Your future in sport

Get set for a successful career

Career outcomes in the sporting industry are exciting, diverse and ever increasing. Deakin offers you the opportunity to gain a world-class qualification in a country that’s globally renowned for high achievement in sport. With the increase in obesity and chronic disease rates in Australia and around the world, the emphasis on physical activity and participation in exercise and sport continues to grow and dominate modern approaches to sustaining a healthy lifestyle.

Explore our industry connections

Gain the practical experience and skills to pursue a successful career in sports-related professions. Our staff have close links with industry and relationships with organisations that ensure our courses are up-to-date with industry trends. We have strong ties with organisations including:

• AFL
• Australian Institute of Sport
• Baker ID Heart and Diabetes Institute
• Barwon Sports Academy
• Biolab
• Core Advantage
• Cricket Australia
• Deakin Melbourne Boomers
• Disability Sports Australia
• Eastern Football League
• Geelong Football Club
• IMIS
• Netball Australia
• Physical Activity Australia
• Rise Health Group
• Tennis Australia
• VicHealth
• VicSport
• Victorian Institute of Sport
• Werribee Football Club
• YMCA Australia.

Graduate job ready

Our Bachelor of Exercise and Sport Science and combined courses feature 220 hours of practical experience, which goes beyond the minimum requirements of Exercise and Sports Science Australia (ESSA), meaning graduates embark on their careers with an advantage.
Your future in sport

#1 university in Victoria for student satisfaction

Year on year, our students are the most satisfied students of all Victorian universities. We’ve ranked this highly for the past 10 years, with students being particularly happy with our:

- teaching
- learning resources
- student support
- skills development
- learner engagement.

1 Australian Graduate Survey 2010–2015, Graduate Outcomes Survey 2016–2019 (GOS), Quality Indicators for Learning and Teaching (QILT).

Join our Peer Mentoring Program

Sign up for one of the peer mentoring programs in your first year at Deakin to get support and guidance from more senior students in your course. You’ll learn about the support services and facilities available, while gaining useful tips about studying at Deakin.

A home for elite athletes

We’re dedicated to supporting elite athletes to achieve academic success alongside the demands of training and competition. That’s why Deakin is a member of the Elite Athlete Friendly University (EAFU) Network.

We offer student athletes:

- flexibility around assessment deadlines, and lecture and tutorial attendance
- leave of absence arrangements so they can meet their sporting commitments
- extensions on the time normally allowed to complete a course.

Plus, with access to the Geelong Waurn Ponds Campus’ Elite Regional Sports Precinct and Melbourne Burwood Campus’ Specialised Indoor Exercise and Sport Science Building, you can take advantage of our:

- MCG-sized AFL oval
- FIFA-grade soccer pitch
- eight-lane IAAF 400-metre athletics track
- climate chamber that simulates extreme conditions
- 16-piece cardio area and open group fitness area
- motion capture systems and specialised AV equipment.

As well as accessing study support, elite athletes can apply to Deakin under an adjustment scheme.

deaquin.edu.au/elite-athlete-program

Industry-leading research

Our Centre for Sport Research (CSR) focuses on improving the health and performance of people and organisations participating in sports. As well as promoting sport and exercise, CSR conducts research that informs policy and touches on sport science, development and management.

Our program is built on a foundation of industry and community partnerships, as well as sport and exercise science services, which means you’ll graduate with the practical skills to gain a head start in your career.

deaquin.edu.au/scr

Our research makes a real-world difference

Hosted by the School of Exercise and Nutrition Sciences, the Institute for Physical Activity and Nutrition (IPAN) focuses on improving the health of Australian communities, and preventing disease by promoting active lifestyles and healthy eating.

Our research in nutrition and physical activity spans basic metabolism and physiology, through to clinical and behavioural studies, and community and population-based research. Research from IPAN feeds directly into the development of our undergraduate and postgraduate courses, which means you’ll graduate with knowledge from the cutting edge of science.

deaquin.edu.au/ipan

World-class sporting facilities

The Geelong Waurn Ponds Campus Elite Regional Sports Precinct is the go-to for elite athletes, like the Geelong Cats AFL team, and student-based clubs like the Deakin Duds Soccer Club. As well as world-class training facilities, the precinct offers students placement opportunities, providing career pathways into the sport and education industries.

