Get a head start to your career

Explore our range of business courses, developed in consultation with industry. You’ll build an invaluable network through work integrated learning and graduate with a set of versatile skills to give you the employment edge. We’ll prepare you for careers of the future, using emerging technologies to facilitate innovative, borderless, socially responsible, and personalised education.

Get a world-class education
Deakin Business School is in the top 1% of business schools globally by holding both AACSB and EQUIS accreditations. These prestigious accreditations are awarded to business schools that meet strict standards of quality, academic and professional excellence, and demonstrate a commitment to ongoing improvement and innovation in their courses, ensuring our graduates are employable worldwide.

Study sport with the best
Deakin has a long-standing reputation for excellence in sport education, which is why more students choose to study sport at Deakin than at any other Victorian university. We are currently ranked in the world’s top 20, and number one in Australia, for sport management programs. Even better news: our graduate salaries are fifth highest in the world.¹

Graduate with an employment advantage
EQUIS accreditation means a business school is globally recognised, internationally benchmarked and part of an ongoing quality improvement system enriched by involvement with a vibrant learning community.

As one of only 10 universities in Australia with this accreditation, you can confidently embark on your studies with the knowledge that the Deakin business school has international relevance, and this offers an employment advantage.

Deakin University CRICOS Provider Code: 00113B

Your future in business

Explore our industry connections
Our close ties with industry, government departments, professional associations, and other educational providers mean that you get:

- courses matched to current industry best practice
- work placement opportunities
- a well-recognized and accredited qualification that stands out to employers.

Depending on units taken, commerce graduates are eligible to apply for admission to the following:

- Association of Chartered Certified Accountants (ACCA)
- Association of Financial Advisers (AFA)
- Australian Human Resources Institute (AHRI)
- Australian Marketing Institute (AMI)
- Certified Practising Accountants (CPA)
- Chartered Accountants Australia and New Zealand (CA ANZ)
- Financial Adviser Standards and Ethics Authority (FASEA)
- Financial Planning Association of Australia (FPA)
- Institute of Managers and Leaders (IML)
- Institute of Public Accountants (IPA).

Gain study credit through real-world experience
Get your career off to the best start by networking, and gaining skills and knowledge, through work experience; earn credit towards your degree at the same time. Professional work experience will develop your employability; students with placements and internships are highly sought-after by employers. Many of our business courses offer work placements in organisations in Australia and overseas.

Industry placements give you an opportunity to:

- apply and consolidate knowledge gained in your course
- cultivate professional competencies
- experience workplace culture
- explore career options relevant to your study discipline
- develop professional networks.

International study programs and industry placements are not just about experiencing a new culture or workplace, but increasingly important in positioning graduates for future success.

deakin.edu.au/business-wil

Travel overseas
See the world through faculty-led programs, short-term study programs, international internships and volunteering. Students looking for a longer and more immersive experience can take part in one of our exchange programs too.

Deakin Business School students have walked the Great Wall of China, paced the pavements in Paris, played cricket in Delhi, gone behind the scenes at Disneyland, and offered business advice to local government in Japan.

These experiences enhance your global employability skills in areas like teamwork, critical thinking and intercultural communication, while immersing you in a new cultural and learning environment.

Access state-of-the-art facilities
Our high-tech teaching spaces include the cutting-edge Telstra Trading Room. Get hands-on trading experience with a model of an interbank trading floor, and gain real-world insights into the foreign exchange market.

Enjoj all that university has to offer
We want you to have a meaningful learning experience; university is important, but it should be fun too. Deakin Business School supports a range of clubs and societies, including Deakin Commerce Society, Deakin Law Students Society, Deakin Entrepreneurs Collective, and many more.

We’ll support you every step of the way
Take advantage of our Student Mentor Program, which helps students transition to university through study skills sessions, exam preparation, and a range of other services. You can also access our career centre, DeakinTALENT, and use its programs and services to research different career options, hone your interview skills, look for casual work while you study, or find a graduate job.

deakintalent.deakin.edu.au

Move your career forward
By developing important skills in critical thinking, analysis, investigation and evidence-based decision-making, your business acumen can open up employment opportunities in just about every industry.

deakin.edu.au/studybusiness
Disciplines

Your dream course starts here. Take a look through our disciplines (also known as study areas) to choose your area of expertise. Knowing which discipline you’re interested in helps career advisers find the best course for your interests. Corresponding courses are featured in the following pages, so you can learn more about what you’ll study, work experience opportunities and the types of careers you could pursue. When you choose a course, you can then pick which discipline to specialise in within that course. Visit deakin.edu.au for detailed discipline and course information, including a description of the units within each degree.

