Important information for students considering the fast track course map:

- Significant study commitment is required for the duration of the course as there are less breaks between trimesters
It is recommended that students avoid, where possible, significant other commitments during their study (e.g. fulltime work, holidays, significant life events)
- Students will complete their ECP316 ‘accomplished’ level placement prior to completing their final four units, which includes ECP305, a ‘consolidating’ level placement
- Students must be willing to do independent reading or other activities to be prepared for ECP316 ‘accomplished’ level placement prior to completing their final four units (ECP305, ECE330, ECE380 and ECP703)
- Students should feel confident in demonstrating the full teaching responsibilities required of the ECP316 ‘accomplished’ level placement in T3
- The ECP316 20-day placement in T3 takes place in February. Students undertaking this placement may not have a break between the placement and the beginning of T1.
- Accommodations will not be made to due dates based on a student’s decision to fast track

GENERAL INFORMATION

This course map is a guide only. You must also ensure you meet the course rules and structure as set out in the official [University Handbook](#) of the year you commenced your course. This course map has been created to be used electronically.

Not all units are available in all study periods or mode of delivery.

- Full time study is typically three to four units (or credit points) each study period.
- Part time study is typically one to two units (or credit points) each study period – part time study will extend the duration of your studies.
- Trimester 3 is typically an optional study period - unless it's your first study period and/or a compulsory study period for your course.

Unit options can be found in the '[Advanced Unit Search](#)' in the most current year's University Handbook.

If you have applied for or received credit for units as recognition of prior learning (RPL), it may alter the units you need to study.

Please seek advice from a Student Adviser in StudentCentral if you have any queries or need help understanding your course structure and unit options.
