Your Deakin degree will empower you to search for new opportunities with the confidence you can contribute, with the knowledge you are ready, and the resilience that will enable you to overcome the inevitable challenges and unexpected setbacks.

Your graduation marks the completion of your current academic journey, but it also signals the start of a new phase of your lives and your careers. Message from the Vice-Chancellor

My sincere congratulations on your graduation from Deakin University.

Today, alongside family, friends and peers, we acknowledge your efforts, your sacrifices, and your success, and we welcome you to the Deakin alumni community. We should never underestimate the importance of a university journey, and the serious achievement of a student's graduation.

I hope you have enjoyed your time at Deakin, met and collaborated with talented and passionate people, made friends, were challenged, formed new perspectives and knowledge, and developed new skills.

A Deakin education is known for being innovative and inclusive and we want you to take these qualities into the world. The years ahead will require an open, flexible mind that can respond to change, find and create opportunities, and imagine new ways of doing things and solving problems.

We look forward to seeing where your Deakin degree takes you – the education we provide leads to lives of purpose. However, your learning did not begin with our University, and it does not end with your graduation.

Professor Iain Martin

I encourage you to be independent, lifelong learners, who contribute to regional, national and international communities. Indeed, Deakin's fundamental role is to deliver outcomes that benefit society. We do this by exploring and developing powerful ideas that create impact well beyond the boundaries of our institution. You, our graduates, are a big part of that future impact – you are the best measure of our success.

Congratulations to each of you and to your families. I wish you well, and I hope that one day, your career journey brings you back to Deakin as continuing students, as colleagues, as mentors, as supporters and as friends.

Professor Iain Martin

Vice-Chancellor and President

The Graduation Ceremony

'Kim barne barre Wadawurrung Dja' Welcome to Wadawurrung Country

Deakin University would like to acknowledge the Wadawurrung People, the traditional custodians of the land and the Wathaurong community where this graduation ceremony is taking place. We pay our respects for their continued care of the land and further extend that respect to elders past and present.

Order of Ceremony

Processional music heralds the arrival of the Academic Procession for the graduation ceremony.

At the commencement of this music, graduands and guests are asked to stand and remain standing for the National Anthem.

The Master of Ceremonies will open proceedings and the Chancellor (or representative) will deliver the opening address. The Vice-Chancellor (or representative) will then introduce the guest speaker who will deliver the occasional address.

The Chancellor (or representative) will then make a formal declaration conferring the awards of the University on the graduates, both present and *in absentia*, and will invite graduates to proceed to the stage according to the order published in the program.

A Faculty Executive Dean (or representative) will read out the names of graduates being presented to the Chancellor (or representative).

At the conclusion of the presentation of the graduates, a representative of the graduating students will deliver a brief response.

The Vice-Chancellor (or representative) will deliver the closing address. Following the closing address, there will be a musical performance.

At the conclusion of the ceremony guests are requested to stand while the stage party and graduates leave the hall.

Refreshments will then be served in the marquee in the John Hay Courtyard.

The University Mace

Maces were originally medieval weapons carried by bodyguards to kings and sergeants-at-arms. Much later, the mace became of ceremonial rather than practical significance and organisations such as civic corporations and universities adopted the mace as a symbol of the rule of legal authority.

The University's mace is displayed at meetings of the University Council and on such ceremonial occasions as conferring ceremonies. The bearer of the mace, in academic processions, 'guards' the Chancellor. Deakin's mace was presented to the University by Mr Donald Thomson, Sir Wilfred Brookes and Mr Norman Stephen (Alcoa Australia).

The Graduation Ceremony

Academic Dress

Academic dress is an important reminder of the long history of universities in western civilisation. The three main elements of academic dress are the gown, the hood and the head-dress, which were all once articles of everyday outer dress. Both gowns and hoods, when in common use, were often lined and this lining was decorative, as well as practical. In medieval times, the higher the rank of the wearer, the more sumptuous the gown.

In universities there is still a difference in the apparel of scholars of various ranks reflecting the origins of the academic dress. Today's academic head-dress evolved from various hats and bonnets of earlier times. Deakin University's academic dress, like that of most Australian universities, derives from dress worn at the Universities of Oxford and Cambridge.

NIKERI Institute

Deakin University is proud to have the largest number of Aboriginal and Torres Strait Islander students of any Victorian university.

The National Indigenous Knowledges Education Research and Innovation (NIKERI) Institute commenced in 1991 and offers programs that are structured around off-campus community-based delivery, supported by on-campus intensive study blocks and complemented by local tutors in their home communities.

This approach to course delivery promotes access and equity for Indigenous Australian students. Students from all areas of the country – rural, remote and metropolitan, and across all age ranges, particularly mature age – are able to undertake studies without compromising their family and community obligations.

In November 2019, the Institute won the prestigious Dreamtime Education Award for 'Education Institute of the Year'.
