Congratulations

Message from the Chancellor

On behalf of the Deakin University community, my congratulations to you, your families, and to all who have worked so hard towards achieving the success we now celebrate with you.

Like you, I am a Deakin alumnus, and I believe you will find as I have, that your Deakin qualification will be a valuable asset as you explore the opportunities ahead of you. Your Deakin degree will empower you to search for new opportunities with the confidence you can contribute, with the knowledge you are ready, and the resilience that will enable you to overcome the inevitable challenges and unexpected setbacks.

Your graduation marks the completion of your current academic journey, but it also signals the start of a new phase of your lives and your careers. Deakin is proud to have played its part in providing the skilled graduates who will make meaningful contributions to the world, fostering the creativity and skills which will generate the new ideas and enterprise necessary to face the global challenges of the 21st century.

Mr John Stanhope AM

Be proud of your achievement, you are a Deakin graduate and Deakin graduates are the truest evidence of the quality of the Deakin experience; they are a continued inspiration to Council, to staff, to each other and to future graduates.

I encourage you to keep in touch with your University. You'll find that Deakin's alumni community of over 325,000 graduates will be an invaluable resource for you as you embark on this next stage of your career. I hope you will take advantage of and contribute to this extraordinary community who all began their professional lives at Deakin.

Congratulations and best wishes for the future.

Mr John Stanhope AM
Chancellor

Message from the Vice-Chancellor

My sincere congratulations on your graduation from Deakin University.

Today, alongside family, friends and peers, we acknowledge your efforts, your sacrifices, and your success, and we welcome you to the Deakin alumni community. We should never underestimate the importance of a university journey, and the serious achievement of a student's graduation.

I hope you have enjoyed your time at Deakin, met and collaborated with talented and passionate people, made friends, were challenged, formed new perspectives and knowledge, and developed new skills. A Deakin education is known for being innovative and inclusive and we want you to take these qualities into the world. The years ahead will require an open, flexible mind that can respond to change, and find and create opportunities.

We look forward to seeing where your Deakin degree takes you. Your learning did not begin with our University, and it does not end with your graduation. I urge you to continue to be curious and to seek solutions. It is this questing for greater expertise and deeper understandings that will shape the future, along with the qualities and values that Deakin holds dear: integrity, bravery, inclusivity, diversity, community responsibility and social justice.

Professor Iain Martin

Foster your ambition; have confidence in your talents and abilities and revel in each new experience.

Congratulations to each of you and to your families. I wish you well in your future endeavours, and I hope that one day, your career journey brings you back to Deakin as continuing students, as colleagues, as mentors, as supporters and as friends.

Professor Iain Martin
Vice-Chancellor and President

Welcome to Deakin University Graduations

Welcome!

We would like to warmly welcome you to Deakin University's graduation ceremony. This program lists every student graduating, including those not in attendance and graduating in absentia. The graduation ceremony will run for approximately 90 minutes and ushers are available at the venue doors to provide information and assistance. All guests should be seated 15 minutes before the ceremony start time. Please ensure your mobile phone is switched off prior to entering the venue and that you familiarise yourself with the emergency evacuation procedures, located at the back of this program. We hope you enjoy the ceremony.

The Graduation Ceremony

'Kim barne barre Wadawurrung Dja' Welcome to Wadawurrung Country

Deakin University would like to acknowledge the Wadawurrung People, the traditional custodians of the land and the Wathaurong community where this graduation ceremony is taking place. We pay our respects for their continued care of the land and further extend that respect to elders past and present.

Order of Ceremony

Processional music heralds the arrival of the Academic Procession for the graduation ceremony.

At the commencement of this music, graduands and guests are asked to stand and remain standing for the National Anthem.

The Master of Ceremonies will open proceedings and the Chancellor (or representative) will deliver the opening address. The Vice-Chancellor (or representative) will then introduce the guest speaker who will deliver the occasional address.

The Chancellor (or representative) will then make a formal declaration conferring the awards of the University on the graduates, both present and *in absentia*, and will invite graduates to proceed to the stage according to the order published in the program.

A Faculty Executive Dean (or representative) will read out the names of graduates being presented to the Chancellor (or representative).

