Secure your place in the future of work at Deakin

Deakin offers you a first-class learning experience, and is proud of being a multi-award winning, internationally recognised university. Join more than 58,000 high-performing students who have chosen Deakin for:

- practical, real-world learning
- teachers that are leaders in their field, who can offer you industry experience
- flexible learning, whether on campus or online
- leading-edge facilities
- our proven record of scientific achievements.

Get work ready – we are the #1 university for skills development

Deakin integrates real-world expertise with practical skills to give you a competitive edge – proven by Deakin being ranked the #1 university for skills development in Victoria.*

This means you graduate:

- highly skilled
- work ready
- in-demand from employers.

* 2016 Student Experience Survey.

Deakin industry connections = work placement opportunities

Our industry partnerships mean:

- courses for you that match current industry practice
- a qualification that will be widely recognised in the workplace
- a range of work placement and study abroad opportunities for students like you.

Study credits + real-world experience

You can also gain credit towards your degree with work experience in an area that interests you. Depending on the course, we offer:

- workplace internships
- placements
- work-integrated learning programs.

You’ll get your career off to the best start by gaining the skills, knowledge and networks you need and employers want.

The most satisfied students – 8 years in a row

At Deakin, we pride ourselves on the satisfaction of our students and the success of our graduates. To us, the experience of each student matters, from the quality of teaching they receive to their ongoing employability. When Deakin scores highly in a number of rankings year on year, it’s thanks to many thousands of these great individual experiences.

Our students are the most satisfied students of all Victorian universities^, and have been for the past 8 years.

---

---

I love the culture at Deakin. I always feel comfortable around campus and have a great support network, both academically and socially. 

Alice Bleathman
Bachelor of Food and Nutrition Sciences* student
Vice-Chancellor’s Academic Excellence Scholarship recipient

* Now known as Bachelor of Nutrition Science

We’ll support your learning
Whether you want to improve your study skills or need help on a tricky assignment, there’s plenty of support available. As a Deakin student, every aspect of your study will be supported by student mentors, online resources and, of course, our staff. Our easy-to-use online system, DeakinSync, enables like-minded students to connect online, collaborate and support each other.

Get a world-class education
Deakin is a world-class university – with leading-edge facilities powering our record of world-renowned scientific achievements and teaching. All three international university rankings put us in the top 2% of the world’s universities. Access tomorrow’s technology today in our inspiring learning environments, where you can walk through virtual landscapes, prototype ideas with 3D printing, trade stock in a simulated trading room, and merge movement and art in our motion capture lab.

Our outstanding facilities are enhanced by our outstanding academic staff, who are enthusiastic about sharing their skills and knowledge and providing you with valuable industry insights.

Travel the world
See the world with an international internship, exchange, study tour or volunteer placement. Get a competitive edge in the workplace and gain credit towards your degree by studying overseas at a Deakin partner university, located in more than 40 different countries. Visit deakin.edu.au/overseas-study for more information on where in the world your Deakin degree can take you.

Learn without limits
Study where, when and how it suits you at Deakin. Join our online Cloud Campus, switch between part- and full-time study, fast-track your degree by taking extra units throughout the year, taking advantage of our three trimesters of study, or combine your degrees – the choice is yours.

Join the online learning revolution
Join the thousands of students currently studying online at Deakin’s Cloud Campus. Choose from more than 160 courses and experience world-class learning 24/7 using the latest digital tools. Find out more on page 4.

Student life
Getting started at university is a fun and exciting experience, but it’s not without its challenges. That’s why we lend a hand, helping you find somewhere great to live, scope out the clubs and societies you’d like to join and discover your campus’ best local spots to shop and eat. We can even help with finding a job, student finances, how to get involved at uni, disability support and health services.

Find out more at deakin.edu.au/life-at-deakin/student-life.

Why you can confidently choose Deakin
Top 2% university worldwide
Ranked in the top 2% of universities globally by all three international university rankings. QS World University Rankings 2016–2017, Academic Ranking of World Universities 2016, Times Higher Education World University Rankings 2016–2017

5-star rated university
Rated 5 stars for our world-class facilities, teaching and research. QS Stars University Ratings 2016–2017

#1 university under 50 years
Victoria’s #1 university under 50 years old. Times Higher Education 150 under 50 Rankings 2016–2017

Most-satisfied students
Voted #1 for overall student satisfaction in Victoria eight years running. Australian Graduate Survey 2010–2015, Graduate Outcomes Survey 2016–2017 (GOS), Quality Indicators for Learning and Teaching (QILT)

#1 university for skills development
Ranked the #1 university in Victoria for skills development. 2016 Student Experience Survey

#1 careers service in Australia
DeakinTALENT was awarded the most popular university careers service in Australia by the graduate recruitment industry in 2017.
Cloud Campus
Deakin’s Cloud Campus is a 14,000-strong community of online students. As a flagship provider of distance education for more than 40 years, Deakin has a unique understanding of students who need choice and flexibility.
- The Cloud Campus is a vibrant and virtual campus. It’s your one-stop online place to access classes, seminars and resources, participate in live-streaming seminars and class discussions, chat with academic staff and students and submit assignments. Where, when and how you study is up to you.
- Studying at the Cloud Campus doesn’t mean you’re confined to the cloud. You can jump offline anytime and head to your closest Deakin campus to meet with your teachers or other students, visit the library or simply make the most of our fast, free Wi-Fi.
- Deakin’s Cloud Campus enables you to connect with other students for study, support and socialising, including an online student club.

• Your own personalised digital study hub makes the transition to online study a smooth one. DeakinSync is the online place you’ll call home. It’s where you’ll find everything you need to manage your enrolment and course material, communicate with your classmates and teachers, sort out your timetable and even plan your career.

Visit deakin.edu.au/courses/study-online for more information.

 Melbourne Burwood Campus
Our Melbourne Burwood Campus is a 30-minute drive from Melbourne’s bustling central district in a leafy suburb with many open spaces and parks.
- Melbourne Burwood Campus is our busiest campus, with around 30,000 students.
- The campus boasts architecturally impressive buildings and outstanding facilities, including the professional motion capture lab; dance, drama and television studios; food and nutrition labs; nursing clinical simulation centres; IT gaming facilities; simulated foreign currency trading floor; and much more.
- Burwood students love the relaxed suburban atmosphere and huge choice of learning and social spaces.
- Enjoy a choice of cafes and food outlets, bookshop and merchandise shop, medical centre, gallery, gymnasium, great study spaces and much more.
- The campus sits alongside parkland, which is great for cycling, walking and jogging, and is easily accessible via cycling paths, public transport or car.

• Campus residences accommodate more than 1000 students year-round, with a range of accommodation options, from private studio apartments to private bedrooms within large unit complexes.
• Life on campus is so much more than just a comfy bed in a safe building, it’s a unique opportunity to immerse yourself in the Deakin experience. Those who live on campus are shown to make better connections with their peers and with the University. Plus, they’re more likely to achieve great results with their study.

To learn more, visit deakin.edu.au/live.

 Living near campus
- The closest suburbs to our Melbourne Burwood Campus are Burwood East, Box Hill South, Camberwell and Ashburton.
- From Melbourne’s CBD it takes about an hour to get to our Melbourne Burwood Campus using either train, tram or bus, or about half an hour by car. It is also possible to cycle to Burwood. The tram stop is located on the Burwood Highway in front of the campus.
- To find accommodation near campus visit Houseme at deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/burwood for more information.

Locations
Locations

Geelong Waterfront Campus
Our Geelong Waterfront Campus is right on Corio Bay – in the heart of Geelong, about an hour’s drive from Melbourne. Originally built as wool stores in the 19th century, the buildings have been extensively renovated, creating a modern, impressive campus.

- Geelong is the second-most populated urban area in Victoria (after Melbourne), with a population of about 180,000 people.
- One of the world’s most beautiful coastal drives, the Great Ocean Road, is just 30 minutes away, complete with famous surf beaches and the occasional whale sighting.
- Geelong Waterfront Campus was founded in 1994. It currently has 5000 students and offers 201 courses.

Living on campus
- The Geelong Waterfront Campus will accommodate its first residential community of 410 students in 2018, with 33 studio apartments also available within Geelong’s iconic T&G House.
- Our campus-based residents enjoy a range of exclusive activities across the year. You’ll be connected with a supportive student community and an encouraging environment ensures a balanced study/social life.

To learn more, visit deakin.edu.au/live.

Living near campus
If you choose to live centrally, you’ll be residing very close to your classes. If you live further from the city centre, getting to the Geelong Waterfront Campus by car, bike or public transport is easy.

To find accommodation visit Houseme at deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.
Visit deakin.edu.au/waterfront for more information.

Geelong Waurn Ponds Campus
You get the best of both worlds at our Geelong Waurn Ponds Campus – access to world-class programs and superb facilities, as well as a relaxing, regional environment, close to some of Australia’s best surf beaches.

- Geelong is on a peninsula, with surf beaches, diving and recreational fishing all on offer.
- On campus, outdoor areas and spacious new buildings are perfect for both socialising and studying.
- Geelong Waurn Ponds Campus offers incredible sport facilities. The campus is home to Deakin’s Elite Sport Precinct, which includes an MCG-sized AFL oval, FIFA-grade soccer pitch, eight-lane 400-metre athletics track, outdoor basketball court and more. A deluxe health club complete with gym, workout studios and group fitness classes is also available.
- There are around 7300 students at the Geelong Waurn Ponds Campus.

Living on campus
- We have townhouses, units and apartments available for 800 students at our Geelong Waurn Ponds Campus, close to classes and our sporting grounds.
- Living on campus gives you exclusive access to residential programs including health and wellbeing, social, academic, arts and culture and leadership, connecting you in a supportive student environment to ensure a balanced study and social life.

To learn more, visit deakin.edu.au/live.

Living near campus
- Our Geelong Waurn Ponds Campus is a 20-minute drive from the centre of Geelong, so if you choose to live centrally you won’t be far away from your classes. Closer suburbs to live in include Grovedale, Wandana Heights and Highton.
- You can access the campus by car, train, or the free shuttle bus that runs between our two Geelong campuses – and Melbourne is just an hour away.
- To find accommodation near campus visit Houseme at deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.
Visit deakin.edu.au/waurn-ponds for more information.

Clubs and societies
As a Deakin student, you can explore more than 120 clubs and societies across our campuses. We’ve got groups dedicated to everything from anime to basketball. From sports, health and personal development clubs to academic, religious, course and discipline-specific groups, there’s sure to be a club or society to suit you.

To make the most of your time at Deakin: meet new people, try new things, share your skills and discover your hidden talents.

Institute of Koorie Education
The Institute of Koorie Education provides community-based education programs, enabling Aboriginal and Torres Strait Islander Australians the flexibility to gain access to higher education while still being able to maintain family and community connections and obligations. The approach to course delivery promotes access and equity for Indigenous Australian students, creating a close-knit learning community, as well as an inspiring and supportive learning environment away from home. Visit deakin.edu.au/courses/ike for more information.

Staying on campus
The Kitjarra student residences are available to Institute of Koorie Education students during study intensives. Just a short walk from the Institute’s academic building at the Geelong Waurn Ponds Campus, Kitjarra is a convenient and comfortable option for study and accommodation. To learn more visit deakin.edu.au/kitjarra.

Locations

Warrenbool Campus
Three hours from Melbourne, 1.5 hours by car from Geelong, Warrenbool is a welcoming campus, close to the town centre and beautiful surf beaches. Deakin’s Warrenbool Campus offers a friendly, close-knit community environment, with close to 1000 students.

- Deakin’s Warrenbool Campus is set on the banks of the picturesque Hopkins River, close to local surf beaches and popular tourist attractions.
- The 94-hectare site is approximately 5km from the centre of Warrenbool CBD, which is serviced by the Princes Highway and its own railway station and bus services.
- Warrenbool has a population of about 34,000 people, and is roughly 258km south-west of Melbourne.

