

# Undergraduate Course Guide 2024

Melbourne | Geelong  
Warrnambool | Online

# Why Deakin?

Join a world-class university and be ready to take on tomorrow with confidence. At Deakin, you won't just learn about the future, you'll prepare for it with real-world learning fuelled by progressive thinking. We'll support you to turn your passion into practice, creating innovative solutions for a better world. Choose a practical, industry-shaped course and launch a career with impact.

Top 1% of universities worldwide<sup>1</sup>

#1 Victorian university for graduate employment<sup>2</sup>

#1 Victorian university for educational experience<sup>3</sup>

## Acknowledgement of Country

Deakin University acknowledges the Traditional Custodians of all the unceded lands, skies and waterways on which Deakin students, staff and communities come together. As we learn and teach through virtually and physically constructed places across time, we pay our deep respect to the Ancestors and Elders of Wadawurrung Country, Eastern Maar Country and Wurundjeri Country, where our physical campuses are located. We also acknowledge the many First Nations from where students join us online and make vital contributions to our learning communities.

# Shape your future

## Gain a competitive edge with our state-of-the-art facilities

At Victoria's #1 university for facilities and resources,<sup>2</sup> you'll work with tomorrow's technology today in our inspiring learning environments, where you can:

- prototype ideas with 3D printing
- trade stock in a simulated trading room
- practise advocacy in a moot court
- merge movement and art in our motion-capture lab
- develop hands-on nursing and midwifery skills in our clinical simulation centres
- use a climate chamber to simulate extreme conditions of temperature, humidity, altitude and oxygen levels.

With access to our industry-grade facilities, you'll gain the expertise to transition from course to career by developing the in-demand, real-world skills that employers are looking for.

## Get work-ready with our industry partnerships and work placements

At Deakin, we foster ongoing collaborative partnerships with industry, so you get:

- courses shaped by industry experts and matched to current industry practice
- a well-recognised qualification that stands out to employers.

Our innovative industry networks mean that many of our courses offer:

- workplace internships
- placements
- work-integrated learning programs.

Through workplace learning, you'll earn credit towards your degree while gaining skills, knowledge and professional networks – and get a head start in your future career.

2 Graduate Outcomes Survey 2022, Quality Indicators for Learning and Teaching (QILT), based on overall employment for undergraduate students.

3 2021 Student Experience Survey, Quality Indicators for Learning and Teaching (QILT).

At Deakin, our industry-connected courses and practical approach to learning will help you gain the skills and expertise for a confident transition from course to career.

# Progressive, real-world learning

## Get a world-class education

When you study at Deakin, you're choosing a leading university – ranked in the top 1% worldwide<sup>1</sup> and awarded a five-star rating by the prestigious university ranking organisation, Quacquarelli Symonds (QS). We're leading the way in a range of areas, praised for our cutting-edge facilities and internationally renowned for our research and teaching as well as employability, innovation and inclusiveness. So when you choose Deakin, you'll be ready to take on tomorrow with confidence.

## Learn from leaders in their field

Our outstanding academic staff are active contributors and influencers in their fields, engaging in impactful research that informs real-world issues. They share their passion, skills and knowledge, so you experience innovative, dynamic learning and gain valuable industry insights. This is why we're Victoria's #1 university for teaching quality.<sup>2</sup>

## Join a dynamic, digital community

At Deakin, we're digital innovators. For the past 40 years, we've been perfecting distance and online learning. We use cutting-edge technology to provide personal, collaborative and flexible learning experiences for our students. This includes helping you manage your course requirements, stay in control of your study, improve your skills and connect with your peers and staff, all at the touch of a button.

Connect and learn in a dynamic community of 60,000+ students online and discover why we're Victoria's #1 university for educational experience.<sup>2</sup>

## Sustainability in practice

Sustainability matters to Deakin staff and students for a very simple reason – we care about our shared future. Because of this, we're committed to sustainable initiatives and practices, and focus on our environmental, social and economic sustainability performance.

Driven by these values, our transition to being carbon neutral and using only 100% renewable electricity by 2025 is well underway through initiatives like our 7.25 megawatt Renewable Energy Microgrid at the Geelong Waurin Ponds Campus. We're also at the forefront of developing future energy solutions at Burwood's Battery Research and Innovation Hub. Find out how you can join us in shaping a sustainable world at [deakin.edu.au/sustainability](https://deakin.edu.au/sustainability).

## We'll support your learning

At the #1 Victorian university for student support,<sup>2</sup> you will be encouraged to explore your passions and empowered to succeed. Whether you'd like to improve your study skills or get help with a tricky assignment, there's plenty of support available. Turn to our student mentors, online resources and highly qualified staff.

Through our personalised digital study hub, DeakinSync, you can view your course progress, manage your enrolment and stay up to date with the latest news. You'll find links to everything you need to succeed, from timetabling, referencing and career planning, to study support and wellbeing services.

## Reap the rewards of student life

Getting started at university is a fun and exciting experience, but it's not without its challenges. That's why we lend a hand, assisting you with everything from finding somewhere great to live and getting signed up to Deakin's clubs and societies, right through to helping you connect with your peers – both on and off campus. We can even help with finding a job, student finances, how to get involved at uni, disability support and health services.

### Expand your horizons studying abroad

Get a fresh perspective by joining an international internship, exchange, study tour or volunteer placement. By studying abroad at a Deakin partner university, located in more than 40 different countries, you'll have the opportunity to gain a competitive edge in the workplace and get credit towards your degree. Visit [deakin.edu.au/overseas-study](https://deakin.edu.au/overseas-study) for more information on where your Deakin degree can take you.

'Deakin is one of the world's top universities, which meant that top quality teaching, world class support and highly advanced faculties are guaranteed during my course. The flexibility offered at Deakin through the third trimester is super helpful as well'

**Rijja Malihi**

Bachelor of Arts/Bachelor of Laws student

# Your guide to applying to Deakin

1

## Choose Deakin

2

## Find your course

Browse the Courses at Deakin section of this guide (pages 16–59) or online at [deakin.edu.au](https://deakin.edu.au). Undergraduate courses generally begin in March; some courses also have intakes in July and November.

Check entry requirements, application methods and application dates. Contact us on 1800 693 888 or via [deakin.edu.au/help-hub](https://deakin.edu.au/help-hub) to discuss your options.

3

## Study the way you want

Learning that fits in with your life – check out Deakin’s range of flexible study options on page 6.

4

## Study where you want

Deakin allows you to study where you want, with online learning and access to four physical campuses.

Make the most of what we can offer you and explore our locations in more detail on pages 7–11.

5

## Reach your study goals with our support

Find out all the information and support we provide to understand fees, other study costs, government assistance and scholarships on page 12. There are also many pathways to studying at Deakin – find one that suits you on page 14.

## Achieve your best with our support

At Deakin, we believe that everyone should have access to higher education, regardless of your background or personal circumstances. We also know that it’s hard to sum up someone’s potential in a number. That’s why we look beyond your ATAR to consider how all your talents, qualifications and experience may help you to succeed at university.

You may be the first in your family to apply to uni or you may have experienced challenging personal circumstances – from financial to medical issues. Or perhaps you’ve had to overcome limited access to teaching and learning resources.

Our mission is to encourage and support a diverse group of students – from different geographical areas, socioeconomic backgrounds, cultural groups, family circumstances and personal situations. We have a range of access schemes to recognise your hard work and set you on the path to success at university.

Rest assured – when you apply to Deakin, we’ll look at the whole picture. Learn more at [deakin.edu.au/access-equity](https://deakin.edu.au/access-equity).

Applying for your undergraduate course at Deakin couldn't be easier. Follow the steps below to make the process as simple as possible.

6

## Let us help you apply

Whether you've just finished Year 12 or you haven't studied for a number of years, you'll find a Deakin course or pathway that's right for you.

Generally, applicants are considered either as a recent secondary education applicant or a non-Year 12 applicant, depending on your highest level of educational attainment.

### Recent secondary education applicant Y12

- Current Year 12 student in 2023<sup>1</sup>
- Completed Year 12 in 2022 or 2021.<sup>1</sup>

### Non-Year 12 applicant NY12

- Applicants with higher education study
- Applicants with VET study
- Applicants with work and life experience
- Applicants who completed Year 12 in 2020 or earlier.

For more information on admission requirements and to understand the type of applicant you are, visit [deakin.edu.au/how-to-apply](https://deakin.edu.au/how-to-apply).

## It's important to understand the entry requirements

Make sure you understand the entry requirements for your chosen course by reading the course webpage carefully.

In addition to your academic performance or professional experience, some courses may also require:

- prerequisite subjects or equivalent
- a minimum ATAR requirement or equivalent
- English language requirements
- other special criteria.

Whether it's to complement your course application or to meet an equivalent standard to prerequisites or the ATAR, you may also be required to complete one or more of the following:

- a personal statement
- specified entrance tests
- non-academic assessments (for teaching courses)
- a supplementary information form
- an audition
- an interview
- a folio presentation.

For an explanation of key terms, please refer to pages 60–62.

For the full details of the entry requirements of each course, visit the individual course webpage listed in this guide's course table.

If you need further assistance, call 1800 693 888 or visit [deakin.edu.au/help-hub](https://deakin.edu.au/help-hub).

## Gather the supporting documents you'll need

When you apply directly to Deakin as a non-Year 12 applicant, it's important to attach any requested supporting documentation, which could include a CV, academic transcripts, specified entrance test results or a personal statement – otherwise, your application might be delayed. We recommend gathering all this documentation before you start the application process, so that you can complete it in one sitting. However, you can save and return to your application at a later time, if required.

## Apply online – through VTAC or Deakin's applicant portal

Depending on your course, you might be able to start in Trimester 1 (March), Trimester 2 (July) or Trimester 3 (November).

If you're a recent secondary education applicant, you should submit your application for Trimester 1 through VTAC ([vtac.edu.au](https://vtac.edu.au)).

For many courses, if you're a non-Year 12 applicant, applying for Trimester 1 for one Deakin course only, you can apply direct to Deakin.<sup>2</sup> Otherwise if applying for more than one course, you should apply through VTAC.

