Gain study credit through real-world experience

Get your career off to the best start by gaining skills, knowledge and networks through work experience – and earn credit towards your degree at the same time.

Many of our courses offer:
• workplace internships
• placements
• work integrated learning programs.

deekein.edu.au/life-at-deakin/why-study-at-deakin

A cyber security student solving industry real-world problems and challenges in our Capstone Lab.
Progressive real-world learning

We’ll support your learning
Whether you’d like to improve your study skills or get help with a tricky assignment, there’s plenty of support available. Turn to our student mentors, online resources and highly qualified staff. Our easy-to-use online system, DeakinSync, gives you the autonomy to manage your enrolment and course material, communicate with your classmates and teachers, sort out your timetable and plan your career.

Get a world-class education
When you study at Deakin, you’re choosing a leading university – ranked in the top 1% worldwide.1 We’ve been awarded a five-star rating by the prestigious university ranking organisation, Quacquarelli Symonds (QS). We’re leading the way in a range of areas, praised for our cutting-edge facilities and internationally renowned for our research and teaching.

Access state-of-the-art facilities
Work with tomorrow’s technology today in our inspiring learning environments, where you can:
• walk through virtual landscapes
• prototype ideas with 3D printing
• trade stock in a simulated trading room
• merge movement and art in our motion capture lab
• use a climate chamber to simulate extreme conditions of temperature, humidity, altitude and oxygen levels.

Learn from leaders in their field
Our outstanding academic staff are active participants and influencers in their fields. They share their skills and knowledge and give you valuable industry insights.

Travel overseas
See the world with an international internship, exchange, study tour or volunteer placement. Gain a competitive edge in the workplace and get credit towards your degree by studying abroad at a Deakin partner university, located in more than 40 different countries. Visit deakin.edu.au/overseas-study for more information on where your Deakin degree can take you.

Study when and where it suits you
Join the thousands of students currently studying online at Deakin’s Cloud Campus. You can:
• choose from more than 200+ courses – single and combined
• experience world-class learning 24/7
• use the latest digital tools
• fast-track your degree by taking extra units throughout the year.

Reap the rewards of student life
Getting started at university is a fun and exciting experience, but it’s not without its challenges. That’s why we lend a hand, helping you find somewhere great to live, scope out the clubs and societies you’d like to join and discover your campus’ best local spots to shop and eat. We can even help with finding a job, student finances, how to get involved at uni, disability support and health services.

#1 careers service in Australia
DeakinTALENT was awarded the most popular university careers service in Australia by the AAGE (Australian Association of Graduate Employers) in 2017, 2018 and 2019.

‘My favourite part of Deakin is the learning environment fostered on campus. From the facilities themselves to the incredibly accommodating staff, it’s a wonderful place to learn.’

Ellen Gunn
Bachelor of Biomedical Science student
Vice-Chancellor’s Academic Excellence Scholarship recipient

The Geelong Waterfront Campus offers interesting and architecturally inspiring spaces to socialise or relax.
Your guide to applying to Deakin

1. Choose Deakin
Browse the Courses at Deakin section of this guide (pages 16–59) or online at deakin.edu.au. Undergraduate courses generally begin in March; some courses also have intakes in July and November. Check entry requirements, application methods and application dates. Phone 1800 693 888 to discuss your options.

2. Find your course

Find your course by semester. Semester 1 runs from February to June; Semester 2 runs from July to November. See the course table on page 16 onwards.

3. Study the way you want

Learn that fits in with your life – check out Deakin’s range of flexible study options on page 6.

4. Study where you want

Deakin allows you to study where you are, with five campuses, including our online Cloud Campus, to choose from. Make the most of what we can offer you and explore our locations in more detail on pages 7–11.

5. Reach your study goals with our support

Find out all the information and support we provide to understand fees, other study costs, government assistance and scholarships. If applying through VTAC, submit an application through VTAC’s Special Entry Access Scheme (SEAS). If applying direct to Deakin, please provide information and supporting documentation before you start the application process, so that you can complete it in one sitting. However, you can save and return to your application at a later time, if required.

6. Let us help you apply
Whether you’ve just finished Year 12, or you haven’t studied for a number of years, you’ll find a Deakin course or pathway that’s right for you.

Generally, applicants are considered either as a recent secondary education applicant or a non-Year 12 applicant, depending on your highest level of educational attainment.

It’s important to understand the entry requirements
Make sure you understand the entry requirements for your chosen course by reading the course page carefully. For recent secondary education applicants, in addition to the listed ATAR, some courses may require you to have studied a prerequisite subject(s); while others may also need you to submit extra materials, such as a portfolio or personal statement.

Selection requirements for non-Year 12 applicants may include one or more of the following:
• a personal statement
• entrance tests as specified, e.g. STAT (Special Tertiary Admissions Test), or a non-academic assessment (for all applicants to teaching courses)
• a supplementary information form
• an audition
• an interview
• a folio presentation.
For an explanation of key terms, please refer to pages 60–62.

Further information is listed in this guide’s course table (page 16 onwards), as ‘recent secondary education applicant’ and ‘non-Year 12 applicant’.

If you need further assistance, email myfuture@deakin.edu.au or call 1800 693 888.

Cater the supporting documents you’ll need
When you apply direct to Deakin as a non-Year 12 applicant, it’s important to attach any requested supporting documentation, which could include a CV, academic transcripts, STAT results or a personal statement – otherwise, your application might be delayed. We recommend gathering all this documentation before you start the application process.

Recent secondary education applicant
• Current Year 12 student in 2020
• Completed Year 12 in 2018 or 2019
• Interstate Year 12 student
• New Zealand school leaver
• International Baccalaureate (IB) student
• Gap-year student.

Non-Year 12 applicant
• Applicants with higher education study
• Applicants with VET study
• Applicants with work and life experience
• Applicants who completed Year 12 in 2017 or earlier.

When can I expect an offer?
VTAC information about dates and offers is available on the VTAC website, vtac.edu.au. For Trimester 1, Deakin makes offers across the VTAC rounds – in November, December, January and February. For applications made direct to Deakin, offers are made via email. Timing varies depending on the course, time of year and applicant information supplied correctly, but offers are generally made within a few working days.

How do I defer my studies?
It’s easy to defer your studies at Deakin – most courses let you postpone your studies while retaining your Deakin place for up to two years. Visit deakin.edu.au/enrolment for information on offers, deferring and more.

Supporting a diverse range of needs
We’re committed to offering equity and access for individuals and groups who might not otherwise enjoy the benefits of higher education. Deakin gives additional consideration to applicants who might have experienced difficult circumstances, such as family, financial or medical difficulties, a disability or other challenges.

When applying through VTAC, submit an application through VTAC’s Special Entry Access Scheme (SEAS). If applying direct to Deakin, please provide information and supporting documentation. Visit our online applicant portal deakin.edu.au/access-equity.
Study the way you want

Learning that fits in – study full time or part time
You can switch between part-time and full-time study at Deakin, and set your own pace throughout your education.
This means that if things change, you’re not locked into a study commitment that no longer suits you.
You’re considered a full-time student if you’re enrolled in three or more subjects in a trimester. Any fewer, and you’re considered a part-time student.

Study on your terms – online or on campus
Did you know that you can switch between on-campus and online learning? As long as your course and unit are available in both modes, the choice is yours.1
You can also combine the two study modes, so that you can study some units online and others on campus. Many units let you catch up on missed classes through recordings.

Study when you’re ready
Deakin has three study periods during the teaching year. This gives you more choice and flexibility when starting your degree and can even help you fast-track your study by taking extra units throughout the year.
Some students take a trimester off to work or travel, then catch up later. You can also spread your study load, to fit your studies into your lifestyle.
Deakin’s trimesters run from:
- March to June (Trimester 1)
- July to October (Trimester 2)
- November to February (Trimester 3).
Trimester 3 is optional and subject to availability of units.

Support services
You get support every step of the way at Deakin. For job advice, our career service can help. For health or mental wellbeing services, healthcare professionals are on hand. From childcare services to disability support, we take care of your needs so you can enjoy life at university.
deakin.edu.au/life-at-deakin/support-services

Take advantage of cutting-edge digital tools and resources
As a Deakin student, you’re fully supported with a range of online resources. Through your personalised digital study hub, DeakinSync, you connect with:
- students
- learning and assessment experiences
- teaching and support staff
- potential employers.
If you’re a Cloud Campus student, an experienced student success coach reaches out to you via Skype and email, offering ongoing support for your personal and professional development.

Cloud Campus
Australia’s leading online education provider
Do you need choice and flexibility for your studies? Look no further than Deakin’s Cloud Campus. Join a 15,000-strong community of the best and brightest students from around the world who desire flexibility with the same job outcomes as traditional study.