Living on campus
- We have studio apartments and shared houses available on campus at Warrenbool, just metres from the Hopkins River and close to local surf and fishing hot spots.
- Living on-campus in Warrenbool means you are part of a close-knit residential community, giving you access to exclusive residential programs.

To learn more, visit deakin.edu.au/live.

Living near campus
- Warrenbool is an increasingly popular tourist destination, with historic buildings, beautiful waterways and surf beaches, and a whale-watching centre.
- Living off-campus is a great – and affordable – way to get to know the town and wider community while you’re studying.
- Visit Houseme at deakin.edu.au/houseme – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/warrnambool-campus for more information.

Study options

Study full time or part time
At Deakin, you can switch between part-time and full-time study and set your own pace throughout your education. This means if things change, you’re not locked into a study commitment that no longer suits you. If you’re enrolled in three or more credit points in a trimester, you’re considered a full-time student. Any fewer and you’re considered a part-time student.

Study in the cloud or on campus
Did you know that you can switch between on-campus and online learning? Providing your course and unit is available in both modes, the choice is yours. You can also combine the two study modes. Need the flexibility to study some units online and others on-campus? That’s the type of flexibility our students love. If you miss a class you can catch up online when it suits you, whether you study at one of our campuses or at the Cloud Campus.

Study when you are ready
We have three study periods during the teaching year. This gives you more choice about when to start your degree and can even enable you to fast-track your study by taking extra units throughout the year. Some students take a trimester off to work or travel, then catch up later. It also allows you to spread your study load, so you can fit your studies into your lifestyle.

Deakin’s trimesters run from March to June (Trimester 1), July to October (Trimester 2) and November to February (Trimester 3). Trimester 3 is optional and subject to availability of units. Visit deakin.edu.au/flexible-study to find out more about your study options at Deakin.

Digital tools and resources
Students are fully supported with a range of online resources. Through your personalised digital study hub, DeakinSync, you connect with students, learning and assessment experiences, teaching and support staff and potential employers. An experienced student success coach connects with you via Skype and email, providing ongoing support to ensure your personal and professional development.

Disability support
Deakin’s Disability Resource Centre promotes inclusion and access, and delivers information and services for students with a disability, health or mental health condition that affects their study or participation in university life. If you have difficulty with reading, writing, mobility, concentration, being understood, or meeting deadlines you may be eligible for services.

For more information, visit www.deakin.edu.au/disability-services.
Applying to Deakin

How do I apply?
Applying for your undergraduate degree at Deakin couldn’t be easier. Most applications are straightforward and easy to complete. Follow these steps to make the process as simple as possible. Visit deakin.edu.au/courses/how-to-apply.

Whether you’ve just finished Year 12, or you haven’t studied for a number of years, there is a Deakin course or a pathway for you. Generally, applicants are considered either as a recent secondary applicant or a non-Year 12 applicant, depending on your highest educational claim.

Recent secondary education applicant
- Current Year 12 student
- Completed Year 12 in 2017 or 2016
- Interstate Year 12 student
- New Zealand school leaver
- International Baccalaureate (IB) student
- Gap-year student

Non-Year 12 applicant
- Applicants with higher education study
- Applicants with VET study
- Applicants with work and life experience

For more information on admission requirements and the type of applicant you are, visit deakin.edu.au/courses/how-to-apply. You can also call us on 1800 693 888 to discuss your options.

Find your course
Browse from the hundreds of exciting undergraduate courses we have on offer at deakin.edu.au. Undergraduate courses at Deakin generally begin in March, and some courses also have intakes in July and November.

Once you find the course you’re after, make sure you understand the entry requirements, application methods and application dates. You can call us on 1800 693 888 to discuss your options.

Understand the entry and documentation requirements
Make sure you understand the entry requirements for your chosen course by reading the course page carefully. For recent secondary education applicants, in addition to the listed ATAR, some courses may require you to have studied a prerequisite subject(s), while others may also require you to provide extra materials, such as a portfolio or personal statement.

Selection requirements for non-Year 12 applicants may include personal statement, entrance tests as specified, e.g. STAT (Special Tertiary Admissions Test), or a non-academic assessment (for all applicants to teaching courses), supplementary information form, audition, interview or folio presentation. For an explanation of key terms, please refer to pages 57–59.

Further information is listed in this guide’s course table (page 16 onwards), as ‘recent secondary education applicant’ and ‘non-Year 12 applicant’.

Gather supporting documents
When applying direct to Deakin as a non-Year 12, it’s important to attach any requested supporting documentation; which may include a CV, academic transcripts, STAT results or a personal statement, otherwise your application may be delayed. We recommend gathering all this documentation before you commence the application process to ensure you can complete it in one sitting.

Apply
Depending on your course, our flexible trimester system means you may be able to start in Trimester 1 (March), 2 (July) or 3 (November).

If you’re a recent secondary education applicant, applications for Trimester 1 should be made through VTAC (vtac.edu.au).

If you’re a non-Year 12 applying for Trimester 1 for one Deakin course only, you may apply direct to Deakin. * Applications for Trimester 2 or 3 should be made directly to Deakin via the applicant portal at applicantportal.deakin.edu.au

Special consideration
At Deakin, we are committed to providing equity and access for individuals and groups who might not otherwise enjoy the benefits that flow from participation in higher education. Deakin provides additional consideration to applicants who may have experienced difficult circumstances, such as family, financial, medical, a disability or other challenges.

When applying through VTAC, submit an application through VTAC’s Special Entry Access Scheme (SEAS). If applying direct to Deakin, provide information and supporting documentation regarding your circumstances when prompted in our online applicant portal. For information visit deakin.edu.au/access-equity.

Offers
Information about dates and offers from VTAC can be found on the VTAC website, vtac.edu.au. For Trimester 1*, Deakin makes most of its offers in the first round of offers to applicants.

For applications made direct to Deakin, offers are made via email. Timing varies depending on the course and time of year, but offers are generally made within 10 working days.

Defer
We understand that you might want to have a break before you commence your university course. That’s why we have made deferring your studies easy. Most courses allow you to postpone your studies, but still retain your Deakin place for up to two years. Visit deakin.edu.au/enrolment for information on offers, deferring and more.

Support services
At Deakin, you get support every step of the way. For job advice, our career service can help. For health or mental wellbeing services, healthcare professionals are on hand. From childcare services to disability support, we take care of your needs so you can enjoy life at Deakin. Find out more at deakin.edu.au/life-at-deakin/support-services.

* Some courses in Deakin’s Faculty of Health and Faculty of Science, Engineering and Built Environment are offered by semester. Semester 1 runs from February to June; Semester 2 runs from July to November. See the course table or visit deakin.edu.au/courses.

Dos and don’ts
- Do prepare all supporting documentation for your application.
- Don’t apply for courses that aren’t right for you.

Application deadlines
- Make sure you submit your application before the application deadline.

Visit deakin.edu.au/access-equity for more information.
Fees and scholarships

Fees
Depending on the course, an Australian Commonwealth supported undergraduate student at Deakin in 2018 can expect to pay between $6444 and $10,754 per year of study. These fees will change for 2019. Eligible students may obtain loans via the Higher Education Contribution Scheme—Higher Education Loan Program (HECS-HELP). Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold.

A range of government financial assistance programs are available for eligible students, such as Youth Allowance and Austudy.

Other costs
As a student you will also need to pay for living costs and course-related expenses, such as computer equipment, books, field trips and special equipment or clothing (if applicable to your course).

governmentassistance
Commonwealth Supported Place
If you are an Australian citizen, holder of a Permanent humanitarian visa, Permanent resident or New Zealand citizen and meet the residency requirements, you will be eligible to receive a Commonwealth Supported Place (CSP) for a bachelor’s course at Deakin. The Australian Government subsidises a Commonwealth Supported Place by paying part of the fees directly to the university.

Students enrolled in a CSP are only required to cover part of the cost of their course through student contributions. The cost of your course will depend on the units you study.

HECS-HELP Loan
Another Australian Government scheme that you may be eligible for is a HECS-HELP Loan. This is available for students in a Commonwealth Supported Place who meet the eligibility requirements set by the Australian Government.

Under the HECS-HELP loan scheme, you can choose to not make an upfront payment for your tuition fees. The HECS-HELP loan covers the student contribution part of your student fees. You will begin paying back your loan in small increments once you meet the minimum income threshold set by the Australian Taxation Office.

Deakin University is subject to Australian Government Legislation. As such, legislative changes can occur and may impact your HECS-HELP eligibility. For more information on eligibility requirements please visit studyassist.gov.au or deakin.edu.au/courses/fees/fee-payment-assistance.

Scholarships
A Deakin scholarship is more than simply a financial boost – it sets you on the pathway to success at university. It’s an opportunity to stand out from your peers and is an excellent feature on your resume.

We offer scholarships for many situations, whether you have experienced disadvantage and/or achieved academic merit. Awarding a Deakin scholarship is our chance to acknowledge and reward your accomplishments and hard work.

You could be eligible for a number of scholarships during your time at Deakin. Use our online search tool to help you find out what scholarships you might be eligible to apply for at deakin.edu.au/scholarships. Also check out deakin.edu.au/scholarship-tips to read through our top tips for completing a scholarship application.

Financial support
Deakin provides financial assistance to eligible students in a number of ways, including grants, emergency food and travel vouchers. If you’re experiencing financial difficulties, you may also be eligible to receive an interest-free student loan for study-related expenses.

deakin.university

Even in my first year I can see the many benefits of the scholarship program – from being part of interesting and innovative learning experiences to developing a good rapport with my academic mentor and other scholarship recipients.

Natasha Pasahidis
Bachelor of Laws/Bachelor of International Studies student
Vice-Chancellor’s Academic Excellence Scholarship recipient

Deakin Accelerate for VCE students
If you’re a high-achieving VCE student, Accelerate allows you to study two first-year university subjects during Year 12. Studying one subject per trimester through Accelerate gives you a headstart in university studies while providing a potential boost to your ATAR.

There aren’t any enrolment costs for the units you study as part of Deakin Accelerate, your only expense could be the cost of a textbook or materials needed to participate in the class. If your subjects are related to the Deakin course you enrol in after you graduate from secondary school, you may gain credit if it’s a related course or you are able to use it as an elective – that’s two units ticked off your uni degree at minimal cost. Most units are available on campus and online.
deakin.edu.au/accelerate
Pathways to Deakin

The traditional path from school to university isn’t the only way into Deakin. Find your pathway to study with us.

1. Same course, different campus
   - Start the same course at Deakin
   - Transfer to preferred campus

2. Similar course
   - Start a related course at Deakin
   - Transfer to preferred course and receive credit*

3. Associate degree
   - Complete an associate degree
   - Apply for your Deakin course and receive credit*

4. Deakin College
   - Complete a diploma
   - Enter Deakin as a 2nd year student*

5. Guaranteed TAFE pathways
   - Complete a diploma
   - Apply for your Deakin course and apply for credit

6. Other TAFEs and RTOs
   - Complete a diploma
   - Apply for your Deakin course and apply for credit

7. Study 2 single units at Deakin
   - Complete units
   - Apply for your Deakin course and apply for credit

8. Through university
   - Start a degree elsewhere
   - Apply for your Deakin course and apply for credit

9. Through the workforce
   - Gain work and life experience
   - Apply for your Deakin course and apply for credit

* Subject to availability and meeting academic requirements.

Pathways through Deakin
Taking a pathway through Deakin means you get to begin the Deakin experience immediately, starting and finishing your study at Deakin.

Transfer between campuses*
- Start your course at a campus with a lower ATAR requirement, then transfer to your desired campus after first year.

Transfer between courses*
- Apply to study a course with similar subjects or majors, but a lower ATAR, and use this as a pathway into your ideal course.