Accounting

Comprehensive global markets and reporting requirements mean accounting is an increasingly dynamic and exciting profession. Accountants are finance and information specialists who inform business decision-making within a wide range of organisations. Businesses and individuals rely on accountants to assess their financial situation, prepare reports and give advice on financial dealings.

Business analytics

Use technology to analyse, present and support decision-making using ‘big data’ held by an organisation. Business analytics looks at the way businesses structure their information architecture, and the ways people and organisations can use technology to improve their processes and workflows, and inform how to innovate their products or services.

Business and digital communications

Manage and coordinate relationships between organisations, agencies and the public through effective internal and external communications. With a focus on ethical and sustainable research and practices, build key knowledge and skills in brand management, content marketing, social media, strategic public relations, and the field of marketing communications.

Economics

Learn about the production, distribution and consumption of wealth. Economics is a social science based on human behaviour that helps you enhance all aspects of business. Gain business acumen and learn to adapt to various policy environments. Develop quantitative and analytical skills that are highly valued by employers and can complement your future career path.

Finance

A career in finance can open doors to almost any industry. Learn about the operations of financial markets and institutions, and how decision-making processes are administered where uncertainty is involved.

Finance deals with investment, payout decisions of firms, the effects of interest rates and risks on the pricing of assets, and the structure and operations of financial markets and institutions.

Event management

Work in diverse fields like government, education and the not-for-profit sector. You’ll develop a mix of skills that include project management, marketing, communication, innovation and planning for unique events.

Entrepreneurship and innovation

Develop skills and strategic tools, and benefit from work integrated learning experience to prepare you for starting your own business, running a family business, becoming a social entrepreneur; or to help existing organisations to launch and manage new products and enter into new markets.

Financial planning

Financial planners have the necessary breadth and depth of financial skills and knowledge to help people achieve financial success. Innovative and lateral in their thinking, financial planners are up-to-date with the latest changes and are committed to providing sound, independent and ethical financial advice to their clients.

The Bachelor of Commerce, with a major in financial planning, is approved by the new financial planning standards body – the Financial Adviser Standards and Ethics Authority (FASEA). Graduates can provide financial advice in Australia and be eligible for entry into the certification programs of the professional financial planning associations.

Food and agribusiness

The agricultural sector occupies a significant place in world economies. Agribusiness companies and major financial institutions are some of the organisations looking for graduates with critical business capabilities like resource management, agricultech, agribusiness and skills in managing global climate challenges across the agricultural supply chain.

Human resource management

An understanding of how to manage human resources is critical for all managers. Human resource management covers recruitment, selection, training and development, workplace diversity, employee relations, performance and change management and remuneration. Develop invaluable counselling, mediation and negotiation skills that will stand you in good stead in any field you enter in the future.

International trade and business

Gain the skills, knowledge and expertise to excel in a growing and changing global environment. From marketing and strategy through to international relations and law, a career in international trade and business could take you anywhere in the world.

Management

Managers drive organisational culture, performance and results by guiding and supporting both employees and employers. Study management to formally develop the skills required to be a strong leader through a progressive program of theory and practice.

Management information systems

Supplement your business studies with knowledge of the underlying information systems that support modern business processes. Learn about the business applications of information systems and gain the skills and knowledge relevant to understanding this dynamic area.

Marketing

Marketing strategically and creatively adds value to the customer experience, building a relationship between consumer and sellers. Our courses cover a range of subjects, including brand management, consumer behaviour and digital media.

#1 careers service in Australia1

Prepare yourself for the jobs and careers of the future. Access our career centre, Deakin TALENT, and use its programs and services to research different career options, hone your interview skills, look for casual work while you study or find a graduate job. deakintalent.deakin.edu.au

Disciplines

Psychology
Combine psychology principles from complementary disciplines in marketing or human resource management. A dual expertise in psychology and business disciplines provides graduates with a competitive advantage as you enter into employment.