Vibrant and virtual
The Cloud Campus is your online one-stop-shop to access classes, seminars and resources. Participate in live-streaming seminars and class discussions, chat with academic staff and students and submit assignments.
When, where and how you study is up to you.

Extensive online support
Mastering your studies requires ambition, independence and organisation. That’s why the Cloud Campus supports you with:
- orientation sessions
- tailored support services
- innovative but easy-to-use digital tools and resources
- 24/7 access to library resources
- a dedicated student success coach in your first trimester of study to keep you on track.

Personalised digital hub
DeakinSync will make your transition to online study a smooth one. It’s the online place you’ll call home. Here, you’ll find everything you need to manage your enrolment and course material, communicate with your classmates and teachers, sort out your timetable and plan your career.

Welcome on campus
Everything you need for online study is available online but if you live near one of Deakin’s campuses or learning centres, you’re always welcome. Make the most of our fast, free wi-fi, use our study facilities and connect with staff and students.

Connect with others
Connect with other students for study, support and socialising. Our Cloud Campus is accessible and flexible. Join 2500 Australian and overseas Deakin students who connect via DeakinSync every day, both contributing and benefitting from the thriving online learning community.

Study where you want

Melbourne Burwood Campus

- A stunning and spacious campus with state-of-the-art digital facilities.
- A 30-minute drive from Melbourne’s bustling CBD, Deakin’s Melbourne Burwood Campus is our busiest campus, with around 30,000 students.
- Set in a leafy suburb with plenty of open spaces and parks, the campus includes architecturally impressive buildings and outstanding facilities, including:
  - a professional motion capture lab
  - dance, drama and television studios
  - food and nutrition labs
  - nursing clinical and community simulation centres
  - IT gaming facilities
  - a simulated foreign currency trading floor
  - a specialised state-of-the-art indoor exercise and sport science facility.

- Living on campus
  More than 1100 students live in campus residences, year-round. Accommodation options range from private bedrooms in large unit complexes to private studio apartments.
  Life on campus is so much more than just a comfy bed in a safe building – it’s a unique opportunity to immerse yourself in the Deakin experience. Students who live on campus connect better with each other and with the University. Plus, they’re more likely to achieve great results with their studies.
  [deakin.edu.au/live]

- Living near campus
  The closest suburbs to our Melbourne Burwood Campus are Burwood East, Box Hill South, Camberwell and Ashburton.
  From Melbourne’s CBD it takes about an hour to get to campus via train, bus or tram (the tram stop’s on Burwood Highway, right in front of campus). Alternatively, you can get to Burwood in just half an hour by car, or even cycle to campus.
  To find accommodation near campus visit [deakin.edu.au/houseme] – our online database of rooms, houses and apartments for rent.
  [deakin.edu.au/burwood]

Geelong Waterfront Campus

- Study world-class courses overlooking the stunning Corio Bay.
- Our Geelong Waterfront Campus is right on Corio Bay – in the heart of Geelong. Originally built as wool stores in the 19th century, the buildings have been extensively renovated, creating a modern, impressive campus.

- Living on campus
  The first residential community of 410 students was housed on campus in 2018, with 33 studio apartments also available within Geelong’s iconic T&G House.
  Students living on campus enjoy a range of exclusive activities throughout the year. You’ll join a supportive student community and an encouraging environment for a balanced social/study life.
  [deakin.edu.au/live]

- Living near campus
  If you live centrally, you’ll still be very close to your classes. If you live further from the city centre, it’s easy to get to campus by car, bike or public transport.
  To find accommodation visit [deakin.edu.au/houseme] – our online database of rooms, houses and apartments for rent.
  [deakin.edu.au/waterfront]
Study where you want

Geelong Waurn Ponds Campus

- A sports-focused campus close to Australia’s best surf beaches
  You get the best of both worlds at our Geelong Waurn Ponds Campus. Around 7300 students access world-class programs and support facilities, where you can enjoy a relaxing, regional environment. Geelong is on a bay and close to some of Australia’s best surf beaches, with diving and recreational fishing all on offer. The campus itself is approximately 9km from the Geelong CBD.
  On campus, outdoor areas and spacious new buildings are perfect for socialising and studying.
  There are also incredible sport facilities, as the campus is home to
  - an MCG-sized AFL oval
  - a FIFA-grade soccer pitch
  - an eight-lane 400-metre athletics track
  - an outdoor basketball court
  A deluxe health club complete with gym, workout studios and group fitness classes is also available.

- Living on campus
  The Geelong Waurn Ponds Campus offers townhouses, units and apartments for over 700 students, with an additional 32 double-storied townhouses, each housing ten occupants, opening in Trimester 1 2021. Close to classes and our sporting grounds, living on campus also gives you exclusive access to residential programs. These include health and wellbeing, social, academic, arts and culture and leadership, connecting you in a supportive student environment to help you balance study and social life.
  deakin.edu.au/live

- Living near campus
  The Geelong Waurn Ponds Campus is a 20-minute drive from the centre of Geelong, so living centrally means you’ll never be far from your classes. Other nearby suburbs include Belmont, Grovedale, Warrnambool and Highton.
  You can access the campus by car, train, or the free shuttle bus that runs between our two Geelong campuses – and Melbourne is just an hour away.
  To find accommodation near campus visit deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.
  deakin.edu.au/waurn-ponds

Clubs and societies

Deakin students can explore more than 120 clubs and societies across our campuses. We’ve got groups dedicated to everything from anime to basketball.
From sports, health and personal development clubs to academic, religious, and course-specific groups, there’ll be a club or society that suits you.
  Read the rewards of your time at Deakin: meet new people, try new things, share your skills and discover your hidden talents.

Warrnambool Campus

- Join a friendly, close-knit community
  Three hours from Melbourne and two hours by car from Geelong, Warrnambool is roughly 250km south-west of Melbourne and has a population of 34,000.
  The Warrnambool Campus is set on the banks of the Hopkins River and located approximately 5km from Warrnambool’s CBD, which is serviced by Princes Highway and has its own railway station and bus services.
  With close to 1000 students, this welcoming campus offers a friendly, close-knit community environment.
  The campus boasts a range of state-of-the-art facilities such as:
  - Nursing clinical simulation centres
  - Deakin aquaculture futures facility
  - Deakin’s research vessel Yolla.

- Living on campus
  Living on campus in Warrnambool means you’re part of a close-knit residential community, giving you access to exclusive residential programs.
  Deakin’s Warrnambool Campus offers over 200 studio apartments and shared houses, just metres from the Hopkins River and close to local surf and fishing hot spots.
  deakin.edu.au/live

- Living near campus
  Warrnambool is an increasingly popular tourist destination, with historic buildings, beautiful waterways, surf beaches and a whale-watching centre.
  Living off campus is a great and affordable way to get to know the town and wider community while you’re studying.
  To find accommodation near campus visit deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.
  deakin.edu.au/warrnambool-campus

Living off campus

- A Deluxe Health Club complete with gym, workout studios and group fitness classes is also available.

Staying on campus

- A Deluxe Health Club complete with gym, workout studios and group fitness classes is also available.

Reach your goals with Deakin’s support

Values shaping our learning community

Deakin values diversity, embraces difference and strives to promote social inclusion, delivering a range of services and programs to facilitate this.

- Through Safer Community, the sector-wide program Respect.Now.Always. addresses issues around sexual assault and harassment. deakin.edu.au/safer-community
- Deakin’s LGBTIQ+ community and Working Group seeks to support the visibility and culture of the community. deakin.edu.au/lgbtq
- The National Indigenous Knowledges, Education, Research and Innovation (NIKERI) Institute supports a national educational program linking Indigenous secondary school students to universities.

A description of Deakin values is at deakin.edu.au/about-deakin/values. For information on other services and programs informed by Deakin’s values, refer to deakin.edu.au/diversity-and-inclusion.

Fees

Depending on the course, an Australian Commonwealth supported undergraduate student at Deakin in 2020 can expect to pay between $6884 and $15,144 per year of study. These fees will change for 2021.

Eligible students can get loans via the Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP). Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold.1

If you’re an eligible student, you can access a range of government financial assistance programs, such as Youth Allowance and Austudy.

- Study-related costs

Students also need to pay for living costs and course-related expenses, like computer equipment, books, field trips and special equipment or clothing (if applicable to your course).

deein.edu.au/courses/fees-scholarships/study-related-costs

Deakin’s support

Government assistance

- Commonwealth Supported Place

If you’re an Australian citizen, holder of a Permanent humanitarian visa, Permanent resident or New Zealand citizen and meet Australia’s residency requirements, you’re eligible for a Commonwealth Supported Place (CSP) for a bachelor course at Deakin. The Australian Government subsidises a CSP by paying part of the fees directly to the University, making your education more affordable and accessible.