Applications for Trimesters 2 or 3 should be made directly via the Deakin Application Portal at [apply.deakin.edu.au](https://apply.deakin.edu.au).

## When can I expect an offer?

VTAC information about dates and offers is available on the VTAC website, [vtac.edu.au](https://vtac.edu.au). For Trimester 1,<sup>3</sup> Deakin makes offers across the VTAC rounds – in November, December, January and February.

For applications made direct to Deakin, offers are made via email within a few days. Timing may vary depending on the course, time of year and whether the applicant information was supplied correctly.

## How do I defer my studies?

Need to take time off to work or travel before starting your ultimate course and career? It's easy to defer your studies at Deakin – most courses let you postpone your studies while retaining your Deakin place for up to two years.

Visit [deakin.edu.au/enrolment](https://deakin.edu.au/enrolment) for information on offers, deferring and more.

<sup>1</sup> Includes Victorian, interstate, International Baccalaureate (IB) and New Zealand school leavers.

<sup>2</sup> Conditions apply. Visit [deakin.edu.au/how-to-apply](https://deakin.edu.au/how-to-apply) for current information.

<sup>3</sup> Some courses in Deakin's Faculty of Health and Faculty of Science, Engineering and Built Environment are offered by semester. Semester 1 runs from February to June; Semester 2 runs from July to November. See the course table or visit [deakin.edu.au/courses](https://deakin.edu.au/courses).

# Study the way you want

## Learning that fits in – study full time or part time

At Deakin, we give you the flexibility to study when and how you want, so you can fit your studies into your busy life.

For most courses you can switch between part-time and full-time study, and set your own pace throughout your education.

This means if things change, you're not locked into a study commitment that no longer suits you.

You're considered a full-time student if you're enrolled in three or more units in a trimester. Any fewer, and you're considered a part-time student.

## Study when you're ready

Deakin has three study periods during the teaching year. This gives you more choice and flexibility when starting your degree and can even help you fast-track your study by taking extra units throughout the year.

Some students take a trimester off to work or travel, then catch up later. You can also spread your study load to fit your studies around your lifestyle.

Deakin's trimesters run from:

- March to June (Trimester 1)
- July to October (Trimester 2)
- November to February (Trimester 3).

Trimester 3 is optional and subject to availability of units.

Visit [deakin.edu.au/flexible-study](https://deakin.edu.au/flexible-study) to find out more about your study options at Deakin or check [deakin.edu.au/courses](https://deakin.edu.au/courses) to see what intakes are available for your course.

## Online or on campus – choose what works for you

For many of our courses, you can choose to study on campus or entirely online, or select a combination of on-campus and online units. Create a study schedule that works for you and achieve your goals on your terms. Whatever combination you choose, you'll be supported with materials, tools, resources and programs to enhance your learning and build your path to success.

## Studying safely

At Deakin, we want our community to be confident experiencing life on campus, whether it be for lectures, seminars, hands-on learning activities, clubs or just enjoying our cutting-edge facilities. For the most up-to-date information about teaching and learning on campus, please visit [deakin.edu.au/covidsafe](https://deakin.edu.au/covidsafe).

## Support services

Whether you are studying online or on campus, you get support every step of the way at Deakin, Victoria's #1 university for student support.<sup>1</sup> For job advice, our career service can help. For health or mental wellbeing services, healthcare professionals are on hand. From 24/7 assignment feedback to disability support, we take care of your needs so you can enjoy life at university.

# Study where you want

## Online study

### ► Australia's leading online education provider

Digital is in Deakin's DNA. For the past 40 years, we've been perfecting distance and online learning. Our premium interactive platform ensures you'll enjoy the same practical and applied learning benefits as on-campus learning, just with extra flexibility. Connect and learn in a dynamic community of 60,000+ students online and discover why we're Victoria's #1 university for educational experience.<sup>1</sup>

### ► Vibrant and virtual

When you study online at Deakin, you will benefit from our premium online learning platform to access lectures, seminars and resources. Depending on the unit, you can participate in live-streamed seminars and class discussions, access content, chat with academic staff and students, and submit assignments. Our innovative technology brings the classroom to you, so you'll have the tools and flexibility to balance your study with work and personal commitments.

### ► Extensive online support

Mastering your studies requires ambition, independence and organisation. We offer a range of online support, including:

- orientation sessions
- tailored support services
- digital study planners and time-management tools
- 24/7 access to library resources
- IT assistance from Australia's top-rated tech support.<sup>2</sup>

### ► Personalised online learning portal

DeakinSync will make your transition to online study a smooth one. It's your campus, online, where you'll find everything you need to manage your enrolment, access your course material, connect with support services, visit the library and plan your career.

### ► Welcome on campus

Studying online gives you unlimited access to our premium online learning platform. If you live near one of Deakin's campuses, you're always welcome there too. Make the most of our fast, free wi-fi, use our study facilities and connect with staff and students.

### ► Connect with others

Studying online is accessible and flexible, enabling you to connect with other students for study, support and socialising. Connect with your peers through discussion boards, moderated social media groups, Deakin Buddies app and Deakin University Student Association groups and join a thriving online learning community.

# Study where you want

## Melbourne Burwood Campus

### ► A stunning and spacious campus with state-of-the-art facilities

A 30-minute drive from Melbourne's bustling CBD, Deakin's Melbourne Burwood Campus is our busiest campus, with approximately 27,000 students.

Set in a leafy suburb with plenty of open spaces and parks, the campus includes architecturally impressive buildings and outstanding facilities, including:

- a professional motion-capture lab
- dance, drama, visual arts, photography, design and television studios
- the Phoenix Art Gallery
- food and nutrition labs
- recently expanded \$5.5 million nursing and midwifery clinical simulation centre
- IT gaming facilities
- a simulated foreign-currency trading floor
- a moot court
- a specialised state-of-the-art indoor exercise and sport science facility.

### ► Enjoying campus life

Burwood students love the relaxed suburban atmosphere and huge choice of learning and social spaces.

Enjoy cafes and food outlets, a bookshop and merchandise shop, medical centre, gallery, fitness centre, great study spaces and much more.

The campus sits alongside parkland, which is ideal for cycling, walking and jogging, and is easily accessible via cycling paths, public transport or car.

### ► Living on campus

Bordered by picturesque parkland, the accommodation at our Melbourne Burwood Campus is home to 1175 students. With a great mix of state-of-the-art contemporary student housing and traditional village living, accommodation options range from private bedrooms in large unit complexes to private studio apartments.

Living on campus in Burwood means you'll have lots of places to study, enjoy a break, or catch up with friends, including:

- collaborative study zones
- large common areas with fully equipped kitchen, lounge spaces and a theatre room for movie nights
- outdoor BBQ areas, a rooftop terrace and landscaped gardens
- multipurpose recreational rooms with pool tables and table tennis.

[deakin.edu.au/live](https://deakin.edu.au/live)

### ► Living near campus

The closest suburbs to our Melbourne Burwood Campus are Burwood East, Box Hill South, Camberwell and Ashburton.

From Melbourne's CBD it takes about an hour to get to campus via train, bus or tram (the tram stop is on Burwood Highway, right in front of the campus). Alternatively, you can get to Burwood in just half an hour by car, or even cycle to campus.

To find accommodation near campus, visit [accommodation.deakin.edu.au/off-campus](https://accommodation.deakin.edu.au/off-campus) – our online database of rooms, houses and apartments for rent.

[deakin.edu.au/burwood](https://deakin.edu.au/burwood)

The Melbourne Burwood Campus has an inspiring mix of innovative learning facilities and leafy green surrounds.

## Why live at Deakin?

Feel safe, connected and supported with a move into Deakin Res, a home where you can embrace new experiences, and have the entire Deakin experience within your reach.

**Connected** – You'll join a community of like-minded students and have 100+ activities and events to choose from to help you settle in, have fun and make lifelong friends.

**Convenient** – Affordable, modern accommodation with high-speed internet, fixed-rate utilities, common rooms and study areas – just steps from campus facilities.

**Safe and supported** – You'll feel at home in no time, with carefully selected residential leaders, plus a 24/7 onsite team dedicated to creating a living environment that's healthy, secure and supportive.

Choosing to live on campus at Deakin could be one of the best decisions you'll make. [deakin.edu.au/live](https://deakin.edu.au/live)

## Getting to Geelong

By ferry, train or car – travelling to Geelong is quick and easy. From Docklands, a daily ferry takes 90 minutes, or by the regional rail link from Southern Cross station, you'll be there in close to an hour.

If you're driving from Melbourne's west, you might find your commute's only an hour.

## Geelong Waterfront Campus

### ► Study world-class courses overlooking stunning Corio Bay

Founded in 1994, our Geelong Waterfront Campus is right on Corio Bay, in the heart of Geelong. Originally built as wool stores in the 19th century, the buildings have been extensively renovated, creating a modern, impressive campus.

Geelong is the second-most populated urban area in Victoria (after Melbourne), with a population of more than 250,000 people.

One of the world's most beautiful coastal drives, the Great Ocean Road, is just 30 minutes away, complete with famous surf beaches and the occasional whale sighting.

With more than 4200 students, the campus boasts a number of state-of-the-art facilities, including:

- A+B studio and gallery
- nursing and midwifery clinical simulation centre
- Occupational Therapy Learning Hub featuring assistive SMART technology
- design, photography and visual arts studio spaces
- The Project Space art gallery.

### ► Living on campus

In the heart of Geelong's CBD, our waterfront residence, Brougham House, is located next door to Deakin's Waterfront Campus, moments from Geelong's spectacular Eastern Beach. It offers more than 400 bedrooms in five- to nine-bedroom shared apartments across 10 floors; 33 studio apartments are also available within Geelong's iconic T&G House.

Living on campus at Geelong Waterfront gives you access to lots of shared places to study, relax, or catch up with friends, including:

- large recreation rooms with a fully equipped kitchen, seating area, pool tables and table tennis
- movie room
- communal study areas
- outdoor BBQ area on a rooftop terrace overlooking the bay.

[deakin.edu.au/live](https://deakin.edu.au/live)

### ► Living near campus

If you live centrally, you'll be very close to your classes. If you live further from the city centre, it's easy to get to campus by car, bike or public transport. A free shuttle service also runs between the Waterfront and Waurin Ponds campuses every weekday.