Organisational psychology
Organisational psychologists apply science to the workplace to improve employee performance and wellbeing. You could work with organisations, teams and individual employees to devise strategies to recruit, motivate, develop, change and inspire your workforce.

People management
People management is one of the fastest growing fields of professional employment. This study area provides skills and understanding of the critical dimensions required to successfully manage people. Develop an understanding of strategic human resource management, human resource development, organisational behaviour, change management, workplace counselling and negotiation, and an understanding of employment relations.

Project management
Join a growing, dynamic profession that involves planning, coordinating, costing and evaluating projects of all sizes, as well as managing the people and risks involved. In a globalised economy, project management is central to developing and delivering new products, services and infrastructure, as well as implementing new techniques and processes to facilitate change.

Property and real estate
The property industry is one of the world’s largest employment areas. Deakin’s unique property and real estate course leads to careers with long-term employment and rewarding salaries. With strong industry links, and international demand for graduates, studies focus on investment, property development, property valuation, market analysis and property economics, with popular specialisations in sustainability or business disciplines.

Retail and supply chain management
Retail managers for the 21st century understand the retail process from sourcing and retail, to brand management and evaluating consumers. The field of retailing is still growing but the impact of worldwide competition, and short product lifecycles, makes retailing a challenging and dynamic field that needs practitioners who can operate in a fast-changing environment.

Sport development
Study sport development for its unique focus on three areas: sport management and marketing, coaching and exercise, and sport science. It centres on the development of sport and community development through sport, by both increasing participation in sport and developing pathways to attract, retain and nurture sport participation.

Sport management
Learn to manage the business of sport organisations that deliver sport, and the organisations that support them. A degree in sport management helps students to become sport managers who can lead sport organisations in a range of activities, including the development and management of professional sport competitions, major events, and community programs that encourage participation. Sport management graduates work with organisations that support sport, like sport promoters and player agents, sporting goods manufacturers and retailers, and facility management.

Gain practical, real-world experience
Deakin’s business courses offer work experience opportunities, known as work integrated learning, which include business internships, community-based volunteering, industry-based learning, work-based learning, as well as a range of opportunities offered by industry partners in Australia and overseas.

deakin.edu.au/business-will
The Bachelor of Business can lead to a variety of business careers. In choosing between business and commerce, Deakin's Bachelor of Business is a contemporary, career-focused course. Whether for professional skills, such as teamwork, communication, negotiation, conflict resolution, decision-making, problem solving and leadership, the course offers graduates a pathway to be recognised by professional providers, including the ability to research and resolve real commercial and community issues. Deakin's Bachelor of Business is at the forefront of providing you with the skills and experience to navigate your professional future.

Choosing between business and commerce? Deakin’s Bachelor of Business is a contemporary, career-focused course. Whether it’s preparing for the nuances of international business relationships through our Global Mindset and Citizenship unit, or learning the challenges and opportunities of business ownership in Entrepreneurship and Innovation, you’ll develop the skills and experience you need to succeed in the business world.

Bachelor of Business

Deakin’s Bachelor of Business is a contemporary, career-focused course. Courses

Bachelor of Marketing (Psychology)  
Combine principles from complementary disciplines to unlock creative marketing solutions, and graduate with a unique skill set that’s in demand across all industries. Develop core competencies in consumer behaviour, marketing strategy and communication, research methods, analytics, digital literacy, and psychology.

Professional recognition  
The Bachelor of Marketing (Psychology) is accredited by the Australian Marketing Institute (AMI) and the Australian Psychology Accreditation Council (APAC).

Graduates will be eligible for a one-year credit reduction, needed to become a Certified Practicing Marketer by the AMI.

Completion of the course also provides students with an APAC accredited three-year degree in psychology. This allows students to then undertake additional study in pursuit of provisional and general registration as a psychologist through the Psychology Board of Australia (PsyBA).

CAREERS  
A dual expertise in psychology and marketing provides you with a competitive advantage as you enter into employment. Career opportunities include:
- consumer advocate
- customer experience manager
- customer insights analyst
- digital marketing manager
- marketing and communications manager
- market researcher
- media planner

Courses

Bachelor of Marketing (Psychology)  
This 24-credit-point course consists of 12 credit points of core marketing units (including one work integrated learning unit or an approved international learning experience) and 12 credit points of core psychology units.