Disciplines

Take a look through our disciplines (also known as study areas) to choose your area of expertise. Knowing which discipline you’re interested in helps career advisers find the best course for your interests. Corresponding courses are featured in the following pages, so you can learn more about what you’ll study, work experience opportunities and the types of careers you could pursue.

When you choose a course, you can then pick which discipline to specialise in within that course. Visit deakin.edu.au for detailed discipline and course information, including a description of the units within each degree.

Applied sport science
Apply scientific thinking to solve problems and generate insights in sport. Study this area of sport if you aspire to work as a sport scientist in sporting settings, such as community sport, junior sport, and high performance sport.

Exercise physiology
Develop the expertise to monitor and interpret physiological responses during exercise, and gain job-ready skills with hands-on, practical experience using a range of laboratory techniques. The knowledge and skills gained in this area of study are relevant for further postgraduate study such as honours degrees, higher degrees by research, Deakin’s Master of Clinical Exercise Physiology and clinical exercise career pathways.

Exercise and sport science
Apply knowledge and skills in exercise and sport science to improve the performance, health and participation of individuals, athletes and teams through training, coaching and advice. You’ll develop the expertise to become a professional leader in exercise and sport science, and have the opportunity to study the biology, technology, behaviour and best practices that underpin exercise and sport science.

Health and physical education
Teach health and physical education in secondary schools and gain a third teaching specialisation from a range of disciplines, including biology, chemistry, dance, drama, mathematics, English, home economics and history.

Health sciences
If you’re looking to discover your passion in the health industry, a course in health sciences lets you create a qualification that suits your unique career aspirations. Become a specialist in the health sector by hand-picking and combining study areas that you’re passionate about. Focus your studies in:
• disability and inclusion
• environmental health
• exercise science
• family, society and health
• food studies
• health and sustainability
• health promotion
• medical biotechnology
• nutrition
• physical activity and health
• psychological science
• psychology for professional development.

Physical activity and health
Understand how behaviour influences health and learn how to increase community and individual participation in physical activity. Explore the evidence of the independent roles physical activity and sedentary behaviour play in chronic disease.

Sport coaching
Develop leadership skills for sports coaching and instruction, underpinned by sport science, pedagogy, personal development, and practical real-world coaching experience. You’ll acquire essential skills that employers value, including planning, organisation, presentation, evaluation, and problem solving. Developed with national sporting organisations, elite coaches and expert academics, this major offers the latest in innovative coaching theory and practice.

Sport development
Through this specialised course, you’ll learn to develop and design sport’s systems, programs and pathways, and form an understanding of how sport can impact individual health outcomes and nurture community development. You’ll also gain valuable insights into the management and governance of sport by analysing leading sport organisations and the skills used by professional sport managers.

This study area is only available through our Bachelor of Sport Development.

Sport management
Combine your passion for sport with relevant business skills to help you perform at a high level and excel in the sport industry. A degree in sport management can help you become a sport manager who can lead organisations across a range of activities, including the development and management of professional sport competitions, major events, and programs that encourage community participation.

This study area is only available through our Bachelor of Business (Sport Management).

Sports nutrition
Help elite athletes get the most out of their bodies and performances through food and nutrition. Sports nutrition covers the specific macronutrient needs of athletes and provides practical nutrition considerations for before, during and after sports performance.

Strength and conditioning
Understand the theoretical knowledge and technical competencies required to develop and deliver evidence-based strength and conditioning programs for a range of individuals including the general population, those with specific needs, and athletes.

Courses to careers
Visit explore.deakin.edu.au to kickstart your course and career exploration. With more than 600 paired courses and careers, it’s the perfect destination for you to discover your future career.

