, course notes, formal assessment, etc.) to experiential (intensive residential units) and includes study and reflection on personal challenges, for example, in an outdoor ‘adventure’ program in the Audacious Leadership unit. Areas of study include sustainability management, communications, managing change, entrepreneurship and strategy.

Master of Financial Planning

Award granted  Master of Financial Planning
Campus       Offered at Melbourne Burwood Campus, Off campus
Duration     1.5 years full-time or part-time equivalent
Deakin course code  M740

COURSE OVERVIEW
Deakin’s Master of Financial Planning (MFP) is a professionally oriented course specifically designed to meet the education needs of the financial planning industry. The MFP is aimed at those aspiring to join the financial planning industry as well as those currently employed in the industry. The MFP seeks to build the financial planning abilities, skills and knowledge of the individual student. Students will be required to collect, analyse and synthesise financial planning information. Students will then use their skills to prepare financial planning solutions and to effectively communicate these solutions to the client. The MFP emphasises the professional responsibilities of the financial planner both in an ethical and in a compliance sense. The MFP is built on an extensive body of financial planning knowledge and culminates in the preparation of a comprehensive Statement of Advice for a client.

For further information about the DBA, including important advice about the application process and deadlines, please refer to http://www.deakin.edu.au/buslaw/gsb/course/dba.php

COURSE OVERVIEW
The Doctor of Business Administration is designed to provide students with an advanced understanding of key business disciplines and research methodologies relevant to business. It also aims to develop critical thinking and the ability to apply theoretical understanding and research results to business problems. It will develop advanced research skills and the ability to communicate research outcomes, improve professional practice in a range of business disciplines and provide students with the opportunity to pursue individual research projects.

RESEARCH INFORMATION
The Doctor of Business Administration is designed for experienced senior managers who wish to develop their analytical, managerial and research skills and hence their ability to operate in business. Through independent study and supervised research it will also enhance students’ ability to pursue original research and present the results of that research in an appropriate form. As a professional doctorate, the DBA in its coursework and research components is oriented towards the needs of business professionals and designed to improve professional practice in a range of business disciplines.

Students must complete four units from within one of the Bachelor of Science major sequences, including at least two units from each of levels 1 and 2.

Of the 24 credit points required for the degree, up to 10 credit points may be taken at level 1, at least 14 credit points must be taken over levels 2 and 3, and there must be at least 6 credit points at level 3 of which at least 4 must be in science course-grouped units.

Units that count towards the science course-grouped units are based on the Bachelor of Science major sequences and Professional Practice units. In summary, all units commencing with the following codes are science course-grouped: SBB, SBC, SBF, SBS, SEK, SEP, ST, SQA, SQB, SQE, SQP, STP and HPS; and the units SHD201/SHD301. Students should seek advice from their enrolment officer for specific details.
The course structure offers students the flexibility to articulate into a combined Bachelor of Science course, such as the Bachelor of Teaching (Science)/Bachelor of Science at Melbourne after the first year of the course.

The Professional Practice stream, plus the optional industry-based learning placement allows students to gain valuable work experience, giving them the opportunity to apply and consolidate knowledge gained in their course, experience workplace culture and workplace practices, explore career options and develop a professional network.

The various science majors may also be taken as part of any other course allowing 8 credit points of elective units.

DETAILS OF MAJOR SEQUENCES

**Biology (B, G) – unit set code MJ-S000008**

There are a broad range of biology units available, which allow students to focus on one or more of the following areas: animal/plant biology, physiology/cell biology, or biochemistry/molecular biology.

**Level 1**
- SLE111 Cells and Genes (B, G)
- SLE132 Biology: Form and Function (B, G)
- SLE010 Laboratory and Fieldwork Safety Induction Program (B, G, W)

**Level 2**
Minimum of two units from:
- SBB2-coded units
- SQB2-coded units*

**Level 3**
Minimum of two units from:
- SBB3-coded units
- SQB3-coded units*
- SLE311 Chemical Hazards (ONLINE)
- SLE312 Toxicology (ONLINE)
- SLE314 Research Project (B, G, W)

* Students may complete a maximum of two SQB units as part of the 8 credit point Biology major sequence.

Students are required to complete a minimum total of six units from levels 2 and 3 within the major which may include a maximum of 2 SQB units at levels 2 and 3. Prerequisites apply.
**Biological Chemistry (B) – unit set code MJ-SU00012**

The Biological Chemistry major provides the fundamental language of chemistry and chemistry arithmetic essential for students wishing to understand the more chemically oriented facets of modern biology.

**Level 1**
- SLE131 Principles of Chemistry (B, G)
- SLE152 Chemistry of Life (B, G)
- SLE010 Laboratory and Fieldwork Safety Induction Program (B, G, W)

**Level 2**
- SLE212 Biochemistry (B, G)
- SLE222 Biochemical Metabolism (B, G)

One of:
- SLE214 Organic Chemistry (B, G)
- SBC232 Chemical Systems *

One of:
- SLE213 Introduction to Spectroscopic Principles (B, G)
- SBC231 Analysis of Biological Materials ^

**Level 3**
- SLE311 Chemical Hazards (ONLINE)
- SLE312 Toxicology (ONLINE)

* Not offered in 2011
^ Not offered in 2010 and 2011

**Biotechnology (G) – unit set code MJ-S000026**

The Biotechnology major is designed such that students will learn how to apply aspects of modern genetics and microbiology to areas of increased importance such as the production of medicine, foods and feed stocks, chemicals, diagnosis of disease and the management of wastes.

**Level 1**
- SLE152 Chemistry of Life (B, G)
- SLE010 Laboratory and Fieldwork Safety Induction Program (B, G, W)

**Level 2**
- SEV216 Bio-Processing *
- SLE212 Biochemistry (B, G)
- SLE254 Genetics of Populations (B, G, W)
- SLE234 Microbiology (B, G)

**Level 3**
- SLE321 Molecular Biology Techniques (B, G)
- SLE333 Plant Biotechnology (G)
- SLE335 Industrial Applications of Science (G)

* Not offered in 2011
**Chemistry (G) – unit set code MJ-S000009**

The Chemistry major introduces students to the four major sub-disciplines of chemistry; analytical, inorganic, organic and physical chemistry. Students should note that the following major sequence does not qualify students for professional registration with the Royal Australian Chemical Institute (RACI).

**Level 1**
- SLE131 Principles of Chemistry (B, G)
- SLE152 Chemistry of Life (B, G)
- SLE010 Laboratory and Fieldwork Safety Induction Program (B, G, W)

**Level 2**
Choose two or more units from the following: prerequisites apply:
- SLE212 Biochemistry (B, G)
- SLE222 Biochemical Metabolism (B, G)
- SLE213 Introduction to Spectroscopic Principles (B, G)
- SLE214 Organic Chemistry (B, G)
- SLE229 Introduction to Separation Science (G)

**Level 3**
Choose two or more units from the following: prerequisites apply:
- SLE311 Chemical Hazards (ONLINE)
- SLE312 Toxicology (ONLINE)
- SLE316 Analytical Chemistry (G)
- SLE318 Synthetic and Medicinal Chemistry (G)

*Note: A minimum of six of the above units must be chosen from levels 2 and 3 within the major.*

**Earth Science (B) – unit set code MJ-S000010**

The Earth Science major involves an integrated study of our planet and its environments, both past and present; an understanding of the interacting natural systems that operate on and within our planet; and an examination of the evolution of our planet over the immense perspective of time.

**Level 1**
- SLE136 History of Life (B)
- SLE102 The Physical Environment (B, G, W)

**Level 2**
- SLE231 Hydrology and Water Resources Management (B, W)
- SLE237 Biogeography (B)
- SLE239 Introduction to Geographic Information Systems (B)

**Level 3**
- SLE395 Palaeobiology
- SLE305 Catchment and Coastal Management (B)
- SLE342 Risks to Healthy Environments (B)

**Environmental Science (B) – unit set code MJ-S000011**

There are a broad range of Ecology and Environmental Science units available, including areas such as plant and animal conservation, environmental assessment and monitoring, property management planning, natural resource management and land rehabilitation, marine and freshwater biology, integrated pest management, environmental economics, fisheries management and aquaculture. Note that many of the units/areas of study are campus specific.
Level 1
Any two level 1 SQA/SQB/SQE-coded units

Level 2
Any two level 2 SQA/SQB/SQE-coded units

Level 3
Any two level 3 SQA/SQB/SQE-coded units
Plus an additional two level 2 or level 3 SQA/SQB/SQE coded units.

Note: Prerequisites apply.

**Forensic Biology (G) – unit set code MJ-S000024**
The Forensic Biology major incorporates an integrated study of biology with laboratory techniques, which are of relevance to forensic investigators.

**Level 1**
- SLE112 Fundamentals of Forensic Science (G)
- SLE132 Biology: Form and Function (B, G)
- SLE010 Laboratory and Fieldwork Safety Induction Program (B, G, W)

**Level 2**
- SLE211 Principles of Physiology (B, G)
- SLE221 Anatomy and Physiology (B, G)
- SLE254 Genetics of Populations (B, G, W)
- SLE208 Forensic Biology (G)

**Level 3**
- SLE321 Molecular Biology Techniques (B, G)
- SLE312 Toxicology (ONLINE)

Note: prerequisites apply.

**Information Technology (B, G, X) – unit set code MJ-S000029**
The Information Technology major allows students to gain a thorough grounding in the basic skills of computing, such as computer programming and software engineering. At the same time the program provides theoretical understanding and experience necessary to enable graduates to keep abreast of the rapidly changing field.

**Level 1**
- SIT101 Fundamentals of Information Technology (B, G, X)
- SIT103 Introduction to Database Design (B, G, X)

**Level 2**
- MSC228 Information Systems Analysis and Design (B, G, X)
- SIT202 Computer Networks (B, G, X)

plus any level 2 SIT-coded unit

**Level 3**
- SIT301 IT Practice (ONLINE)
- SIT302 Project (B, G, X)

plus any level 3 SIT-coded unit
**Mathematical Modelling (B, G*, X) – unit set code MJ-S000007**

The Mathematical Modelling major study may be included in any undergraduate degree which allows 8 credit points to be undertaken outside of the specified degree. A Mathematical Modelling major can be studied independently in the Bachelor of Arts or Bachelor of Science.

**Level 1**
- SIT192 Discrete Mathematics (B, G, X)
- SIT194 Introduction to Mathematical Modelling (B, G, X)

**Level 2**
- SIT281 Cryptography (B, G, X)
- SIT291 Mathematical Methods for Information Modelling (B, X)
- SIT292 Linear Algebra and Applications to Data Communications (B, X)

**Level 3**
- SIT302 Project (B, G, X)
- SIT392 Public-Key Cryptography (B, G, X)
- SIT399 Advanced Topics in Mathematics (B, X)

* Note: Students at Geelong Waurn Ponds Campus will need to take some units in off-campus mode.

**Multimedia Technology (B) – unit set code MJ-S000048**

Multimedia technology is a growing area of technology that deals with designing, authoring, communicating and using multimedia information.

**Level 1**
- SIT161 Principles of Interactive Media (B)
- SIT162 Interactive Media Systems (B, X)

**Level 2**
- SIT253 Audio and Visual Game Elements (B, G, X)
- SIT263 Interface Design (B, X)

**Level 3**
- SIT361 Multimedia Systems and Technology (B)
- SIT362 Advances in Interactive Media (B)
- SIT363 Authoring of Interactive Media (B)
- SIT364 Multimedia Delivery Systems (B)

**Nanotechnology (G) – unit set code MJ-S000027**

Nanotechnology is an emerging science that involves manipulating molecules like tiny ‘building blocks’ to develop new materials. The science will change the way we live, having an enormous impact on medicine, health, electronics, new materials and the environment. Students gain a fundamental understanding of materials science, chemistry and biology in the context of nanoscale applications. The focus is on problem-solving and manipulating molecules to help design new products.