Complete an associate degree*
- A Deakin associate degree in arts or education lets you study in a supported campus environment. It also gives you a direct, guaranteed pathway to an arts, criminology or primary education** bachelor’s degree.

Undertake single unit (non-award) study
- If you just want to test the waters and see what studying at Deakin is all about, consider studying a single unit (or two). The unit can count towards a degree if you decide to enrol in one afterwards, and you’ll get to satisfy your personal and professional interests.

Pathways through Deakin College
A Deakin College diploma can provide a fast-track pathway into Deakin undergraduate degrees.

Pathways through TAFE
Deakin partners with the country’s best TAFE institutions to offer a guaranteed entry program. Our partners include:
- Bendigo Institute
- Box Hill Institute
- Chisholm Institute
- The Gordon
- Kangan Institute
- Melbourne Polytechnic
- South West TAFE
- TAFE NSW.

Pathways through other institutions
If you’re currently studying at another university and wish to apply for entry into Deakin to finish your degree, you can apply for Credit for Prior Learning for your previous study.

Pathways through the workforce
Deakin students come from all walks of life – not everyone goes straight to university after finishing high school. You may be able to gain entry to Deakin and/or credit towards a Deakin course, based on your work experience or prior industry training.

Visit deakin.edu.au/courses/entry-pathways for more information.

‘My course has exceeded my expectations. With such a wide variety of units to choose from, and areas to specialise in, there is never a dull moment. I am able to tailor my learning to my interests, allowing me to thrive!’

Beau Arnfield
Bachelor of Arts/Bachelor of Laws student

Try our Pathway Finder tool
There are many different ways you can get into an undergraduate course at Deakin. No matter your ATAR or education history, we’re here to help you find your pathway to Deakin. Try our Pathway Finder tool and explore the options that may be available to you at deakin.edu.au/courses/entry-pathways/pathway-finder or call us on 1800 693 888.
Courses at Deakin

The following pages outline key details for each of Deakin’s undergraduate and related degrees. Courses are featured according to the interest areas listed here. Course name and code are included, as well as a brief course overview, major areas of study, careers and everything you need to know about getting into the course. Find out more about these interest areas and the courses available at deakin.edu.au.

Not sure where to start? Speak to one of our friendly staff on 1800 MY FUTURE (1800 693 888) to discuss your options or email myfuture@deakin.edu.au.

Courses to careers

Courses

- Architecture and built environment
- Arts, humanities and social sciences
- Business
- Communication and creative arts
- Engineering
- Environment
- Law
- Medicine
- Nursing
- Psychology
- Science
- Sport
- Teaching

Campus
Deakin has five campuses – one in Melbourne and Warrnambool, two in Geelong, and the Cloud Campus. The following course table indicates the campus/campuses where you can study our range of undergraduate courses.

ATAR
The Australian Tertiary Admission Rank (ATAR) is a ranking of Year 12 results. It is a rank (from 30 (lowest) to 99.95 (highest)) agreed by the Council of Australian Governments as a nationally equivalent measure of a person’s relative academic ranking within their complete age cohort in the year they graduated from senior secondary school. (This includes students who did not complete Year 12, completed but did not qualify for an ATAR, or had already previously left school, who account for around 30% of the age cohort.) The ATAR is derived from the scaled scores achieved for senior secondary school subjects. The specific calculation used is different in each state and territory but the result is designed to be nationally equivalent.

Admissions transparency
As per Australian Government guidelines, the ATAR published in this guide is the lowest ‘Adjusted ATAR score’ to which an offer was made in 2018. The ‘adjusted ATAR score’ is an applicant’s ‘raw ATAR score’, plus any adjustment factors applied. Deakin is committed to an open and transparent admissions process, visit this VTAC course search at vtac.edu.au or deakin.edu.au/transparency for an ATAR profile of all Deakin courses.

Course duration in years
This is the course duration in years, based on completing the course full-time. Part-time study options may also be available. Search for your courses at deakin.edu.au/courses to find out.

Entry requirements
The course table outlines the entry requirements for recent secondary education applicants and non-Year 12 applicants.

- Recent secondary education applicants
  - Current Year 12 students (2018)
  - Year 12 graduates (2017 and 2016)

Non-Year 12 applicants
- Applicants with higher education study
- Applicants with VET study
- Applicants with work and life experience

For more information on entry requirements and the type of applicant you are, visit deakin.edu.au/courses/how-to-apply. You can also call us on 1800 693 888 to discuss your options.

Trimester intake
Most courses start in Trimester 1 (T1) (March to June). The course entry indicates whether you have the option of commencing your studies in Trimester 2 (T2) (July to October) or Trimester 3 (T3) (November to February). Not all units are offered in every trimester. Some courses in Deakin’s Faculty of Health and Faculty of Science, Engineering and Built Environment are offered by semester. Semester 1 runs from February to June; Semester 2 runs from July to November.

Check each course at deakin.edu.au/courses for the most up-to-date intake information.

Fees
The fees listed are 2018 indicative fee rates for students enrolled in the first year of studies in a Commonwealth Supported Place (CSP). The Australian Government provides a subsidy for students enrolled in a CSP by paying part of the fees for the place directly to the university. The fees listed are the indicative amount you will need to pay for one year of study. Visit deakin.edu.au/fees for up-to-date information.

Deakin Hallmarks are prestigious University awards that recognize students’ outstanding achievement, at course level, of capabilities that are key to employment success.

Find out more at deakin.edu.au/hallmarks, including how Hallmarks are awarded.
Architecture and built environment

Course Overview Careers Entry requirements Fees*

Bachelor of Design (Architecture)*

Campus and ATAR: 171.12

- Professional recognition by the Australian Institute of Architects (AIA) and the Royal Institution of Chartered Surveyors (RICS) can be attained by completing the Bachelor of Construction Management (Honours)/Bachelor of Property and Real Estate.
- Leads to professional recognition when followed by successful completion of the Master of Architecture (Design Management).
- Students are able to commence this course at either the Melbourne Burwood Campus or Geelong Waurn Ponds Campus. Delivery is at both campuses and students will be required to undertake units of study from both the Geelong Waurn Ponds Campus and the Melbourne Burwood Campus. Students should seek advice from their course advisor Prior to the commencement of their course.

Campus and ATAR: N/A

- Students have the opportunity to complete the course in one year full-time (3 trimesters) by undertaking units in Trimester 3.
- Successful completion of the course will lead to professional recognition by the Australian Institute of Architects (AIA).
## Arts, humanities and social sciences

### Bachelor of Arts

<table>
<thead>
<tr>
<th>Overview</th>
<th>Entry requirements</th>
<th>Fees*</th>
</tr>
</thead>
<tbody>
<tr>
<td>An arts degree offers enormous flexibility, allowing you to keep your career options open and design your course around your interests and for maximum employability. All arts majors are taught as a combination of practical and theoretical learning, with many areas of study offering work placements. An arts degree provides skills for a wide range of careers, including international relations, journalism, advertising, media, photography, multimedia, publishing, public relations, marketing, personnel and industrial relations, government, policy development, research, business, finance, communication and media, ethics-afairs, social work, education, policing, and performing and visual arts.</td>
<td>VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).</td>
<td>$6,708</td>
</tr>
</tbody>
</table>

### Bachelor of International Studies

<table>
<thead>
<tr>
<th>Overview</th>
<th>Entry requirements</th>
<th>Fees*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Develop a systematic understanding of the international forces shaping government, business and society in contemporary Australia and the world and gain experience of living, working and studying in international environments. An important component of the degree is developing strong intercultural competence and graduate employability, which is achieved through a combination of core units and participation in a wide range of international experiences, including study tours, short-term overseas programs, in-country language courses, study exchanges and/or internships. The program offers an Asia-Pacific view on international relations, politics, security, society and culture. You can choose to specialise in language studies, anthropology, international relations or politics.</td>
<td>VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).</td>
<td>$6,157</td>
</tr>
</tbody>
</table>

### Bachelor of International Studies (Global Scholar)

<table>
<thead>
<tr>
<th>Overview</th>
<th>Entry requirements</th>
<th>Fees*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Designed for high-achieving students who want to combine study and travel and build a global career from the very start of their studies. Develop intercultural competences, transnational skills and gain important skills of analysis, critical thinking and reflection, all of which are essential for effective personal and professional operation in international environments. Students are supported through an award of a $5,000 scholarship to complete the compulsory international experience.</td>
<td>VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).</td>
<td>$6,715</td>
</tr>
</tbody>
</table>

### Diploma of Arabic

<table>
<thead>
<tr>
<th>Overview</th>
<th>Entry requirements</th>
<th>Fees*</th>
</tr>

## Arts, humanities and social sciences

### Course Overview

<table>
<thead>
<tr>
<th>Diploma of Chinese</th>
<th>Overview</th>
<th>Careers</th>
<th>Entry requirements</th>
<th>Fees</th>
</tr>
</thead>
<tbody>
<tr>
<td>A222</td>
<td>The Chinese language program offers students the opportunity to attain proficiency in spoken and written Chinese and provides an understanding of the Chinese culture and ways of life. It's a great complement to your studies in any discipline, plus you'll gain a global perspective and boost your employability. In-country language programs are also available.</td>
<td>Business, diplomacy, foreign policy and international development.</td>
<td>VCE units 3 and 4 — a study score of at least 20 in English other than EAL or 25 in English (EAL).</td>
<td>$6444</td>
</tr>
</tbody>
</table>

### Diploma of Indonesian

| A313               | Learn communication skills in Bahasa Indonesia while gaining an understanding of Indonesia’s culture, history and society. Indonesia is Australia’s closest Asian neighbour and the region is increasingly important to Australia economically, politically and culturally. In-country language programs are also available. | Business, diplomacy, foreign policy and international development. | VCE units 3 and 4 — a study score of at least 20 in English other than EAL or 25 in English (EAL). | $6444 |

### Diploma of Spanish

| A317               | Spanish is a great complement to your studies in any discipline, plus you’ll gain a global perspective and boost your employability. Develop fluency in Spanish by developing an understanding of grammatical structures and localised ideas through a communicative approach, and by developing skills through guided activities that target listening, speaking, reading and writing competencies. In-country language programs are also available. | Business, diplomacy, foreign policy and international development. | VCE units 3 and 4 — a study score of at least 20 in English other than EAL or 25 in English (EAL). | $6444 |

### Associate Degree of Arts

| A311               | Develop skills you need to be successful at university, such as communication skills, digital literacy, critical thinking and teamwork skills. You will also study interesting units within arts or criminology and guaranteed entry into Diploma of Arts or Bachelor of Criminology after successful completion of the course. You may also apply to transition, with credit, into a range of other bachelor’s degrees, including communications, psychology, health sciences, nursing, commerce or science. | | | $8055 |

### Bachelor of Arts – Advanced (Honours)

| A312               | High-performing students will be attracted to Deakin’s Bachelor of Arts – Advanced (Honours). This degree allows them to enrol immediately in a four-year honours degree. | | | $6444 |

*For more information, visit [deakin.edu.au/coursedirectory](https://www.deakin.edu.au/coursedirectory).*
Deakin’s Bachelor of Criminology/Bachelor of Psychological Science brings together two independent degrees and combines them in an attractive four-year combined course. This course provides an accredited undergraduate sequence in psychology and includes complementary studies in individual and group counselling, health and behavioural change.

Government agencies, state and federal police, security and intelligence agencies, research and policy development, correctional services, community services, private security and consultative industries, as well as many traditional fields open to psychology graduates.

Forensic scientist, criminologist or related role, in both the public and private sector, including areas such as the forensic science industry, science-based industries, teaching, government agencies, state and federal police, AGSI, correctional services, community services and private security industries.

The career type options available to you will depend on the majors you take within your course. For example, you may qualify to work in areas such as health promotion, health education, community health, project management, program planning, health management, counselling, family and community support, housing services, regional health services, community development, sports nutrition and sports administration. An arts degree provides skills for a wide range of careers, expanding your graduate opportunities even further.