#1 careers service in Australia
Prepare yourself for the jobs and careers of the future. Access our career centre, DeakinTALENT, and use its programs and services to research different career options, hone your interview skills, look for casual work while you study or find a graduate job.

deahtalent.deakin.edu.au

The Deakin Clinical Exercise Centre is an exercise physiology clinic where supervised students meet real clients, conduct assessments and create exercise and lifestyle programs.
Courses

Bachelor of Business (Sport Management)

Make your business mark behind the scenes in the dynamic sports industry through Deakin's Bachelor of Business (Sport Management). With the increased professionalism of sport, you'll learn how to manage the business of sport, with specialised learning in marketing, finance, management and law. You can also build your expertise with a complementary business major.

Careers
Professionally trained people find employment in a range of sport organisations, spanning across Australian rules football, basketball, cricket, tennis and golf, plus national and state sporting institutes. Career opportunities include:
• advertising and sponsorship consultant
• business coach
• business development manager
• commercial partnership administrator
• community engagement officer
• event operations coordinator
• facility manager
• media and marketing manager
• player agent

'My engagement with industry professionals is well regarded and provides insight into the industry, as well as allowing industry to fully appreciate the breadth and diversity within its sport management course. It really lives up to its professional reputation.'

Molly Pledge
Bachelor of Business (Sport Management) graduate

Get a world-class education
Deakin Business School is in the top 1% of business schools globally by holding both AACSB and EQUIS accreditations. These prestigious accreditations are awarded to business schools that meet strict standards of quality, academic and professional excellence, and demonstrate a commitment to ongoing improvement and innovation in their courses, ensuring our graduates are employable worldwide.

Practical and real-world work experience
Work experience can make all the difference when applying for jobs. Through our Work Integrated Learning program you can gain real-world experience and credit towards your degree. What's more, the experiential learning opportunities, such as mentoring, volunteering, consulting and internships are practical and help develop skills that later benefit your career.

Course structure
This 24-credit point course consists of 16 credit points of core units and 8 credit points of elective units.

Year 1
- Trimester 1: Accounting for Decision Making, Fundamentals of Finance, Management, Sport Organisation

Year 2
- Trimester 1: Business Analytics, Marketing Fundamentals, Managing High Performance Change, Sport Facility and Event Management
- Trimester 2: Sport Marketing, Sport Leadership and Governance, Level 1, 2 or 3 elective unit, Level 2 or 3 elective unit, Level 2 or 3 elective unit, Work integrated learning/study abroad

Year 3
- Trimester 1: Sport and the Law, Level 2 or 3 elective unit x 3
- Trimester 2: Sport Management Practicum, Level 2 or 3 elective unit x 2, Level 3 elective unit

For international students, Cloud Campus only.
This course structure should be used as a guide only and advice should be sought when selecting units.
Academic Integrity (MAI010) is a compulsory 0-credit point unit that you must undertake as part of this course.

deakin.edu.au/course/bachelor-business-sport-management
Courses

Bachelor of Sport Development

Learn about sport pathways and coaching, and the marketing and management of sport, and turn your passion for sport into a rewarding career. With Deakin’s Bachelor of Sport Development, you’ll examine the science of coaching as well as the practical elements of encouraging participation and performance in sport.

Careers

This course will prepare you for roles in coaching, the leisure industry, sport science and in the field of community sports development.

Career opportunities include:

• community sports development officer
• facility and recreation manager
• high performance manager
• player agent
• professional sports association official
• recreation officer
• sport development officer
• sports coach
• sports governance official
• sports policy officer

Work experience

This course offers industry-based learning opportunities.

1. This course structure should be used as a guide only and advice should be sought when selecting units.
2. Academic Integrity (MAI010) and Safety Induction (MIS010) are compulsory 0-credit-point units that you must undertake as part of this course.

Your future sporting facilities

Our world-class Specialised Indoor Exercise and Sport Science Building at the Melbourne Burwood Campus features four levels of state-of-the-art sport science learning facilities. The building accommodates our growing suite of courses, increases your clinical exposure and employability outcomes, and enhances your opportunities for research projects and community engagement.

Reflecting the latest requirements for equipment and services in the exercise science industry, the building design offers a range of learning experiences.