Course structure  
1. This course structure should be used as a guide only and advice should be sought when selecting units.
2. Academic Integrity (MAI010) is a compulsory 0-credit-point unit that you must undertake as part of this course.

Bachelor of Human Resource Management (Psychology)  
With increases in globalization, a rapidly changing workforce profile and dynamic people needs of organisations, there is a growing requirement for expertise in psychology among human resource professionals. In this course, you will gain the fundamentals of both psychological science, including why people think and act as they do – and human resources, including how businesses manage, direct and organise employees to ensure both engagement and profitability.

Professional recognition  
The Bachelor of Human Resource Management (Psychology) is accredited by the Australian Human Resources Institute (AHRI).

CAREERS  
Deakin’s Bachelor of Human Resource Management (Psychology) can lead you to a diverse range of local and international careers including:  
- employee relations officer
- human resources compensation officer
- human resources consultant
- industrial relations officer
- organisational development consultant
- training and development manager.

Work experience  
Units in this course may have participation requirements that include compulsory placements, work-based training, community-based learning or collaborative research training arrangements.

Courses

Bachelor of Human Resource Management (Psychology)  
This course consists of 24 credit points of core units, including one work integrated learning unit from a specific list.

Course structure  
1. Students enrolled at the Geelong Waterfront Campus will be required to undertake some units of study at Geelong Waurn Ponds Campus.
2. APAC accreditation has been granted for this course without condition until 31 December 2020. Deakin is expecting the APAC re-accreditation notification in late 2020.
3. This course structure should be used as a guide only and advice should be sought when selecting units.
4. Academic Integrity (NAM102) is a compulsory 0-credit-point unit that you must undertake as part of this course.

Study and work from anywhere  
Join the thousands of students currently studying online at Deakin’s Cloud Campus. You’ll learn with the same top teachers as on-campus students, with the ultimate flexibility to study anywhere, anytime.
Courses

Bachelor of Property and Real Estate
Gain the broad skills you need to forge a career in real estate, from property development and valuation to the business principles of law and accounting. This diverse course has close links with professional bodies, and employers will be impressed with the practical experience you’ve completed as part of your course.

Professional recognition
This course is professionally accredited by the Australian Property Institute (API) and the Royal Institution of Chartered Surveyors (RICS). Graduates will meet the academic requirements for membership as a Certified Practising Valuer.

Careers
With this qualification, you’ll be able to build your expertise with a complementary business major.

Carrers
Professionally trained people find employment in a range of sport organisations, such as: Australian Rules football, basketball, cricket, tennis and golf, plus national and state sporting organisations. Career opportunities include: • advertisement and sponsorship consultant • commercial partnership administrator • community engagement officer • event operations coordinator • facility manager • media and marketing manager • public relations officer • sport analyst.

Work experience
This course offers industry-based learning opportunities.

Bachelor of Business (Sport Management)
Make your business mark behind the scenes in the dynamic sports industry through Deakins Bachelor of Business (Sport Management). With the increased professionalism of sport, you’ll learn how to manage the business of sport, with specialised learning in marketing, finance, management and law. You can also build your expertise with a complementary business major.

Carrers
Professionally trained people find employment in a range of sport organisations, such as: Australian Rules football, basketball, cricket, tennis and golf, plus national and state sporting organisations. Career opportunities include: • advertisement and sponsorship consultant • commercial partnership administrator • community engagement officer • event operations coordinator • facility manager • media and marketing manager • public relations officer • sport analyst.

A home for elite athletes
We’re dedicated to supporting elite athletes to achieve academic success alongside the demands of training and competition. That’s why Deakin is a member of the Elite Athlete Friendly University (EAFU) Network. We offer student athletes: • flexibility around assessment deadlines, and lecture and tutorial attendance • leaves of absence so they can meet their sporting commitments • extensions on the time normally allowed to complete a course.

Bachelor of Sport Development
Learn about sport pathways and coaching, and the marketing and management of sport, and turn your passion for sport into a rewarding career. With Deakins Bachelor of Sport Development, you’ll examine the science of coaching as well as the practical elements of encouraging participation and performance in sport.

Careers
This course will prepare you for roles in coaching, the leisure industry, sports science and in the field of community sports development. Career opportunities include: • community engagement officer • facility and recreation manager • high performance manager • player agent • professional sports association official • recreation officer • sport development officer • sports governance official • sports coach • sports policy officer.

