

DeLMAR's MAER-Net Colloquium

Deakin University, Melbourne Australia
4-5 October 2018

MAER-Net's 2018 colloquium will be held in Melbourne Australia at Deakin University's **downtown location**, within minutes' walk from the Southbank, the Arts Districts, romantic laneways, and some of the world's best restaurants, outdoors cafés, and shopping — 4-5 October 2018.

Meta-Analysis of Economics Research Network (**MAER-Net**) is an international network of scholars who specialize in or use meta-analysis to understand economics, business and the social sciences. Deakin's lab for the meta-analysis of research (**DeLMAR**) is a recently-established research center devoted to developing meta-analysis methods, improving the practice of systematic reviews, applying meta-analysis across the social sciences, health, and business and to raising the credibility of research in these fields. We are delighted to welcome our keynote speaker, Associate Professor Tomáš Havránek, from the Czech National Bank & Charles University.

The purpose of the colloquium is to share ideas and methods among meta-analysts and to introduce young scholars across the disciplines to this rapidly growing field. There will only be a modest registration fee for the cost of catering. Optional trips from Melbourne will be organized along the Great Ocean Road, Yarra Valley wineries, or surrounding gold rush towns. Logistics about travel and hotel accommodations will be provided at a later date.

Abstracts of presentation proposals are due Monday 16 July to tom.stanley1@deakin.edu.au. They may be up to four pages long. For further information contact, **Tom Stanley**.

Program Committee

Chris Doucouliagos, Deakin University, Australia
Jarko Fidrmuc, Zeppelin Universität, Germany
Tomáš Havránek, Charles University and Czech National Bank
Tom Stanley, Deakin University, Australia
Ichiro Iwasaki, Hitotsubashi University, Tokyo, Japan
Denise Hawkes, UCL Institute of Education, London UK
