Connect with industry

Designed with industry experts to reflect today's organisations, our MBA is responsive to industry dynamics, directions in management and workplace trends. Input from our advisory board means you'll graduate with the in-demand skills that employers want. Our two-way connections with industry give you valuable opportunities to build your professional networks and advance your career.

Personalise your studies

Tailor the course to meet your professional goals, lifestyle commitments and learning style. A truly flexible experience, the modular nature of Deakin's MBA means you can choose from a range of specialisations, electives, delivery modes (online, residential, study tours). Designed for busy professionals, advance your career whilst balancing work and lifestyle commitments.

Build your professional network

Join a thriving, diverse and inclusive community of like-minded professionals from a wide range of sectors and backgrounds. Your personal and professional background is valued for bringing significant knowledge to the program. Share your expertise with your peers and learn from people from a wide range of backgrounds. Take advantage of regular opportunities for networking, career enhancement and professional development.

'The benefit of the Deakin MBA is it gave me the time and the tools to step back and challenge our company strategy. The end result was the realisation that our previous target market was too small to support our growth aspirations. Since that time, we have made a significant shift in strategy and in particular developed new products that we hope will broaden the brand's appeal and allow us to extend beyond our current market segment'