At the conclusion of the presentation of the graduates, a representative of the graduating students will deliver a brief response.

The Vice-Chancellor (or representative) will deliver the closing address. Following the closing address, there will be a musical performance.

At the conclusion of the ceremony guests are requested to stand while the stage party and graduates leave the hall.

Refreshments will then be served in the marquee in the John Hay Courtyard.

The University Mace

Maces were originally medieval weapons carried by bodyguards to kings and sergeants-at-arms. Much later, the mace became of ceremonial rather than practical significance and organisations such as civic corporations and universities adopted the mace as a symbol of the rule of legal authority.

The University's mace is displayed at meetings of the University Council and on such ceremonial occasions as conferring ceremonies. The bearer of the mace, in academic processions, 'guards' the Chancellor. Deakin's mace was presented to the University by Mr Donald Thomson, Sir Wilfred Brookes and Mr Norman Stephen (Alcoa Australia).

The Graduation Ceremony

The Academic Procession

In academic processions, the order of precedence on entry is from junior to most senior. The Chancellor, therefore, is the last member of the procession, followed by the mace-bearer. The Deakin Academic Procession and stage party usually consists of:

Academic Dress

Academic dress is an important reminder of the long history of universities in western civilisation. The three main elements of academic dress are the gown, the hood and the head-dress, which were all once articles of everyday outer dress. Both gowns and hoods, when in common use, were often lined and this lining was decorative, as well as practical. In medieval times, the higher the rank of the wearer, the more sumptuous the gown.

In universities there is still a difference in the apparel of scholars of various ranks reflecting the origins of the academic dress. Today's academic head-dress evolved from various hats and bonnets of earlier times. Deakin University's academic dress, like that of most Australian universities, derives from dress worn at the Universities of Oxford and Cambridge.

Deakin University Ceremonial Dress

Chancellor – a navy blue gown trimmed with gold bullion braid, sleeves trimmed with four gold ornaments and gold bullion braid around the bottom hem, a navy blue bonnet lined with gold satin, with gold braid and two gold metallic tassels.

Vice-Chancellor and President – a navy blue gown with five bars of gold bullion braid on the sleeves and a navy blue tudor bonnet identical to that of the Chancellor.

Deakin Distinguished Professor

Academic staff who have been awarded the title Deakin Distinguished Professor will wear academic regalia befitting their highest qualification as well as a Deakin Distinguished Professor stole which will be worn over the top of the gown.

Deakin University Academic Dress

Higher Doctorate – a red gown with gold silk front facings finishing at the front yoke line, sleeves fully lined with gold silk and turned back at the front seam, together with a red hood lined with gold silk and a red bonnet with gold tassels.

Doctor of Philosophy – a royal blue gown with red silk front facings finishing at the front yoke line, sleeves fully lined with red silk and turned back at the front seam, together with a royal blue hood lined with red silk and a royal blue bonnet with red tassels.

‘Optimisation of Protein Levels in Australian Hybrid Abalone (*Haliotis rubra* x *Haliotis laevis*) Nutrition.’

This study investigated Australian hybrid abalone’s dietary protein requirements and digestive capabilities concerning their size and the prevailing seasonally dictated water temperature conditions. It also provides insights into abalone requirements for different types of lipid classes and fatty acids under various temperature conditions.

‘Robust and Communication-efficient Federated Learning with Heterogeneous Data.’

This research focused on developing robust aggregation techniques for Federated Learning on statistically heterogeneous data. The study used principles of differential geometry, generative models, and second-order information to improve the performance and adaptability of FL in the presence of complex data distributions. Experiments show the superior performance of the developed methods.

‘A Novel Systems Thinking Methodology for Decision Making in Cyber-Physical-Human Infrastructure Systems.’

This research developed a novel systems thinking methodology to enhance the understanding of how critical infrastructure organisations are evolving as cyber-physical-human systems. Complexity and interdependencies are identified through mapping relationships between factors within and external to the organisation. The novel methodology enabled human-in-loop exploration of visual maps to support decision-making.

‘Negotiating Digital Publics: Hirak Rif Activist Formations in Post-2011 Morocco.’

