

Geelong Regional Commission (2) Collection

The Geelong Regional Commission Collection (2) was donated by Dr G.A. McLean who served as a commissioner of the Geelong Regional Commission. Dr McLean and the GRC were responsible for the planning and redevelopment of the Geelong Central Business District, the Geelong City foreshore and the surrounding regions. Deakin University Library expresses singular appreciation to Dr McLean for his foresight in enabling this material to be preserved and collated systematically as a practical resource for research and teaching. It complements the main Geelong Regional Commission collection as it fills the gap from the retirement of Mr Colin Atkins (donor of the original collection) to the winding up of the GRC.

The materials of this collection are indexed similarly to the main collection, under five authorities:

Various other Bodies (1946-2002),
The Geelong Regional Planning Authority (1969-79),
The Geelong Growth Centre Planning Group (1975-79),
The Geelong Regional Commission (1977-89),
The City of Greater Geelong (1990-99).

1. Each item is located in the listing and the collection according to its authority, title, category, date of publication and individually numbered archive container.
2. Each of the authorities is subdivided in ten categories: correspondence, finance, illustrations, meetings, reports etc.
3. Within each category the material is indexed first according to date and secondly by title alphabetically.

It is possible, therefore, to search the listing by browsing each authority in turn or conversely searching specific categories. Once the desired item is located in the index the corresponding series number allows for efficient retrieval.

G.R.C. Collection (2) manuscript listing:

AUTHORITY	TITLE	TYPE	DATE	BOX NO.
City of Geelong	Geelong - The best bet for a Casino	Illustration	1979 (approx. Dec.)	1.2301