If you’re a student enrolled in a CSP, you’re only required to contribute part of the cost of your course through ‘student contributions’. The cost of your course will depend on the units you study.

- HECS-HELP Loan

The Australian Government scheme, HECS-HELP, is a loan scheme for eligible students enrolled in a CSP.

Under the HECS-HELP loan scheme you can defer all of your tuition fees or make an upfront payment. The HECS-HELP loan covers the student contribution part of your student fees. You’ll begin paying back your loan to the Australian Taxation Office in small increments once you meet the minimum income threshold.1

Deakin University is subject to Australian government legislation. As such, legislative changes can occur and may impact your HECS-HELP eligibility. For more information on eligibility requirements, please visit studyassist.gov.au or deakin.edu.au/courses/fees/fee-payment-assistance.

Scholarships

A Deakin scholarship is more than a simple financial boost – it sets you on the pathway to success at university. It’s a great opportunity to stand out from your peers and is an excellent feature on your resume.

We offer scholarships for many situations, whether you’ve experienced disadvantage and/or achieved academic merit. Awarding a Deakin scholarship is our chance to acknowledge and reward your accomplishments and hard work.

You could be eligible for a number of scholarships during your time at Deakin. Use our online search tool to help you find out what scholarships you could be eligible to apply for at deakin.edu.au/courses/fees-scholarships/scholarships/find-a-scholarship.

Also check out deakin.edu.au/fees-scholarships/scholarship-tips to read our top tips for completing a scholarship application.

Deakin Accelerate for VCE students

Deakin Accelerate is a distinctive VCE extension studies program offering high-achieving students university-level learning opportunities. In this program, you’ll complete two units of a first-year university subject at the same time as your Year 12 studies. You’ll study one unit per trimester, alongside first-year university students, completing your units either on campus at one of Deakin’s four vibrant locations, or study anywhere, anytime, at the Cloud Campus – our innovative online learning environment.

deein.edu.au/accelerate

Deakin offers a range of financial assistance. If you’re experiencing financial difficulties, you might also be eligible for an interest-free student loan for study-related expenses.

Studyng Deakin Accelerate helped me confirm what I wanted to study. I already knew that I wanted to study law, but it helped confirm that I also wanted to study criminology.

Lucas Nicoll
2018 Accelerate student – Criminology
Bachelor of Criminology/Bachelor of Laws student

1 The compulsory repayment threshold for the 2019–20 income year is $45,881.
Pathways through Deakin

We believe your hard work should be rewarded with opportunities. Taking a pathway to Deakin means you get to start the Deakin experience sooner, beginning and completing your studies at the University.

Transfer between campuses¹
Start your course at a campus with a lower ATAR requirement, then transfer to your desired campus after first year.

Transfer between courses²
Apply to study a course with similar subjects or majors, but a lower ATAR, and use this as a pathway into your ideal course.

Complete an associate degree²
A Deakin Associate degree in arts or education²,³ lets you study in a supported campus environment. It also gives you a direct, guaranteed pathway to an arts, criminology or primary education bachelor degree.

Undertake single unit (non-award) study
If you’re looking to gain knowledge in a professional or personal area of interest, consider studying one of Deakin’s single units. You get to satisfy a particular passion, and what’s more, as one pathway option to Deakin, single units can count towards a degree.

Pathways through Deakin College
A Deakin College diploma offers a pathway to enter Deakin as a 2nd year student¹ in selected undergraduate degrees.

dea!college.edu.au

Pathways through TAFE
Deakin partners with the country’s best TAFE institutions to offer pathways through TAFE. Single units can count towards a degree.

dea!edu.au/TAFE

Pathways through other institutions
If you’re currently studying at another university and would like to apply for entry into Deakin to finish your degree, you can apply for recognition of prior learning for your previous study.

dea!edu.au/rpl

Pathways through the workforce
Deakin students come from all walks of life – not everyone goes straight to university after finishing high school. You might be able to gain entry to Deakin and/or credit towards a Deakin course, based on your work experience or prior industry training.

dea!edu.au/pathways

Can we help you find your path to university?

There are more pathways to university than you might think. In fact, each year more than 7000 students take a non-traditional path to pursuing their dream career. We have a great team at Deakin, ready to help you find your pathway into university. Give us a call on 1800 693 888 to discuss your options or email myfuture@deakin.edu.au.
Courses at Deakin

The following pages outline key details for each of Deakin’s undergraduate and related degrees. Courses are featured according to the interest areas listed here. Course names and codes are included, as well as brief course overviews, major areas of study, careers and everything you need to know about getting into each course. Find out more about these interest areas and the courses available at deakin.edu.au.

Courses to careers
Deakin isn’t just about courses – we focus on careers and experience too. Visit explore.deakin.edu.au to kickstart your course and career exploration at Deakin. With more than 600 paired courses and careers, it’s the best way to explore your future career.

Orientation and getting started
Nervous about starting university? There’s no need to be – we’ve got everything in place to help you through the process. Check out our handy online checklist at deakin.edu.au/life-at-deakin/orientation-getting-started for what to prepare before you start at Deakin and learn everything about enrolment, orientation and your course.

ATAR
The ATAR is a rank from 0 to 99.95. It indicates a student’s performance in relation to other students. The ATAR is calculated by using an aggregate produced by adding:
- scaled study scores in English, English Language, Literature, or English as an Additional Language (EAL)
- the best three VTAC scaled study scores, and
- 10% of the fifth and sixth scores that are available.

Adjustment factors applied via Educational Access Schemes don’t change the ATAR, they change an applicant’s selection rank for a course that the applicant has listed as a preference. This results in the applicant moving up the course selection list. It also means that an applicant’s selection rank can be different for each course listed in their course preference list.

If the applicant is allocated sufficient adjustment factor points, the applicant might receive an offer for a course even though their ATAR is below the published lowest selection rank.

Admissions transparency
As per Australian Government guidelines, the ATAR published in this guide is the lowest ‘adjusted ATAR score’ for which an offer was made in 2020. The ‘adjusted ATAR score’ is an applicant’s ‘raw ATAR score’, plus any adjustment factors applied. Deakin operates an open and transparent admissions process; visit the VTAC course search at vtac.edu.au or deakin.edu.au/transparency for an ATAR profile of all Deakin courses.

Course duration
This is the length of the course in years, based on completing the course full-time (eight subjects per year). Part-time study options may also be available. Find out by searching for your course at deakin.edu.au/courses.

Entry requirements
The course table outlines the entry requirements for recent secondary education applicants and non-Year 12 applicants.

Recent secondary education applicants
- Year 12 graduates (2019 and 2018).
- Applicants with higher education study.
- Applicants with Vocational Education and Training (VET) study.
- Applicants with work and life experience.
- Applicants who completed Year 12 in 2017 or earlier.

For more information on entry requirements and to learn about the type of applicant you are visit deakin.edu.au/courses/how-to-apply. You can also call us on 1800 693 888 to discuss your options.

Trimester intake
Most courses start in Trimester 1 (T1) (March to June). The course entry indicates whether you have the option to begin your studies in Trimester 2 (T2) (July to October) or Trimester 3 (T3) (November to February). Not all units are offered in every trimester. Some courses in Deakin’s Faculty of Health and Faculty of Science, Engineering and Built Environment are offered by semester. Semester 1 runs from February to June; Semester 2 runs from July to November. Check each course at deakin.edu.au/courses for the most up-to-date intake information.

Fees
The fees listed are indicative fee rates for students enrolled in the first year of studies in a Commonwealth Supported Place (CSP). The Australian Government offers a subsidy for students enrolled in a CSP by paying part of their fees for the place directly to the university. The fees listed are the indicative amount you’ll need to pay for one year of study. Visit deakin.edu.au/fees for up-to-date information.

Deakin understands that evidencing and articulating your capabilities is vital to gaining opportunities. Deakin Hallmarks are prestigious University awards that recognise students’ outstanding achievements and capabilities that are key to employment success. After graduating, they offer students the opportunity to differentiate themselves to employers. To find out more visit deakin.edu.au/hallmarks, including how Hallmarks are awarded.
### Bachelor of Design (Architecture)

**Overview:** Understand the built environment, ecosystem and community to create meaningful and sustainable designs for everything from houses to skyscrapers – anywhere in the world.

**Careers:** Work across the globe, including Europe, Asia and the US. Pursue the following roles (some may require further study): 3D architectural modeller, architectural consultant or designer, building designer, building project manager, design coordinator, drafter, interior designer, and structural drafter.