Business and management roles in a wide range of organisations and government services, research, public administration, diplomatic service, the media, legal and law reform or teaching either in schools or universities.

As an alternative to practising as a lawyer, you may work in business and management roles in a wide range of organisations and government services, state or federal police, AGSI, correctional services, community services or private security industries.

There has been a pronounced internationalisation of the practice of law in the past decade. This course provides an international perspective, with students committing to study at an overseas university or taking up an internship with an overseas organisation.

Majors* See Bachelor of International Studies, page 21.

Bachelor of Business (Sport Management)

Course Overview
People working behind the scenes in sport are often just as important as the players on the pitch, courts and fields. Learn all about the business aspects of sport, including sport systems and organisations, finance, promotion, management and law.

Careers
Sports including Australian rules football, basketball, cricket, tennis, golf, plus national and state sporting organisations all require professionally trained people to work for them. There is also a need for qualified people to manage facilities catering for sport at the local level through to those hosting national and international competitions.

Entry requirements
• VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
• deakin.edu.au/course/M391

Fees
$10,045

Bachelor of Commerce

Course Overview
Gain the technical skills and professional capabilities to be a confident business leader for today and the future. With nine majors and a strong industry reputation, Deakin’s Bachelor of Commerce opens up opportunities in nearly every area of business and government across Australia and overseas. Deakin is the only Australian university with an EPAS accredited Bachelor of Commerce. This quality benchmark for business programs worldwide sets you up for a global career.

Careers
Our graduates have found careers in a diverse range of roles including professional accountant, economist, financial planner, human resource manager, information systems professional, social and economic policy developer, international trade officer and marketing assistant/manager.

Entry requirements
• VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
• deakin.edu.au/course/M300

Fees
$10,548

Bachelor of Information Systems

Course Overview
With the massive rise of social media, computers and mobile devices, most of us take the use of technology for granted. Information systems (IS) is about how people and organisations can use technology in innovative and effective ways in an increasingly globalised and digital world.

Careers
Business analyst, systems analyst, IS/IT consultant, project manager, chief information officer

Entry requirements
• VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
• deakin.edu.au/course/M140

Fees
$9,336

### Bachelor of Commerce / Bachelor of Information Systems

**Overview**
Look at the business side of technology and at the way that businesses make use of technology to improve their service work. This course gives you the skills to analyse existing information systems, develop new systems, and find solutions to common information systems management issues.

**Careers**
Combine studies in information systems with studies in commerce, such as accounting, finance, economics, marketing and management, leading to a broad range of technology-focused business careers.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
- [deakin.edu.au/course/D366](deakin.edu.au/course/D366)

**Fees**
$10,239

**Campus and ATAR:**
- Warrnambool Campus: N/A
- Melbourne Burwood Campus: 96.25

**Bachelor of Commerce / Bachelor of Laws**

**Overview**
Develop a sound understanding of the context in which the law operates in the business world, with a case-study approach and a strong practical legal skills component, as well as giving you comprehensive knowledge in business studies.

**Careers**
As an alternative to practising as a barrister or solicitor, you may pursue a career in business and management in a wide range of organisations, government services, industrial relations, research, public administration, diplomatic service, legal aid, the media, law reform or teaching in universities.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 35 in English (EAL)
- [deakin.edu.au/course/D322](deakin.edu.au/course/D322)

**Fees**
$10,681

**Campus and ATAR:**
- Warrnambool Campus: 96.75
- Melbourne Burwood Campus: 96.25

**Bachelor of Commerce / Bachelor of Science**

**Overview**
Gain a specialised training in a scientific field, such as environmental science, natural history, chemistry and materials science, animal biology, plant biology, cell biology, human biology or mathematical modelling, while also developing your understanding of the commercial world, with specialisations including economics, accounting, management or information systems, for example.

**Careers**
Diverse career opportunities include quality assurance, occupational health and safety, research, planning, management or marketing; science-related industries, pharmaceutical production or pharmaceutical sales; biomedical science areas such as research or hospital and laboratory science; quality assurance in analytical and diagnostic laboratories; the food industry in quality control; environment and natural resources; fisheries resource management, aquaculture management, teaching, information technology, mathematics or science journalism.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
- [deakin.edu.au/course/D301](deakin.edu.au/course/D301)

**Fees**
$10,045

**Campus and ATAR:**
- Warrnambool Campus: 96.25
- Melbourne Burwood Campus: 96.25

---

### Bachelor of Exercise and Sport Science / Bachelor of Business (Sport Management)

**Overview**
Along with the rapid commercialisation of sport, there has been an equal growth in the sport service industry: with the development of occupations in areas such as coaching and sport business development, management and governance. This combined degree offers career variety, exposure to ground-breaking research and a network of graduates already working in the industry.

**Careers**
Graduates are employed in traditional sport, exercise and coaching occupations, well-established sports administration, management, governance and development roles.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in marketing (MLC)
- [deakin.edu.au/course/D394](deakin.edu.au/course/D394)

**Fees**
$9270

**Campus and ATAR:**
- Warrnambool Campus: 96.25
- Melbourne Burwood Campus: 96.75

### Bachelor of Information Systems / Bachelor of Information Technology

**Overview**
Learn how to apply strategic IT solutions to real-life business problems, developing skills in software development, programming, cloud computing and more. Today’s employers place high value on multi-skilled graduates. With the information and communications technology sector thriving, there is a high demand for skilled BS and IT graduates.

**Careers**
As a graduate, you will hold skills that can be applied across both the IS and IT markets, and be qualified for such roles as business analyst, computer systems designer, systems programmer, information manager, and IT service roles.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
- [deakin.edu.au/course/D311](deakin.edu.au/course/D311)

**Fees**
$10185

**Campus and ATAR:**
- Warrnambool Campus: 96.25
- Melbourne Burwood Campus: 96.75

---

### Bachelor of International Studies / Bachelor of Commerce

**Overview**
This specialist degree allows you to combine complementary majors in international studies and commerce. With an international orientation you will be expected to make a commitment to an internship with an overseas organisation, or a period of study at an overseas university; or to participate in an in-country language program.

**Careers**
Graduates in business and management roles in a wide range of occupations and government services, diplomacy, defence, immigration, education, finance, communications, trade, development and aid.

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
- [deakin.edu.au/course/D318](deakin.edu.au/course/D318)

**Fees**
$8812

**Campus and ATAR:**
- Warrnambool Campus: 96.25
- Melbourne Burwood Campus: 96.75
**Business**

**Course Overview**

**Bachelor of Property and Real Estate/Bachelor of Commerce**

With a strong public profile and an established reputation with industry and professional bodies, this combined degree provides practical experience and project work that relates to a career as a property manager, providing a broad, relevant business education.

**Bachelor of Construction Management (Honours)/Bachelor of Property and Real Estate**

A unique course in Australia, develop a thorough understanding of both disciplines, as well as building on the strong synergy between the two.

**Bachelor of Property and Real Estate/Bachelor of Laws**

This unique course allows you to gain professionally recognised qualifications in developing in-depth knowledge of real estate, law and property.

**Bachelor of Public Health and Health Promotion/Bachelor of Commerce**

This combined course gives you a thorough understanding of the social and environmental factors that cause poor health, as well as those factors that create and sustain good health. You will examine evidence of how health is created and influenced in our society, and look at the different approaches for improving the population's health.

---

**Communication and creative arts**

**Course Overview**

**Bachelor of Arts**

An arts degree offers enormous flexibility, allowing you to keep your career options open and design your course around your interests and for maximum employability. All arts majors are taught by talented academics in practical and theoretical teaching, with many areas of study offering work placements.

**Bachelor of Communication (Advertising)**

Designed to produce ‘big idea’ thinkers, with the flexibility to succeed in the dynamic world of advertising and brand communication. Breadth of knowledge is achieved with foundation studies that consider all key aspects of the industry and its impact on society.

**Bachelor of Communication (Digital Media)**

Explore themes such as social media and surveillance, advertising and consumption, media genre and representation, issues of piracy and censorship, celebrity and media industry processes of planning and production, among many other workplace-relevant areas.

**Bachelor of Communication (Journalism)**

Develop your knowledge in communication and the analytical skills necessary for reporting events in context. Our course structure, content and assessments are designed to support the development of your professional skills and career.

**Bachelor of Communication (Public Relations)**

Develop the professional skills, techniques and knowledge necessary to implement communication strategies and tactics with ethics and integrity. Explore communication research techniques, organizational planning, problem analysis, strategy development, creation of communication tactics and the evaluation of effective communication.

Communication and creative arts

Course | Overview | Careers | Entry requirements | Fees
--- | --- | --- | --- | ---
Bachelor of Creative Arts (Drama) | Led by a team of passionate drama practitioners with years of invaluable industry experience, you'll develop skills in acting, improvisation, performance and voice technique. | Live theatre, film and television, drama education, contemporary performance companies, performing arts centres and community theatre. | VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL) | $6000

Campus and ATAR: | Y1, Y2 | Y1, Y2 | Y1, Y2 |
Campus and ATAR: | 63.15 | 63.15 | 63.15 |

Bachelor of Creative Arts (Photography)* | With access to professionally equipped facilities, develop skills in chemical and digital imaging in diverse photographic formats, portfolio creation, project management, visual communication, experimental practice, exhibition and online collaboration. | Opportunities exist in the media, arts, art production, tourism, cultural and entertainment industries. You may also choose to combine your degree with education studies and become qualified to teach photography. | VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL) and presentation of a portfolio of work to a satisfactory standard. | $6000

Campus and ATAR: | Y1, Y2 | Y1, Y2 | Y1, Y2 | Y1, Y2 |
Campus and ATAR: | RC | RC | RC | RC |

Bachelor of Creative Writing (Visual Arts)* | Developing skills in critical thinking, collaboration, technique, visual analysis and experimentation are crucial to work as an artist, yet they are also fundamentally transferable skills highly relevant to a range of creative industry applications. | Visual arts graduates enjoy creative roles in a range of settings, including working within arts and cultural communities or an independent studio career working towards exhibitions in commercial galleries, publicly run art spaces, experimental, collaborative and interdisciplinary exchanges. | VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL) and presentation of a portfolio of work to a satisfactory standard. | $6444

Campus and ATAR: | Y1, Y2 | Y1, Y2 | Y1, Y2 | Y1, Y2 |
Campus and ATAR: | RC | RC | RC | RC |

Bachelor of Creative Writing | Explore narrative-driven works, experimental innovations, editing, creative non-fiction, script writing, as well as role takes on traditional genres of poetry, and short and extended fiction writing. | Freelance editing and writing, in traditional/on-line publishing, in corporate and government organisation and web designer and writer/editors; in media, entertainment and other arts organisations in a range of writing/editing roles, and in the education sector at various levels. | VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL) | $6550

Campus and ATAR: | Y1, Y2 | Y1, Y2 | Y1, Y2 | Y1, Y2 |
Campus and ATAR: | 14.50 | 14.50 | 14.50 | 14.50 |

Bachelor of Design (3D Animation)* | Explore design histories and theories and develop creative, technical and analytical skills in animation production through the exploration of computer graphic animation (3D CG) modelling, character design and animation, lighting and rendering and motion capture techniques relevant to a career in motion design and animation. | Motion design, animation, film, correspondence, motion capture performance or in augmented-reality and virtual reality. | VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL) and presentation of a portfolio of work to a satisfactory standard. | $6444

Campus and ATAR: | Y1, Y2 | Y1, Y2 | Y1, Y2 | Y1, Y2 |

Campus and ATAR: | RC | RC | RC | RC |

Bachelor of Design (Digital Technologies)* | This course combines software design, immersive virtual reality and augmented reality experience design, mobile app design, web design and strong foundations in design thinking to support employment outcomes that differ from those of traditional IT or creative arts degrees. | App development, software design, UX design, web design, digital design and immersive design. Graduates may find work in creative agencies, advertising and design studios, print houses and corporate companies. | VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL) and presentation of a portfolio of work to a satisfactory standard. | $7120

