Take on tomorrow
with a degree shaped by industry leaders

Acknowledgement of country

Deakin University acknowledges the Traditional Custodians of all the unceded lands, skies and waterways on which Deakin students, staff and communities come together.

As we learn and teach through virtually and physically constructed places across time, we pay our deep respect to the Ancestors and Elders of Wadawurrung Country, Eastern Maar Country and Wurundjeri Country, where our physical campuses are located.

We also acknowledge the many First Nations from where students join us online and make vital contributions to our learning communities.
Future-proof your career

Ready to take the next step? Realise your full potential with a postgraduate degree.

For almost 50 years, Deakin has shaped the leaders of the future. Today, we are in the top 1% of universities worldwide.¹

Join a world-class university and be ready to take on tomorrow with confidence.

At Deakin, you won’t just learn about the future, you will prepare for it with real-world learning and research fuelled by progressive thinking.

WHY DEAKIN?

Get ahead with a postgraduate degree

In a world that does not stand still, neither can you.

Postgraduate study expands your employment opportunities, giving you the skills and expertise to progress your career.

Employers value the professional skills and strategic thinking developed through studying at a postgraduate level.

DEAKIN'S POSTGRADUATE ADVANTAGE

World-class degrees

Australia’s education system is internationally renowned. As one of the country’s leading universities, you will receive a world-class education.

Hands-on learning

Graduate work ready. Our degrees are practical and hands on, with many opportunities for work experience.

Industry experience

Get real-world experience while you study with our practical and applied learning opportunities. Develop industry knowledge, extend your professional networks and more.

Professional recognition

Many of our courses are industry accredited, which means the knowledge and skills you learn align with industry best practice, and employers and professional associations recognise your qualifications.

Six campuses. Three countries.
Based in the Australian state of Victoria, Deakin has been offering degrees from our four Australian campuses for almost 50 years. We have now expanded to India and Indonesia, bringing our high-quality Australian education to the world. As with our Australian campuses, Deakin’s international campuses are communities where students can make connections that last a lifetime.

Deakin was the first international university to open a teaching campus in India. The GIFT City Campus offers postgraduate courses aligned with local employment needs. As a global financial and information technology hub, GIFT City offers an opportunity for students to learn with industry partners. This practical, real-world experience, which Deakin is known for, prepares graduates for emerging and in-demand roles in India’s growth sectors.

Our newest campus in Bandung, West Java, Indonesia is an innovative joint effort with Lancaster University (United Kingdom). The campus currently offers STEM programs in business and information technology in Bandung, to support the educational needs of Indonesia students graduate with dual undergraduate qualifications from two world-class institutions while enjoying the many benefits of living and working close to home, supported by their families and peers.

1 You must be an Indian citizen to study at GIFT City.
Connect with industry

Real-world experience
At Deakin, we have a wide range of internship, work placement and work integrated learning programs to help you advance your career while you study.

You will gain the real-world expertise and practical skills that will give you a competitive edge in the workplace — all while you are studying.

Industry placements to make you job-ready
Enhance your employability in Australia and around the world. Be ready for your career with industry-based learning opportunities, fieldwork and professional placements. Deakin has industry partnerships with organisations across Australia and overseas to give you the practical and applied skills that add depth to your resume and are sought after by employers.

Learn from leaders in their field
Our outstanding academic staff are active participants and influencers in their fields. This ensures our courses stay relevant and reflect changing industry needs and that you will get the best of theory and current workplace practices.

Secure your position in industry with professional recognition
Many of our courses are industry-accredited, which means that the knowledge and skills you learn align with the latest industry practice. Employers and professional associations will recognise your qualifications and unique skillset.
OPEN A WORLD OF OPPORTUNITY

Through dedicated research and industry partnerships, work alongside world-class academics while building practical skills to transform tomorrow.

Expand your professional network

An extensive professional network provides lifelong benefits and is essential for career development and advancement. Through networking opportunities that Deakin facilitates, you will meet fellow students from different backgrounds, industry leaders, employers, mentors and experts in your chosen field.

Increase your earning potential

As a postgraduate student, you can build on the expertise you developed in your undergraduate degree and increase your earning potential. On average, those with a postgraduate qualification earn more per year than their undergraduate counterparts.

Support and opportunities

Our award-winning careers service, DeakinTALENT, can also help you access employment support and opportunities.

The Deakin International Student Careers program (DISC) can help prepare you for the Australian job market, increase your employability and help you reach your professional goals.

DeakinTALENT also offers a range of other services, including workshops, coaching and the FreelancingHUB internship program.

DeakinTALENT won the Excellence in International Student Employability and Career Development category of the 2020 Victorian International Education Awards (VIEA), and has been voted the most popular careers service in Australia by the graduate recruitment industry for several years.²

---

Unlock your potential

We believe in celebrating your talent.

Scholarships are available based on a range of criteria, including access and equity for specific study areas, and for citizens of specific countries.

Deakin offers a range of scholarships, including:

**Deakin Vice-Chancellor’s International Scholarship**
Receive a 100% or 50% tuition fee reduction for the normal duration of your degree.

We are here to help you

Study support
You will receive a world of study support at Deakin. With passionate teachers who care about your success, one-on-one study mentors, online resources and much more, you will have every opportunity to reach your potential.

Wellbeing
There is nothing more important than your health and wellbeing — on and off campus. You can access doctors, mental health services, physiotherapy, disability support and much more.

Safety and security
Feel safe at all times on campus, with around-the-clock security services ready to help whenever you need it.

Clubs and events
We have more than 120 clubs and societies across our campuses to help you meet new people and try new things. Many of our events are designed specifically for international students.

Visit deakin.edu.au/clubs-and-societies to find out more.

1 2022 Student Experience Survey, Quality Indicators for Learning and Teaching (QILT).
Campuses

Deakin delivers world-class on-campus and online learning.

ON-CAMPUS LEARNING

We have four world-class campuses located in the state of Victoria, as well as an innovative online learning environment.

Where you choose to study will depend on your degree and preferences. But our on-campus degrees use the same DeakinSync online learning platform as our online degrees. That means more flexibility to do what works for you, with seamless connection between our physical and digital classrooms.
ONLINE LEARNING

Digital is in Deakin’s DNA

For more than 40 years, Deakin has been perfecting distance and online learning. Today, we have a community of over 55,000 students, and continue to be world leaders with our innovative online teaching platform.

Study what, when and how you want thanks to our live-streamed seminars and real-time class discussions.