**Level 1**
- SEK101 Introduction to Nanotechnology
- SEM111 Engineering Materials (G, X)
- SLE010 Laboratory and Fieldwork Safety Induction Program (B, G, W)

**Level 2**
- SEK211 Nanomaterials
- SEK212 Nanometrology
- SEK203 Nanoelectronics (G)
Level 3
SEK301 Nanotechnology and the Environment (G)
SEK302 Nanomedicine (G)
SEK320 Nanobiotechnology (G)

Psychology (B, G) – unit set code MJ-SH00008
Students enrolled in the Bachelor of Science degree may undertake an 8 credit-point major sequence in psychology offered by the Faculty of Health. For details of the Psychology major sequence, please refer to H300 Bachelor of Health Sciences.

Zoology (G) – unit set code MJ-S000025
Students taking this major will study the biology of animals from a number of aspects ranging from an understanding of how animals work, their evolution and their relationship with the environment.

Level 1
SLE111 Cells and Genes (B, G)
SLE132 Biology: Form and Function (B, G)
SLE010 Laboratory and Fieldwork Safety Induction Program (B, G, W)

Level 2
SLE204 Animal Biology (B, G)
SLE254 Genetics of Populations (B, G, W)
SLE263 Human Impacts On Marine Ecosystems (B, G, W)

Level 3
SLE315 Comparative Animal Physiology (W, ONLINE)
SLE397 Sensory Neurobiology and Behaviour (B, G)
SLE370 Evolution (B, X)

COURSE OVERVIEW

Deakin's Bachelor of Science allows you to start with a broad program then specialise as you progress through the course, developing your interests and career aspirations.

The course is available as a single degree course or as a combined degree course with Arts, Commerce, Engineering, Law and Teaching (Science). Approved major sequences within the Bachelor of Science include Biology, Biological Chemistry, Chemistry, Environmental Science, Mathematical Modelling and Zoology. See below for which major sequences are offered at which campus.

As part of the course you are required to complete a Laboratory Safety and Fieldwork Induction Program, as well as Professional Practice/Science Skills units. The Professional Practice stream, plus an optional Industry-Based Learning placement will allow you to gain valuable work experience, giving you the opportunity to apply and consolidate knowledge gained in your course, experience workplace culture and workplace practices, explore career options and develop a professional network.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

- A total of 24 credit points (cp) of which at least 16 must be selected from science course grouped units (which includes all core and optional core units, all units within the approved science majors)
- 7 core science units
- At least one 8 cp approved Science major sequence
- Laboratory and Fieldwork Safety Induction Program-SLE010 (zero cp)
- At least one wholly online unit
- No more than 10 cp at level 1
- At least 6 cp at level 3 (at least 4 must be Science course grouped)
- Up to 8 cp of electives may be selected from units offered by any area of the University

COURSE OVERVIEW
The Bachelor of Biological Science aims to produce high-quality graduates with generic skills, theoretical knowledge and relevant, wide-ranging practical experience in both the laboratory and the field, to gain employment either in the biological field, a related science field or to succeed in further study.

This recently revised course provides the opportunity to study and conduct research projects in evolutionary biology, cell and molecular biology, genetics, physiology or ecology to gain real-life experience in your profession. A series of professional practice units will introduce you to a career in biology, while a work placement gives you an insight into laboratory science, field science or an approved alternative. You will also have the opportunity to apply for an Industry Based Learning placement which will allow you to apply and consolidate knowledge gained in your course, experience workplace culture and workplaces practices, explore career options and develop a professional network.

This course has a first year of foundation units followed by a second year focusing on biodiversity and organism biology. Using electives from second and third year, you are able to pursue a particular interest in biology either by selecting one of the planned majors, or by tailoring your degree with elective units which you may choose from a range of second and third-year biology units or units from any other faculty within the University.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises a total of 24 credit points, which must include the following:

- 15 core units
- 9 elective units
- Completion of SLE010 Laboratory and Fieldwork Safety Induction Program (0 credit-point compulsory unit)
- level 1 – up to 10 credit points
- levels 2 and 3 – at least 14 credit points over both levels
- level 3 – at least 6 credit points
- Completion of at least one wholly online unit

COURSE OVERVIEW

Deakin’s Bachelor of Biomedical Science concerns the molecular and cellular basis of normal human biology and disease processes. The course is a vibrant, relevant and topical program and is delivered through a partnership between the Faculty of Science and Technology and the Faculty of Health. This multidisciplinary approach enables you to learn about your chosen fields of study from both scientific and health perspectives.

The course comprises core areas of study in a broad range of topics including Cells and Genes, Biochemistry, Anatomy and Physiology, Biochemical Metabolism, Molecular Basis of Disease and Medical Microbiology and Immunology.

You will also complete a professional practice unit involving an experiential learning component and have the option to apply for an Industry Based Learning placement which will allow you to apply and consolidate knowledge gained in your course, experience workplace culture and workplaces practices, explore career options and develop a professional network.

COURSE RULES

The course comprises a total of 24 credit points, which must include the following:

- 13 core units including a professional practice unit
- Completion of SLE010 Laboratory and Fieldwork Safety Induction Program (0 credit-point compulsory unit)
- No more than 10 credit points at level 1
- At least 14 credits points at levels 2 and 3
- At least 6 credit points at level 3
- Completion of at least one wholly online unit

Students can use their elective units to specialise in any areas of interest, such as Health Science; Nutrition and Exercise Science; Cell and Molecular Biology; or Biotechnology; or can undertake up to 8 credit points of general studies.

COURSE OVERVIEW
Deakin’s Bachelor of Forensic Science aims to provide formal training in the skills and techniques essential to modern forensic science, including the examination and presentation of scientific evidence to solve crimes.

The course combines studies in biology, chemistry, biochemical and chemical analysis, statistical analysis and molecular biology. You will also undertake studies in criminology, including the examination and interpretation of evidence and courtroom skills. Access to the very latest technology and facilities such as a full suite of forensic instrumentation for learning and research is unique to the Deakin forensic science course.

The course has extensive industry links with local and Australian forensic organisations, and features guest lecturers and site visits in collaboration with leading forensic organisations.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises a total of 24 credit points, which must include the following:

- 12 core units
- Completion of SLE010 Laboratory and Fieldwork Safety Induction Program (0 credit-point compulsory unit)
- no more than 10 credit points at level 1
- at least 6 credit points at level 3 (at least 4 must be Science course grouped)
- Completion of at least one wholly online unit
- Completion of a major sequence in either: Forensic Chemistry or Forensic Biology

Students may use up to eight of their remaining electives on units offered outside the Faculty such as units in Criminology, for example.

Deakin course code: S325

COURSE OVERVIEW
The Bachelor of Information Technology (Honours) has been designed for high achieving students with an interest in continuing on to a research degree in IT after completing their undergraduate studies. Successful completion of the Bachelor of Information Technology (Honours) will enable you to apply to undertake a PhD in the field. You will be required to maintain a 70% average to progress to the honours year, otherwise may exit with a Bachelor of Information Technology degree.

The course offers the option to either choose an honours project that is a continuation of your third year capstone project, or do a research project to prepare for postgraduate research, potentially leading to a career in research.

All participants in the course will be assigned an academic mentor in IT for the duration of your study to guide, enrich and extend your student experience. The course also provides the opportunity to attend research seminars to broaden your knowledge in IT and experience at first-hand the cutting edge IT research happening at Deakin and in the wider research community.

The advanced coursework and research skills gained during the course are attributes highly valued by organisations seeking to employ graduates in consultancy, management, research and academia.

All Bachelor of Information Technology courses at Deakin open the door to a wide range of career opportunities in IT related fields. Students taking the Bachelor of Information Technology (Honours) can gain broad expertise in the field or develop specialised skills by undertaking a major sequence in a specified area of IT.

EQUIPMENT REQUIREMENTS
Students must have access to a suitable computer and a network connection. Information about the hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/it, or by telephone on 03 5227 2536.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES
The course comprises a total of 32 credit points, which must include the following:

- minimum of 16 IT Course Grouped Units
- completion of SIT010 Safety Induction Program (0 credit-point compulsory unit)
- at least one 6 credit point IT Major Sequence
- 8 electives (which may be used to complete a second major study)
- level 1 – maximum of 10 credit points
- levels 2 and 3 – minimum of 14 credit points over both levels
- level 3 – minimum of 6 credit points of which at least 4 must be a SIT/course-grouped units
- Completion of at least one wholly online unit

PLUS

- 8 credit points consisting of Honours (research) units

Students will be required to maintain a 70% average to remain in the course – those who fail to meet this academic hurdle will be transferred to the generic Bachelor of Information Technology degree.

MAJOR SEQUENCES
Students must complete at least one 6-credit point major from the following areas:

- Computer Science (B, G, X)
- Game Development (B, G, X)
- Interactive Media Design (B)
- Networking (B, G)
- Security (B, G, X)

**COURSE OVERVIEW**

The Bachelor of Information Technology is available as a single degree in the School of Information Technology, and as a combined degree with Engineering and also Business Information Systems.

This course provides a thorough grounding in the basic skills of computing, such as computer programming and software engineering. At the same time the program provides the theoretical understanding and experience necessary to enable graduates to keep abreast of this rapidly changing field. Graduates not only develop a thorough knowledge of the discipline, its theoretical underpinnings and its technical skills, but also develop a body of experience, build useful systems and lead project teams. Through the study of a core set of information technology units common to all Bachelor of Information Technology degrees at Deakin University and the selection of a variety of elective studies (both IT course-grouped and units from other disciplines) students can tailor their studies to their own interests and specific career aspirations. On completion of the Bachelor of Information Technology, graduates will be able to work in a wide range of jobs, including object-oriented and procedural programmer, database and web designer and manager, network manager, component integrator, project manager, consultant, system analyst, multimedia designer, games developer and web programmer.

**EQUIPMENT REQUIREMENTS**

Students must have access to a suitable computer and a network connection. Information about the hardware and software requirements may be obtained from the School Information Technology's website www.deakin.edu.au/scitech/it, or by telephone on 03 9244 6699.

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

To be awarded the Bachelor of Information Technology, a student must pass 24 credit points including eight prescribed IT core units plus an additional eight IT course-grouped units. The remaining eight credit points may be selected from units offered by any area of the University.

Students should note that they must also comply with the following rules:

- level 1 – up to 10 credit points
- levels 2 and 3 – at least 14 credit points over both levels
- level 3 – at least 6 credit points of which at least 4 must be in course-grouped units (ie SIT-coded units).

All students are required to complete at least one wholly online unit.
The Bachelor of Information Technology is also offered in the following specialist areas, of which students can choose to undertake a major sequence: computer science and software development, games design and development, IT security and multimedia technology.

**MAJOR SEQUENCES**

Students may choose to use their electives to major in one of the following areas:

**COURSE OVERVIEW**

Deakin’s Bachelor of Information Technology (Computer Science and Software Development) will provide you with an understanding of the technology on which systems are built, as well as how to develop software systems and applications, and form an environment to acquire skills needed for software development.

The course supports students who wish to master software development and will prepare you for both research and development by providing you with a background of software understanding, software design, programming languages, data structures and databases, operating systems, networks, distributed systems and software engineering.

The course is structured so that the intellectual material will remain current for a number of years despite the fact that computer languages and technology change rapidly.

You will learn to develop, implement and maintain information systems, databases and computer networks of considerable size and complexity in commercial, industrial or administrative environments.