To find accommodation, visit [accommodation.deakin.edu.au/off-campus](https://accommodation.deakin.edu.au/off-campus) – our online database of rooms, houses and apartments for rent.

[deakin.edu.au/waterfront](https://deakin.edu.au/waterfront)

# Study where you want

## Geelong Waurm Ponds Campus

### ► First-class facilities close to Australia's best surf beaches

You get the best of both worlds at our Geelong Waurm Ponds Campus. More than 7300 students access world-class programs and superb facilities, while enjoying the relaxing, regional environment.

Geelong is on a bay and close to some of Australia's best surf beaches, with diving and recreational fishing all on offer. The campus itself is approximately 9km from the Geelong CBD.

On campus, outdoor areas and spacious new buildings are perfect for socialising and studying. Advanced, hands-on learning environments include:

- a state-of-the-art engineering precinct and modern science labs
- the Nyaal immersive learning precinct, a cutting-edge, interactive learning space with a 360-degree theatre, collaborative think tank and event space.

There are also incredible sport facilities, as the campus is home to Deakin's Elite Regional Sports Precinct, which includes:

- an MCG-sized AFL oval
- a FIFA-grade soccer pitch
- an eight-lane 400-metre athletics track
- an outdoor basketball court.

A DeakinACTIVE fitness centre, complete with premium gym equipment, workout studios and group fitness classes, is also available.

### ► Living on campus

The Geelong Waurm Ponds Campus offers townhouses, units and apartments for more than 1070 students, with a modern precinct featuring 32 double-storey townhouses. Communal facilities include a village green, a town hall for gatherings and events, study areas and common rooms with pool tables, table tennis and theatre room. Close to classes and our sporting grounds, living on campus also gives you exclusive access to residential programs. With a focus on health and wellbeing, social, academic, arts and culture, and leadership, these programs help you to connect in a supportive environment and balance your study and social life.

[deakin.edu.au/live](https://deakin.edu.au/live)

### ► Living near campus

The Geelong Waurm Ponds Campus is a 20-minute drive from the centre of Geelong, so living centrally means you'll never be far from your classes. Other nearby suburbs include Belmont, Grovedale, Wandana Heights and Highton.

You can access the campus by car, train, or the free shuttle bus that runs between our two Geelong campuses – and Melbourne is just an hour away.

To find accommodation near campus, visit [accommodation.deakin.edu.au/off-campus](https://accommodation.deakin.edu.au/off-campus) – our online database of rooms, houses and apartments for rent.

[deakin.edu.au/waurm-ponds](https://deakin.edu.au/waurm-ponds)

## Join the club

Whether you want to be a champion table tennis player, jam with other musicians or play endless boardgames, Deakin has a group for you.

With more than 120 clubs and societies across our campuses and online, you'll find everything from sports, health and personal development clubs to academic, religious, and course-specific groups.

Reap the rewards of your time at Deakin: meet new people, try new things, share your skills and discover your hidden talents.

[deakin.edu.au/clubs-and-societies](https://deakin.edu.au/clubs-and-societies)

With world-class facilities, an elite sporting precinct and vast green spaces, the Geelong Waurm Ponds Campus offers an inspiring learning environment.

Deakin's scenic Warrnambool Campus is home to cutting-edge facilities and a relaxing regional environment.

## Warrnambool Campus

### ► Join a friendly, close-knit community

Three hours from Melbourne and two hours by car from Geelong, Warrnambool is roughly 250km south-west of Melbourne and has a population of more than 35,000.

The Warrnambool Campus is set on the banks of the Hopkins River, approximately 5km from Warrnambool's CBD. The campus has an adjacent railway station and bus services, and is easily accessed via the Princes Highway.

With around 500 students, this scenic regional campus offers a welcoming community environment.

The campus boasts state-of-the-art facilities, including:

- a nursing and midwifery clinical simulation centre
- the Aquaculture Futures Facility
- Deakin's research vessel *Yolla*.

### ► Living on campus

Deakin's Warrnambool Campus offers more than 250 studio apartments and shared units, just metres from the Hopkins River and close to local surf and fishing hot spots.

Living on campus in Warrnambool means you're part of a thriving and inclusive residential community, giving you access to exclusive residential programs and shared spaces including a waterfront rooftop area, communal kitchen and dining area, study zones and a produce garden.

[deakin.edu.au/live](https://deakin.edu.au/live)

### ► Living near campus

Warrnambool is an increasingly popular tourist destination, with historic buildings, beautiful waterways, surf beaches and a whale-watching centre.

Living off campus is a great and affordable way to get to know the town and wider community while you're studying.

Visit [accommodation.deakin.edu.au/off-campus](https://accommodation.deakin.edu.au/off-campus) – our online database of rooms, houses and apartments for rent.

[deakin.edu.au/warrnambool-campus](https://deakin.edu.au/warrnambool-campus)

## National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute

Offering community-based education programs, the NIKERI Institute gives Aboriginal and Torres Strait Islander Australians the flexibility to access higher education while maintaining family, work and community commitments.

The approach to course delivery includes a combination of study intensives and distance education options that promote access and equity for Aboriginal and Torres Strait Islander students. This approach also creates a close-knit learning community, as well as an inspiring and supportive learning environment away from home.

[deakin.edu.au/nikeri](https://deakin.edu.au/nikeri)

### ► Staying on campus

During study intensives, the Kitjarra student residences are available to the Institute's students. Kitjarra is just a short walk from the Institute's academic building at the Geelong Waurn Ponds Campus, and is a convenient and comfortable option for study and accommodation.

[deakin.edu.au/kitjarra](https://deakin.edu.au/kitjarra)

# Reach your goals with Deakin's support

## Fees

We understand fees can play a big part in your decision to go to university. At Deakin, we're here to support you every step of the way.

Tuition fees at Deakin vary depending on the course you choose, the type of student you are and whether you're eligible for recognition of prior learning.

As a domestic undergraduate student, you'll be enrolled in either a Commonwealth Supported Place (CSP) or a fee-paying place. Depending on which kind of course you're enrolled in, you'll pay a different amount towards the cost of your tuition fees. An Australian Commonwealth supported undergraduate student at Deakin in 2023 can expect to pay between \$4124 and \$15,142 for 8 credit points of study. These fees will change for 2024.

If you're an eligible student, you can apply for a loan via the Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP), plus you may be able to access a range of government financial assistance programs, such as Youth Allowance and Austudy.

### ► Study-related costs

There may be a number of costs other than tuition fees that you need to factor in when you study at university. Additional costs to consider also include living and transport costs and course-related expenses such as computer equipment, books and reading materials, and special equipment or clothing (if relevant to your course).

[deakin.edu.au/study-related-costs](https://deakin.edu.au/study-related-costs)

## Government assistance

### ► Commonwealth Supported Place

If you're an Australian citizen, holder of a permanent humanitarian visa, permanent resident or New Zealand citizen and meet Australia's residency requirements, you'll be eligible for a Commonwealth Supported Place (CSP) for a bachelor course at Deakin. The Australian Government subsidises a CSP by paying part of the fees directly to the University, making your education more affordable and accessible.

If you're a student enrolled in a CSP, you're only required to contribute part of the cost of your course through 'student contributions'. The cost of your course will depend on the units you study.

### ► HECS-HELP Loan

The Australian Government scheme, HECS-HELP, is a loan scheme for eligible students enrolled in a CSP.

Under the HECS-HELP loan scheme you can defer all of your tuition fees or make an upfront payment. The HECS-HELP loan covers the student contribution part of your student fees. You'll begin paying back your loan to the Australian Taxation Office once you start earning over the minimum income threshold.<sup>1</sup>

Deakin University is subject to Australian Government legislation. As such, legislative changes can occur and may impact your HECS-HELP eligibility. For more information on eligibility requirements, please visit [studyassist.gov.au](https://studyassist.gov.au) or [deakin.edu.au/fee-payment-assistance](https://deakin.edu.au/fee-payment-assistance).

<sup>1</sup> The compulsory repayment threshold for the 2022–23 income year is \$48,361.

## Values shaping our learning community

Deakin values diversity, embraces difference and strives to promote social inclusion, delivering a range of services and programs to facilitate this.

- Through the Sexual Harm Prevention program, Deakin seeks to promote respectful behaviour and to shift the gendered drivers of violence that underpin both sexual harm and gender inequality.
- Deakin's LGBTIQ+ community supports the visibility and culture of the community. [deakin.edu.au/lgbtiq](https://deakin.edu.au/lgbtiq)
- The National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute supports a national educational program linking Aboriginal and Torres Strait Islander secondary school students to universities.

You can find out more about Deakin's values at [deakin.edu.au/values](https://deakin.edu.au/values). To learn about the services and programs we run to create a diverse, equitable and inclusive university culture, visit [deakin.edu.au/diversity-and-inclusion](https://deakin.edu.au/diversity-and-inclusion).

'This scholarship has helped me get the best out of myself on both an intellectual and personal level. It's encouraged me to pursue opportunities to develop and improve my character, and it's helped me find professional success through networking.'

Vice-Chancellor's Academic Excellence Scholarship recipient

## Scholarships

A Deakin scholarship is more than a simple financial boost – it sets you on the pathway to success at university. It's a great opportunity to stand out from your peers and is an excellent feature on your resume.

We offer scholarships for many situations, whether you've experienced disadvantage and/or achieved academic merit. Awarding a Deakin scholarship is our chance to acknowledge and reward your accomplishments and hard work.

You could be eligible for a number of scholarships during your time at Deakin. Use our online search tool to help you find out what scholarships you could be eligible to apply for at [deakin.edu.au/find-a-scholarship](https://deakin.edu.au/find-a-scholarship).

Also check out [deakin.edu.au/tips-for-your-application](https://deakin.edu.au/tips-for-your-application) to read our top tips for completing a scholarship application.

## Financial support

Deakin offers a range of financial assistance services. If you're experiencing financial difficulties, you might also be eligible for an interest-free student loan for study-related expenses or financial counselling.