**Entry requirements:** VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

**Fee:** $9505 or $9820.

### Bachelor of Construction Management (Honours)

**Overview:** Develop a strong understanding of the business of construction, from law to technology. The Bachelor of Construction Management (Honours) will equip you with market-ready skills for construction management, estimating, surveying or property development – working across projects large and small.

**Careers:** Find career opportunities in roles including: construction manager, construction material technician, drafter, estimator, procurement manager, project estimator, project manager and quantity surveyor.

**Entry requirements:** VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

**Fee:** $9462.

### Bachelor of Construction Management (Honours)

**Overview:** Gain knowledge, skills and practical experience in architecture, design and construction in this unique combined course that explores smart, sustainable design.

**Careers:** Learn to design striking buildings that are economically and environmentally viable – and manage projects, no matter what their scale or size.

**Entry requirements:** VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

**Fee:** $9514.

### Bachelor of Construction Management (Honours) / Bachelor of Property and Real Estate

**Overview:** Learn how to drive growth, make strong commercial decisions, understand regulations and manage construction projects. The combined structure means you’ll also be equipped with vocational skills like surveying and building economics.

**Careers:** With this qualification, you’ll be able to specialise in all facets of the construction management and property and real estate markets including commercial, industrial and residential property. Career opportunities include: construction manager, estimator, leasing agent, portfolio manager, procurement manager, project estimator, property developer and valuer.

**Entry requirements:** VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

**Fee:** $30,754.

### Master of Architecture

**Overview:** Build on your architectural and built environment skills through specialised study and significantly progress yourself towards becoming a registered architect with the Master of Architecture. You’ll learn about architectural design research and resolution, urban ecologies and contexts, integrated project evaluation and performance-measured sustainable design – knowledge that will propel you towards a career as a practising architect.

**Careers:** As a graduate of this course you can work in private architectural practices, government organisations and private companies in property development, building and design. Career opportunities include: 3D architectural modeller, architectural consultant, architectural designer, community development, historic building inspector and work in urban and landscape design.

**Entry requirements:** A bachelor’s degree in architecture (accredited with a WAM of equivalent average grade indicator of 60); OR Portfolio of relevant work.

**Fee:** $9927.

---

1. The 2020 Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
2. Leads to professional recognition when followed by successful completion of the Master of Architecture.
3. Recent secondary education applicants include current Year 12 students in 2020, as well as Year 12 graduates from 2019 and 2018.
4. There are four categories under which non-Year 12 applicants may apply to Deakin: – applicants with higher education study – applicants with Vocational Education and Training (VET) study – applicants with work and life experience – applicants who completed Year 12 in 2017 or earlier. Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.
5. Students have the opportunity to complete this course in three years of full-time study by undertaking units in Trimester 3.
6. Leads to professional recognition when followed by successful completion of an approved Master of Architecture program.

Bachelor of Property and Real Estate
Bachelor of Business/ Bachelor of Arts

Want a career rich with diverse knowledge and skills? The Bachelor of Business/Bachelor of Arts combined degree trains you in transferable skills that allow you to seamlessly move between the roles of the future, all while fostering your creativity and entrepreneurial spirit.

Not only will your entrepreneurial mindset be highly valued across many industries, the transferable skills you develop will allow you to adapt and thrive in a variety of roles. Depending on your majors, you’ll have the practical experience needed to be successful as a business executive, event, retail or project manager, sales and marketing media manager, photographer, policy developer, public relations practitioner, and small business owner.

Bachelor of Commerce/ Bachelor of Arts

Combine commerce major sequences with complementary arts majors in Deakin’s Bachelor of Commerce/Bachelor of Arts to create a unique qualification. Learn to think more critically as you gain a strong foundation in all aspects of business with a focus on a commerce major like accounting or economics. A complementary choice from Deakin’s arts majors sequences will mean you graduate with the balanced education employers are looking for.

Bachelor of Commerce/ Bachelor of Business Analytics

Develop critical analysis skills to take data and turn it into strategies to drive business success with Deakin’s Bachelor of Commerce/Bachelor of Business Analytics. Learn how to interpret data and information, then combine it with a strong foundation in all areas of business. Graduate with practical skills that will be an asset to companies all over the world.

Bachelor of Commerce/ Bachelor of Laws

Combine a leading law degree with the commercial skills that organisations are looking for in Deakin’s Bachelor of Commerce/Bachelor of Laws. Your broad knowledge of both business and legal concepts, as well as robust training, practical experience and industry placements, will make you a competitive candidate in all areas of corporate law.

Bachelor of Nutrition Science/ Bachelor of Commerce

Build your foundation knowledge in nutrition science while understanding how business operates and guides Australia’s $22 billion food industry. With a Bachelor of Nutrition Science/Bachelor of Commerce, you’ll graduate with highly transferable skills that allow you to understand and navigate the relationship between nutrition and business.

Bachelor of Construction Management (Honours)/ Bachelor of Property and Real Estate

Learn how to drive growth, make strong commercial decisions, understand regulations and manage construction projects. The combined structure means you’ll be equipped with vocational skills like surveying and building economics.

Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management)

Experience the synergy of sport science and the business of sporting organisations with Deakin’s Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management). Gain the skills to improve the sporting performance and health of athletes and teams, as well as the expertise to become a professional leader in exercise and sport science in areas from strength and conditioning, to physiology.

Bachelor of International Studies/Bachelor of Commerce

Explore career opportunities including: accountant, business analyst, business development manager, business intelligence analyst, client services manager, data architect, data engineer, economist, network analyst, project manager, risk assessor and systems administrator.

Bachelor of Construction Management (Honours)/ Bachelor of Property and Real Estate

Learn how to drive growth, make strong commercial decisions, understand regulations and manage construction projects. The combined structure means you’ll be equipped with vocational skills like surveying and building economics.

With this qualification, you’ll be able to specialise in all facets of the construction management and property and real estate markets including: commercial, industrial and residential property. Career opportunities include: architectural consultant, construction manager, estimator, leasing agent, portfolio manager, procurement manager, property developer and valuer.

Career opportunities include: business development manager, exercise scientist, player manager agent, recreation officer, sports administrator, elite coach, strength and conditioning coach, sports development officer and sports event manager.

Graduates are eligible to apply for accreditation with Exercise and Sports Science Australia (ESSA) as an Accredited Exercise Scientist (AES).

1 The 2020 initiative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 6 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.

2 For information on combined degrees, visit deakin.edu.au/courses.

3 This course is also available at the National Indigenous Knowledge, Education, Research and Innovation Institute. Find out more at deakin.edu.au/library.

4 Majors are not available at all campuses. Visit deakin.edu.au/courses for details.

5 Recent secondary education applicants include current Year 12 students in 2020, as well as Year 12 graduates from 2019 and 2018.

6 There are four categories under which non-Year 12 applicants may apply to Deakin:  

   - applicants with higher education study  
   - applicants with Vocational Education and Training (VET) study  
   - applicants with work and life experience  
   - applicants who completed Year 12 in 2017 or earlier  

   Visit deakin.edu.au/apply and head to the course of interest to find out further details on admission requirements.

7 Trimester 3 intake is available at the Cloud Campus and the Melbourne Burwood Campus only.

8 To be eligible for entry into the course, applicants must present a portfolio of work to a satisfactory standard.

9 Trimester 3 intake is available at the Melbourne Burwood Campus only.

10 Students enrolled in this course in Geelong will be required to undertake units of study at both the Waurn Ponds and Geelong Waurn Ponds campuses.

11 NP means not published – less than five offers made to recent secondary education applicants.

12 RC means admission is based on a range of criteria.
### Bachelor of Design (3D Animation)

</thead>
<tbody>
<tr>
<td>Graduate as an industry-ready civil engineer by studying Deakin’s Bachelor of Civil Engineering (Honours). This internationally recognised program combines contemporary theory with hands-on projects to develop the skills needed to confidently design, construct and maintain the built infrastructure systems that are vital in our day-to-day lives. Our Bachelor of Civil Engineering (Honours) covers all the four main areas in civil engineering, namely, structural, water, geotechnical, and road and transport engineering.</td>
<td>Deakin graduates are in demand both in Australia and further afield. Graduate ready to transition into a number of areas and roles, including: construction companies, councils, engineering consultancy firms, government bodies, public works departments, water authorities, road and transport authorities, structural engineers, geotechnical engineers, water engineers, road engineers and research engineers.</td>

---

1. The 2020 Victorian Common Entrance Score (VCE) score is based on a typical allocation for an Australian domestic student enrolled in full-time study, or 6 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
2. Cloud Campus students will be required to participate in campus-based intensive activities each trimester at the Geelong Waurn Ponds Campus.
3. Only the first year of engineering is available at the Melbourne Burwood Campus. Students undertaking first year at the Melbourne Burwood Campus are required to complete their course at either the Geelong Waurn Ponds Campus or at the Cloud Campus.
4. Recent secondary education applicants include current Year 12 students in 2020, as well as Year 12 graduates from 2019 and 2018.
5. There are four categories under which non-Year 12 applicants may apply to Deakin: – applicants with higher education study – applicants with Vocational Education and Training (VET) study – applicants with work and life experience – applicants who completed Year 12 in 2007 or earlier. Visit deakin.edu.au/student and head to the course of interest to find out further details on admission requirements.