**EQUIPMENT REQUIREMENTS**

Students must have access to a suitable computer and a network connection. Information about the hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/scitech/it, or by telephone on 03 9244 6699.

Bachelor of Information Technology (Computer Science and Software Development)

Award granted: Bachelor of Information Technology (Computer Science and Software Development)
Campus: Offered at Melbourne Burwood Campus, Off campus
Duration: 3 years full-time or part-time equivalent
CRICOS course code: 049956K
Deakin course code: S327

COURSE OVERVIEW
Deakin’s Bachelor of Information Technology (Computer Science and Software Development) will provide you with an understanding of the technologies required to build a variety of software systems and applications. It will also provide graduates with the necessary foundations to acquire new skills needed for developing future software systems as technologies progress.

The course supports students who wish to work in a wide variety of IT related positions in the industry as well as in the research sector in government and educational institutions. The course will equip students with core computer science skills such as software theories, software design, programming languages, data structures, databases, operating systems, networks, distributed systems and software engineering.

A key feature of this course is the way in which the materials are structured to remain current despite the changes and progress in the technology so that student will find what they learnt relevant for years to come. Also the course promotes the development of portfolios of work, where it will help secure a promising career with a potential pathway to move into higher level technical positions and IT management positions.

EQUIPMENT REQUIREMENTS
Students must have access to a suitable computer and a network connection. Information about the hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/scitech/it, or by telephone 03 9244 6699.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search.

Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises a total of 24 credit points, which must include the following:

- 16 core units
- 8 elective units
- Completion of SIT010 Safety Induction Program (0 credit-point compulsory unit)
- level 1 – maximum of 10 credit points
- levels 2 and 3 – minimum of 14 credit points over both levels
- level 3 – minimum of 6 credit points of which at least 4 must be SIT Course Grouped units
- Completion of at least one wholly online unit

COURSE OVERVIEW
The Bachelor of Information Technology (Professional Practice) is designed to recognise, reward and nurture high achieving students. The course enables students to experience full-time work in the IT industry as part of their degree.

Students enrolled in the Bachelor of Information Technology (Professional Practice) are required to include between 6 and 12 months of Industry-Based Learning (IBL) which is credited as part of the degree.

Depending on the length of the IBL placements undertaken, the course can be completed in a minimum of three years, or for students taking the option to complete a longer industry placement, the course can be completed in four years.

Courses offering work experience in industry are highly sought after by employers and students alike, as they play a critical role in the development of employability skills and job readiness of graduates. IBL will give you the opportunity to experience first-hand the day-to-day work environment as an IT professional, learn about the wide range of career outcomes available to IT graduates and apply what you learnt in the classroom to an actual working environment, making you job-ready when you graduate. Further opportunities for professional development, in the form of practical workshops and networking events, will be offered to you throughout the course to maximise your career outcomes.

You will be required to maintain a 70% average to remain in the course, otherwise may exit with a Bachelor of Information Technology degree. You will be assigned an academic mentor from the School of Information Technology for the duration of the course to enrich and extend the student experience.

EQUIPMENT REQUIREMENTS
Students must have access to a suitable computer and a network connection. Information about the hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/scitech/it, or by telephone on 03 9244 6699.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
**COURSE RULES**

The course comprises a total of 24 credit points, which must include the following:

- 8 core IT units
- minimum of 16 SIT Course Grouped Units
- completion of SIT010 Safety Induction Program (0 credit-point compulsory unit)
- at least one 6 credit point IT Major Sequence
- 10 electives (which may be used to complete a second major study)
- level 1 – maximum of 10 credit points
- levels 2 and 3 – minimum of 14 credit points over both levels
- level 3 – minimum of 6 credit points of which at least 4 must be SIT units
- Completion of at least one wholly online unit

PLUS a minimum of 2 credit points (6 months) and a maximum of 4 credit points (12 months) in IBL or Internship Units

- IBL units – STP201, STP202, STP301, STP302 (pre-requisites apply)
- Internship units – STP251, STP351

Students will be required to maintain a 70% average to remain in the course – those who fail to meet this academic hurdle will be transferred to the generic Bachelor of Information Technology degree.

**MAJOR SEQUENCES**

Students must complete at least one 6-credit point major from the following areas:

- Computer Science (B, G, X)
- Game Development (B, G, X)

Bachelor of Information Technology (Multimedia Technology)

Award granted Bachelor of Information Technology (Multimedia Technology)
Duration 3 years full-time or part-time equivalent
CRICOS course code 049958G
Deakin course code S331

Note: Offered to continuing students only (Those that commenced prior to 2009). Continuing students should contact their course advisor for further information.

COURSE OVERVIEW

Deakin’s Bachelor of Information Technology (Multimedia Technology) will enable you to develop, implement and maintain information systems, databases and computer networks of considerable size and complexity in commercial, industrial or administrative environments.

The course will introduce you to fundamental principles, together with tools and techniques needed to design multimedia information and deploy multimedia systems. The course emphasises state-of-the-art standards and engages in significant hands-on experience with leading multimedia authoring packages. You may also take an elective stream in the area of Media Arts, through the School of Communication and Creative Arts. The course has been devised to provide a creative complement to the information technology-focused units in this course.

EQUIPMENT REQUIREMENTS

Students must have access to a suitable computer and a network connection. Information about the hardware and software requirements may be obtained from the School Information Technology’s website www.deakin.edu.au/scitech/it, or by telephone on 03 9244 6699.

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

To be awarded a Bachelor of Information Technology (Multimedia Technology), a student must pass 24 credit points, which must include eight core units plus the eight stream core units. The remaining eight credit points may be selected from units offered by any area of the University.

Students should note that they must also comply with the following rules:

- level 1 – up to 10 credit points
- levels 2 and 3 – at least 14 credit points over both levels
- level 3 – at least 6 credit points of which at least 4 must be in course-grouped units (ie SIT-coded units).

All students are required to complete at least one wholly online unit.

**COURSE OVERVIEW**

Deakin’s Bachelor of Information Technology (IT Security) will provide you with a sound knowledge and understanding of general issues, concepts and practices in IT, particularly in the area of IT security.

You will learn in a leading-edge study environment, and graduate as a qualified IT professional who is eminently employable. You will gain practical and theoretical knowledge in this critical aspect of IT with an emphasis on understanding and assessing the need for IT security in a working environment, knowledge of the security solutions available – what they are and how they work – and understanding the business, ethical and legal implications of risk management. There is also an emphasis on analysis, investigation, problem-solving, development and technical skills related to IT security.

You will also be encouraged to develop generic skills, enabling you to be an effective and efficient employee.

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

The course comprises a total of 24 credit points, which must include the following:

• 16 core units
• 8 elective units
• Completion of SIT010 Safety Induction Program (0 credit-point compulsory unit)
• level 1 – maximum of 10 credit points
• levels 2 and 3 – minimum of 14 credit points over both levels
• level 3 – minimum of 6 credit points of which at least 4 must be SIT Course Grouped units
• Completion of at least one wholly online unit

Duration: 3 years full-time or part-time equivalent
CRICOS course code: 
Deakin course code: S339

Note: Offered to continuing students only. Continuing students should contact their course advisor for further information.

COURSE OVERVIEW
The Bachelor of Information Technology (Web and Mobile Technologies) has been developed in recognition of the need for a stronger emphasis on the distributed nature of information technology; new programming methodologies and paradigms; the need for providing information for all users; and the development of internet and mobile technologies. This course offers a modern and learning-oriented program in information technology, with a particular focus on the selected area of web and mobile technologies, particularly those associated with distributed systems and applications; computer networks; web applications and web services development; building mobile applications; IT, in particular web and mobile use in organisations and computer security.

EQUIPMENT REQUIREMENTS
Students must have access to a suitable computer and a network connection. Information about the hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/scitech/it, or by telephone 03 9244 6699.

- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded a Bachelor of Information Technology (Web and Mobile Technologies), a student must pass 24 credit points, which must include eight core units plus the eight stream core units. The remaining 8 credit points may be selected from units offered by any area of the University. Students should note that they must also comply with the following rules:

- level 1 – up to 10 credit points
- levels 2 and 3 – at least 14 credit points over both levels
- level 3 – at least 6 credit points of which at least 4 must be in course-grouped units (SIT-coded units)
- All students must complete at least one wholly online unit.

Duration: 3 years full-time or part-time equivalent
CRICOS course code: 001835D
Deakin course code: S342

COURSE OVERVIEW
The Bachelor of Design (Architecture) comprises cutting edge content from the latest research and is designed with a global perspective. The course places emphasis on real application, allowing you to study architecture from day one.

You will explore architectural ideas, history, philosophy, design and communication as well as building science and technology. The course is designed to meet the needs of students who ultimately intend to complete the Master of Architecture and practise architecture, but alternative units may be taken if you wish to pursue a different career direction.

Some of the units you will study include Graphic and Coded Communication, Building Materials Science, Architecture Design, Computer Aided Modelling and Construction and Structures.

PROFESSIONAL RECOGNITION
This program is accredited (within Australia) by the Australian Institute of Architects, the Architects Registration Board of Victoria and the Architects Accreditation Council of Australia, when followed by successful completion of the Master of Architecture, S700.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

COURSE OVERVIEW
The Bachelor of Architecture course is designed to lead to professional recognition by the Royal Australian Institute of Architects and the Architects Registration Board of Victoria, and can be entered upon successful completion of the Bachelor of Arts (Architecture). Selection into the Bachelor of Architecture course is based on academic performance in the core architecture units in the Bachelor of Arts (Architecture).

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To satisfy the requirements for the Bachelor of Architecture degree, a student must complete units amounting to at least 16 credit points, of which at least 8 must be at level four and 4 at level five. All core units must be completed. Core units include studies in architectural design, synthesis and communication, building science, environmental technology and architectural practice, management and administration.

All students are required to complete at least one wholly online unit.

Bachelor of Construction Management

Award granted: Bachelor of Construction Management
Campus: Offered at Geelong Waterfront Campus
Duration: 4 years full-time or part-time equivalent
CRICOS course code: 001837B
Deakin course code: S346

COURSE OVERVIEW
Deakin’s Bachelor of Construction Management consists of four years of academic study and meets the requirements for professional recognition by the building profession.

The course is offered to students wishing to gain employment in management positions in the construction and allied industries in Australia and overseas. You will be provided with an excellent mix of hands-on practice and theory and integrated studies in technology and building management, including building economics and law, project management, building technology, measurement and estimation, quantity surveying, building surveying and building practice. The course develops progressively from the elementary concepts underlying planning and management of building production and technical studies through to the complexities and interrelationships of modern construction practices.

PROFESSIONAL RECOGNITION
Graduates of this course will qualify for membership of the Australian Institute of Building (AIB), the Chartered Institute of Building (CIOB), the Australian Institute of Quantity Surveyors (AIQS) and the Royal Institution of Chartered Surveyors (RICS).

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises a total of 32 credit points, which must include the following:

- 28 core units
- Completion of SRA010 Safety Induction Program (0-credit-point compulsory unit)
- Level 3 units – at least 6 credit points
- Level 1 units – no more than 10 credit points
- At least one wholly online unit

Students will be required to complete 80 days of industry-based experience to meet Australian Institute of Building professional requirements. The work experience units replace elective units. Placements are found by students. These units are not core requirements.

The Bachelor of Construction Management may be taken as an accelerated program by taking selected units in trimester 3 thus completing the course in three years.

The Bachelor of Construction Management may be awarded at pass or honours level. Normally an overall level of academic performance at 60% or greater is required to be eligible for honours.