Our easy-to-use learning tools help you to connect with teachers and students, and access course materials offline.

With technical, academic and personal support available online, it is no surprise we are voted Victoria’s #1 university for student support.¹

¹ 2022 Student Experience Survey, Quality Indicators for Learning and Teaching (QILT).
The Temporary Graduate visa is an Australian government initiative that enables eligible international students to temporarily live and work in Australia following graduation. The visa duration varies depending on what you study. Deakin’s Geelong and Warrnambool campuses are classed as regional, and students who study and work in regional areas may be eligible for a visa extension, allowing them to get extra work experience and gain valuable skills.
GEELONG
A vibrant regional city with country charm.

Geelong is home to two Deakin campuses — Waterfront and Waurn Ponds — and is the second most populated urban area in Victoria (after Melbourne), with a population of more than 250,000 people.

Just an hour from Melbourne, Geelong is easily accessible by public transport. Geelong is best known for its beaches, nightlife, food and culture.

Geelong Waterfront

An energetic, modern campus in the heart of Geelong, right on the bay.
This historic and architecturally striking campus boasts cutting-edge learning facilities.
Two minutes from the beach, cafes and shops, you will have everything you need on your doorstep.

Geelong Waurn Ponds

Where hands-on learning meets world-leading research.
Just outside Geelong city centre, Waurn Ponds offers students the best of both worlds.
Access some of the most advanced teaching and research facilities in the world, while socialising and studying in our outdoor areas and modern buildings.

In 2019, a ferry travelling between Melbourne and Geelong was launched. The ferry offers a comfortable and convenient mode of transport. It docks a short walk from the Geelong Waterfront Campus. Train and bus services are also regularly available between Geelong and Melbourne.

An inter-campus bus runs on rotation between the Waurn Ponds and Waterfront campuses so students can get to and from class, or to experience a change of scenery.
There are a lot of reasons why Australia is one of the most popular destinations for international students.

Australia is welcoming, diverse and beautiful. It is also home to some of the best universities in the world.
Melbourne is Australia's **NUMBER 1** student city¹

Melbourne is the **WORLD'S 4TH BEST** student city¹

**182,000** international students call Australia home²

---

**DISCOVER THE AUSTRALIAN STATE OF VICTORIA**

Deakin’s campuses are located in the state of Victoria. Situated on Australia’s south-east coast, Victoria is an exciting multicultural state.

Whether you study in Melbourne, Geelong or Warrnambool, the communities that surround Deakin are family friendly and full of life.

Celebrated for the arts, sports, food and coffee, Victoria is also home to incredible beaches, nature and wildlife, and a welcoming and engaging culture.

Key terms

Unit
A unit is normally one trimester long and most have a value of 1 or 2 credit points.

Credit point
For each unit you successfully complete, you will receive the credit point value of that unit towards your studies. You must complete a specified number of credit points to obtain your degree.

Course code
Every Deakin degree has a corresponding course code for easy reference and identification.
Example: M312

Combined degrees, graduate certificates and graduate diplomas
Although they do not feature in this guide, Deakin also offers a range of combined degrees, graduate certificates and graduate diplomas to international students.
To explore these options visit deakin.edu.au/find-a-course

Course duration
• Graduate certificates are usually one trimester in duration and are designed to build practical skills.
• Graduate diplomas are usually two trimesters in duration and often build on the understanding and skills developed during a graduate certificate.
• Masters by coursework are typically 18 months to two years full-time study, or up to four years when taken part time.
• Masters by Research take two years full time to complete and can serve as a prerequisite to applying for PhD studies.
• Doctoral (PhD) programs take a minimum of three years full time.
• All course durations in this course guide are for full-time study, unless specified as part-time.
Example:

3 YEARS
Course fees

The annual course fee indicates the tuition fee for two trimesters of full-time study, or 8 credit points, unless otherwise indicated. Additional fees may apply and course fees may be subject to change. All fees are listed in Australian dollars.

Example:

$ AUD $35,600

Trimester intakes

Deakin uses a trimester system to classify intakes. Two trimesters are still equal to a full academic year, but the third trimester can offer the opportunity to finish certain degrees sooner.

Deakin’s trimesters run from:
- March to June (Trimester 1)
- July to October (Trimester 2)
- November to February (Trimester 3)

Example:

MARCH, JULY

IELTS

IELTS is the International English Language Testing System. The numbers reflect the minimum overall score required, as well as the lowest score allowed for any band (overall score/lowest band score). Deakin also accepts the results of other English language tests.

See page 83 - 84 for details.

Example:

6/6 IELTS

Work experience

A tick in the course tables indicates that work experience is available to undertake as part of a degree (required or optional). Work experience may involve placements, work-based training, community-based learning or collaborative research training arrangements.

Example:

WORK EXPERIENCE

Campuses

Deakin’s campuses are:
- Melbourne Burwood (Melbourne)
- Warrnambool (Warrnambool)
- Geelong Waterfront (Geelong WF)
- Geelong Waurn ponds (Geelong WP)
- Online

See pages 11 - 14 for details.

INTERNATIONALLY RECOGNISED
Our Master of Construction Management (Professional) is accredited by the Royal Institution of Chartered Surveyors (RICS), and the Chartered Institute of Building (CIOB) providing an immediate, readily recognised international qualification.

Graduate Diploma of Property6 M633
Boost your existing property knowledge with expertise in valuation and property development, or get the qualifications you need to start a new career in the property industry. Deakin’s Graduate Diploma of Property prepares you for a range of roles including property development, property management and valuation.

Career outcomes:
• Business broker
• Property consultant
• Property developer
• Property finance consultant
• Property manager
• Valuer

Master of Science (Design for Circular Cities) S718
This course will equip you with the skills to succeed as a leader in the growing field of urban sustainability. The expertise you gain will enable you to help build a more sustainable future and create environmentally resilient communities. Learn how to effectively influence circular city systems with a focus on the design and implementation of urban environments that prioritise sustainable practices, such as the minimisation of waste and efficient use of resources.

Career outcomes:
• Urban design consultancies (in planning, engineering, architecture, landscape)
• Urban management and governance
• Property development and housing
• Circular design specialists
• Environmental consultancies
• Urban regeneration and environmental agencies

Master of Science (Design for Circular Cities)(Professional) S719
Help build a more sustainable future and create environmentally resilient communities. Apply circular economy principles to urban challenges including public space and cultural heritage, green infrastructure, governance and policy, waste and resource use, and economics and supply chains. In the later part of this course pursue either an Advanced Discipline Course Work or Research pathway.