Specialised features

• A climate chamber that can simulate extreme conditions and alter temperature, humidity, altitude and oxygen levels.
• Five 40m running lanes and a walking track with overhead harness gantry.
• A 36-piece cardio area and an open group fitness area with over 40 stations.
• 3D motion capture systems and specialised AV equipment.
• Specialised 10m high ceilings, with retractable catch netting to accommodate teaching and learning environments.
• The Deakin Clinical Exercise Centre (DCEC), an exercise physiology clinic, serviced by students under supervision, where students meet real clients, conduct assessments and create exercise and lifestyle programs.

Our partnership with the Deakin Cats Community Centre (DCCC)

Deakin has a long association with the Geelong Football Club (GFC) and an ongoing partnership with the DCCC. The Centre’s hub for several GFC and Deakin community initiatives including BeoCATS, Cats Community Education programs, Cyber Cats and Just Think – delivering health and wellbeing sessions on site.

deakin.edu.au/collaboration/community-engagement/geelong/local-partnerships/cats-centre
Bachelor of Exercise and Sport Science

Deakin’s Bachelor of Exercise and Sport Science helps you apply knowledge and skills in exercise and sport science to improve the performance, health and participation of individuals, athletes and teams through training, coaching and advice.

You’ll learn in world-class facilities at our Elite Regional Sports Precinct in Geelong and brand new Specialised Indoor Exercise and Sport Science Building in Burwood. You’ll also graduate job-ready with 220 hours of practical experience via the Exercise Programming, and Exercise and Sports Science Practicum units.

This level of industry experience goes beyond the minimum requirements of Exercise and Sports Science Australia (ESSA).

Professional recognition

All graduates are eligible to apply for accreditation with Exercise and Sports Science Practitioners (ESSA) as an Accredited Exercise Scientist (AES).

Regional and Remote Entry Scheme

At Deakin, we are committed to producing world-class exercise and sport science graduates across regional, rural and remote areas of Australia. The Regional and Remote Entry Scheme has a separate VTAC code offering an alternative entry pathway into this course at the Geelong Waurn Ponds Campus.

deakin.edu.au/health/regional-and-remote-entry-scheme

Courses

Cancers

As well as typical roles in the sport, exercise, coaching and fitness industry, you may pursue employment in community health and wellness. Upon graduating, you may find employment opportunities in:

- community sport organisations
- elite, professional sporting clubs
- large organisations in corporate health
- local and community sporting clubs
- local and state government agencies
- private health and recreation centres
- professional sporting bodies.

Further study pathways

This course provides a pathway to postgraduate study in areas such as applied sport science, clinical exercise physiology, physiotherapy, sport management, sport psychology and research. You may also consider applying for further study to advance your career in the sport science industry. We offer:

- Bachelor of Exercise and Sport Science (Honours)
- Graduate Certificate of Performance Analysis
- Graduate Certificate of Strength and Conditioning
- Graduate Diploma of Applied Sport Science
- Master of Applied Sport Science
- Master of Clinical Exercise Physiology.

Work experience

With hands-on experience throughout this course, graduates hit the ground running. You will benefit from work experience placements in a variety of environments, such as AFL/VFL football clubs, Basketball Victoria, Cricket Victoria, Cycling Victoria, Football Federation Victoria, Tennis Australia, private strength and conditioning and high performance centres (including institutes of sport), recreational gyms, rehabilitation clinics, and many more.

The practical experience you’ll complete is a core feature of this course, and it sets you apart from other graduates.

Majors

- Applied sport science
- Disability and inclusion
- Exercise physiology
- Family, society and health
- Health promotion
- Nutrition
- Physical activity and health
- Psychology
- Sport coaching
- Sports nutrition
- Strength and conditioning

Regional and Remote Entry Scheme

Deakin’s School of Exercise and Nutrition Sciences is the #1 ranked Sport Science School in Australia, for the third year running.1

Exercise and sport science bonuses

We offer the Elite Athlete Adjustment as an acknowledgement of the challenges that elite level athletes face when studying at university while simultaneously participating at an elite level within their sport.

Available to eligible elite Year 12 student athletes, the Elite Athlete Adjustment gives you five bonus aggregate points towards your entry score for admission to our exercise and sport science courses.