This thesis examines counter-public formations in Morocco’s techno- and socio-political landscape, focusing on the 2016–2017 Hirak Rif movement. It explores how activists leverage digital platforms to navigate various postcolonial challenges and build counter-narratives in and for their movements. The research reveals how power is contested among activists, states, and techno-capitalists through the territorialisation of the digital. This work contributes to the literature on resistance in postcolonial authoritarian states and research into the socio-political dimensions of digital media.

‘Synthesis and Characterisation of Bio-derived Flame Retardant Epoxy Resin Systems.’

This thesis uses bio-based feedstocks like tannic acid and eugenol to synthesise high-performance polymer networks, enhancing fire retardancy while maintaining performance. It aims to demonstrate these networks as viable, eco-friendly alternatives to petrochemical materials, aligning with sustainable development. A holistic approach investigates each resin system component: epoxy resin, hardener, and additive.

‘Advancing International Norms of Cyber Warfare.’

This thesis addresses legal uncertainties in the application of international law to cyber warfare. The thesis identifies the prevalence of some legal grey zones by coding states and international organisations’ legal positions. It proposes a pathway forward using an interdisciplinary approach to norm development, combining insights from law and international-relations.

‘Sustainable Fertilizer Delivery Systems using Cellulose Nanofibres Derived from Rice Straw.’

This thesis involves controlled-release nitrogen-based cellulose nanofibers derived from rice straw, which offer an eco-friendly and sustainable solution for efficient nutrient delivery in agriculture. These nanofibres are bonded with nitrogen and gradually released into the soil, thus improving fertilizer efficiency, reducing hazards, and promoting crop growth, making them a promising innovation.

‘The Circular Economy in Construction and Demolition Waste Management: A Stakeholder Engagement Framework.’

This study explored mechanisms to engage project stakeholders in implementing a circular economy to manage construction and demolition waste from the pre-design stage, considering the entire life cycle of construction projects. The findings proposed a stakeholder engagement framework as crucial to advancing circular economy-based construction and demolition waste management.

‘An Evolving United Nations Command and the Korean Security Market.’

This thesis studied the form, function and change of the United Nations Command on the Korean peninsula. It demonstrated the United Nations Command’s transformation from a risk-focused, inclusive security management institution to a hybrid security institution functioning as both a security management institution and a security alliance.

‘Development of a Microperfusion Electrode for Multimodal Neurologic Sampling.’

This research investigates existing microdialysis electrodes for multimodal neurologic sampling. A new microperfusion electrode is described and tested as a platform device for monitoring neurologic disease mechanisms in vivo. This work demonstrates the ability to correlate electrophysiological and neurochemical signals from the brain parenchyma to draw research outcomes that help treat diseases such as refractory epilepsy.

NIKERI Institute

Deakin University is proud to have the largest number of Aboriginal and Torres Strait Islander students of any Victorian university.

The National Indigenous Knowledges Education Research and Innovation (NIKERI) Institute commenced in 1991 and offers programs that are structured around off-campus community-based delivery, supported by on-campus intensive study blocks and complemented by local tutors in their home communities.

This approach to course delivery promotes access and equity for Indigenous Australian students. Students from all areas of the country – rural, remote and metropolitan, and across all age ranges, particularly mature age – are able to undertake studies without compromising their family and community obligations.

In November 2019, the Institute won the prestigious Dreamtime Education Award for 'Education Institute of the Year'.

Evacuation Assembly Points

Costa Hall, Geelong Waterfront Campus

Evacuation procedures

On the sounding of the alert tone:

Beep ... beep ...

- Stand by and wait for further instruction

On the sounding of the evac tone:

Woop ... Woop ... Evacuate Now

- Follow directions of fire warden
- evacuate all occupants
- proceed to the assembly area on instruction of the chief warden
- remain at the assembly area and report any missing persons or personal items.

Do not re-enter the building until the fire brigade declares it safe to do so.

疏散程序

当响起哔... 哔... 警报声时:

- 请准备就绪等候进一步指示

**当响起呜... 呜... 撤离警报声时,
立即撤离:**

- 遵从消防安全员指示
- 全体人员撤离
- 根据消防指挥指示前往集合点
- 停留在集合点, 报告缺失人员或个人物品