To find out more about different financial support options, visit [deakin.edu.au/financial-assistance](https://deakin.edu.au/financial-assistance).

## Deakin Accelerate for VCE students

Deakin Accelerate is a distinctive VCE extension studies program offering high-achieving students university-level learning opportunities to boost your ATAR and fast-track your university studies. In this program, you'll complete two first-year university units at the same time as your Year 12 studies. You'll study one unit per trimester, alongside first-year university students, completing your units either on campus at one of Deakin's four vibrant locations, or through our innovative online learning environment. It's a great way to get a taste for the exciting adventure that's to come.

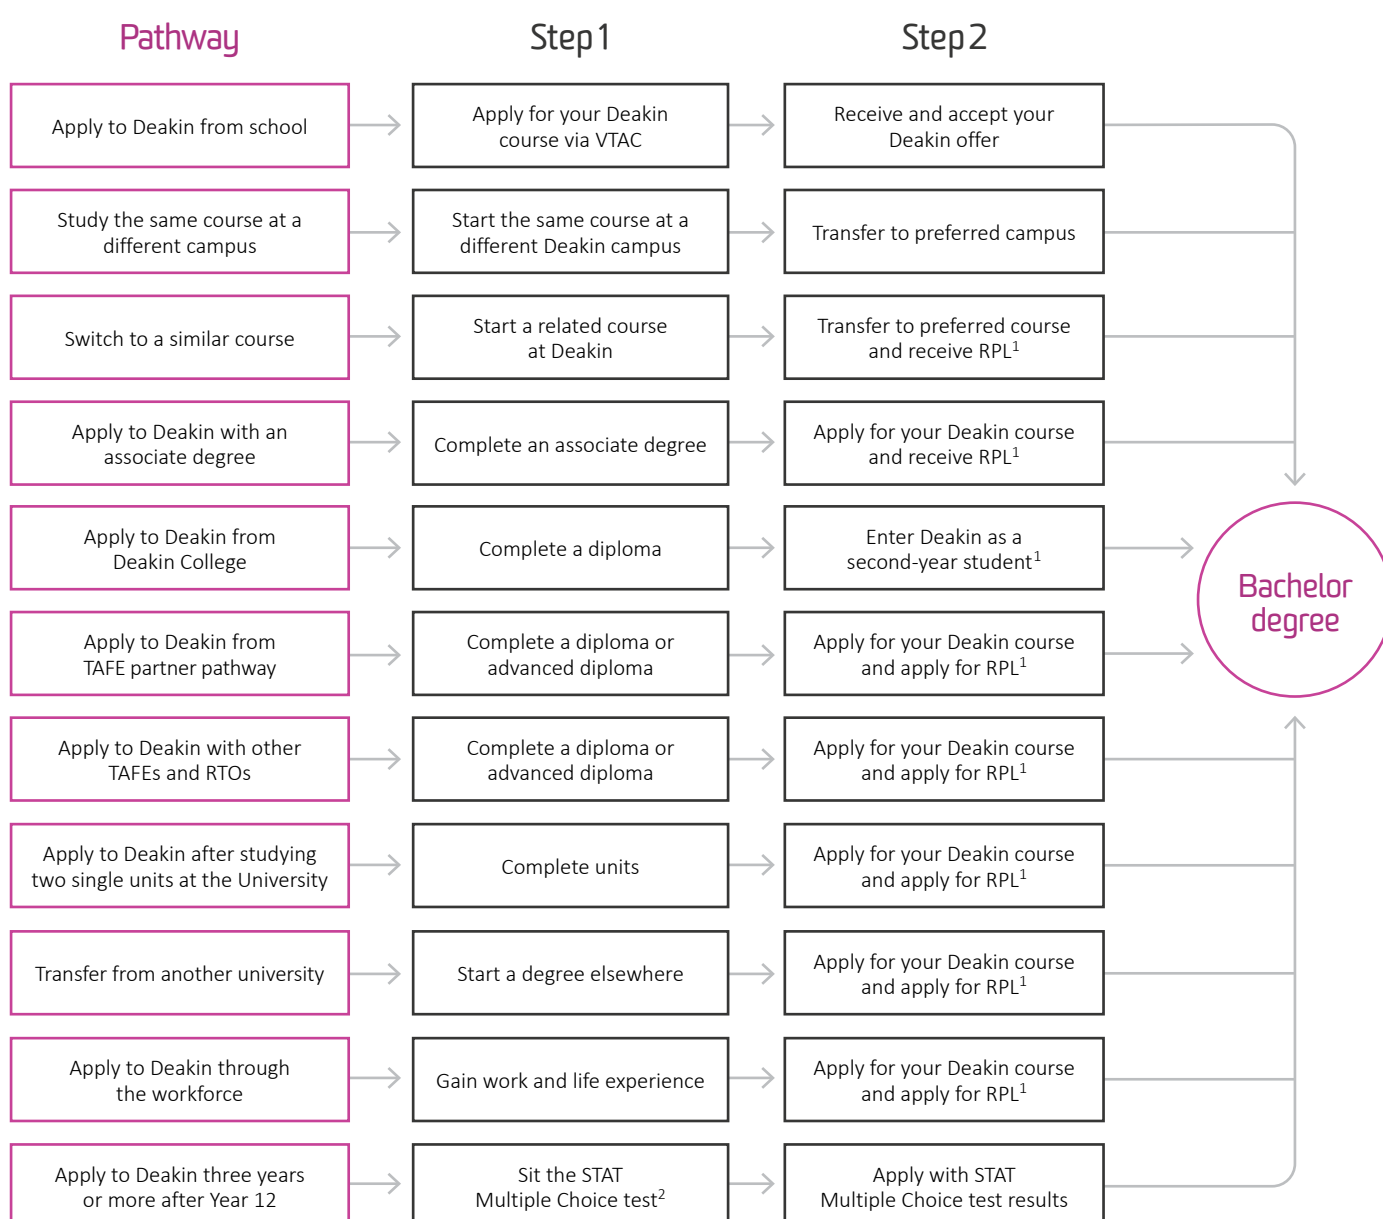

[deakin.edu.au/accelerate](https://deakin.edu.au/accelerate)

# Find your pathway to Deakin

## Try our Pathways Finder tool

There are many different ways you can get into an undergraduate course at Deakin. Whether you get the ATAR you hoped for or not, we'll make sure your hard work is rewarded with a pathway to university. Try our Pathways Finder tool and explore the options that might be available to you at [deakin.edu.au/pathways-finder](https://deakin.edu.au/pathways-finder) or call us on 1800 693 888.

▶ Having study pathway options means you can reach your career goals in a number of ways.

<sup>1</sup> Subject to availability, meeting course entry requirements or minimum academic requirements. Recognition of prior learning (RPL) reviewed upon application.

<sup>2</sup> STAT MC test is an applicable entry test for selected courses; see [vtac.edu.au](https://vtac.edu.au) for more information.

## Pathways through Deakin

We believe your hard work should be rewarded with opportunities. Taking a pathway through Deakin means you get to start the Deakin experience sooner, beginning and completing your studies with us.

### ► Transfer between campuses<sup>1</sup>

Start your course at a campus with a lower ATAR requirement, then transfer to your desired campus after the first year.

### ► Transfer between courses<sup>1</sup>

Apply to study a course with similar subjects or majors, but a lower ATAR, and use this as a pathway into your ideal course.

### ► Complete an associate degree<sup>1</sup>

A Deakin associate degree in arts or education offers a highly supportive learning environment and gives you a direct, guaranteed pathway to an arts, criminology or primary education bachelor degree. Find out all the details at [deakin.edu.au/associate-degrees](https://deakin.edu.au/associate-degrees).

### ► Undertake single unit (non-award) study

If you're looking to gain knowledge in a professional or personal area of interest, consider studying one of Deakin's single units. You get to satisfy a particular passion, and what's more, as one pathway option to Deakin, single units can count towards a degree.

## Pathways through Deakin College

A Deakin College diploma offers a pathway to enter Deakin as a second-year student<sup>1</sup> in selected undergraduate degrees.

[deakincollege.edu.au](https://deakincollege.edu.au)

## Pathways through TAFE

Deakin partners with the country's best TAFE institutions to offer a guaranteed entry program into a range of undergraduate degrees. Our partners include:

- Bendigo TAFE
- Box Hill Institute
- Chisholm Institute
- The Gordon
- Kangan Institute
- South West TAFE
- TAFE NSW.

[deakin.edu.au/TAFE](https://deakin.edu.au/TAFE)

## Pathways through other institutions

If you're currently studying at another university and would like to apply for entry into Deakin to finish your degree, you can apply for recognition of prior learning (RPL) for your previous study.

[deakin.edu.au/rpl](https://deakin.edu.au/rpl)

## Pathways through the workforce

Don't let your previous experience go to waste. Deakin students come from all walks of life – not everyone goes straight to university after finishing high school. You might be able to gain entry to Deakin and/or credit towards a Deakin course based on your work experience or prior industry training.

[deakin.edu.au/pathways](https://deakin.edu.au/pathways)

<sup>1</sup> Subject to availability, meeting course entry requirements or minimum academic requirements. Recognition of prior learning (RPL) reviewed upon application.

## Can we help you find your pathway into university?

There are more pathways to university than you might think. In fact, each year almost 7000 students take a non-traditional path to pursuing their dream career. We have a great team at Deakin, ready to help you find your pathway into university. Give us a call on 1800 693 888 or visit [deakin.edu.au/help-hub](https://deakin.edu.au/help-hub) to discuss your options.

'I felt that studying at TAFE gave me a head start with my transition to university. By studying a diploma at TAFE, I was well prepared for university study, developing the skills required to succeed in my bachelor degree at Deakin.'

### Chloe Daws

Bachelor of Environmental Science (Wildlife and Conservation Biology) graduate

# Courses at Deakin

The following pages outline key details for each of Deakin's undergraduate and related degrees. Courses are featured according to the study areas listed here. Course names and codes are included, as well as brief course overviews, major areas of study, careers and everything you need to know about getting into each course. Find out more about these study areas and the courses available at **deakin.edu.au**.