Campus and ATAR: | Y1, Y2 | Y1, Y2 | Y1, Y2 | Y1, Y2 |

Bachelor of Design (Visual Communication)* | From documentary and short narrative fiction, to more experimental productions, this course allows you to discover and develop your knowledge through exposure to a number of production and postproduction roles and practices. | Production for cinema and television work as a member in the camera, lighting, sound, design and effects or editing departments within the corporate, educational and advertising sectors, animators in the arts and digital content industries, including the animation, film, television and games design sectors and as independent professional creative practitioners. | VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL) and presentation of a portfolio of work to a satisfactory standard. | $6444

Campus and ATAR: | Y1, Y2 | Y1, Y2 | Y1, Y2 | Y1, Y2 |

Bachelor of Film, Television and Animation | From documentary and short narrative fiction, to more experimental productions, this course allows you to discover and develop your knowledge through exposure to a number of production and postproduction roles and practices. | Production for cinema and television work as a member in the camera, lighting, sound, design and effects or editing departments within the corporate, educational and advertising sectors, animators in the arts and digital content industries, including the animation, film, television and games design sectors and as independent professional creative practitioners. | VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL) and presentation of a portfolio of work to a satisfactory standard. | $6471

Campus and ATAR: | Y1, Y2 | Y1, Y2 | Y1, Y2 | Y1, Y2 |

Associate Degree of Arts | Develop the skills you need to be successful at university, such as communication skills, digital literacy, critical thinking and teamwork skills. You will also study interesting units within arts and on criminology and guaranteed entry into Deakin's Bachelor of Arts or Bachelor of Criminology after successful completion of the course. You may also apply to transition, with credit, into a range of other bachelor's degrees, including business, finance, community services, ethnic affairs, social work, education and become a researcher or an independent studio career. | Students who graduate from the associate degree and then their chosen articulation can enjoy a wide range of career opportunities. This may include within the fields of international relations, journalism, advertising, media, photography, multimedia, publishing, public relations, marketing, personnel and industrial relations, government, policy development, research, business, finance, community services, ethnic affairs, social work, education, policing and performing and visual arts. | | $6558

Campus: | 64.00 | 64.00 | 64.00 | 64.00 |

Engineering

Course | Overview | Careers | Entry requirements | Fees |
--- | --- | --- | --- | --- |
**Bachelor of Civil Engineering (Honours)** | | | | $9185
Campus and ATAR: | WP | 74.50 | VCE units 3 and 4 – a study score of at least 20 in English other than EAL, or 25 in English (EAL), and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics. | $9185

Overview:
The degree gives you the building blocks to plan, design, construct and maintain the infrastructure systems that are necessary for our day-to-day lives, such as buildings and roads, airports and railways; water supply and sewerage systems; water resources management; and other infrastructure systems.

Entry requirements:
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL), and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics.

Global Science and Technology Program*:
- Applicants must meet the prerequisites for their specific engineering preference.
- All applicants must also complete and submit the Global Science and Technology Program Supplementary Information Form (deakin.edu.au/hsa/global).
- N/A means not applicable.

Bachelor of Electrical and Electronics Engineering (Honours)

Overview:
This program covers the broad area of electrical and electronic engineering disciplines, including renewable power generation and grid integration of renewable energy sources; smart distribution and transmission; urban, industrial, rural and regional power usage; energy efficiency and intelligent demand management.

Entry requirements:
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL, or 25 in English (EAL), and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics.

Bachelor of Environmental Engineering (Honours)

Overview:
Develop a breadth of knowledge across the environmental engineering discipline and the technical skills to develop sustainable engineering solutions to the challenges faced within this field. In particular, learn the fundamentals of environmental engineering and the natural and physical sciences involved in the discipline.

Entry requirements:
- There are three categories under which non-Year 12 applicants may apply to Deakin:
  - Recent secondary education applicants include current Year 12 and Year 12 graduates.
  - The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
  - Business analyst, data engineer, DevOps engineer, embedded systems developer, IoT machine learning engineer, mobile applications developer, project manager, research software engineer, robotics applications engineer, programmer, software engineer, software developer, systems architect, web applications developer.

Bachelor of Mechanical Engineering (Honours)

Overview:
The design-based approach allows students to apply fundamental theory in industry-relevant projects, combining project management and communication skills with advanced numerical simulation techniques, product realisation and testing.

Entry requirements:
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL, or 25 in English (EAL), and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics.

Bachelor of Mechatronics Engineering (Honours)

Overview:
This course integrates electronic devices with mechanical design and information technology, preparing you to be an industry-ready professional engineer. You will gain the skills to apply mechatronics engineering principles to challenging real-world problems, such as the automation of industrial processes using robotics and other cutting-edge technologies, flying drones, 3D printers, robotics and self-driving cars.

Entry requirements:
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL, or 25 in English (EAL), and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics.

Course | Overview | Careers | Entry requirements | Fees |
--- | --- | --- | --- | --- |
**Bachelor of Software Engineering (Honours)** | | | | $9185
Campus and ATAR: | WP | 66.15 | VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL), and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics. | $9185

Overview:
An innovative course that focuses on software engineering, cyber-physical systems and robotics applications, producing sought-after graduates who will create the technologies of the future. The rapid advancement of sensing and computing hardware supporting smart, connected devices is driving growing demand for software engineers who can move beyond traditional technologies such as web and database systems.

Entry requirements:
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL), and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics.

Business analyst, data engineer, DevOps engineer, embedded systems developer, IoT machine learning engineer, mobile applications developer, project manager, research software engineer, robotics applications engineer, programmer, software engineer, software developer, systems architect, web applications developer.

Global Science and Technology Program*:
- Applicants must meet the prerequisites for their specific engineering preference.
- All applicants must also complete and submit the Global Science and Technology Program Supplementary Information Form (deakin.edu.au/hsa/global).
- N/A means not applicable.

# The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.

* Recent secondary education applicants include current Year 12 and Year 12 graduates from 2017 and 2016.
* There are three categories under which non-Year 12 applicants may apply to Deakin:
  - Recent secondary education applicants include current Year 12 and Year 12 graduates.
  - The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
  - Business analyst, data engineer, DevOps engineer, embedded systems developer, IoT machine learning engineer, mobile applications developer, project manager, research software engineer, robotics applications engineer, programmer, software engineer, software developer, systems architect, web applications developer.

Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.

The program helps you develop the skills needed to be successful in an increasingly global society and helps you gain independence, self-confidence and self-awareness; develop your skills and networking capabilities with international colleagues and friends, while allowing you to gain experience, gain understanding and awareness of diverse cultures and backgrounds.

The first year of engineering is available at all three campuses. Students undertaking first year at the Melbourne Burwood Campus can choose to complete their course requirements either at the Geelong Waurn Ponds Campus or via the Cloud Campus. The Cloud Campus students will be required to participate in campus-based intensive activities each trimester at the Geelong Waurn Ponds Campus.

* Available for high-achieving students with a minimum ATAR of 80.00. Applicants must also meet the published prerequisites for their specific course preference within the Faculty of Science, Engineering and Built Environment.
* Refer to specific course entry for campus and trimester intake options.
* NF means not published - less than five offers made to recent secondary education applicants.
* N/A means not applicable.
## Environment

### Bachelor of Environmental Science (Environmental Management and Sustainability)

**Overview**
Develop the skills and knowledge to enable you to manage the interaction between people and the environment, at the same time meeting society’s needs for clean water, fresh air and healthy soils through the sustainable use of natural resources, ecosystems and environment.

An honours year is available for high-achieving students upon completion of this degree.

**Careers**
- Environmental planning
- Environmental policy
- Sustainability, environmental protection
- Climate change adaptation and mitigation
- Industry-based environmental management
- Waste management
- Environmental education
- Catchment management
- Water resource management, land rehabilitation, pollution control
- Coastal and park management

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
- deakin.edu.au/course/S398

**Fees**
- $8969

**Campus and ATAR:**
- Warrnambool Campus: 80.40
- Geelong Waterfront Campus: 89.45
- Cloud Campus: 80.40

### Bachelor of Environmental Science (Marine Biology)

**Overview**
Our marine biology program provides a unique opportunity to study terrestrial marine biology in a marine environment that is one of the highest biodiversity in Australia. The course has a strong ecological focus, linking biological and geoscientific processes in the study of marine environments. An honours year is available for high-achieving students upon completion of this degree.

**Careers**
- Marine biologist
- Curator
- Aquaculture officer
- Aquarist
- Aquaculture specialist
- Aquaculture consultant
- Aquaculture science

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
- deakin.edu.au/course/S398

**Fees**
- $9183

**Campus and ATAR:**
- Warrnambool Campus: 84.10
- Cloud Campus: 84.10

### Bachelor of Environmental Science (Wildlife and Conservation Biology)

**Overview**
Combines theoretical and practical expertise in a range of discipline areas, such as biodiversity, wildlife ecology, landscape and vegetation management, conservation, animal biology and park management. Fairhaven is a key part of the course. An honours year is available for high-achieving students upon completion of this degree.

**Careers**
- Wildlife officer
- Conservation officer
- Wildlife manager
- Park ranger
- Project officer
- Research scientist
- Wildlife biologist
- Conservation biologist
- Landscape ecologist

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
- deakin.edu.au/course/S398

**Fees**
- $8969

**Campus and ATAR:**
- Warrnambool Campus: 75.30
- Geelong Waterfront Campus: 74.30
- Cloud Campus: 74.30

### Bachelor of Environmental Engineering (Honours)

**Overview**
Develop a breadth of knowledge across the environmental engineering discipline and the technical skills to develop sustainable engineering solutions to the challenges faced within this field. In particular, learn the fundamentals of environmental engineering and the natural and physical sciences involved in the discipline.

**Careers**
- Roles such as environmental engineer, environmental consultant, environmental officer, landfill specialist, water specialist

**Entry requirements**
- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)
- and a study score of at least 20 in one of maths: mathematical methods (Uni) or maths: specialist mathematics
- deakin.edu.au/course/3405

**Fees**
- $19185

**Campus and ATAR:**
- Warrnambool Campus: 80.40
- Geelong Waterfront Campus: 79.45
- Cloud Campus: 78.45
### Environment

**Overview**

Careers

The combined course prepares graduates with the attributes, discipline-specific knowledge, professional behaviours and standards required to work as a secondary school teacher within the private or public education sectors. Opportunities also exist in government agencies, community services or not-for-profit organisations.

As a Deakin teaching graduate, you may find employment as a primary school teacher within the private or public education sectors. Opportunities also exist in government agencies, community services or not-for-profit organisations.

**Global Science and Technology Program**

This scholarship program is designed to add an international experience to your degree, supporting you to develop new skills and a broader world view while studying overseas. Successful applicants will be offered a monetary scholarship to assist with travel costs and will be required to participate in the Deakin Global Citizenship Program.

**Campus and ATAR:**

- **Geelong Waurn Ponds Campus:** 30.90, 34.20, N/A

### Health

**Overview**

The program helps you to develop the skills needed to be successful in an increasingly global society and helps you gain independence, self-confidence and self-awareness; develop your skills and networking capabilities with international colleagues and friends, while allowing you to experience, gain understanding and awareness of diverse cultures and backgrounds.

Overview

Bachelor of Occupational Therapy

Oriental occupational therapy combines physical and mental rehabilitation to support people to live happy, healthy and productive lives. Starting in your first trimester, you will have the opportunity to explore the differing occupational therapy specialisations and develop your own professional network.

You may work with children who have physical or intellectual disabilities, in aged care or with people who have had accidents or are suffering from medical problems. You may work in acute, psychiatric or rehabilitation hospitals, or in schools, community health, mental health, the workplace (such as in occupational health and safety and vocational rehabilitation), government, private practice or teaching and research.