Work experience
This course offers industry-based learning opportunities.

12 Business

13 Business
Courses

Combined courses

A combined course (or double degree) lets you pursue complementary studies in both degrees while exploring particular areas of interest to you. Combined courses let you complete two courses in as little as four or five years, which is quicker than completing one degree followed by the other.

Bachelor of Business/Bachelor of Arts

Want a career rich with diverse knowledge and skills? The Bachelor of Business/Bachelor of Arts combined degree trains you in transferable skills that allow you to seamlessly move between the roles of the future, all while fostering your creativity and entrepreneurial spirit.

Bachelor of Commerce/Bachelor of Arts

Combine commerce major sequences with complementary arts majors in Deakin’s Bachelor of Commerce/Bachelor of Arts to create a unique qualification. Learn to think more critically as you gain a strong foundation in all aspects of business with a focus on a commerce major like accounting or economics. A complementary choice from Deakin’s arts major sequences will mean you graduate with the balanced education employers are looking for.

Bachelor of Commerce/Bachelor of Business Analytics

Develop critical analysis skills to take data and turn it into strategies to drive business success with Deakin’s Bachelor of Commerce/Bachelor of Business Analytics. Learn how to interpret data and information, then combine it with a strong foundation in all areas of business. Graduate with practical skills that will be an asset to companies all over the world.

Bachelor of Commerce/Bachelor of Laws

Combine a leading law degree with the commercial skills that organisations are looking for in Deakin’s Bachelor of Commerce/Bachelor of Laws. Your broad knowledge of both business and legal concepts, as well as robust training, practical experience and industry placements, will make you a competitive candidate in all areas of corporate law.

Professional recognition

The Bachelor of Commerce/Bachelor of Laws fulfils the academic requirements to practise as an Australian lawyer, as set by the Victorian Legal Admissions Board (VLAB).

For more information on Deakin Law School and its program, visit deakin.edu.au/law.

Bachelor of Commerce/Bachelor of Science

Deakin’s Bachelor of Commerce/Bachelor of Science lets you take your science career beyond the lab. Pair specialist science knowledge with a strong foundation in business disciplines and graduate ready to lead, innovate and succeed in your chosen field.

Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management)

Experience the synergy of sport science and the business of sporting organisations with Deakin’s Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management). Gain the skills to improve the sporting performance and health of athletes and teams, as well as the expertise to become a professional leader in exercise and sport science in areas from strength and conditioning, to physiology.

Professional recognition

Graduates are eligible to apply for accreditation with Exercise and Sports Science Australia (ESSA) as an Accredited Exercise Scientist (AES).

Bachelor of Nutrition Science/Bachelor of Commerce

Build your foundation knowledge in nutrition science while understanding how business operates and guides Australia’s $20 billion dollar food industry. With a Bachelor of Nutrition Science/Bachelor of Commerce, you’ll graduate with highly transferable skills that allow you to understand and navigate the relationship between nutrition and business.

Professional recognition

This qualification allows you to receive recognition from both nutrition and business professional bodies. Enrolled students and graduates may apply for membership of the Nutrition Society of Australia (NSA). Registration will ensure you’re recognised as a qualified nutrition professional in the field.

‘My course offers a variety of unique electives – which I often can’t decide between – but I can honestly say that I’m extremely fortunate to be enjoying the ultimate university experience. The motivation to study my course and regularly attend classes on campus stems from my commitments and roles that require my attendance on an almost daily basis.’

Yasmine Raki
Bachelor of Laws/Bachelor of Commerce student

Gain a competitive business foundation with a global application. Through Deakin’s Bachelor of International Studies/Bachelor of Commerce, you’ll develop your understanding of the international forces shaping government, business and communities, and gain the skills to analyse and interpret these forces. You’ll learn about commerce disciplines such as accounting, marketing and law, while developing cultural competencies through valuable overseas study experiences.

Bachelor of Property and Real Estate/Bachelor of Commerce

Combine the practicalities of real estate with the commercial knowledge you need to succeed with a Bachelor of Property and Real Estate/Bachelor of Commerce. You’ll gain a business foundation that includes economics, accounting, marketing, management and law, while studying units in various aspects of real estate such as development, management and valuation.