Not sure where to start? Speak to one of our friendly staff on 1800 693 888 to discuss your options or visit **deakin.edu.au/help-hub**.

- 
- 18 Architecture and construction management
  - 20 Arts, humanities and social sciences
  - 26 Business
  - 32 Communication, creative arts and design
  - 34 Engineering
  - 36 Environment
  - 38 Health
  - 42 Information technology
  - 46 Law
  - 48 Medicine
  - 49 Nursing and midwifery
  - 51 Psychology
  - 53 Science
  - 56 Sport
  - 58 Teaching

## Orientation and getting started

Nervous about starting university? There's no need to be – we've got everything in place to help you through the process. Check out our handy online checklist at **deakin.edu.au/getting-started** for what to prepare before you start at Deakin and learn everything about enrolment, orientation and your course.

## Already know what study areas spark your interest?

Deakin produces a range of booklets to help you choose the right course for your future career.

You can download copies of these booklets by scanning the QR code below, or to request copies, phone 1800 693 888 or contact us via **deakin.edu.au/help-hub**.

Scan to explore

# Key terms for choosing your course

## Campus

Deakin has four campuses, plus our premium online learning platform.

- Melbourne Burwood Campus **B**
- Geelong Waterfront Campus **WF**
- Geelong Warrnambool Campus **WP**
- Warrnambool Campus **WB**
- Online **O**

Some courses are also available at the NIKERI Institute **NIK**.

Find out more at [deakin.edu.au/nikeri](https://deakin.edu.au/nikeri).

Some courses run across multiple campuses; these are indicated in the course table in the following manner: e.g. **WP**/**WF**.

## ATAR and lowest selection rank

The ATAR is a rank from 0 to 99.95. It indicates a student's performance in relation to other students.

The ATAR is calculated by using an aggregate produced by adding:

- scaled study score in English, English Language, Literature, or English as an Additional Language (EAL)
- the best three VTAC scaled study scores, and
- 10% of the fifth and sixth scores that are available.

Adjustments applied via Educational Access Schemes don't change the ATAR, they change an applicant's selection rank for a course that the applicant has listed as a preference. This results in the applicant moving up the course selection list. It also means that an applicant's selection rank can be different for each course listed in their course preference list.

If the applicant is allocated sufficient adjustments, the applicant might receive an offer for a course even though their ATAR is below the published lowest selection rank.

### ► ATARs in this guide

As per Australian Government guidelines, the ATAR published in this guide is the lowest 'adjusted selection rank' for which an offer was made in 2023 at the time of publication of this guide. The 'selection rank and its corresponding ATAR' is an applicant's ATAR, plus any adjustments applied. Where an ATAR is designated as 'NP', it indicates that the ATAR is not published. The course is still available at this location, but the lowest selection rank of an applicant to which an offer was made isn't available.

Deakin operates an open and transparent admissions process; visit the VTAC course search at [vtac.edu.au](https://vtac.edu.au) or [deakin.edu.au/find-a-course-by-atar](https://deakin.edu.au/find-a-course-by-atar) for an ATAR profile of all Deakin courses.

## Course duration

This is the length of the course in years, based on completing the course full time (a total of 8 credit points or typically eight units per year). Options to fast-track your degree or study part time may also be available. Find out by searching for your course at [deakin.edu.au/courses](https://deakin.edu.au/courses).

## Entry requirements

The course table outlines the entry requirements for recent secondary education applicants and non-Year 12 applicants.

### ► Recent secondary education applicants **Y12**

- Current Year 12 students (2023)<sup>1</sup>
- Year 12 graduates (2022 and 2021).<sup>1</sup>

### ► Non-Year 12 applicants **NY12**

- Applicants with higher education study
- Applicants with Vocational Education and Training (VET) study
- Applicants with work and life experience
- Applicants who completed Year 12 in 2020 or earlier.

For more information on entry requirements and to learn about the type of applicant you are, visit [deakin.edu.au/how-to-apply](https://deakin.edu.au/how-to-apply). You can also call us on 1800 693 888 to discuss your options.

## Trimester intake

Most courses start in Trimester 1 (March to June). The course entry indicates whether you have the option to begin your studies in Trimester 2 (July to October) or Trimester 3 (November to February). Not all units are offered in every trimester or on every campus of enrolment. Some courses in Deakin's Faculty of Health and Faculty of Science, Engineering and Built Environment are offered by semester. Semester 1 runs from February to June; Semester 2 runs from July to November. Check each course at [deakin.edu.au/courses](https://deakin.edu.au/courses) for the most up-to-date intake information.

## Fees

The fees listed are 2023 indicative fee rates for students enrolled full time in the first year of studies in a Commonwealth Supported Place (CSP). The Australian Government offers a subsidy for students enrolled in a CSP by paying part of their fees directly to the University. The fees listed are the indicative amount you'll need to pay for one year of full-time study (8 credit points) and are subject to change. The fees displayed do not include the Student Services and Amenities Fee or course-related equipment costs. Visit [deakin.edu.au/fees](https://deakin.edu.au/fees) for up-to-date information.

1 Includes Victorian, interstate, International Baccalaureate (IB) and New Zealand school leavers.

<b>Diploma of Arabic</b> <a href="http://deakin.edu.au/course/A221">deakin.edu.au/course/A221</a> <sup>3</sup> <b>A221</b> <b>3PT</b> T1 <b>Campus:</b> <b>O</b> <b>B</b>	Deakin's Diploma of Arabic is an award-winning program that will give you a leading edge in a range of exciting careers. Through it, you'll sharpen your Arabic communication skills and gain fluency by taking part in activities across a range of topics focusing on grammar, lexicons, vocabulary and sentence structure. You'll also learn about cultural, historical sociolinguistic and political dimensions of the societies and cultures that make up the Arabic speaking world.	Expand your employment options to exciting positions in the Arab Gulf States, the Middle East and North Africa.  Open doors to better career opportunities in: the arts, business or trade, diplomacy or security, education, foreign policy, health, international development, IT or engineering, as well as sciences.	<b>Y12</b> <sup>8</sup> VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). <b>NY12</b> <sup>9</sup> As for Year 12 or equivalent; see webpage for further information.  Applicants who wish to undertake the Diploma of Arabic concurrently with another degree must apply through VTAC for a place in the degree and, once enrolled, subsequently apply with the faculty for the Diploma of Arabic.	\$4124
<b>Diploma of Chinese</b> <a href="http://deakin.edu.au/course/A222">deakin.edu.au/course/A222</a> <sup>3</sup> <b>A222</b> <b>3PT</b> T1 <b>Campus:</b> <b>O</b> <b>B</b> <b>WP</b>	Mandarin Chinese is the most widely spoken native language globally. By learning to speak Mandarin, you can communicate with millions of Chinese speaking people around the world. In the Diploma of Chinese, you'll gain the linguistic skills, as well as the essential cultural, historical and social perspectives to give you a leading edge in a range of exciting careers. Develop proficiency in spoken and written Chinese by taking part in activities across a range of topics focusing on grammar, vocabulary and sentence structure. You are also encouraged to select complementary units related to China and Asia in international relations, Australian studies, history, language and culture studies.	The Diploma of Chinese equips you with transferable language skills that will give you a competitive edge and expand your employment options in Australia and places like China, Taiwan and Hong Kong.  Adding an international aspect to your degree can open doors to better career opportunities in: the arts, business or trade, diplomacy or security, education, foreign policy, health, international development, IT or engineering, as well as sciences.	<b>Y12</b> <sup>8</sup> VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). <b>NY12</b> <sup>9</sup> As for Year 12 or equivalent; see webpage for further information.  Applicants who wish to undertake the Diploma of Chinese concurrently with another degree must apply through VTAC for a place in the degree and, once enrolled, subsequently apply with the faculty for the Diploma of Chinese.	\$4124
<b>Diploma of Indonesian</b> <a href="http://deakin.edu.au/course/A223">deakin.edu.au/course/A223</a> <sup>3</sup> <b>A223</b> <b>3PT</b> T1, T2 <sup>10</sup> <b>Campus:</b> <b>O</b> <b>B</b> <b>WP</b>	Today, Indonesia is an attractive destination for international businesses, and has grown in global importance economically, politically and culturally. As Australia's closest Asian neighbour and one of the largest countries, opportunities exist for graduates with knowledge of Indonesian language and intercultural experience. Deakin's Diploma of Indonesian will help develop your language skills and deepen your cultural understanding of Indonesia. Enhanced sociolinguistic awareness will provide opportunities to appreciate intercultural dynamics more broadly.	Explore internationalised study and employment options beyond your imagination. As a Malay dialect, Indonesian language offers opportunities to engage in other Southeast Asian nations where Malay is used. A Diploma of Indonesian can be added to any Deakin degree and can enhance career prospects in many fields.	<b>Y12</b> <sup>8</sup> VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). <b>NY12</b> <sup>9</sup> As for Year 12 or equivalent; see webpage for further information.  Applicants who wish to undertake the Diploma of Indonesian concurrently with another degree must apply through VTAC for a place in the degree and, once enrolled, subsequently apply with the faculty for the Diploma of Indonesian.	\$10,134
<b>Diploma of Spanish</b> <a href="http://deakin.edu.au/course/A224">deakin.edu.au/course/A224</a> <sup>3</sup> <b>A224</b> <b>3PT</b> T1, T2 <sup>10</sup> <b>Campus:</b> <b>O</b> <b>B</b> <b>WP</b>	Deakin's Diploma of Spanish is a great complement to your studies, giving you a global perspective and boosting your employability. You'll develop fluency in Spanish through a communicative approach, and by developing skills through guided activities that target listening, speaking, reading and writing competencies. Completing six language-acquisition units will ensure you gain a high level of proficiency in Spanish. Through two thematic units, you'll develop a nuanced understanding of the cultural, historical, sociolinguistic and political dimensions of the societies and cultures that make up the Spanish speaking world.	Gain skills in the Spanish language that will give you a competitive edge, and further your employment options in Latin America and Spain.  Adding an international aspect to your degree can open doors to better career opportunities in: the arts, business or trade, diplomacy or security, education, foreign policy, health, international development, IT or engineering, as well as sciences.	<b>Y12</b> <sup>8</sup> VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL). <b>NY12</b> <sup>9</sup> As for Year 12 or equivalent; see webpage for further information.  Applicants who wish to undertake the Diploma of Spanish concurrently with another degree must apply through VTAC for a place in the degree and, once enrolled, subsequently apply with the faculty for the Diploma of Spanish.	\$4124