COURSE OVERVIEW

Deakin’s Bachelor of Engineering places great emphasis on the practical application of engineering and scientific principles to produce rounded industry-ready engineers, immediately employable and capable of adapting to an ever changing future. This course is designed to maximise your employment prospects, meeting both your needs and those of the engineering profession. As a graduate of the Bachelor of Engineering you will become a life-long learner capable of building your career upon a solid foundation of knowledge.

You will learn generic skills including: comprehension and communication; technical report writing and presentation; project management; entrepreneurship; innovation and leadership; understanding of the ethical basis of the engineering profession and practice; developing an understanding of contemporary technical and professional issues in the practice of engineering; and an understanding of complex problems and producing innovative solutions beneficial to their organisation and society.

You will also learn specific skills such as; a sound, fundamental understanding of the scientific principles underlying technology; understanding the basic principles underlying the management of physical, human and financial resources; acquiring the mathematical and computational skills necessary for the solution of theoretical and practical problems and for meeting future changes in technology; and an understanding of the social, cultural, global and environmental responsibilities of the professional engineer.

You will undertake common subjects in your first year before you choose to specialise in Civil, Mechanical or Mechatronics and Robotics. This format allows you to make a more informed decision and gain a broad base of knowledge in engineering.

The Engineering Scholars Program enables high-achieving students to study Civil, Mechanical or Mechatronics and Robotics sequences with extra opportunities for paid industry internships or research placements and access to an assigned mentor that are not available in other engineering courses. Click here for more information on the Engineering Scholars Program (S368).

ARTICULATION AND CREDIT TRANSFER

Flexible entry and exit points allow students to upgrade their qualifications and to obtain credit for previous studies/experience. Applicants with appropriate TAFE qualifications or other approved post-secondary studies may apply for credit for prior learning. Credit may be considered for skills obtained in the workforce or by informal means.

ATTENDANCE REQUIREMENTS

The accrediting body, Engineers Australia, has specified that a minimum on-campus attendance requirement for off-campus students be set at one campus session of two weeks duration for each year of equivalent full-time study. Students will complete this requirement by undertaking the following sequence of units (see unit descriptions for SEB121, SEB322, SEB323 and SEJ442 below).

These units include a two-week program which includes presentations by industry professionals, site visits and teamwork activities as well as the opportunity to complete unit practical work requirements.
COLLABORATIVE PROGRAMS

KDU College

The University has established an alliance with KDU College Malaysia to offer the Bachelor of Engineering to students located in Penang. Information about this program can be obtained from the Faculty of Science and Technology, telephone 03 5227 2134 or email KDU College www.kdupg.edu.my

COMBINED DEGREES

The Bachelor of Engineering is also available as a combined degree with commerce, information technology and science.

EQUIPMENT REQUIREMENTS

Off-campus students must have access to the Internet, a personal computer, modem and printer to provide, via the telephone network, communication with Deakin University’s on-campus computers. Information about the hardware and software requirements may be obtained from the School of Engineering, telephone 03 9244 6699.

PASS AND HONOURS DEGREES

The Bachelor of Engineering may be awarded at pass or honours level.

To be awarded the Bachelor of Engineering with honours:

• students shall normally complete a course of study satisfying the requirements of the degree of Bachelor of Engineering, including an approved major project with a written report assessed by an internal panel; and
• have been awarded a weighted average mark exceeding a minimum value determined by the Faculty Board.

The weighted average mark will be used to determine the grade of honours to be awarded.

WORK EXPERIENCE

Before students will be deemed eligible to graduate they must obtain an aggregate of at least 12 weeks of suitable practical experience during their program. Work experience would normally be gained during the vacation periods. Further details are contained in the unit description for SEP490 Engineering Work Experience. This course rule will apply to students entering the program from 2005. However, all students are encouraged to meet this requirement.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES
The course comprises a total of 32 credit points, which must include the following:

- 28 core units and 4 elective units (this includes 2 highly recommended 4th year units SET401 and SET402 Advanced Topics 1 and 2)
- general electives can be taken outside the Faculty of Science and Technology
- completion of SEE010 Safety Induction Program (0 credit-point compulsory unit)
- a maximum of 10 credit points at Level 1
- completion of SEP490 – 12 Week Engineering Work Experience (0 credit points)
- on-campus requirement for professional practice component – off-campus students MUST attend for approximately a two week period in the subjects: SEB121, SEB323, and both on and off campus students MUST attend SEB322 and SEJ442 (combined)
- completion of at least one wholly online unit

Civil Engineering degree gives you the building blocks to design, construct and maintain our community. Learn to plan and build the infrastructure systems that are necessary for our day-to-day life. Civil Engineers are responsible for the design, construction and project management of roads, airports and railways; water supply and sewerage systems; water resources management; and buildings and other infrastructures. This course covers the broad range of civil engineering disciplines including engineering materials, structural engineering, water engineering, geotechnical engineering and transport engineering. Graduates can expect to gain employment in a wide range of organisations such as construction companies, water authorities, local government bodies, public works departments and as consulting engineers.

Mechaotronics and Robotics – unit set code MJ-S000040
Mechatronics and robotics is combined in one degree at Deakin, providing a broader based course and offering wider career choices. The course combines electronics, mechanical and robotics engineering, with mechanical and robotics featuring more strongly than in other programs. It offers studies in autonomous systems, robotic system design and industrial communication design. The course is tailored to industry needs and has close links through strong research programs, cutting-edge technology and facilities, and project-based learning. Students can access state-of-the-art robotics systems and program industrial robots, and through their final-level projects, gain an introduction to the emerging haptics research area. Graduates can be employed as electronic control systems engineers or robotics engineers, and work in areas including factory control, automation, and control system design.

Product development and innovation are the key drivers for Australian industry. To meet this need, Deakin’s mechanical engineering degree brings together leading computer-aided engineering technologies and advanced materials to provide one of the most relevant mechanical engineering degrees in Australia. The automotive industry, in particular, has been involved in the design of the degree, and graduates can look forward to a high level of employment in this industry and supplier companies, as well as other leading manufacturing and design companies. The degree draws heavily on Deakin’s world-class research teams in automotive engineering and advanced materials, with a practical hands-on approach that includes an opportunity to work on the Formula Society of Automotive Engineering (FSAE) race car, designed and built by our degree students. Along the way, students will develop project management, communication and financial management skills, as well as a solid understanding of product and process modelling and designing for sustainability.

Deakin course code: S368

COURSE OVERVIEW

The specific Bachelor of Engineering (Engineering Scholars Program) is available to students who have achieved an ATAR score of 80.00 (or equivalent), and is designed to extend high-achieving students by providing them with opportunities to work with Deakin’s leading researchers and industry partners on cutting-edge projects. Students will be assigned a mentor and be given opportunities for vacation work in the Geelong Technology Precinct, and industry placements.

Deakin’s Bachelor of Engineering places great emphasis on the practical application of engineering and scientific principles to produce rounded industry-ready engineers, immediately employable and capable of adapting to an ever changing future. This course is designed to maximise your employment prospects, meeting both your needs and those of the engineering profession. As a graduate of the Bachelor of Engineering you will become a life-long learner capable of building your career upon a solid foundation of knowledge.

You will learn generic skills including: comprehension and communication; technical report writing and presentation; project management; entrepreneurship; innovation and leadership; understanding of the ethical basis of the engineering profession and practice; developing an understanding of contemporary technical and professional issues in the practice of engineering; and an understanding of complex problems and producing innovative solutions beneficial to their organisation and society.

You will also learn specific skills such as; a sound, fundamental understanding of the scientific principles underlying technology; understanding the basic principles underlying the management of physical, human and financial resources; acquiring the mathematical and computational skills necessary for the solution of theoretical and practical problems and for meeting future changes in technology; and an understanding of the social, cultural, global and environmental responsibilities of the professional engineer.

You will undertake common subjects in your first year before you choose to specialise in Civil, Mechanical or Mechatronics and Robotics. This format allows you to make a more informed decision and gain a broad base of knowledge in engineering.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES
The course comprises a total of 32 credit points, which must include the following:

- 28 core units and 4 elective units (this includes 2 highly recommended 4th year units SET401 and SET402 Advanced Topics 1 and 2)
- general electives can be taken outside the Faculty of Science and Technology
- completion of SEE010 Safety Induction Program (0 credit-point compulsory unit)
- a maximum of 10 credit points at Level 1
- completion of SEP490 – 12 Week Engineering Work Experience (0 credit points)
- on-campus requirement for professional practice component – off-campus students MUST attend for approximately a two week period in the subjects: SEB121, SEB323, and both on and off campus students MUST attend SEB322 and SEJ442 (combined)
- completion of at least one wholly online unit

A Civil Engineering degree gives you the building blocks to design, construct and maintain our community. Learn to plan and build the infrastructure systems that are necessary for our day-to-day life. Civil Engineers are responsible for the design, construction and project management of roads, airports and railways; water supply and sewerage systems; water resources management; and buildings and other infrastructures. This course covers the broad range of civil engineering disciplines including engineering materials, structural engineering, water engineering, geotechnical engineering and transport engineering. Graduates can expect to gain employment in a wide range of organisations such as construction companies, water authorities, local government bodies, public works departments and as consulting engineers.

**Mechatronics and Robotics – unit set code MJ-S000040**

Mechatronics and robotics is combined in one degree at Deakin, providing a broader based course and offering wider career choices. The course combines electronics, mechanical and robotics engineering, with mechanical and robotics featuring more strongly than in other programs. It offers studies in autonomous systems, robotic system design and industrial communication design. The course is tailored to industry needs and has close links through strong research programs, cutting-edge technology and facilities, and project-based learning. Students can access state-of-the-art robotics systems and program industrial robots, and through their final-level projects, gain an introduction to the emerging haptics research area. Graduates can be employed as electronic control systems engineers or robotics engineers, and work in areas including factory control, automation, and control system design.

COURSE OVERVIEW

The Bachelor of Environmental Science (Freshwater Biology and Management) is a course of study designed to provide theoretical and practical expertise in a range of biological, ecological and environmental processes and issues in the freshwater environment. The Bachelor of Environmental Science (Freshwater Biology and Management) is designed to enable graduates to contribute in a professional capacity to the study and management of waterways in Australia and overseas. The objectives and general philosophy of the course are to provide knowledge, understanding and skills in the interdisciplinary study of the interactions of freshwater organisms with their living and non-living environments; the influence of biotic, physical and chemical processes on the dynamics of freshwater ecosystems; consideration of the impacts of humans on, and management of, the freshwater environment and its resources. This unique course is delivered in a novel way to ensure that students are provided with an undergraduate experience that is exciting and provides marketable skills. The course includes hands-on work, field-based practical experiences, and training in high demand professional skills in a variety of freshwater habitats in western Victoria.

Students who do well in their Bachelor of Environmental Science (Freshwater Biology and Management) studies may apply to undertake a fourth (honours) year. Honours courses lead to the postgraduate research degrees of Master of Science and Doctor of Philosophy.

COURSE EXPENSES

In addition to student contribution fees, students may be required to meet their own expenses in connection with food and accommodation while on fieldwork.

COURSE OVERVIEW

Deakin’s Bachelor of Environmental Science (Wildlife and Conservation Biology) is one of few courses offered in Victoria with a major focus on the biology of wildlife and conservation.

Content focuses on ‘real-world’ problem solving and applied solutions to wildlife and conservation issues. The course is designed to provide theoretical and practical expertise in a range of discipline areas such as wildlife ecology, landscape and vegetation management, biodiversity and conservation, biogeography, animal biology and park management.