Bachelor of Property and Real Estate/Bachelor of Laws

Property and law have a natural synergy that’s in high demand. Gain a competitive legal edge with hands-on experience in the dynamic real estate industry. Deakin’s Bachelor of Property and Real Estate/Bachelor of Laws degree combines a top-ranked legal education with skills across property investment, valuation, development and management.

Professional recognition

The Bachelor of Property and Real Estate/Bachelor of Laws fulfills the academic requirements to practise as an Australian lawyer, as set by the Victorian Legal Admissions Board (VLAB).

For more information on Deakin Law School and its program, visit deakin.edu.au/law.

Graduates also meet professional accreditation requirements set by the Australian Property Institute (API) and the Royal Institution of Chartered Surveyors (RICS). This also satisfies the academic requirements to be eligible for registration as a Certified Practicing Valuer (subject to final approval by the accrediting bodies).

Bachelor of Construction Management (Honours)/Bachelor of Property and Real Estate

With the Bachelor of Construction Management (Honours)/Bachelor of Property and Real Estate, you’ll learn how to drive growth, make strong commercial decisions, understand regulations and manage construction projects. The combined structure means you’ll also be equipped with vocational skills like surveying and building economics.

Professional recognition

As a graduate you will have completed the academic requirements for membership of the Australian Institute of Building (AIB), the Australian Institute of Quantity Surveyors (AIQS), the Chartered Institute of Building (CIOB) and the Royal Institution of Chartered Surveyors (RICS).

More information

To find out more about our combined courses in business, including professional recognition, careers, work experience, course structures and majors, please visit deakin.edu.au/courses.

1 Students enrolled in this combined course at the Geelong Waterfront campus will be required to undertake units of study at both the Geelong Waurn Ponds Campus and Geelong Waterfront Campus.
2 Cloud Campus only.
3 This course is not available to international students.

1. The 2020 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.
2. Recent secondary education applicants include current Year 12 students in 2020, as well as Year 12 graduates from 2019 and 2018.
3. International student entry requirements can be found at deakin.edu.au/international.
4. There are four categories under which non-Year 12 applicants may apply to Deakin:
   - students with higher education study,
   - applicants with Vocational Education and Training (VET) study,
   - applicants with work and life experience,
   - applicants who completed Year 12 in 2017 or earlier. Visit deakin.edu.au/course and head to the course of interest to find out further details on admission requirements.
5. This intake is only available at the Cloud Campus for international students. For domestic students, it is available at the Cloud Campus, Geelong Waterfront Campus and the Melbourne Burwood Campus.
6. Trimester 3 intake is only available to international students at the Melbourne Burwood Campus and Cloud Campus.
7. Students enrolled at the Geelong Waterfront Campus cannot commence their studies in Trimester 3.
8. Not all majors are available at the Waterfront Campus and some units may need to be taken online at the Cloud Campus.
9. Trimester 3 intake is only available at the Melbourne Burwood Campus, Geelong Waterfront Campus and Cloud Campus. For international students, at the Cloud Campus and Melbourne Burwood Campus only. Students commencing at the Geelong Waterfront Campus will be required to enrol in units offered at the Cloud Campus in Trimester 3.
10. Indicative ATAR
11. Students will be required to undertake units of study at both the Geelong Waurn Ponds Campus and the Geelong Waterfront Campus.
12. Professional recognition by the Australian Property Institute (API) and the Royal Institution of Chartered Surveyors (RICS) can be obtained by completing the Bachelor of Property and Real Estate, Bachelor of Property and Real Estate/Bachelor of Commerce, Bachelor of Property and Real Estate/Bachelor of Laws or Bachelor of Construction Management (Honours)/Bachelor of Property and Real Estate. Graduates will meet the academic requirements for membership as a Certified Practising Valuer.
13. Trimester intake is not available to international students.
14. Trimester 3 intake is only available at the Melbourne Burwood Campus and Cloud Campus.
15. Not available at Waterfront Campus.
16. This course is not available to international students.
17. Students are able to commence this course at the Melbourne Burwood Campus or Geelong Waterfront Campus. Delivery is at both campuses and students will be required to undertake units of study from both campuses. Students should seek advice from their course advisor prior to the commencement of their course. Please note that all property and real estate units are also offered at the Cloud Campus.
18. Cloud Campus only.
NP means not published – less than five offers made to recent secondary education applicants.