We also offer the Regional and Remote Entry Scheme at our Geelong Waurn Ponds Campus (with separate VTAC codes) as an alternate entry for both the Bachelor of Exercise and Sport Science and the Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management). Eligible applicants can receive up to 10 bonus aggregate points towards their entry score for admission.

deakin.edu.au/regional-remote-sporting-bonuses

Course structure

This 24 credits-point course consists of 16 core units and eight elective units.

Trimester 1

- Year 1
  - Physical Activity and Exercise for Health
  - Introduction to Anatomy and Physiology
  - Human Growth, Development and Ageing for Exercise Scientists
  - Elective
  - Functional Human Anatomy
  - Essentials of Exercise Delivery
  - Research Methods and Statistics in Exercise and Sport
  - Elective

- Year 2
  - Exercise Physiology
  - Physical Activity Promotion and Evaluation
  - Exercise Programming
  - Elective
  - Biomechanics
  - Motor Learning and Development
  - Integrated Human Physiology
  - Elective

- Year 3
  - Exercise and Sports Science Practicum
  - Clinical and Sport Biomechanics
  - Elective x 2
  - Nutrition for Exercise Scientists
  - Cognitive and Behavioural Aspects of Sport and Exercise
  - Elective x 2

Stephanie Della Penna
Bachelor of Exercise and Sport Science graduate

‘My course has equipped me with the people skills that I need to work efficiently within the sports science industry. The practical experiences pushed me to communicate with people in a way that I could never before.’

Stephanie Della Penna
Bachelor of Exercise and Sport Science graduate

1 ShanghaiRankings Global Ranking of Sport Science Schools and Departments 2016-2018.
Bachelor of Health and Physical Education

Develop the skills, knowledge and understanding to become a secondary school health and physical education teacher who makes a difference to every student. You’ll learn how to create safe, inclusive and engaging learning environments to provide learning experiences that support lifelong health and physical education.

You can choose a third teaching specialisation to gain a competitive advantage for employment, including:

- biology
- chemistry
- dance
- drama
- English
- history
- home economics
- mathematics

Professional recognition

Our education courses are accredited by the Victorian Institute of Teaching (VIT), meaning you’ll graduate as a qualified educator.

Students are eligible to apply for registration with VIT upon successful completion of this degree.

Careers

Graduate ready to take your career into teaching within the private, independent or public education sectors or in advisory roles. You can even work closely with sporting organisations.

deakin.edu.au/course/bachelor-health-and-physical-education

As well as working as an educator, you may find yourself working in fields including:

- community programs
- government agencies
- human resource management
- private academies/agencies
- professional coaching
- sport management.

Professional experience

In all four years of this course, you’ll undertake professional work placements – firstly in primary, then secondary school settings. This gives you the chance to apply your learning in a real-life teaching role in a supported manner. This course includes 80 days of supervised professional experience placements and students must successfully complete the Deakin Teaching Performance: A Current Working. Children Check is required before beginning school experience.

1. This course structure should be used as a guide only and advice should be sought when selecting units.
2. Academic Integrity (HAI010) is a compulsory 0-credit-point unit that you must undertake as part of this course.
3. Students are also required to complete two 2 credit-point units, ELN102 and ELN101, as part of the University and Humanity Test for Initial Teacher Education (UNITETT), in order to graduate from their course.
4. Students must also complete an Emergency First Aid Certificate (Level 3) and AUTISM qualifications prior to graduation.

Bachelor of Health Sciences

A rewarding career in a health-related field gives you the chance to reduce disability and help people – whether in Australia or overseas – to lead fuller, healthier and happier lives.

As a Bachelor of Health Sciences graduate, you can be confident that you’ll get a solid grounding in multiple fields of health sciences, and be prepared for a successful career in the fastest growing employment sector in Australia.

Careers

This flexible degree allows you to combine study areas that you’re passionate about, and benefit from workforce learning to become a specialist in the booming health sector.