The course is designed to enable graduates to contribute in a professional capacity to the study and management of wildlife populations both in Australia and overseas. You will be provided with knowledge, understanding and skills in the interdisciplinary study of the interactions of wildlife species with their environment.

The hands-on focus of the course includes field-based experiences such as extended wildlife field studies trips and regular practical classes. All students must complete a professional work placement and are actively encouraged to volunteer in local, regional and international environmental programs. The strong focus on skills, professional development and volunteering will prepare you for an exciting career in the industry.

COURSE OVERVIEW

Deakin’s Bachelor of Environmental Science (Environmental Management) will provide you with a comprehensive understanding of the functioning and management of the complex interactions between the biological, physical, social, economic and political worlds.

Environmental managers work with natural, rural and urban systems, and their natural and human communities. They monitor environmental health – to guard against the degrading impacts of overuse and waste disposal – as well as planning activities and developing policy to achieve the best outcome for the environment and our society.

The course focuses on providing you with practical and relevant skills that will be invaluable to your future careers. Fieldwork and industry-based learning are incorporated into all aspects of course delivery. You will experience a combination of hands-on and theoretical learning and have access to state-of-the-art facilities including sustainability assessment tools and a Geographic Information Systems (GIS) laboratory.

Government and industry partners regularly contribute to the course to ensure graduates are job ready. You will have the opportunity to apply for the Department of Sustainability and Environment Cadetship Program, Industry Based Learning scholarships and Earthwatch projects during your degree, and the Department of Sustainability and Environment Graduate Recruitment program on completion of your degree. Once you have gained experience working in the environmental industry, you will be eligible to become a Certified Environmental Practitioner through the Environment Institute of Australia and New Zealand.

Duration  3 years full-time or part-time equivalent
CRICOS course code  053749E
Deakin course code  S399

COURSE OVERVIEW

Deakin’s Bachelor of Environmental Science (Marine Biology) will provide you with a unique opportunity to study cool-water marine biology, in a marine environment that has some of the highest biological diversity in Australia.

You will undertake fieldwork in natural marine environments on the Victorian coast throughout your course, providing you with an exciting and hands-on program of study.

You can also experience the environment first hand using a state-of-the-art, remotely operated underwater vehicle which is operated from an 8m research/teaching vessel. The images generated from the sea floor will be used in the classroom to explore otherwise inaccessible marine environments. The experience brings the marine environment to life, giving you the opportunity to participate in activities like identifying marine plants and animals as the underwater vehicle runs across a reef or along the seabed. The course includes the study of marine wildlife and the influence of oceanographic processes.

This combination of knowledge and skills will give you the capacity as a graduate to contribute significantly to the management of the marine environment in Australia and overseas.

COURSE EXPENSES

In addition to student contribution fees, students should be aware that they may be required to meet their own expenses in connection with food and accommodation while on fieldwork.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

The course comprises a total of 24 credit points, which must include the following:

- 20 core units
- 4 elective units
- Completion of SLE010 Laboratory and Fieldwork Safety Induction Program (0 credit-point compulsory unit)
- level 1 – up to 10 credit points
- level 3 – at least 6 credit points of which at least 4 must be science course-grouped
- Completion of at least one wholly online unit

CORE UNITS
SRA742  Urban Perspectives (S, X)
SRD761  Designing Urban Environments (X)

PLUS 2 other core units from S702 Master of Urban Design (except for SRR711)
Graduate Certificate of Applied Science

Award granted  Graduate Certificate of Applied Science
Campus  Geelong Waurn Ponds Campus, Off campus
Duration  0.5 year full-time or part-time equivalent
Deakin course code  S505

Please note that not all specialisms are available in both on and off campus modes. Refer to details below.

COURSE OVERVIEW
The Graduate Certificate of Applied Science has been designed to increase your breadth and depth of knowledge, and application of skills, in contemporary scientific processes, as well as in a specialisation chosen from the following areas:

- Occupational Hygiene
- Sustainable Water Management
- Environmental Management

The course will offer an integrated suite of units that will cover industrial/environment health, sustainability, environment and/or waste management, chemical hazards and water treatment and management.

Depending on your specialisation, the course aims to provide you with a critical understanding and ethical awareness of issues related to occupational hygiene and environmental and resource management, including an understanding of legislation and the administration of policy in your field.

You will learn the ability to integrate risk, environmental and resource management core concepts into practical applications in your chosen field, and implement appropriate methods of management to a range of situations involving occupational hygiene and natural resource use.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

Graduate Certificate of Water Resources Management

Award granted  Graduate Certificate of Water Resources Management
Campus  Offered at Geelong Waurn Ponds Campus
Duration  1 year part-time
Deakin course code  S555

Note: offered to continuing students only. Continuing student should contact their course advisor for further information. Please also refer to a related course S705 Master of Applied Science.

COURSE OVERVIEW
Deakin University is part of a consortium which has developed a suite of postgraduate programs in water resources management.

The Graduate Certificate of Water Resources Management can be undertaken as an exit point from the Graduate Diploma or Master of Water Resources Management or as a stand-alone qualification. The course will provide students with an opportunity to increase their knowledge and application of skills in the area of water resources management.

For further information about the full range of units offered through the consortium contact http://www.icewarm.com.au

EQUIPMENT REQUIREMENTS
Students must have access to the Internet, a microcomputer, modem and printer to provide, via the telephone network, communication with Deakin University’s on-campus computers. Prospective students may wish to contact the School of Engineering to obtain information about the hardware and software requirements, telephone 03 9244 6699.

COURSE RULES
The Graduate Certificate of Water Resources Management is a 4 credit point on-campus program. Students must complete four common core units:

SEN761  Global Water Systems 1 – Natural Water Cycle (G, X)
SEN762  Global Water Systems 2 – Engineered Water Cycle (G, X)
SEN763  Water Resources and Society (G, X)
SEN764  Water Resources Planning and Management (G, X)
Graduate Certificate of Natural and Cultural Resource Management

Award granted  Graduate Certificate of Natural and Cultural Resource Management

Campus  Offered at Geelong Waurn Ponds Campus, Off campus

(This course is an exit option only)

Duration  1 year part time

Deakin course code  S562

Note: This course is available through the Institute of Koorie Education. Students undertake intensive blocks of study under community based delivery. Please refer to the Institute of Koorie Education website.

COURSE OVERVIEW

The Graduate Certificate and Graduate Diploma of Natural and Cultural Resource Management provide specialist skills for Aboriginal and Torres Strait Islander students involved in the areas of land management facilitation, caring for country, environmental management, waste and water management, cultural heritage interpretation and protection, sustainability, project management and education. A key focus of the course is the exploration and convergence of Western Knowledge Systems and the application of Aboriginal and Torres Strait Islander Knowledge Systems that are currently building more a collaborative approach to the protection of both natural and cultural environments in Australia.

Campus  Offered at Melbourne Burwood Campus, Off campus
Duration  0.5 year full-time or part-time equivalent
CRICOS course code  035507F
Deakin course code  S578

COURSE OVERVIEW
The Graduate Certificate of Information Technology caters for the needs of students wishing to re-skill or re-train from non-computing disciplines, and for those who wish to ratify their industrial experience by gaining recognised academic qualifications.

EQUIPMENT REQUIREMENT
Students must have access to a suitable computer and a network connection. Information about hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/scitech/it or by telephone 03 9244 6699.

FEES AND CHARGES

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Graduate Certificate of Information Technology course comprises four units, which can be completed part time. A Graduate Certificate student can transfer to the Graduate Diploma course (and vice versa). Each unit is based on an average loading of 10 hours a week. This time is associated with the study of unit material, prescribed reading and completion of coursework which is submitted for assessment. Submission of assignments is mostly in electronic format.

COURSE STRUCTURE
Students are required to complete 4 credit points of level 7 IT course grouped units available within the Master of Information Technology.

Students entering the course without an undergraduate degree in computing will be required to complete the following units:

Trimester 1
SIT771  Object-Oriented Development (B, X)
SIT773  Software Design and Engineering (B, X)

Trimester 2
SIT772  Database and Information Retrieval (B, X)
SIT774  Web and Internet Programming (B, X)
Graduate Certificate of Construction Management

Award granted  Graduate Certificate of Construction Management
Campus  Off campus (This course is an exit option only)
Duration  One year part-time
Deakin course code  S591

COURSE OVERVIEW
The Graduate Certificate of Construction Management is made up of 4 credit points of study which blend innovative practice and leading edge research using a case based approach to learning.

Deakin’s post-graduate construction management courses provide students with the understanding, knowledge and skills in a variety of roles in quantity surveying and commercial construction management. The course is suitable for personnel involved in the procurement of built facilities as consultants or contractors, as well as people in government departments and commercial organisations who are responsible for the procurement of such facilities.

The courses have been designed to suit the needs of two types of graduates:

- Graduates from a built environment and engineering background who are seeking to up-skill.
- Graduates who have completed an undergraduate degree from an unrelated discipline, wanting to formalise their entry into the construction management profession through an accredited construction management and quantity surveying pathway.

Students will work in a multi-disciplinary context with topics that are at the forefront of the built environment industry, such as: Project Feasibility Evaluation, Cost Planning, Professional Business Practice, Construction Measurement, Commercial Construction Organisation, Design Management, Legal Risk Management, Sustainability and Urban Ecologies.

The courses are designed to provide the specialist skills related to the theoretical, policy, evaluative and research frameworks that underpin the construction professions.

The Graduate Certificate of Construction Management can only be completed as an exit option from the Master of Construction Management.

Graduate Certificate of Facilities Management

Award granted  Graduate Certificate of Facilities Management
Campus  Offered at Geelong Waterfront Campus (This course is an exit option only)
Duration  0.5 year full-time or part-time equivalent
Deakin course code  S595

COURSE OVERVIEW
The Graduate Certificate of Facilities Management can only be completed as an exit option from the Master of Facilities Management. The course is made up of 4 credit points of study that will help you to consolidate your understanding around the management of existing facilities and the strategic alignment of physical infrastructure to an organisation’s core business goals and the important health and safety needs of its workforce and customers.

As a graduate of the course you will be able to work across traditional professional boundaries, from property investment and development through to space management and workplace logistics.

Graduate Diploma of Occupational Hygiene

Award granted
Graduate Diploma of Occupational Hygiene

Campus
Off campus

Duration
Two years part-time

Deakin course code
S626

Please also refer to a related course S705 Master of Applied Science

COURSE OVERVIEW

The course comprises an articulated program of units at the graduate certificate and graduate diploma level. Occupational hygiene is concerned with the recognition, evaluation and control of environmental factors associated with the workplace that may cause illness, impaired health and wellbeing, or significant discomfort and inefficiency amongst workers or members of the public. Environmental factors can be chemical, physical, biological, ergonomic and psychosocial in nature. Evaluating the influence of these environmental factors on human beings involves measurement of exposure and dose, use of environmental and biological monitoring techniques and assessment of the physiological response to the dose, reference to exposure standards and use of toxicological principles. Suitable control methods are then selected to reduce exposure to any adverse environmental factors.

An occupational hygienist usually holds a degree in chemistry, physics, engineering, biology (with some chemistry) or related physical and biological sciences and through special studies can recognise occupational factors that cause illness or inefficiency and understand their effect on human beings; evaluate the magnitude of these factors and of the response of an exposed population’s response to them; and prescribe methods to eliminate, control or reduce the influence of the adverse factors.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

Students must complete 8 credit points, including four coursework units, project units and a practice unit. The practice unit covers areas of advanced occupational hygiene practice, and commences with a two-week period of attendance at the Geelong campus for practical work and project-planning workshops. The project consists of two units (SEN701 and SEN702) of 1 credit point each comprising a single project in an approved area of occupational hygiene. If possible, the project should be carried out at the student’s place of employment.