NP means not published – less than five offers made to recent secondary education applicants.

Environment

**Course Overview**

**Bachelor of Environmental Science (Environmental Management and Sustainability)**
Combining the latest research with extensive fieldwork, the Bachelor of Environmental Science (Environmental Management and Sustainability) prepares you to adapt to global change and implement sustainability strategies both locally and globally.

**CAREERS**

Knowledge across the industry, with engineering at Deakin. Gain a broad understanding of sustainability and extensive fieldwork experience will set you up for career success in a variety of areas: environmental planning and policy, sustainability, environmental protection, climate change adaptation and mitigation, industry-based environmental management, waste management, environmental education, catchment management, water resource management, land rehabilitation, pollution control, environmental science, conservation and coastal and park management.

**Entry requirements**

- **VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).**
- **$9,630**

**Campus and ATAR:**

- Geelong Waterfront Campus
- Geelong Waterfront Campus
- WP
- 54.20

**Bachelor of Environmental Science (Wildlife and Conservation Biology)**
Gain extensive hands-on experience exploring coastal ecosystems and marine environments in an area that has some of the highest biodiversity in Australia. Learn how to sustainably manage precious marine environments with Deakin's Bachelor of Environmental Science (Marine Biology).

**CAREERS**

As a graduate with far-reaching knowledge of marine biology and extensive fieldwork experience, you’ll be sought-after in a range of roles including: marine educator (e.g. marine aquaria or ecotourism), park ranger, fisheries officer, aquaculture technician or manager, marine biology consultant, laboratory technician, local government environmental officer, sustainability project officer and employee of local water authorities and GIS analysts.

**Entry requirements**

- **VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).**
- **$9,483**

**Campus and ATAR:**

- Geelong Waterfront Campus
- Geelong Waterfront Campus
- WP
- 55.75

**Bachelor of Environmental Science (Marine Biology)**

**Overview**

Gain extensive hands-on experience exploring coastal ecosystems and marine environments in an area that has some of the highest biodiversity in Australia. Learn how to sustainably manage precious marine environments with Deakin's Bachelor of Environmental Science (Marine Biology).

**CAREERS**

As a graduate with far-reaching knowledge of marine biology and extensive fieldwork experience, you’ll be sought-after in a range of roles including: marine educator (e.g. marine aquaria or ecotourism), park ranger, fisheries officer, aquaculture technician or manager, marine biology consultant, laboratory technician, local government environmental officer, sustainability project officer and employee of local water authorities and GIS analysts.

**Bachelor of Commerce/Bachelor of Science**

**Overview**

The Bachelor of Commerce/Bachelor of Science lets you take your science career beyond the lab. Pair specialist science knowledge with a strong foundation in business disciplines and graduate ready to lead, innovate and succeed in your chosen field.

**CAREERS**

As a graduate of this course, your specialist expertise will be desirable in business, marketing or management roles within the science industry. Career opportunities include: account executive, health promotion officer, human resources manager, medical marketing manager, scientific editor, stockbroker and sustainability analyst.

**Entry requirements**

- **VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).**
- **$10,391**

**Campus and ATAR:**

- Geelong Waterfront Campus
- Geelong Waterfront Campus
- WP
- 54.20

**Bachelor of Science/Bachelor of Science**

**Overview**

Deakin’s Bachelor of Science prepares you for the exciting world of scientific discovery. Forge your own unique path by choosing from a wide range of major sequences, to solve tomorrow’s areas of global issues through science and discovery.

**CAREERS**

With this combined degree, Deakin can lead to roles including: research scientist, field botanist, park ranger, secondary teacher, environmental manager, technician, clinical trial leader, scientific editor, chemist, project manager and environmental consultant.

**Entry requirements**

- **VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).**
- **$10,025**

**Campus and ATAR:**

- Geelong Waterfront Campus
- Geelong Waterfront Campus
- WP
- 51.80

**Bachelor of Arts/Bachelor of Science**

**Overview**

Gain a competitive edge in the job market by studying the Bachelor of Arts/Bachelor of Science combined course. Complement your understanding of science with invaluable skills like critical thinking and strong communication, and open up a world of exciting career options once you graduate.

**CAREERS**

Graduates are in high demand in this rapidly evolving industry, addressing global issues like climate change and sustainability in roles such as: watersupply manager, green design professional, engineering technologist, design engineer, stormwater engineer, environmental health officer, hazardous waste manager, noise control monitor, natural resource manager, sustainability analyst, sustainability consultant, waste management coordinator and water quality tester.

**Entry requirements**

- **VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).**
- **$9,527**

**Campus and ATAR:**

- Geelong Waterfront Campus
- Geelong Waterfront Campus
- WP
- 54.20

**Bachelor of Science/Bachelor of Laws**

**Overview**

The commercialisation of rapidly evolving technologies has opened the door to a new kind of expert with specialist knowledge in both science and law. Study Deakin’s Bachelor of Science/Bachelor of Laws to graduate with an increasingly sought after skill-set, to succeed in either field, or where science and law intersect.

**CAREERS**

As a graduate of this course, you’ll be uniquely placed to thrive in fields where science and law intersect. Depending on your area of specialisation, you could work in: biotechnology, forensic science, environmental science and research science.

**Entry requirements**

- **VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 25 in English (EAL).**
- **$10,025**

**Campus and ATAR:**

- Geelong Waterfront Campus
- Geelong Waterfront Campus
- WP
- 51.80

**Bachelor of Science**

**Overview**

Deakin’s Bachelor of Science prepares you for the exciting world of scientific discovery. Forge your own unique path by choosing from a wide range of major sequences, to solve tomorrow’s areas of global issues through science and discovery.

**CAREERS**

With the skills needed to unlock tomorrow’s breakthroughs, explore the latest developments in science and make a real difference to the health of coastal habitats.

**Entry requirements**

- **VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).**
- **$9,366**

**Campus and ATAR:**

- Geelong Waterfront Campus
- Geelong Waterfront Campus

Course Overview Careers Entry requirements Fee1

Bachelor of Science/Master of Teaching (Second year) 2

Fast track your studies and gain a postgraduate teaching qualification in just four years with the Bachelor of Science/Master of Teaching (Second year). This course prepares you with the attributes and discipline-specific knowledge to become a lower to senior secondary school teacher in Australia.

Teaching method areas choose from two teaching method areas: general science, environmental science, geography, mathematics, chemistry.

Campus and ATAR:
- Geelong Waferfront Campus: 86.75 and RC.
- Melbourne Burwood Campus: 86.75.
- Cloud Campus: 86.45.

Entry requirements
- VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English EAL.
- deakin.edu.au/course/D304
- There is a two-step admissions process for the combined course.
- Teaching method areas choose from two teaching method areas: general science, environmental science, geography, mathematics.
- To be eligible for the undergraduate component students must meet the minimum entry requirements for the Bachelor Science (5500). To proceed to the Master of Teaching (Second year) students must earn a Weighted Average Mark (WAM) of 60 during their undergraduate studies. Additional requirements may apply.
- All students are required to sit an non-academic assessments.

Graduates of the Bachelor of Science/Master of Teaching (Second year) are qualified to teach in secondary schools in Victoria, in the private, independent or public education sectors.

1. The 2020 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
2. Recent secondary education applicants include current Year 12 students in 2020, as well as Year 12 graduates from 2019 and 2018.
3. There are four categories under which non-Year 12 applicants may apply to Deakin:
- students with higher education study.
- students with Vocational Education and Training (VET) study.
- students with work life experience.
- students who completed Year 12 in 2017 or earlier.

Visit deakin.edu.au/teaching and head to the course of interest to find out further details on admission requirements.
4. The Bachelor of Science is currently being reviewed at the time this document went to print. For the latest information, please visit deakin.edu.au/course/bachelor-science.
5. Majors are not available at all campuses. Visit deakin.edu.au/course for campus availability.
6. Melbourne Burwood Campus only.