Bachelor of Public Health and Health Promotion

This degree is designed to help you gain skills in industry-recognised competencies. You will develop your knowledge of planning and evaluation, health communication strategies, epidemiology and health research. Practical work placements give you the chance to gain valuable experience and further develop your expertise in the field.

Bachelor of Social Work

A degree in social work gives you the skills to enhance the wellbeing of people, taking into account the influence of policy, socio-economic factors and social justice issues. You’ll also become familiar with a range of social research methods and learn how to design and conduct research directly relevant to social work practice.

Bachelor of Vision Science/Master of Optometry

Offered as a combined course, the Bachelor of Vision Science/Master of Optometry is unique in many ways. It has an emphasis on case and team-based learning, an extensive, fully equipped clinical skills facility, industry partnerships, and a curriculum that delivers excellence across clinical, commercial and professional domains in optometry.

Career and employment opportunities for qualified optometrists include private and public eye care, practice ownership, research and teaching, associations in new surgery practices and recognised areas within optometry such as vision, paediatric vision and behavioural optometry.

Entry requirements

Bachelor of Nutrition Science/Bachelor of Commerce

This comprehensive course provides you with knowledge and skills in food and nutrition sciences and complementary business knowledge and skills focusing on marketing or management. It is designed for employment in health and food-related industries.

Bachelor of Health Education/Bachelor of Arts

Design your own course by combining subjects from a wide range of health and arts-related areas. You choose how to structure your course and could combine, for example, food studies with language and culture studies, or psychology for professional development with sociology – the choice is yours!

Bachelor of Nursing/Bachelor of Health and Health Promotion

In addition to the specialised skills and knowledge acquired through our nursing degree, this combined degree also gives you specialised education in public health and health promotion. Public health is the organized response by society to protect and promote health and prevent disability.

Bachelor of Public Health and Health Promotion/Bachelor of Commerce

This combined course gives you a holistic understanding of the social and environmental factors that cause poor health, as well as those factors that create and sustain good health. You will examine how health is created and influenced in our society, and look at the different approaches for improving the population’s health.

Fees

Bachelor of Occupational Therapy

VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Bachelor of Nutrition Science/Bachelor of Commerce

VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Bachelor of Health Education/Bachelor of Arts

VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Bachelor of Nursing/Bachelor of Health and Health Promotion

VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)

Bachelor of Public Health and Health Promotion/Bachelor of Commerce

VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL)
Bachelor of Information Technology

Overview
This is our most general IT course, it provides you with the knowledge, skills and experiences necessary to keep ahead of this rapidly changing field. In addition to acquiring a core set of IT skills, you will have the opportunity to choose from a diverse range of IT majors according to your interests and career aspirations. An honours year is available for high-achieving students upon completion of this degree.

CAREERS
Diverse career opportunities include mobile and apps developers, network architect, database administrator or developer, software architect, systems analyst, project manager, computer scientist and data miner, e-commerce, social media, and information security.

Entry requirements
VCE units 3 and 4 – a study score of at least 20 in English other than EAL, or 25 in English (EAL).

Fees
$9135

Bachelor of Computer Science

Overview
Learn how to design and develop innovative software solutions to complex information and technology problems, and undertake a comprehensive and systematic study of existing and emerging computational systems and theories and gain the skills to develop and build new and cutting-edge software systems and products. An honours year is available for high-achieving students upon completion of this degree.

CAREERS
Leads to a variety of roles, such as data scientists, software developer, software engineer, network systems administrator, database administrator, systems analyst or developer, software architect, systems analyst, project manager, computer scientist and data miner, e-commerce, social media, and information security.

Entry requirements
VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).

Fees
$9023

Bachelor of Cyber Security

Overview
Develop a sound knowledge and understanding of general issues, concepts and policies in cyber security. Gain practical and theoretical knowledge in this critical area of IT, with an emphasis on understanding and assessing the need for cyber security in a working environment, knowledge of the security solutions available and an understanding of the business, ethical and legal implications of risk management. An honours year is available for high-achieving students upon completion of this degree.

CAREERS
Security analyst, project manager, security system manager, cybersecurity business analyst, consultant, security system developer or programmer, information security auditor, law enforcement, network security expert, IT security advisor.

Entry requirements
VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).

Fees
$9030

Bachelor of Information Systems

Overview
With the massive rise of social media, computers and mobile devices, most of us take the use of technology for granted. Information systems (IS) is about how people and organisations can use technology in innovative and effective ways in an increasingly globalised and digital world.

CAREERS
Business analyst, systems analyst, IS/GI consultant, project manager, chief information officer.

Entry requirements
VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL).

Fees
$9136

Bachelor of Software Engineering (Honours)

Overview
An innovative course that focuses on software engineering, cyber physical systems and robotics applications, producing sought after graduates who will create the technologies of the future. The rapid advancement of sensing and computing hardware supporting smart, connected devices is driving growing demand for software engineers who can move beyond traditional technologies such as web and database systems.

CAREERS
Business analyst, data engineer, DevOps engineer, embedded software developer, IoT machine learning engineer, mobile applications developer, product manager, research software engineer, robotics applications engineer, programmer, software developer, software engineer, systems architect, web applications developer.

Entry requirements
VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL), and a study score of at least 20 in one of maths, mathematical methods (any) or maths: specialist mathematics.

Fees
$9185

**Doctor of Medicine**

Accredited by the Australian Medical Council (AMC), the Doctor of Medicine is a four-year graduate entry course for students wishing to qualify as medical practitioners. Learn about anatomy, physiology and pathology, plus clinical procedural skills, public health issues and managing chronic diseases. There is a focus on the early development of clinical, communication and procedural skills, diagnosis and management of chronic diseases, and multidisciplinary teamwork, as well as emphasis on rural and regional medicine.

In order to qualify as registered medical practitioners with the Australian Medical Council (AMC), graduates undertake accredited internships at a number of Victorian and interstate hospitals. Following successful completion of their intern year, our graduates will be able to apply for entry to specialty training programs for a diverse range of medical careers.

Admission to the Doctor of Medicine is determined by a combination of grade point average (GPA) in an approved undergraduate degree, Graduate Australian Medical School Admissions Test (GAMSAT) score, eligible bonuses and interview performance.

**Entry requirements**

- [ ^ 65.15 ]
- [ ^ 83.80 ]
- [ ^ 72.20 ]
- [ ^ 87.50 ]
- [ ^ 74.65 ]
- [ ^ 54.05 ]
- [ ^ 83.70 ]
- [ ^ 47 ]

**Fees**

- [ NP ]

* The Doctor of Medicine is a semester-based course. Semester 1 runs from February to June; Semester 2 runs from July to November.
* Visit deakin.edu.au/studymedicine for information on fees.

---

**Bachelor of Nursing (Clinical Leadership)**

Bachelor of Nursing gives you the knowledge, skills and ethical understanding to become a competent registered nurse, preparing you to provide high-quality, patient-centered care in a range of settings.

Registered nurse in work areas including hospitals, homes, hospices, aged care settings, clinics, schools, universities and community health centres.

**Entry requirements**

- [ ^ VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). ]

**Fees**

- [ ^ $7121 ]

---

**Bachelor of Nursing**

The only undergraduate nursing course in Victoria with a focus on mentioned clinical leadership. It includes all Bachelor of Nursing care units, plus an additional three core units that develop and enhance leadership potential through a focus on clinical nursing leadership and management, research and education.

Registered nurse in hospitals, homes, hospices, aged care settings, clinical schools and universities and community health centres. Graduate may progress to clinical leadership positions.

**Entry requirements**

**Fees**

- [ ^ $7144 ]

---

**Bachelor of Nursing/ Bachelor of Midwifery**

Midwives play an invaluable role in facilitating childbirth and caring for mothers and babies through pregnancy, labour and beyond. Boost your skill set and open the door to rewarding career options.

Registered nurse and/or a registered midwife in hospitals, clinics, community health centres, schools and maternity services.

**Entry requirements**

- [ ^ VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). ]

**Fees**

- [ ^ $6844 ]

---

**Bachelor of Nursing/ Bachelor of Psychological Science**

This combined degree prepares you to complete the requirements to embark on a nursing career while developing knowledge of human behaviour, including understanding human personality, behaviour, emotion, underlying mental processes and the factors that lead people to differ in the way they think and behave.

Mental health rehabilitation, youth work, careers counselling, work/life counselling in addition to the many nursing roles in settings such as hospitals, homes, hospices, aged care, clinics, schools, universities, community health centres, government agencies and industries.

**Entry requirements**

- [ ^ VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). ]

**Fees**

- [ ^ $6978 ]

---

**Bachelor of Nursing/ Bachelor of Public Health and Health Promotion**

In addition to the specialised skills and knowledge acquired through our nursing degree, this combined degree also gives you specialised education in public health and health promotion. Public health is the organised response by society to protect and promote health and prevent disability.

Health education, human services and health policy development and implementation, in addition to pursuing roles as a registered nurse in a range of work areas.

**Entry requirements**

- [ ^ VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 30 in English (EAL). ]

**Fees**

- [ ^ $7016 ]

* The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical semester load of 25 units.
* Non-Year 12 means not published – less than five offers made to recent secondary education applicants.
* This course is also available at the Institute of Koorie Education. Find out more at deakin.edu.au/course/ike.
* All nursing and midwifery undergraduate courses require a Special Tertiary Admissions Test Multiple Choice (STAT MC) where the applicant has not completed Year 12 (or equivalent) or any tertiary study (minimum Certificate I) within the last 10 years (from commencement date of the course applied for). Enrolled nurses applying for nursing courses are not required to sit the STAT MC.
* Trimester 2 and 3 intakes are for applicants who are registered or eligible to register as an enrolled nurse with the Nursing and Midwifery Board of Australia (NMBA).
* Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.
### Psychology

**Bachelor of Psychological Science**

- **Overview**: Offering an integrated approach to psychology, this course covers areas including behavioural and clinical neuroscience, child and adolescent psychology, relationships and the psychology of groups, personality, cognitive psychology, forensic psychology and psychopathology.

- **Careers**: Psychology graduates work in schools and education settings, or in a variety of businesses, delivering employee assistance programs or training. Increasingly, opportunities are available in commerce and in areas such as human resources, business and management.

- **Entry requirements**: Non-Year 12 applicants may apply to Deakin under three categories: recent secondary education, recent work/life experience, and students with vocational education.

- **Fees**: $7,265 (2018 indicative Commonwealth Supported Place fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study or 8 credit points, unless otherwise indicated).

**Bachelor of Psychological Science (Honours)**

- **Overview**: This four-year course differs from the Bachelor of Psychological Science by providing selected students with the opportunity to complete honours in psychology as part of the final year of this degree.

- **Careers**: A wide range of areas relevant to human wellbeing, such as youth work, careers counselling, work/life counselling, developmental psychology, research psychology or mental health rehabilitation.

- **Entry requirements**: Non-Year 12 applicants may apply to Deakin under three categories: recent secondary education, recent work/life experience, and students with vocational education.

- **Fees**: $7,209 (2018 indicative Commonwealth Supported Place fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study or 8 credit points, unless otherwise indicated).

**Bachelor of Arts (Psychology)**

- **Overview**: The course combines research-based and professional studies in psychology with breadth studies in the liberal and creative arts. It provides you with opportunities to develop skills of critical and systematic thinking; an imaginative understanding and appreciation of the theory and practice of the social sciences, the humanities or the arts; and enhanced cultural sensitivity and understanding through genuine reciprocity of values.

- **Careers**: Graduates of this course can work in a variety of employment fields including psychology, media and communication, photography, politics and policy studies, history, languages and visual arts.

- **Entry requirements**: Non-Year 12 applicants may apply to Deakin under three categories: recent secondary education, recent work/life experience, and students with vocational education.