COURSE OVERVIEW

Deakin University's postgraduate Engineering program has been designed to strengthen, build on and extend students' understanding of engineering principles required for successful engineering careers in Australia and overseas.

Students will gain technical skills, a positive approach to problem solving and the ability to work as a team to enable them to start work on complex projects immediately.

Students can chose from specialisms in Mechanical, Electronics or Civil Engineering. The specialisms all provide students with expertise in areas of high demand for graduates.

The program's focus on practical experience and a supervised research project or industry project provides students with advanced project management skills. This experience equips graduates with the ability to apply their skills and knowledge to practical, industrially focussed problems.

The Graduate Diploma of Engineering can be undertaken as a stand-alone or exit qualification from the Master of Engineering or Master of Engineering (Professional) program. Further details are included under the Master of Engineering (Professional) course description.

EQUIPMENT REQUIREMENTS

Students must have access to the Internet, a microcomputer, modem and printer to provide, via the telephone network, communication with Deakin University's on-campus computers. Prospective students may wish to contact the School of Engineering to obtain information about the hardware and software requirements, telephone 03 9244 6699.

- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services
COURSE RULES

To be awarded the Graduate Diploma of Engineering, a student must successfully complete units with a total value of 8 credit points, including the following:

Two common core units from:
SEB711  Developing and Managing Innovation (G, X)
SEN705  Engineering Professional Practice (G)
SIT764  Project Management (B, G, X)

and

A four credit point specialism in one of:
Mechanical Engineering (Product Design and Development)
Mechanical Engineering (Automotive Engineering)
Electronics Engineering (Automation and Control Systems)
Electronics Engineering (Automotive Intelligent Systems)
Civil Engineering (Water Engineering)

DETAILS OF SPECIALISATIONS

**Mechanical Engineering (Product Design and Development) – unit set code SP-S000049**

Graduate Diploma of Water Resources Management

Award granted: Graduate Diploma of Water Resources Management
Campus: Offered at Geelong Waurn Ponds Campus
Duration: 1 year full-time or part-time equivalent
Deakin course code: S655

Note: offered to continuing students only. Continuing student should contact their course advisor for further information. Please also refer to a related course S705 Master of Applied Science

COURSE OVERVIEW
Deakin University is part of a consortium which has developed a suite of postgraduate programs in water resources management.

The Graduate Diploma of Water Resources Management can be undertaken as an exit point from the Master of Water Resources Management or as a stand-alone qualification. The course will provide students with an opportunity to increase the breadth and depth of their knowledge and application of skills in the area of water resources management (WRM).

For further information about the full range of units offered through the consortium contact http://www.icewarm.com.au (external site).

EQUIPMENT REQUIREMENTS
Students must have access to the Internet, a microcomputer, modem and printer to provide, via the telephone network, communication with Deakin University’s on-campus computers. COURSE RULES
The Graduate Diploma of Water Resources Management is an eight credit point on-campus program. Students must complete:

COURSE STRUCTURE
Four common core units:
SEN761 Global Water Systems 1 – Natural Water Cycle (G, X)
SEN762 Global Water Systems 2 – Engineered Water Cycle (G, X)
SEN763 Water Resources and Society (G, X)
SEN764 Water Resources Planning and Management (G, X)
plus four elective units – at least three units from within one specialism:

**Management of Water Infrastructure – unit set code SP-S000034**
- SEN740 Water Treatment Processes (G, X)
- SEN741 Wastewater Treatment Processes (G, X)
- SEN745 Water Reclamation and Reuse (G, X)
- SEN752 Engineering Management and the Environment (G, X)

**Aquatic Ecosystem Management* – unit set code SP-S000035**
*Specialism is currently under revision.
Graduate Diploma of Natural and Cultural Resource Management

Award granted  Graduate Diploma of Natural and Cultural Resource Management
Campus  Offered at Geelong Waurn Ponds Campus, Off campus
Duration  1 year full-time or part-time equivalent
Deakin course code  S662

Note: This course is available through the Institute of Koorie Education. Students undertake intensive blocks of study under community based delivery. Please refer to the Institute of Koorie Education website.

COURSE OVERVIEW
The Graduate Certificate and Graduate Diploma of Natural and Cultural Resource Management provide specialist skills for Aboriginal and Torres Strait Islander students involved in the areas of land management facilitation, caring for country, environmental management, waste and water management, cultural heritage interpretation and protection, sustainability, project management and education. A key focus of the course is the exploration and convergence of Western Knowledge Systems and the application of Aboriginal and Torres Strait Islander Knowledge Systems that are currently building more a collaborative approach to the protection of both natural and cultural environments in Australia.

Graduate Diploma of Biotechnology

Award granted: Graduate Diploma of Biotechnology
Campus: Offered at Geelong Waurn Ponds Campus
Duration: 1 year full-time or part-time equivalent
CRICOS course code: 061322K
Deakin course code: S672

COURSE OVERVIEW
This cutting-edge course provides hands-on experience of the latest techniques in biotechnology research as well as up-to-date bio-processing and production technologies involving mammalian cells, stem cells and other cultures.

Students will gain experience operating cell-culture bioreactors similar to those in industrial-scale production facilities. An important component of this course is that each unit includes industry involvement through guest lecturers who bring an industry perspective of research and commercialisation into the biotechnology environment. Industry involvement will also include on-site visits for some units.

Graduates may choose to articulate into the Master of Biotechnology or Master of Biotechnology (Honours). Alternatively, students may choose to early exit with a Graduate Certificate of Biotechnology.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

DETAILED COURSE RULES
Students are required to complete 8 credit points of core units from the list below.

COURSE STRUCTURE
- SLE701 Foundations of Biotechnology (G)
- SLE702 Bioinformatics, Proteomics and Genomics (G)
- SLE703 Agricultural Biotechnology (G)
- SLE704 Cellular Biology and Immunology (G)
- SLE705 Biopharmaceuticals and Medical Devices (G)
- SLE706 Frontier Techniques in Biotechnology and Nanotechnology (G)
- SLE712 Laboratory Techniques for Cellular and Molecular Biotechnology (G)
- SLE713 Industrial and Analytical Techniques in Biotechnology (G)
Graduate Diploma of Information Technology

Award granted: Graduate Diploma of Information Technology
Campus: Offered at Melbourne Burwood Campus, Off campus
Duration: 1 year full-time or part-time equivalent
CRICOS course code: 035508E
Deakin course code: S678

COURSE OVERVIEW
The Graduate Diploma of Information Technology is designed to provide a course of study for graduates from disciplines generally considered to be outside the ambit of information systems or computer-science courses. Its main objectives are to allow graduates in other fields to become professionally qualified in the field of information technology.

EQUIPMENT REQUIREMENT
Students must have access to a suitable computer and a network connection. Information about hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/scitech/it or by telephone 03 9244 6699.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The Graduate Diploma of Information Technology course comprises eight units which can be completed part-time.

Each unit consists of an average loading of 10 hours a week. This time is associated with the study of unit material, prescribed reading and completion of coursework which is submitted for assessment. Submission of assignments is mostly in electronic format.

SPECIALISATIONS
Note: Students contemplating continuation into the Master of Information Technology should note that there are four specialisms:

Network Computing
Software Development
IT Security
IT Services

Some units are available in more than one specialism.
COURSE STRUCTURE
Students are required to complete 8 credit points of level 7 IT course grouped units available within the Master of Information Technology.

Students entering the course without an undergraduate degree must complete the following foundation units in place of electives:

**Trimester 1**
- SIT771   Object-Oriented Development (B, X)
- SIT773   Software Design and Engineering (B, X)

plus 2 credit points from units listed under Master of Information Technology

**Trimester 2**
- SIT772   Database and Information Retrieval (B, X)
- SIT774   Web and Internet Programming (B, X)

plus 2 credit points from units listed under Master of Information Technology
Graduate Diploma of Construction Management

**Award granted**
Graduate Diploma of Construction Management

**Campus**
Off campus (This course is an exit option only)

**Duration**
1 year full-time or part-time equivalent

**Deakin course code**
S691

**COURSE OVERVIEW**
The Graduate Diploma of Construction Management is made up of 8 credit points of study which blend innovative practice and leading edge research using a case based approach to learning.

Deakin’s postgraduate construction management courses provide students with the understanding, knowledge and skills in a variety of roles in commercial construction management and construction economics. The course is suitable for personnel involved in the procurement of built facilities as consultants or contractors, as well as people in government departments and commercial organisations who are responsible for the procurement of such facilities.

The courses have been designed to suit the needs of two types of graduates:

- Graduates from a built environment and engineering background who are seeking to upskill.
- Graduates who have completed an undergraduate degree from an unrelated discipline, wanting to formalise their entry into the construction management profession through an accredited construction management and quantity surveying pathway.

Students will work in a multi-disciplinary context with topics that are at the forefront of the built environment industry, such as: Project Feasibility Evaluation, Cost Planning, Professional Business Practice, Construction Measurement, Commercial Construction Organisation, Design Management, Legal Risk Management, Sustainability and Urban Ecologies.

The courses are designed to provide the specialist skills related to the theoretical, policy, evaluative and research frameworks that underpin the construction professions.

The Graduate Diploma of Construction Management can only be completed as an exit option from the Master of Construction Management.

Graduate Diploma of Facilities Management

Award granted: Graduate Diploma of Facilities Management
Campus: Offered at Geelong Waterfront Campus (This course is an exit option only)
Duration: 1 year full-time or part-time equivalent
Deakin course code: S695

COURSE OVERVIEW
The Graduate Diploma of Facilities Management can only be completed as an exit option from the Master of Facilities Management. The course is made up of 8 credit points of study that will help you to consolidate your understanding around the management of existing facilities and the strategic alignment of physical infrastructure to an organisation’s core business goals and the important health and safety needs of its workforce and customers.

As a graduate of the course you will be able to work across traditional professional boundaries, from property investment and development through to space management and workplace logistics.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

Master of Architecture

Award granted: Master of Architecture
Campus: Offered at Geelong Waterfront Campus
Duration: 2 years full-time or part-time equivalent
CRICOS course code: 059382E
Deakin course code: S700

COURSE OVERVIEW
The Master of Architecture provides students with specialist education, building upon an established background in architecture and built environment studies. It offers advanced studies in cultural, technological, design aesthetic, theoretical knowledge, and develops the ethical, evaluative and research frameworks which underpin the architecture field.

The Master of Architecture degree has been designed to allow incorporation of the final units required to fulfill the academic requirements required for professional accreditation and registration of graduates.

PROFESSIONAL RECOGNITION
This program is accredited (within Australia) by the Australian Institute of Architects, the Architects Registration Board of Victoria and the Architects Accreditation Council of Australia.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

• Fees are calculated on a per unit basis
• Fees charged will depend on the individual units chosen
• Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The degree requires students to complete 16 credit points of study (two years of full-time study or part-time equivalent).

COURSE STRUCTURE
Students select 16 credit points of study including the following core units:
SRA760 Urban Ecologies (S, X)
SRD763 Architectural Design in Urban Contexts (S)
SRD764 Urban Design Studio (S)
SRD765 Architectural Design and Resolution (S)
SRD766 Architecture Design Masterclass (S) (2 cps)

Master of Architecture (Design)

Award granted  Master of Architecture (Design)
Campus  Offered at Geelong Waterfront Campus
Duration  1 year full-time or part-time equivalent
CRICOS course code  059375D
Deakin course code  S701

The Master of Architecture (Design) is available to students who have completed an accredited four-year program in Architecture, or to qualified practising architects or architecture academics who may wish to upgrade their qualifications, and to graduates of extended undergraduate courses. Graduates of appropriate three-year courses should apply for the Master of Architecture taken over two years as the professional architecture program.