Bachelor of Health Sciences H300

A rewarding career in a health-related field gives you the chance to reduce health disparities and to help people — whether in Australia or overseas — to lead fuller, healthier and happier lives. As a Bachelor of Health Sciences graduate, you can be confident that you'll gain a solid grounding in multiple fields of health sciences, and be prepared for a successful career in the fastest growing employment sector in Australia.

Majors2
- Disability and inclusive.
- Environmental health.
- Exercise science.
- Family, society and health.
- Food studies.
- Health and sustainability.
- Health promotion.
- Medical radiation imaging.
- Nutrition.
- Physical activity and health.
- Psychological science.
- Psychology for professional development.

Campus and ATAR:
- WP 90.75
- WP 90.50
- WP 89.05
- WP 89.15

Bachelor of Medical Imaging H309

The Bachelor of Medical Imaging has been developed to equip you with the latest knowledge in medical radiation sciences, and train you in techniques such as ultrasound, magnetic resonance imaging (MRI) and computed tomography (CT). You’ll learn in our state-of-the-art facilities and take part in clinical placements in metro, rural and remote settings to ensure you graduate career ready.

Regional and Remote Entry Scheme:
- WP 85.35 and RC.

Upon graduation, you’ll be prepared to pursue a career as a diagnostic radiographer. You could find yourself working in a radiology department in a hospital, private practice or public health department. As a graduate, you’ll also be eligible to work as a skilled practitioner across the broad range of diagnostic medical imaging, including, general, cardiac, emergency, trauma surgery, and medical imaging.

Courses are required to also take the non-academic assessment. Please be advised the cost of the CASPer test is a responsibility borne by individual applicants. Deakin University will not be able to reimburse any test costs. Find out more at deakin.edu.au/teaching.

The Bachelor of Medical Imaging has a Regional and Remote Entry Scheme available through VTAC each year. It has a separate VYAC code and eligible applicants may receive up to 10 bonus aggregate points towards their entry score for admission. Visit deakin.edu.au/health/regional-and-remote-entry-scheme for more information.

The School of Medicine offers an Indigenous Entry Stream for the Bachelor of Medical Imaging, with three Commonwealth Supported Places available to non-Year 12 Indigenous students. For more information about minimum entry requirements and how to apply, visit deakin.edu.au/courses/find-a-course/medicine-medical-imaging.

1. VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English EAL.
2. VCE units 3 and 4 - a study score of at least 25 in English other than EAL.

Visit deakin.edu.au/course/H309 for the latest information, please visit deakin.edu.au/teaching. The Scheme is open to current Year 12 students only.

The School of Medicine offers an Indigenous Entry Stream for the Bachelor of Medical Imaging, with three Commonwealth Supported Places available to non-Year 12 Indigenous students. Please note: The Scheme is open to current Year 12 students only.

The School of Medicine offers an Indigenous Entry Stream for the Bachelor of Medical Imaging, with three Commonwealth Supported Places available to non-Year 12 Indigenous students. For more information about minimum entry requirements and how to apply, visit deakin.edu.au/courses/find-a-course/medicine-medical-imaging.
Bachelor of Nutrition Science

Overview
Study a Bachelor of Nutrition Science and develop an understanding of human nutrition and its impact on our population.

Entry requirements
VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Fee
$9527

deakin.edu.au/course/H318

Bachelor of Public Health and Health Promotion

Overview
Make a difference to people’s lives on a broad scale with a Bachelor of Public Health and Health Promotion. You’ll learn how to tackle minor and major health issues and boost the wellbeing of individuals, communities and populations. Combined approaches involving community engagement, policy development, research, education and the media will give you the expertise needed to address the causes of poor health and boost wellbeing throughout society.

Entry requirements
VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Fee
$9486

deakin.edu.au/course/H313

Bachelor of Vision Science/Master of Optometry

Overview
The Bachelor of Vision Science/Master of Optometry is a combined degree that lets you graduate with a professional qualification in optometry in just three-and-a-half years. You gain the discipline-specific knowledge and skills to be work-ready and practice as an optometrist in Australia and New Zealand, as well as learn about the broader effects that visual health has on society.

Entry requirements
VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Fee
$9003

deakin.edu.au/course/H310

Bachelor of Social Work

Overview
The Bachelor of Social Work equips you with the knowledge and skills to enhance the wellbeing of others through an understanding of policy, socioeconomic factors and social justice issues. If you’re passionate about human rights and have a strong sense of social justice, this is the perfect course to begin your journey towards a rewarding career in social work.

Entry requirements
VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Fee
$7252

deakin.edu.au/course/H310

Bachelor of Business

Overview
Build your foundation in business-related subjects while also developing skills in management, marketing, finance, economics, human resources, information technology, business law, and general management.

Entry requirements
VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Fee
$10,283

deakin.edu.au/course/S342

Bachelor of Health Sciences/Bachelor of Arts

Overview
This flexible degree allows you to major in fields from both health sciences and arts to tailor the course to your unique interests and career aspirations. You can structure your course to focus on an area that reflects your individual passion.

Entry requirements
VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Fee
$8285

deakin.edu.au/course/S343

Health Course Overview Careers Entry requirements Fee
Bachelor of Nutrition Science TT T1 65.65
Campus and ATAR: 65-65
As a nutritionist, you’ll have the knowledge and skills to confidently provide evidence-based advice to communities regarding food and its impact on our health. Graduates of this course will be well prepared for careers requiring knowledge surrounding: nutrition, individual and population health, food analysis, sensory analysis, product development, food quality and safety, as well as food manufacturing.

Bachelor of Information Technology

Overview
Build a strong foundation with core IT skills you can apply to multiple industries and technologies with Deakin’s Bachelor of Information Technology. Focus your knowledge with a service, public health, law, or cyber security major.

Course Code: B317
Duration: 3-4 years
Campus and ATAR: T1, T2
Campus and ATAR: T1, T2
Fee: $9453

Entry requirements:
- VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)
- VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)
- VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)
- VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Majors
- Application development
- Cloud computing
- Creative technologies
- Cyber security
- Game development
- Virtual and augmented reality

Career opportunities include: application, software or game developer, augmented reality creator, consultant or systems analyst, database and web designer or manager, IT security officer or manager, mobile and app developer, network specialist, software architect, project manager, security analyst, web designer and UX designer.

Bachelor of Computer Science

Overview
Deakin’s Bachelor of Computer Science equips you with the knowledge and practical skills required to design and develop innovative software solutions to create information and technology problems faced by our community, business and industry.

Course Code: B331
Duration: 3-4 years
Campus and ATAR: T1, T2
Campus and ATAR: T1, T2
Fee: $9443

Entry requirements:
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL

You’ll be ready for employment in organisations engaged in: artificial intelligence and machine learning, robotics; application development, as well as graduate with career options such as innovation lead, data scientist, software developer, database specialist, technology consultant, software analyst, solutions architect and project manager.

Bachelor of Cyber Security

Overview
Technology is pivotal to doing business in the 21st century and central to the way we live and work. Cyber security professionals are in high demand. Gain the technical skills needed to investigate and combat cyber crime and cyber attacks as it becomes ever more important to ensure that the data and systems providing digital services are safeguarded by ethical and skilled cyber security professionals.

Course Code: B332
Duration: 3-4 years
Campus and ATAR: T1, T2
Campus and ATAR: T1, T2
Fee: $9122

Entry requirements:
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL

Career opportunities include work as: security consultant, information security officer, cyber security engineer, project manager, security analyst, penetration tester, as well as a security system manager.

Bachelor of Artificial Intelligence

Overview
Deakin’s Bachelor of Artificial Intelligence will equip you with the knowledge and skills necessary to design, develop, and evolve software solutions that take advantage of the latest advances in artificial intelligence (AI).

Course Code: B333
Duration: 3-4 years
Campus and ATAR: T1, T2
Campus and ATAR: T1, T2
Fee: $9122

Entry requirements:
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL

### Bachelor of Zoology and Animal Science

**Overview**
Deakin’s Bachelor of Zoology and Animal Science lets you get hands-on with animals, big and small. Apply the latest zoology theory and research in real-world settings, and explore the potential effects environmental change may have on evolution, disease and the physiology of animals. Develop evidence-based decision-making skills valued by industry.

**Employers value Deakin graduates’ range of practical experience and evidence-based decision-making skills. You’ll be well-placed to explore opportunities in areas including: zoological research, environmental monitoring and management, wildlife biology, private environmental consulting and government quarantine. Graduates typically take on roles such as research assistants, environmental managers, pest management officers, collection managers of aquaria and zoological gardens, as well as primary and secondary teachers (with relevant teaching qualifications). Further postgraduate studies, including research training either in Australia or overseas, can also lead to becoming a research scientist in a specific field, museum curator or even a university academic.**

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.
- [deakin.edu.au/course/D331](http://deakin.edu.au/course/D331)

**Fee**
$9320

### Bachelor of Arts/Bachelor of Science

**Overview**
Gain a competitive edge in the job market by studying the Bachelor of Arts/Bachelor of Science combined course. Complement your understanding of science with invaluable understanding of science with a strong foundation in general science and law intersect. Depending on your specialisations and advanced knowledge, you’ll also be able to succeed in either field – or where science and law intersect.