Our future-focused courses go beyond theory to provide you with the skills and experience you need to create innovative engineering solutions to the challenges of tomorrow. The Bachelor of Engineering (Industry) (Honours) extends this to equip you with technical expertise in an engineering field of your choice whilst also supporting you to take a compulsory year-long work-integrated industry placement as part of your studies.  Undertake core units in your first trimester, before selecting to major in either civil, electrical and electronics, mechanical or mechatronics engineering. You will combine contemporary theory with industry-led projects and benefit from Deakin's unique industry partnerships to develop the skills needed to confidently pursue a career as a professional engineer.	At Deakin we'll prepare you to be a well-rounded engineer that is ready to practise in a wide range of areas and industries. With an international skills shortage in the engineering industry, and roles expected to rise significantly in the next five years, Deakin graduates are in demand both in Australia and abroad. Depending on which field of engineering you choose during your degree, you may find work in government or non-government roles, across the private sector, in consulting or in education and research.	<b>Y12</b> <sup>5</sup> VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL; and a study score of at least 20 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics. <b>NY12</b> <sup>6</sup> As for Year 12 or equivalent; see webpage for further information.	\$7257

<b>Bachelor of Environmental Engineering (Honours)</b> <a href="https://deakin.edu.au/course/S465">deakin.edu.au/course/S465</a> <sup>3</sup> <b>S465</b> [4] T1, T2 <b>Campus and ATAR:</b> <b>[O]</b> NP <b>[WP]</b> 69.15	Become a highly skilled graduate ready to tackle global environmental issues such as climate change, sustainability and pollution when you study the Bachelor of Environmental Engineering (Honours) at Deakin. Gain knowledge across environmental engineering industry areas including waste management, water engineering, catchment management and soil and water remediation. Develop solutions-led technical and professional skills to put you in high demand in this future-focused field.	Graduates will be in high demand in this rapidly evolving field, addressing global issues like climate change, sustainability and water security across a range of industries. Graduates may find employment in: air pollution and emissions control, catchment and natural resource management, environmental protection, environmental consultancy, government departments – local, state and federal, resources – mining, oil and gas, waste management and recycling, and water and wastewater treatment.	<b>[Y12]</b> <sup>5</sup> VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL; and a study score of at least 20 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics. <b>[NY12]</b> <sup>6</sup> As for Year 12 or equivalent; see webpage for further information.	\$7333
<b>Bachelor of Mechanical Engineering (Honours)</b> <a href="https://deakin.edu.au/course/S462">deakin.edu.au/course/S462</a> <sup>3</sup> <b>S462</b> [4] T1, T2 <b>Campus and ATAR:</b> <b>[O]</b> NP <b>[B]</b> <sup>4</sup> 70.15 <b>[WP]</b> 65.10	Mechanical engineers are instrumental in the design, development, production and maintenance of the products and systems that enable our lives. They lend their expertise to almost every sector, from agricultural machinery, to assistive technology for the health sector, renewable energy systems and the infrastructure they power. This internationally recognised course prepares you to be an industry-ready engineer equipped with the confidence and skills to solve future challenges.	Graduate ready to transition into a number of areas and industries including: advanced manufacturing, aerospace, automotive, biomedical, consulting, control and systems design, defence, field and test engineering, mining, product development, railroad, research and development, and textiles.	<b>[Y12]</b> <sup>5</sup> VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL; and a study score of at least 20 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics. <b>[NY12]</b> <sup>6</sup> As for Year 12 or equivalent; see webpage for further information.	\$7391
<b>Bachelor of Mechatronics Engineering (Honours)</b> <a href="https://deakin.edu.au/course/S463">deakin.edu.au/course/S463</a> <sup>3</sup> <b>S463</b> [4] T1, T2 <b>Campus and ATAR:</b> <b>[O]</b> NP <b>[B]</b> <sup>4</sup> 69.70 <b>[WP]</b> 65.55	This course prepares you to be a practical and industry-ready engineer capable of designing the electronics, robots and autonomous systems of the future. You will learn how to design, program and integrate electronic devices with mechanical designs that communicate with other computers, devices or even cloud-based systems. You will be able to deliver innovative solutions to real-world problems and design autonomous and intelligent devices ranging from self-driving vehicles to biomedical systems.	Mix electrical, mechanical and robotics engineering into a single degree to secure your future career in a diverse range of industries developing the systems of the future. As a mechatronics engineering graduate, you could be employed in the following roles: automation engineer, biomedical service engineer, control systems engineer, electronics test engineer and robotics engineer.	<b>[Y12]</b> <sup>5</sup> VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL; and a study score of at least 20 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics. <b>[NY12]</b> <sup>6</sup> As for Year 12 or equivalent; see webpage for further information.	\$7340
<b>Bachelor of Software Engineering (Honours)</b> <a href="https://deakin.edu.au/course/S464">deakin.edu.au/course/S464</a> <sup>3</sup> <b>S464</b> [4] T1, T2 <b>Campus and ATAR:</b> <b>[O]</b> NP <b>[B]</b> 66.80	Create the smart software and systems of the future by studying Deakin's Bachelor of Software Engineering (Honours). The course arms you with the skills needed to build disruptive technologies that create change, making you a sought-after expert ready to solve tomorrow's business problems through creative computing solutions. Explore a broad range of exciting study areas, including robotics, algorithms, programming and software architecture, and apply your skills in world-class facilities.	Graduates will be equipped to find employment in diverse areas of software engineering. You'll be able to develop and implement state-of-the-art smart devices, systems and application frameworks for industries including health, agriculture, manufacturing and transport. This can lead to employment in roles such as: data engineer, embedded systems developer, IoT system engineer, machine learning engineer, mobile applications developer, programmer, project manager, robotics programmer, software developer, software engineer, systems architect and web applications developer.	<b>[Y12]</b> <sup>5</sup> VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL; and a study score of at least 20 in one of Maths: Mathematical Methods or Maths: Specialist Mathematics. <b>[NY12]</b> <sup>6</sup> As for Year 12 or equivalent; see webpage for further information.	\$7628

for medicine<sup>1</sup>

Unique focus on  
rural and regional  
medicine

Learn from leading  
professionals in  
healthcare

Course	Overview	Careers	Entry requirements	Tuition fee <sup>2</sup>
<b>Doctor of Medicine</b> <a href="https://deakin.edu.au/course/H911">deakin.edu.au/course/H911</a> <b>H911</b> <b>4</b> <b>St<sup>3</sup></b> <b>Campus:</b> <b>WP</b> Graduate entry	<p>Apply to the Doctor of Medicine and set yourself up for a range of rewarding careers, from general practice to pathology, paediatrics to surgery. The course has a unique focus on rural and regional medicine, Indigenous health and patient-centred communication skills.</p> <p>Our students develop the foundational skills essential for any career in medicine, but are also given the opportunity to experience healthcare in multiple specialist areas. Our Doctor of Medicine has an emphasis on rural and regional medicine and aims to satisfy the critical shortage of doctors in regional areas – making graduates highly employable.</p> <p>Start your journey with two years focusing on the foundations of medicine, encompassing medical sciences, clinical capabilities, public health, medical ethics and law, and Indigenous health.</p> <p>You'll learn to solve the kinds of problems you'll face in your future career in a supportive environment, while developing your confidence in foundational clinical skills, clinical reasoning and the high-level human capabilities necessary for excellent person-centred care.</p> <p>In third and fourth year, you'll be immersed in the clinical environment, at clinical schools in Ballarat, Geelong, Melbourne, Warrnambool and/or the Rural Community Clinical School, where you will complete programs that span from general medicine and surgery to specialised programs. <a href="https://deakin.edu.au/med-clinical-schools">deakin.edu.au/med-clinical-schools</a></p> <p>You will also spend time in third year following patients as they transition between hospital and community care, gaining a broader appreciation of the healthcare system and the patients' healthcare journeys.</p> <p>Across third and fourth year, you'll complete the Research Scholar Program, gaining foundational skills in analysing evidence and designing research programs that are important for future careers in medicine.</p> <p>You will be provided extensive opportunities for feedback on your progress, with a program of assessment and self-evaluation that occurs in the clinical workplace.</p> <p>There is also the opportunity to complete a rotation of your third-year studies in the Northern Territory, to gain a greater understanding of rural and remote medicine and Indigenous health.</p> <p>The course concludes in year four with a pre-internship hospital rotation in which you'll experience the day-to-day life of an intern.</p>	<p>Doctor of Medicine graduates are highly sought-after for internship positions with healthcare providers in Australia and abroad. Deakin's MD program allows you to develop a deep understanding of the challenges and nuances of rural medicine, putting you in a strong position to address the shortfall of doctors in regional areas.</p> <p>In order to qualify as Registered Medical Practitioners with the Medical Board of Australia, our graduates are currently undertaking accredited internships at a number of prominent Victorian and interstate hospitals.</p> <p>After successfully completing an intern year, graduates can apply for entry to specialty training programs that lead to a broad range of medical careers including in the specialty of General Practice or the emerging Rural Generalist program.</p>	<p>Admission to the Doctor of Medicine is determined by a combination of grade point average (GPA) in an approved undergraduate or postgraduate degree, Graduate Australian Medical School Admissions Test (GAMSAT) score, eligible adjustments (bonuses) and interview performance.</p> <p>Requirements include the completion of an approved undergraduate or postgraduate degree<sup>4</sup> (completed no more than 10 years before the course commencement date) from an Australian university or a higher education institution recognised by the Australian Qualifications Framework, or a recognised degree listed in the National Office of Overseas Skills Recognition (NOOSR) Guide with a <u>minimum</u> weighted GPA of 5.0.</p> <p>The minimum entry requirement is a minimum score of 50 in each of the three sections of the GAMSAT, and an overall score of 50 or greater. The score on the GAMSAT must have been obtained no more than <u>four</u> years before the course commencement date.</p> <p>A minimum overall score of 50% at multi-mini interview (MMI), a series of five-minute interviews at 10 stations, using standardised questions and scoring procedures that are designed to assess applicant attributes.</p> <p>Full entry requirement details can be found at <a href="https://deakin.edu.au/course/H911">deakin.edu.au/course/H911</a>.</p> <p><b>Indigenous Entry Stream</b></p> <p>Up to 5% of domestic places in our Doctor of Medicine course are held for Indigenous Australian applicants applying through the Indigenous Entry Stream. Indigenous Australian applicants can apply with the completion of an approved undergraduate or postgraduate degree from an Australian higher education institution, and aren't required to complete the GAMSAT. <a href="https://deakin.edu.au/ies">deakin.edu.au/ies</a></p> <p><b>Rural Training Stream</b></p> <p>Deakin's Rural Training Stream (RTS) aims to improve access for rural students who want to study medicine. Eligibility for the stream is based on evidence of Australian rural background, with priority given to applicants from Deakin's own rural footprint. <a href="https://deakin.edu.au/rts">deakin.edu.au/rts</a></p>	\$11,800

<sup>1</sup> QS World University Rankings by Subject 2022.