Career outcomes:
• Urban design consultancies (in planning, engineering, architecture, landscape)
• Urban management and governance
• Property development and housing
• Circular design specialists
• Environmental consultancies
• Urban regeneration and environmental agencies

1 QS World University Rankings by Subject 2023.
2 Graduates will be required to complete an additional two years of work experience under the supervision of a registered architect in order to present for registration with the Architects Registration Board of Victoria and the Australian Institute of Architects.
3 You may qualify to complete this course in 1.5 years based on your previous qualifications and professional experience.
4 This course is registered with WIS on CRICOS.
5 Deakin’s Master of Architecture is a Architects Registration Board of Victoria (ARBV) accredited academic qualification and sets you on the way to becoming a registered architect via any state registration board. The Master of Architecture course is also validated and recognised by the Board of Architects Malaysia (Lembaga Arkitek Malaysia) and is included on their List of Recognised Architectural Programmes. The Master of Construction Management (Professional) is professionally accredited by the Royal Institution of Chartered Surveyors (RICS), Chartered Institute of Building (CIOB), the Australian Institute of Quantity Surveyors (AIQS), and the Australian Institute of Building (AIB). The Construction Management stream for the Master of Architecture/Master of Construction Management is professionally accredited by the Royal Institution of Chartered Surveyors (RICS) and the Chartered Institute of Building (CIOB). The Master of Architecture component of Master of Architecture/Master of Construction Management is currently seeking professional accreditation from the Architects Registration Board of Victoria (ARBV).
6 International students should note that, due to visa regulations, this course can only be undertaken while living outside Australia.
REAL-WORLD LEARNING
Develop life-long networks, earn study credits and graduate with a job-ready resume through professional work experience.

Business and economics

Master of Business Administration (International) M751
Learn to manage and lead organisations in a global context with one of Australia’s premier business education programs. This internationally focused degree can provide you with a business internship experience as well as opportunities to participate in a global, virtual work integrated learning project.

Career outcomes:
- Management consultancy

Master of Information Systems M722

Learn how to be more reactive to our emerging information-focused economy. Develop specialist skills in digital transformation, eBusiness and business-oriented principles and practices of information systems. Explore the strategic use of information in a business and policy context, while gaining a sound technical understanding in key areas.

Career outcomes:
- Data analysts
- Business analysts
- Systems analysts
- eBusiness specialists
- Security analysts
- Information systems project leaders

Master of Professional Accounting M742

Make your mark on the finance sector. Expand your depth of knowledge, and open new doors in your career in business and finance. Graduate with the advanced skills and knowledge to practice as an accountant, specialising in your chosen field of business.

Career outcomes:
- Financial accounting
- Auditing
- Taxation
- Management accounting
- Public sector accounting
- Forensic accounting

Master of Research (Business) M820

Develop your research capabilities and explore pressing issues in business. Complete coursework units covering the research thought process, research methods and the current state of theory in your chosen field or discipline and immerse yourself in a research project of your own.

Career outcomes:
This course is designed to offer both a high-quality pathway into a PhD program and prepare graduates for research focused careers in the private sector, government, or NGOs.

---

1 This course is not registered with WIL on CRICOS.
2 This course provides students the opportunity to complete one or more elective work integrated learning units.
3 A shorter course duration may be available to those who have completed previous studies in a related discipline and/or have relevant work experience. Visit the course page on the Deakin website for more details.
Communications, creative arts, design and film, television and animation

Master of Arts (Writing and Literature) A764

Turn your passion for writing and literature into a professional career. Develop practical tools in critical analysis, editing and research. Choose from four study specialisations — children’s literature, creative writing, literary studies and professional writing — and graduate with the real-world experience you need to grow your career.

Career outcomes:
• Author or editor
• Publisher
• Advertising executive
• Communications specialist
• Copywriter
• Journalist
• Public relations practitioner

Master of Communication A743

Future-proof your communications career. Advance your current skill set, explore contemporary research and develop the critical knowledge required to become a leader in this rapidly evolving industry. Tailor your degree to your goals: specialise in advertising, digital media, journalism, public relations, sports media or visual communication design.

Career outcomes:
• Public relations specialist
• Corporate affairs director
• Media adviser
• Communications consultant
• Technical writer
• Visual designer
• Social media manager
• Advertising account manager
• Sports media producer, journalist or commentator

TOP 1% worldwide for Communication and Media Studies.

Education and teaching

Master of Education (Leadership and Learning) E725

Build the knowledge, skills and networks necessary to be an inspiring and innovative leader in education. This is a postgraduate degree for qualified teachers and educators looking to develop and enhance leadership capabilities.

Career outcomes:
- School principal or assistant principal
- Year group coordinator
- Higher education manager
- Early childhood director or assistant director
- School or department manager
- Curriculum or program leader
- HR manager

If students choose to pursue a pathway to PhD on completion of the Master of Education, option two Non-PhD Research pathway, includes a 15 day vocational education professional experience.

If students choose to pursue a pathway to PhD on completion of the Master of Education, option two Non-PhD Research pathway, includes a 15 day vocational education professional experience.

#5 UNIVERSITY
for education and educational research worldwide.¹

GUARANTEED PRACTICAL CLASSROOM EXPERIENCE
Working with over 1400 schools across Australia, Deakin’s Professional Experience Program means you are guaranteed placements.

PROFESSIONAL ACCREDITATION
Our Early Childhood courses are approved by the Australian Children’s Education and Care Quality Authority (ACECQA). Our teaching programs are accredited with the Victorian Institute of Teaching (VIT) and graduates are eligible to register with the VIT.²
Master of Teaching (Primary and Early Childhood) E764

Make a genuine impact on future generations.

Develop the skills needed to nurture children, with a holistic understanding of how young people learn and make sense of the world. With a focus on dynamic skills and communication, graduate as a highly sought after, classroom-ready educator.

Career outcomes:
Primary or early childhood teacher in a diverse range of industries and settings, including:
- Primary or early childhood teacher in a public, independent or private school
- Museum educator
- Corporate and development educator
- Education counsellor
- Policy manager.

Master of Teaching (Early Childhood) E761

Want to equip the next generation with the emotional intelligence, social and critical-thinking skills to flourish? Study a Master of Teaching (Early Childhood) and discover how to help young children learn important concepts like empathy and self-confidence through play. Graduate with the unique ability to shape the next generation as a nationally accredited early childhood teacher.