Depending on your major, your health sciences degree can prepare you for work in the following roles and fields:

- community engagement officer
- disability support planner
- environmental and sustainability officer
- exercise specialist
- family/community/refugees/indigenous project officer
- food and nutrition policy developer
- food scientist
- health educator or counsellor
- health policy developer
- health promotion officer
- health and sports marketer or officer
- international aid worker
- lifestyle and wellness professional
- nutrition and health promotion coordinator
- policy advisor
- regional health service planner
- youth worker.

The health and human services sector is one of the largest and fastest growing industries in Australia and the world with growing emphasis on disease prevention and treatment, employability in the sector is strong and continually increasing.

In Australia, the health and human services sector is projected to make the largest contribution to employment growth, increasing by 14.9% over the five years to May 2023.³

You may choose to begin your studies with a Bachelor of Health Sciences to get a solid grounding in health sciences and explore your preferred area. Then follow a pathway into psychology, nutrition, public health, sport, nursing and more. This will allow you to pursue further career opportunities in specialist fields.

deakin.edu.au/course/bachelor-health-sciences

1. Cloud Campus and Warrnambool Campus are not available to international students.
2. Trimester 2 is only available at Geelong Waurn Ponds Campus only.
4. Cloud Campus students will be required to attend some campus-based activities.
5. Some units are available at Cloud Campus.
6. Individual units may not be available at every campus.
7. This course structure should be used as a guide only and advice should be sought when selecting units.
8. Academic Integrity (HAI010) is a compulsory 0-credit-point unit that you must undertake as part of this course.
Courses

Combined courses
A combined course (or double degree) in sport lets you pursue complementary areas and explore disciplines that are of particular interest to you. Combined courses let you complete two courses in as little as four years, which is quicker than completing one degree followed by the other.

Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management)

Experience the synergy of sport science and the business of sporting organisations with Deakin’s Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management). Gain the skills to improve the sporting performance and health of athletes and teams, as well as the expertise to become a professional leader in exercise and sport science in areas from strength and conditioning, to exercise physiology.

Professional recognition
Graduates are eligible to apply for accreditation with Exercise and Sports Science Australia (ESSA) as an Accredited Exercise Scientist (AES).1

Regional and Remote Entry Scheme
At Deakin, we are committed to producing world-class exercise and sport science graduates across regional, rural and remote areas of Australia. The Regional and Remote Entry Scheme has a separate VTAC code offering an alternative entry pathway for this course at the Geelong Waurn Ponds Campus.

deakin.edu.au/business-will

Course structure
This course consists of 32 credit points – 16 core units in the Bachelor of Exercise and Sport Science, 15 core units and one elective unit in the Bachelor of Business (Sport Management).

Bachelor of Health Sciences/Bachelor of Arts

Build a degree tailored to your specific interests with a Bachelor of Health Sciences/Bachelor of Arts. This flexible degree allows you to major in fields from both health sciences and arts, tapping into unique course combinations and career opportunities. You can build your course structure to hone in on whichever niche reflects your individual passions.

Course structure
This course consists of 32 credit points – 16 credit points from the Bachelor of Health Sciences and 16 credit points from the Bachelor of Arts.

Work experience
You will complete three compulsory placements comprising a minimum of 320 hours; two placements from the Bachelor of Exercise and Sport Science (minimum 220 hours) and one placement from the Bachelor of Business (Sport Management) (minimum 100 hours).

As part of the business (sport management) component of this degree, work integrated learning opportunities include business internships, community-based volunteering, industry-based learning and international study opportunities.

deakin.edu.au/business-will

Careers
You’ll also be well prepared for a nutrition-focused career and can work in areas in the nutrition and food industry such as: community nutrition, consumer education and awareness campaigns, food analysis, food laboratories and research institutes, food manufacturing, food policy and regulation, food quality and safety.

Further study opportunities
This course can also act as a pathway into the Master of Dietetics (prerequisite subjects apply), if entry requirements are met.

1 This course is currently not accredited with ESSA. However, graduates may still apply to ESSA to become an Accredited Exercise Scientist through the non-ESSA Accredited Course application pathway. Please refer to esa.org.au for more information.

2 Cloud Campus is not available to international students.