<sup>2</sup> For an explanation of indicative domestic fees, see page 17.

<sup>3</sup> The Doctor of Medicine is a semester-based course. Semester 1 runs from February to June; Semester 2 runs from July to November.

<sup>4</sup> As a minimum requirement, applicants must hold a completed bachelor degree (with a minimum weighted GPA of 5.0) or be in the final year of a bachelor degree (scheduled for completion by 31 December in the year of application) to be considered for selection.

Course	Overview	Careers	Entry requirements	Tuition fee <sup>3</sup>
<b>Bachelor of Arts/Master of Teaching (Secondary)<sup>9</sup></b> <a href="https://deakin.edu.au/course/D3034">deakin.edu.au/course/D3034</a> <b>D303</b> [4] T1 <b>Campus and ATAR:</b> <b>[D]</b> 60.25 <b>[B]</b> 60.15	<p>Combine your passion for the arts with a desire to inspire the generations of tomorrow, with a Bachelor of Arts/Master of Teaching (Secondary) at Deakin. Our school-based learning programs and professional learning placements ensure you're ready to teach today and into the future. Fast-track your studies and graduate with two versatile degrees in just four years.</p> <p><b>Majors and teaching methods</b></p> <p>Alongside core education studies, you will complete two majors to support your learning towards your teaching methods in the Master of Teaching. Choose from:</p> <ul style="list-style-type: none"> <li>• one of Anthropology, Philosophy, Politics and policy studies, or Sociology</li> <li>• one of English – Children's Literature or English – Literature</li> <li>• one of Arabic, Chinese, Indonesian or Spanish</li> <li>• History</li> <li>• Media studies</li> <li>• Performing arts</li> <li>• Visual arts and photography.</li> </ul> <p>You will also choose four electives selected from another Arts major discipline listed above.</p>	<p>Teaching courses at Deakin lead to a career that can make a profound and lasting contribution to the future by positively educating and influencing the lives of students. It's a rewarding career that offers creativity, flexibility and opportunity.</p> <p>Graduates of the Bachelor of Arts/Master of Teaching (Secondary) are qualified to teach in secondary schools within Victoria, in the private, independent or public education sectors.</p> <p>Your specialisations and advanced knowledge will also open doors to roles in community services, government agencies and not-for-profit organisations.</p>	<p><b>[Y12]</b><sup>7</sup> VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).</p> <p><b>[NY12]</b><sup>8</sup> As for Year 12 or equivalent; see webpage for further information.</p> <p>There is a two-step admissions process. To be eligible for the undergraduate component, students must meet the minimum entry requirements for the Bachelor of Arts (A310). To proceed to the Master of Teaching (Secondary), students must earn a Weighted Average Mark (WAM) of 60 during their undergraduate studies and successfully complete the Casper test. Additional requirements may apply.</p>	\$11,169
<b>Bachelor of Science/Master of Teaching (Secondary)<sup>9</sup></b> <a href="https://deakin.edu.au/course/D3044">deakin.edu.au/course/D3044</a> <b>D304</b> [4] T1 <b>Campus and ATAR:</b> <b>[B]</b> 66.60	<p>Translate your passion for the study of sciences into a career that inspires others, with a Bachelor of Science/Master of Teaching (Secondary) at Deakin. Create unique course combinations with science specialisations and graduate as a qualified secondary school educator. This industry-led combined course allows you to fast-track your studies and graduate with two degrees in just four years.</p> <p><b>Majors/minors and teaching methods</b></p> <p>Alongside core education studies, you will complete one major and minor to support your learning towards your teaching methods in the Master of Teaching. Choose from:</p> <ul style="list-style-type: none"> <li>• one of Animal biology, Cell biology and genomics, and Human biology</li> <li>• Chemistry</li> <li>• Environmental science</li> <li>• Mathematical modelling.</li> </ul>	<p>Graduates of the Bachelor of Science/Master of Teaching (Secondary) are qualified to teach in secondary schools within Victoria, in the private, independent or public education sectors.</p> <p>Your specialisations and advanced knowledge will also open doors to roles in community services, government agencies and not-for-profit organisations.</p>	<p><b>[Y12]</b><sup>7</sup> VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).</p> <p><b>[NY12]</b><sup>8</sup> As for Year 12 or equivalent; see webpage for further information.</p> <p>There is a two-step admissions process for the combined courses. To be eligible for the undergraduate component students must meet the minimum entry requirements for the Bachelor of Science (S320). To proceed to the Master of Teaching (Secondary) students must earn a Weighted Average Mark (WAM) of 60 during their undergraduate studies and successfully complete the Casper test. Additional requirements may apply.</p>	\$7595

1 US News & World Report 2022. [usnews.com/education/best-global-universities/education-educational-research](https://usnews.com/education/best-global-universities/education-educational-research)

2 2021 Employment Projections to 2026, Jobs and Skills Australia.

3 For an explanation of indicative domestic fees, see page 17.

4 Visit our course webpage for full details including pre-course and entry requirements (including the Casper test and Working with Children Check), unit selection options and campus and trimester availability for domestic and international students, and more.

5 Specific units of study must be completed within E200 for full credit to be granted.

6 This course is also available at the National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute. Find out more at [deakin.edu.au/nikeri](https://deakin.edu.au/nikeri).

7 Recent secondary education applicants include current Year 12 students in 2023, as well as Year 12 graduates from 2022 and 2021.

8 For an explanation of non-Year 12 applicant categories, see page 17, or visit the course webpage for full details including admission requirements.

9 Students applying to all initial teacher education courses are required to sit the Casper test, a non-academic assessment. Find out more at [deakin.edu.au/casper](https://deakin.edu.au/casper).

NP means not published – less than five offers made to recent secondary education applicants.

# Key terms

## Adjustments

Adjustments applied via Educational Access Schemes don't change the ATAR, they change an applicant's selection rank for a course that the applicant has listed as a preference. This results in the applicant moving up the course selection list. It also means that an applicant's selection rank can be different for each course listed in their course preference list.

If the applicant is allocated sufficient adjustments, the applicant might receive an offer for a course even though their ATAR is below the published lowest selection rank.

## Associate degree

The associate degree structure provides flexible pathways into tertiary education, and can be used as a guaranteed pathway into a range of target degrees (as approved by Deakin). Completion of an associate degree may give you up to 18 months' credit towards one of these target degrees.

[deakin.edu.au/associate-degrees](https://deakin.edu.au/associate-degrees)

## Australian Tertiary Admission Rank (ATAR)

The ATAR is a rank from 0 to 99.95. It indicates a student's performance in relation to other students.

The ATAR is calculated by using an aggregate produced by adding:

- scaled study score in English, English Language, Literature, or English as an Additional Language (EAL)
- the best three VTAC scaled study scores, and
- 10% of the fifth and sixth scores that are available.

## Bachelor degree

Usually three or more years of full-time study or equivalent part-time. In some courses you may choose one or more majors in specialised areas. It is the minimum tertiary requirement for many professional careers.

## Combined course

A combination of courses in complementary areas, studied simultaneously, which leads to two degrees, e.g. Bachelor of Arts/Bachelor of Laws. This means you complete two degrees in less time than it would take to complete them separately.

## Commonwealth Supported Place (CSP)

A university place for which the Australian Government pays part of your tuition fees.

## Computing requirements

To fully engage with the Deakin learning experiences, students need to have access to and be able to use internet-connected devices. There are minimum computer standards required for your computer, connectivity and your computing capability for effective study at Deakin.

[deakin.edu.au/computing-requirements](https://deakin.edu.au/computing-requirements)

## Credit point

For each subject you successfully complete, you will receive the credit point value of that subject towards your studies. You must complete a specified number of credit points to obtain your degree. The number of credit points required varies for each course and is outlined online at [deakin.edu.au/courses](https://deakin.edu.au/courses).

## DeakinSync

DeakinSync is your personalised digital study hub, where you connect with other students, learning and assessment experiences, teaching and support staff and potential employers. Access enrolled unit sites, enrolment details, study tools, your calendar and more.

[deakin.edu.au/deakinsync](https://deakin.edu.au/deakinsync)

## Defer

The approved postponement of study for a specified period prior to enrolment in a course. Most Deakin courses allow you to defer your studies for up to two years.

[deakin.edu.au/defer](https://deakin.edu.au/defer)

## Direct entry

When applications can be made directly to a higher education provider rather than through a tertiary admissions centre.

## Discipline

You can browse courses at Deakin by study area, such as environment, business or sport. Within each study area, you'll find a wide range of disciplines. For example, in the study area of engineering, disciplines include civil, environmental, mechanical and electrical.

[deakin.edu.au/courses](https://deakin.edu.au/courses)

## Diversity and inclusion

Deakin values diversity and promotes inclusion. The Diversity and Inclusion Unit provides a range of programs and services to ensure all students have the opportunity to access university education and succeed in their studies and employment. [deakin.edu.au/diversity-and-inclusion](https://deakin.edu.au/diversity-and-inclusion)

## Entry requirements

These are requirements that you must meet, in addition to minimum tertiary entrance requirements, to qualify for entry to a course. Information about entry requirements is best accessed via individual course webpages and on the VTAC website ([vtac.edu.au](https://vtac.edu.au)).