Career outcomes:
- Primary teacher in a public, independent or private school
- Academic adviser
- Youth worker
- Museum educator
- Policy manager in a not-for-profit organisation
- Education consultant in local or federal government

Master of Teaching (Primary) E762

Are you passionate about nurturing young, inquisitive children from prep to grade six?

Develop in-demand skills as a primary school teacher. With a focus on practical learning and communication, graduate with the critical knowledge required to be classroom-ready, now and into the future.

Career outcomes:
- Primary teacher in a public, independent or private school
- Academic adviser
- Youth worker
- Museum educator
- Policy manager in a not-for-profit organisation
- Education consultant in local or federal government

FOCUS ON LEADERSHIP, COMMUNICATION AND ORGANISATIONAL SKILLS providing a solid foundation for your future.

2 Our VIT accredited degrees include Bachelor or Arts/Master of Teaching (Secondary), Bachelor of Science/Master of Teaching (Secondary), Master of Teaching (Primary and Early Childhood), Master of Teaching (Primary), Master of Teaching (Primary and Secondary) and Master of Teaching (Secondary).
3 This course is registered with WIL on CRICOS.
Master of Teaching (Primary and Secondary) E765

Boost your career with an adaptable teaching qualification. Pivot between primary and secondary teaching with this flexible degree. As a graduate, you will develop a suite of transferable skills that can be applied to diverse industries, including education, youth work, corporate learning and more.

Career outcomes:
- Primary or secondary teacher in a public, independent, or private school
- Academic adviser
- Youth worker
- Museum educator
- Policy manager in a not-for-profit organisation
- Education consultant in local or federal government

Master of Teaching (Secondary) E763

Empower and inspire future generations through education. Prepare for a creative, challenging and rewarding career, and develop practical classroom skills, critical thinking and evaluative research skills. Study and collaborate with teachers from other teaching method areas to develop a holistic understanding of how students learn.

Career outcomes:
- Secondary teacher in a public, independent or private school
- Academic adviser
- Youth worker
- Museum educator
- Policy manager in a not-for-profit organisation
- Education consultant in local or federal government

Master of Teaching English to Speakers of Other Languages E704

Develop specialised skills for professional practice in teaching. Learn critical knowledge that translates directly to the classroom, with an interactive, problem-based approach to teaching English to non-native speakers. This degree is internationally recognised and taught by experts with global experience in the field.²

Career outcomes:
- English as an Additional Language (EAL) teacher
- Head of EAL learning
- EAL curriculum designer
- EAL curriculum adviser

Apart from the high-quality education, my degree also allowed me to build a teaching network. Deakin’s teaching placement office was well equipped to help international students like me find placements.

Savini
BACHELOR OF ARTS/MASTER OF TEACHING (SECONDARY)
Engineering

Master of Energy System Management S756
Prepare for an exciting future, with increasing demand for engineering graduates worldwide.
Extend your knowledge in energy management systems through a unique blend of engineering, IT and science units. Graduate with the knowledge to tackle problems associated with energy systems, including efficiencies, renewable and alternative solutions, and policy.

Career outcomes:
- Energy manager
- Renewable energy project engineer
- Energy systems engineer
- Energy supply consultant

Master of Energy System Management (Professional) S757
Accelerate your career in engineering.
With ambitious renewable energy targets being set worldwide, demand for skilled senior engineers is increasing. This degree focuses on practical and real-world problems that blend project-based and workplace learning, to equip you with career-ready skills in energy management systems.

Career outcomes:
- Energy manager
- Renewable energy engineer
- Energy systems engineer
- Energy supply consultant

TOP 1% worldwide for Engineering.

REAL-WORLD CONNECTIONS
Network with industry leaders through placements, projects and advisory groups.

DESIGN AND INNOVATION are at the heart of engineering at Deakin.
Master of Engineering (Professional) S751

Expand your knowledge and build the analytical, technical and leadership skills to advance your engineering career. Develop the research, technical and problem-solving abilities to design and implement engineering projects as part of a professional team. You will also learn the forward-thinking and entrepreneurial skills employers are looking for.

Career outcomes:
Graduates of this course may find career opportunities associated with their study area in a wide range of industries. Employers look for graduates who are fully equipped with advanced engineering skills and capable of starting work projects immediately.

Master of Infrastructure Engineering and Management S758

Develop innovative solutions to large-scale infrastructure challenges. This degree extends your knowledge in infrastructure engineering through a unique blend of engineering and architecture units. Focus on practical, real-world problems that combine project-based and workplace learning, with access to world-class facilities and equipment at your fingertips.

Career outcomes:
- Infrastructure design
- Infrastructure construction and operation
- Quantity and cost estimation
- Management of the removal of railway crossings
- Design and management of tunnelling and excavation works

Master of Infrastructure Engineering and Management (Professional) S759

Future-proof your career in engineering with our two year professional degree. Extend your knowledge in infrastructure engineering through a unique blend of engineering and architecture units. Consider technological, economic and social impacts and gain the skills to plan and engineer significant infrastructure projects.

Career outcomes:
- Infrastructure design
- Infrastructure construction and operation
- Quantity and cost estimation
- Management of the removal of railway crossings
- Design and management of tunnelling and excavation works

THE RIGHT DEGREE FOR YOU

To recognise your prior experience, there are professional and non-professional streams in our postgraduate engineering programs. Our professional streams have extended knowledge and skill development in research and project delivery, and are two-year degrees, which means you could be eligible for post-study work rights in Australia.

7/7 IELTS
MELBOURNE
WORK EXPERIENCE INCLUDED
GAIN THE SOUGHT-AFTER KNOWLEDGE AND SKILLS REQUIRED TO WORK IN THIS RAPIDLY GROWING INDUSTRY.

Master of Human Nutrition H714
Change lives through food and nutrition, through studies as diverse as food science, biochemistry, physiology, epidemiology, psychology, public health and politics. Combining this knowledge allows you to examine nutrition from different angles, and the ability to translate this evidence-based knowledge into advice, policy and research that improves the health and wellbeing of whole populations.

Career outcomes:
- Food industry
- State and federal health departments
- Non-government organisations with a focus on nutrition
- News and media
- Education
- Private business

Master of Nutrition and Population Health H748
Develop advanced knowledge of human nutrition, and an understanding of the biological, social and policy related aspects of this compelling subject. Gain the skills that will enable you to practice effectively as a nutritionist in a range of employment settings.