**Teaching method areas**
- general science
- biology
- environmental science
- chemistry
- geography
- mathematics.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

**Fee**
$8103

---

### Bachelor of Commerce/Bachelor of Science

**Overview**
Deakin’s Bachelor of Commerce/Bachelor of Science lets you take your science career beyond the lab. For specialist science knowledge with a strong foundation in business disciplines and graduate-ready to lead, innovate and succeed in your chosen field.

**Teaching method areas**
- general science
- biology
- environmental science
- chemistry
- geography
- mathematics.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.
- [deakin.edu.au/course/D312](http://deakin.edu.au/course/D312)

**Fee**
$10,195

---

### Bachelor of Forensic Science/Bachelor of Criminology

**Overview**
Become a crime scene expert by studying the Bachelor of Forensic Science/Bachelor of Criminology, a combined course that trains you to piece together the many facets of crime, from understanding offender motives to unlocking hidden details in evidence.

**Teaching method areas**
- forensic science
- forensic criminology
- molecular biology
- crime scene analysis
- criminalistics
- legal and ethical issues
- crime analysis
- social and psychological issues.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.

**Fee**
$8743

---

### Bachelor of Science/Bachelor of Laws

**Overview**
The commercialisation of rapidly evolving technologies has opened the door to a new kind of expert with specialist knowledge in both science and law. Study Deakin’s Bachelor of Science/Bachelor of Laws to graduate with an increasingly sought-after skill set, to succeed in either field – or where science and law intersect.

**Majors**
See Bachelor of Science, page 53.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 25 in English other than EAL.

**Fee**
$10,655

---

### Bachelor of Science/Master of Teaching (Secondary)

**Overview**
Fast track your studies and gain a postgraduate teaching qualification in just four years with the Bachelor of Science/Master of Teaching (Secondary). This course prepares you with the attributes and discipline-specific knowledge to become a teacher to senior secondary school teacher in Australia.

**Teaching method areas**
See Bachelor of Science, page 53.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL.

**Fee**
$9375

---

1. The 2020 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in half-time study, or 6 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
3. Recent secondary education applicants include current Year 12 students in 2020, as well as Year 12 graduates from 2018 and 2019.
4. There are four categories under which non-Y12 applicants may apply to Deakin: applicants with higher education study – applicants with higher education study, applicants with Vocational Education and Training (VET) study, applicants with work and life experience and applicants who completed Year 12 in 2017 or earlier.
5. The Bachelor of Science is currently being redeveloped at the time this publication went to print. For the latest information, please visit [deakin.edu.au/teaching](http://deakin.edu.au/teaching).
**Bachelor of Exercise and Sport Science/Bachelor of Nutrition Science (BNS) 2021**

**Overview**

This combined course gives you the opportunity to study two complementary fields and understand how the whole athlete works, as well as the factors required to enable them to perform at their best. Discover wide-ranging career opportunities where you combine a drive for exercise and sport with a passion for food and nutrition. You'll also have the tools to perceive opportunities to experience the field of nutrition science from an international perspective by choosing to undertake an elective study tour (‘International Perspectives in Food and Nutrition’). As a feature of this course you will complete 220 hours of practical experience in exercise and sport science.

**Entry requirements**

- VCE units 3 and 4 — a study score of at least 25 in English other than EAL or 30 in English (EAL).
- Students are required to sit a non-academic assessment.

**Fees**

$9121 (VCE units 3 and 4 — a study score of at least 25 in English other than EAL or 30 in English (EAL))

**Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management) (BBS) 2021**

**Overview**

Experience the synergy of sport and business education. With Deakin’s Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management), you’ll gain the skills to improve the sporting performance and health of athletes and teams, as well as the expertise to become a professional leader in exercise and sport. Students can choose from areas in strength and conditioning, to exercise physiology. You will complete 220 hours of practical experience in exercise and sport science and 100 hours in sport management, setting you well apart from other graduates.

**Entry requirements**

- VCE units 3 and 4 — a study score of at least 20 in English other than EAL or 25 in English (EAL).
- Students are required to sit a non-academic assessment.

**Fees**

$9088 (VCE units 3 and 4 — a study score of at least 25 in English other than EAL or 30 in English (EAL))

**Bachelor of Health Sciences/Bachelor of Arts (BBA) 2021**

**Overview**

Bachelor of Health Sciences program helps you apply knowledge and skills in exercise and sport science to improve the health and participation of individuals, athletes and teams through training, coaching and advice. 

**Entry requirements**

- VCE units 3 and 4 — a study score of at least 30 in English (EAL) or 35 in English other than EAL.
- Students are required to sit a non-academic assessment.

**Fees**

$3942 (VCE units 3 and 4 — a study score of at least 30 in English (EAL) or 35 in English other than EAL)

**Bachelor of Health Sciences**

Studying health sciences could lead to careers in community health, nursing, disability and inclusion, environmental health, health promotion, nutrition, psychological science, regional health service planning, as well as sport and recreation. You could also find yourself in fields like advertising and marketing, business, education, ethics, affairs, government, international relations, media, politics and policy, as well as public relations.

**Entry requirements**

- VCE units 3 and 4 — a study score of at least 25 in English (EAL) or 30 in English (EAL), 55.05 applied studies and 59.75 interview.
- Students are required to sit a non-academic assessment.

**Fees**

$59.15

**Bachelor of Business (Sport Management)**

**Overview**

Bachelor of Business (Sport Management) provides you with a solid grounding in multiple fields of study, including business management, setting you well apart from other graduates. With Deakin’s Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management), you’ll gain the skills to improve the sporting performance and health of athletes and teams, as well as the expertise to become a professional leader in exercise and sport.

**Entry requirements**

- VCE units 3 and 4 — a study score of at least 20 in English other than EAL or 25 in English (EAL).
- Students are required to sit a non-academic assessment.

**Fees**

$9746 (VCE units 3 and 4 — a study score of at least 25 in English other than EAL or 30 in English (EAL))

**Bachelor of Exercise and Sport Science**

**Overview**

Deakin’s Bachelor of Exercise and Sport Science helps you apply knowledge and skills in exercise and sport science to improve the health and participation of individuals, athletes and teams through training, coaching and advice.

**Entry requirements**

- VCE units 3 and 4 — a study score of at least 30 in English (EAL) or 35 in English other than EAL.
- Students are required to sit a non-academic assessment.

**Fees**

$8424 (VCE units 3 and 4 — a study score of at least 30 in English (EAL) or 35 in English other than EAL)

**Bachelor of Health and Physical Education**

**Overview**

Develop the skills, knowledge and understanding to become a secondary school health and physical education teacher who makes a difference to every student. You’ll learn how to create safe, inclusive and engaging learning environments to provide learning experiences that support lifelong health and physical activity.

**Entry requirements**

- VCE units 3 and 4 — a study score of at least 25 in English other than EAL or 30 in English (EAL).
- Students are required to sit a non-academic assessment.

**Fees**

$7532 (VCE units 3 and 4 — a study score of at least 25 in English other than EAL or 30 in English (EAL))

**Bachelor of Exercise and Sport Science/Bachelor of Science (Nutrition Science) (BNS) 2021**

**Overview**

This combined course gives you the opportunity to study two complementary fields and understand how the whole athlete works, as well as the factors required to enable them to perform at their best. Teaching

Bachelor of Education (Early Years)1,2,4,5

With a focus on the education and care of children aged between birth to eight years, this dual accredited early year degree allows you to teach young children in early childhood and primary school settings. You will explore contemporary issues in children’s learning and development, curriculum theories and pedagogies, discipline knowledge and the changing work context within early childhood and primary education. With professional experience opportunities and the option to choose from a range of curricula areas, you’ll graduate with a qualification that’s in high demand, meeting the significant growth of the Australian early childhood education sector.

Early years teaching specialisms include:
- Aboriginal knowledge and experiences
- Early childhood educators, leaders, coordinators or advisers
- Early childhood and primary education
- Early childhood educators, leaders, coordinators or advisers
- Education organisations, government agencies, not-for-profit organisations

Grades are qualified to work in early childhood settings as early childhood teachers, educational leaders, coordinators or advisers. They are also qualified to work as a primary teacher working across all year levels from foundation through to grade 6.