COURSE OVERVIEW
The Master of Architecture (Design) provides students with specialist education, building upon an established background in architecture and built environment studies. It offers advanced studies in cultural, technological, design aesthetic and theoretical knowledge, and develops the ethical, evaluative and research frameworks which underpin the architecture field.

COURSE OVERVIEW
The Master of Urban Design aims to provide a postgraduate pathway that promotes a high standard of skill and knowledge acquisition in developing innovative sustainable design solutions for the urban environment. The course promotes a high level of strategic thinking for implementing effective change management practices and is designed for graduates who wish to practice as an urban designer in order to improve the quality and development of our towns and cityscapes. Students will:

- evaluate theory and practice within contemporary international contexts
- critique historical and current practices through inquiry and rigorous analytical methods
- integrate and apply theory and practice-based knowledge and skills within a collaborative design studio.

Opportunity is provided in the second trimester to undertake an authentic case study and to reflect and critique current or proposed practices through a design thesis and workplace assessment.

ALTERNATE EXITS

Master of Applied Science

Award granted: Master of Applied Science
Campus: Offered at Geelong Waurn Ponds Campus, Off campus
Duration: 1.5 years full-time or part-time equivalent
Deakin course code: S705

Please note that not all specialisms are available in both on and off campus modes. Refer to details below.

COURSE OVERVIEW
The Master of Applied Science has been designed to increase your breadth and depth of knowledge, and application of skills, in contemporary scientific processes, as well as in a specialisation chosen from the following areas:

- Occupational Hygiene
- Sustainable Water Management
- Environmental Management

The course will offer an integrated suite of units that will cover industrial/environment health, sustainability, environment and/or waste management, chemical hazards and water treatment and management.

Depending on your specialisation, the course aims to provide you with a critical understanding and ethical awareness of issues related to occupational hygiene and environmental and resource management, including an understanding of legislation and the administration of policy in your field.

You will learn the ability to integrate risk, environmental and resource management core concepts into practical applications in your chosen field, and implement appropriate methods of management to a range of situations involving occupational hygiene and natural resource use.

The course will also provide a pathway for students who wish to undertake a doctorate degree.

Graduate Certificate of Applied Science (S505)

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To qualify for the award of Master of Applied Science, you must successfully complete 12 credit points including the following:

- 1 core unit
- at least 3 units selected from one of the specialisms listed below;
- the remaining units/credit points can be selected from units listed in the other specialism within the course, project units, or course-grouped electives listed below.
* Note: Students seeking professional accreditation from the Australian Institute of Occupational Hygienists (AIOH) via the Occupational Hygiene studies will be required to successfully complete all course-grouped and 2 project based units (these have been marked below with an asterisk).

SPECIALISATIONS
Specialisms are available in the following areas:

- Occupational Hygiene (X) ^
- Sustainable Water Management (G, X)
- Environmental Management (X)

^ requires attendance at a short on-campus intensive study period at the Geelong Waurn Ponds Campus; otherwise it is fully off-campus.

Master of Occupational Hygiene, Safety and Environment

Award granted: Master of Occupational Hygiene, Safety and Environment
Campus: Off campus
Duration: 3 years part time
Deakin course code: S725

There will be no intake into this course in 2011

COURSE OVERVIEW
The Master of Occupational Hygiene, Safety and Environment is designed to provide comprehensive training in occupational hygiene to prepare graduates for senior management roles in Safety, Health and Environment (SHE) and full membership of relevant Australian and international professional associations.

ALTERNATIVE EXITS
S525, S626.

FEES AND CHARGES
Fee paying students
For students enrolled prior to 2005, fees were calculated based on the fee rate applicable to the course in which they were enrolled. This fee rate was fixed for the minimum expected duration of the course, i.e. the minimum amount of time in which the course could be completed. This method of calculation will be maintained for continuing students (for the pre-2005 course only) unless the student has exceeded the minimum period for completion of the course.

From 2005 fees will be calculated on a per unit basis. The fees charged will depend on the individual units chosen. The cost of each unit can be viewed within each unit description or you can specifically search for units at http://www.deakin.edu.au/current-students/handbooks2009/search.php. Please note that the fees per unit/credit point may increase annually due to rises in the cost of course delivery and services.

COURSE RULES
The degree requires students to complete 12 credit points of core units.

Master of Engineering

Award granted Master of Engineering
Campus Offered at Geelong Waurn Ponds Campus
Duration 1.5 years full-time or part-time equivalent
CRICOS course code 054551M
Deakin course code S750

COURSE OVERVIEW
Deakin University’s postgraduate Engineering program has been designed to strengthen, build on and extend students’ understanding of engineering principles required for successful engineering careers in Australia and overseas.

Students will gain technical skills, a positive approach to problem solving and the ability to work as a team to enable them to start work on complex projects immediately.

Students can choose from five specialisms in Mechanical Engineering, Electronics Engineering or Civil Engineering. The specialisms all provide students with expertise in areas of high demand for graduates.

The program’s focus on practical experience and a supervised research project or industry project provides students with advanced project management skills. This experience equips graduates with the ability to apply their skills and knowledge to practical, industrially focussed problems.

The Master of Engineering can be undertaken as a stand-alone or exit qualification from the Master of Engineering (Professional) program.

EQUIPMENT REQUIREMENTS
Students must have access to the Internet, a microcomputer, modem and printer to provide, via the telephone network, communication with Deakin University’s on-campus computers. Prospective students may wish to contact the School of Engineering to obtain information about the hardware and software requirements, telephone 03 9244 6699.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
To be awarded the degree of Master of Engineering, a student must successfully complete units with a total value of 12 credit points, including the following:

Two common core units from:
SEB711 Developing and Managing Innovation (G, X)
SEN705 Engineering Professional Practice (G)
SIT764 Project Management (B, G, X)
and
A four credit point specialism in one of:
Mechanical Engineering (Product Design and Development)
Mechanical Engineering (Automotive Engineering)
Electronics Engineering (Automation and Control Systems)
Electronics Engineering (Automotive Intelligent Systems)
Civil Engineering (Water Engineering)

and
Six elective units at level 7 (across the Faculty/University)

or
SEN701 Professional Project 1 (G, X)
SEN702 Professional Project 2 (G, X)
plus four approved elective units at level 7 (across the Faculty/University).

Note: Units SEN719/SEN720 are optional for those with an average grade of 70% or greater in their first eight units.

Master of Water Resources Management

Award granted Master of Water Resources Management
Campus Offered at Geelong Waurn Ponds Campus
Duration 1.5 years full-time or part-time equivalent
Deakin course code S755

Note: offered to continuing students only. Continuing student should contact their course advisor for further information. Please also refer to a related course S705 Master of Applied Science

COURSE OVERVIEW
Deakin University is part of a consortium which has developed a suite of postgraduate programs in water resources management that encompass the necessary breadth and depth of expertise from five leading Australian universities; Central Queensland University, Deakin University, Flinders University, The University of Adelaide and University of South Australia. Collaboration from industry will also ensure that the programs are relevant, contemporary and leading-edge. For further information about the full range of units offered through the consortium, contact ICE WaRM (external site).

The Master of Water Resources Management is designed to provide students with an opportunity to increase the breadth and depth of their knowledge and application of skills in the area of water resources management (WRM). The multidisciplinary nature of the course addresses the complex, interdisciplinary aspects of managing resources by helping students integrate the biological and physical sciences (which identify and measure problems) with engineering (which defines technological alternatives) and law and the social sciences (which assess needs and potential for institutional response). A student gains breadth in relevant planning and management areas while developing depth in an area of specialty. The Master of Water Resources Management will prepare students for employment as water resources management professionals.

The wide variety of specialised coursework electives and study options enable the creation of a program of study that meets individual needs. The option to undertake an industry project as part of the Masters program has been designed to assist students in becoming professionally aware through quality interaction with industry leaders.

Campus  Offered at Melbourne Burwood Campus, Off campus  
Duration  1.5 years full-time or part-time equivalent  
CRICOS course code  058371E  
Deakin course code  S763

COURSE OVERVIEW

The Master of Planning has been designed as an introduction to the challenges of an ever-changing urban, regional and rural environment. The course offers the opportunity of cross-faculty specialisation in six key areas which are central to facilitating strategic change on complex planning issues locally, regionally and globally.

As a graduate of the course, you will be able to grasp the complexity of projects and understand the broad range of participants that need to work together to achieve sound and effective planning outcomes. You will have a developed understanding of planning across a range of disciplines and will be equipped to collaborate on projects and on processes that deliver integrated solutions for both the public and private sectors.

The Master of Planning is relevant if you have a related undergraduate degree or significant professional experience in this field and are looking to up-skill, enhance or broaden your qualifications. It is also suitable if you are seeking a career change and have successfully completed an undergraduate degree in another discipline.

The Urban Design specialism (Geelong Waterfront Campus) and the Healthy Cities specialism (Melbourne Burwood Campus) can only be completed in the on-campus mode.

Award granted: Master of Biotechnology (Honours)
Campus: Offered at Geelong Waurn Ponds Campus
Duration: 2 years full-time or part-time equivalent
CRICOS course code: 061324G
Deakin course code: S771

COURSE OVERVIEW

This cutting-edge course provides hands-on experience of the latest techniques in biotechnology research as well as up-to-date bio-processing and production technologies involving mammalian cells, stem cells and other cultures.

Students will gain experience operating cell-culture bioreactors similar to those in industrial-scale production facilities. An important component of this course is that each unit includes industry involvement through guest lecturers who bring an industry perspective of research and commercialisation into the biotechnology environment. Industry involvement will also include on-site visits for some units. The core units in this course cover a wide range of emerging topics in biotechnology and, importantly, business skills.

The Master of Biotechnology (Honours) provides students with the opportunity to undertake a Research Project unit or an Industry Project unit (including a minor thesis) equating to 4 credit points.

Graduates may choose to articulate into a higher degree by research. Alternatively, students may choose to early exit with a Graduate Certificate, Graduate Diploma or Master of Biotechnology.

FEES AND CHARGES

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES

The course comprises a total of 16 credit points, which must include the following:

- 8 core units
- 8 credit points Industry-Linked Research Project units (4 credit points each)

COURSE STRUCTURE

CORE UNITS

- SLE701 Foundations of Biotechnology (G)

**Duration**  
1.5 years full time or part time equivalent

**CRICOS course code**  
035505G

**Deakin course code**  
S778

**COURSE OVERVIEW**

The course is designed to provide specialised information technology skills by providing up-to-date knowledge of recent developments in computing technology, as well as covering the technical and theoretical foundations of these topics, giving students the opportunity to apply this knowledge in practice. The course provides a leading-edge study environment, producing appropriately educated and qualified IT professionals who are eminently employable. Graduates will possess a sound knowledge and understanding of general issues, concepts and practices in IT and a broad knowledge and understanding of the technological aspects of IT. Graduates will be encouraged to develop a raft of generic skills enabling them to be effective and efficient employees and citizens.

Students enrolled in the Master of Information Technology can elect to exit from the program after completion of four units. Students electing to do this will qualify for the Graduate Certificate of Information Technology. Students electing to exit after completion of eight units will qualify for the Graduate Diploma of Information Technology. Students who seek this option will be eligible to seek membership with the Australian Computer Society at the associate level.

**EQUIPMENT REQUIREMENTS**

Students must have access to a suitable computer and a network connection. Information about hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/scitech/it or by telephone 03 9244 6699.