Career outcomes:
- Government departments
- Non-government organisations
- Community sector agencies
- Food industry
- Consulting

1 Unlike most Deakin courses, this degree operates on a semester system.
2 This course is registered with WIL on CRICOS.
3 Shanghai Rankings Global Ranking of Academic Subjects 2023.
4 Master of Human Nutrition and Master of Nutrition and Population Health may be eligible for registration to the Nutrition Society of Australia. Master of Dietetics is professionally accredited by Dietitians Australia.
5 A shorter course duration may be available to those who have completed previous studies in a related discipline and/or have relevant work experience.
Health and community services

Master of Disability and Inclusion H709
Be the driving force behind a more inclusive society.
Follow your passion for human rights and equality into research and leadership roles within a growing industry. This degree equips you with the academic knowledge you need to pursue professional work in the disability, health and community sectors.

Career outcomes:
- Policy and legislation
- Education
- Health and human services
- Community development
- Roles within state and federal government, government agencies, community organisations and disability service providers

Master of Health Management H756
Lead from the front in the growing health and social assistance sector.
Build the leadership, managerial and analytical skills to influence positive change in healthcare. Open the door to senior roles within the health sector and use your platform to improve healthcare delivery and contribute to healthier communities.

Career outcomes:
- Public health departments
- Hospital, nursing home or clinic management
- Mental health organisations
- Community health or rehab centres
- Skilled nursing facilities
- Policy roles within government

¹ The professional practice stream is unavailable for the Master of Business Analytics and Master of Information Systems.
² This pathway relates to the two year (16 credit point) degree.
³ Other academic experience must be judged by Deakin University to be equivalent to a bachelor degree. If you are undertaking a postgraduate information technology degree from the Faculty of Business and Law, relevant work experience is not essential.
Internship and work integrated learning experiences have motivated me to seek new opportunities to help me develop my career path.

Anh (Alex) Vuong
MASTER OF DATA SCIENCE
TOP 1% worldwide for clinical and health subjects.¹

BROADEN YOUR PERSPECTIVE
Our health programs have a rural and regional focus.

INDUSTRY LEADERS
Learn from leading professionals in healthcare.

Medicine

Doctor of Medicine (MD) H911
Establish a rewarding career, with a course that goes beyond the classroom to work hands-on with patients. You will learn how medicine is practiced in metropolitan, regional and rural areas, while building valuable relationships that kick start career growth. Set yourself up for a range of rewarding pathways, from general practice to pathology, paediatrics to surgery.

Career outcomes:
To date, all Deakin international medical graduates have been eligible for internships in Australia, or their country of preference. International students either undertake this training as an Australian intern or travel to their country of interest and train in a residency program there. Following successful completion of the internship year, you will be able to apply for entry to specialty training programs for a diverse range of medical careers in Australia and overseas.

1 2024 Times Higher Education World University Rankings by Subject.
2 Unlike most Deakin courses, this program runs on a semester system. See the Deakin website for more details.
3 This course is registered with WIL on CRICOS.
During the first two years of my program, we had a lot of contact with staff who helped us learn clinical skills, such as taking patient histories and conducting physical examinations.

The university has partnerships with a range of healthcare providers, like Barwon Health, and we get to experience real-world scenarios in a clinical setting. This hands-on experience has helped me develop my communication skills, empathy, and professionalism.

Mo Al-Ameri
DOCTOR OF MEDICINE
Nursing and midwifery

PATHWAYS TO REGISTRATION AS A PSYCHOLOGIST

To obtain registration as a provisional psychologist, you will need to complete four years of psychology studies recognised by the Psychology Board of Australia. After completing a Deakin undergraduate psychology degree or external bachelor degree (with an Australian Psychology Accreditation Council (APAC) accredited three-year major sequence in psychology), there are a number of further study options you can take to be eligible for general registration.

The following diagram provides an overview of potential pathway options:

1. COMPLETE ONE OF THE FOLLOWING BACHELOR DEGREES OR EQUIVALENT:
   - Bachelor of Psychological Science
   - Bachelor of Arts (Psychology)
   - Bachelor of Health Sciences
   - Bachelor of Marketing (Psychology)
   - Graduate Diploma of Psychological Science
   - Bachelor of Human Resource Management (Psychology)
   - Bachelor of Criminology/Bachelor of Psychological Science
   - Bachelor of Nursing/Bachelor of Psychological Science

2. COMPLETE: A fourth year of study in psychology (either Graduate Diploma of Psychology (Advanced) or Bachelor of Psychological Science (Honours)).

3. APPLY FOR: Provisional registration with the Psychology Board of Australia (once conditions are met).

4. COMPLETE: A masters or doctorate in psychology that includes work placement.
   Deakin master and doctorate programs:
   - Master of Professional Psychology
   - Master of Psychology (Clinical)
   - Master of Psychology (Organisational)
   - Doctor of Psychology (Clinical)

5. APPLY FOR: General registration with the Psychology Board of Australia.

---

1 This degree is an accelerated full-time program delivered over three consecutive trimesters. This means you will study three trimesters in the one year. This course is registered on CRICOS for 1 year duration.
2 July intake not available for online.
3 Bachelor degree (with an APAC accredited three-year major sequence in psychology) with a minimum of a mid-credit (65%) in a level-three psychology research methods unit and a minimum average of 65% over all level-2 and level-3 Psychology core units.
4 Following the completion of this course you are required to undertake a one-year internship (an intensive supervised training program).

Graduate Certificate of Bioinformatics S513

Develop advanced knowledge in bioinformatics and data science, equipping you for the data-driven science of the future, as well as highly transferrable practical skills relevant to domains such as business analytics and engineering. Your technical biotechnology expertise will be complemented by skills in statistical data analysis, computer coding and research, and a well-developed understanding of the commercial biotechnology environment.

Careers:
With a highly relevant and extremely versatile biotechnology qualification, you’ll be uniquely positioned to pursue roles in industry, academic research and government in areas such environmental management, health and infectious disease research, epidemiology and medical genomics.

Master of Biotechnology (Professional) S713

Become an in-demand biotechnology expert and create innovative solutions to global issues when you study a Master of Biotechnology (Professional) at Deakin. From pioneering medical advancements to cutting-edge solutions to food, agricultural and environmental problems, you will gain advanced technical skills to build a global career effecting positive change.

Career outcomes:
- Bioinformatician
- Animal scientist
- Botanist
- Chemist
- Food scientist
- Material scientist
- Metallurgist
- Molecular biologist
- Medical scientist
- Agriculture technologist
- Researcher

Master of Sustainability S727

Develop the skills and experience to affect positive change, implementing sustainability strategies across a range of sectors. Connections to industry are an integral part of this course and ensures you have the opportunity to gain an industry perspective and establish professional networks prior to graduation.