All students are required to sit a non-academic assessment.

Faculty of Education

Bachelor of Education (Primary)1,2,4,5

Explore all areas of primary curriculum and build a solid understanding of what it takes to make a difference as a primary school educator. Across key specialisations, you’ll learn how to guide children through their primary year learning and graduate qualified to teach from grades prep to Year 6. You can undertake elective units to qualify for the International Baccalaureate (IB) Primary Years Program, creating a point of difference with other graduates.

Grades may have the opportunity to teach within a primary school setting in the private, independent, International Baccalaureate schools or public education sectors. Opportunities also exist in government agencies, community services and not-for-profit organisations.

All students are required to sit a non-academic assessment.

Bachelor of Health and Physical Education1,2,4,5

Develop the skills, knowledge and understanding to become a teacher who makes a difference to every student. You’ll learn how to create safe, inclusive and engaging learning environments to provide learning experiences that support lifelong health and physical activity.

You can choose a third teaching specialisation to gain a competitive advantage for employment, including:
- biology
- chemistry
- dance
- drama
- English
- history
- home economics
- maths

Grades may have the opportunity to teach within the private, independent or public education sectors, as well as areas such as sports management, recreation and fitness, community and government agencies, professional coaching positions, as well as into private academies and agencies.

All students are required to sit a non-academic assessment.

Faculty of Health and Community Services

Course Overview Careers Entry requirements Fee1

Bachelor of Science/Master of Teaching (Secondary)1,3,4

Fast track to the Bachelor of Science and a Master of Teaching in just four years! This course prepares you with the attributes and discipline-specific knowledge to become a lower to senior secondary school teacher in Australia.

Credit Declaration:
- 120 credit points, including: two secondary curriculum studies
- B Sc (4 years) + M Teach (1 year)
- 3 years (7 semesters), full-time study
- Bachelor of Science + Master of Teaching
- Bachelor of Science + Master of Teaching
- Bachelor of Science + Bachelor of Education

Bachelor of Science/Master of Teaching (Secondary)1,3,4

Campus and ATAR: T1 75.75 and RC

Bachelor of Arts/Master of Teaching (Secondary)1,3,4

Combine your passion for the arts with a desire to inspire generations of students, with a Bachelor of Arts/Master of Teaching (Secondary). This course prepares you with the attributes and discipline-specific knowledge to teach as a lower to senior secondary school teacher in Australia.

Credit Declaration:
- 120 credit points, including: two secondary curriculum studies
- B Arts (4 years) + M Teach (1 year)
- 3 years (7 semesters), full-time study
- Bachelor of Arts + Master of Teaching
- Bachelor of Arts + Bachelor of Education

Campus and ATAR: T1 75.75 and RC

Bachelor of Arts/Master of Teaching (Secondary)1,3,4

Campus and ATAR: T1 75.25 and RC
A course of study usually beyond bachelor level, including graduate certificate, graduate diploma, masters and research degree. In many cases, eligibility for entry to a postgraduate course requires you to have completed an undergraduate degree and/or have significant work experience.

Prerequisites
The VCE subjects or other requirements that applicants must complete to be eligible for selection into a course. Information about prerequisites is listed in this guide from page 18, on the VTAC website (vtac.edu.au) and in Victorian Tertiary Entrance Requirements (VICTER) publications.

Raw ATAR
The unadjusted ATAR of an applicant to which an offer of a place was made in the relevant year or year-to-date.

Recent secondary education applicant
Current Year 12 (2020) applicants and Year 12 graduates from 2019 and 2018.

Recognition of prior learning
Recognition granted towards your Deakin course for relevant approved study, experience or work, satisfactorily completed at Deakin or elsewhere, that recognises any two aspects to recognition of prior learning:

• credit may be transferred to your Deakin program from completed or partly completed studies you have undertaken at other accredited institutions; and

• credit may be granted on the basis of knowledge, skills and/or qualifications gained through informal learning, e.g. in the workplace.

deakin.edu.au/rpl

Scholarships
A scholarship is a grant or payment made to support a student’s education, awarded on the basis of academic or other achievement. Deakin offers a range of scholarships for commencing students that recognise and reward many accomplishments; from leadership skills to academic success, extra-curricular achievements and commitment to study while experiencing personal hardship.
deakin.edu.au/scholarships

Typically, the minimum ATAR that must be achieved to be considered for admission to a course or institution. The Associate degree structure provides flexible pathways into tertiary education, and can be used as a guaranteed pathway into a range of target degrees (as approved by Deakin). Completing the Associate degree may give you up to 18 months’ credit towards one or more of these target degrees. deakin.edu.au/ courses/entry-pathways/associate-degrees

Australian Tertiary Admission Rank (ATAR)
The ATAR is a rank from 0 to 99.95. It indicates a student’s performance in relation to other students. The ATAR is calculated by using an aggregate produced by adding:

• a student’s performance in relation to other students.
• an additional Language (EAL).

The ATAR is calculated by using an aggregate produced by adding:

• a student’s performance in relation to other students.
• an additional Language (EAL).

The ATAR is calculated by using an aggregate produced by adding:

• a student’s performance in relation to other students.
• an additional Language (EAL).

The ATAR is calculated by using an aggregate produced by adding:

• a student’s performance in relation to other students.
• an additional Language (EAL).
Selection rank

The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person’s course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or providing non-secondary study, portfolio assessments, results of the STAT, other supplementary tests, etc.

Semester

This is the method of organising some courses in Deakin’s Faculty of Health and Faculty of Science, Engineering and Built Environment. Semester 1 runs from July to February, Semester 2 runs from February to July.

Seminar

A class where a small group of students discuss study materials and ideas with a member of teaching team.

Single unit (non-award) study

Single unit (non-award) study provides access to a wide variety of university-level units, without students having to study a full degree. Some units have prerequisites or special requirements but most are open to all potential students and on completion can lead to further pathways options.

dea.in.edu.au/courses/how-to-apply/single-unit

Special Entry Access Scheme (SEAS)

SEAS is an umbrella program of special entry schemes governed by VTAC, and conducted by participating tertiary institutions, including Deakin, that provides entry for the disadvantaged into undergraduate courses.

dea.edu.au/deakin.edu.au/access-equity

Special Tertiary Admissions Test (STAT)

STAT is a test developed by the Australian Council for Educational Research (ACER). The purpose of the STAT is to assess an individual's ability to analyse information and think critically. The STAT is compulsory for non-Year 12 applicants applying for entry into any of Deakin’s undergraduate law programs.

Some non-Year 12 applicants will be exempt from sitting the STAT. If you are unsure whether or not you need to sit the STAT, or would like more information on non-Year 12 additional entry requirements, visit dea.in.edu.au.

Key terms

Student Amenities-Higher Education Loan Program (SAHELP)

SAHELP is a government loan scheme for eligible students to defer all or part of the Student Services and Amenities Fee.

Student contribution

In a Commonwealth Supported Place (CSP), the Australian Government pays some of your fees and you pay the rest. This is called your ‘student contribution’. If you’re enrolled in a CSP, you may be eligible for a HECS-HELP loan to cover your student contribution amount.

Student Services and Amenities Fee

This is a fee which higher education providers can charge for non-academic services and amenities, such as advocacy, sporting programs, legal advice and referral, health and welfare and disability support.

Study score

A score of 0-50 that shows how a VCE student has performed in a particular subject compared with others in the same year. It is calculated from your results in assessments and examinations in that subject.

Trimester

This is the method of organising the teaching year. At Deakin there are three trimesters for most courses. Trimester 1 runs from March to June, Trimester 2 from July to October and Trimester 3 spans November to February.

Undergraduate degree

Usually the first degree you obtain in a given discipline area. For example, a Bachelor of Health Sciences. An undergraduate student is usually someone studying for their first degree in a given discipline.

Unit

A Deakin subject or unit is usually one trimester long and most have a value of 1 or 2 credit points.

Victorian Certificate of Education (VCE)

The VCE is a certificate that recognises the successful completion of Year 12 in Victoria. The VCE can provide a pathway to university studies, TAFE and employment.

Victorian Tertiary Admissions Centre (VTAC)

VTAC is the centralised admissions centre for most undergraduate university courses in Victoria.

dea.edu.au

VTAC Year 10 guide

A publication produced by VTAC for Year 10 students who are considering applying for tertiary study in the future, to help plan their pathway towards tertiary study. The 2019 guide is most applicable for students completing Year 10 in 2020.

Weighted Average Mark (WAM)

WAM is a calculation of all your relevant results and most universities actually use to assess whether or not you need to sit the STAT, or would like more information on non-Year 12 additional entry requirements, visit dea.in.edu.au.