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

The course comprises 12 credit points which can be completed on a full-time basis over three trimesters or part-time equivalent. Students who hold an undergraduate degree in a non-computing field will be required to take a compulsory core of four foundation units: SIT771, SIT772, SIT773 and SIT774 in place of electives. The Master of Information Technology articulates with the Graduate Certificate (4 credit points) and the Graduate Diploma (8 credit points) of Information Technology.

**SPECIALISATIONS**

There are four specialised streams:

- Network Computing
- Software Development
- IT Security
- IT Services
COURSE STRUCTURE
Individual students’ course structures will depend upon their basis of entry into the Master of Information Technology, and their preferred specialism. For example, a student entering the MIT with a non-computing undergraduate degree will have to undertake the four compulsory foundation units. All students must also complete two core project units: SIT764 Project Management and SIT782 Practical Project. (Students intending to articulate into the Master of Information Technology (Professional) may receive exemption from completing the required project unit).

If this student then wishes to follow the Network Computing specialism, he or she will then have to take the four units that make up that particular specialism, as outlined above. This student may then elect to make up the remaining 2 credit points in the required 12-credit-point structure from other SIT7- units, as listed under general units.

FOUNDATION UNITS
Trimester 1
SIT771 Object-Oriented Development (B, X)
SIT773 Software Design and Engineering (B, X)

Trimester 2
SIT772 Database and Information Retrieval (B, X)
SIT774 Web and Internet Programming (B, X)

CORE PROJECT UNITS
SIT764 Project Management (B, G, X)
SIT782 Practical Project (B, X)

GENERAL UNITS
SIT701 Internet Core and Enterprise Routing (B)
SIT702 Advanced Network Engineering (B)
SIT703 Advanced Digital Forensics (B, X)
SIT704 Advanced Topics in Digital Security (B, X)
SIT717 Advanced Data Mining (B, X)
SIT725 Advanced Software Engineering (B, X)
SIT735 Communications Network Security (B, X)
SIT737 Service Oriented Architectures and Technologies (B, X)
SIT740 Research and Development in Information Technology (B, X)
SIT751 Java Network Programming (B, X)
SIT763 IT Security Management (B, X)
SIT764 Project Management (B, G, X)
SIT775 IT Services in Organisations (B, X)
SIT780 eSystems Software Development (B, X)
SIT783 Linux and Open Source Software (B, X)
SIT784 Mobile and Ubiquitous Computing (B, X)
SIT794 Services Management (B, X)

Network Computing specialism – unit set code SP-S000021
Plan, install and manage both local area networks and wide area networks with a strong focus on network design, routing protocols and switching concepts. The specialism incorporates the CISCO CCNA curriculum which prepares students for the CCNA industry certification. There is a strong focus on application development for networked systems and supporting user mobility from both application and network perspectives.

SIT701 Internet Core and Enterprise Routing (B)
SIT702 Advanced Network Engineering (B)
SIT751 Java Network Programming (B, X)
SIT784 Mobile and Ubiquitous Computing (B, X)
Software Development specialism – unit set code SP-S000023
Gain theoretical and practical skills in current trends in the analysis, design and implementation of complex and large-scale software systems. Designed with input from industry leaders, there is a strong focus on the development of high quality software using methodologies, tools, techniques and management principles relevant to industry. There is emphasis on the development of web-based and distributed applications and the use and development of open source software.

SIT725 Advanced Software Engineering (B, X)
SIT751 Java Network Programming (B, X)
SIT780 eSystems Software Development (B, X)
SIT783 Linux and Open Source Software (B, X)

IT Security specialism – unit set code SP-S000028
Develop skills in securing data, communications and infrastructure as well as investigating, analysing and providing solutions to problem solving, communication and technical capabilities related to Information Technology Security and the legal, regulatory and ethical contexts in which these skills are used. The security units provide a solid foundation in areas including information security, internet and network security, access controls and firewalls. In conjunction with work experience, the units prepare students towards certification as a Certified Information Systems Security Professional on completion of the CISSP exam administered by The International Information Systems Security Certification Consortium (ISC)².

SIT703 Advanced Digital Forensics (B, X)
SIT704 Advanced Topics in Digital Security (B, X)
SIT735 Communications Network Security (B, X)
SIT763 IT Security Management (B, X)

IT Services specialism – unit set code SP-S000048
Designed in partnership with IBM, to develop specialised information technology skills by providing up-to-date knowledge of recent developments in computing technology and practical IT consulting skills. Learn about cutting-edge work in computer science, operation research, business strategy, management sciences, social and cognitive sciences and the legal sciences to develop the skills needed in a services-led economy.

SIT737 Service Oriented Architectures and Technologies (B, X)
SIT775 IT Services in Organisations (B, X)
SIT794 Services Management (B, X)
Plus
SIT717 Advanced Data Mining (B, X)

Master of Information Technology (Professional)

Award granted: Master of Information Technology (Professional)
Campus: Offered at Melbourne Burwood Campus, Off campus
Duration: 2 years full-time or part-time equivalent
CRICOS course code: 051581G
Deakin course code: S779

COURSE OVERVIEW
The course is designed to extend the specialised information-technology skills obtained in the Master of Information Technology.

EQUIPMENT REQUIREMENTS
Students must have access to a suitable computer and a network connection. Information about hardware and software requirements may be obtained from the School of Information Technology’s website www.deakin.edu.au/scitech/it or by telephone 03 9244 6699.

FEES AND CHARGES
Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

COURSE RULES
The course comprises 16 credit points, which can be completed on a full-time basis over four trimesters or part-time equivalent.

COURSE STRUCTURE
Students complete 16 credit points, meeting all requirements for the 12 credit point Master of Information Technology, followed by a further 4 credit points from below:

SIT790 Research Project (B, X) or
SIT791 Professional Practice (B) or
SIT792 Research Project Part A (B, X) and
SIT793 Research Project Part B (B, X) or

4 additional credit points chosen from the list of general units in the Master of Information Technology. Students are encouraged to complete either the internship or research project.
Master of Environmental Management

**Award granted**  Master of Environmental Management  
**Duration**  1 year full-time or part-time equivalent  
**Deakin course code**  S780

Note: Offered to continuing students only. Continuing students should contact their Enrolment Officer for further information.

**COURSE OVERVIEW**

The Master of Environmental Management aims to blend advanced scientific training with studies in management and policy. This is critical for employment in the rapidly expanding environmental sector. Offering a flexible program, units may be taken from the Faculty of Science and Technology and other faculties, including Arts, and Business and Law.

Students will be able to structure a course of study offering the best opportunity to gain highly focused skills in their chosen area of the environment employment field. The course is also designed to meet employer demand for graduates with a thorough understanding of scientific and management issues pertinent to both land and marine-based environmental management and planning.

**FEES AND CHARGES**

Unit fees can be viewed within individual unit descriptions. You can search for a unit using the Unit Search. Please be aware:

- Fees are calculated on a per unit basis
- Fees charged will depend on the individual units chosen
- Fees per unit/credit point may increase annually due to rises in the cost of course delivery and services

**COURSE RULES**

Direct entry into the Master of Environmental Management is only available to students with a four year undergraduate degree (including honours), or students who have completed the Graduate Certificate of Environmental Management (or equivalent).

To be awarded the Master of Environmental Management a student must successfully complete 8 credit points over two trimesters of full-time study (equivalent to a year) or the part-time equivalent; including:

- four core units focusing on planning and policy development
- completion of a 4 credit point speciality stream from one of Environmental Planning, Environmental Health, Environmental Protection, Living Aquatic Resources Management, Natural and Cultural Resources Management or Environmental Business Management.

Award granted  Master of Networking and Security
Campus  Offered at Melbourne Burwood Campus
Duration  1.5 years full-time or part-time equivalent
CRICOS course code  073320B
Deakin course code  S781

COURSE OVERVIEW
The Master of Networking and Security is an interdisciplinary course that covers network computing, information systems, cryptography, ubiquitous computing, digital forensics and law.

The course aims to train you in two related fields that are widely recognised as critical to the successful provision of IT infrastructure and can effectively support the achievement of strategic business goals. The course will provide you with advanced skills needed to successfully design, maintain and manage network infrastructure and applications; to effectively secure the infrastructure, information systems and assets; and to investigate any network and information security breaches through digital forensic techniques.

Master of Construction Management

Award granted: Master of Construction Management
Campus: Off campus
Duration: One year full-time (3 trimesters) or part-time equivalent
Deakin course code: S791

COURSE OVERVIEW
The Master of Construction Management is made up of 12 credit points of study which blend innovative practice and leading edge research using a case based approach to learning.

The course provides students with the understanding, knowledge and skills in a variety of roles in quantity surveying and commercial construction management and is suitable for personnel involved in the procurement of built facilities as project managers, design managers, construction managers or quantity surveyors as well as people in government departments and commercial organisations who are responsible for the procurement of such facilities.

The courses have been designed to suit the needs of two types of graduates:
Graduates from a built environment and civil engineering background who are seeking to upskill.
Graduates who have completed an undergraduate degree from an unrelated discipline, wanting to enter the construction management profession through an accredited quantity surveying, project manager, construction management pathway.

The course is designed to provide the specialist skills related to the theoretical, policy, evaluative and research frameworks that underpin the construction professions.

Students will work in a multi-disciplinary context with topics that are at the forefront of the built environment industry, such as: Project Feasibility Evaluation, Cost Planning, Professional Business Practice, Construction Measurement, Commercial Construction Organisation, Design Management, Legal Risk Management, Sustainability, Urban Ecologies, Integrated Information Systems and Strategic Construction Procurement.

The course is distinguished by its flexible delivery mode available to you from any location. It brings together a range of built environment disciplines to look at issues of true international significance in terms of procurement and contractual options, project financing and sustainability economics.

The course has been designed so that students have the opportunity to exit with a Graduate Certificate of Construction Management (four credit points) or Graduate Diploma of Construction Management (eight credit points).

PROFESSIONAL RECOGNITION
The University will be seeking professional accreditation from the Australian Institute of Quantity Surveyors (AIQS) and the Royal Institution of Chartered Surveyors (RICS).

ALTERNATIVE EXITS
S591, S691.

Master of Facilities Management

Award granted: Master of Facilities Management
Campus: Off campus
Duration: 1.5 years full-time or part-time equivalent
Deakin course code: S795

COURSE OVERVIEW
Facilities management is an emerging discipline that centres around the management of existing facilities and the strategic alignment of physical infrastructure to an organisation’s core business goals, and the important health and safety needs of its workforce and customers.

Deakin’s Master of Facilities Management will equip you to be able to work across traditional professional boundaries, from property investment and development through to space management and workplace logistics, using key project management skills to ensure optimum value for money is attained at all stages of the property life cycle.

Master of Architecture (Research)

Award granted  Master of Architecture (Research)
Campus  Offered at Geelong Waterfront Campus, Off campus
Duration  2 years full-time or part-time equivalent
CRICOS course code  070375M
Deakin course code  S800

COURSE OVERVIEW
A structured Master of Architecture by Research course is available to students who have demonstrated evidence of a high standard of research ability. The course is normally completed in 1 – 2 years of full time study (or equivalent) and will suit graduates seeking to extend and deepen their knowledge on a chosen topic through independent, sustained and academically-supervised research. Students will develop advanced skills in critical thinking, analysis and research methodologies under the supervision of internationally recognised supervisors as they produce a written thesis dissertation of approximately 60,000-80,000 words.

The School of Architecture and Building has specialisms within urban ecologies including socio-cultural ecology, tectonic ecology and construction ecology. Students can choose topics from various areas including architectural history and theory, environmental building science, professional practice and parametric modelling and should contact the School for guidance on developing research proposals when making their applications. Information regarding Scholarships, entry requirements and application procedures can be found on the Deakin website.