## Faculty

An organisational division within a university; for example, the Faculty of Arts and Education is one of the four faculties at Deakin University. Within each faculty are several schools; for example, Deakin Law School is within the Faculty of Business and Law.

## Grade Point Average (GPA)

A GPA is an internationally recognised numerical calculation used to find the average result of all grades received over a defined study period. The GPA can be used for a variety of purposes, including as selection criteria for admission to a program or for assessing academic progress over a set period for progress review purposes.

## Graduate entry

A course that requires prior completion of an undergraduate degree for entry. Deakin's Doctor of Medicine is a graduate-entry course.

## Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP)

HECS-HELP is a government loan scheme to assist eligible CSP students with their tuition fees (student contributions). Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold for repayment.

## Honours

Honours is an additional year of specialised study, usually taken after you complete a bachelor degree, or embedded as part of a bachelor degree. Honours may provide you with a competitive edge in the job market or a pathway into a higher degree by research.

## Indigenous Access Scheme

The Indigenous Access Scheme is a pathway to undergraduate study that recognises the achievements of Aboriginal and Torres Strait Islander students. By looking beyond your ATAR and academic results to consider all the skills, experience and community work that make you unique and prepare you for study, we can reward your hard work with a place at university. [deakin.edu.au/ias](https://deakin.edu.au/ias)

## Indigenous Entry Stream

In partnership with the National Indigenous Knowledge Education Research Innovation (NIKERI) Institute, Deakin's Indigenous Entry Stream offers entry streams exclusively for Aboriginal and Torres Strait Islander students to study an optometry, medical imaging, medicine or psychological science (honours) degree. [deakin.edu.au/ies](https://deakin.edu.au/ies)

## International Baccalaureate (IB)

The IB diploma is an internationally recognised, comprehensive two-year study program designed for university entrance. Australian tertiary admission centres convert IB scores to a notional ATAR, enabling IB students to be ranked for tertiary entrance alongside their peers. Deakin accepts IB diploma graduates as having satisfied the requirements for university entry. [ibo.org](https://ibo.org)

## Lecture

An interactive presentation given by an academic to a large group of students on the subject area being studied.

## Level

The year level at which units in your course are studied. Level 1 is equivalent to your first year of full-time study, level 2 is equivalent to your second year of full-time study, and so on. You can usually tell what level a unit is by looking at the first number in a unit's code.

## Lowest selection rank

The minimum ATAR including adjustments that must be achieved to be considered for admission to a course.

## Major

An approved group of at least 6 (and up to 8) credit points of related units, normally taken in sequence at each level of a course.

## Minor

A minor is a group of related units in an area of study or academic discipline. Minors are shorter than majors and are usually four units long.

## Non-Year 12 applicant

There are three categories under which non-Year 12 applicants may apply to Deakin.

- Higher education study – applicants whose highest level of study enrolment since leaving secondary education is a higher education course, whether at a university or non-university provider.
- Vocational education and training (VET) study – applicants whose highest level of study enrolment since leaving secondary education is a VET course.
- Work and life experience (includes less recent secondary results) – applicants who left secondary education more than two years previously and have not undertaken VET or higher education study since then.

## Offer round/s

Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

## Pathway

Pathways provide alternative entry options for getting into a course at Deakin if you do not meet the requirements for entry. Pathways to Deakin courses can include options such as Deakin College, TAFE courses or starting your course at a different campus.

[deakin.edu.au/pathways](https://deakin.edu.au/pathways)

## Personal statement

The personal statement is used in the admission process by university applicants to highlight any relevant factors or circumstances that cannot be included in the application itself. For example, motivation to study, work experience, community experience, academic performance, languages other than English.

The personal statement can be accessed online once you have registered with VTAC. You can only submit one statement – so you should address all your course preferences and provide details to support your application, such as relevant work experience and your reasons for applying. It is also important that you submit the form by the specified closing date at [vtac.edu.au](https://vtac.edu.au). If a personal statement is required or will be considered, it will be listed in the VTAC course detail online. [deakin.edu.au/preparing-your-application](https://deakin.edu.au/preparing-your-application)

## Postgraduate degree

A course of study beyond bachelor level, including graduate certificate, graduate diploma, masters and research degree. In many cases, eligibility for entry to a postgraduate course requires you to have completed an undergraduate degree and/or have significant work experience.

## Prerequisites

The VCE subjects or other requirements that applicants must complete to be eligible for selection into a course. Information about prerequisites is best accessed via individual course webpages and on the VTAC website ([vtac.edu.au](https://vtac.edu.au)).

## Recent secondary education applicant

Current Year 12 (2023) applicants and Year 12 graduates from 2022 and 2021.

## Recognition of prior learning (RPL)

RPL is an assessment process used to evaluate a person's prior learning and experience to determine whether credit can be granted in a course to shorten the length of the degree. There are two aspects to recognition of prior learning:

- credit may be transferred to your Deakin program from completed or partly completed studies you have undertaken at other accredited institutions; and
- credit may be granted on the basis of knowledge and skills acquired through informal learning, e.g. in the workplace.

[deakin.edu.au/rpl](https://deakin.edu.au/rpl)

## Regional entry programs

### Deakin Regional Access Scheme

A scheme for current Year 12 students looking to secure an early conditional offer to study at Deakin. No matter where you live, by providing some additional information about your potential to us, you could secure a Deakin offer, sooner, with places available in selected courses at our Geelong and Warrnambool campuses.<sup>1</sup> [deakin.edu.au/dras](https://deakin.edu.au/dras)

### Regional and Remote Entry Scheme

Deakin offers alternative entry pathways into courses in exercise and sport science, nutrition science, medical imaging and vision science/optometry, to help address workforce shortages in related professions across regional and remote areas of Australia. [deakin.edu.au/rres](https://deakin.edu.au/rres)

<sup>1</sup> Subject to confirmation in 2024.

# Key terms

## Scholarships

A scholarship is a grant or payment made to support a student's education. Deakin offers a range of scholarships for commencing students that recognise and reward many accomplishments, from leadership skills to academic success, extra-curricular achievements and commitment to study while experiencing personal hardship.

[deakin.edu.au/scholarships](https://deakin.edu.au/scholarships)

## Selection rank

The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person's course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of specified entrance tests, etc.

## Semester

The teaching period of some courses in Deakin's Faculty of Health and Faculty of Science, Engineering and Built Environment. Semester 1 runs from February to June; Semester 2 runs from July to November.

## Seminar

A class where a small group of students discusses study materials and ideas with a member of the teaching team.

## Single unit (non-award) study

Single unit (non-award) study provides access to a wide variety of university-level units, without students having to study a full degree. Some units have prerequisites or special requirements but many are open to all potential students and on completion can lead to further pathway options.

[deakin.edu.au/single-unit](https://deakin.edu.au/single-unit)

## Special Entry Access Scheme (SEAS)

SEAS is an umbrella program of special entry schemes governed by VTAC, and conducted by participating tertiary institutions, including Deakin, that provides special consideration for entry into undergraduate courses. [vtac.edu.au](https://vtac.edu.au) and [deakin.edu.au/access-equity](https://deakin.edu.au/access-equity)

## Special Tertiary Admissions Test (STAT) Multiple Choice

The STAT Multiple Choice is a test developed by the Australian Council for Educational Research (ACER) to assess an individual's ability to analyse information and think critically. The STAT Multiple Choice is compulsory for non-Year 12 applicants applying for entry into any of Deakin's undergraduate law programs.

Some non-Year 12 applicants will be exempt from sitting the test. If you are unsure whether or not you need to sit the STAT Multiple Choice, or would like more information on non-Year 12 additional entry requirements, visit [vtac.edu.au](https://vtac.edu.au).

## Student Amenities-Higher Education Loan Program (SA-HELP)

SA-HELP is a government loan scheme for eligible students to defer payment of the Student Services and Amenities Fee.

## Student contribution

In a Commonwealth Supported Place (CSP), the Australian Government pays some of your fees and you pay the rest. This is called your 'student contribution'. If you're enrolled in a CSP, you may be eligible for a HECS-HELP loan to cover your student contribution amount.

## Student Services and Amenities Fee

This is a fee higher education providers can charge for non-academic services and amenities, such as advocacy, sporting programs, legal advice and referral, health and welfare and disability support.

## Study area

You can browse courses at Deakin by study area, such as sport, business or health sciences and allied health. [deakin.edu.au/courses](https://deakin.edu.au/courses)

## Study score

A score of 0–50 that shows how a VCE student performed in a particular subject compared with others in the same year. It is calculated from your results in assessments and examinations in that subject.

## Trimester

The teaching period of most courses at Deakin: Trimester 1 runs from March to June, Trimester 2 from July to October and Trimester 3 spans November to February.

## Undergraduate degree

Usually the first degree you obtain in a given discipline area. For example, a Bachelor of Health Sciences. An undergraduate student is usually someone studying for their first degree in a given discipline.

## Unit

A Deakin subject or unit is normally one trimester long and most have a value of 1 or 2 credit points.

## Victorian Certificate of Education (VCE)

The VCE is a certificate that recognises the successful completion of Year 12 in Victoria. The VCE can provide a pathway to university studies, TAFE and employment.

## Victorian Tertiary Admissions Centre (VTAC)

VTAC is the centralised admissions centre for most undergraduate university courses in Victoria. [vtac.edu.au](https://vtac.edu.au)

## VTAC Year 10 guide

A publication produced by VTAC for Year 10 students who are considering applying for tertiary study in the future, to help plan their pathway towards tertiary study.

## Weighted Average Mark (WAM)

WAM is a calculation of all your relevant unit outcomes within a course. The WAM is weighted by taking into consideration the credit points of a unit and the result. Not all grades are used in the calculation of the WAM.

## Year 12 applicant

Applicants with recent secondary education, including current Year 12 (2023) applicants and Year 12 graduates from 2022 and 2021.