Career outcomes:
- Environmental protection
- Cultural and natural heritage management
- Environmental conservation
- Land and water management
- Natural resource management
- Agriculture
- Communication and planning

Master of Sustainability (Professional) S728

Build a solid foundation in sustainability, environmental science and global change before undertaking specialised study in an area of your choosing. Tailor your degree to suit your career aspirations with a range of options towards the latter part of your studies — advanced research, elective study, or industry practice.

Career outcomes:
- Environmental protection
- Cultural and natural heritage management
- Environmental conservation
- Land and water management
- Natural resource management
- Agriculture
- Communication and planning

Research Degrees

Boost your expertise and skills on a global scale with a Deakin research degree. Access our world-class facilities, expert supervisors and collaborate with like-minded universities and researchers worldwide.

Deakin offers two main research degrees

**MASTERS BY RESEARCH**
- 1–2 years full time
- Can be a stepping stone to a PhD
- Make an original contribution to knowledge
- Written thesis

**DOCTOR OF PHILOSOPHY (PHD)**
- 3 years full time
- Make an original, significant contribution to knowledge in your chosen discipline
- Supervised research project
- Written thesis

Why over 6,500 research degree candidates have chosen Deakin

- 100% of Deakin Research is rated at or above world standard
- Ranked in the Top 20 universities in Australia for academic reputation and journal citations
- Proudly ranked in the top 1% of universities worldwide
- 500+ partner organisations across 65 countries
- Home to cutting-edge facilities, including the world’s most advanced carbon fibre and composite research facility
- Our international research network is ranked in the top 20 in Australia
- 2000+ research experts, some ranked among the top 1% globally
- Welcoming high-performing research candidates from 75 countries
- #1 university in Australia for educational experience
- Home to four faculties, seven research institutes and seven strategic research and innovation centres

As one of Australia’s leading universities, Deakin has strong global linkages and delivers world-class research across our facilities, institutes and research centres. If you want to connect with brilliant minds, pursue research that delivers positive and lasting impact, and maximise your job opportunities, you’ll thrive at Deakin.

**Did you know?**
Deakin PhD graduates get the jobs you want. Dr Alex Cummaudo completed his PhD at Deakin’s Institute for Applied AI and is now a Machine Learning Engineer at REA Group, Australia.
Redefine your future at Deakin

Do you dream of advancing your career and making a lasting impact? Whether you’re an international student completing your honours year, completing your masters by coursework, or working in industry, a Deakin research degree is an exciting chance to undertake high-impact research in an area you’re passionate about.

10 SMART REASONS TO CHOOSE US FOR A RESEARCH DEGREE

Here’s how Deakin delivers best in class support for our international research candidates:

1. **UNLOCK HIGHER EARNING POTENTIAL**
   On average, those with a postgraduate qualification earn as much as $25,800 more per year than their undergraduate counterparts.¹

2. **GAIN NEW CAREER OPPORTUNITIES**
   Access roles that require a research degree.

3. **ATTAIN SKILLS VALUED BY EVERY EMPLOYER**
   Our research candidates are highly regard by business and industry across the globe.

4. **FLEXIBILITY TO WORK AROUND YOUR CURRENT COMMITMENTS**
   Allowing you to study when and how you want, where possible.

5. **LEARN FROM WORLD-LEADING RESEARCHERS AND SUPERVISORS**
   Our experts are ranked among the top 1% globally.²

6. **OVERSEAS STUDY**
   Co-enrol at two universities in different countries via our International Research Partnerships and Cotutelle PhD program. When finished you’ll be awarded a PhD from both universities.

7. **YOU’LL ACCESS OUR GLOBAL CONNECTED RESEARCH COMMUNITY**
   Comprising 500+ leading organisations across 65 countries.

8. **ACCESS OUR 5-STAR WORLD-CLASS FACILITIES**
   Using cutting edge equipment you’ll enhance your skills.

9. **A BEST-IN-CLASS EDUCATIONAL EXPERIENCE**
   Deakin is ranked #1 in Australia’s state of Victoria for student satisfaction³, #1 for educational experience⁴, and #1 teaching quality.⁴

10. **STUDY AT A WORLD-LEADING UNIVERSITY**
    Deakin is ranked in the top 1% of universities globally.⁵

WE’RE HERE TO SUPPORT YOUR RESEARCH ASPIRATIONS

Keen to take on a PhD?

We’re ready to help you with all aspects of taking on a research degree.

Whether it’s working with your dream industry partner, flexible study options, upskilling programs to increase your employability or even assistance with grant applications, we’ve got you covered. Plus we’ve got the right people to guide and support you, including writing mentors and free mental health support with experienced psychologists and social workers.

And because cost-of-living shouldn’t stop you from studying, we have hundreds of scholarships available with full time recipients receiving a tax-free stipend of $34,400 each year.

Did you know?

Many PhD candidates come from the full-time workforce to boost their career potential. Ramunas McRae left the corporate world to study a PhD to help prevent adverse mental health outcomes in the Deaf community.

Dr Jacquelyn Baker completed an internship at the Geelong Heritage Centre during her PhD and it created the perfect stepping stone from academia to a job in an industry Jacquelyn is passionate about.
OUR RESEARCH COMMUNITY WILL CHEER YOU ON EVERY STEP OF THE WAY

“My Deakin PhD has enabled me to discover new places as well as a new way to study and work.”

Theo Langlois
PHD CANDIDATE IN MATERIALS SCIENCE FROM FRANCE

“My Cotutelle scholarship provided, as well as other benefits and advantages, I asked myself why not do a PhD at Deakin?”

Nurul Neesa Idris
PHD CANDIDATE IN ENGINEERING FROM MALAYSIA

“I have five supervisors...and the best part is I always have someone available whenever I need.”

Riddhi Sarkar
PHD CANDIDATE IN ADDITIVE MANUFACTURING FROM AUSTRALIA

OUR PHD CANDIDATES ARE MAKING THEIR MARK

Inspired by a problem in your home country?

PhD candidate Septrin Calamba’s thesis is understanding the impact of conflict on youth in the Philippines.

Eager to make your next big career move?

Discover how PhD candidate Amrita Kamath’s research is fostering a love of science in the next generation.

Did you know?

