Melbourne Burwood Campus
Tuesday 3 July 2018

Geelong Waurin Ponds Campus
Thursday 5 July 2018

After a great response from attendees in 2017, we are excited to share with you the 2018 DeakInspire event. DeakInspire, is a day where students can transform, connect and explore their future. Aimed at Year 10, 11 and 12 students, it's all about empowering your students to reach their potential and inspire them with exciting ideas for their future.

We've structured the day to encompass three key areas to explore:

- hear innovative, entrepreneurial and creative stories from Deakin students, alumni and academics
- learn about the importance of networking – how this skill can assist students in shaping their future careers
- choose to attend two from a range of energising workshops.

DeakInspire will take place during Term 2 school holidays on the following dates:

Melbourne Burwood Campus
Tuesday 3 July 2018

Geelong Waurin Ponds Campus
Thursday 5 July 2018

Take a sneak peak into what the day is all about [DeakInspire 2017 video here](#)

Download a poster for your school today: deakin.edu.au/deakininspire-cp-poster

Comments from 2017 participants:

'Your guest speakers were phenomenal, and had varied stories, so there was no time to get bored. Their message of perseverance, getting back up and dusting yourself off after a fall was the inspiration the DeakInspire title suggested.'

'It was really hands on and great fun. I enjoyed every minute there.'

'No other universities run this type of event, it was really good to have a more relaxed, conversational, cool type of interaction throughout the day, rather than a lecture or session on the courses at Deakin.'

'It opened my eyes about what university is really like and how much I wanted to go to Deakin, it's different to other universities.'

'The Deakin dream team was extraordinary! The information in the workshops was really well presented and gave a great overview of the course and careers.'

Registration is essential.

Faculty of Business and Law

► New standards set to increase demand for financial planners

The **Financial Adviser Standards and Ethics Authority (FASEA)** has established a set of regulations for the education, training and ethics for new entrants to the profession and existing financial advisers. Under the new legislation, new financial advisers will be required to complete a degree, undertake a professional year and pass an exam. Existing advisers will need to undertake relevant further study in order to comply with these new standards or have a recognised transition pathway determined by the Financial Adviser Standards and Ethics Authority (FASEA) and pass an exam.

The **banking royal commission** has found that of the 25,000 current financial advisers in Australia, only **35% have the relevant qualifications** as authorised by FASEA. Existing financial advisers must have a **relevant university degree** by January 1, 2024.

This presents a great opportunity for your students who may be considering a career in this area as existing financial advisers may be intending to retire or exit the industry, creating a demand for new advisers. **Deakin's Bachelor of Commerce** (with a major in **financial planning**) is our flagship undergraduate business course and is satisfies the new FASEA requirements.

Faculty features

Faculty of Health

► Faculty of Health course information sessions

The Faculty of Health is running course information sessions for students wishing to learn more about our innovative degrees in exercise and sport science, health sciences, nursing and midwifery, nutrition sciences, occupational therapy, psychology, and social work.

► 2018 VCE School Visits program

Deakin's School of Exercise and Nutrition Sciences has VCE school visit programs coming up in June. Program details are below, places are limited so early registration is advised.

► VCE Food and Nutrition: Turning theory into practice

VCE Food Studies students have the opportunity to gain an insight into topical areas of food and nutrition in a laboratory environment.

The program offers Food Studies teachers a great opportunity to reinforce aspects of the VCE curriculum, using Deakin's first-class food laboratories. Students will interact with food and nutrition scientists whilst conducting and interpreting a range of laboratory tests. Schools may choose one or both of two laboratory sessions, as well as take a tour of other facilities within the University.

► VCE Physical Education: Turning theory into practice

VCE Physical Education students will gain an insight into exercise science testing and evaluation in a laboratory or clinical environment.

The program offers Physical Education teachers a fantastic opportunity to reinforce aspects of the VCE curriculum, using Deakin University's first-class performance laboratories. Students will interact with sport scientists whilst conducting and interpreting a range of laboratory tests. Schools may choose one or both of the two laboratory sessions available as well as take a tour of other facilities within the University.

Both programs will run over the following dates our

Melbourne Burwood Campus

18–22 June and 25–29 June

For more information and to register:

ens-enquire@deakin.edu.au

Faculty of Science, Engineering and Built Environment (SEBE)

► The Great South Coast Science and Engineering Challenge.

There is still time to register your Year 10 team for the Great South Coast Science and Engineering Challenge!

The challenge is a nationwide Science, Technology, Engineering and Mathematics (STEM) outreach program that engages students in hands-on activities designed to inspire secondary school students to study science, engineering and technology subjects.

Date: Tuesday 12 June 2018, 9.30am–2.30pm

Cost: **Free!** The Challenge is supported by Rotary and Deakin University.

Location: Deakin University, Warrnambool Campus

For more information and to register:

deakin.edu.au/sebe/outreach/challenge.

► Work Integrated Learning is in higher demand than ever!

We are excited to have recently expanded our Work Integrated Learning (WIL) team across all campuses, to provide our SEBE students with greater support whilst meeting increasing employer demand for interns. The WIL team is dedicated to engaging with the partnered employers who host our students while they complete a paid or unpaid work placement ranging from 4 weeks to 12 months duration.

Gaining practical, hands-on experience is a key component of learning for Deakin SEBE students and continues to be a great benefit to them in becoming more employable once they enter the 'real world of work'. For further information, please visit deakin.edu.au/sebe/study-opportunities/work-integrated-learning.

Publications

We are excited to announce two new publications to our suite of resources for you and your students. In our new Guide to university for Year 10 students we have compiled some of the key information about university into one easy to-read guide for Year 10 students. This includes information on subject selection, the university application process and what it is really like at university.

Our Guide to university for parents and caregivers includes key information on preparing for university, choosing the right course and university, applying to university, costs of study, accommodation and more. This guide aims to help parents support their child in their decision-making and in their transition from secondary school to university and their future career.

These publications can be ordered online deakin.edu.au/career-practitioners/publications-order-form

Deakin International

Deakin launches Chinese language website for prospective students

Please let your Chinese students know about Deakin's new Chinese language website www.deakinchina.cn

Your Chinese students are invited to engage with Deakin, discuss career options, pathways and find out about upcoming events. Link to Deakin's Chinese social media (weibo, wechat) and join our Chinese community!

For any enquiries about your any of your international VCE student's future study plans, please contact Freyja anytime:

Staffing Update

Paul Newitt's last day with Student Recruitment will be 17 May 2018. Paul has been in the Student Recruitment team for four and a half years and has been the familiar face of Deakin in the Geelong and Ballarat regions. Paul will continue to work in the Marketing Division at Deakin in his new role as Course Development Analyst in the Market Insights Unit.

Jacqui Thompson will be finishing up with Student Recruitment on the 18 May 2018 as she commences her maternity leave. Jacqui has been fundamental in establishing and supporting the successful Deakin Accelerate program since its inception several years ago.

Both staff have made a huge impact in the team and we wish them both all the best.