- **Fees**: $6,649 (2018 indicative Commonwealth Supported Place fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study or 8 credit points, unless otherwise indicated).

**Bachelor of Health Sciences**

- **Overview**: The Bachelor of Health Sciences enables you to concentrate your studies on two specialised health-related areas while exploring complementary study areas that appeal to your interests and career aspirations.

- **Careers**: Depending on the majors you take and your choice of electives, you could be qualified to work in areas such as health promotion, health education, community health, family and community support, health marketing, health and sport public relations, health policy development, nutrition and research in health areas.

- **Entry requirements**: Non-Year 12 applicants may apply to Deakin under three categories: recent secondary education, recent work/life experience, and students with vocational education.

- **Fees**: $5,818 (2018 indicative Commonwealth Supported Place fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study or 8 credit points, unless otherwise indicated).

**Bachelor of Criminology/ Bachelor of Psychological Science**

- **Overview**: This course offers an accredited undergraduate sequence in psychology and includes complementary studies in individual and group counselling, health and behavioural change.

- **Careers**: Government agencies, state and federal police, security and intelligence agencies, research and policy development, correctional services, community services, and private security and consultative industries, as well as the many fields open to traditional psychology graduates.

- **Entry requirements**: Non-Year 12 applicants may apply to Deakin under three categories: recent secondary education, recent work/life experience, and students with vocational education.

- **Fees**: $7,163 (2018 indicative Commonwealth Supported Place fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study or 8 credit points, unless otherwise indicated).
Science

Bachelor of Biological Science

Overview
Study life in all its forms, from microbes to plants and animals while learning about animal and plant biology, microbiology, genetics, molecular cell biology, biogeography and evolution. This course provides you with the knowledge and skills to tackle the biological challenges of the 21st century, mainly around the environment and climate change. An honours year is available for high-achieving students upon completion of this degree.

Campus and ATAR:
- Warrnambool Campus: 36.30

Entry requirements
VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL). 
deakin.edu.au/course/S320

Fees
$9113

Bachelor of Biomedical Science

Overview
Biomedical science covers the science underlying medical applications, from basic biology to specific disease processes to provide you with a thorough understanding of human biology and health, with an emphasis on causes, diagnosis and treatment of disease at the molecular, cellular and system levels. An honours year is available for high-achieving students upon completion of this degree.

Campus and ATAR:
- Geelong Waurn Ponds Campus: 78.50

Entry requirements
VCE units 3 and 4 - a study score of at least 20 in English other than EAL or 25 in English (EAL).

Science

**Bachelor of Science/ Bachelor of Laws**

- Enhance your understanding of the context in which the law operates. Combine studies in law with studies in science, such as animal biology, cell biology, chemistry and materials science, environmental science, human biology, mathematical modelling, natural sustainability, and plant biology.

**Entry requirements**

- VCE units 3 and 4 – a study score of at least 25 in English other than EAL or 25 in English (EAL), and a study score of at least 20 in English other than EAL or 20 in English (EAL) from 2018.
- Deakin.edu.au/course/D331

**Fees**

- $8979

**Campus and ATAR:**

- Geelong Waterfront Campus - WB 33.45
- Geelong Waurn Ponds Campus - WC 35.35
- Geelong Burwood Campus - WB 36.00
- Waurn Ponds Campus - WP 36.00
- $52.00

**Careers**

- Research, government agencies, community sectors.
- Opportunities also exist in non-academic assessment.

**Global Science and Technology Program**

- This scholarship program is designed to add a global perspective to your degree, supporting you to develop new skills and a broader world view while studying overseas.
- Successful applicants will be offered a monetary scholarship to assist with travel costs and will be required to participate in the Deakin Global Citizenship Program.

**Course Overview**

- The combined course prepares graduates with the attributes, discipline-specific knowledge, professional behaviours and standards required to practice as a secondary school teacher within the private or public education sectors. Opportunities also exist in government agencies, community services or not-for-profit organisations.

**Entry requirements**

- Applicants must meet the prerequisites for their specific course preference. All students are required to sit an non-academic assessment.†

**Fees**

- $8979

**Campus and ATAR:**

- Geelong Waterfront Campus - WB 33.45
- Geelong Waurn Ponds Campus - WC 35.35
- Geelong Burwood Campus - WB 36.00
- Waurn Ponds Campus - WP 36.00

**Careers**

- Teaching, the team, the individual, through training, coaching and advice. Develop the necessary competencies to become professional leaders in exercise and sport science and allied fields, and have the opportunity to study the biological, sociological and behavioural bases of exercise and sport science.

**Sport**

**Bachelor of Business (Sport Management)**

- People working behind the scenes in sport are often just as important as the players on the pitches, courts and fields. Learn all about the business aspects of sport, including sport systems and organisations finance, promotion, and management.

**Course Overview**

- This field-leading degree applies knowledge and skills in exercise and sport science to improve your performance as an individual, through training, coaching and advice. Develop the necessary competencies to become professional leaders in exercise and sport science and allied fields, and have the opportunity to study the biological, sociological and behavioural bases of exercise and sport science.

**Entry requirements**

- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 20 in English (EAL).
- Deakin.edu.au/course/D331

**Fees**

- $10,045

**Campus and ATAR:**

- Geelong Waterfront Campus - WB 33.45
- Geelong Waurn Ponds Campus - WC 35.35
- Geelong Burwood Campus - WB 36.00
- Waurn Ponds Campus - WP 36.00

**Careers**

- Traditional roles in sport, exercise coaching and fitness, as well as roles in the private or public sport, education, community, health and wellness, rehabilitation or health promotion. Potential employers include government sport bodies, professional sporting bodies, hospital and rehabilitation clinics, fitness and aquatics centres, the media, legal aid, law reform, non-government agencies, community services or not-for-profit organisations.

**Bachelor of Health and Physical Education**

- Working closely with school partners, we have developed the best learning experiences tailored to health and physical education to ensure you gain hands-on practical teaching experience.

**Course Overview**

- You will explore areas including applied sports science, biomechanics, motor learning and development, exercise physiology, health and human development, nutrition and education.

**Entry requirements**

- VCE units 3 and 4 of general mathematics or mathematical methods (CAS), or VCE units 3 and 4 of mathematics (any), and a study score of at least 20 in English other than EAL or 35 in English (EAL).
- Deakin.edu.au/course/E377

**Fees**

- $7170

**Campus and ATAR:**

- Geelong Waurn Ponds - WP 36.00
- Geelong Waterfront Campus - WB 36.00

**Careers**

- Teacher within the private or public education sectors, as well as areas such as sports management, recreation and fitness, community and government agencies, professional coaching positions, as well as into private academies and agencies.

**Bachelor of Health Sciences**

- The Bachelor of Health Sciences enables you to concentrate your studies on two specialised health-related areas while exploring complementary study areas that appeal to your interests and career aspirations.

**Course Overview**

- Depending on the majors you take and your choice of electives, you could be qualified to work in areas such as health promotion, health education, community health, family and community support, health marketing, health and sport public relations, health policy development, nutrition and research in health areas.

**Entry requirements**

- VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 30 in English (EAL).
- Deakin.edu.au/course/E3889

**Fees**

- $8819

**Campus and ATAR:**

- Geelong Waterfront Campus - WB 36.00
- Geelong Waurn Ponds Campus - WC 36.00
- Geelong Burwood Campus - WB 36.00
- Waurn Ponds Campus - WP 36.00

**Careers**

- Elite athletes are defined in line with Deakin’s membership of the Elite Athlete Friendly University (EAFU) network. For more information visit deakin.edu.au/ life-at-deakin/why-study-at-deakin/ elite-athlete-program.

The Bachelor of Exercise and Sport Science at the Geelong Waurn Ponds Campus has a regional and remote entry scheme available through VTAC each year. This scheme is open to current Year 12 students who are undertaking their final year of schooling at a regional or remote school within the Greater Geelong region, or who self-identify as first in family. For more information visit deakin.edu.au/why-study-at-deakin/ life-at-deakin/regional-and-remote-entry-scheme-for-more-information.

---

* The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student entitled to two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee will be used as a guide only and is subject to change. Recent secondary education applicants include current Year 12 and Year 12 graduates from 2016.

* There are three categories under which non-Year 12 applicants may apply to Deakin: — applicants with higher education study, — applicants with vocational education, — work and life experience. Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.

* Majors are not available at all campuses. Visit deakin.edu.au/courses for campus availability.

* Students are required to apply to a Working with Children Check before commencing school experience. From 2018, students applying to all initial teacher education courses in Victoria are required to complete the online application. This scenario based situational judgement test, designed to measure non-academic suitability for teaching. Find out more at deakin.edu.au/teaching.

* Melbourne Burwood Campus and Geelong Waurn Ponds Campus only.

* NM means not published — less than five courses made to recent secondary education applicants. RC means admission is based on a range of criteria.
Deakin University

Teaching

RC

Bachelor of Science/Master of Teaching (Secondary)³

Overview

The combined course prepares graduates with the attributes, discipline-specific knowledge, professional behaviours and standards required to practice as a secondary school teacher in Australia, teaching from junior secondary to VCE levels.

CAREERS

As a Deakin teaching graduate, you may find employment as a secondary school teacher within the private or public education sectors. Opportunities also exist in government agencies, community services or non-for-profit organisations.

Entry requirements¹

VCE units 3 and 4 – a study score of at least 20 in English other than EAL or 25 in English (EAL)

Bachelor of Science/Master of Teaching (Secondary)³

Fee²

$9879

Campus and ATAR:

Bachelor of Arts/Master of Teaching (Secondary)³

Fee²

$9486

Campus and ATAR:

RC

Key terms

VCET Achievement Rank (ATAR)

The minimum ATAR that must be achieved to be considered for admission to a course or institution.

Associate degree

The associate degree structure provides flexible pathways into tertiary education, and can be used as a guaranteed pathway into a range of target degrees (as approved by Deakin). Completion of an associate degree may give you up to 18 months’ credit towards one of these target degrees. deakin.edu.au/courses/entry-pathways/associate-degrees

Australian Tertiary Admission Rank (ATAR)

The ATAR is derived from the scaled scores achieved for senior secondary school subjects. The specific calculation used is different in each state and territory, but the result is designed to be nationally equivalent.

Adjustment factor

Often referred to previously as ‘bonus points’ these are additional points that may be used in combination with an applicant’s Australian Tertiary Admission Rank (ATAR) to derive your course selection rank. Adjustments do not change your ATAR, but change your selection rank for a particular course or courses.

Bachelor’s degree

Usually three or four years full-time or equivalent part time. In some courses you may choose one or more majors in specialised areas. It is the minimum tertiary requirement for many professional careers.

Class

A presentation given by an academic to a large group of students on the subject area being studied. Traditionally known as a lecture.

Combined course

A combination of courses in complementary areas, studied simultaneously, which leads to two degrees, e.g. Bachelor of Arts/Bachelor of Laws. This means you complete two degrees in less time than it would take to complete them separately.

Commonwealth Supported Place (CSP)

A university place for which the government pays a proportion of the tuition costs.

Computer requirements

To fully engage with the Deakin learning experiences, students need to have access to and be able to use internet-connected devices. There are minimum computer standards required for your computer, connectivity and your computing capability for effective study at Deakin. deakin.edu.au/courses/how-to-apply/computing-requirements

Credit point

For each subject you successfully complete, you will receive the credit point value of that subject towards your studies. You must complete a specified number of credit points to obtain your degree. The number of credit points required varies for each course and is outlined online at deakin.edu.au/courses.

Credit for prior learning

Credit granted towards your Deakin course for relevant approved study, experience, or knowledge satisfactorily completed at Deakin or elsewhere. There are two aspects to credit for prior learning:

- credit may be transferred to your Deakin program from completed or partly completed studies you have undertaken at other accredited institutions; and
- credit may be granted on the basis of knowledge and skills acquired through informal learning, e.g. in the workplace.