By enrolling in Deakin’s Cotutelle program, you not only study and have a supervisory team at two global universities, but you will also earn a PhD from both institutions. This is Nurul Neesa Idris, who is studying a PhD at both Deakin and the Universiti Teknologi Petronas in Malaysia.

deakin.edu.au/phd
Each Deakin postgraduate degree has its own eligibility and academic entry requirements.

Masters by coursework
Deakin masters by coursework programs are typically 18 months to two years full time, or up to four years part time. Many degrees allow you to choose a ‘specialisation’ — the area of study from which you choose the majority of your units. Studies are completed mainly through coursework, with a thesis or major project completed in the last part of the degree.

ADMISSION REQUIREMENTS
Applicants are required to have completed at least a bachelor degree, or comparable, of an acceptable standard from an approved university or other educational institution. Some degrees may have additional entry requirements, which you can find on the Deakin website.

Masters degrees by coursework that include a research stream may provide a possible pathway to PhD candidature.

Graduate certificates and graduate diplomas
Graduate certificates are usually one trimester in duration and are designed to add practical and vocational skills to your undergraduate degree, diploma or previous work experience. Graduate diplomas are usually two trimesters in duration. They are designed to build on the understanding and skills developed during a graduate certificate, or from work experience.

ADMISSION REQUIREMENTS
Applicants seeking entry into a graduate certificate or graduate diploma program must have successfully completed:

- An approved undergraduate degree, or comparable, from an approved university or other educational institution; or
- Comparable qualifications gained by examination or relevant professional or industry experience.

Additional requirements may exist for certain degrees.

Visas
International students require a visa to study in Australia. This is most likely a Student Visa (Subclass 500), though some students may be eligible for a different visa. Each visa will have its own eligibility requirements. You can learn more about visas on the Australian Government Department of Home Affairs website.
Click for more details on specific entry requirements for your country and your Deakin degree.
DEAKIN UNIVERSITY OFFERS DEGREES ACROSS A RANGE OF STUDY AREAS, AND WE CAN HELP YOU CHOOSE THE RIGHT DEGREE TO PURSUE YOUR DREAM CAREER. BE READY TO TAKE YOUR NEXT STEP WITH CONFIDENCE AND GAIN THE EXPERIENCE YOU NEED TO SUCCEED.

^ A shorter course duration may be available to those who have completed previous studies in a similar discipline and/or have relevant work experience. Visit the course page on the Deakin website for more details.

^ A shorter course duration may be available to those who have completed previous studies in a similar discipline and/or have relevant work experience. Visit the course page on the Deakin website for more details.

* Trimester 3 in Year 3 is compulsory for this course.

* Online students will be required to participate in campus-based intensive activities each trimester at the Geelong Waurn Ponds Campus.

# Unlike most Deakin courses, this program runs on a semester system. See the Deakin website for more details.

** International students are required to study full-time to complete their course within the duration registered on CRICOS.

** 4-years full-time – Delays in completing the placement could mean that the course will take longer to complete than the stated duration. International students are required to study full-time to complete their course within the duration registered on CRICOS.
### Humanities and social sciences

**MASTER OF CULTURAL HERITAGE AND MUSEUM STUDIES**
- Code: A768
- CRICOS Code: N/A
- Years Full Time: 1.5
- Campus: 0
- Trimester Intake: T1, T2
- 2025 Annual Course Fee (AU): $37,400
- IELTS Score Required: 6.5/6

**MASTER OF CULTURAL HERITAGE AND MUSEUM STUDIES (PROFESSIONAL)**
- Code: A768I
- CRICOS Code: 102878H
- Years Full Time: 2
- Campus: B
- Trimester Intake: T1, T2
- 2025 Annual Course Fee (AU): $37,400
- IELTS Score Required: 6.5/6

**MASTER OF HUMANITARIANISM AND DEVELOPMENT**
- Code: A756
- CRICOS Code: 114005C
- Years Full Time: 1*
- Campus: B
- Trimester Intake: T1, T2, T3
- 2025 Annual Course Fee (AU): $35,400
- IELTS Score Required: 6.5/6

**MASTER OF INTERNATIONAL RELATIONS (PROFESSIONAL)**
- Code: A735
- CRICOS Code: 108401H
- Years Full Time: 2
- Campus: B
- Trimester Intake: T1, T2
- 2025 Annual Course Fee (AU): $38,400
- IELTS Score Required: 6.5/6

**MASTER OF POLITICS AND POLICY**
- Code: A702
- CRICOS Code: N/A
- Years Full Time: 1-2*
- Campus: 0
- Trimester Intake: T1, T2, T3
- 2025 Annual Course Fee (AU): $38,400
- IELTS Score Required: 6.5/6

### Information technology and cyber security

**GRADUATE CERTIFICATE OF CLOUD ARCHITECTURES AND SOLUTIONS**
- Code: S508
- CRICOS Code: N/A
- Years Full Time: 1st
- Campus: 0
- Trimester Intake: T1, T2
- 2025 Annual Course Fee (AU): $21,500
- IELTS Score Required: 6.5/6

**MASTER OF APPLIED ARTIFICIAL INTELLIGENCE**
- Code: S736
- CRICOS Code: 0100305
- Years Full Time: 2
- Campus: WP
- Trimester Intake: T1, T2, T3
- 2025 Annual Course Fee (AU): $43,000
- IELTS Score Required: 6.5/6

**MASTER OF APPLIED ARTIFICIAL INTELLIGENCE (PROFESSIONAL)**
- Code: S737
- CRICOS Code: 0100306
- Years Full Time: 2
- Campus: WP
- Trimester Intake: T1, T2
- 2025 Annual Course Fee (AU): $43,000
- IELTS Score Required: 6.5/6

**MASTER OF BUSINESS ANALYTICS**
- Code: M761
- CRICOS Code: 088856B
- Years Full Time: 2
- Campus: B
- Trimester Intake: T1, T2, T3
- 2025 Annual Course Fee (AU): $43,000
- IELTS Score Required: 6.5/6

**MASTER OF CYBER SECURITY**
- Code: S734
- CRICOS Code: 093941G
- Years Full Time: 2
- Campus: WP
- Trimester Intake: T1, T2, T3
- 2025 Annual Course Fee (AU): $43,000
- IELTS Score Required: 6.5/6

~ Intake available online only.
# Pending approval, this intake is available to students who are a Registered Nurse in their home country and meet the course's recognition of prior learning requirements (Melbourne Burwood and Geelong Waterfront campuses only).
^ Depending on your research selection: 1 year full time or part time equivalent (Research Paper); 2 years part time (Minor Thesis).
& International students studying in Australia may package the Master of Humanitarian Assistance with the Graduate Diploma of Humanitarian Assistance for a total duration of 2 years.
** A shorter course duration may be available to those who have completed previous studies in a similar discipline and/or have relevant work experience. Visit the course page on the Deakin website for more details.
*** This annual cost is based on the study load of a full-time student but as this course is only available part-time the cost will differ.

** Please note: As a student enrolled in a fully online degree you cannot apply for a student visa for entry into Australia.
### Unlike most Deakin courses, this program runs on a semester system. See the Deakin website for more details.
*** This degree is only available for part-time study.

* Unlike most Deakin courses, this degree operates on a semester system.
# A shorter course duration may be available to those who have completed previous studies in a similar discipline and/or with relevant work experience.
* Students enrolled at the Geelong Waterfront in this course will be required to undertake units of study at both the Geelong Waurn Ponds and Geelong Waterfront campuses.
^ This degree is an accelerated full-time program delivered over three consecutive trimesters. This means you will study three trimesters in the one year.
*** This intake available online only.
## Students will be required to attend in-person practical intensives either in Australia or Malaysia. This will have visa implications. Visit the course page on the Deakin website for more details.
** Trimester 2 (July) intake not available for online.
This guide uses IELTS exam scores as the standard for English language requirements, but if you have taken a test other than IELTS you can find equivalent requirements in the table below.

C1 Advanced: Formerly known as Cambridge English Proficiency (CAE)
C2 Proficiency: Formerly known as Cambridge English Advanced (CPE)
PTE: Pearson’s Test of English (Academic)
OET: English language test for healthcare professionals
DUELI EAP: Deakin University English Language Institute English for Academic Purposes program
English language requirements

To enrol in a Deakin degree, you will need to be able to read, speak, write and listen in English at a certain level. Students must provide evidence of at least one of the following:

• Obtaining the required scores on a recognised English language test, such as IELTS or TOEFL.
• Completed university (tertiary) or high school (secondary) studies taught in English.
• Lived and worked in an English-speaking country for at least five years.

Different Deakin degree have different English language requirements. Please ensure that you have read, and meet, the requirements for your chosen degree.

FIND OUT MORE
Click for more details about English language requirements

English language tests accepted by Deakin

INTERNATIONAL ENGLISH LANGUAGE TESTING SYSTEM (IELTS)
IELTS is the most popular English language test in the world and is available in nearly every country.
Find out more: ielts.org

TEST OF ENGLISH AS A FOREIGN LANGUAGE (TOEFL)
features both online and paper-based components. The majority of TOEFL test takers worldwide sit the TOEFL iBT test.
Find out more: ets.org/toefl

OTHER ACCEPTED ENGLISH LANGUAGE TESTS
• C1 Advanced (formerly Cambridge English Advanced CAE)
• C2 Proficiency (formerly Cambridge English: Proficiency CPE)
• English language test for healthcare professionals (OET)
• Pearson Test of English Academic (PTE Academic).

For most international students, language might be one of the biggest barriers that can impede our actions. However, Deakin has proved me wrong. It turns out that the language barrier is not something to be stressed about. Deakin University has a very high cultural sensitivity and inclusivity for its students and staff.

MASTER OF PUBLIC HEALTH
Find your path

Don’t worry if you do not meet some of the academic or English language requirements for entry into a Deakin degree straight away.

We can still help you find a pathway to study with us.

Meeting the English language requirements at Deakin

The Deakin University English Language Institute (DUELI) is your direct English pathway to Deakin College and Deakin University diploma and degree programs.

DUELI pathways offer the opportunity to develop your English while improving your study skills and becoming familiar with studying at an Australian university.

DUELI offers a comprehensive student support and social program to enhance your study experience.

DUELI programs start every five weeks and are offered online and at Deakin’s Melbourne Burwood Campus.

DUELI programs include:

- English for Academic Purposes (EAP)
- General English
- English for Commerce
- English for Teaching
- IELTS Preparation
- Introductory Academic Program (IAP)

Postgraduate skills support

DUELI offers programs to help postgraduate applicants transition into study at Deakin University.

Completion of the 4th level of DUELI’s English for Academic Purposes program meets the language requirements for postgraduate study at Deakin.
APPLICATION PROCESS

How to apply

You can apply to Deakin at any time throughout the year.

Our team is always ready to answer any questions and process your application quickly. Application processes and requirements may differ slightly depending on your chosen degree, as well as your country of residence and entry pathway. Be prepared and give yourself time to gather the required paperwork.

APPLY IN FIVE STEPS

1. Find your degree
   Choose the Deakin degree you would like to study. You can speak directly with us or with a Deakin authorised agent at any stage of the application process. Both are very knowledgeable and always happy to help.

2. Understand the academic entry requirements
   Read all the academic entry requirements for your degree before you submit your application. Entry requirements may differ for some study areas or be dependent on your country of residence. Minimum requirements for our postgraduate degrees can be found on page 69 of this guide. Any special requirements will be listed on the specific course page of the Deakin website.
   If you do not meet the academic entry requirements
   There are a range of pathway options that may allow you to study at Deakin. Learn more about the pathway options on page 86 of this guide.
   Find out more deakin.edu.au/int-entry.

3. Understand the English language requirements
   All applicants need to meet Deakin’s English language requirements to the level necessary for their chosen degree. IELTS scores are included on the course information pages of this guide. To learn more about IELTS and other English language tests, see pages 83 - 84.
   If you do not meet the English language entry requirements
   There are a range of pathway options that may allow you to study at Deakin. Learn more about the pathway options on page 86 of this guide.

Applying for credit
If you have completed relevant previous study in your home country, you may be eligible to apply for credit towards your Deakin degree.

Gather supporting documents
When you submit your application to Deakin, make sure you attach all required supporting documentation. Otherwise, your application could be delayed or, even worse, rejected. Give yourself plenty of time to get organised. All documents must be translated into English. Most documents, such as transcripts and identification, need to be certified before they are submitted to Deakin.

Find a Deakin authorised agent: deakin.edu.au/int-agents

Submit your application
You can submit your application to study at Deakin by:

• Speaking with a friendly Deakin authorised agent, who understands what is required for a good application, as well as navigating the complexities that can come with visa applications, or
• Applying directly to Deakin through Deakin’s StudyLink Connect platform.¹

¹ Please note that some students, depending on their country of citizenship, are required to submit an application through a Deakin authorised agent. Visit our website to view the list of countries this applies to.