DeakinSync

DeakinSync is your personalised digital study hub, where you connect with other students, learning and assessment experiences, teaching and support staff and potential employers. Access enrolled unit sites, enrolment details, study tools, your calendar. Visit deakin.edu.au/deakinSync for more information.

Defeector

The approved postponement of study for a specified period prior to enrolment in a course. Most Deakin courses allow you to defer your studies for up to two years.

deakin.edu.au/defer

Discipline

Also known as a study area. You can browse courses at Deakin by interest area, such as Environment, Business or Sport, and within each interest area you will find a wider range of disciplines, such as wildlife and conservation biology, commerce or exercise and sport science. deakin.edu.au

Direct entry

When applications can be made directly to a higher education provider rather than through a tertiary admissions centre.

Equity and diversity

Deakin values diversity and promotes inclusion. The Equity and Diversity Unit provides a range of programs and services to ensure all students have the opportunity to access university education and succeed in their studies and employability. deakin.edu.au/equity-diversity

Extra requirements

These are requirements that you must meet, in addition to minimum tertiary admission requirements, to qualify for entry to a course. Information about extra requirements is listed in this guide from page 18, on the VTAC website (vtac.edu.au) and in Victorian Tertiary Entrance Requirements (VTER) publications.

Faculty

An organisational division within a university; for example, the Faculty of Arts and Education is one of the four faculties at Deakin University. Within each faculty are several schools; for example, Deakin Law School is within the Faculty of Business and Law.

Grade Point Average (GPA)

A GPA is an internationally recognised numerical calculation used to find the average result of all grades received over a defined study period. The GPA can be used for a variety of purposes, including as selection criteria for admission to a program or for assessing academic progress over a set period for progress review purposes.

³ Students are required to apply for a Working With Children Check before commencing school experience. From 2016, students applying to all initial teacher education courses will be required to also take a non-academic assessment. This is an online, video-based, bias-free, situational judgement test, designed to measure non-academic suitability for teaching. Find out more at deakin.edu.au/teaching.

⁴ The 2018 indicative Commonwealth Supported Place (CSP) fee is based on a typical study load of 24 credit points per year in the Bachelor of Arts (A300). To proceed to the Bachelor of Teaching (Secondary) students must earn a Weighted Average Mark (WAM) of 60 during their undergraduate studies. Additional requirements may apply.

⁵ All students are required to sit a non-academic assessment.²

² Majors are not available at all campuses. Visit deakin.edu.au/courses for campus availability.

¹ Cloud Campus students are required to attend compulsory interviews at Geelong Waterfront Campus.

³ This course is also available at the Institute of Koorie Education. Find out more at deakin.edu.au/courses/kre.

⁴ Trimester 3 (spring) is offered to Diploma of Early Childhood Education holders only. It is not available to international students.

⁵ Trimester 3 at level 3 is a compulsory study period.

² Not all majors and secondary teaching specialist areas are available at the Cloud Campus.

RC means admission is based on a range of criteria.

Deakin Sync is your personalised digital study hub, where you connect with other students, learning and assessment experiences, teaching and support staff and potential employers. Access enrolled unit sites, enrolment details, study tools, your calendar. Visit deakin.edu.au/deakinSync for more information.

Equity and diversity

Deakin values diversity and promotes inclusion. The Equity and Diversity Unit provides a range of programs and services to ensure all students have the opportunity to access university education and succeed in their studies and employability. deakin.edu.au/equity-diversity

Extra requirements

These are requirements that you must meet, in addition to minimum tertiary entrance requirements, to qualify for entry to a course. Information about extra requirements is listed in this guide from page 18, on the VTAC website (vtac.edu.au) and in Victorian Tertiary Entrance Requirements (VTER) publications.

Faculty

An organisational division within a university; for example, the Faculty of Arts and Education is one of the four faculties at Deakin University. Within each faculty are several schools; for example, Deakin Law School is within the Faculty of Business and Law.

Grade Point Average (GPA)

A GPA is an internationally recognised numerical calculation used to find the average result of all grades received over a defined study period. The GPA can be used for a variety of purposes, including as selection criteria for admission to a program or for assessing academic progress over a set period for progress review purposes.
Graduate entry
At a course that requires prior completion of an undergraduate degree for entry, Deakin's Bachelor of Medicine/Bachelor of Surgery is a graduate-entry course.

Higher Education Contribution Scheme—Higher Education Loan Program (HECS-HELP)
HECS-HELP is a government loan scheme to help eligible CITP students pay for tuition costs. Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold for repayment.

Honours
Honours is an additional year of specialised study, usually taken after you complete a bachelor’s degree, or embedded as part of a bachelor’s degree. Honours may provide you with a competitive edge in the job market or a pathway into a higher degree.

International Baccalaureate (IB)
The IB diploma is an internationally recognised, comprehensive two-year study program designed for university entrance. Australian tertiary admission centres convert IB scores to a notional ATAR or QTAC Selection Rank, enabling IB students to be ranked for tertiary entrance alongside their peers. Deakin accepts IB diploma graduates as having satisfied the requirements for university entry. www.ibo.org

Interest area
You can browse courses at Deakin by interest area, such as Sport, Business or Health. deakin.edu.au

Level
The year level at which units in your course are studied. Level 1 is equivalent to your first year of full-time study, level 2 is equivalent to your second year of full-time study, and so on. You can usually tell what level a unit is by looking at the first number in a unit’s code.

Major
An approved group of at least 6 (and up to 8) credit points of related units, normally taken in sequence at each level of a course.

Minor
A minor is a group of related units in an area of study or academic discipline. Minors are shorter than majors and are usually four units long.

Non-Year 12 applicant
There are three categories under which non-Year 12 applicants may apply to Deakin.
• Higher education study – applicants whose highest level of study enrolment since leaving secondary education is a higher education course, whether at a university or non-university provider.
• Vocational education and training (VET) study – applicants whose highest level of study enrolment since leaving secondary education is a VET course.
• Work and life experience (includes less recent secondary results) – applicants who left secondary education more than two years previously and have not undertaken VET or higher education study since then.

Offer round/s
Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

Overall position (OP)
The overall position (OP) refers to a Queensland student’s position in a state-wide tertiary entrance exam order based on their overall achievement in senior secondary subjects. It indicates how well a student has done compared to all other OP-eligible students in Queensland. Students are placed in one of 25 OP bands from OP1 (highest) to OP25 (lowest). Queensland students seeking admission to higher education in other states can have their OP converted to an ATAR. Interstate students looking to study in Queensland can have their ATAR converted to a Queensland Tertiary Admissions Centre (QTAC) Selection Rank. Queensland will adopt the ATAR instead of the OP for students who commence Year 11 in 2019 and beyond.

Pathway
Pathways provide alternative entry options for getting into a course at Deakin if you do not meet the requirements for entry. Pathways to Deakin courses can include options such as TAFE courses or starting your course at a different campus. deakin.edu.au/courses/entry-pathways

Personal statement
The personal statement is a form where university applicants can bring to the attention of selection officers any relevant factors or circumstances that cannot be included in the application itself. For example, motivation to study, work experience, community experience, academic performance, languages other than English.

The personal statement can be accessed online once you have registered with VTAC. You can only submit one statement – so you should address all your course preferences and provide details to support your application, such as relevant work experience and your reasons for applying. It is also important that you submit the form by the specified closing date at vtac.edu.au. If a personal statement is required or will be considered, it will be listed in the VTAC course detail online.

Postgraduate degree
A course of study usually beyond bachelor’s level, including graduate certificate, graduate diploma, master’s and research degree. In many cases, eligibility for entry to a postgraduate course requires you to have completed an undergraduate degree and/or have significant work experience.

Prerequisites
The VCE subjects or other requirements that applicants must complete to be eligible for selection into a course. Information about prerequisites is listed in this guide from page 18, on the VTAC website (vtac.edu.au) and in Victorian Tertiary Entrance Requirements (VICTER) publications.

Raw ATAR
The unadjusted ATAR of an applicant to which an offer of a place was made in the relevant year or year-to-date.

Recent secondary education applicant

Scholarships
Deakin offers a range of scholarships for students who recognise and reward many accomplishments, from leadership skills to academic success, extracurricular achievements and commitment to study while experiencing personal hardship. deakin.edu.au/scholarships

Selection rank
The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person’s course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the SAT, other supplementary tests, etc.

Semester
This is the method of organising some courses in Deakin’s Faculty of Health and Faculty of Science, Engineering and Built Environment. Semester 1 runs from February to June; Semester 2 runs from July to November.

Study score
A score of 0-50 that shows how a VCE subject performed in a particular subject compared to others in the same year. It is calculated from your results in assessments and examinations in that subject.

Trimester
This is the method of organising the teaching year. At Deakin there are three trimesters for most courses. Trimester 1 runs from March to June; Trimester 2 from July to October and Trimester 3 spans November to February.

UGA
Postgraduate degree
Special Tertiary Admissions Test (STAT)
STAT is a test developed by the Australian Council for Educational Research (ACER). The purpose of the STAT is to assess an individual’s ability to analyse information and think critically. The STAT is compulsory for non-Year 12 applicants applying for entry into any of Deakin’s undergraduate law programs. Some non-Year 12 applicants will be exempt from sitting the STAT if you are unsure whether or not you need to sit the STAT email bustaw@deakin.edu.au.

For more information on non-Year 12 additional entry requirements, visit vtac.edu.au.

Student Amenities—Higher Education Loan Program (SA-HELP)
SA-HELP is a government loan scheme for eligible students to defer all or part of the Student Services and Amenities Fee.

Student Services and Amenities Fee
This is a fee higher education providers can charge for non-academic services and amenities, such as advocacy, sporting programs, legal advice and referral, health and welfare and disability support.

Study score
A score of 0-50 that shows how a VCE subject performed in a particular subject compared to others in the same year. It is calculated from your results in assessments and examinations in that subject.

Trimester
This is the method of organising the teaching year. At Deakin there are three trimesters for most courses. Trimester 1 runs from March to June; Trimester 2 from July to October and Trimester 3 spans November to February.

Undergraduate degree
Usually the first degree you obtain in a given discipline area. For example, a Bachelor of Health Sciences. An undergraduate student is usually someone studying for their first degree in a given discipline.

Unit
A Deakin subject or unit is normally one trimester long and must have a value of 1 or 2 credit points.

Victorian Certificate of Education (VCE)
The VCE is a certificate that recognises the successful completion of Year 12 in Victoria. The VCE can provide a pathway to university studies, TAFE and employment.

Victorian Tertiary Admissions Centre (VTAC)
VTAC is the centralised admissions centre for most undergraduate university courses in Victoria. vtac.edu.au

Victorian Tertiary Entrance Requirements (VICTER)
A publication produced by VTAC for Year 10 students who are considering applying for tertiary study in the future, to help plan their pathway towards tertiary study. The VICTER 2021 guide will be most applicable for students completing Year 10 in 2018.

Weighted Average Mark (WAM)
WAM is a calculation of all your relevant unit outcomes within a course. The WAM is weighted by taking into consideration the credit points of a unit and the result. Not all grades are used in the calculation of the WAM.

Year 12 applicant
Applicants with recent secondary education, including current Year 12 [2018] applicant and Year 12 graduates from 2017 and 2016.

Special Tertiary Admissions Test (STAT)
VTAC is the centralised admissions centre for most undergraduate university courses in Victoria. vtac.edu.au

SEAS is an umbrella program of special entry schemes governed by VTAC, and conducted by participating tertiary institutions, including Deakin, that provides entry for the disadvantaged into undergraduate courses. vtac.edu.au and deakin.edu.au/access-equity

Non-Year 12 applicant
There are three categories under which non-Year 12 applicants may apply to Deakin.

Graduate entry
At a course that requires prior completion of an undergraduate degree for entry, Deakin’s Bachelor of Medicine/Bachelor of Surgery is a graduate-entry course.
